The Tennessee Administrative Register (T.A.R) is an official publication of the Tennessee Department of State. The T.A.R. is compiled and published monthly by the Department of State pursuant to Tennessee Code Annotated, Title 4, Chapter 5. The T.A.R contains in their entirety or in summary form the following: (1) various announcements (e.g. the maximum effective rate of interest on home loans as set by the Department of Commerce and Insurance, formula rate of interest and notices of review cycles); (2) emergency rules; (3) proposed rules; (4) public necessity rules; (5) notices of rulemaking hearings and (6) proclamations of the Wildlife Resources Commission.

Emergency Rules are rules promulgated due to an immediate danger to the public health, safety or welfare. These rules are effective immediately on the date of filing and remain in effect thereafter for up to 165 days. Unless the rule is promulgated in some permanent form, it will expire after the 165-day period. The text or a summary of the emergency rule will be published in the next issue of the T.A.R. after the rule is filed. Thereafter, a list of emergency rules currently in effect will be published.

Proposed Rules are those rules the agency is promulgating in permanent form in the absence of a rulemaking hearing. Unless a rulemaking hearing is requested within 30 days of the date the proposed rule is published in the T.A.R., the rule will become effective 105 days after said publication date. All rules filed in one month will be published in the T.A.R. of the following month.

Public Necessity Rules are promulgated to delay the effective date of another rule that is not yet effective, to satisfy constitutional requirements or court orders, or to avoid loss of federal programs or funds. Upon filing, these rules are effective for a period of 165 days. The text or summary of the public necessity rule will be published in the next issue of the T.A.R. Thereafter, a list of public necessity rules currently in effect will be published.

Once a rule becomes effective, it is published in its entirety in the official compilation-Rules and Regulations of the State of Tennessee. Replacement pages for the compilation are published on a monthly basis as new rules or changes in existing rules become effective.

Wildlife Proclamations contain seasons, creel, size and bag limits, and areas open to hunting and/or fishing. They also establish wildlife and/or public hunting areas and declare the manner and means of taking. Since Wildlife Proclamations are published in their entirety in the T.A.R., they are not published in the official compilation-Rules and Regulations of the State of Tennessee.

DEPARTMENT OF FINANCIAL INSTITUTIONS – 0180

ANNOUNCEMENT OF FORMULA RATE OF INTEREST

Pursuant to the provisions of Chapter 464, Public Acts of 1983, the Commissioner of Financial Institutions hereby announces that the formula rate of interest is 10.00%.

This announcement is placed in the Tennessee Administrative Register for the purpose of information only and does not constitute a rule within the meaning of the Uniform Administrative Procedures Act.

DEPARTMENT OF FINANCIAL INSTITUTIONS – 0180

ANNOUNCEMENT OF MAXIMUM EFFECTIVE RATE OF INTEREST

The Federal National Mortgage Association has discontinued its free market auction system for commitments to purchase conventional home mortgages. Therefore, the Commissioner of Financial Institutions hereby announces that the maximum effective rate of interest per annum for home loans as set by the General Assembly in 1987, Public Chapter 291, for the month of August 2005 is 8.23 percent per annum.

The rate as set by the said law is an amount equal to four percentage points above the index of market yields of long-term government bonds adjusted to a thirty (30) year maturity by the U. S. Department of the Treasury. For the most recent weekly average statistical data available preceding the date of this announcement, the calculated rate is 4.23 percent.

Persons affected by the maximum effective rate of interest for home loans as set forth in this notice should consult legal counsel as to the effect of the Depository Institutions Deregulation and Monetary Control Act of 1980 (P.L. 96-221 as amended by P.L. 96-399) and regulations pursuant to that Act promulgated by the Federal Home Loan Bank Board. State usury laws as they relate to certain loans made after March 31, 1980, may be preempted by this Act.

(28) “Lubricity” means a qualitative term describing the ability of a fluid to affect friction between, and wear to, surfaces in relative motion under load.

Authority: T.C.A. §47-18-1309

Rule 0080-5-12-.01 Definitions is amended by deleting the following and renumbering the sections accordingly:
(13) “Energy Content” means the gross energy content or heating value of diesel fuel as defined by its heat of combustion – the heat released when a known quantity of fuel is burned completely under specific conditions as determined by ASTM Standard Test Method D 240.

(17) “Fuel Injector Cleanliness” means a characteristic of the fuel which allows engine operation without fuel contribution to excessive injector deposits.

(a) Possess a license to practice medicine or osteopathy in Tennessee which is current, active, and unrestricted;

(b) Be board-certified in his/her medical specialty by a board recognized by the American Board of Medical Specialties, the American Osteopathic Association or another organization acceptable to the Program Coordinator;

0800-2-20-.05 APPLICATION PROCEDURES FOR PHYSICIANS TO JOIN THE REGISTRY.

(1) Appointment to the MIR Registry shall be for a two (2) year term, except as otherwise set forth in these Rules. Physicians may seek renewal appointments by the same process as the initial application described herein. The Division reserves the right to charge physicians a non-refundable application fee upon appointment, renewal, or reinstatement to the MIR Registry. The Commissioner or the Commissioner’s designee, upon the advice of the Medical Director shall have the sole and exclusive authority to approve or reject applications for inclusion in the MIR Registry.

(2) Physicians seeking appointment to the MIR Registry shall complete an “Application for Appointment to the MIR Registry,” available upon request from the Program Coordinator or on-line at www.state.tn.us/labor-wfd/mainforms.html, certify to and, upon approval of the application, comply with the following conditions:

(a) Unless otherwise approved by the Program Coordinator, conduct all MIR evaluations based on the guidelines in the applicable edition of the AMA Guides and submit the original “MIR Impairment Rating Report” with all attachments to the Program Coordinator. In cases not covered by the applicable AMA Guides, any impairment rating allowed under the Act shall be appropriate;

(b) Decline the Program Coordinator’s request to conduct an evaluation only on the basis of good cause shown, as determined by the Program Coordinator. Consideration will be given to a physician’s schedule and other previously arranged or emergency obligations;

(c) Comply with the MIR Registry’s Rules;
(d) While on the MIR Registry, agree to maintain an active and unrestricted license to practice medicine or osteopathy in Tennessee and to immediately notify the Program Coordinator of any change in the status of the license, including any restrictions placed upon the license;

(f) Conduct MIR evaluations in an objective and impartial manner, and shall:

1. Conduct these evaluations only in a professional medical office suitable for medical or psychiatric evaluations where the primary use of the site is for medical services; not residential, commercial, educational, legal, or retail in nature. Exceptions will be made only on the basis of good cause shown, as determined by the Program Coordinator.

2. Comply with all local, state and federal laws, regulations, and other requirements with regard to business operations, including specific requirements for the provision of medical services.

3. Not conduct a physical examination on a claimant of the opposite sex without a witness of the same sex as the claimant present.

(g) Not refer any MIR Registry claimant to another physician for any treatment or testing nor suggest referral or treatment;

(h) Not become the treating physician for the claimant regarding the work-related injury;

(i) Not evaluate an MIR Registry claimant without prior consent of the Program Coordinator if a conflict of interest exists. A conflict of interest includes, but is not limited to, instances where the physician has treated or evaluated the claimant for the subject injury or has appeared on a panel of doctors made available to the claimant at the time of injury or subsequent to the injury in the course of medical treatment. If an employer provides a claimant with the name of a group of physicians rather than individual physician names, the entire group of physicians shall be considered to have a conflict of interest for purposes of the MIR Registry Program;

(j) Not employ invasive diagnostic procedures, except venipuncture for obtaining a blood sample, without prior approval of the Program Coordinator;

(k) Not substitute, or allow to be substituted, anyone else, including any other physician, physician assistant, nurse practitioner, physical therapist or staff member, as the physician to conduct the evaluation without prior written permission from the Program Coordinator;

(l) No later than thirty (30) calendar days after the cancellation of an evaluation, refund to the paying party part or all of the fee paid by that party, as may be required by the Rules, the Commissioner or the Commissioner’s designee; and

(m) For each MIR Registry case assigned, address only the issue of permanent impairment rating and make appropriate findings.
(3) Physicians denied appointment to the MIR Registry on their initial application may seek reconsideration of their application by submitting a request for reconsideration stating the grounds for such reconsideration to the Program Coordinator within fifteen (15) calendar days of the issuance of the Notice of Denial of their application. The Commissioner or the Commissioner’s designee may affirm or reverse the initial determination upon reconsideration of the initial decision. The Commissioner or the Commissioner’s designee shall issue a Notice of Final Determination which shall be the final decision.

0800-2-20-.06 REQUESTS FOR A MIR REGISTRY THREE-PHYSICIAN LIST.

(1) Prior to Division participation, the parties may attempt to negotiate selection of any physician to conduct a medical impairment rating evaluation. Physicians whose names appear on the MIR Registry but are selected in a manner other than through the Division pursuant to these Rules shall have no greater legal presumption of correctness given to their opinion than any other provider’s impairment rating when the physician was not selected pursuant to these procedures.

(2) Application process: If there is no agreed upon selection of a physician, or if an agreement that was reached fails, either party may request the Division participate in selecting the three-physician list. A written opinion as to the permanent impairment rating given by the MIR Registry physician selected pursuant to the Division’s procedures in these Rules shall be presumed to be the accurate impairment rating. However, this presumption may be rebutted by clear and convincing evidence to the contrary.

(3) Form Required: The “Application for a Medical Impairment Rating” available upon request from the Program Coordinator or online at www.state.tn.us/labor-wfd/mainforms.html, or a materially substantial equivalent duplication approved by the Program Coordinator, shall be used in all cases to request an MIR three-physician listing. The Commissioner requires the request designate:

(a) All body part(s) or medical condition(s) to be evaluated, including whether mental impairment shall be evaluated;

(b) The names of all physicians that have previously evaluated, treated, or are currently evaluating or treating the claimant for the work-related injury at employer and/or employee expense;

(c) The names of all physicians made available to the claimant at the time of the injury (Form C-42). If an employer provides the claimant with the name of a group of physicians rather than with individual physician names, the same information shall be included on the request form;

(d) The state file number assigned to the claims.

(4) The submitting party shall certify that all parties, as well as the Program Coordinator, have been sent the completed application form at the same time. The application will not be processed by the Program Coordinator until all required information has been provided.

(5) Generating the three-physician listing.
PROPOSED RULES

(a) Within five (5) business days of receipt of the completed “Application for a Medical Impairment Rating,” the Program Coordinator will produce a listing of three qualified physicians drawn from the Division’s MIR Registry, from which one physician shall be designated to perform the evaluation. The three-physician listing created will be comprised of physicians qualified, based on the information provided by the physician and on their accreditation by the Program Coordinator, to perform evaluations of the body part(s) and/or medical condition(s) designated on the application for an evaluation, excluding those who have a conflict of interest as described in the Rules. Psychiatric or psychological evaluations regarding mental and/or behavioral impairment shall be performed by a psychiatrist.

(b) If an evaluation is requested for a particular area of expertise not represented in the MIR Registry, the Program Coordinator shall provide a three-physician listing upon the recommendation of the Medical Director. The Program Coordinator will verify qualifications prior to assigning a listing of Temporary MIR physicians. Approval to serve as a Temporary MIR physician shall be limited to the specific case for which services are requested.

(c) To guarantee randomness, all three-physician listings shall be derived from the computer-generated pool of qualified physicians. The pool of physician names will be kept confidential. The Program Coordinator will notify the parties in writing only the names and the medical specialties of the physicians on the listing.

(6) MIR Registry physician selection process.

(a) Within three (3) business days of the issuance of the three-physician listing by the Program Coordinator, the employer shall strike one name and inform the other party and the Program Coordinator of that name. Within three (3) business days of the date of receipt of that name from the employer, the claimant shall strike one of the two remaining names and inform the Program Coordinator and the employer of the name of the remaining physician, who will perform the evaluation.

(b) If the Program Coordinator is not notified of the selected physician within ten (10) calendar days of the date the Program Coordinator issued the three-physician listing, the Program Coordinator may randomly select one name from the three-physician listing to perform the evaluation. If one party fails to timely strike a name from the listing, the other party shall notify the Program Coordinator, within these ten (10) calendar days, and at the same time provide to the Program Coordinator the name that it wishes to strike. In that situation, the Program Coordinator will randomly select one physician from the remaining two, and that physician shall perform the evaluation. The Program Coordinator shall inform the parties of the name of the selected physician in writing.

(c) If a selected physician is unable to perform the evaluation, the Program Coordinator shall provide one replacement name to the original listing using the same criteria and process set forth above, and present that revised listing to the parties and each shall again strike one name according to the above procedures. Additionally, if a physician is removed from the three-physician listing for any reason other than having been struck by one of the parties, the Program Coordinator will issue one replacement physician name.

(7) Appointment date.
(a) Within three (3) business days of providing or receiving notice of the physician selection, the Program Coordinator shall call the MIR Registry physician to schedule the evaluation, and shall immediately notify both parties, and the Workers’ Compensation Specialist if currently assigned, of the date and time of the evaluation. Only after this notification should the employer or insurance carrier contact the MIR Registry physician and only to arrange for payment and for medical records submission required by these Rules.

(8) Submission of Medical Records.

(a) The employer’s representative shall concurrently provide to the MIR registry physician and the claimant a complete copy of all pertinent medical records pertaining to the subject injury, postmarked or hand-delivered at least ten (10) calendar days prior to the evaluation or as otherwise arranged by the Program Coordinator with the MIR physician. If deemed necessary by the Program Coordinator, the claimant shall promptly sign a “MIR Waiver and Consent” permitting the release of information to the MIR physician. The form shall include the release of all existing medical reports relevant to the subject injury including all previous impairment rating reports, the actual images of all pertinent imaging studies, the reports of all imaging studies and diagnostic tests, all hospital admission “history and physical examination” documents, all hospital discharge summaries, and all operation reports.

(b) The employer’s representative shall be responsible for promptly sending a copy of the consent form to all treating and evaluating physicians or other healthcare providers, diagnostic centers, and hospitals involved in the care of the claimant requiring the form to ensure that this information will be forwarded to the MIR physician prior to the date of the scheduled evaluation. If the employer’s representative fails to adhere to these time limits, the claimant may submit all medical records he/she has in his/her possession no later than five (5) calendar days prior to the evaluation or as otherwise arranged by the Program Coordinator with the MIR registry physician.

(c) In cases involving untimely medical record submission by either party, the Program Coordinator at his/her sole discretion, may elect to reschedule the evaluation to allow the physician adequate time for record review. Otherwise, the physician shall perform the evaluation and shall produce an “MIR Impairment Rating Report” utilizing the information properly made available to the physician.

(9) Form/Content of Medical Records Package.

(a) The medical file shall include a dated cover sheet listing the claimant’s name, MIR Registry physician’s name, MIR Registry case number, date and time of the appointment, and the state file number. The medical file shall be in chronological order, by provider, and tabbed by year. It shall include a written summary by the treating physician with the range of dates of treatment. Medical records not meeting these requirements shall be resubmitted in the correct format within three (3) calendar days of notification by the Program Coordinator.

(b) Medical bills, adjustor notes, surveillance tapes, denials, vocational rehabilitation reports, non-treating case manager records or commentaries to the MIR Registry physician shall not be submitted without prior permission of the Program Coordinator. Medical depositions may be submitted as part of the medical records package only by written agreement of the parties.
PROPOSED RULES

(10) Supplemental medical records shall be prepared in the same manner described above, and shall be mailed or hand-delivered by any party concurrently to the MIR Registry physician and the other party no later than five (5) calendar days prior to the date of the evaluation, or as otherwise arranged by the Program Coordinator.

(11) Claimants can bring an adult friend or family member to the evaluation to provide comfort and reassurance. However, the accompanying person cannot be the claimant’s attorney, paralegal, or other legal representative or any other personnel employed by the claimant’s attorney or legal representative. The guest may be asked to leave the evaluation at the discretion of the MIR Registry physician. Any forms that the MIR physician requests to be completed should be completed by the claimant only. If the claimant needs assistance in completing these forms for any reason, the claimant should notify the MIR Registry physician prior to the evaluation so that assistance can be provided by the MIR Registry physician’s staff.

(12) The claimant shall notify the Program Coordinator of the necessity for a language interpreter concurrently with his/her notification of the chosen physician’s name. The employer shall be responsible for arranging for the services of and paying for such language interpreter. The language interpreter shall be impartial and independent, and have no professional or personal affiliation with any party to the claim or to the MIR Registry physician.

(13) When a claimant is required to travel outside a radius of fifteen (15) miles from the claimant’s residence or workplace, then such claimant shall be reimbursed by the employer for reasonable travel expenses as defined in the Act.

0800-2-20-.07 PAYMENTS/FEES.

(1) A physician performing evaluations under these Rules shall be prepaid by the employer a total evaluation fee for each evaluation performed, as outlined below:

(a) Completed reports received and accepted by the Program Coordinator within thirty (30) calendar days of scheduling the appointment.......................................................$1,000.00

(b) Completed reports received and accepted by the Program Coordinator between thirty-one (31) and forty-five (45) calendar days of the scheduling the appointment...............$850.00

(c) Completed reports received and accepted by the Program Coordinator between forty-six (46) and sixty (60) calendar days of the scheduling of the appointment...............$500.00

(d) Completed reports received and accepted by the Program Coordinator later than sixty (60) calendar days of scheduling the appointment....................................................No fee paid

(2) The evaluation fee includes normal record review, the evaluation, and production of a standard “MIR Impairment Rating Report.” If the record review is unusually extensive and requires substantially longer than an hour for review, the physician may contact the Program Coordinator to request additional payment. This request should be made no later than three (3) calendar days prior to the scheduled date of the evaluation. The Program Coordinator, in consultation with the Medical Director, will determine if additional time and fees are appropriate. If denied, the MIR registry physician shall complete the evaluation to the best of his/her ability. If additional evalu-
ation charges are approved, the Program Coordinator shall notify the employer of the approved review charges. The physician shall bill for the additional time at the pro-rata rate of $500.00 per hour. All non-routine test(s) for an impairment rating essential under the applicable edition of the AMA Guides to the Evaluation of Permanent Impairment shall have been performed prior to the evaluation. Routine tests necessary for a complete evaluation, such as range of motion or spirometry tests, should be performed by the MIR Registry physician as part of the evaluation at no additional cost. The MIR Registry physician shall notify the Program Coordinator prior to performing any essential test that is non-routine or requires special facilities or equipment, and such test was not previously performed, or was previously performed but the findings are not usable at the time of the evaluation. The Program Coordinator, upon the advice of the Medical Director, will determine whether the test will be approved. If approved, the employer shall be responsible for paying for the essential test.

(3) Late fees and penalties. Failure of the employer to timely submit the evaluation fee, as determined by the Program Coordinator, shall allow the physician to charge the employer an additional $100.00 late fee for the evaluation. If the evaluation fee and/or late fee remains unpaid fifteen (15) calendar days following the date of the evaluation, an additional $250.00 penalty is authorized. If any portion of a fee or penalty remains unpaid after an additional thirty (30) calendar day period, an additional $500.00 penalty is authorized, and again for each additional thirty (30) calendar day period, or portion thereof, that it remains unpaid until all fees and/or penalties are fully paid. At the request of a MIR Registry physician, the Division may assist the MIR Registry physician in collecting monies due under this Rule.

(4) Cancellations. To be considered timely, notice of a party’s desire to cancel an evaluation appointment shall be given to the Program Coordinator at least three (3) business days prior to the date of the evaluation. An evaluation may be canceled or rescheduled only after obtaining the consent of the Program Coordinator. The Program Coordinator shall decide whether an evaluation may be rescheduled within ten (10) calendar days of a request to cancel.

(a) If the request to cancel is not timely, the MIR registry physician shall be entitled to collect/retain a $300.00 cancellation penalty fee. If the evaluation is rescheduled, the MIR Registry physician is entitled to the entire evaluation fee (for the rescheduled evaluation) in addition to this fee. The employer may be entitled to offset the cancellation fee(s) against any future settlement if the claimant cancels untimely or without good cause as determined by the Program Coordinator.

1. If the claimant fails to appear for the evaluation with good cause as determined by the Program Coordinator the employer will not be entitled to offset the cancellation penalty fee against any future settlement.

2. If the claimant fails to appear for the evaluation without good cause as determined by the Program Coordinator, the MIR Registry physician will perform a “paper only” evaluation by reviewing the existing medical record file and shall establish an impairment rating based upon the physician’s opinion of the evidence presented. The physician shall be entitled to the entire fee.

(b) If the request to cancel is timely and the evaluation is not rescheduled, the MIR Registry physician shall be entitled to collect and/or retain a $250.00 cancellation penalty fee.

(c) If the request to cancel is timely and the evaluation is rescheduled, the MIR Registry physician shall be entitled to collect and/or retain a $150.00 cancellation penalty fee in addition

to the rescheduled MIR fee.

0800-2-20-.08 MULTIPLE IMPAIRMENT RATING EVALUATIONS.

(1) In instances of more than one impairment rating being disputed in more than one medical specialty, and there is an insufficient number of physicians on the Registry who are qualified to perform all aspects of the evaluation, separate evaluations may be required, each being separate application and physician-selection processes and fees.

0800-2-20-.09 COMMUNICATION WITH REGISTRY PHYSICIANS.

(1) Prior to the creation of the three-physician listing, MIR Registry physicians who have rendered an opinion as to the impairment relating to the subject injury to a party to the case or a party’s representative prior to the creation of a three-physician listing must disclose the nature and extent of those discussions to the Program Coordinator immediately upon their selection or appointment as the MIR registry physician. The Program Coordinator, in his or her sole authority, will determine whether or not a conflict of interest exists. Failure to disclose a potential conflict of interest may result in a physician’s removal from the MIR Registry. While removed from the Registry, physicians shall not be eligible to perform MIR evaluations.

(2) During the MIR physician selection process, registry physicians cannot render opinions as to the impairment relating to the subject injury to a party to the case or a party’s representative in cases in which the physician’s name appears on the three-physician listing. If selected as the MIR physician, there shall be no communication with the parties or their representatives prior to the evaluation, unless allowed by the Rules or approved by the Program Coordinator. Any approved communication, other than arranging for payment and the submission of medical records and the evaluation itself, shall be in writing with copies to all parties including the Program Coordinator. Failure by a Registry physician to disclose such communications will subject the physician to penalties under the Rules.

(3) A party who seeks the presence of the MIR physician as a witness at a proceeding for any purpose, by subpoena, deposition or otherwise, shall be responsible for payment for those services to the MIR physician. Deposition fees shall be in accordance with applicable state rules and laws.

0800-2-20-.10 REQUIREMENTS FOR THE EVALUATION.

(1) The MIR Registry physician’s responsibilities prior to the evaluation are to:

(a) Review all materials provided by the parties subject to these Rules; and,

(b) Review the purpose of the evaluation and the impairment questions to be answered in the evaluation report.
(2) The MIR Registry physician’s responsibilities following the evaluation are to:

(a) Consider all medical evidence obtained in the evaluation and provided by the parties subject to the Rules;

(b) Complete an “MIR Impairment Rating Report”;

(c) Notify the Program Coordinator when the report has been completed;

(d) Send that complete report with all required attachments to the Program Coordinator only, via overnight delivery. The Program Coordinator will acknowledge, to the physician, receipt of the report.

(3) No physician-patient relationship is created between the MIR physician and the claimant through the MIR Registry evaluation. The sole purpose of the evaluation is to establish an impairment rating and not to recommend future treatment or to provide a diagnosis or other medical advice.

0800-2-20-.11 REQUIREMENTS FOR THE “MIR IMPAIRMENT RATING REPORT.”

(1) After conducting the evaluation, the MIR physician shall produce the “MIR Impairment Rating Report”. The format, available by using the Program’s electronic access, available upon request from the Program Coordinator or available online at www.state.tn.us/labor-wfd/mainforms.html, or a materially substantial equivalent approved by the Program Coordinator shall be used in all cases to detail the evaluation’s results. The MIR physician shall first review the determination by the attending physician that the claimant has reached Maximum Medical Improvement (MMI).

(2) If, after reviewing the records, taking a history from the claimant and performing the evaluation, the MIR Registry physician concurs with the attending doctor’s determination of MMI, the report shall, at a minimum, contain the following:

(a) A brief description and overview of the claimant’s medical history as it relates to the subject injury, including reviewing and recapping all previous treatments.

(b) A statement of concurrence with the attending doctor’s determination of MMI;

(c) Pertinent details of the physical or psychiatric evaluation performed (both positive and negative findings);

(d) Results of any pertinent diagnostic tests performed (both positive and negative findings). Include copies of these tests with the report;

(e) An impairment rating consistent with the findings and utilizing a standard method as outlined in the applicable AMA Guides, calculated as a total to the whole person if appropriate. In cases not covered by the AMA Guides, an impairment rating by any appropriate method used and accepted by the medical community is allowed, however, a statement that the AMA Guides fails to cover the case as well as a statement of the system on which the rating was based shall be included;
(f) The rationale for the rating based on reasonable medical certainty, supported by specific references to the clinical findings, especially objective findings and supporting documentation including the specific rating system, sections, tables, figures, and AMA Guides page numbers, when appropriate, to clearly show how the rating was derived; and

(g) A true or electronic signature and date by the MIR physician performing the evaluation certifying to the following:

1. “It is my opinion, both within and to a reasonable degree of medical certainty that, based upon all information available to me at the time of the MIR impairment evaluation and by utilizing the relevant AMA Guides or other appropriate method as noted above, that the claimant has the permanent impairment so described in this report. I certify that the opinion furnished is my own, that this document accurately reflects my opinion, and that I am aware that my signature attests to its truthfulness. I further certify that my statement of qualifications to serve on the MIR Registry is both current and completely accurate.”

(3) If, after reviewing the records, taking a history from the claimant and performing the evaluation, the MIR physician does not concur with the attending doctor’s determination of MMI, a report shall be completed similar to the one outlined above which documents and certifies to, in sufficient detail, the rationale for disagreeing and, if possible to determine, the expected date of full or partial recovery. The physician is still entitled to collect/retain the appropriate MIR fee.

(4) Services rendered by an MIR Registry physician shall conclude upon the Program Coordinator’s acceptance of the final “MIR Impairment Rating Report.” An MIR report is final and accepted for the purpose of these Rules when it includes the requested determination regarding final medical impairment rating and any necessary worksheets, as determined by the Program Coordinator. Once the report has been accepted the Program Coordinator will distribute copies of the report to the other parties and the Workers’ Compensation Specialist, if one is currently assigned. After acceptance of the “MIR Impairment Rating Report” the medical records file, including the final “MIR Impairment Rating Report,” shall be stored and/or disposed of by the MIR registry physician in a manner used for similar health records containing private information and within a time frame consistent with the Tennessee Board of Medical Examiners’ rules.

0800-2-20-.12 PEER REVIEW.

(1) All MIR Impairment Rating Reports are subject to review for appropriateness and accuracy by an individual or organization designated by the Program Coordinator at any time. Repeated failure to properly apply the AMA Guides in determining an impairment rating, as determined solely and exclusively by the Medical Director, will result in penalties up to and including removal from the MIR Registry.

0800-2-20-.13 REMOVAL OF A PHYSICIAN FROM THE REGISTRY.

(1) Written complaints regarding any MIR Registry physician shall be submitted to the Program Coordinator. The Commissioner or the Commissioner’s designee, upon the advice of the Medical Director, may remove a physician from the MIR Registry permanently or temporarily by placing a physician on inactive status based upon any of the following grounds:

(a) Misrepresentation on the “Application for Appointment to the MIR Registry” as determined by the Program Coordinator;

(b) Failure to timely report a conflict of interest in a case assignment, as determined by the Program Coordinator;

(c) Refusal or substantial failure to comply with the provisions of these Rules, including, but not limited to, repeated failure to determine impairment ratings correctly using the AMA Guides, as determined by the Medical Director;

(d) Failure to maintain the requirements of the Rules, as determined by the Program Coordinator; or

(e) Any other reason for the good of the Registry as determined solely and exclusively by the Commissioner or the Commissioner’s designee.

(2) Upon receipt of a complaint regarding a MIR Registry physician, the Program Coordinator shall send written notice of the complaint to such physician, stating the grounds of the complaint, and notifying the physician that he or she is at risk of being removed from the MIR Registry.

(a) The physician shall have thirty (30) calendar days from the date the Notice of Complaint is issued to the physician in which to respond in writing to the complaint(s), and may submit any responsive supporting documentation to the Program Coordinator for consideration. Failure of the physician to submit a timely response to the Notice of Complaint may result in removal of the physician from the MIR Registry without further notice or recourse.

(b) The Commissioner or the Commissioner’s designee, in consultation with the Medical Director, shall consider the complaint(s) and any response(s) from the physician in reaching a decision as to whether the physician shall be removed from the MIR Registry, and if removed, whether the removal will be permanent or temporary.

(c) Upon reaching a determination on the complaint(s), the Commissioner or the Commissioner’s designee shall issue a written Notice of Determination and set forth the basis for the decision in such Notice. The determination set forth shall become final fifteen (15) days after issuance of the Notice of Determination, unless a timely request for reconsideration is received.

(d) A MIR Registry physician may seek reconsideration of an adverse decision from the Commissioner or the Commissioner’s designee by submitting a request for reconsideration stating the grounds for such reconsideration to the Program Coordinator within fifteen (15) calendar days of the issuance of the Notice of Determination. The Commissioner or the Commissioner’s designee may affirm, modify or reverse the initial determination upon reconsideration of the initial decision. The Commissioner or the Commissioner’s designee shall issue a Notice of Determination upon Reconsideration which shall be the final decision.
PROPOSED RULES

(e) MIR Registry physicians shall remain active on the MIR Registry pending a final decision on any complaint(s).

(3) A physician who has been removed from the MIR Registry by the Commissioner or the Commissioner’s designee may apply for reinstatement six (6) months after the date of removal by submitting a written request to the Program Coordinator.

0800-2-20-.14 OTHER PENALTIES.

(1) Failure by any party to comply with any of these Rules for which no penalty has specifically been set forth herein shall subject that party to the appropriate civil penalties pursuant to the Act and as determined by the Commissioner or Commissioner’s designee.

0800-2-20-.15 TIME LIMITS.

(1) All time limits referenced in these Rules may be extended by the Program Coordinator in his or her sole and exclusive discretion.

0800-2-20-.16 CLAIMANT COOPERATION.

(1) Injured workers are expected to cooperate in good faith with the Program Coordinator in scheduling evaluations. Injured workers shall also cooperate in good faith with all reasonable requests made by MIR Registry physicians during their evaluation so that the physicians can make accurate findings.

0800-2-20-.17 OVERTURNING A MIR PHYSICIAN’S OPINION.

(1) Parties are prohibited from seeking a second MIR Registry impairment rating for the same injury if an impairment rating was issued after the first MIR Registry evaluation. Permanent impairment ratings given by MIR Registry physicians after their assignment of cases involving the issuance of a MIR Registry three-physician listing from the MIR Registry shall be the only opinions presumed to be accurate, as set forth in the Act. This presumption may be rebutted only by clear and convincing evidence to the contrary. Opinions reached by any physicians utilized after mutually agreed upon selections not involving the issuance of an MIR Registry three-physician listing are not legally presumed to be accurate and shall carry no additional evidentiary weight in any proceedings, even in cases where the physician selected may also serve on the MIR Registry.

(1) Upon a determination that a student or organization has violated any of the rules, regulations or disciplinary offenses set forth in these regulations, the following disciplinary sanctions may be imposed, either singly or in combination, by the appropriate institution officials. (Note: The final results of disciplinary proceedings, as the term ‘final results’ is defined by Tennessee Law, in which the student perpetrator is deemed to have committed a violation of the University’s student disciplinary rules for an offense that includes violent acts or nonforcible sex offenses, as defined by Tennessee Law, may be released without permission of the student perpetrator.)

Authority: T.C.A. §49-8-203.

Subparagraph (a) of paragraph (1) of Rule 0240-3-1-.05 Disciplinary Procedures is amended by deleting the text of the subparagraph and substitute the following language, so that, as amended, subparagraph (a) shall read:

(a) Procedures conforming to the Tennessee Uniform Administrative Procedures Act. All cases which may result in (i) suspension or expulsion of a student from the institution for disciplinary reasons, or (ii) revocation of registration of a student organization during the term of the registration are subject to the contested case provisions of the Tennessee Uniform Administrative Procedures Act (TUAPA) and shall be processed in accordance.
with the uniform contested case procedures adopted by the Board of Regents, unless the
student waives those procedures in writing and elects to have his or her case heard by the
University Hearing Board.

Authority: T.C.A. §49-8-203.

Subparagraph (a) of paragraph (2) of Rule 0240-3-1-.07 Traffic and Parking Regulations is amended by adding a sentence at the beginning of the subparagraph, so that, as amended, subparagraph (a) shall read:

(a) Every Austin Peay State University student, faculty and staff member who chooses to park a vehicle on campus at any time must obtain and display a current, valid parking decal. All members of the campus community will be afforded the opportunity to become familiar with these regulations. All persons receiving a parking decal will be offered a copy of the parking regulations along with a detailed map of parking locations by category. Persons are expected to read and familiarize themselves with these regulations. Accordingly, when found in violation, ignorance of these regulations is no excuse or defense.

Subparagraph (e) of paragraph (2) of Rule 0240-3-1-.07 Traffic and Parking Regulations is further amended by deleting the last sentence of the paragraph, so that, as amended, subparagraph (e) shall read:

(e) Austin Peay State University acknowledges that there are a limited number of parking spaces within the immediate vicinity of many facilities. Notwithstanding, there are a sufficient number of total spaces on campus grounds and adjacent city streets for everyone to park legally. Possession of a valid decal is the recipient’s right to secure available, legal parking on campus - it is not a guarantee for parking in particular categories of spaces. The limited number of designated spaces for visitors, resident hall students, faculty/staff and disabled persons mandates stringent enforcement of parking regulations. Everyone is encouraged to respect the rights of others, and to allow sufficient time, usually a maximum of 5-10 minutes, to walk from available parking spaces to classrooms or facilities.

Subparagraph (f) of paragraph (2) of Rule 0240-3-1-.07 Traffic and Parking Regulations is further amended by deleting the words “or Director of Housing,” so that, as amended, subparagraph (f) shall read:

(f) Vehicles parked on campus are required to be maintained in operating condition. No maintenance involving replacement of major components such as engines, or the replacement of hazardous fluids such as oil and transmission fluid, is authorized without consent of the Director of Safety/Chief of Campus Police. Vehicles not maintained in operating condition and left un-moved for extended periods of time will be considered abandoned, and disposed of consistent with state law.

Subparagraph (a) of paragraph (3) of Rule 0240-3-1-.07 Traffic and Parking Regulations is further amended by deleting the text of the subparagraph and substituting the following language, so that, as amended, subparagraph (a) shall read:

(a) Faculty and Staff spaces. These spaces are also authorized for those with visitor passes and disabled decals at all hours. Parking in faculty/staff spaces is not enforced on days when the University is officially closed (weekends, holidays, etc.), and not enforced from 6:00 p.m. through 6:00 a.m. when school is in session.

Part 1. of subparagraph (a) of paragraph (4) of Rule 0240-3-1-.07 Traffic and Parking Regulations is further amended by deleting the text of the part and substituting the following language, so that, as amended, part 1. shall read:
PROPOSED RULES

1. Decals are only valid for one calendar year, beginning with the first day of classes for the Fall Semester. A new decal must be obtained at the beginning of each academic year. Annual parking fee for all persons is no less than $25.00 nor more than $30.00 per decal, except disabled persons’ decals, which are free of charge. The annual registration period lasts from August 16 through August 15. The University is authorized to charge a prorated fee for summer or other reduced periods.

Part 3. of subparagraph (a) of paragraph (4) of Rule 0240-3-1-.07 Traffic and Parking Regulations is further amended by deleting the text of the part and substituting the following language, so that, as amended, part 3. shall read:

3. Additional decals. Because decals may be used on any vehicle desired under control of the operator/decal holder, only Emerald Hills/married housing students and families qualify automatically for an additional decal. Only students/faculty/staff that present extraordinary circumstances in writing, approved by the Director/Chief, are authorized an additional decal. Additional decals cost no less than $25.00 or more than $30.00. Resident hall students will not be awarded an additional decal. Everyone is reminded and encouraged to use the temporary and visitor pass provisions below when desired.

Authority: T.C.A. §49-8-203.

The proposed rules set out herein were properly filed in the Department of State on the 28th day of June, 2005, and pursuant to the instructions set out above, and in the absence of the filing of an appropriate petition calling for a rulemaking hearing, will become effective on the 28th day of October, 2005. (06-38)
Presented herein are proposed amendments of the Tennessee Board of Regents submitted pursuant to Tennessee Code Annotated, §4-5-202 in lieu of a rulemaking hearing. It is the intent of the Tennessee Board of Regents to promulgate these rules without a rulemaking hearing unless a petition requesting such hearing is filed within thirty (30) days of the publication date of the issue of the Tennessee Administrative Register in which the proposed amendments are published. Such petition to be effective must be filed in Suite 350 of the Genesco Park Building located at 1415 Murfreesboro Road, Nashville, TN 37217 and in the Department of State, Eighth Floor, William R. AMENDMENTS

Subparagraph (k) of paragraph (2) of Rule 0240-3-2-.02 Disciplinary Offenses is amended by deleting the text of the subparagraph and substituting the following language, so that, as amended, subparagraph (k) shall read:

(k) Drugs: The unlawful use, possession, distribution, sale or manufacture, of any drug or controlled substance (including any stimulant, depressant, narcotic, or hallucinogenic drug or substance, or marijuana); being under the influence of any such drug or controlled substance, possession of drug paraphernalia, or the misuse of legally prescribed or “over the counter” drugs on property owned or controlled by the institution; at an institution-sponsored event; or property owned or controlled by an affiliated clinical site; or in violation of any term of the East Tennessee State University Drug-Free Schools and Communities Policy Statement.

Part 8. of subparagraph (v) of paragraph (2) of Rule 0240-3-2-.02 Disciplinary Offenses is further amended by deleting the text of the part and substituting the following language, so that, as amended, part 8. shall read:

(k) Suspension. If a student or student organization is suspended, the student or student organization is separated from the institution for a stated period of time with condition of readmission or registration, respectively, stated in the notice of suspension.

(l) Expulsion. Expulsion entails a permanent separation from the institution. The imposition of this sanction is a permanent bar to the student’s readmission to the institution or to the student organization’s registration with the institution.

(m) Interim or summary suspension. Though as a general rule, the status of a student accused of violations of these regulations should not be altered until a final determination has been made in regard to the charges against him, summary suspension may be imposed upon a finding by the appropriate institutional official that the continued presence of the accused on campus constitutes an immediate threat to the physical safety and well-being of the accused or of any other member of the institution community or its guest, destruction of property, or substantial disruption of classroom or other campus activities. An interim suspension may be invoked only by the president or his designee, the Provost/Vice President for Academic Affairs, or the Senior Associate Vice President for Student Affairs and Chief Student Affairs Officer in consultation with other University officials. In any case of immediate suspension, the student shall be given an opportunity at the time of the decision or immediately thereafter to contest the suspension, and if there are disputed issues of fact or cause and effect, the student shall be provided a hearing on the suspension as soon as practicable.

(3) If discipline less than suspension or expulsion or removal of college privileges is contemplated, the Vice President for Student Services and Enrollment Management or appropriate designee may,

In any case of summary suspension, the student shall be provided a hearing on the suspension as soon as possible.

(6) Appeal Procedures

The text of the proposed amendments is as follows:

AMENDMENTS

Paragraph (1) of Rule 0240-3-14-.03 Classroom Misconduct is amended by deleting the text of the paragraph and substituting the following language, so that, as amended, paragraph (1) shall read:

(1) The instructor has the primary responsibility for control over classroom behavior and the maintenance of academic integrity and can order the temporary removal or exclusion from the classroom of any student engaged in disruptive conduct or conduct that violates the general rules and regulations of the College. Extended or permanent exclusion can be affected only through appropriate procedures of the College.

Paragraph (2) of Rule 0240-3-14-.03 Classroom Misconduct is further amended by adding a comma (,) in the first sentence, so that, as amended, paragraph (2) shall read:

(2) Disruptive conduct shall include, but is not limited to, any intentional interference with the normal classroom procedure or the presentation of the instructor and/or other students and the interference with other students’ rights to pursue course work.

Paragraph (3) of Rule 0240-3-14-.03 Classroom Misconduct is further amended by deleting the text of the paragraph and substituting the following language, so that, as amended, paragraph (3) shall read:

(3) The instructor shall report to the Coordinator of Student Activities and the Academic Department chairperson any incident of disruptive conduct that results in the student being asked to leave the classroom. The Coordinator of Student Activities will meet with the instructor and chairperson to determine the appropriate action before the next class period. If there is disagreement about readmission, the student will be excluded from the classroom pending a
PROPOSED RULES

hearing. The hearing shall be conducted by the Student Disciplinary Committee. The purpose of the hearing is to determine whether the student will be readmitted to the classroom. The hearing must be conducted utilizing the appropriate due process procedures (See Southwest Policy No. 3:02:01:00/9). Students may appeal decisions of the committee to the Dean of Student Services and Enrollment Management.

Rule 0240-3-14-.03 Classroom Misconduct is further amended by adding new paragraphs (5) and (6) which shall read:

(5) Should a student(s) be disruptive in the classroom, and refuse any request on the instructor’s part to stop such behavior, the instructor has several options. The first option is to ask the student to leave the classroom. Should the student impose any harm to him/herself or to others, continue to be disruptive to the class, and refuse to leave at the instructor’s request, the instructor should call Campus Police immediately to have the student removed. The instructor should then fill out an Information Report. The Campus Police Information Report provides for a formal record of an incident should further administrative discipline be necessary by the Dean of Student Services and Enrollment Management. The second option is to report the in-class incident of disruptive behavior to the Coordinator of Student Activities and the department chair of the department where the course is housed, and request that the student not return to class until further notice by the Coordinator. All students are accountable for their behavior when it leads to a breach of conduct.

(6) When, in the opinion of the Dean for Student Services and Enrollment Management or his/her designee, a student has demonstrated indications of emotional distress and/or substance abuse which could affect his or her functioning as a member of the Southwest College community, an Administrative Referral to the Office of Advising, Counseling and Articulation may be made. This referral requires that the student meet with a counselor from the Advising, Counseling and Articulation staff to be evaluated by that professional counselor, the general conclusions of which will be shared with the Dean as needed within the bounds of confidentiality.

AMENDMENTS

Paragraph (15) of Rule 0240-4-4-.03 Residence Hall Conduct and Disciplinary Sanctions is amended by deleting the text of the paragraph and substituting the following language, so that, as amended, paragraph (15) shall read:

(15) Telephone Service. MTSU residence hall rooms have one touch-tone telephone line with two (2) jacks for which students provide their own telephone sets for telecommunication services. MTSU’s responsibility for telephone repair extends only to the telephone line and/or jack and not to problems associated with the use of equipment which may be incompatible with the campus telephone system. This includes, but is not limited to, answering machines that use voice monitoring instead of a timer to control the recording of incoming calls and cordless telephones that may experience static, cross-talk, and wrong numbers dialed. The repair of a student’s telephone set is the student’s responsibility.

Subparagraph (a) of paragraph (15) of Rule 0240-4-4-.03 Residence Hall Conduct and Disciplinary Sanctions is further amended by deleting the text of the subparagraph and substituting the following language, so that, as amended, subparagraph (a) shall read:

(a) Dialing Instructions. Listed below are basic dialing instructions for MTSU residential service. Additional dialing information can be obtained in the Telecommunication Services Handbook for Resident Students, copies of which are available from the area coordinator.

Subpart (v) of part 3. of subparagraph (a) of paragraph (15) of Rule 0240-4-.03 Residence Hall Conduct and Disciplinary Sanctions is further amended by deleting the text of the subpart and substituting the following language, so that, as amended, subpart (v) shall read:
PROPOSED RULES

(v) Operator Assisted Calls (0 +). Person-to-person, outgoing collect, and billed-to-third-number calls can be placed from University residence hall telephone lines by dialing 9 + 0 + area code + number. Charges for calls may be billed to phone company calling cards, some credit cards, third number, and collect.

Subparagraph (a) of paragraph (15) of Rule 0240-4-4-.03 Residence Hall Conduct and Disciplinary Sanctions) is further amended by adding new parts 6. through 8. which shall read:

6. Voice Mail. Voice mail service is available for purchase by all students. Voice mail gives students their own personal voice mailbox to answer incoming calls when they are on another line or unavailable. This mailbox makes it easy to store and record messages with technology that is superior to that of an ordinary answering machine. To request voice mail service, a Telecommunication Services order form must be completed and signed. Forms are available online at [http://www.mtsu.edu/~itdtele/students](http://www.mtsu.edu/~itdtele/students), in the Telecommunications Building, Room 200, or at the Cope Administration Building, cashier windows.

7. Caller ID. Caller ID service is available for purchase by resident students. MTSU Telecommunication Services provides the caller ID feature only. It is the responsibility of the student to obtain a telephone that will display caller ID information. To request caller ID, a Telecommunication Services order form must be completed and signed. Forms are available online at [http://www.mtsu.edu/~itdtele/students](http://www.mtsu.edu/~itdtele/students) in the Telecommunications Building, Room 200, or at the Cope Administration Building, cashier windows.

8. Private Telephone Line. Payment for a private telephone line includes caller ID and voice mail at no additional charge. The student is responsible for any long distance charges incurred on the private line. If a STAR1 authorization code is used to place long distance calls, the long distance charges will be billed monthly through the STAR1 long distance billing system. To request a private telephone line, a Telecommunication Services form must be completed and signed, and prepayment must be made. Forms are available online at [http://mtsue.edu/~itdtele/students](http://mtsue.edu/~itdtele/students) in the Telecommunications Building, Room 200, or at the Cope Administration Building, cashier windows.

Part 1. of subparagraph (a) of paragraph (28) of Rule 0240-4-4-.03 Residence Hall Conduct and Disciplinary Sanctions is further amended by deleting the text of the part and substituting the following language, so that, as amended, part 1. shall read:

1. Access is provided to enhance the learning environment and experience.

Paragraph (6) of Rule 0240-4-6-.02 Residence Hall Conduct and Disciplinary Sanctions is amended by deleting the text of the paragraph and substituting the following language, so that, as amended, paragraph (6) shall read:

(6) University officials reserve the right to enter and inspect residence hall rooms and apartments at any time. Inspections will occur when necessary to protect and maintain the property of the University, to render service or repairs, the health and safety of its students, or whenever necessary to aid in the basic responsibility of the University regarding discipline and maintenance of an educational atmosphere. 0240-4-6-.04 VISITATION

(1) Unless otherwise designated, Open House/Residence Hall Visitation will be noon - midnight, seven (7) days a week. Based on written request and approval by the Director of Residential Life, open house hours may be granted on special occasions. Requests should be made forty-eight (48) hours prior to the beginning of visitation period. Open House and/or Residence Hall Visitation may be differentiated by residence halls as necessary to accommodate, within limits, student preferences. The most open visitation option for a residence hall will be twelve (12) hours per day (between noon and midnight). The most restrictive option will be no visitation. A variety of options between these extremes may be offered in keeping with student surveyed preferences, with final approval being made by the Director of Residential Life.

(2) Residential Life staff members will be available during the entire period of visitation, except during zone coverage, during which time housing personnel will be responsible for a specified area.

(3) Each guest must be escorted from the lobby to the host/hostess’s room and from the room back to the lobby. Guests are not to be unattended at any time inside or outside the room.

(4) Visitation privileges require a greater responsibility to be shared. The primary responsibility for management of the total visitation program rests with the individual resident. Other assistance can be provided by the Residence Hall Association, the residence hall para-professional staff and residential life administrative/support staff.

(5) During visitation, proper conduct and decorum are important and expected of both the host/hostess and the guest(s). A guest may be asked to leave the building and/or be prohibited from visiting if found to be violating policies, damaging property, or being a potential harm to themselves or others.

I am herewith submitting amendments to the rules of the Tennessee Department of Finance and Administration, Bureau of TennCare, for promulgation pursuant to the public necessity provisions of the Uniform Administrative Procedures Act, T.C.A. § 4-5-209 and the Medical Assistance Act, T.C.A. § 71-5-134.

The State of Tennessee has received federal approval for certain eligibility amendments to the TennCare Demonstration Project (No. 11-W-0015 1/4). Approval of the project modification is granted under the authority of Section 1115 (a) of the Social Security Act. The amendments are approved through the period ending June 30, 2007. The TennCare program is a managed care program for both the Medicaid population and the expansion population.

This amendment enables the State to disenroll non-pregnant adult Medically Needy individuals upon the expiration of their current eligibility periods.

Tennessee Code Annotated, Section 71-5-134, states that in order to comply with or to implement the provisions of any federal waiver or state plan amendment obtained pursuant to the Medical Assistance Act as amended by Acts 1993, the Commissioner of Finance and Administration is authorized to promulgate public necessity rules pursuant to Tennessee Code Annotated, Section 4-5-209.

I have made a finding that these amendments are required to conform the current TennCare Medicaid rules to reflect changes resulting from the amendment of the TennCare waiver.

For a copy of this public necessity rule, contact George Woods at the Bureau of TennCare by mail at 729 Church Street, Nashville, Tennessee 37247-6501 or by telephone at (615) 741-0145.

Such ex parte review shall be conducted in accordance with federal requirements as set forth by CMS in the Special Terms and Conditions of the TennCare demonstration project.

(b) Request for Information

1. At least thirty (30) days prior to the expiration of their current eligibility period, the Bureau of TennCare will send a Request for Information to all non-pregnant adult Medically Needy enrollees in eligibility groups being terminated pursuant to the TennCare Medicaid eligibility reforms. The Request for Information will include a form to be completed with information needed to determine eligibility for open Medicaid categories as well as a list of the types of proof needed to verify certain information.

2. Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to TDHS and to provide TDHS with the necessary verifications to determine eligibility for open Medicaid categories.

3. Enrollees with a health, mental health, or learning problem or a disability will be given the opportunity to request assistance in responding to the Request for Information. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for responding to the Request for Information.

4. Enrollees will be given an opportunity until the date of termination to request one extension for good cause of the thirty (30) day timeframe for responding to the Request for Information. The good cause extension is intended to allow a limited avenue for possible relief for certain enrollees who face significant unforeseen circumstances, or who, as a result of a health, mental health, or learning problem, or a disability, or limited English proficiency are unable to respond timely, as an alternative to imposing a standard with no exceptions whatsoever. The good cause exception does not confer an entitlement upon enrollees and the application of this exception will be within the discretion of TDHS. Only one thirty (30) day good cause extension can be granted to each enrollee. Good cause is determined by TDHS eligibility staff. Good cause is not requested nor determined through filing an appeal. Requests for an extension of the 30-day timeframe to respond to the Request for Information must be initiated by the enrollee. However, the enrollee may receive assistance in initiating such request. TDHS will not accept a request for extension of the thirty (30) day timeframe submitted by a family member, advocate, provider, or CMHC acting on the enrollee’s behalf without the involvement and knowledge of the enrollee, for example, to allow time for such entity to locate the enrollee if his/her whereabouts is unknown. All requests for good cause extension must be made prior to termination of Medicaid eligibility. A good cause extension will be granted if TDHS determines that a health, mental health or learning problem or disability or limited English proficiency prevented an enrollee from understanding or responding timely to the Request for Information. Except in the aforementioned circumstances, a good cause extension will only be granted if such request is submitted in writing to TDHS prior to termination of Medicaid eligibility and TDHS determines that serious personal circumstances such as illness or death prevent an enrollee from responding to the Request for Information for an extended period of time. Proof of the serious personal circumstances is required with the submission of the written request in order for a good cause extension to be granted. Good cause extensions will be granted at the sole discretion of TDHS and if granted shall provide
The enrollee with an additional thirty (30) days inclusive of mail time from the date of TDHS’s decision to grant the good cause extension. TDHS will send enrollees a letter granting or denying the request for good cause extensions. TDHS’s decisions with respect to good cause extensions shall not be appealable.

5. If an enrollee provides some but not all of the necessary information to TDHS to determine his/her eligibility for open Medicaid categories during the thirty (30) day period following the Request for Information, TDHS will send the enrollee a Verification Request. The Verification Request will provide the enrollee with ten (10) days inclusive of mail time to submit any missing information as identified in the Verification Request. Enrollees will not have the opportunity to request an extension for good cause of the ten (10) day timeframe for responding to the Verification Request.

6. Enrollees who respond to the Request for Information within the thirty (30) day period or within any extension of such period granted by TDHS shall retain their eligibility for TennCare Medicaid (subject to any changes in covered services generally applicable to enrollees in their Medicaid category) while TDHS reviews their eligibility for open Medicaid categories.

7. TDHS shall review all information and verifications provided within the requisite time period by an enrollee pursuant to the Request for Information and/or the Verification Request to determine whether the enrollee is eligible for any open Medicaid categories. If TDHS makes a determination that the enrollee is eligible for an open Medicaid category, TDHS will so notify the enrollee and the enrollee will be enrolled in the appropriate TennCare Medicaid category. Once the enrollee is enrolled in the appropriate TennCare Medicaid category, his/her eligibility as a non-pregnant Medically Needy adult shall then be terminated without additional notice. If TDHS makes a determination that the enrollee is not eligible for any open Medicaid categories or if an enrollee does not respond to the Request for Information within the requisite thirty (30) day period or any extension of such period granted by TDHS, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

8. Enrollees who respond to the Request for Information or the Verification Request after the requisite time period specified in those notices or after any extension of such time period granted by TDHS but before the date of termination shall retain their eligibility for TennCare Medicaid (subject to any changes in covered services generally applicable to enrollees in their Medicaid category) while TDHS reviews their eligibility for open Medicaid categories. If TDHS makes a determination that the enrollee is eligible for an open Medicaid category, TDHS will so notify the enrollee and the enrollee will be enrolled in the appropriate TennCare Medicaid category. Once the enrollee is enrolled in the appropriate TennCare Medicaid category, his/her eligibility as a non-pregnant Medically Needy adult shall then be terminated without additional notice. If TDHS makes a determination that the enrollee is not eligible for any open Medicaid categories, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

9. Individuals may provide the information and verifications specified in the Request for Information after termination of eligibility. TDHS shall review all such information pursuant to the rules, policies and procedures of TDHS and the Bureau of TennCare applicable to new applicants for TennCare coverage. The individual shall not be entitled to be reinstated into TennCare pending this review. If the individual is subsequently determined to be eligible for an open Medicaid category, s/he shall be granted
retroactive coverage to the date of application, or in the case of spend down eligibility for Medically Needy pregnant women and children, to the latter of (a) the date of his or her application or (b) the date spenddown eligibility is met.

(c) Termination Notice

1. The TennCare Bureau will send Termination Notices to all non-pregnant adult Medically Needy enrollees being terminated pursuant to the TennCare Medicaid eligibility reforms who are not determined to be eligible for open Medicaid categories pursuant to the Ex Parte Review or Request for Information processes described in this subsection.

2. Termination Notices will be sent twenty (20) days in advance of the date upon which the coverage will be terminated.

3. Termination Notices will provide enrollees with forty (40) days from the date of the notice to appeal valid factual disputes related to the disenrollment and will inform enrollees how they may request a hearing.

4. Enrollees with a health, mental health, or learning problem or a disability will be given the opportunity to request additional assistance for their appeal. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for their appeal.

5. Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day timeframe in which to request a hearing.

Authority: T.C.A. 4-5-209, 71-5-105, 71-5-109, Executive Order No. 23.

The Public Necessity rules set out herein were properly filed in the Department of State on the 3rd day of June, 2005, and will be effective from the date of filing for a period of 165 days. The Public Necessity rules remain in effect through the 15th day of November, 2005. (06-06)
STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

I am hereby submitting amendments to the rules of the Tennessee Department of Finance and Administration, Bureau of TennCare, for promulgation pursuant to the public necessity provisions of the Uniform Administrative Procedures Act, T.C.A. § 4-5-209 and the Medical Assistance Act, T.C.A. § 71-5-134.

The State of Tennessee has received federal approval for certain eligibility amendments to the TennCare Demonstration Project (No. 11-W-0015 1/4). Approval of the project modification is granted under the authority of Section 1115 (a) of the Social Security Act. The amendments are approved through the period ending June 30, 2007. The TennCare program is a managed care program for both the Medicaid population and the expansion population.

This amendment sets forth provisions for granting fair hearings based on valid factual disputes before a Hearing Officer or Administrative Law Judge. In addition, this amendment defines clear requirements for timely submission of eligibility-based appeals and the continuation of benefits pending resolution of such appeals, including appeals related to disenrollment as a result of certain eligibility amendments to the TennCare Demonstration Project.

Tennessee Code Annotated, Section 71-5-134, states that in order to comply with or to implement the provisions of any federal waiver or state plan amendment obtained pursuant to the Medical Assistance Act as amended by Acts 1993, the Commissioner of Finance and Administration is authorized to promulgate public necessity rules pursuant to Tennessee Code Annotated, Section 4-5-209.

I have made a finding that these amendments are required to conform the current TennCare Medicaid rules to reflect changes resulting from the amendment of the TennCare waiver.

For a copy of this public necessity rule, contact George Woods at the Bureau of TennCare by mail at 729 Church Street, Nashville, Tennessee 37247-6501 or by telephone at (615) 741-0145.

Rule 1200-13-13-.12 Other Appeals By TennCare Applicants and Enrollees is amended by deleting paragraph (1) in its entirety and by substituting instead the following new language so that as amended paragraph (1) shall read as follows:

(1) Appeal Rights of TennCare Medicaid Applicants or Enrollees.

(a) Appeal Time; Continuation of Services.

1. TennCare Medicaid Appeals.

(i) TennCare Medicaid applicants or enrollees will be given the opportunity to have an administrative hearing before a Hearing Officer or an Administrative Law Judge, as determined by the Department of Human Services, regarding valid factual disputes concerning denial of his/her application, cost sharing disputes, limitation, reduction or termination of coverage, failure to act upon a request or application within required timeframes, and disputes regarding disenrollment from TennCare Medicaid. A valid factual dispute is a dispute that, if resolved in favor of the appellant, would prevent the state from taking the adverse action that is the subject of the appeal. The TennCare Bureau designates TDHS to review each request for a hearing to determine if it is based on a valid factual dispute. If TDHS determines that an appeal does not present a valid factual dispute, then TDHS will send the appellant a letter asking him or her to submit additional clarification regarding the appeal within ten (10) days (inclusive of mail time). Unless such clarification is timely received and is determined by TDHS to establish a valid factual dispute, TDHS will dismiss the appeal. TDHS' decisions with respect to determination of whether an appeal raises a valid factual dispute shall not be appealable.

(ii) Requests for appeals must be made within forty (40) calendar days (inclusive of mail time) of the date of the notice to the applicant/enrollee regarding the intended action, notwithstanding anything else in these rules or in the Department of Human Services’ administrative procedures rules to the contrary.

(iii) Enrollees who request a hearing within twenty (20) calendar days (inclusive of mail time) of the date of notice or prior to the date of termination specified in the notice shall retain their eligibility (subject to any changes in covered services generally applicable to enrollees in their TennCare category) pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first. If the appeal results in the State's action being sustained, the State reserves its right to recover from the enrollee the cost of services provided to the enrollee during the pendency of the appeal.
PUBLIC NECESSITY RULES

(b) Such appeals will be conducted by the Department of Human Services for TennCare Medicaid applicants/enrollees under the Department of Human Services’ administrative procedures rules, and in accordance with any other applicable rules, laws or court orders governing those programs.

(c) Appeal Rights for Disenrollment Related to TennCare Medicaid Eligibility Reforms

1. TennCare Medicaid enrollees, who have not been determined eligible for open Medicaid categories pursuant to the Ex Parte Review or Request for Information processes described in 1200-13-13-.02, will have the right to request a hearing for 40 days (inclusive of mail time) from the date of the Termination Notice, notwithstanding anything else in these rules or in the Department of Human Services’ administrative procedures rules to the contrary.

2. Such appeals will be conducted by the Department of Human Services for TennCare Medicaid applicants/enrollees under the Department of Human Services’ administrative procedures rules, and in accordance with any other applicable rules, laws or court orders governing those programs.

3. Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day timeframe in which to request a hearing.

4. Enrollees who request a hearing prior to the date of termination specified in the Termination Notice shall retain their eligibility (subject to any changes in covered services generally applicable to enrollees in their TennCare Medicaid category) pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first.

5. The TennCare Bureau designates TDHS to review each request for hearing to determine if it is based on a valid factual dispute. Enrollees will be given the opportunity to have an administrative hearing before a Hearing Officer or an Administrative Law Judge, as determined by TDHS, regarding valid factual disputes related to termination. If TDHS makes an initial determination that the request for a hearing is not based on a valid factual dispute, the appellant will receive a notice which provides ten (10) days (inclusive of mail time) to provide additional clarification of any factual dispute on which his/her appeal is based. Unless such clarification is timely received and is determined by TDHS to establish a valid factual dispute, a fair hearing will not be granted.

6. TDHS will grant hearings only for those enrollees raising valid factual disputes related to the action of disenrollment. A valid factual dispute is a dispute that, if resolved in favor of the appellant, would prevent the state from taking the adverse action that is the subject of the appeal. Appeals that do not raise a valid factual dispute will not proceed to a hearing. Valid factual disputes include:

(i) Enrollee received the Termination Notice in error (e.g., they are currently enrolled in a TennCare Medicaid category that is not ending);

(ii) TDHS failed to timely process information submitted by the enrollee during the requisite time period following the Request for Information or Verification Request;
PUBLIC NECESSITY RULES

(iii) TDHS granted a “good cause” extension of time to reply to the Request for Information Notice but failed to extend the time (this is the only circumstance surrounding good cause which can be appealed);

(iv) Enrollees requested assistance because of a health, mental health, learning problem or disability but did not receive this assistance; or

(v) The TennCare Bureau sent the Request for Information or Termination Notice to the wrong address as defined under state law.

7. When an enrollee requests a hearing prior to the date of termination as identified in the Termination Notice, benefits will continue either until TDHS determines that the enrollee has not raised a valid factual dispute or the appeal is otherwise resolved.

8. If the enrollee does not appeal prior to the date of termination as identified in the Termination Notice, the enrollee will be terminated from TennCare Medicaid.

9. If the enrollee is granted a hearing and the hearing decision sustains the State’s action, the State reserves its right to recover from the enrollee the cost of services provided during the hearing process.

Rule 1200-13-14-.02 Eligibility is amended by deleting paragraph (7) in its entirety and renumbering subsequent paragraphs accordingly.

Rule 1200-13-14-.02 Eligibility is amended by adding a new renumbered paragraph (9) which shall read as follows:

(9) Disenrollment Related to TennCare Standard Eligibility Reforms

Prior to the disenrollment of TennCare Standard enrollees based on coverage terminations resulting from TennCare Standard Eligibility Reforms, Medicaid eligibility shall be reviewed in accordance with the following.

(a) Ex Parte Review

TDHS will conduct an ex parte review of eligibility for open Medicaid categories for all TennCare Standard enrollees in eligibility groups due to be terminated as part of the TennCare Standard eligibility reforms. Such ex parte review shall be conducted in accordance with federal requirements as set forth by CMS in the Special Terms and Conditions of the TennCare demonstration project.
PUBLIC NECESSITY RULES

(b) Request for Information

1. At least thirty (30) days prior to the expiration of their current eligibility period, the Bureau of TennCare will send a Request for Information to all TennCare Standard enrollees in eligibility groups being terminated pursuant to the TennCare Standard eligibility reforms. The Request for Information will include a form to be completed with information needed to determine eligibility for open Medicaid categories as well as a list of the types of proof needed to verify certain information.

2. Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to TDHS and provide TDHS with the necessary verifications to determine eligibility for open Medicaid categories.

3. Enrollees with a health, mental health, or learning problem or a disability will be given the opportunity to request assistance in responding to the Request for Information. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for responding to the Request for Information.

4. Enrollees will be given an opportunity until the date of termination to request one extension for good cause of the thirty (30) day timeframe for responding to the Request for Information. The good cause extension is intended to allow a limited avenue for possible relief for certain enrollees who face significant unforeseen circumstances, or who, as a result of a health, mental health, or learning problem, or disability, or limited English proficiency are unable to respond timely, as an alternative to imposing a standard with no exceptions whatsoever. The good cause exception does not confer an entitlement upon enrollees and the application of this exception will be within the discretion of TDHS. Only one 30-day good cause extension can be granted to each enrollee. Good cause is determined by TDHS eligibility staff. Good cause is not requested nor determined through filing an appeal. Requests for an extension of the thirty (30) day timeframe to respond to the Request for Information must be initiated by the enrollee. However, the enrollee may receive assistance in initiating such request. TDHS will not accept a request for extension of the thirty (30) day timeframe submitted by a family member, advocate, provider, or CMHC acting on the enrollee’s behalf without the involvement and knowledge of the enrollee, for example, to allow time for such entity to locate the enrollee if his/her whereabouts are unknown. All requests for good cause extension must be made prior to termination of TennCare eligibility. Good cause will be granted if TDHS determines that a health, mental health or learning problem, or disability, or limited English proficiency prevented an enrollee from understanding or responding timely to the Request for Information. Except in the aforementioned circumstances, a good cause extension will only be granted if such request is submitted in writing to DHS prior to termination of TennCare eligibility and TDHS determines that serious personal circumstances such as illness or death prevent an enrollee from responding to the Request for Information for an extended period of time. Proof of the serious personal circumstances is required with the submission of the written request in order for a good cause extension to be granted. Good cause extensions will be granted at the sole discretion of TDHS and if granted shall provide the enrollee with an additional thirty (30) days inclusive of mail time from the date of TDHS’s decision to grant the good cause extension. TDHS will send enrollees a letter granting or denying the request for good cause extensions. TDHS’s decisions with respect to good cause extensions shall not be appealable.
5. If an enrollee provides some but not all of the necessary information to TDHS to determine his/her eligibility for open Medicaid categories during the thirty (30) day period following the Request for Information, TDHS will send the enrollee a Verification Request. The Verification Request will provide the enrollee with ten (10) days inclusive of mail time to submit any missing information as identified in the Verification Request. Enrollees will not have the opportunity to request an extension for good cause of the ten (10) day timeframe for responding to the Verification Request.

6. Enrollees who respond to the Request for Information within the thirty (30) day period or within any extension of such period granted by TDHS shall retain their eligibility for TennCare Standard (subject to any changes in covered services generally applicable to enrollees in their TennCare Standard category) while TDHS reviews their eligibility for open Medicaid categories.

7. TDHS shall review all information and verifications provided within the requisite time period by an enrollee pursuant to the Request for Information and/or the Verification Request to determine whether the enrollee is eligible for any open Medicaid categories. If TDHS makes a determination that the enrollee is eligible for an open Medicaid category, TDHS will so notify the enrollee and the enrollee will be enrolled in appropriate TennCare Medicaid category. Once the enrollee is enrolled in TennCare Medicaid, his/her TennCare Standard eligibility shall then be terminated without additional notice. If TDHS makes a determination that the enrollee is not eligible for any open Medicaid categories or if an enrollee does not respond to the Request for Information within the requisite thirty (30) day time period or any extension of such period granted by TDHS, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

8. TDHS shall, pursuant to the rules, policies and procedures of TDHS and the Bureau of TennCare applicable to new applicants for TennCare coverage, review all information and verifications provided by an enrollee after the thirty (30) day period following the Request for Information or after any extension of such period granted by TDHS, but the enrollee shall not be entitled to retain eligibility for TennCare Standard pending this review. If the individual is subsequently determined to be eligible for an open Medicaid category, s/he shall be granted retroactive coverage to the date of application, or in the case of spend down eligibility for Medically Needy pregnant women and children, to the latter of (a) the date of his or her application or (b) the date spenddown eligibility is met.

(c) Termination Notice

1. The TennCare Bureau will send Termination Notices to all TennCare Standard enrollees being terminated pursuant to the TennCare Standard eligibility reforms who are not determined to be eligible for open Medicaid categories pursuant to the Ex Parte Review or Request for Information processes described in this subsection.

2. Termination Notices will be sent twenty (20) days in advance of the date upon which the coverage will be terminated.

3. Termination Notices will provide enrollees with forty (40) days from the date of the notice to appeal valid factual disputes related to the disenrollment and inform enrollees how they may request a hearing.
4. Enrollees with a health, mental health, or learning problem or a disability will be given the opportunity to request additional assistance for their appeal. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for their appeal.

5. Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day timeframe in which to request a hearing.

Rule 1200-13-14-.05 Enrollee Cost Sharing paragraph (1) subparagraph (b) is amended by revising the first two columns in the “Percentage of Poverty” section from “0%-100%” and “101%-149%” to “0%-99%” and “100%-149%” respectively so as amended subparagraph (b) shall read as follows:

(b) Effective January 1, 2002, the Bureau will update its Premium Sliding Scale Schedule monthly income brackets used for the determination of enrollee cost sharing to reflect the most current poverty levels as published by the Centers for Medicare and Medicaid Services. **Authority:** T.C.A. 4-5-209, 71-5-105, 71-5-109, Executive Order No. 23.

The Public Necessity rules set out herein were properly filed in the Department of State on the 3rd day of June, 2005, and will be effective from the date of filing for a period of 165 days. The Public Necessity rules remain in effect through the 15th day of November, 2005. (06-07)
STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

I am herewith submitting amendments to the rules of the Tennessee Department of Finance and Administration, Bureau of TennCare, for promulgation pursuant to the public necessity provisions of the Uniform Administrative Procedures Act, T.C.A. § 4-5-209 and the Medical Assistance Act, T.C.A. § 71-5-134.

The State of Tennessee has received federal approval for certain eligibility amendments to the TennCare Demonstration Project (No. 11-W-0015 1/4). Approval of the project modification is granted under the authority of Section 1115 (a) of the Social Security Act. The amendments are approved through the period ending June 30, 2007. The TennCare program is a managed care program for both the Medicaid population and the expansion population.

This amendment sets forth provisions for granting fair hearings based on valid factual disputes before a Hearing Officer or Administrative Law Judge. In addition, this amendment defines clear requirements for timely submission of eligibility-based appeals and the continuation of benefits pending resolution of such appeals, including appeals related to disenrollment as a result of certain eligibility amendments to the TennCare Demonstration Project.

Tennessee Code Annotated, Section 71-5-134, states that in order to comply with or to implement the provisions of any federal waiver or state plan amendment obtained pursuant to the Medical Assistance Act as amended by Acts 1993, the Commissioner of Finance and Administration is authorized to promulgate public necessity rules pursuant to Tennessee Code Annotated, Section 4-5-209.

I have made a finding that these amendments are required to conform the current TennCare Standard rules to reflect changes resulting from the amendment of the TennCare waiver.

For a copy of this public necessity rule, contact George Woods at the Bureau of TennCare by mail at 729 Church Street, Nashville, Tennessee 37247-6501 or by telephone at (615) 741-0145.

of Finance and Administration
Rule 1200-13-14-.12 Other Appeals By TennCare Applicants and Enrollees is amended by deleting subparagraph (1)(a) in its entirety and substituting instead the following new language, and is further amended by adding the following new subparagraphs (1)(b) and (1)(c) and renumbering the remaining subparagraphs accordingly, so that the new subparagraphs (1)(a), (1)(b) and (1)(c) shall read as follows:

(1) Appeal Rights of TennCare Standard Applicants or Enrollees.

   (a) Appeal Time; Continuation of Services.

   1. TennCare Standard Appeals.

   (i) TennCare Standard applicants or enrollees will be given the opportunity to have an administrative hearing before a Hearing Officer or an Administrative Law Judge, as determined by the Department of Human Services, regarding valid factual disputes concerning denial of his/her application, cost sharing disputes, limitation, reduction or termination of coverage, failure to act upon a request or application within required timeframes, and disputes regarding disenrollment from TennCare Standard. A valid factual dispute is a dispute that, if resolved in favor of the appellant, would prevent the state from taking the adverse action that is the subject of the appeal. The TennCare Bureau designates TDHS to review each request for a hearing to determine if it is based on a valid factual dispute. If TDHS determines that an appeal does not present a valid factual dispute, then TDHS will send the appellant a letter asking him or her to submit additional clarification regarding the appeal within ten (10) days (inclusive of mail time). Unless such clarification is timely received and is determined by TDHS to establish a valid factual dispute, TDHS will dismiss the appeal. TDHS’ decisions with respect to determination of whether an appeal raises a valid factual dispute shall not be appealable.

   (ii) Requests for appeals must be made within forty (40) calendar days (inclusive of mail time) of the date of the notice to the applicant/enrollee regarding the intended action, notwithstanding anything else in these rules or in the Department of Human Services’ administrative procedures rules to the contrary.

   (iii) Enrollees who request a hearing within twenty (20) calendar days (inclusive of mail time) of the date of notice or prior to the date of termination specified in the notice shall retain their eligibility (subject to any changes in covered services generally applicable to enrollees in their TennCare category) pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first. If the appeal results in the State’s action being sustained, the State reserves its right to recover from the enrollee the cost of services provided to the enrollee during the pendency of the appeal.
(b) Such appeals will be conducted by the Department of Human Services for TennCare Standard applicants/enrollees under the Department of Human Services’ administrative procedures rules, and in accordance with any other applicable rules, laws or court orders governing those programs.

(c) Appeal Rights for Disenrollment Related to TennCare Standard Eligibility Reforms

1. TennCare Standard enrollees, who have not been determined eligible for open Medicaid categories pursuant to the Ex Parte Review or Request for Information processes described in 1200-13-14-.02, will have the right to request a hearing for 40 days (inclusive of mail time) from the date of the Termination Notice, notwithstanding anything else in these rules or in the Department of Human Services’ administrative procedures rules to the contrary.

2. Such appeals will be conducted by the Department of Human Services for TennCare Standard applicants/enrollees under the Department of Human Services’ administrative procedures rules, and in accordance with any other applicable rules, laws or court orders governing those programs.

3. Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day timeframe in which to request a hearing.

4. Enrollees who request a hearing prior to the date of termination specified in the Termination Notice shall retain their eligibility (subject to any changes in covered services generally applicable to enrollees in their TennCare category) pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first.

5. The TennCare Bureau designates TDHS to review each request for hearing to determine if it is based on a valid factual dispute. Enrollees will be given the opportunity to have an administrative hearing before a Hearing Officer or an Administrative Law Judge, as determined by TDHS, regarding valid factual disputes related to termination. If TDHS makes an initial determination that the request for a hearing is not based on a valid factual dispute, the appellant will receive a notice which provides ten (10) days (inclusive of mail time) to provide additional clarification of any factual dispute on which his/her appeal is based. Unless such clarification is timely received and is determined by TDHS to establish a valid factual dispute, a fair hearing will not be granted.

6. TDHS will grant hearings only for those enrollees raising valid factual disputes related to the action of disenrollment. A valid factual dispute is a dispute that, if resolved in favor of the appellant, would prevent the state from taking the adverse action that is the subject of the appeal. Appeals that do not raise a valid factual dispute will not proceed to a hearing. Valid factual disputes include:

   (i) Enrollee received the Termination Notice in error (e.g., they are currently enrolled in a TennCare Medicaid or TennCare Standard category that is not ending);

   (ii) TDHS failed to timely process information submitted by the enrollee during the requisite time period following the Request for Information or Verification Request;
(iii) TDHS granted a “good cause” extension of time to reply to the Request for Information Notice but failed to extend the time (this is the only circumstance surrounding good cause which can be appealed);

(iv) Enrollees requested assistance because of a health, mental health, learning problem or disability but did not receive this assistance; or

(v) The TennCare Bureau sent the Request for Information or Termination Notice to the wrong address as defined under state law.

7. When an enrollee requests a hearing prior to the date of termination as identified in the Termination Notice, benefits will continue either until TDHS determines that the enrollee has not raised a valid factual dispute or the appeal is otherwise resolved.

8. If the enrollee does not appeal prior to the date of termination as identified in the Termination Notice, the enrollee will be terminated from TennCare.

9. If the enrollee is granted a hearing and the hearing decision sustains the State’s action, the State reserves its right to recover from the enrollee the cost of services provided during the hearing process.

The Public Necessity rules set out herein were properly filed in the Department of State on the 8th day of June, 2005, and will be effective from the date of filing for a period of 165 days. The Public Necessity rules remain in effect through the 20th day of November, 2005. (06-11)
The waiver of tuition and fees for full-time state employees at public postsecondary institutions authorized by Tennessee Code Annotated Section 8-50-114 went into effect on July 1, 1990. Pursuant to Section 8-50-114(e), the Tennessee Higher Education Commission promulgated rules to, among other things, define “full-time state employee”. Through discussions with the Department of Personnel, it was determined that the Department recognized a class of full-time state employees that do not fall under the current definition found in these rules. A public necessity rule is necessary to address the problem so that the employees affected by this rule change will not be denied this benefit for the Summer and Fall 2005 semesters.

For a copy of this public necessity rule contact Rosie Padgett, Tennessee Higher Education Commission, Suite 1900, Parkway Towers, 404 James Robertson Parkway, Nashville, Tennessee 37243, telephone 615-741-3605.

Authority: T.C.A. § 8-50-114.

STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

The tuition discount at public postsecondary institutions for the children of state employees authorized by Tennessee Code Annotated Section 8-50-115 went into effect on July 1, 1992. Pursuant to Section 8-50-115(b), the Tennessee Higher Education Commission promulgated rules to, among other things, define "full-time state employee". Through discussions with the Department of Personnel it was determined that the Department recognized a class of full-time state employees that do not fall under the current definition found in these rules. A public necessity rule is necessary to address the problem so that the children of employees affected by this rule change will not be denied this benefit for the Summer and Fall 2005 semesters.

(6) Full-time employee of the State of Tennessee: Employee of the executive, judicial, or legislative branches of Tennessee state government:

(a) classified as “full-time” and scheduled to work one thousand nine hundred and fifty (1,950) hours or more per fiscal year; or

STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

The Commissioner of the Tennessee Department of Labor and Workforce Development ("Commissioner") makes this statement pursuant to Tenn. Code Ann. §§ 4-5-209 and 50-6-204(i)(5) (Supp. 2004). The Commissioner hereby promulgates the following public necessity rules establishing a Medical Cost Containment Program as part of the comprehensive medical fee schedule and related system applicable to all medical treatment under the Workers’ Compensation Law as administered by the Workers’ Compensation Division of the Tennessee Department of Labor and Workforce Development.

Tennessee Code Annotated 50-6-204(i)(1) (Supp. 2004), mandates the Commissioner establish a comprehensive medical fee schedule and related system which includes, but is not limited to, procedures for review of charges, enforcement procedures and appeal hearings, to implement the fee schedule. In addition, the General Assembly specifically authorized the Commissioner to promulgate these rules, if appropriate, as public necessity rules. Tenn. Code Ann. § 50-6-204(i)(5) (Supp. 2004). The General Assembly also mandated that these rules must take effect on July 1, 2005. To insure compliance with the General Assembly's directive that the rules establishing a Medical Cost Containment Program take effect on July 1, 2005, the Commissioner is therefore required to implement these rules within a prescribed period of time which precludes utilization of the other rulemaking procedures for the promulgation of permanent rules.

James Neeley, Commissioner
Tennessee Department of Labor & Workforce Development

For copies of these public necessity rules, contact: Vickie Gregory, Administrative Secretary, Tennessee Department of Labor and Workforce Development, Division of Workers’ Compensation, Andrew Johnson Tower, Second Floor, 710 James Robertson Parkway, Nashville, TN 37243-0661, (615) 253-1613.
0800-2-17-.01 PURPOSE AND SCOPE

(1) Purpose. Pursuant to Tenn. Code Ann. § 50-6-204 (Supp. 2004), the following Medical Cost Containment Program Rules, together with the Medical Fee Schedule Rules, Chapter 0800-2-18-.01 et seq., and the In-patient Hospital Fee Schedule Rules, Chapter 0800-2-19.01 et seq., are hereby adopted by the Commissioner in order to establish a comprehensive medical fee schedule and a related system which includes, but is not limited to, procedures for review of charges, enforcement procedures and appeal hearings, to implement a medical fee schedule. The Commissioner promulgates these Medical Cost Containment Program Rules together with the Medical Fee Schedule and In-patient Hospital Fee Schedule rules to establish the maximum allowable fees for health care services falling within the purview of the Tennessee Workers' Compensation Act ("Act"). These Medical Cost Containment Program Rules must be used in conjunction with the Medical Fee Schedule Rules and In-patient Hospital Fee Schedule Rules. The Medical Cost Containment Program Rules, Medical Fee Schedule Rules and In-patient Hospital Fee Schedule Rules (collectively herein "Rules") establish maximum allowable fees. Employers, carriers and providers may negotiate and contract lesser fees as are agreeable between them, but in no event shall reimbursement be in excess of the Rules, subject to the civil penalties prescribed in the Rules, as assessed by, and in the discretion of, the Commissioner, the Commissioner's designee, or an agency member appointed by the Commissioner.

(2) Scope. These rules do all of the following:

(a) Establish procedures by which the employer shall furnish, or cause to be furnished to an employee who receives a personal injury, or suffers an occupational disease, arising out of and in the course of employment, reasonable and necessary medical, surgical, and hospital services and medicines, or other attendance or treatment recognized by the laws of the state as legal, when needed. The employer shall also supply to the injured employee dental services, crutches, artificial limbs, eyes, teeth, eyeglasses, hearing apparatus, and other appliances necessary to cure, so far as reasonably and necessarily possible, and relieve from the effects of the injury or occupational disease.

(b) Establish schedules of maximum fees by a health facility or health care provider for such treatment or attendance, service, device, apparatus, or medicine.

(c) Establish procedures by which a health care provider shall be paid the lesser of: (1) the provider's usual charge, (2) the maximum fee established under these Rules, or (3) the MCO/PPO or any other negotiated and contracted price, where applicable. In no event shall reimbursement be in excess of these Rules. Reimbursement in excess of these Rules may, at the Commissioner's discretion, result in civil penalties of ten thousand dollars ($10,000.00) per violation each assessed severally against the provider accepting such fee and the carrier or employer paying the excessive fee, if a pattern or practice of such activity is found. At the Commissioner's discretion, such provider may also be reported to the appropriate certifying board, and may be subject to exclusion from participating in providing care under the Act.

(d) Identify utilization of health care and health services which is above the usual range of utilization for such services, based on medically accepted standards. Also to provide the ability by a carrier and the Division to obtain necessary records, medical bills, and other information concerning any health care or health service under review.
(e) Establish a system for the evaluation by a carrier of the appropriateness in terms of both the level of and the quality of health care and health services provided to injured employees, based upon medically accepted standards.

(f) Authorize carriers to withhold payment from, or recover payment from, health facilities or health care providers which have made excessive charges or which have required unjustified and/or unnecessary treatment, hospitalization, or visits.

(g) Permit review by the Division of the records and medical bills of any health facility or health care provider which has been determined not to be in compliance with these Rules, or to be requiring unjustified and/or unnecessary treatment, hospitalization or office visits.

(h) Establish that when a health care facility or health care provider provides health care or health care service that is not usually associated with, is longer in duration than, is more frequent than, or extends over a greater number of days than the health care or service usually does with a diagnosis or condition for which the patient is being treated, the health care provider may be required by the carrier to explain the necessity in writing.

(i) Implement the Division's review and decision responsibility. These Rules and definitions are not intended to modify the workers' compensation laws, other administrative rules of the Division, or court decisions interpreting the laws or the Division's administrative rules.

(j) Establish maximum fees for depositions/witnesses.

(k) Establish maximum fees for medical reports.

(l) Provide for uniformity of billing for provider services.

(m) Establish the effective date for implementation of these Rules.

(n) Adopt by reference as part of this rule the American Medical Association’s CPT, Medical Fee Schedule, the In-patient Hospital Fee Schedule and any amendments to the fee schedule.

(o) Establish procedures for reporting of medical claims.

(p) Establish procedures for preauthorization of non-emergency hospitalizations, transfers between facilities, and outpatient services.

(q) Establish procedures for imposing and collecting civil penalties for violations of these Rules.

(r) The Rules shall be effective July 1, 2005.

Authority: T.C.A. §§ 50-6-118, 50-6-125, 50-6-128, 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).
0800-2-17-.02 SEVERABILITY AND PREEMPTION

If any provision of these Medical Cost Containment Program Rules, the Medical Fee Schedule Rules or the In-patient Hospital Fee Schedule Rules (collectively hereinafter “Rules”) or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the Rules and the application of the provisions to other persons or circumstances shall not be affected in any respect whatsoever. Whenever a conflict arises between these Rules and any other rule or regulation, these Rules shall prevail.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

0800-2-17-.05 PROCEDURE CODES/ADOPTION OF THE CMS’ MEDICARE PROCEDURES, GUIDELINES AND AMOUNTS

(1) Services and medical supplies must be coded with valid procedure or supply codes of the Health Care Financing Administration Common Procedure Coding System ("HCPCS"). Procedure codes used in these rules were developed and copyrighted by the American Medical Association.

(2) The most current edition of the American Medical Association’s Current Procedural Terminology ("CPT") shall be used with these Guidelines.

(3) Unless otherwise explicitly stated in these Rules, the most current Medicare procedures and guidelines are hereby adopted and incorporated as part of these Rules as if fully set out herein and are effective upon adoption and implementation by the CMS. Whenever there is no specific fee or methodology for reimbursement set forth in these Rules, then the maximum amount of reimbursement shall be at 100% of the 2005 CMS’ Medicare allowable amount. The most current effective Medicare guidelines and procedures shall be followed in arriving at the correct amount. The Medicare base amount may, upon review by the Commissioner, be adjusted upward annually based upon the annual Medicare Economic Index adjustment, but this amount shall never fall below the effective 2005 Medicare amount. Whenever there is no applicable Medicare code or methodology, the service, equipment, diagnostic procedure, etc. shall be reimbursed at the lesser of the usual and customary or the prevailing charge amount and be billed BR.

The provider must submit an explanation, such as copies of operative reports, consultation reports, progress notes, office notes or other applicable documentation, or description of equipment or supply (when that is the charge).

(2) The CPT contains procedure codes for unlisted procedures. These codes should only be used when there is no procedure code which accurately describes the service rendered. A special report is required as these services are reimbursed BR.

(3) Reimbursement by the carrier for BR procedures should be based upon the carrier’s review of the submitted documentation, the recommendations from the carrier’s medical consultant, and the carrier’s review of the prevailing charges for similar services as identified by the carrier based on data which is representative of Tennessee charges.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).
0800-2-17-.07 MODIFIER CODES

(1) Modifiers listed in the most current CPT shall be added to the procedure code when the service or procedure has been altered from the basic procedure described by the descriptor.

(2) The use of modifiers does not imply or guarantee that a provider will receive reimbursement as billed. Reimbursement for modified services or procedures must be based on documentation of reasonableness and necessity and must be determined on a case-by-case basis.

(3) When Modifier 21, 22, or 25 is used, a report explaining the medical necessity of the situation must be submitted to the carrier. It is not appropriate to use Modifier 21, 22, or 25 for routine billing.

When this occurs, the total reimbursement must not exceed the maximum medical fee schedule allowable for the 5-digit procedure code listed.

(1) When billing for the professional component only, Modifier 26 must be added to the appropriate 5-digit procedure code.

(2) When billing for the technical component only, Modifier TC (Technical Component) must be added to the appropriate 5-digit code.

Authority: T.C.A. §§ 50-6-128, 50-6-204, 50-6-205 (Supp. 2004).

(2) An independent medical examination, performed to evaluate the medical aspects of a case (other than one conducted under the Division’s MIRR Program), shall be billed using the independent medical examination procedure code 99455 or 99456 (BR), and shall include the practitioner’s time only. Time spent shall include face-to-face time with the patient, time spent reviewing records, reports and studies, and time spent preparing reports. The office visit charge is included with the code 99455 or 99456 and shall not be billed separately.

0800-2-17-.10 PAYMENT

(1) Reimbursement for all health care services and supplies shall be the lesser of (a) the provider’s usual charge, or (b) the maximum fee calculated according to these Rules (and/or any amendments to these Rules), or (c) the MCO/PPO or any other contracted price, wherever applicable. A licensed provider shall receive no more than the maximum allowable payment, in accordance with these Rules, for appropriate health care services rendered to a person who is entitled to health care services under the Act.

(2) The most current Medicare RBRVS is adopted by reference as part of these Rules. The Medicare RBRVS is distributed by the Office of the Federal Register and is also available on the Internet at www.cms.hhs.gov/medicare. Whenever a different guideline or procedure is not set forth in these Rules, the most current effective Medicare guidelines and procedures shall be followed.

(3) When extraordinary services resulting from severe head injuries, major burns, and severe neurological injuries or any injury requiring an extended period of intensive care are required, a greater fee may be allowed up to 150% of the professional service fees normally allowed under these Rules. Such cases shall be billed with modifier 21 or 22 (for CPT coded procedures) and shall contain a detailed written description of the extraordinary service rendered and the need therefore. This provision does not apply to In-patient Hospital Care facility fees which are specifically addressed in the In-patient Hospital Fee Schedule Rules, 0800-2-19-.01 et seq.

(4) Billing for provider services shall be submitted on the forms approved by the Division: UB-92 and HFCA-1500, or their official replacement forms.

(6) A carrier’s payment shall reflect any adjustments in the bill made through the carrier’s utilization review program.

(a) A carrier must provide an explanation of medical benefits to a health care provider whenever the carrier’s reimbursement differs from the amount billed by the provider.

(b) A provider shall not attempt to collect from the injured employee, employer, or carrier any amounts properly reduced by the carrier pursuant to this rule.

(7) A carrier shall date stamp medical bills and reports upon receipt and shall pay an undisputed and properly submitted bill within thirty-one (31) calendar days of receipt. Any carrier that fails to pay an undisputed and properly submitted bill within thirty-one 31 calendar days of receipt shall be assessed a civil penalty of 2.08% monthly (25% annual percentage rate (“APR”)). The 2.08% monthly civil penalty (25% APR) shall be compounded monthly and shall be payable to the provider at the time of reimbursement.

(8) When a carrier disputes a bill or portion thereof, the carrier shall pay the undisputed portion of the bill within thirty-one (31) calendar days of receipt of a properly submitted bill. Any carrier not paying an undisputed portion of the bill within thirty-one (31) calendar days of receipt shall be
assessed a civil penalty of 2.08% monthly (25% APR) on the undisputed portion of the bill. The 2.08% monthly civil penalty (25% APR) shall be compounded monthly and shall be payable to the provider at the time of reimbursement.

(9) Any provider not receiving timely payment of the undisputed portion of the provider’s bill may institute a collection action in a court having proper jurisdiction over such matters to obtain payment of the bill, together with the interest civil penalty of 25% APR. Such providers, if they prevail, shall also be entitled to reasonable costs and attorney fees incurred in such collection actions to be paid by the carrier or self-insured employer.

(10) Billings not submitted on the proper form, as prescribed in these Rules, the In-patient Hospital Fee Schedule Rules, and the Medical Fee Schedule Rules, may be returned to the provider for correction and resubmission. If a carrier returns such billings, it must do so within 20 calendar days of receipt of the bill. The number of days between the date the carrier returns the billing to the provider and the date the carrier receives the corrected billing, shall not apply toward the thirty-one (31) calendar days within which the carrier is required to make payment.

(11) Payments to providers for initial examinations and treatment authorized by the carrier or a self-insured employer shall be paid by that carrier or self-insured employer and shall not later be subject to reimbursement by the employee or another medical insurance program, even if the injury or condition for which the employee was sent to the provider is later determined non-compensable under the Act.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

0800-2-17-.11 REIMBURSEMENT FOR EMPLOYEE-PAID SERVICES

Notwithstanding any other provision of this rule, if an employee has personally paid for a health care service and at a later date a carrier is determined to be responsible for the payment, then the employee shall be fully reimbursed by the carrier.

(2) A carrier may recover a payment to a provider, whether by an employee or a carrier, if the carrier requests the provider for the recovery of the payment, with a statement of reasons for the request, within one year of the date of payment.

(3) Within thirty-one (31) calendar days of receipt of the carrier’s request for recovery of the payment, the provider shall do either of the following:

(a) If in agreement with the request, refund the payment to the carrier.
(b) If not in agreement with the request, supply the carrier with a written detailed statement of
the reasons for its disagreement, along with a refund of the portion, if any, of the payment
that the provider agrees should be refunded.

(4) If the carrier does not accept the reason for disagreement supplied by the provider, the carrier
may file a request for Administrative Review, within thirty-one (31) calendar days of receipt of
the provider’s statement of disagreement. The request for review shall be filed with the Medical
Director for a recommendation by the Medical Care and Cost Containment Committee (MCCCC).
The carrier shall supply a copy to the provider.

(5) If, within 62 calendar days of the carrier’s request for recovery of a payment, the carrier does not
receive either a full refund of the payment or a statement of disagreement, then, at the option of
the carrier, the carrier may do either or both of the following:

(a) File a request for Administrative Review as outlined above, of which the carrier shall supply
a copy to the provider.

(b) Reduce the payable amount on the provider’s subsequent bills (in the case in question or
any other case) to the extent of the request for recovery of payment.

(6) If, within thirty-one (31) calendar days of a recommendation from the MCCCC, a provider
does not pay in full any refund recommended, the carrier may reduce the payable amount
on the provider’s subsequent bills to the extent of the request for recovery of payment, plus
an additional 25% per annum. The carrier may, at its discretion, pursue recovery of such
refund in a court of law with proper jurisdiction pursuant to T.C.A. § 50-6-226.

Authority: T.C.A. §§ 50-6-204, 50-6-205, 50-6-226 (Supp. 2004), 50-6-233 (Repl. 1999).

payment established by these Rules. Any provider accepting and any employer or carrier paying
an amount in excess of the Division’s Medical Cost Containment Program Rules, Medical Fee
Schedule Rules or the In-patient Hospital Fee Schedule Rules, shall be in violation of these Rules
and may, at the Commissioner’s discretion, be subject to civil penalties of ten thousand dollars
($10,000.00) per violation for each violation, which may be assessed severally against the provider
accepting such fee and the carrier or employer paying the excessive fee whenever a pattern or

Designee, or an agency member appointed by the Commissioner, such provider may also be
reported to the appropriate certifying board, and may be subject to exclusion from participating

(5) The Commissioner, Commissioner’s Designee, or an agency member appointed by the Commissioner shall have the authority to hear the matter as a contested case and determine if any civil penalty assessed should have been assessed.

   c. The carrier shall notify the employer, employee and the provider that the rules prohibit a provider from billing an employee, employer, or carrier for any amount for health care services provided for the treatment of a compensable work-related injury, illness or occupational disease when that amount is disputed by the carrier pursuant to its utilization review program, or when the amount exceeds the maximum allowable payment established by the Fee Schedule Rules (Medical and In-patient Hospital). The last day on which compliance therewith is required shall be included. If the last day within which an act shall be performed or an appeal filed is a Saturday, Sunday, or a legal holiday, the day shall be excluded, and the period shall run until the end of the next day which is not a Saturday, Sunday, or legal holiday. (1) Scope of this part:

Requirements contained in this part shall pertain to utilization review activity as defined by T.C.A. § 50-6-124 (Repl. 1999) with respect to services by a provider for health care or health related services furnished as a result of a compensable injury, illness or occupational disease arising out of and in the course of employment. These Rules are intended to supplement and do not in any way displace the Division’s Utilization Review Rules, Chapter 0800-2-6.

(2) Carrier’s Utilization Review Program

(a) The carrier shall have a utilization review program.

(b) Utilization review shall be conducted in a reasonable manner and in accordance with this rule.
(c) Under the utilization review program, the carrier shall do all of the following:

1. Perform ongoing utilization review of medical bills to identify over-utilization of services and improper billing;

2. Determine the accuracy of the procedure coding. If the carrier determines, based upon review of the bill and any related material which describes the procedure performed, that the procedure is incorrectly or incompletely coded, the carrier may recode the procedure, but shall notify the provider of the reasons for the recoding within 30 days of receipt of the bill;

3. Reduce the bill to the maximum allowable payment for that procedure;

4. Refer to the Division’s Medical Director all providers whose billing practices indicate over-utilization.

5. A carrier may have another certified entity perform utilization review activities on its behalf.

(d) The utilization review program, whether operated by the carrier or an entity on behalf of the carrier, shall be certified by the Tennessee Department of Commerce and Insurance as prescribed in the Division’s Rule 0800-2-6-.02.

(e) The carrier shall provide the Division with the name, address, and license number (and a copy of the contract agreement between the carrier and other entity if applicable) of the entity responsible for conducting the carrier’s utilization review program.

(f) The carrier is responsible for notifying the Division when changing reviewing entities.

(g) For purposes of this rule, a carrier which has another entity perform utilization review activities on its behalf maintains full responsibility for compliance with this rule.

(h) Under the carrier’s utilization review program, the carrier shall make determinations concerning a compensable injury, illness or occupational disease through one of the following approaches:

1. Review by licensed, registered, or certified health care professionals.

2. The application of criteria developed by licensed, registered, or certified health care professionals.

3. A combination of approaches in subdivisions (1) and (2) of this Subsection according to the type of covered injury or illness.

(i) Licensed, registered, or certified health care professionals shall be involved in determining the carrier’s response to a request by a provider for reconsideration of its bill.

(j) These licensed, registered, or certified health care professionals shall have suitable occupational injury or disease expertise, or both, to render an informed clinical judgment on the medical appropriateness of the services provided.

Authority: T.C.A. § 50-6-124, 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

The Division encourages participation in the development of and changes to the Medical Cost Containment Program Rules, the Medical Fee Schedule Rules and the In-patient Hospital Fee Schedule Rules by all groups, associations, and the public. Any such group, association or other party desiring input into or changes made to these Rules and associated schedules must make their recommendations, in writing, to the Commissioner. After analysis, the Division may incorporate such recommended changes into Rules after appropriate consideration and public comment. The Medical Fee Schedule Rules, Medical Cost Containment Program Rules and In-Patient Hospital Fee Schedule Rules shall be reviewed by the Commissioner, in consultation with the Medical Care and Cost Containment Committee and the Advisory Council on Workers’ Compensation July 2006 and on an annual basis thereafter. When appropriate, the Commissioner may revise the Fee Schedule Rules as necessary and appropriate.

Authority: T.C.A. § 50-6-204 (Supp. 2004).

0800-2-17-.24 PROVIDER AND FACILITY FEES FOR COPIES OF MEDICAL RECORDS

(1) Health care providers and facilities are entitled to recover a reasonable amount to cover the cost of copying documents requested by the carrier, self-insured employer, employee, attorneys, etc. Documentation which is submitted by the provider and/or facility, but was not specifically requested by the carrier, shall not be allowed a copy charge.

(2) Health care providers and facilities must furnish an injured employee or the employee’s attorney and carriers/self-insureds or their legal representatives copies of records and reports upon request. The maximum charge allowed shall be the same as that set out in T.C.A. § 50-6-204, as amended.

(3) Health care providers and facilities may charge the actual direct cost of copying x-rays, microfilm or other non-paper records.

(4) The copying charge shall be paid by the party who requests the records.

(5) An itemized invoice shall accompany the copy.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

0800-2-17-.25 PENALTIES FOR VIOLATIONS OF FEE SCHEDULE RULES AND MEDICAL COST CONTAINMENT PROGRAM RULES

The Commissioner, Commissioner’s Designee, or an agency member appointed by the Commissioner, shall have the authority to assess civil penalties up to and including $10,000.00 per violation, as set forth more fully in Rule 0800-2-17-.13, for violations of the Medical Fee Schedule Rules, In-patient Hospital Fee Schedule Rules or the Medical Cost Containment Program Rules.

Authority: T.C.A. §§ 50-6-118, 50-6-125, 50-6-128, 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

The public necessity rules set out herein were properly filed in the Department of State on the 15th day of June, 2005, and will be effective from the day of filing for a period of 165 days. These public necessity rules will remain in effect through the 27th day of November, 2005. (06-14)
STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

The Commissioner of the Tennessee Department of Labor and Workforce Development ("Commissioner") makes this statement pursuant to Tenn. Code Ann. §§ 4-5-209 and 50-6-204(i)(5) (Supp. 2004). The Commissioner hereby promulgates the following public necessity rules establishing a Medical Fee Schedule as part of the comprehensive medical fee schedule and related system applicable to all medical treatment under the Workers’ Compensation Law as administered by the Workers’ Compensation Division of the Tennessee Department of Labor and Workforce Development.

Tennessee Code Annotated § 50-6-204(i)(1) (Supp. 2004), mandates the Commissioner establish a comprehensive medical fee schedule and related system which includes, but is not limited to, procedures for review of charges, enforcement procedures and appeal hearings, to implement the fee schedule. In addition, the General Assembly specifically authorized the Commissioner to promulgate these rules, if appropriate, as public necessity rules. Tenn. Code Ann. § 50-6-204(i)(5) (Supp. 2004). The General Assembly also mandated these rules must take effect on July 1, 2005. To insure compliance with the General Assembly’s directive that the rules establishing a Medical Fee Schedule take effect on July 1, 2005, the Commissioner is therefore required to implement these rules within a prescribed period of time which precludes utilization of the other rulemaking procedures for the promulgation of permanent rules.

James Neeley, Commissioner
Tennessee Department of Labor & Workforce Development

For copies of this public necessity rule, contact: Vickie Gregory, Administrative Secretary, Tennessee Department of Labor and Workforce Development, Division of Workers’ Compensation, Andrew Johnson Tower, Second Floor, 710 James Robertson Parkway, Nashville, TN 37243-0661, (615) 253-1613.
0800-2-18-.01 MEDICARE-BASIS FOR SYSTEM, APPLICABILITY, EFFECTIVE DATE AND CODING REFERENCES

(1) The Medical Fee Schedule of the Tennessee Division of Workers' Compensation ("TDWC") is a Medicare-based system, but with multiple conversion factors. Only one geographical practice index is recognized in Tennessee under Medicare, therefore these Medical Fee Schedule rates apply state-wide. The Medical Fee Schedule is based upon the Centers for Medicare and Medicaid Services ("CMS") (formerly the Health Care Financing Administration's) ("HCFA") Medicare Resource Based Relative Value Scale ("RBRVS"), utilizing CMS' national relative value units and Tennessee specific conversion factors adopted by the Tennessee Division of Workers' Compensation. Anyone using this schedule must consult and be familiar with the Division's Medical Cost Containment Program rules, 0800-2-17-.01 et seq., the In-patient Hospital Fee Schedule rules, 0800-2-19.01 et seq., the most current American Medical Association ("AMA") CPT Codes, Health Care Financing Administration Common Procedure Coding System ("HCPCS"), American Society of Anesthesiologists ("ASA") Relative Value Guide, and the most current effective Medicare procedures and guidelines.

(2) This Medical Fee Schedule must be used in conjunction with Medical Cost Containment Program Rules and the In-patient Hospital Fee Schedule Rules. The definitions set out in those rules, as well as the other general provisions, including but not limited to those regarding prompt payment of provider's bills, are adopted by reference as if set forth fully herein and those Rules must be used in conjunction with these Medical Fee Schedule Rules.

(3) The Medical Fee Schedule Rules are effective July 1, 2005 and apply to all services provided on or after July 1, 2005. The most current versions of the American Medical Association's CPT and the Medicare RBRVS shall automatically be applicable and are adopted by these Rules by reference upon their effective dates. Fees shall be calculated using the edition of the CPT and RBRVS effective on the date of service.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

0800-2-18-.02. GENERAL INFORMATION AND INSTRUCTIONS FOR USE

(1) Format

This schedule consists of the following sections: General Medicine (including Evaluation and Management), General Surgery, Neuro- and Orthopedic Surgery, Radiology, Pathology, Anesthesiology, Injections, Durable Medical Equipment, Implants and Orthotics, Pharmacy, Physical and Occupational Therapy, Ambulatory Surgical Centers and Outpatient Hospital Care, Chiropractic, Ambulance Services and Clinical Psychological Services. Providers should use the section(s) containing the procedure(s) they perform, or the service(s) they render.

(2) Reimbursement

(a) Unless otherwise indicated herein, the most current Medicare procedures and guidelines are hereby adopted and incorporated as part of these Rules as if fully set out herein and effective upon adoption and implementation by the CMS. Whenever there is no specific fee or methodology for reimbursement set forth in these Rules for a service, diagnostic procedure, equipment, etc., then the amount of reimbursement shall be at 100% of the most current effective CMS' Medicare allowable amount. The most current effective Medicare guidelines and procedures shall be followed in arriving at the correct amount. For purposes
PUBLIC NECESSITY RULES

of these Rules, the Medicare amount may be adjusted upward annually based upon the annual Medicare Economic Index adjustment, but this amount shall never fall below the effective 2005 Medicare amount. Whenever there is no applicable Medicare code or method of reimbursement, the service, equipment, diagnostic procedure, etc. shall be reimbursed at the lesser of the usual and customary amount, or the prevailing charge amount, and shall be billed By Report (“BR”).

(b) Reimbursement to all providers shall be the lesser of the following:

1. The provider’s usual charge;

2. The fee calculated according to the TDWC Fee Schedule Rules (includes 100% of Medicare if no other specific fee or methodology is set forth in these Rules);

3. The MCO/PPO or any other contracted price;

4. In no event shall reimbursement be in excess of these TDWC Fee Schedules, unless otherwise provided in the Division’s rules. Reimbursement in excess of the TDWC Medical Fee Schedule may result in civil penalties, at the Commissioner’s discretion, of $10,000.00 per violation for each violation assessed severally against the provider accepting such fee and the carrier or employer paying the excessive fee, should a pattern or practice of such activity be found. At the Commissioner’s discretion, such provider may also be reported to the appropriate certifying board or other appropriate authority, and may be subject to exclusion from participating further in providing care under the Tennessee Workers’ Compensation Act (“Act”).

(3) Fee Schedule Calculations

The TDWC Medical Fee Schedule amount can be calculated for any specific CPT code by multiplying the national “transitioned nonfacility total relative value units” (“RVUs”) by the conversion factor applicable to that CPT. Certain areas listed below do not have a conversion factor and the maximum reimbursement amount allowed is the usual and customary amount, as indicated. Other areas not listed below, such as dentistry, have a maximum reimbursement amount of 100% of the Medicare allowable amount calculated in accordance with then current effective Medicare guidelines and methodology.

(4) Conversion Factors—based on the CMS’ 2005 Tennessee unit amount of 37.8975

(b) The appropriate conversion factor should be determined by the type of CPT code for the procedure performed in all cases except those involving orthopedic and neurosurgery. The appropriate conversion factor for all surgical CPT codes for surgical procedures by any physician other than board-eligible neurosurgeons and orthopedic surgeons is $75.80 (200% of Tennessee Medicare rates). Board-eligible and certified neurosurgeons and orthopedic surgeons shall use the neurosurgery and orthopedic surgery conversion factors only for surgery CPT codes. Evaluation and management CPT codes require the use of the associated conversion factor of $60.64 (160% of Tennessee Medicare rates) by all physicians, including neurosurgeons and orthopedic surgeons. **“LUPA” refers to the Medicare rates for Low Utilization Payment Adjustment.**

(5) Forms

(a) The following forms (or their official replacements) should be used for provider billing: HCFA 1500 and UB 92

(b) Bills for reimbursement shall be sent directly to the party responsible for reimbursement. In most instances, this is the Insurance Carrier or the Self-Insured Employer. Insurance Carriers and/or Employers shall furnish this information to the Providers.

(6) Violations of Fee Schedules and Medical Cost Containment Rules

The Commissioner, Commissioner’s Designee, or an agency member appointed by the Commissioner, shall have the authority to issue civil penalties up to and including $10,000.00 per violation for violations of the Medical Fee Schedule, In-patient Hospital Fee Schedule or the Medical
PUBLIC NECESSITY RULES

Cost Containment Program Rules ("Rules") as prescribed in the Rules. Any party notified of an alleged violation, whether or not they are assessed civil penalties hereunder, shall be entitled to a contested case hearing before the Commissioner, Commissioner’s Designee, or an agency member appointed by the Commissioner pursuant to the Uniform Administrative Procedures Act, Tenn. Code Ann. § 4-5-101 et seq., if a written request is submitted to the Division by the party within fifteen (15) calendar days of issuance of notice of such violations and of any civil penalty. Failure to make a timely request will result in the violation and penalty decision becoming a final order and not subject to further review.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

0800-2-18-.03 GENERAL GUIDELINES

(1) Guidelines define items that are necessary to appropriately interpret and report the procedures and services contained in a particular section and provide explanations regarding terms that apply only to a particular section.

(2) The Guidelines found in the most current edition of the AMA's CPT apply to the following: General Medicine (includes Evaluation and Management), General Surgery, Neuro-surgery, Orthopedic Surgery, Chiropractic, Physical and Occupational Therapy, Home Health Care, Home Infusion, Ambulatory Surgical Centers and Outpatient Hospital Services, Radiology, Clinical Psychological, and Pathology. CDT-3 Codes of current dental terminology prescribed by the American Dental Association, including the terminology updates and revision issued in the future by the American Dental Association shall be used for all Dentistry services.

(3) In addition to the Guidelines found in the AMA's CPT, the following Division’s Guidelines also apply. Whenever a conflict exists between these Medical Fee Schedule Rules and any other fee schedule, rule or regulation, these Medical Fee Schedule Rules shall govern.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

0800-2-18-.04 SURGERY GUIDELINES

(1) Multiple Procedures: Reimbursement shall be based on 100% of the physician’s usual charge for the major procedure (not to exceed 100% of the TDWC Medical Fee Schedule amount allowable) plus 50% of the physician’s usual charge for the lesser or secondary procedure (s) (not to exceed 50% of the TDWC Medical Fee Schedule allowable).

(2) Services Rendered by More Than One Physician:

(a) Concurrent Care: One attending physician shall be in charge of the care of the injured employee. However, if the nature of the injury requires the concurrent services of two or more specialists for treatment, then each physician shall be entitled to the listed fee for services rendered.

(b) Surgical Assistant: A physician who assists at surgery may be reimbursed as a surgical assistant. To identify surgical assistant services provided by physicians, Modifier 80 or 81 shall be added to the surgical procedure code which is billed. A physician serving as a surgical assistant must submit a copy of the operative report to substantiate the services rendered. Reimbursement is limited to the lesser of the surgical assistant’s usual charge or 20% of
the maximum allowable Medical Fee Schedule amount. Duly licensed physician assistants may serve as surgical assistants as deemed appropriate by the physician, and if so, the licensed physician assistants’ reimbursement shall not exceed the physician assistant fee due for the procedure as calculated pursuant to Medicare guidelines, not the conversion factors contained in the workers’ compensation Medical Fee Schedule.

(c) Two Surgeons: For reporting see the most current CPT. Each surgeon must submit an operative report documenting the specific surgical procedure(s) provided. Each surgeon must submit an individual bill for the services rendered. Reimbursement must not be made to either surgeon until the carrier has received each surgeon’s individual operative report and bill. Reimbursement to both surgeons shall not exceed 150% of the maximum allowable Fee Schedule amount of the first surgeon and shall be allocated between the surgeons as agreed by them.

(3) When a surgical fee is chargeable, no office visit charge shall be allowed for the day on which this surgical fee is earned, except if surgery is performed on the same day as the physician’s first examination. All exceptions require use of the appropriate modifiers and shall be filed BR.

(4) Certain of the listed procedures in the Medical Fee Schedule are commonly carried out as an integral part of a total service and, as such, do not warrant a separate charge.

(5) Lacerations ordinarily require no aftercare except removal of sutures. The removal is considered a routine part of an office or hospital visit and shall not be billed separately unless such sutures are removed by a provider different from the provider administering the sutures.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

0800-2-18-.05 ANESTHESIA GUIDELINES

(1) General Information and Instructions.

(a) The current ASA Relative Value Guide, by the American Society of Anesthesiologists will be used to determine reimbursement for anesthesia codes that do not appear in the RBRVS. These values are to be used only when the anesthesia is personally administered by an Anesthesiologist or Certified Registered Nurse Anesthetist (“CRNA”) who remains in constant attendance during the procedure, for the sole purpose of rendering such anesthesia service. To order the Relative Value Guide, write to the American Society of Anesthesiologists, 520 N Northwest Highway; Park Ridge, IL 60068-2573, or call (847) 825-5586.

(b) When anesthesia is administered by a CRNA not under the medical direction of an anesthesiologist, reimbursement shall be 90% of the provider’s usual and customary charge. No payment will be made to the surgeon supervising the CRNA.

(c) When anesthesia is administered personally by an anesthesiologist or administered by a care team involving an anesthesiologist and CRNA, reimbursement shall not exceed 100% of the provider’s usual and customary charge.

(2) Anesthesia Values
(a) Each anesthesia service contains two value components which make up the charge and determine reimbursement: a Basic Value and a Time Value.

(b) Basic Value: This relates to the complexity of the service and includes the value of all usual anesthesia services except the time actually spent in anesthesia care and any modifiers. The Basic Value includes usual preoperative and postoperative visits, the anesthesia care during the procedure, the administration of fluids and/or blood products incidental to the anesthesia or surgery and interpretation of non-invasive monitoring (ECG, temperature, blood pressure, oximetry, capnography, and mass spectrometry). When multiple surgical procedures are performed during an operative session, the Basic Value for anesthesia is the Basic Value for the procedure with the highest unit value. The Basic Values in units for each anesthesia procedure code are listed in the current ASA Relative Value Guide.

(c) Time Value: Anesthesia time starts when the anesthesiologist or CRNA begins to prepare the patient for induction of anesthesia and ends when the personal attendance of the anesthesiologist or CRNA is no longer required and the patient can be safely placed under customary, postoperative supervision. Anesthesia time must be reported on the claim form as the total number of minutes of anesthesia. For example, one hour and eleven minutes equals 71 minutes of anesthesia. The Time Value is converted into units for reimbursement as follows:

1. Each 15 minutes or any fraction thereof equals one (1) time unit. For example, 71 minutes of anesthesia time would have the following time units: 71/15 = 5 Time Units.
2. No additional time units are allowed for recovery room observation monitoring after the patient can be safely placed under customary post-operative supervision.

(3) Total Anesthesia Value

The total anesthesia value ("TAV") for an anesthesia service is the sum of the Basic Value (units) plus the Time Value which has been converted into units. The TAV is calculated for the purpose of determining reimbursement.

(4) Billing

Anesthesia services must be reported by entering the appropriate anesthesia procedure code and descriptor into Element 24 D of the HCFA 1500 Form. The provider’s usual total charge for the anesthesia service must be entered in Element 24 F on the HCFA 1500 Form. The total time in minutes must be entered in Element 24 G of the HCFA 1500 Form.

(5) Reimbursement

Reimbursement for anesthesia services must be no more than the provider’s usual and customary charge.

(6) Medical Direction Provided by Anesthesiologists

When an anesthesiologist is not personally administering the anesthesia but is providing medical direction for the services of a nurse anesthetist who is not employed by the anesthesiologist, the anesthesiologist may bill for the medical direction. Medical direction includes the pre and post-operative evaluation of the patient. The anesthesiologist must remain within the operating suite, including the pre-anesthesia and post-anesthesia recovery areas, except in extreme emergency situations. Reimbursement shall not exceed 100% of the provider’s usual and customary charge.
(7) Anesthesia by Surgeon

(a) Local Anesthesia

When infiltration, digital block or topical anesthesia is administered by the operating surgeon or surgeon’s assistant, reimbursement for the procedure and anesthesia are included in the global reimbursement for the procedure.

(b) Regional or General Anesthesia

1. When regional or general anesthesia is provided by the operating surgeon or surgeon’s assistant, the surgeon may be reimbursed for the anesthesia service in addition to the surgical procedure.

   (i) To identify the anesthesia service, list the CPT surgical procedure code and add Modifier 47.

   (ii) Reimbursement shall not exceed the provider’s usual and customary charge.

   (iii) The operating surgeon must not use the diagnostic or therapeutic nerve block codes to bill for administering regional anesthesia for a surgical procedure.

(8) Unlisted Service, Procedure or Unit Value. When an unlisted service or procedure is provided or without specified unit values, the values used shall be substantiated BR.

(9) Procedures Listed In The ASA Relative Value Guide Without Specified Unit Values. For any procedure or service that is unlisted or without specified unit value, the physician or anesthetist shall establish a unit value consistent in relativity with other unit values shown in the current ASA Relative Value Guide. Pertinent information concerning the nature, extent and need for the procedure or service, the time, the skill and equipment necessary, etc., shall be furnished. Sufficient information shall be furnished to identify the problem and the service(s).

(10) Actual time of beginning and duration of anesthesia time may require documentation, such as a copy of the anesthesia record in the hospital file.

(11) Special Supplies. Supplies and materials provided by the physician over and above those usually included with the office visit or other services rendered may be listed separately. Drugs, materials provided, and tray supplies shall be listed separately. Supplies and materials provided in a hospital or other facility must not be billed separately by the physician or CRNA. These charges must be billed by the hospital.

(12) Separate or Multiple Procedures. It is appropriate to designate multiple procedures that are rendered on the same date by separate entries.

**Authority:** T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).
0800-2-18-.06 INJECTIONS GUIDELINES

Reimbursement for injection(s) (such as J codes) includes allowance for CPT code 90782 in addition to average wholesale price of each drug. In cases where multiple drugs are given as one injection, only one administration fee is owed. Surgery procedure codes defined as injections include the administration portion of payment for the medications billed. J Codes are found in the Health Care Financing Administration Common Procedure Coding System ("HCPCS").

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

0800-2-18-.07 AMBULATORY SURGICAL CENTERS AND OUTPATIENT HOSPITAL CARE (INCLUDING EMERGENCY ROOM FACILITY CHARGES)

When medically appropriate, surgical procedures may be performed on an outpatient basis to reduce unnecessary hospitalization and to shift care to a less costly setting.

(1) For the purpose of the TDWC Medical Fee Schedule, “ambulatory surgical center” means an establishment with an organized medical staff of physicians; with permanent facilities that are equipped and operated primarily for the purpose of performing surgical procedures, with continuous physicians and registered nurses on site or on call; which provides services and accommodations for patients to recover for a period not to exceed twenty-three (23) hours after surgery. An ambulatory surgical center may be a free standing facility or may be attached to a hospital facility. For purposes of workers’ compensation reimbursement to ASCs, the facility must be an approved Medicare ASC.

(2) The CMS has implemented a prospective payment system (“PPS”) under Medicare for hospital outpatient services. All services paid under the new PPS are classified into groups called Ambulatory Payment Classifications (“APC”). Services in each APC are similar clinically and in terms of the resources they require. The CMS has established a payment rate for each APC.

(3) The most current Medicare APC rates shall be used as the basis for facility fees charged for services provided in an ambulatory surgical center (“ASC”) and shall be reimbursed at a maximum of 150% of current value for such services at ASCs. Depending on the services provided, ASCs may be paid for more than one APC for an encounter. When multiple procedures are performed during the same surgical session, the reimbursement shall be made at 100% of the appropriate rate for the highest charge procedure and 50% of the appropriate rate for all additional procedures. Only separate and distinct surgical procedures shall be billed. When applicable, the Medicare Guidelines shall be used in determining separate and distinct surgical procedures.

0800-2-18-.12 PHARMACY SCHEDULE GUIDELINES

The Pharmaceutical Fee Guideline Amount for prescribed drugs (medicines by pharmacists and dispensing practitioners) under the Tennessee workers’ compensation laws is the lesser of:

(1) The provider’s usual charge;

(2) A negotiated contract amount; or

(3) The fees established by the formula for brand-name and generic pharmaceuticals as described in subsection (5) of this section.

(4) Prescribed Medication Services

(a) “Drug” has the meaning set out in T. C. A. § 63-10-204.

(b) Medicine or drugs may only be dispensed by a currently licensed pharmacist or a dispensing practitioner.

(c) Carriers may contract with pharmacy benefit managers to process and administer claims for reimbursement of pharmacy services and review the relatedness and appropriateness of prescribed services. Carriers and pharmacists may also negotiate alternative reimbursement schedules and amounts, so long as the reimbursement amount does not exceed the fee schedule amount set out in these Rules.

(d) For the purposes of these TWCD Medical Fee Schedule Rules, medicines are defined as drugs prescribed by an authorized health care provider and include only generic drugs or single-source patented drugs for which there is no generic equivalent, unless the authorized health care provider writes that the brand name is medically necessary and includes on the prescription “dispense as written.”

(5) Reimbursement

(a) The pharmaceutical reimbursement formula for prescribed drugs (medicines by pharmacists and dispensing practitioners) is the lesser of:

Average Wholesale Price* (“AWP”) + $5.10 filling fee, the provider’s usual charge, or a negotiated contractual amount.

* The Commissioner may at any time adopt and implement a different base price other than AWP (such as average sales price), should medical reimbursement standards and/or local or other practices warrant, at the Commissioner’s discretion.
(b) Reimbursement to pharmacists must not exceed the amount calculated by the pharmaceutical reimbursement formula for prescribed drugs. A generic drug must be substituted for any brand name drug unless: 1) there is no pharmaceutical and bioequivalent drug available, or 2) the prescribing physician indicates that substitutions are prohibited by including the words “Dispense as Written”, or “No Substitution Allowed” in the prescriber’s own handwriting, along with a statement that the brand name drug is medically necessary. A prescribing physician may also prohibit substitution of generic drugs by oral or electronic communication to the pharmacist so long as the same content is conveyed that is required in a written prescription. A lower cost, therapeutically equivalent drug may be substituted for a prescribed drug if the requirements set out in Title 63, Chapter 10, Part 2 of Tennessee Code Annotated are all met.

1. A bill or receipt for a prescription drug shall include all of the following:

   (i) When a brand name drug with a generic equivalent is dispensed, the brand name and the generic name shall be included unless the prescriber indicates “do not label.”

   (ii) If the drug has no brand name, the generic name, and the manufacturer’s name or the supplier’s name, shall be included, unless the prescriber indicates “do not label.”

   (iii) The strength, unless the prescriber indicates “do not label.”

   (iv) The quantity dispensed.

   (v) The dosage.

   (vi) The name, address, and federal tax ID# of the pharmacy.

   (vii) The prescription number, if available.

   (viii) The date dispensed.

   (ix) The name of the prescriber.

   (x) The name of the patient.

   (xi) The price for which the drug was sold to the purchaser.

   (xii) The National Drug Code Number (“NDC Number”).

2. The AWP shall be determined from the appropriate monthly publication. The monthly publication that shall be used for calculation shall be the same as the date of service. When an AWP is changed during the month, the provider shall still use the AWP from the monthly publication. The publications to be used are:

   (i) Primary reference. Price Alert from First Data Bank.

   (ii) Secondary reference (for drugs NOT found in PriceAlert). Red Book from Medical Economics.
3. Dietary supplements such as minerals and vitamins shall not be reimbursable unless a specific compensable dietary deficiency has been clinically established in the injured employee as a result of the work-related injury.

4. A compounding fee not to exceed Twenty-five Dollars ($25.00) per compound prescription may be charged if two (2) or more prescriptive drugs require compound preparation when sold by a hospital, pharmacy, or provider of service other than a physician.

5. If allowable payment for prescriptive drugs is not paid by employers or carriers for prescriptions provided to employees who have suffered a compensable work-related injury under the Workers' Compensation Law within thirty-one (31) days from the date of receipt by the employer or insurer of the bill for prescriptive drugs provided to such an employee, interest at the rate of 2.08/% per month of the payment allowed pursuant to these rules may be charged by a hospital, pharmacy, or provider of such service as set forth in Rule 0800-2-11-.10 of the Medical Cost Containment Program Rules.

6. If a workers' compensation claimant chooses a brand-name medicine when a generic medicine is available and allowed by the prescriber, the claimant shall pay the difference in price between the brand-name and generic medicine and shall not be eligible to subsequently recover this difference in cost from the employer or carrier.

(6) “Patent” or “Proprietary Preparations”

(a) “Patent” or “Proprietary preparations,” frequently called “over-the-counter drugs,” are sometimes prescribed for a work-related injury or illness instead of a legend drug.

(b) Generic substitution as discussed in (4)(b) above applies also to “over-the-counter” preparations.

(c) Pharmacists must bill and be reimbursed their usual and customary charge for the “over-the-counter” drug(s).

(d) The reimbursement formula does not apply to the “over-the-counter” drugs and no filling fee may be reimbursed.

(7) Dispensing Practitioner

(a) Dispensing practitioners shall be reimbursed the same as pharmacists for prescribed drugs (medicines), except such practitioners shall not receive a filling fee.

(b) “Patent” or “proprietary preparations” frequently called “over-the-counter drugs,” dispensed by a physician(s) from their office(s) to a patient during an office visit should be billed as follows:

1. Procedure Code 99070 must be used to bill for the “proprietary preparation” and the name of the preparation, dosage and package size must be listed as the descriptor.

2. An invoice indicating the cost of the “proprietary preparation” must be submitted to the carrier with the HCFA 1500 Form.

3. Reimbursement is limited to the lesser of the provider’s charge or 20 percent above the actual cost of the item.
**0800-2-18-.13 AMBULANCE SERVICES GUIDELINES**

(1) All non-emergency ground and air ambulance service provided to workers’ compensation claimants shall be pre-certified. Emergency ground and air ambulance services shall be retro-certified within 24 hours of the service or on the next business day.

(2) All ground and air ambulance services shall be medically necessary and appropriate. Documentation, trip sheets, shall be submitted with the bill that states the condition that indicates the necessity of the ground and air ambulance service provided. It should readily indicate the need for transport via this mode rather than another less expensive form of transportation. The service billed shall be supported by the documentation submitted for review.

(3) Billing shall be submitted to the employer or carrier on a properly completed HCFA 1500 claim form by HCPCS code. Hospital based or owned providers must submit charges on a HCFA 1500 form by HCPCS code.

(4) Reimbursement shall be:

Based upon the lesser of the submitted charge or the prevailing reimbursement rate for ambulances within the geographic locality. These charges shall not exceed the prevailing charges in that locality for comparable services under comparable circumstances and commensurate with the services actually performed. Ambulance services shall be paid on a two (2) part basis, the first level being the level of care, the second being a mileage allowance. The services rendered are independent of the type of call received.

**Authority:** T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

**0800-2-18-.14 CLINICAL PSYCHOLOGICAL SERVICE GUIDELINES**

(1) Reimbursement for psychological treatment services by any clinician other than a licensed psychiatrist shall be based on reasonableness and necessity and shall be reimbursed at 100% of the participating fees prescribed in the Medicare RBRVS System fee schedule (Medicare Fee Schedule). Treatment by a licensed psychiatrist shall be reimbursed as any other evaluation and management medical treatment under this Medical Fee Schedule.

(2) Whenever such psychological treatment services exceed fifteen (15) sessions/visits, then such treatment shall be reviewed pursuant to the carrier’s utilization review program in accordance with the procedures set forth in 0800-2-6 of the Division’s Utilization Review rules before further psychological treatment services may be certified for payment by the carrier. Failure to properly certify such services as prescribed herein shall result in the forfeiture of any payment for uncertified services. The initial utilization review of psychological treatment services after the first fifteen (15) sessions/visits shall, if necessary and appropriate, certify an appropriate number of sessions/visits. If necessary, further subsequent utilization review shall be conducted to certify additional psychological treatment services as is appropriate.

**Authority:** T.C.A. §§ 50-6-118, 50-6-125, 50-6-128, 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

Any provider accepting and any employer or carrier paying an amount in excess of the TDWC Medical Cost Containment Program Rules, Medical Fee Schedule Rules or the In-patient Hospital Fee Schedule Rules shall be in violation of these Rules and may, at the Commissioner’s discretion, be subject to civil penalties of ten thousand dollars ($10,000.00) per violation for each violation, which may be assessed severally against the provider accepting such fee and the carrier or employer paying the excessive fee whenever a pattern or practice of such activity is found. (2) A provider, employer or carrier found to be in violation of these Rules, whether a civil penalty is assessed or not, may request a contested case hearing by requesting such hearing in writing within fifteen (15) calendar days of issuance of a Notice of Violation and, if applicable, notice of assessment of civil penalties.

(3) The request for a hearing shall be made to the Division in writing by an employer, carrier or provider which has been notified of its violation of these Rules, and if applicable, assessed a civil penalty.

(4) Any request for a hearing shall be filed with the Division within fifteen (15) calendar days of the date of issuance of the Notice of Violation and, if applicable, of civil penalty by the Commissioner. (5) The Commissioner, Commissioner’s Designee, or an agency member appointed by the Commissioner shall have the authority to hear any matter as a contested case and determine if any civil penalty assessed should have been assessed.

(6) Upon receipt of a timely filed request for a hearing, the Commissioner shall issue a Notice of Hearing to all interested parties.

The public necessity rules set out herein were properly filed in the Department of State on the 15th day of June, 2005, and will be effective from the day of filing for a period of 165 days. These public necessity rules will remain in effect through the 27th day of November, 2005. (06-15)
STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

The Commissioner of the Tennessee Department of Labor and Workforce Development ("Commissioner") makes this statement pursuant to Tenn. Code Ann. §§ 4-5-209 and 50-6-204(i)(5) (Supp. 2004). The Commissioner hereby promulgates the following public necessity rules establishing an In-patient Hospital Fee Schedule as part of the comprehensive medical fee schedule and related system applicable to all medical treatment under the Workers’ Compensation Law as administered by the Workers’ Compensation Division of the Tennessee Department of Labor and Workforce Development.

Tennessee Code Annotated § 50-6-204(i)(1) (Supp. 2004), mandates that the Commissioner establish a comprehensive medical fee schedule and related system which includes, but is not limited to, procedures for review of charges, enforcement procedures and appeal hearings, to implement the fee schedule. In addition, the General Assembly specifically authorized the Commissioner to promulgate these rules, if appropriate, as public necessity rules. Tenn. Code Ann. § 50-6-204(i)(5) (Supp. 2004). The General Assembly also mandated that these rules must take effect on July 1, 2005. To insure compliance with the General Assembly’s directive that the rules establishing an In-Patient Hospital Fee Schedule take effect on July 1, 2005, the Commissioner is therefore required to implement these rules within a prescribed period of time which precludes utilization of the other rulemaking procedures for the promulgation of permanent rules.

(17) Workers’ Compensation Standard Per Diem Amount (“SPDA”) - A standardized per diem amount established for the reimbursement of hospitals for services rendered.

Authority: T.C.A. §§ 50-6-125, 50-6-128, 50-6-204, 50-6-205 (Supp. 2004).

0800-2-19-.03 SPECIAL GROUND RULES – INPATIENT HOSPITAL SERVICES.

(1) This section defines the reimbursement procedures and calculations for inpatient health care services by all hospitals. Hospital reimbursement is divided into two (2) groups based on type of admission (surgical or non-surgical (medical)) and length of stay (less than eight (8) days/over seven (7) days). Rehabilitation and Psychiatric hospitals are grouped separately.

(2) General Information

(a) For each inpatient claim submitted, the provider shall assign a Diagnosis Related Group (DRG) code which appropriately reflects the patient’s primary cause for hospitalization to determine average length of stay and for tracking purposes. Hospitals within each peer group are subject to a maximum amount per inpatient day.

(b) The maximum per diem rates to be used in calculating the reimbursement rate is as follows:

1. Peer Group 1 $1,800.00 Surgical adm for the first seven (7) days; 1,500.00 per day thereafter (surgical adm.) Includes Intensive Care (ICU) & Critical Care (CCU) 1,500.00 Medical adm. for first seven (7) days; 1,250.000 per day thereafter (medical adm.)

2. Peer Group 2 1,000.00 For the first seven (7) days; 800.00 per day thereafter (Rehabilitation)

3. Peer Group 3 700.00 Psychiatric Hospitals (applicable to chemical dependency as well.)

(c) All trauma care at any licensed Level 1 Trauma Center shall be reimbursed at a maximum rate of $3,000.00 per day for each day of patient stay.

(d) Surgical implants shall be reimbursed separately and in addition to the per diem hospital charges.

1. Reimbursement for trauma inpatient hospital services shall be limited to the lesser of the maximum allowable as calculated by the appropriate per diem rate, or the hospital’s billed charges minus any non-covered charges.

2. Non-covered charges are: convenience items, charges for services not related to the work injury/illness services that were not certified by the payer or their representative as medically necessary.
3. Additional reimbursement may be made in addition to the per diem for implantables (i.e. rods, pins, plates and joint replacements, etc.). The reimbursement for the implantables is limited to hospital's cost plus fifteen percent (15%) of invoice, up to a maximum of invoice plus $1,000.00. Implantables shall be billed using the appropriate HCPCS codes, when available. Billing for implantables must be accompanied by an invoice when requested by the payer.

4. The following items are not included in the per diem reimbursement to the facility and may be reimbursed separately. All of these items must be listed with the HCPCS code.

   (i) Durable Medical Equipment
   (ii) Orthotics and Prosthetics
   (iii) Implantables
   (iv) Ambulance Services
   (v) Take home medications and supplies

(e) The above listed items will be reimbursed according to the Medical Cost Containment Program Rules and Medical Fee Schedule Rules payment limits. Items not listed in the fee schedule Rules will be reimbursed at the usual and customary rate, unless otherwise indicated herein.

(f) Per diem rates are all inclusive (with the exception of those items listed in 4 above). The services must be medically necessary and delivered at the appropriate level/site of service.

(g) The In-patient Hospital Fee Schedule allows for independent reimbursement on a case-by-case basis if the particular care exceeds the Stop-Loss Threshold.

(3) Reimbursement Calculations

(a) Explanation

1. Each admission is assigned an appropriate DRG.

2. The applicable Standard Per Diem Amount (“SPDA”) is multiplied by the length of stay (“LOS”) for that admission.

3. The Workers’ Compensation Reimbursement Amount (“WCRA”) is the total amount of reimbursement to be made for that particular admission.

(b) Formula: LOS X SPDA = WCRA

(c) Example: DRG 222: Knee Procedures W/O CC

   Hospital Peer Group: 1-Surgical admission:
   Maximum rate per day: $1,800 first seven (7) days/$1,500 per day each day thereafter
   Number billed days: 9
   Billed charges: $15,600
   Maximum Allowable Payment: $15,600

(4) Stop-Loss Method
(a) Stop-loss is an independent reimbursement factor established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.

(b) Explanation

1. To be eligible for stop loss payment, the total Allowed Charges for a hospital admission must exceed the hospital maximum payment, as determined by the hospital maximum payment rate per day, by at least $15,000.

2. This stop-loss threshold is established to ensure compensation for unusually extensive services required during an admission.

3. Once the allowed charges reach the stop-loss threshold, reimbursement for all additional charges shall be made based on a stop-loss payment factor of 80%.

4. The additional charges are multiplied by the Stop-Loss Reimbursement Factor (SLRF) and added to the maximum allowable payment.

(c) Formula: (Additional Charges x SLRF) + Maximum Allowable Payment = WCRA

(d) Example: DRG 222: Knee Procedures W/O CC
Hospital Peer Group: 1 –Surgical admission
Maximum rate per day: $1,800 for first 7 days; 1,500 for 2 additional days
Number Billed Days: 9
Total Billed Charges: $37,600.00
Maximum allowable payment for Normal DRG stay $15,600
Versus: billed charges $37,600
Amount Payable Before Stop-Loss, Lower of Charge vs. Maximum Allowable.......................... $15,600
Total difference, charges over and above maximum payments $22,000
Difference over and above $15,000 Stop-loss is $7,000.00
Payable under Stop-loss (80% of 7,000.00)....... $5,600.00
Total payment due hospital: $21,200.00 (15,600+5,600)

(5) Billing for Inpatient Admissions

All bills for inpatient institutional services should be submitted on the standard UB-82 (HCFA 1450) form or any revision to that form approved for use by the CMS.

Authority: T.C.A. §§ 50-6-125, 50-6-128, 50-6-204, 50-6-205 (Supp. 2004).

0800-2-19-.04. PREAUTHORIZATION.

(1) Procedures For Requesting Preauthorization

(a) The insurance carrier shall be liable for the reasonable and necessary medical costs relating to the health care treatments and services listed in subparagraph (g) of this Rule required to treat a compensable injury, when any of the following situations occur:
PUBLIC NECESSITY RULES

1. the treating doctor, his/her designated representative, or injured employee has received preauthorization from the carrier prior to the health care treatments or services;

2. the carrier has failed to communicate approval or denial of preauthorization within seven (7) business days of a provider’s request for preauthorization; or

3. when ordered by the Division.

(b) The insurance carrier shall designate an accessible direct telephone number, and may also designate a facsimile number for use by the provider or the provider’s designated representative or the injured employee to request preauthorization during normal business hours. The direct number shall be answered or the facsimile responded to, by the carrier’s agent who is delegated to approve or deny requests for preauthorization, within the time limits established in subsection (d) of this section.

(c) Prior to the date of proposed treatment or services, the provider or the provider’s designated representative, shall notify the insurance carrier’s delegated agent, by telephone or transmission of a facsimile, of the recommended treatment or service listed in subparagraph (g) of this Rule. Notification shall include the medical information to substantiate the need for the treatment or service recommended. If requested to do so by the carrier, the treating doctor shall also notify the insurance carrier of the location and estimated date of the recommended treatment or service, and the name of the health care provider performing the treatment or service, if other than the provider. Designated representative includes, but is not limited to, office staff, hospitals, etc.

(d) Within seven (7) business days of the provider’s request for preauthorization, the insurance carrier’s delegated agent shall notify the provider or the provider’s designated representative, by telephone or transmission of a facsimile, of the insurance carrier’s decision to grant or deny preauthorization. Failure of the carrier to communicate its approval or denial of authorization within seven (7) business days of a provider’s request for preauthorization shall automatically be deemed an approval of the preauthorization request. When the insurance carrier approves preauthorization, the insurance carrier shall send written approval, or if denying preauthorization, shall send documentation identifying the reasons for denial. Notification shall be sent to the injured employee, the injured employee’s representative if known, and the provider or the provider’s designated representative, within 24 hours after notification of denial or approval.

(e) The insurance carrier shall maintain accurate records to reflect information regarding the preauthorization request and approval/denial process.

(f) If a dispute arises over denial of preauthorization by the insurance carrier, the doctor or the injured employee may file a Request for Assistance with a Benefit Review Specialist.

(g) The health care treatments and services requiring preauthorization are: all nonemergency hospitalizations and non-emergency transfers between facilities.

(1) Providers shall not accept and employers or carriers shall not pay any amount for health care services provided for the treatment of a covered injury or illness or for any other services encompassed within the Medical Cost Containment Program Rules, Medical Fee Schedule Rules or the In-patient Hospital Fee Schedule Rules, when that amount exceeds the maximum allowable payment established by these Rules. Any provider accepting and any employer or carrier paying an amount in excess of the Division’s Medical Cost Containment Program Rules, Medical Fee Schedule Rules or the In-patient Hospital Fee Schedule Rules shall be in violation of these Rules and may, at the Commissioner’s discretion, be subject to civil penalties of ten thousand dollars ($10,000.00) per violation for each violation, which may be assessed severally against the provider accepting such fee and the carrier or employer paying the excessive fee, whenever a pattern or practice of such activity is found. At the discretion of the Commissioner, the Commissioner’s Designee, or an agency member appointed by the Commissioner, such provider may also be reported to the appropriate certifying board, and may be subject to exclusion from participating in providing care under the Act. Any other violation of the Medical Cost Containment Program Rules, Medical Fee Schedule Rules, or the In-patient Hospital Fee Schedule Rules shall subject the alleged violator(s) to a civil penalty of not less than one hundred dollars ($100.00) nor more than ten thousand dollars ($10,000.00) per violation, at the discretion of the Commissioner, Commissioner’s Designee, or an agency member appointed by the Commissioner.

(2) A provider, employer or carrier found to be in violation of these Rules, whether a civil penalty is assessed or not, may request a contested case hearing by requesting such hearing in writing within fifteen (15) days of issuance of a Notice of Violation and, if applicable, the notice of assessment of civil penalties.

(3) The request for a hearing shall be made to the Division in writing by an employer, carrier or provider which has been notified of its violation of these Rules, and if applicable, assessed a civil penalty.

for a hearing within fifteen (15) calendar days of the date of issuance of a Notice of Violation shall result in the decision of the Commissioner, Commissioner’s Designee, or an agency member appointed by the Commissioner becoming a final order and not subject to further review.

(5) The Commissioner, Commissioner’s Designee, or an agency member appointed by the Commissioner shall have the authority to hear the matter as a contested case and determine if any civil penalty assessed should have been assessed.

Authority: T.C.A. §§ 50-6-204, 50-6-205 (Supp. 2004), 50-6-233 (Repl. 1999).

The public necessity rules set out herein were properly filed in the Department of State on the 15th day of June, 2005, and will be effective from the day of filing for a period of 165 days. These public necessity rules will remain in effect through the 27th day of November, 2005. (06-16)
STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

The Commissioner of the Tennessee Department of Labor and Workforce Development (“Commissioner”) makes this statement pursuant to Tenn. Code Ann. § 4-5-209(a)(4) and Public Chapter 962, § 24 (2004). The Commissioner hereby promulgates the following public necessity rules establishing a Medical Impairment Rating Registry Program applicable to all claims where a dispute exists with regard to the degree of medical impairment under the Workers’ Compensation Law as administered by the Workers’ Compensation Division of the Tennessee Department of Labor and Workforce Development.

Public Chapter 962, § 24 (2004) mandates the Commissioner establish by rule, in accordance with the Uniform Administrative Procedures Act, title 4, chapter 5, an independent medical examiners’ registry. The Commissioner shall establish qualifications for the independent medical examiners, including continuing education and peer review requirements, with the advice of the Tennessee Medical Association and the Workers’ Compensation Advisory Council. These rules include, but are not limited to, qualifications and procedures for submission of an application for inclusion on the registry, procedures for the review and maintenance of the registry, and procedures for assignment that ensures that the composition of such panels is random. These rules are required to take effect July 1, 2005. The Commissioner is authorized to use public necessity rules under Tenn. Code Ann. § 4-5-209(a)(4) as appropriate in order to have such rules in effect no later than July 1, 2005. Public Chapter 962, § 24 (2004). To insure compliance with the General Assembly’s directive that the rules establishing an independent medical examiners’ registry take effect on July 1, 2005, the Commissioner is therefore required to implement these rules within a prescribed period of time which precludes utilization of the other rulemaking procedures for the promulgation of permanent rules.

Tennessee Department of Labor &
Workforce Development

In order to ensure high-quality independent medical impairment evaluations, the Department establishes these Rules for parties and physicians participating under the Act’s independent medical examiner evaluation process. (2) Scope. The MIR Registry is available to any party who disputes an impairment rating of a physician in a Workers’ Compensation claim for injuries that occur on or after July 1, 2005. Other potential issues such as causation, apportionment, appropriateness of treatment, work restrictions, and job modifications shall not be considered or addressed under this MIR Registry Program. Requests for evaluations shall be submitted by paper or electronic application to the Program Coordinator pursuant to the Rules.

(1) If any provision of these Rules or the application thereof to any person or circumstance is, for any reason held to be invalid, the remainder of the Rules and the application of the provisions to other persons or circumstances shall not be affected in any respect whatsoever. Physicians may seek renewal appointments by the same process as the initial application described herein. The Division reserves the right to charge physicians a non-refundable application fee upon appointment, renewal, or reinstatement to the MIR Registry. The Commissioner or the Commissioner’s designee, upon the advice of the Medical Director shall have the sole and exclusive authority to approve or reject applications for inclusion in the MIR Registry.

(a) Unless otherwise approved by the Program Coordinator, conduct all MIR evaluations based on the guidelines in the applicable edition of the AMA Guides and submit the original “MIR Impairment Rating Report” with all attachments to the Program Coordinator. In cases not
covered by the applicable AMA Guides, any impairment rating allowed under the Act shall be appropriate;

(c) Comply with the MIR Registry’s Rules;

(f) Conduct MIR evaluations in an objective and impartial manner, and shall:

1. Conduct these evaluations only in a professional medical office suitable for medical or psychiatric evaluations where the primary use of the site is for medical services; not residential, commercial, educational, legal, or retail in nature. Exceptions will be made only on the basis of good cause shown, as determined by the Program Coordinator.

2. Comply with all local, state and federal laws, regulations, and other requirements with regard to business operations, including specific requirements for the provision of medical services.

3. Not conduct a physical examination on a claimant of the opposite sex without a witness of the same sex as the claimant present.

(g) Not refer any MIR Registry claimant to another physician for any treatment or testing nor suggest referral or treatment;

(h) Not become the treating physician for the claimant regarding the work-related injury;

(i) Not evaluate an MIR Registry claimant without prior consent of the Program Coordinator if a conflict of interest exists. A conflict of interest includes, but is not limited to, instances where the physician has treated or evaluated the claimant for the subject injury or has appeared on a panel of doctors made available to the claimant at the time of injury or subsequent to the injury in the course of medical treatment. If an employer provides a claimant with the name of a group of physicians rather than individual physician names, the entire group of physicians shall be considered to have a conflict of interest for purposes of the MIR Registry Program;

(m) For each MIR Registry case assigned, address only the issue of permanent impairment rating and make appropriate findings.

(3) Physicians denied appointment to the MIR Registry on their initial application may seek reconsideration of their application by submitting a request for reconsideration stating the grounds for such reconsideration to the Program Coordinator within fifteen (15) calendar days of the issuance of the Notice of Denial of their application. The Commissioner or the Commissioner’s designee may affirm or reverse the initial determination upon reconsideration of the initial decision. The Commissioner or the Commissioner’s designee shall issue a Notice of Final Determination which shall be the final decision.

0800-2-20-.06 REQUESTS FOR A MIR REGISTRY THREE-PHYSICIAN LIST.

(1) Prior to Division participation, the parties may attempt to negotiate selection of any physician to conduct a medical impairment rating evaluation. Physicians whose names appear on the MIR Registry but are selected in a manner other than through the Division pursuant to these Rules shall have no greater legal presumption of correctness given to their opinion than any other provider’s impairment rating when the physician was not selected pursuant to these procedures.

(2) Application process: If there is no agreed upon selection of a physician, or if an agreement that was reached fails, either party may request the Division participate in selecting the three-physician list. A written opinion as to the permanent impairment rating given by the MIR Registry physician selected pursuant to the Division’s procedures in these Rules shall be presumed to be the accurate impairment rating. However, this presumption may be rebutted by clear and convincing evidence to the contrary.

(3) Form Required: The “Application for a Medical Impairment Rating” available upon request from the Program Coordinator or online at www.state.tn.us/labor-wfd/mainforms.html, or a materially substantial equivalent duplication approved by the Program Coordinator, shall be used in all cases to request an MIR three-physician listing. The Commissioner requires the request designate:

(a) All body part(s) or medical condition(s) to be evaluated, including whether mental impairment shall be evaluated;

(b) The names of all physicians that have previously evaluated, treated, or are currently evaluating or treating the claimant for the work-related injury at employer and/or employee expense;
(c) The names of all physicians made available to the claimant at the time of the injury (Form C-42). If an employer provides the claimant with the name of a group of physicians rather than with individual physician names, the same information shall be included on the request form;

(d) The state file number assigned to the claims.

(4) The submitting party shall certify that all parties, as well as the Program Coordinator, have been sent the completed application form at the same time. The application will not be processed by the Program Coordinator until all required information has been provided.

(5) Generating the three-physician listing.

(a) Within five (5) business days of receipt of the completed “Application for a Medical Impairment Rating,” the Program Coordinator will produce a listing of three qualified physicians drawn from the Division’s MIR Registry, from which one physician shall be designated to perform the evaluation. The three-physician listing created will be comprised of physicians qualified, based on the information provided by the physician and on their accreditation by the Program Coordinator, to perform evaluations of the body part(s) and/or medical condition(s) designated on the application for an evaluation, excluding those who have a conflict of interest as described in the Rules. Psychiatric or psychological evaluations regarding mental and/or behavioral impairment shall be performed by a psychiatrist.

(b) If an evaluation is requested for a particular area of expertise not represented in the MIR Registry, the Program Coordinator shall provide a three-physician listing upon the recommendation of the Medical Director. The Program Coordinator will verify qualifications prior to assigning a listing of Temporary MIR physicians. Approval to serve as a Temporary MIR physician shall be limited to the specific case for which services are requested.

(c) To guarantee randomness, all three-physician listings shall be derived from the computer-generated pool of qualified physicians. The pool of physician names will be kept confidential. The Program Coordinator will notify the parties in writing only the names and the medical specialties of the physicians on the listing.

(6) MIR Registry physician selection process.

(a) Within three (3) business days of the issuance of the three-physician listing by the Program Coordinator, the employer shall strike one name and inform the other party and the Program Coordinator of that name. Within three (3) business days of the date of receipt of that name from the employer, the claimant shall strike one of the two remaining names and inform the Program Coordinator and the employer of the name of the remaining physician, who will perform the evaluation.

(b) If the Program Coordinator is not notified of the selected physician within ten (10) calendar days of the date the Program Coordinator issued the three-physician listing, the Program Coordinator may randomly select one name from the three-physician listing to perform the evaluation. If one party fails to timely strike a name from the listing, the other party shall notify the Program Coordinator.
Coordinator, within these ten (10) calendar days, and at the same time provide to the Program Coordinator the name that it wishes to strike. In that situation, the Program Coordinator will randomly select one physician from the remaining two, and that physician shall perform the evaluation. The Program Coordinator shall inform the parties of the name of the selected physician in writing.

(c) If a selected physician is unable to perform the evaluation, the Program Coordinator shall provide one replacement name to the original listing using the same criteria and process set forth above, and present that revised listing to the parties and each shall again strike one name according to the above procedures. Additionally, if a physician is removed from the three-physician listing for any reason other than having been struck by one of the parties, the Program Coordinator will issue one replacement physician name.

(7) Appointment date.

(a) Within three (3) business days of providing or receiving notice of the physician selection, the Program Coordinator shall call the MIR Registry physician to schedule the evaluation, and shall immediately notify both parties, and the Workers’ Compensation Specialist if currently assigned, of the date and time of the evaluation. Only after this notification should the employer or insurance carrier contact the MIR Registry physician and only to arrange for payment and for medical records submission required by these Rules.

(8) Submission of Medical Records.

(a) The employer’s representative shall concurrently provide to the MIR registry physician and the claimant a complete copy of all pertinent medical records pertaining to the subject injury, postmarked or hand-delivered at least ten (10) calendar days prior to the evaluation or as otherwise arranged by the Program Coordinator with the MIR physician. If deemed necessary by the Program Coordinator, the claimant shall promptly sign a “MIR Waiver and Consent” permitting the release of information to the MIR physician. The form shall include the release of all existing medical reports relevant to the subject injury including all previous impairment rating reports, the actual images of all pertinent imaging studies, the reports of all imaging studies and diagnostic tests, all hospital admission “history and physical examination” documents, all hospital discharge summaries, and all operation reports.

(b) The employer’s representative shall be responsible for promptly sending a copy of the consent form to all treating and evaluating physicians or other healthcare providers, diagnostic centers, and hospitals involved in the care of the claimant requiring the form to ensure that this information will be forwarded to the MIR physician prior to the date of the scheduled evaluation. If the employer’s representative fails to adhere to these time limits, the claimant may submit all medical records he/she has in his/her possession no later than five (5) calendar days prior to the evaluation or as otherwise arranged by the Program Coordinator with the MIR registry physician.

(c) In cases involving untimely medical record submission by either party, the Program Coordinator at his/her sole discretion, may elect to reschedule the evaluation to allow the physician adequate time for record review. Otherwise, the physician shall perform the evaluation and shall produce an “MIR Impairment Rating Report” utilizing the information properly made available to the physician.
(9) Form/Content of Medical Records Package.

(a) The medical file shall include a dated cover sheet listing the claimant’s name, MIR Registry physician’s name, MIR Registry case number, date and time of the appointment, and the state file number. The medical file shall be in chronological order, by provider, and tabbed by year. It shall include a written summary by the treating physician with the range of dates of treatment. Medical records not meeting these requirements shall be resubmitted in the correct format within three (3) calendar days of notification by the Program Coordinator.

(b) Medical bills, adjustor notes, surveillance tapes, denials, vocational rehabilitation reports, non-treating case manager records or commentaries to the MIR Registry physician shall not be submitted without prior permission of the Program Coordinator. Medical depositions may be submitted as part of the medical records package only by written agreement of the parties.

(10) Supplemental medical records shall be prepared in the same manner described above, and shall be mailed or hand-delivered by any party concurrently to the MIR Registry physician and the other party no later than five (5) calendar days prior to the date of the evaluation, or as otherwise arranged by the Program Coordinator.

(11) Claimants can bring an adult friend or family member to the evaluation to provide comfort and reassurance. However, the accompanying person cannot be the claimant’s attorney, paralegal, or other legal representative or any other personnel employed by the claimant’s attorney or legal representative. The guest may be asked to leave the evaluation at the discretion of the MIR Registry physician. Any forms that the MIR physician requests to be completed should be completed by the claimant only. If the claimant needs assistance in completing these forms for any reason, the claimant should notify the MIR Registry physician prior to the evaluation so that assistance can be provided by the MIR Registry physician’s staff.

(12) The claimant shall notify the Program Coordinator of the necessity for a language interpreter concurrently with his/her notification of the chosen physician’s name. The employer shall be responsible for arranging for the services of and paying for such language interpreter. The language interpreter shall be impartial and independent, and have no professional or personal affiliation with any party to the claim or to the MIR Registry physician.

(13) When a claimant is required to travel outside a radius of fifteen (15) miles from the claimant’s residence or workplace, then such claimant shall be reimbursed by the employer for reasonable travel expenses as defined in the Act.

0800-2-20-.07 PAYMENTS/FEES.

(1) A physician performing evaluations under these Rules shall be prepaid by the employer a total evaluation fee for each evaluation performed, as outlined below:

(a) Completed reports received and accepted by the Program Coordinator within thirty (30) calendar days of scheduling the appointment .........................................................1,000.00

(b) Completed reports received and accepted by the Program Coordinator between thirty-one (31) and forty-five (45) calendar days of the scheduling the appointment .................$850.00
(c) Completed reports received and accepted by the Program Coordinator between forty-six (46) and sixty (60) calendar days of the scheduling of the appointment. $500.00

(d) Completed reports received and accepted by the Program Coordinator later than sixty (60) calendar days of scheduling the appointment. No fee paid

(2) The evaluation fee includes normal record review, the evaluation, and production of a standard "MIR Impairment Rating Report." If the record review is unusually extensive and requires substantially longer than an hour for review, the physician may contact the Program Coordinator to request additional payment. This request should be made no later than three (3) calendar days prior to the scheduled date of the evaluation. The Program Coordinator, in consultation with the Medical Director, will determine if additional time and fees are appropriate. If denied, the MIR registry physician shall complete the evaluation to the best of his/her ability. If additional evaluation charges are approved, the Program Coordinator shall notify the employer of the approved review charges. The physician shall bill for the additional time at the pro-rata rate of $500.00 per hour. All non-routine test(s) for an impairment rating essential under the applicable edition of the AMA Guides to the Evaluation of Permanent Impairment shall have been performed prior to the evaluation. Routine tests necessary for a complete evaluation, such as range of motion or spirometry tests, should be performed by the MIR Registry physician as part of the evaluation at no additional cost. The MIR Registry physician shall notify the Program Coordinator prior to performing any essential test that is non-routine or requires special facilities or equipment, and such test was not previously performed, or was previously performed but the findings are not usable at the time of the evaluation. The Program Coordinator, upon the advice of the Medical Director, will determine whether the test will be approved. If approved, the employer shall be responsible for paying for the essential test.

(3) Late fees and penalties. Failure of the employer to timely submit the evaluation fee, as determined by the Program Coordinator, shall allow the physician to charge the employer an additional $100.00 late fee for the evaluation. If the evaluation fee and/or late fee remains unpaid fifteen (15) calendar days following the date of the evaluation, an additional $250.00 penalty is authorized. If any portion of a fee or penalty remains unpaid after an additional thirty (30) calendar day period, an additional $500.00 penalty is authorized, and again for each additional thirty (30) calendar day period, or portion thereof, that it remains unpaid until all fees and/or penalties are fully paid. At the request of a MIR Registry physician, the Division may assist the MIR Registry physician in collecting monies due under this Rule.

(4) Cancellations. To be considered timely, notice of a party's desire to cancel an evaluation appointment shall be given to the Program Coordinator at least three (3) business days prior to the date of the evaluation. An evaluation may be canceled or rescheduled only after obtaining the consent of the Program Coordinator. The Program Coordinator shall decide whether an evaluation may be rescheduled within ten (10) calendar days of a request to cancel.

(a) If the request to cancel is not timely, the MIR registry physician shall be entitled to collect/retain a $300.00 cancellation penalty fee. If the evaluation is rescheduled, the MIR Registry physician is entitled to the entire evaluation fee (for the rescheduled evaluation) in addition to this fee. The employer may be entitled to offset the cancellation fee(s) against any future settlement if the claimant cancels untimely or without good cause as determined by the Program Coordinator.
1. If the claimant fails to appear for the evaluation with good cause as determined by the Program Coordinator the employer will not be entitled to offset the cancellation penalty fee against any future settlement.

2. If the claimant fails to appear for the evaluation without good cause as determined by the Program Coordinator, the MIR Registry physician will perform a "paper only" evaluation by reviewing the existing medical record file and shall establish an impairment rating based upon the physician's opinion of the evidence presented. The physician shall be entitled to the entire fee.

(b) If the request to cancel is timely and the evaluation is not rescheduled, the MIR Registry physician shall be entitled to collect and/or retain a $250.00 cancellation penalty fee.

(c) If the request to cancel is timely and the evaluation is rescheduled, the MIR Registry physician shall be entitled to collect and/or retain a $150.00 cancellation penalty fee in addition to the rescheduled MIR fee.

0800-2-20-.08 MULTIPLE IMPAIRMENT RATING EVALUATIONS.

(1) In instances of more than one impairment rating being disputed in more than one medical specialty, and there is an insufficient number of physicians on the Registry who are qualified to perform all aspects of the evaluation, separate evaluations may be required, each being separate application and physician-selection processes and fees.

0800-2-20-.09 COMMUNICATION WITH REGISTRY PHYSICIANS.

(1) Prior to the creation of the three-physician listing, MIR Registry physicians who have rendered an opinion as to the impairment relating to the subject injury to a party to the case or a party's representative prior to the creation of a three-physician listing must disclose the nature and extent of those discussions to the Program Coordinator immediately upon their selection or appointment as the MIR registry physician. The Program Coordinator, in his or her sole authority, will determine whether or not a conflict of interest exists. Failure to disclose a potential conflict of interest may result in a physician's removal from the MIR Registry. While removed from the Registry, physicians shall not be eligible to perform MIR evaluations.

(2) During the MIR physician selection process, registry physicians cannot render opinions as to the impairment relating to the subject injury to a party to the case or a party's representative in cases in which the physician's name appears on the three-physician listing. If selected as the MIR physician, there shall be no communication with the parties or their representatives prior to the evaluation, unless allowed by the Rules or approved by the Program Coordinator. Any approved communication, other than arranging for payment and the submission of medical records and the evaluation itself, shall be in writing with copies to all parties including the Program Coordinator. Failure by a Registry physician to disclose such communications will subject the physician to penalties under the Rules.
(3) A party who seeks the presence of the MIR physician as a witness at a proceeding for any purpose, by subpoena, deposition or otherwise, shall be responsible for payment for those services to the MIR physician. Deposition fees shall be in accordance with applicable state rules and laws.

0800-2-20-.10 REQUIREMENTS FOR THE EVALUATION.

(1) The MIR Registry physician's responsibilities prior to the evaluation are to:

   (a) Review all materials provided by the parties subject to these Rules; and,

   (b) Review the purpose of the evaluation and the impairment questions to be answered in the evaluation report.

(2) The MIR Registry physician's responsibilities following the evaluation are to:

   (a) Consider all medical evidence obtained in the evaluation and provided by the parties subject to the Rules;

   (b) Complete an “MIR Impairment Rating Report”;

   (c) Notify the Program Coordinator when the report has been completed;

   (d) Send that complete report with all required attachments to the Program Coordinator only, via overnight delivery. The Program Coordinator will acknowledge, to the physician, receipt of the report.

(3) No physician-patient relationship is created between the MIR physician and the claimant through the MIR Registry evaluation. The sole purpose of the evaluation is to establish an impairment rating and not to recommend future treatment or to provide a diagnosis or other medical advice.

0800-2-20-.11 REQUIREMENTS FOR THE “MIR IMPAIRMENT RATING REPORT.”

(1) After conducting the evaluation, the MIR physician shall produce the “MIR Impairment Rating Report”. The format, available by using the Program’s electronic access, available upon request from the Program Coordinator or available online at www.state.tn.us/labor-wfd/mainforms.html, or a materially substantial equivalent approved by the Program Coordinator shall be used in all cases to detail the evaluation’s results. The MIR physician shall first review the determination by the attending physician that the claimant has reached Maximum Medical Improvement (MMI).

(2) If, after reviewing the records, taking a history from the claimant and performing the evaluation, the MIR Registry physician concurs with the attending doctor’s determination of MMI, the report shall, at a minimum, contain the following:

   (a) A brief description and overview of the claimant’s medical history as it relates to the subject injury, including reviewing and recapping all previous treatments.
(b) A statement of concurrence with the attending doctor’s determination of MMI;

(c) Pertinent details of the physical or psychiatric evaluation performed (both positive and negative findings);

(d) Results of any pertinent diagnostic tests performed (both positive and negative findings). Include copies of these tests with the report;

(e) An impairment rating consistent with the findings and utilizing a standard method as outlined in the applicable AMA Guides, calculated as a total to the whole person if appropriate. In cases not covered by the AMA Guides, an impairment rating by any appropriate method used and accepted by the medical community is allowed, however, a statement that the AMA Guides fails to cover the case as well as a statement of the system on which the rating was based shall be included;

(f) The rationale for the rating based on reasonable medical certainty, supported by specific references to the clinical findings, especially objective findings and supporting documentation including the specific rating system, sections, tables, figures, and AMA Guides page numbers, when appropriate, to clearly show how the rating was derived; and

(g) A true or electronic signature and date by the MIR physician performing the evaluation certifying to the following:

1. “It is my opinion, both within and to a reasonable degree of medical certainty that, based upon all information available to me at the time of the MIR impairment evaluation and by utilizing the relevant AMA Guides or other appropriate method as noted above, that the claimant has the permanent impairment so described in this report. I certify that the opinion furnished is my own, that this document accurately reflects my opinion, and that I am aware that my signature attests to its truthfulness. I further certify that my statement of qualifications to serve on the MIR Registry is both current and completely accurate.”

(3) If, after reviewing the records, taking a history from the claimant and performing the evaluation, the MIR physician does not concur with the attending doctor’s determination of MMI, a report shall be completed similar to the one outlined above which documents and certifies to, in sufficient detail, the rationale for disagreeing and, if possible to determine, the expected date of full or partial recovery. The physician is still entitled to collect/retain the appropriate MIR fee.

(4) Services rendered by an MIR Registry physician shall conclude upon the Program Coordinator’s acceptance of the final “MIR Impairment Rating Report.” An MIR report is final and accepted for the purpose of these Rules when it includes the requested determination regarding final medical impairment rating and any necessary worksheets, as determined by the Program Coordinator. Once the report has been accepted the Program Coordinator will distribute copies of the report to the other parties and the Workers’ Compensation Specialist, if one is currently assigned. After acceptance of the “MIR Impairment Rating Report” the medical records file, including the final “MIR Impairment Rating Report,” shall be stored and/or disposed of by the MIR registry physician in a manner used for similar health records containing private information and within a time frame consistent with the Tennessee Board of Medical Examiners’ rules.

0800-2-20-.12 PEER REVIEW.

(1) All MIR Impairment Rating Reports are subject to review for appropriateness and accuracy by an individual or organization designated by the Program Coordinator at any time. Repeated failure to properly apply the AMA Guides in determining an impairment rating, as determined solely and exclusively by the Medical Director, will result in penalties up to and including removal from the MIR Registry.

0800-2-20-.13 REMOVAL OF A PHYSICIAN FROM THE REGISTRY.

(1) Written complaints regarding any MIR Registry physician shall be submitted to the Program Coordinator. The Commissioner or the Commissioner’s designee, upon the advice of the Medical Director, may remove a physician from the MIR Registry permanently or temporarily by placing a physician on inactive status based upon any of the following grounds:

(a) Misrepresentation on the “Application for Appointment to the MIR Registry” as determined by the Program Coordinator;

(b) Failure to timely report a conflict of interest in a case assignment, as determined by the Program Coordinator;

(c) Refusal or substantial failure to comply with the provisions of these Rules, including, but not limited to, repeated failure to determine impairment ratings correctly using the AMA Guides, as determined by the Medical Director;

(d) Failure to maintain the requirements of the Rules, as determined by the Program Coordinator; or

(e) Any other reason for the good of the Registry as determined solely and exclusively by the Commissioner or the Commissioner’s designee.

(2) Upon receipt of a complaint regarding a MIR Registry physician, the Program Coordinator shall send written notice of the complaint to such physician, stating the grounds of the complaint, and notifying the physician that he or she is at risk of being removed from the MIR Registry.

(a) The physician shall have thirty (30) calendar days from the date the Notice of Complaint is issued to the physician in which to respond in writing to the complaint(s), and may submit any responsive supporting documentation to the Program Coordinator for consideration. Failure of the physician to submit a timely response to the Notice of Complaint may result in removal of the physician from the MIR Registry without further notice or recourse.

(b) The Commissioner or the Commissioner’s designee, in consultation with the Medical Director, shall consider the complaint(s) and any response(s) from the physician in reaching a decision as to whether the physician shall be removed from the MIR Registry, and if removed, whether the removal will be permanent or temporary.

(c) Upon reaching a determination on the complaint(s), the Commissioner or the Commissioner’s designee shall issue a written Notice of Determination and set forth the basis for the decision
in such Notice. The determination set forth shall become final fifteen (15) days after issuance of the Notice of Determination, unless a timely request for reconsideration is received.

(d) A MIR Registry physician may seek reconsideration of an adverse decision from the Commissioner or the Commissioner’s designee by submitting a request for reconsideration stating the grounds for such reconsideration to the Program Coordinator within fifteen (15) calendar days of the issuance of the Notice of Determination. The Commissioner or the Commissioner’s designee may affirm, modify or reverse the initial determination upon reconsideration of the initial decision. The Commissioner or the Commissioner’s designee shall issue a Notice of Determination upon Reconsideration which shall be the final decision.

(e) MIR Registry physicians shall remain active on the MIR Registry pending a final decision on any complaint(s).

(3) A physician who has been removed from the MIR Registry by the Commissioner or the Commissioner’s designee may apply for reinstatement six (6) months after the date of removal by submitting a written request to the Program Coordinator.

0800-2-20-.14 OTHER PENALTIES.

(1) Failure by any party to comply with any of these Rules for which no penalty has specifically been set forth herein shall subject that party to the appropriate civil penalties pursuant to the Act and as determined by the Commissioner or Commissioner’s designee.

0800-2-20-.15 TIME LIMITS.

(1) All time limits referenced in these Rules may be extended by the Program Coordinator in his or her sole and exclusive discretion.

0800-2-20-.16 CLAIMANT COOPERATION.

(1) Injured workers are expected to cooperate in good faith with the Program Coordinator in scheduling evaluations. Injured workers shall also cooperate in good faith with all reasonable requests made by MIR Registry physicians during their evaluation so that the physicians can make accurate findings.

0800-2-20-.17 OVERTURNING A MIR PHYSICIAN’S OPINION.

(1) Parties are prohibited from seeking a second MIR Registry impairment rating for the same injury if an impairment rating was issued after the first MIR Registry evaluation. Permanent impairment ratings given by MIR Registry physicians after the their assignment of cases involving the issuance of a MIR Registry three-physician listing from the MIR Registry shall be the only opinions presumed to be accurate, as set forth in the Act. This presumption may be rebutted only by clear and convincing evidence to the contrary. Opinions reached by any physicians utilized after mutually agreed upon selections not involving the issuance of an MIR Registry three-physician listing are not legally presumed to be accurate and shall carry no additional evidentiary weight in any proceedings, even in cases where the physician selected may also serve on the MIR Registry.

Rule 1200-13-13-.01 Definitions is amended by adding new paragraphs (69) and (101) and renumbering current paragraph (69) as (70) and current paragraph (101) as (102) and renumbering subsequent paragraphs accordingly so as amended new paragraphs (69) and (101) shall read as follows:

(69) OPEN MEDICAID CATEGORIES shall mean those Medicaid eligibility categories for which enrollment has not been closed pursuant to authority granted by CMS as part of the TennCare demonstration project.

(101) TENNCARE MEDICAID ELIGIBILITY REFORMS shall mean the amendments to the TennCare demonstration project approved by CMS on March 24, 2005, to close enrollment into TennCare Medicaid for non-pregnant adults age twenty-one (21) or older who qualify as Medically Needy under Tennessee’s Title XIX State Plan for Medical Assistance and to terminate coverage for currently enrolled non-pregnant Medically Needy adults age twenty-one (21) or older at the expiration of their current eligibility periods.

Rule 1200-13-13-.02 Eligibility paragraph (4) is amended by adding subparagraph (c) which shall read as follows:

(c) The individual who is eligible as a non-pregnant Medically Needy adult in accordance with Rule 1240-2-1-.03 of the Department of Human Services is found to meet the following criteria:

1. S/he is aged twenty-one (21) or older,
2. S/he has completed his/her twelve (12) month period of eligibility for TennCare, and
3. S/he has not been determined eligible in an open Medicaid category.
Rule 1200-13-13-.02 Eligibility is amended by adding paragraph (7) which shall read as follows:

(7) Disenrollment Related to TennCare Medicaid Eligibility Reforms

Prior to the disenrollment of adult non-pregnant Medically Needy TennCare enrollees based on coverage terminations resulting from TennCare Medicaid Eligibility Reforms, Medicaid eligibility shall be reviewed in accordance with the following.

(a) Ex Parte Review

DHS will conduct an ex parte review of eligibility for open Medicaid categories for all non-pregnant adult Medically Needy enrollees in eligibility groups due to be terminated as part of the TennCare Medicaid eligibility reforms. Such ex parte review shall be conducted in accordance with federal requirements as set forth by CMS in the Special Terms and Conditions of the TennCare demonstration project.

(b) Request for Information

1. At least thirty (30) days prior to the expiration of their current eligibility period, the Bureau of TennCare will send a Request for Information to all non-pregnant adult Medically Needy enrollees in eligibility groups being terminated pursuant to the TennCare Medicaid eligibility reforms. The Request for Information will include a form to be completed with information needed to determine eligibility for open Medicaid categories as well as a list of the types of proof needed to verify certain information.

2. Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to TDHS and to provide TDHS with the necessary verifications to determine eligibility for open Medicaid categories.

3. Enrollees with a health, mental health, or learning problem or a disability will be given the opportunity to request assistance in responding to the Request for Information. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for responding to the Request for Information.

4. Enrollees will be given an opportunity until the date of termination to request one extension for good cause of the thirty (30) day timeframe for responding to the Request for Information. The good cause extension is intended to allow a limited avenue for possible relief for certain enrollees who face significant unforeseen circumstances, or who, as a result of a health, mental health, or learning problem, or a disability, or limited English proficiency are unable to respond timely, as an alternative to imposing a standard with no exceptions whatsoever. The good cause exception does not confer an entitlement upon enrollees and the application of this exception will be within the discretion of TDHS. Only one thirty (30) day good cause extension can be granted to each enrollee. Good cause is determined by TDHS eligibility staff. Good cause is not requested nor determined through filing an appeal. Requests for an extension of the 30-day timeframe to respond to the Request for Information must be initiated by the enrollee. However, the enrollee may receive assistance in initiating such request. TDHS will not accept a request for extension of the thirty (30) day timeframe submitted by a family member, advocate, provider, or CMHC acting on the enrollee's behalf without the involvement and knowledge of the enrollee, for example, to allow time for such entity to locate the enrollee if his/her whereabouts is unknown. All requests
for good cause extension must be made prior to termination of Medicaid eligibility. A
good cause extension will be granted if TDHS determines that a health, mental health
or learning problem or disability or limited English proficiency prevented an enrollee
from understanding or responding timely to the Request for Information. Except in the
aforementioned circumstances, a good cause extension will only be granted if such
request is submitted in writing to TDHS prior to termination of Medicaid eligibility and
TDHS determines that serious personal circumstances such as illness or death prevent
an enrollee from responding to the Request for Information for an extended period of
time. Proof of the serious personal circumstances is required with the submission of
the written request in order for a good cause extension to be granted. Good cause
extensions will be granted at the sole discretion of TDHS and if granted shall provide
the enrollee with an additional thirty (30) days inclusive of mail time from the date of
TDHS’s decision to grant the good cause extension. TDHS will send enrollees a letter
granting or denying the request for good cause extensions. TDHS’s decisions with
respect to good cause extensions shall not be appealable.

5. If an enrollee provides some but not all of the necessary information to TDHS to de-
termine his/her eligibility for open Medicaid categories during the thirty (30) day period
following the Request for Information, TDHS will send the enrollee a Verification Re-
quest. The Verification Request will provide the enrollee with ten (10) days inclusive
of mail time to submit any missing information as identified in the Verification Request.
Enrollees will not have the opportunity to request an extension for good cause of the
ten (10) day timeframe for responding to the Verification Request.

6. Enrollees who respond to the Request for Information within the thirty (30) day period
or within any extension of such period granted by TDHS shall retain their eligibility for
TennCare Medicaid (subject to any changes in covered services generally applicable
to enrollees in their Medicaid category) while TDHS reviews their eligibility for open
Medicaid categories.

7. TDHS shall review all information and verifications provided within the requisite time
period by an enrollee pursuant to the Request for Information and/or the Verifica-
tion Request to determine whether the enrollee is eligible for any open Medicaid
categories. If TDHS makes a determination that the enrollee is eligible for an open
Medicaid category, TDHS will so notify the enrollee and the enrollee will be enrolled
in the appropriate TennCare Medicaid category. Once the enrollee is enrolled in the
appropriate TennCare Medicaid category, his/her eligibility as a non-pregnant Medi-
cally Needy adult shall then be terminated without additional notice. If TDHS makes
a determination that the enrollee is not eligible for any open Medicaid categories or if
an enrollee does not respond to the Request for Information within the requisite thirty
(30) day time period or any extension of such period granted by TDHS, the TennCare
Bureau will send the enrollee a twenty (20) day advance Termination Notice.

8. Enrollees who respond to the Request for Information or the Verification Request after
the requisite time period specified in those notices or after any extension of such time
period granted by TDHS but before the date of termination shall retain their eligibility for
TennCare Medicaid (subject to any changes in covered services generally applicable
to enrollees in their Medicaid category) while TDHS reviews their eligibility for open
Medicaid categories. If TDHS makes a determination that the enrollee is eligible for
an open Medicaid category, TDHS will so notify the enrollee and the enrollee will be
enrolled in the appropriate TennCare Medicaid category. Once the enrollee is enrolled
in the appropriate TennCare Medicaid category, his/her eligibility as a non-pregnant Medically Needy adult shall then be terminated without additional notice. If TDHS makes a determination that the enrollee is not eligible for any open Medicaid categories, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

9. Individuals may provide the information and verifications specified in the Request for Information after termination of eligibility. TDHS shall review all such information pursuant to the rules, policies and procedures of TDHS and the Bureau of TennCare applicable to new applicants for TennCare coverage. The individual shall not be entitled to be reinstated into TennCare pending this review. If the individual is subsequently determined to be eligible for an open Medicaid category, s/he shall be granted retroactive coverage to the date of application, or in the case of spend down eligibility for Medically Needy pregnant women and children, to the latter of (a) the date of his or her application or (b) the date spenddown eligibility is met.

(c) Termination Notice

1. The TennCare Bureau will send Termination Notices to all non-pregnant adult Medically Needy enrollees being terminated pursuant to the TennCare Medicaid eligibility reforms who are not determined to be eligible for open Medicaid categories pursuant to the Ex Parte Review or Request for Information processes described in this subsection.

2. Termination Notices will be sent twenty (20) days in advance of the date upon which the coverage will be terminated.

3. Termination Notices will provide enrollees with forty (40) days from the date of the notice to appeal valid factual disputes related to the disenrollment and will inform enrollees how they may request a hearing.

4. Enrollees with a health, mental health, or learning problem or a disability will be given the opportunity to request additional assistance for their appeal. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for their appeal.

5. Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day timeframe in which to request a hearing.

**SUBSTANCE OF PROPOSED RULE**

Rule 1200-13-13-.04 Covered Services is amended by adding a new paragraph (8) and renumbering the present paragraph (8) as (9) and subsequent paragraphs renumbered according so as amended the new paragraph (8) shall read as follows:

(8) Effective August 1, 2005, the covered benefits for TennCare Medicaid will be as follows:

(a) TennCare managed care contractors shall cover, at a minimum, the following services and benefits subject to any applicable limitations described herein effective August 1, 2005. Any and all medically necessary services may require prior authorization or approval by the managed care contractor, except where prohibited by law. In accordance with the John B. Court Order, MCCs may not deny medically necessary EPSDT services due to lack of prior authorization. As stated elsewhere in these rules, managed care organizations shall not require prior authorization or approval for services rendered in the event of an emergency need of the enrollee. Such emergency services may be reviewed on the basis of medical necessity or other MCO administrator requirements, but cannot be denied solely because the provider did not obtain prior authorization or approval from the enrollee’s managed care organization. Managed care contractors shall not impose any service limitations that are more restrictive than those described herein; however, this provision shall not limit the managed care contractor’s ability to establish procedures for the determination of medical necessity. Services for which there is no federal financial participation (FFP) are not covered.

SUBSTANCE OF PROPOSED RULES

Rule 1200-13-14-.01 Definitions is amended by adding new paragraphs (69) and (106) and renumbering current paragraph (69) as (70) and (106) as (107) and renumbering subsequent paragraphs accordingly so as amended new paragraphs (69) and (106) shall read as follows:

(69) OPEN MEDICAID CATEGORIES shall mean those Medicaid eligibility categories for which enrollment has not been closed pursuant to authority granted by CMS as part of the TennCare demonstration project.

(106) TENNCARE STANDARD ELIGIBILITY REFORMS shall mean the amendments to the TennCare demonstration project approved by CMS on March 24, 2005, to terminate coverage for adults aged 19 and older in TennCare Standard eligibility groups.

Rule 1200-13-14-.02 Eligibility paragraph (3) is amended by adding subparagraph (h) which shall read as follows:

(h) Effective July 6, 2005, all TennCare Standard eligibility groups for adults aged nineteen (19) and older are terminated, notwithstanding anything else in these rules to the contrary.

Rule 1200-13-14-.02 Eligibility paragraph (4) is amended by adding subparagraph (a) which shall read as follows:

(a) Effective July 6, 2005, all TennCare Standard eligibility groups for adults aged nineteen (19) and older are terminated, notwithstanding anything else in these rules to the contrary.

Rule 1200-13-14-.02 Eligibility paragraph (5) is amended by adding subparagraph (t) which shall read as follows:
(t) The individual who is eligible for TennCare Standard in accordance with paragraphs (3) and (4) of this section is found to meet the following criteria:

1. S/he is aged nineteen (19) or older,
2. His/her eligibility category has been terminated from TennCare, and
3. S/he has not been determined eligible in an open Medicaid category.

Rule 1200-13-14-.02 Eligibility is amended by deleting paragraph (7) in its entirety and renumbering subsequent paragraphs accordingly.

Rule 1200-13-14-.02 Eligibility is amended by adding a new renumbered paragraph (9) which shall read as follows:

(9) Disenrollment Related to TennCare Standard Eligibility Reforms

Prior to the disenrollment of TennCare Standard enrollees based on coverage terminations resulting from TennCare Standard Eligibility Reforms, Medicaid eligibility shall be reviewed in accordance with the following.

(a) Ex Parte Review

TDHS will conduct an ex parte review of eligibility for open Medicaid categories for all TennCare Standard enrollees in eligibility groups due to be terminated as part of the TennCare Standard eligibility reforms. Such ex parte review shall be conducted in accordance with federal requirements as set forth by CMS in the Special Terms and Conditions of the TennCare demonstration project.

(b) Request for Information

1. At least thirty (30) days prior to the expiration of their current eligibility period, the Bureau of TennCare will send a Request for Information to all TennCare Standard enrollees in eligibility groups being terminated pursuant to the TennCare Standard eligibility reforms. The Request for Information will include a form to be completed with information needed to determine eligibility for open Medicaid categories as well as a list of the types of proof needed to verify certain information.
2. Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to TDHS and provide TDHS with the necessary verifications to determine eligibility for open Medicaid categories.
3. Enrollees with a health, mental health, or learning problem or a disability will be given the opportunity to request assistance in responding to the Request for Information. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for responding to the Request for Information.
4. Enrollees will be given an opportunity until the date of termination to request one extension for good cause of the thirty (30) day timeframe for responding to the Request for Information. The good cause extension is intended to allow a limited avenue for possible relief for certain enrollees who face significant unforeseen circumstances, or...
who, as a result of a health, mental health, or learning problem, or disability, or limited English proficiency are unable to respond timely, as an alternative to imposing a standard with no exceptions whatsoever. The good cause exception does not confer an entitlement upon enrollees and the application of this exception will be within the discretion of TDHS. Only one 30-day good cause extension can be granted to each enrollee. Good cause is determined by TDHS eligibility staff. Good cause is not requested nor determined through filing an appeal. Requests for an extension of the thirty (30) day timeframe to respond to the Request for Information must be initiated by the enrollee. However, the enrollee may receive assistance in initiating such request. TDHS will not accept a request for extension of the thirty (30) day timeframe submitted by a family member, advocate, provider, or CMHC acting on the enrollee's behalf without the involvement and knowledge of the enrollee, for example, to allow time for such entity to locate the enrollee if his/her whereabouts are unknown. All requests for good cause extension must be made prior to termination of TennCare eligibility. A good cause extension will be granted if TDHS determines that a health, mental health or learning problem, or disability, or limited English proficiency prevented an enrollee from understanding or responding timely to the Request for Information. Except in the aforementioned circumstances, a good cause extension will only be granted if such request is submitted in writing to DHS prior to termination of TennCare eligibility and TDHS determines that serious personal circumstances such as illness or death prevent an enrollee from responding to the Request for Information for an extended period of time. Proof of the serious personal circumstances is required with the submission of the written request in order for a good cause extension to be granted. Good cause extensions will be granted at the sole discretion of TDHS and if granted shall provide the enrollee with an additional thirty (30) days inclusive of mail time from the date of TDHS's decision to grant the good cause extension. TDHS will send enrollees a letter granting or denying the request for good cause extensions. TDHS’s decisions with respect to good cause extensions shall not be appealable.

5. If an enrollee provides some but not all of the necessary information to TDHS to determine his/her eligibility for open Medicaid categories during the thirty (30) day period following the Request for Information, TDHS will send the enrollee a Verification Request. The Verification Request will provide the enrollee with ten (10) days inclusive of mail time to submit any missing information as identified in the Verification Request. Enrollees will not have the opportunity to request an extension for good cause of the ten (10) day timeframe for responding to the Verification Request.

6. Enrollees who respond to the Request for Information within the thirty (30) day period or within any extension of such period granted by TDHS shall retain their eligibility for TennCare Standard (subject to any changes in covered services generally applicable to enrollees in their TennCare Standard category) while TDHS reviews their eligibility for open Medicaid categories.

7. TDHS shall review all information and verifications provided within the requisite time period by an enrollee pursuant to the Request for Information and/or the Verification Request to determine whether the enrollee is eligible for any open Medicaid categories. If TDHS makes a determination that the enrollee is eligible for an open Medicaid category, TDHS will so notify the enrollee and the enrollee will be enrolled in appropriate TennCare Medicaid category. Once the enrollee is enrolled in TennCare Medicaid, his/her TennCare Standard eligibility shall then be terminated without additional notice. If TDHS makes a determination that the enrollee is not eligible for any open Medicaid
categories or if an enrollee does not respond to the Request for Information within the requisite thirty (30) day time period or any extension of such period granted by TDHS, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

8. TDHS shall, pursuant to the rules, policies and procedures of TDHS and the Bureau of TennCare applicable to new applicants for TennCare coverage, review all information and verifications provided by an enrollee after the thirty (30) day period following the Request for Information or after any extension of such period granted by TDHS, but the enrollee shall not be entitled to retain eligibility for TennCare Standard pending this review. If the individual is subsequently determined to be eligible for an open Medicaid category, s/he shall be granted retroactive coverage to the date of application, or in the case of spend down eligibility for Medically Needy pregnant women and children, to the latter of (a) the date of his or her application or (b) the date spenddown eligibility is met.

(c) Termination Notice

1. The TennCare Bureau will send Termination Notices to all TennCare Standard enrollees being terminated pursuant to the TennCare Standard eligibility reforms who are not determined to be eligible for open Medicaid categories pursuant to the Ex Parte Review or Request for Information processes described in this subsection.

2. Termination Notices will be sent twenty (20) days in advance of the date upon which the coverage will be terminated.

3. Termination Notices will provide enrollees with forty (40) days from the date of the notice to appeal valid factual disputes related to the disenrollment and inform enrollees how they may request a hearing.

4. Enrollees with a health, mental health, or learning problem or a disability will be given the opportunity to request additional assistance for their appeal. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for their appeal.

5. Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day timeframe in which to request a hearing.
Rule 1200-13-14-.05 Enrollee Cost Sharing paragraph (1) subparagraph (b) is amended by revising the first two columns in the “Percentage of Poverty” section from “0%-100%” and “101%-149%” to “0%-99%” and “100%-149%” respectively so as amended subparagraph (b) shall read as follows:

SUBSTANCE OF PROPOSED RULE

Rule 1200-13-14-.04 Covered Services is amended by adding a new paragraph (11) and renumbering the present paragraph (11) as (12) and subsequent paragraphs renumbered according so as amended the new paragraph (11) shall read as follows:

(11) Effective August 1, 2005, the covered benefits for TennCare Standard will be as follows:

(a) TennCare managed care contractors shall cover, at a minimum, the following services and benefits subject to any applicable limitations described herein effective August 1, 2005. Any and all medically necessary services may require prior authorization or approval by the managed care contractor, except where prohibited by law. In accordance with the John B. Court Order, MCCs may not deny medically necessary services for children under age 21 due to lack of prior authorization. As stated elsewhere in these rules, managed care organizations shall not require prior authorization or approval for services rendered in the event of an emergency need of the enrollee. Such emergency services may be reviewed on the basis of medical necessity or other MCO administrator requirements, but cannot be denied solely because the provider did not obtain prior authorization or approval from the enrollee’s managed care organization. Managed care contractors shall not impose any service limitations that are more restrictive than those described herein; however, this provision shall not limit the managed care contractor’s ability to establish procedures for the determination of medical necessity. Services for which there is no federal financial participation (FFP) are not covered.
