PREFACE

The Tennessee Administrative Register (T.A.R) is an official publication of the Tennessee Department of State. The T.A.R. is compiled and published monthly by the Department of State pursuant to Tennessee Code Annotated, Title 4, Chapter 5. The T.A.R contains in their entirety or in summary form the following: (1) various announcements (e.g. the maximum effective rate of interest on home loans as set by the Department of Commerce and Insurance, formula rate of interest and notices of review cycles); (2) emergency rules; (3) proposed rules; (4) public necessity rules; (5) notices of rulemaking hearings and (6) proclamations of the Wildlife Resources Commission.

Emergency Rules are rules promulgated due to an immediate danger to the public health, safety or welfare. These rules are effective immediately on the date of filing and remain in effect thereafter for up to 165 days. Unless the rule is promulgated in some permanent form, it will expire after the 165-day period. The text or a summary of the emergency rule will be published in the next issue of the T.A.R. after the rule is filed. Thereafter, a list of emergency rules currently in effect will be published.

Proposed Rules are those rules the agency is promulgating in permanent form in the absence of a rulemaking hearing. Unless a rulemaking hearing is requested within 30 days of the date the proposed rule is published in the T.A.R., the rule will become effective 105 days after said publication date. All rules filed in one month will be published in the T.A.R. of the following month.

Public Necessity Rules are promulgated to delay the effective date of another rule that is not yet effective, to satisfy constitutional requirements or court orders, or to avoid loss of federal programs or funds. Upon filing, these rules are effective for a period of 165 days. The text or summary of the public necessity rule will be published in the next issue of the T.A.R. Thereafter, a list of public necessity rules currently in effect will be published.

Once a rule becomes effective, it is published in its entirety in the official compilation-Rules and Regulations of the State of Tennessee. Replacement pages for the compilation are published on a monthly basis as new rules or changes in existing rules become effective.

Wildlife Proclamations contain seasons, creel, size and bag limits, and areas open to hunting and/or fishing. They also establish wildlife and/or public hunting areas and declare the manner and means of taking. Since Wildlife Proclamations are published in their entirety in the T.A.R., they are not published in the official compilation-Rules and Regulations of the State of Tennessee.

Subscription Orders - The subscription rate, payable in advance, is $ 50 per year. An order form may be found in the back of each issue of the Tennessee Administrative Register.

Back Issues - Some back issues of the Tennessee Administrative Register are available. Please send $ 1.50 per issue along with the volume, number and date you wish to order to the address in the back of this issue.

Copies of Rules from Back Issues of the Tennessee Administrative Register may be ordered from the Division of Publications for 25 cents per page with $ 1.00 minimum. Back issues presently available start with the August, 1975 edition. The mailing address of the Division of Publications is shown on the order form in the back of each issue.

DEPARTMENT OF FINANCIAL INSTITUTIONS - 0180

ANNOUNCEMENT OF FORMULAR RATE OF INTEREST

Pursuant to the provisions of Chapter 464, Public Acts of 1983, the Commissioner of Financial Institutions hereby announces that the formula rate of interest is 12.50 per cent.

This announcement is placed in the Tennessee Administrative Register for the purpose of information only and does not constitute a rule within the meaning of the Uniform Administrative Procedures Act.

DEPARTMENT OF FINANCIAL INSTITUTIONS - 0180

ANNOUNCEMENT OF MAXIMUM EFFECTIVE RATE OF INTEREST

The Federal National Mortgage Association has discontinued its free market auction system for commitments to purchase conventional home mortgages. Therefore, the Commissioner of Financial Institutions hereby announces that the maximum effective rate of interest per annum for home loans as set by the General. Assembly in 1987, Public Chapter 291, for the month of February, 2000 is 10.46 per cent per annum.

The rate as set by the said law is an amount equal to four percentage points above the index of market yields of long term government bonds adjusted to a thirty (30) year maturity by the U. S. Department of the Treasury. For the most recent weekly average statistical data available preceding the date of this announcement, the published rate is 6.46 per cent.

Persons affected by the maximum effective rate of interest for home loans as set forth in this notice should consult legal counsel as to the effect of the Depository Institutions Deregulation and Monetary Control Act of 1980 (P. L. 96-221 as amended by P. L. 96-399) and regulations pursuant to that Act promulgated by the Federal Home Loan Bank Board. State usury laws as they relate to certain loans made after March 31, 1980, may be preempted by this Act.

Tennessee Code Annotated Title 4, Chapter 3, and Title 68, Chapter 5 (Preventive Disease) requires the Department of Health to monitor and assess the occurrences of communicable diseases in Tennessee and take actions to minimize their transmission and spread. The attached four sections of the Communicable Disease Rules (1200–14–1) are being amended in order to update the notifiable disease and conditions list that is applicable to all health care providers, facilities, and laboratories.

The surveillance of diseases and conditions is a dynamic process that requires frequent revision in order for the Department to be able to detect emerging disease problems, investigate, provide intervention, monitor, and promote the most effective prevention and treatment methods. Many changes have occurred nationally and in Tennessee over the past few months requiring that this list of notifiable diseases be revised to optimize public health assessment and response. Some of the major factors affecting the list are as follows.

a) The Centers for Disease Control and Prevention (CDC) has announced a list of diseases that may serve as possible bioterrorism indicators. These are being added with immediate telephonic notification of the health department required. Bioterrorist activity associated with the change of the millenium necessitate the addition of new diseases to the list of reportable diseases. In order to properly disseminate information to health care providers, hospitals, and medical laboratories detailing the reporting of bioterrorist associated disease, these rules must be put in place immediately.

b) The CDC has modified the core diseases in the National Notifiable Disease Surveillance System which requires changes in all states in order to have uniform national disease surveillance which will go into effect January 1, 2000.

DEPARTMENT OF HEALTH – 1200

NUTRITION SERVICES SECTION

STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

Tennessee Code Annotated § 68–1–106 authorizes operation of the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) administered by the Tennessee Department of Health. The purpose of the Program is to provide supplemental foods, nutrition education, and breastfeeding promotion to eligible persons. The foods are purchased by participants utilizing vouchers at 1,200 contracted merchants across the state. The funding for implementing these requirements is 100% federal.

Federal regulations (7 CRF part 246), published March 18, 1999, in the Federal Register, require that the Department of Health promulgate rules to implement new provisions. This will permit the Department to enact required merchant sanctions, impose civil money penalties in lieu of disqualification, and issue State sanctions on merchants for reasons of program abuse. Immediate promulgation of these public necessity rules is needed in order to allow Central Office WIC Program staff to train staff in the Program’s fourteen regional offices. The regional staff in turn has the responsibility of informing the merchants and handling amendment of their contracts with the Department. This lengthy time-consuming process must be completed no later than May 17, 2000, in order to avoid federal penalties or loss of federal funds. Therefore, pursuant to Tennessee Code Annotated § 4–5–209(a)(2), promulgation of Public Necessity Rules is necessary in order to timely comply with the requirement described in the federal regulations cited above.

(6) The cost of a food package redeemed by a WIC merchant is controlled by the prices submitted periodically by the WIC merchant, as described in WIC Merchant Contractual Agreement.

(7) Vouchers can be redeemed only up to the amount of the prices submitted by the WIC merchant to the Program.

(8) The Department may submit to the merchant a claim for amounts in excess of the amount of the prices submitted by the WIC merchant to the Program.

1200–15–2–.06 PARTICIPANT ABUSE.

(1) A participant may be disqualified up to three months for dishonesty in the use of vouchers; for providing false information for certification including dual participation; for sale of supplemental food or food instruments to, or exchange with, other individuals or entities; for receipt from WIC merchants of cash or credit toward purchase of unauthorized food or other items; or for physical abuse or threat of physical abuse of clinic or WIC merchant staff.

The day of the month shall be mutually agreed upon between the Program and the adult responsible.

1200–15–2–.07 MERCHANT CONTRACTS.

(1) The Department utilizes a retail purchase food delivery system in which participants obtain approved foods by redeeming vouchers at local WIC merchants. The WIC merchant must comply with federal regulations found in 7 CFR Part 246 and the policies and procedures found in the WIC Merchant Handbook. The Department is not obligated to pay for any voucher accepted by a WIC merchant who was not authorized at the time of the redemption.

(2) Only WIC merchants who operate at a permanent fixed location and who actively participate in the Food Stamp Program and have a food stamp compliance history may be considered for authorization by the Department as a WIC merchant. The Food Stamp Program requirement does not apply to pharmacies.

(3) A merchant may apply by submitting a completed and signed Retailer Application for Authorization to Participate in the Tennessee WIC Program to the assigned Vendor Representative. Pharmacies receive written notification of waived requirements. Applications may be submitted at anytime.

(4) An incomplete or inaccurate application will be denied and returned within fifteen (15) calendar days. If the merchant does not resubmit the corrected application within fifteen calendar days from receipt of the denial, an application will not be accepted again for six months from the effective date of the denial. If the resubmitted application is then denied two additional times, any application will not be accepted again for six months from the date of the first denial.

(5) The application is subject to verification of the minimum stock requirement, competitive prices with other merchants of similar size in a peer group, and a positive compliance history with sanitation authorities. If the minimum stock is not available and/or competitive prices can not be verified during the Vendor Representative’s first visit to the store’s location, there will be a second unannounced visit within fifteen (15) calendar days. If the minimum stock requirement and/or verification of competitive prices are still not met, application will not be accepted again for six (6) months from the date of the second visit. Pharmacies are exempt from minimum stock and competitive pricing requirements.

(6) The final decision will be made within sixty (60) days from the date of receipt of the completed application.

(7) Once approved, the store must have a signed WIC Merchant Contractual Agreement with the Department. The merchant will be authorized to accept vouchers fifteen days following the completion of training. The training must be attended by an owner or an owner’s authorized designee.

(8) Neither the Department nor the WIC merchant has an obligation to renew the WIC Merchant Contractual Agreement. Departmental decision not to renew is not subject to appeal by the WIC merchant pursuant to federal regulations in 7 CFR Part 246. The Department will provide not less than fifteen (15) calendar days advance written notice prior to the termination date of the agreement.

(9) During the term of the WIC Merchant Contractual Agreement, either the Department or the WIC merchant may terminate for cause, as defined in 7 CFR Part 246, after providing not less than fifteen (15) calendar days advance written notice.

1200–15–2–.08 MERCHANT ABUSE.

(1) Compliance with the WIC Merchant Contractual Agreement will be verified through on-site monitoring visits, as well as computer monitoring of food prices and voucher redemption activity. In addition, compliance purchases may be conducted by an investigator posing as a participant. Invoices may also be audited by Regional Office staff.

(2) Non-compliance is cause for sanctions against the WIC merchant as described in the WIC Merchant Handbook. These sanctions include disqualification, a civil money penalty (CMP) in lieu of disqualification, or a warning, in addition to other remedies available at law. Prior warning is not required before sanctions are issued. The Program may use installment plans for the collection of CMP’s. However, if the WIC merchant does not honor an installment plan for a CMP, the WIC merchant shall be disqualified for the same corresponding length of time as the original disqualification. Specific sanctions, periods of enforcement, and appeal procedures are governed by the federal regulations in 7 CFR Part 246 and are found in the WIC Merchant Handbook. The following is a description of these sanctions. Subparts (a)–(d) are federally mandated, (e)–(g) are State established.

(a) Permanent disqualification for:

1. conviction of trafficking in WIC vouchers, or

2. a pattern of claiming reimbursement for more of a WIC food item than the merchant’s documented inventory shows was on hand for a specific time period, or
3. a pattern of charging WIC participants more for WIC foods than non-WIC customers or more than the current shelf price, or
4. a pattern of receiving, transacting, and/or redeeming WIC vouchers outside of authorized channels including a merchant’s location not contracted to accept WIC vouchers and/or from someone other than the person who signed the WIC voucher at the WIC Clinic, or
5. a pattern of charging for WIC foods not provided to the participant at the time of the transaction, or
6. a pattern of providing credit or non-food items (e.g., paper towels, tissues) in exchange for WIC vouchers, [other than alcohol, alcoholic beverages, tobacco products, cash, firearms, ammunition, explosives, or controlled substances, which only require one (1) incidence].

(d) One-year disqualification for:
1. a pattern of providing non-WIC foods and/or a quantity of WIC food greater than allowed on the WIC vouchers.

(e) One-year disqualification for first violation for:

1. intentionally providing false information on the Tennessee WIC merchant application, or
2. intentionally providing false information on the WIC Grocer Price Report Card, or
3. failing to allow any authorized WIC representative the right to inspect vouchers on hand, or
4. failing to withhold deposit of WIC vouchers for up to seven (7) days upon request of an authorized WIC representative, or
5. failing to produce bills of lading or invoices upon request of an authorized WIC representative, or

(f) Warning for first violation, warning for second violation, six-month disqualification for third violation, one-year disqualification for forth violation for:

1. failing to reimburse the WIC Program for a claim of reimbursement regarding one or more WIC vouchers, or
2. failing to lower prices on approved WIC foods upon request of an authorized WIC representative, or
3. failing to allow employee training on WIC procedures including having in place an effective policy and program to prevent trafficking, or
4. failing of ownership/management to be knowledgeable of WIC procedures and be accountable for employee actions, or
5. collecting reimbursement from a WIC participant(s) for a voucher(s) returned unpaid from the WIC Program’s bank contractor, or
6. failing to treat all WIC participants the same regardless of race, color, national origin, age, gender, disability, religious or political belief, or
7. failing to meet minimum stock requirements for approved WIC foods including having stock within eligible product dates.
8. failing to provide suitable hours and an environment for participant access including, but not limited to, not restricting the hours to redeem WIC vouchers, not keeping WIC participants from using a checkout available to all other customers, and not acting in a way that abuses or embarrasses a WIC participant, or
9. failing to offer WIC participants any courtesies offered other customers including, but not limited to, bonus cards, multiplying of coupon values, and additional products for free, or
10. requiring WIC participants to sign WIC vouchers without first entering the redeemed date and/or redeemed amount, or
11. failing to obtain a signature on WIC vouchers at the time of the transaction, or
12. redeeming WIC vouchers not valid for the month in which they are redeemed, or
13. failing to conduct WIC transactions only on the merchant’s premises.

(g) Warning for each violation. Any combination of the following violations occurring four or more times within a contract period may result in non-renewal of the WIC Contractual Agreement:

1. failing to have a current WIC Food List available at all check-out stations to assist employees and WIC participants, or
2. failing to post other applicable materials upon request of an authorized WIC representative in such a way to make participants aware that the merchant accepts WIC vouchers, or
3. failing to accurately complete the WIC Grocer Price Report Card, or
4. failing to submit, including failing to return by the required date, the WIC Grocer Price Report Card, or
5. failing to serve as or to designate a responsible contact person, or
6. failing to notify the WIC program of a name and/or location change (with no ownership change), or
7. failing to return a replaced State of Tennessee Vendor Stamp.

(3) The WIC merchant may appeal any sanction or other adverse action taken against them, except for expiration of the WIC Merchant Contractual Agreement, any WIC Program determination regarding participant access, or an action resulting from a disqualification from the Food Stamp Program. The WIC Program shall provide fifteen (15) calendar days prior notice of a sanction action being taken against a merchant, except for permanent disqualification as described in subpart (a) of paragraph (2) of this rule. This notice shall contain the violation(s) used for the decision, procedure to file for an administrative review, effective date of the sanction(s), time period allowed to appeal, and any other pertinent information. The merchant’s request for an administrative hearing in order to appeal the actions of the WIC Program must be received within fifteen (15) calendar days from the date of receipt of the notice. All hearings will be conducted in accordance with the Uniform Administrative Procedures Act, T.C.A. §4–5–101, et seq.

(4) Specific program violations result in sanctions being taken against the WIC merchant by State and federal programs. WIC merchants who are disqualified by the Food Stamp Program shall also be disqualified by the Program for the same length of time, unless doing so would place a hardship on participants.

(5) A civil money penalty may be imposed when disqualification would place a hardship upon participants who normally redeemed their vouchers at that location. The participant access determination must be made in writing by the Department and is not subject to appeal by the WIC merchant. The guidelines for imposing civil money penalties and situations when they can be imposed are contained in 7 CFR Part 246 and described in the WIC Merchant Handbook based on either WIC Program or Food Stamp Program disqualification. A civil money penalty issued in lieu of permanent disqualification shall be $10,000. For any other period of disqualification, it shall not exceed $10,000 for each violation or $40,000 for multiple violations.

(6) A WIC merchant committing fraud or abuse of the Program is subject to prosecution under applicable federal, State, or local laws.

1200–15–2–.09 NON-DISCRIMINATION.

(1) The Program is governed by the following USDA non-discrimination statement for participation in the Program as either a participant or WIC merchant:

(2) “The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) CONSUMER SERVICES DIVISION

STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

Section 5 of Public Chapter 478 of 1999, codified as T.C.A. §65–4–405, requires the Tennessee Regulatory Authority to promulgate rules to establish, by January 1, 2000, a database of residential telephone subscribers who object to receiving telephone solicitations. Both the database and the underlying program to service and enforce such database is to be operational by July 1, 2000. Some of the elements included in this process are: notification to the public of the opportunity to be listed; recordation of all consumers who opt onto the database; registration of any telephone solicitors who desire access to the registry of such consumers; collection of all appropriate fees from such telephone solicitors; and distribution of the Do Not Call Register. The period of time specified in the enabling legislation between the promulgation date and the implementation date for these rules does not allow for the prescribed period of time required for the promulgation of permanent rules. In order to accomplish this mandate of the Tennessee General Assembly, these rules are filed pursuant to T.C.A. §4–5–209 (a)(4).
For a copy of this public necessity rule please contact: K. David Waddell, Executive Secretary, Tennessee Regulatory Authority, 460 James Robertson Parkway, Nashville, TN 47243; telephone 741-2904.

1200–12–1–.15 Ambulance Service Records is amended by adding additional language to paragraph (2) as a new subparagraph (d) so that, as amended the paragraph shall read:
(2) Dispatch and Run Records shall be provided for every call in which a patient is evaluated, treated, or transported, including information in accordance with the following requirements:

   (a) A dispatch log shall be maintained to record the assignment of all units, including the date, the time the call is received, time and unit dispatched, time of arrival on scene, and time available or return to service. The dispatch log will specify personnel completing the call and cross-reference any ambulance run report number. Calls will be logged to reflect emergency or non-emergency response and the name of any patient transported. Compliance may be demonstrated by a single log, or such combination of records that can confirm the required information. Ambulance dispatch logs will be retained for a period of at least ten (10) years.

   (b) A run report shall be maintained which shall include: date, type of incident, time of initial request, location of call, name and address of patient, patient’s next of kin or responsible party; description of patient’s complaint, injury or illness, and patient assessment; treatment rendered; the medical facility or destination; and ambulance personnel which shall be identified by name and certification numbers.

   (c) After May 1, 1991, all ambulance transports originating as emergency runs, and emergency medical conditions requiring a patient transfer between medical facilities, shall be reported to the Division of Emergency Medical Services upon a form approved by the Board. Such forms shall be submitted in accordance with procedures established by the Director.

   (d) Patient information shall be provided to the receiving health care facility. This information may be included on the regular run sheet if the run sheet documentation is provided to the facility; or a short form may be utilized for this purpose. The information shall include:

   1. identification of the ambulance service by name, address, and telephone number;
   2. chief complaint (or reason for transfer by ambulance);
   3. patient’s vital signs including blood pressure, pulse, respirations, and pupils (equal, unequal, dilated, or constricted);
   4. brief narrative describing the treatment provided and intravenous fluids and medications that were administered by the EMS personnel, indicating solution, medication, dosage, and time;

   7. signatures of the attending EMT or EMT-P, a representative of the receiving facility, and any health professional giving orders for care.

1200–12–1 Emergency Medical Services is amended by adding the following language as a new rule.

1200–12–1–.20 Destination Determination – Sick or injured persons who are in need of transport to a health care facility by a ground or air ambulance requiring licensure by the State of Tennessee should be transported according to these destination rules.

   (1) Trauma patients - The goal of the pre-hospital component of the trauma system and destination guidelines is to minimize injury through safe and rapid transport of the injured patient. The patient should be taken directly to the center most appropriately equipped and staffed to handle the patient’s injury as defined by the region’s trauma system. These destinations should be clearly identified and understood by regional prehospital personnel and
should be determined by triage protocols or by direct medical direction. Ambulances should bypass those facilities not identified by the region’s trauma system as appropriate destinations, even if they are closest to the incident.

(2) Beginning no later than six (6) months after the designation of a trauma center in any region, persons in that region, who are in need of transport who have been involved in a traumatic incident and who are suffering from trauma or a traumatic injury as a result thereof as determined by triage at the scene, should be transported according to the following rules.

(a) Adult and Pediatric Trauma Patients will be triaged and transported according to the flow chart labeled “Field Triage Decision Scheme” in “Resources For Optimal Care of the Injured Patient: 1999,” or any successor publication. The Pediatric Trauma Score shall be used as published in “Basic Trauma Life Support for Paramedics and Other Advanced EMS Providers,” Fourth Edition, 2000. Copies of the charts are available from the Division.

1. Step One and Step Two patients should go to a Level 1 Trauma Center or CRPC, either initially or after stabilization at another facility.

2. Step One or Step Two pediatric patients should be transported to a Comprehensive Regional Pediatric Center (CRPC) or to an adult Level 1 Trauma Center if no CRPC is available. Local Destination Guidelines should assure that in regions with two CRPC’s or one CRPC and another facility with Level 1 Adult Trauma capability, that seriously injured children are cared for in the facility most appropriate for their injuries.

3. For pediatric patients, a Pediatric Trauma Score of less than equal to 8 (≤8) will be considered as a cutoff level for Step One patients.

4. Local or Regional Trauma Control may establish criteria to allow for non-transport of clearly uninjured patients.

5. Trauma Control will determine patient destinations within forty-five minutes by ground transport of a Level 1 Trauma Center or CRPC.

(b) Exceptions apply in the following circumstances:

1. For ground ambulances, when transport to a Level I Trauma Center will exceed forty-five (45) minutes, Medical Control will determine the patient’s destination. If Medical Control is not available, the patient should be transported to the closest appropriate medical facility.

2. For air ambulances, Step One patients will be transported to the most rapidly accessible Level I Trauma Center, taking safety and operational issues into consideration. Step Two, Three, and Four patients will be transported to a Level I Trauma Center as determined by the air ambulance’s Medical Control. The Flight Crew will make determination of patient status on arrival of the air ambulance.

3. Air ambulances will not transport chemical or radiation contaminated patients prior to decontamination.

4. If the Trauma Center chosen as the patient’s destination is overloaded and cannot treat the patient, Trauma Control shall determine the patient’s destination. If Trauma or Medical Control is not available, the patient’s destination shall be determined pursuant to regional or local destination guidelines.

5. A transport may be diverted from the original destination:

   (i) if a patient’s condition becomes unmanageable or exceeds the capabilities of the transporting unit; or

   (ii) if Trauma Control deems that transport to a Level I Trauma Center is not necessary.
(c) Utilization of any of the exceptions listed above should prompt review of that transport by the quality improvement process and the medical director of the individual EMS providers.

(d) Trauma Control is defined as a Trauma or Emergency Physician on duty at a Level I Trauma Center. This requirement can be met by established protocols originating at the Level I Trauma Center. Medical Control is defined in Rule 1200–12–1–.04(3)

(3) Pediatric patients represent a unique patient population with special care requirements in illness and injury. Tennessee has a comprehensive designation system for emergency care facilities in regards to pediatric patients, wherein there are variable levels of available care. There are circumstances in pediatric emergency care where it would be appropriate to bypass lower levels of care. These circumstances are outlined as follows.

(a) Pediatric Medical Emergency

1. The most critically ill pediatric patients should be taken to the highest level of care available in the region, if the additional estimated transport time to a higher level facility does not exceed 15 minutes or does not exceed 30 minutes beyond a Basic Pediatric Center.

2. Pediatric patients with the following diagnoses should be seen at the highest level facility available in the region:

   (i) Pediatric medical emergency transport may be diverted from the original destination if the patient’s condition becomes unmanageable or exceeds the capability of the transporting unit, in which case the patient should be treated at the closest facility.

   (ii) Pediatric medical emergency air ambulance transports must go to a CRPC.

(b) Pediatric trauma patients should be taken to trauma facilities as provided in paragraph (2).

(4) Any patient who does not qualify for transport to a Trauma Center or Pediatric Care Facility should be transported to the most appropriate facility in accordance with regional or local destination guidelines.

(5) Adults or children with specialized healthcare needs beyond those already addressed should have their destination determined by Medical or Trauma Control, by regional or local guidelines, or by previous arrangement on the part of patient (or his/her family or physician).

The Department is not obligated to pay for any voucher accepted by a WIC merchant who was not authorized at the time of the redemption.
(2) Only WIC merchants who operate at a permanent fixed location and who actively participate in the Food Stamp Program and have a food stamp compliance history may be considered for authorization by the Department as a WIC merchant. The Food Stamp Program requirement does not apply to pharmacies.

(3) A merchant may apply by submitting a completed and signed Retailer Application for Authorization to Participate in the Tennessee WIC Program to the assigned Vendor Representative. Pharmacies receive written notification of waived requirements. Applications may be submitted at anytime.

(4) An incomplete or inaccurate application will be denied and returned within fifteen (15) calendar days. If the merchant does not resubmit the corrected application within fifteen calendar days from receipt of the denial, an application will not be accepted again for six months from the effective date of the denial. If the resubmitted application is then denied two additional times, any application will not be accepted again for six months from the date of the first denial.

(5) The application is subject to verification of the minimum stock requirement, competitive prices with other merchants of similar size in a peer group, and a positive compliance history with sanitation authorities. If the minimum stock is not available and/or competitive prices can not be verified during the Vendor Representative’s first visit to the store’s location, there will be a second unannounced visit within fifteen (15) calendar days. If the minimum stock requirement and/or verification of competitive prices are still not met, application will not be accepted again for six (6) months from the date of the second visit. Pharmacies are exempt from minimum stock and competitive pricing requirements.

(6) The final decision will be made within sixty (60) days from the date of receipt of the completed application.

(7) Once approved, the store must have a signed WIC Merchant Contractual Agreement with the Department. The merchant will be authorized to accept vouchers fifteen days following the completion of training. The training must be attended by an owner or an owner’s authorized designee.

(8) Neither the Department nor the WIC merchant has an obligation to renew the WIC Merchant Contractual Agreement. Departmental decision not to renew is not subject to appeal by the WIC merchant pursuant to federal regulations in 7 CFR Part 246. The Department will provide not less than fifteen (15) calendar days advance written notice prior to the termination date of the agreement.

(9) During the term of the WIC Merchant Contractual Agreement, either the Department or the WIC merchant may terminate for cause, as defined in 7 CFR Part 246, after providing not less than fifteen (15) calendar days advance written notice.

1200–15–2–.08 MERCHANT ABUSE.

(1) Compliance with the WIC Merchant Contractual Agreement will be verified through on-site monitoring visits, as well as computer monitoring of food prices and voucher redemption activity. In addition, compliance purchases may be conducted by an investigator posing as a participant. Invoices may also be audited by Regional Office staff.

(2) Non-compliance is cause for sanctions against the WIC merchant as described in the WIC Merchant Handbook. These sanctions include disqualification, a civil money penalty (CMP) in lieu of disqualification, or a warning, in addition to other remedies available at law. Prior warning is not required before sanctions are issued. The Program may use installment plans for the collection of CMP’s. However, if the WIC merchant does not honor an installment plan for a CMP, the WIC merchant shall be disqualified for the same corresponding length of time as the original disqualification. Specific sanctions, periods of enforcement, and appeal procedures are governed by the federal regulations in 7 CFR Part 246 and are found in the WIC Merchant Handbook. The following is a description of these sanctions. Subparts (a)–(d) are federally mandated, (e)–(g) are State established.

(a) Permanent disqualification for:

1. conviction of trafficking in WIC vouchers, or
2. conviction of selling firearms, ammunition, explosives, or controlled substances, as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802), in exchange for WIC vouchers.

(b) Six-year disqualification for:
   1. one incidence of investigative finding of trafficking in WIC vouchers, or
   2. one incidence of investigative finding of selling firearms, ammunition, explosives, or controlled substances.

(c) Three-year disqualification for:
   1. one incidence of investigative finding of the sale of alcohol, alcoholic beverages, or tobacco products in exchange for WIC vouchers, or
   2. a pattern of claiming reimbursement for more of a WIC food item than the merchant’s documented inventory shows was on hand for a specific time period, or
   3. a pattern of charging WIC participants more for WIC foods than non-WIC customers or more than the current shelf price, or
   4. a pattern of receiving, transacting, and/or redeeming WIC vouchers outside of authorized channels including a merchant’s location not contracted to accept WIC vouchers and/or from someone other than the person who signed the WIC voucher at the WIC Clinic, or
   5. a pattern of charging for WIC foods not provided to the participant at the time of the transaction, or
   6. a pattern of providing credit or non-food items (e.g., paper towels, tissues) in exchange for WIC vouchers, [other than alcohol, alcoholic beverages, tobacco products, cash, firearms, ammunition, explosives, or controlled substances, which only require one (1) incidence].

(d) One-year disqualification for:
   1. a pattern of providing non-WIC foods and/or a quantity of WIC food greater than allowed on the WIC vouchers.

(e) One-year disqualification for first violation for:
   1. intentionally providing false information on the Tennessee WIC merchant application, or
   2. intentionally providing false information on the WIC Grocer Price Report Card, or
   3. failing to allow any authorized WIC representative the right to inspect vouchers on hand, or
   4. failing to withhold deposit of WIC vouchers for up to seven (7) days upon request of an authorized WIC representative, or
   5. failing to produce bills of lading or invoices upon request of an authorized WIC representative, or

(f) Warning for first violation, warning for second violation, six-month disqualification for third violation, one-year disqualification for forth violation for:
   1. failing to reimburse the WIC Program for a claim of reimbursement regarding one or more WIC vouchers, or
   2. failing to lower prices on approved WIC foods upon request of an authorized WIC representative, or
3. failing to allow employee training on WIC procedures including having in place an effective policy and program to prevent trafficking, or

4. failing of ownership/management to be knowledgeable of WIC procedures and be accountable for employee actions, or

5. collecting reimbursement from a WIC participant(s) for a voucher(s) returned unpaid from the WIC Program’s bank contractor, or

6. failing to treat all WIC participants the same regardless of race, color, national origin, age, gender, disability, religious or political belief, or

7. failing to meet minimum stock requirements for approved WIC foods including having stock within eligible product dates.

8. failing to provide suitable hours and an environment for participant access including, but not limited to, not restricting the hours to redeem WIC vouchers, not keeping WIC participants from using a check-out available to all other customers, and not acting in a way that abuses or embarrasses a WIC participant, or

9. failing to offer WIC participants any courtesies offered other customers including, but not limited to, bonus cards, multiplying of coupon values, and additional products for free, or

10. requiring WIC participants to sign WIC vouchers without first entering the redeemed date and/or redeemed amount, or

11. failing to obtain a signature on WIC vouchers at the time of the transaction, or

12. redeeming WIC vouchers not valid for the month in which they are redeemed, or

13. failing to conduct WIC transactions only on the merchant’s premises.

(g) Warning for each violation. Any combination of the following violations occurring four or more times within a contract period may result in non-renewal of the WIC Contractual Agreement:

1. failing to have a current WIC Food List available at all check-out stations to assist employees and WIC participants, or

2. failing to post other applicable materials upon request of an authorized WIC representative in such a way to make participants aware that the merchant accepts WIC vouchers, or

3. failing to accurately complete the WIC Grocer Price Report Card, or

4. failing to submit, including failing to return by the required date, the WIC Grocer Price Report Card, or

5. failing to serve as or to designate a responsible contact person, or

6. failing to notify the WIC program of a name and/or location change (with no ownership change), or

7. failing to return a replaced State of Tennessee Vendor Stamp.

(3) The WIC merchant may appeal any sanction or other adverse action taken against them, except for expiration of the WIC Merchant Contractual Agreement, any WIC Program determination regarding participant access, or an action resulting from a disqualification from the Food Stamp Program. The WIC Program shall provide fifteen (15) calendar days prior notice of a sanction action being taken against a merchant, except for permanent disqualification as
described in subpart (a) of paragraph (2) of this rule. This notice shall contain the violation(s) used for the decision, procedure to file for an administrative review, effective date of the sanction(s), time period allowed to appeal, and any other pertinent information. The merchant’s request for an administrative hearing in order to appeal the actions of the WIC Program must be received within fifteen (15) calendar days from the date of receipt of the notice. All hearings will be conducted in accordance with the Uniform Administrative Procedures Act, T.C.A. §4–5–101, et seq.

(4) Specific program violations result in sanctions being taken against the WIC merchant by State and federal programs. WIC merchants who are disqualified by the Food Stamp Program shall also be disqualified by the Program for the same length of time, unless doing so would place a hardship on participants.

(5) A civil money penalty may be imposed when disqualification would place a hardship upon participants who normally redeemed their vouchers at that location. The participant access determination must be made in writing by the Department and is not subject to appeal by the WIC merchant. The guidelines for imposing civil money penalties and situations when they can be imposed are contained in 7 CFR Part 246 and described in the WIC Merchant Handbook based on either WIC Program or Food Stamp Program disqualification. A civil money penalty issued in lieu of permanent disqualification shall be $10,000. For any other period of disqualification, it shall not exceed $10,000 for each violation or $40,000 for multiple violations.

(6) A WIC merchant committing fraud or abuse of the Program is subject to prosecution under applicable federal, State, or local laws.

1200–15–2–09 NON-DISCRIMINATION.

(1) The Program is governed by the following USDA non-discrimination statement for participation in the Program as either a participant or WIC merchant:

(2) “The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (e.g., Braille, large print, audiotape) should contact USDA’s TARGET Center at (202) 720-2600 (voice and TDD).

(1) These rules are adopted by the Commissioner of the Department of Mental Health and Mental Retardation to implement the Community Mental Health Center Cooperation Act of 1998 (“Act”), Tennessee Code Annotated, Section 33–2–901 et seq. The Act, under certain circumstances, allows two or more community mental health centers within the State of Tennessee to negotiate and enter into a cooperative agreement between or among themselves upon making an application to the Department for a certificate of public advantage (“COPA”). The Tennessee Department of Mental Health and Mental Retardation (“Department”) shall issue a COPA to applicants if the Department determines, in consultation with and agreement from the Office of Attorney General for the State of Tennessee, that the likely benefits resulting from the cooperative agreement outweigh any disadvantages attributable to a reduction in competition that may result from the cooperative agreement.

(2) After the granting of a COPA, the Department and the Attorney General shall actively and continually supervise and oversee the implementation and operation of the cooperative agreement.

0940–3–6–.05 REVIEW AND FINDINGS

(1) The Department, or the other department or agency conducting the review, shall consult with the Attorney General regarding its evaluation of any potential reduction in competition resulting from a cooperative agreement. The Attorney General may consult with the United States Department of Justice or the Federal Trade Commission regarding its evaluation of any potential reduction in competition resulting from a cooperative agreement.

(2) The Department shall grant or deny an application within sixty (60) days of the date of filing of the application. This time period shall be tolled upon issuance of a notice to hold an application hearing until completion of the hearing.

(3) Notwithstanding rule 0940–3–6–.05(2), upon request by an applicant, the Department may elect to perform an expedited review when the cooperative agreement involves time-sensitive matters. If the Department elects to perform such an expedited review, the Department shall grant or deny an application within thirty (30) days of the date of filing of the application. This time period shall be tolled upon issuance of a notice to hold an application hearing until completion of the hearing.

(4) The Department shall issue a COPA if it, or the other department or agency that conducted the review, determines that the likely benefits outweigh any disadvantages attributable to a reduction in competition that may result from the agreement. This determination shall be made by considering the following:

(a) the potential benefits of the cooperative agreement including but not limited to those listed in rule 0940–3–6–.03(2)(f);
(b) the potential disadvantages of the agreement attributable to any reduction in competition likely to result from the cooperative agreement, including but not limited to those listed in rule 0940–3–6–.03(2)(g); and

(c) The review done by the Attorney General regarding its evaluation of any potential reduction in competition resulting from the agreement.

(5) Upon making the determination to grant or deny an application, the Department shall send a copy of the decision notice to all applicants for the COPA in question and to the Attorney General. Notice to intervenors of the Department’s decision shall be deemed sufficient by the Department’s placing a copy of the COPA decision notice in the \textit{Tennessee Administrative Register}.

(6) If the Department, or the other department or agency that conducted the review, determines that the likely benefits resulting from a cooperative agreement do not outweigh any disadvantages attributable to any potential reduction in competition resulting from the agreement, the agreement is invalid and has no further force or effect.

0940–3–6–.06 APPEALS

Any applicant or intervenor aggrieved by a decision of the Department, or the other department or agency that conducted the review, in granting or denying an application, refusing to act on an application, or terminating a certificate, is entitled to judicial review of the decision in accordance with Tennessee Code Annotated, Title 4, Chapter 5.

0940–3–6–.07 REGULATION AND SUPERVISION

(1) Each cooperative agreement, and every party thereto, that is granted a COPA under the Act shall be subject to the active regulation of and supervision by the Department and the Attorney General with respect to the activity or activities contemplated under the COPA.

(2) The Department shall maintain on file all cooperative agreements for which a COPA remains in effect.

(3) The Department, or the other department or agency that conducted the review, shall review annually each COPA it has granted:

(a) All certificate holders must annually reapply for a COPA as follows:

2. The original and two copies of the renewal application must be submitted to the Department or the department or other agency that conducted the review;

3. The renewal application must comply with the requirements of rule 0940–3–6–.03(2), except that the renewal application need not contain copies of public notification as otherwise required by rule 0940–3–6–.03(2)(h); and

4. The renewal application must describe any material changes in the implementation or operation of the cooperative agreement, and must address any changes in competition in the relevant market bearing on the cooperative agreement.

(b) If the Department, or the other department or agency that conducted the review, determines that the COPA continues to comply with the standards listed in rule 0940–3–6–.05(3), the Department shall renew the COPA. If the Department, or the other department or agency that conducted the review, determines that the COPA no longer complies with the standards of rule 0940–3–6–.05(4), the Department may initiate contested case proceedings to terminate the COPA in accordance with \textit{Tennessee Code Annotated, Title 4, Chapter 5}. 
TERMINATION OF THE COPA BY CERTIFICATE HOLDERS. Any party to a cooperative agreement that terminates the agreement shall file a notice of termination with the Department within thirty (30) days after termination. Upon the consent of all certificate holders, certificate holders may voluntarily terminate a COPA by promptly giving joint written notice to the Department.
