PREFACE

The Tennessee Administrative Register (T.A.R) is an official publication of the Tennessee Department of State. The T.A.R is compiled and published monthly by the Department of State pursuant to Tennessee Code Annotated, Title 4, Chapter 5. The T.A.R contains in their entirety or in summary form the following: (1) various announcements (e.g. the maximum effective rate of interest on home loans as set by the Department of Commerce and Insurance, formula rate of interest and notices of review cycles); (2) emergency rules; (3) proposed rules; (4) public necessity rules; (5) notices of rulemaking hearings and (6) proclamations of the Wildlife Resources Commission.

Emergency Rules are rules promulgated due to an immediate danger to the public health, safety or welfare. These rules are effective immediately on the date of filing and remain in effect thereafter for up to 165 days. Unless the rule is promulgated in some permanent form, it will expire after the 165-day period. The text or a summary of the emergency rule will be published in the next issue of the T.A.R. after the rule is filed. Thereafter, a list of emergency rules currently in effect will be published.

Proposed Rules are those rules the agency is promulgating in permanent form in the absence of a rulemaking hearing. Unless a rulemaking hearing is requested within 30 days of the date the proposed rule is published in the T.A.R., the rule will become effective 105 days after said publication date. All rules filed in one month will be published in the T.A.R. of the following month.

Public Necessity Rules are promulgated to delay the effective date of another rule that is not yet effective, to satisfy constitutional requirements or court orders, or to avoid loss of federal programs or funds. Upon filing, these rules are effective for a period of 165 days. The text or summary of the public necessity rule will be published in the next issue of the T.A.R. Thereafter, a list of public necessity rules currently in effect will be published.

Once a rule becomes effective, it is published in its entirety in the official compilation-Rules and Regulations of the State of Tennessee. Replacement pages for the compilation are published on a monthly basis as new rules or changes in existing rules become effective.

Wildlife Proclamations contain seasons, creel, size and bag limits, and areas open to hunting and/or fishing. They also establish wildlife and/or public hunting areas and declare the manner and means of taking. Since Wildlife Proclamations are published in their entirety in the T.A.R., they are not published in the official compilation-Rules and Regulations of the State of Tennessee.

Pursuant to the provisions of Chapter 464, Public Acts of 1983, the Commissioner of Financial Institutions hereby announces that the formula rate of interest is 10.75%.

This announcement is placed in the Tennessee Administrative Register for the purpose of information only and does not constitute a rule within the meaning of the Uniform Administrative Procedures Act.

DEPARTMENT OF FINANCIAL INSTITUTIONS – 0180
ANNOUNCEMENT OF MAXIMUM EFFECTIVE RATE OF INTEREST

The Federal National Mortgage Association has discontinued its free market auction system for commitments to purchase conventional home mortgages. Therefore, the Commissioner of Financial Institutions hereby announces that the maximum effective rate of interest per annum for home loans as set by the General Assembly in 1987, Public Chapter 291, for the month of November 2005 is 8.66 percent per annum.

The rate as set by the said law is an amount equal to four percentage points above the index of market yields of long-term government bonds adjusted to a thirty (30) year maturity by the U. S. Department of the Treasury. For the most recent weekly average statistical data available preceding the date of this announcement, the calculated rate is 4.66 percent.

Persons affected by the maximum effective rate of interest for home loans as set forth in this notice should consult legal counsel as to the effect of the Depository Institutions Deregulation and Monetary Control Act of 1980 (P.L. 96-221 as amended by P.L. 96-399) and regulations pursuant to that Act promulgated by the Federal Home Loan Bank Board. State usury laws as they relate to certain loans made after March 31, 1980, may be preempted by this Act.

Air-Evac Life Team, Inc. has filed a Petition for Declaratory Order pursuant to T.C.A. § 4-5-224 and the Uniform Rules of Procedure for Hearing Contested Cases Before State Administrative Agencies, Rule 1360-4-1-.07.

1. Petitioner’s Name: Air-Evac Life Team, Inc.
   Address: P.O. Box 768, West Plains, Missouri 65775

2. Petitioner’s Attorney: William H. West
   Address: Commerce Center, Suite 1000
             211 Commerce Street
             Nashville, TN 37201
   Phone Number: (615) 726-5600

3. Organization, if any, that the Petitioner represents: Themselves

4. Statement of the facts that led to the filing of this petition.

   The Petitioner was cited by the Emergency Medical Services Division in April 2005 for violation of Rule 1200-12-1-.05(2)(c)(2), (3), and (4) which requires emergency medical services helicopters to be equipped with two very high frequency omnidirectional ranging (VOR) receivers, one glide scope receiver and one nondirectional beacon receiver. In its Petitioner the petitioner challenges the capacity of the state of Tennessee to impose rules requiring Petitioner’s aircraft to be equipped with the above mentioned equipment in light of the broad preemption of the regulation of aircraft safety by the Federal Aviation Administration (FAA). That the FAA imposes no requirements on the aircraft of the Petitioner or any other similar provider to possess the equipment required by EMS Rule 1200-12-1-.05(2)(c)(2), (3), and (4). That lack of the equipment specified is not a violation of FAA regulations or other federal standards for aircraft safety, and further that the Emergency Medical Services board is specifically prohibited by T.C.A. §68-140-507 from requiring licensure or permitting for individual aircraft.

   The State of Tennessee may not, through EMS Rule 1200-12-1-.05(2)(c) or otherwise, regulate the aircraft of the petitioner as to safety requirements, or impose any sanctions on the Petitioner for failure to possess any designated aviation safety equipment or any other aviation equipment specified in the EMS Board's Rules.
5. Provide a summary of the relief you are requesting including the specific nature of the requested order and the conclusions you would like the agency to reach at the conclusion of the declaratory process:

The Petitioner requests that the EMS Board (Board) determine that it does not have the power to require aircraft of the Petitioner or any other entity to exceed the requirements imposed by the FAA, and, therefore, the Board rules provisions 1200-12-1-05(2)(c)(2), (3), and (4) have no application to the aircraft operated by the Petitioner.

Find that the ambulance inspection report deficiency statement for the ambulance inspection report dated April 1, 2005 is void as to those deficiencies cited, and that the Petitioner not be sanctioned in any manner by the EMS Board for the absence of the specified equipment.

Pursuant to Tenn. Code Ann. § 4-5-209, the Commissioner of the Department of Commerce and Insurance is authorized to promulgate public necessity rules in the event that the rules are required by an agency of the federal government and adoption of the rules through ordinary rulemaking procedures might jeopardize the loss of a federal program or federal funds. With the passage of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, Pub. L. 108-173, 117 Stat. 2066 (2003) (MMA), there is an immediate need for this state to amend its Medigap regulations in order to maintain its regulatory program’s certification with the Department of Health and Human Services. The regulatory scheme for Medigap coverage is a complex one, with states retaining authority over this type of insurance product as long as their respective regulatory programs meet the minimum standards set forth by both the National Association of Insurance Commissioners’ (NAIC) Medicare Supplement Insurance Minimum Standards Model Act and its companion Model Regulation to Implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act as authorized by federal law. The MMA impacts state Medigap regulations in many significant ways, with severe consequences for non-compliance. The MMA authorizes the Secretary of the U.S. Department of Health and Human Services to impose its own regulatory scheme for Medigap plans in the event that states do not implement the provisions of the MMA by September 8, 2005. As such, ordinary rulemaking procedures are not suitable to adopt these amendments within the time prescribed by the federal law. The Department of Commerce and Insurance has also filed a Notice of Rulemaking Hearing to adopt the provisions contained in these public necessity rules as permanent rules.

0780-1-58-.07 MINIMUM BENEFIT STANDARDS FOR POLICIES OR CERTIFICATES ISSUED FOR DELIVERY PRIOR TO JULY 1, 1992.

No policy or certificate may be advertised, solicited or issued for delivery in this state as a Medicare supplement policy or certificate unless it meets or exceeds the following minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

(1) General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this Chapter.

(a) A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

(b) A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.
A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

A "noncancellable," "guaranteed renewable," or "noncancellable and guaranteed renewable" Medicare supplement policy shall not:

1. Provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or
2. Be cancelled or nonrenewed by the issuer solely on the grounds of deterioration of health.

Except as authorized by the Commissioner, an issuer shall neither cancel nor nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

If a group Medicare supplement insurance policy is terminated by the group policyholder and not replaced as provided in Subparagraph (e)4. of this Paragraph, the issuer shall offer certificateholders an individual Medicare supplement policy. The issuer shall offer the certificateholder at least the following choices:

(i) An individual Medicare supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group Medicare supplement policy; and
(ii) An individual Medicare supplement policy which provides only such benefits as are required to meet the minimum standards as defined in Rule 0780-1-58-.08(2).

If membership in a group is terminated, the issuer shall:

(i) Offer the certificate holder the conversion opportunities described in Subparagraph (e)2. of this Paragraph; or
(ii) At the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be
predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(g) If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this Rule.

(2) Minimum Benefit Standards.

(a) Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the sixty-first (61st) day through the ninetieth (90th) day in any Medicare benefit period;

(b) Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount;

(c) Coverage of Part A Medicare eligible expenses incurred as daily hospital charges during use of Medicare’s lifetime hospital inpatient reserve days;

(d) Upon exhaustion of all Medicare hospital inpatient coverage including the lifetime reserve days, coverage of ninety percent (90%) of all Medicare Part A eligible expenses for hospitalization not covered by Medicare subject to a lifetime maximum benefit of an additional three hundred sixty-five (365) days;

(e) Coverage under Medicare Part A for the reasonable cost of the first three (3) pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations or already paid for under Part B;

(f) Coverage for the coinsurance amount, or in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket amount equal to the Medicare Part B deductible [$100];

(g) Effective January 1, 1990, coverage under Medicare Part B for the reasonable cost of the first three (3) pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations), unless replaced in accordance with federal regulations or already paid for under Part A, subject to the Medicare deductible amount.

Authority: T.C.A. § 56-2-301.

0780-1-58-.08 BENEFIT STANDARDS FOR POLICIES OR CERTIFICATES ISSUED OR DELIVERED ON OR AFTER JULY 1, 1992.

The standards required by this Rule are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after July 1, 1992. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with the benefit standards set forth in this Rule.
PUBLIC NECESSITY RULES

(1) General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this Chapter:

(a) A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

(b) A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(c) A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

(d) No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(e) Each Medicare supplement policy shall be guaranteed renewable.

1. The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual.

2. The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.

3. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under Subparagraph (e)5. of this Paragraph, the issuer shall offer certificateholders an individual Medicare supplement policy which (at the option of the certificateholder):

   (i) Provides for continuation of the benefits contained in the group policy; or

   (ii) Provides for benefits that otherwise meet the requirements of this subsection.

4. If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:

   (i) Offer the certificateholder the conversion opportunity described in Subpart (3) of this Subparagraph (e); or

   (ii) At the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.
5. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

6. If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this Rule.

(f) Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits shall not be considered in determining a continuous loss.

(g) 1. A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to assistance.

2. If suspension occurs and if the policyholder or certificateholder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstituted (effective as of the date of termination of entitlement) as of the termination of entitlement if the policyholder or certificateholder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

3. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862(b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstituted (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety (90) days after the date of the loss.

4. Reinstatement of coverages as described in Subparagraphs (g)1. and (g)2. of this Paragraph:

(i) Shall not provide for any waiting period with respect to treatment of preexisting conditions;
(ii) Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension. If the suspended Medicare supplement policy provided coverage for outpatient prescription drugs, reinstatement of the policy for Medicare Part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension; and

(iii) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended.

(2) Standards for Basic (Core) Benefits Common to Benefit Plans A – J.

(i) Home office and overhead costs;

(ii) Advertising costs;

(iii) Commissions and other acquisition costs;

(iv) Taxes;

(v) Capital costs;

(vi) Administrative costs; and

(vii) Claims processing costs.

(b) All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this Rule when combined with the actual experience since inception. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

(c) Reserved.

(d) For policies issued prior to July 1, 1992 expected claims in relation to premiums shall meet:

1. The originally filed anticipated loss ratio when combined with the actual experience since inception;

2. The appropriate loss ratio requirement from Paragraphs (1)(a)1.(i) and (ii) when combined with actual experience beginning with April 28, 1996 to date; and

3. The appropriate loss ratio requirement from Paragraphs (1)(a)1.(i) and (ii) over the entire future period for which the rates are computed to provide coverage.

(2) Refund or Credit Calculation.
(a) An issuer shall collect and file with the Commissioner by May 31st of each year the data contained in the applicable reporting form contained in Appendix A to this Chapter for each type in a standard Medicare supplement benefit plan.

(b) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

(c) For the purposes of this Rule, policies or certificates issued prior to July 1, 1992, the issuer shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after April 28, 1996. The first report shall be due by May 31, 1998.

(d) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for thirteen (13) week Treasury notes. A refund or credit against premiums due shall be made by September 30th following the experience year upon which the refund or credit is based.

(3) Annual Filing of Premium Rates.

An issuer of Medicare supplement policies and certificates issued before or after the effective date of this Chapter in this state shall file annually its rates, rating schedule and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the Commissioner in accordance with the filing requirements and procedures prescribed by the Commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three (3) years.

As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the Commissioner, in accordance with the applicable filing procedures of this state:

(a) 1. Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents necessary to justify the adjustment shall accompany the filing.

2. An issuer shall make premium adjustments necessary to produce an expected loss ratio under the policy or certificate to conform to minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the
PUBLIC NECESSITY RULES

rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

3. If an issuer fails to make premium adjustments acceptable to the Commissioner, the Commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this Rule.

(b) Any appropriate riders, endorsements or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

(4) Public Hearings.

The Commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of this Chapter if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the Commissioner.

Authority: T.C.A. §§ 56-2-301, 56-7-1453(e) and 56-7-1454.

0780-1-58-.15 FILING AND APPROVAL OF POLICIES AND CERTIFICATES AND PREMIUM RATES.

(1) An issuer shall not deliver or issue for delivery a policy or certificate to a resident of this state unless the policy form or certificate form has been filed with and approved by the Commissioner in accordance with filing requirements and procedures prescribed by the Commissioner.

(2) An issuer shall file any riders or amendments to policy or certificate forms to delete outpatient prescription drug benefits as required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 only with the commissioner in the state in which the policy or certificate was issued.

(3) An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule and supporting documentation have been filed with and approved by the Commissioner in accordance with the filing requirements and procedures prescribed by the Commissioner.

(4) (a) Except as provided in Subparagraph (b) of this Paragraph, an issuer shall not file for approval more than one (1) form of a policy or certificate of each type for each standard Medicare supplement benefit plan.
(b) An issuer may offer, with the approval of the Commissioner, up to four (4) additional policy forms or certificate forms of the same type for the same standard Medicare supplement benefit plan, one for each of the following cases:

1. The inclusion of new or innovative benefits;
2. The addition of either direct response or agent marketing methods;
3. The addition of either guaranteed issue or underwritten coverage; and
4. The offering of coverage to individuals eligible for Medicare by reason of disability.

(c) For the purposes of this Rule, a “type” means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

(5) (a) Except as provided in Subparagraph (a)1. of this Paragraph, an issuer shall continue to make available for purchase any policy form or certificate form issued after the effective date of this Chapter that has been approved by the Commissioner. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous twelve (12) months.

1. An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the Commissioner in writing its decision at least thirty (30) days prior to discontinuing the availability of the form of the policy or certificate. After receipt of the notice by the Commissioner, the issuer shall no longer offer for sale the policy form or certificate form in this state.

2. An issuer that discontinues the availability of a policy form or certificate form pursuant to Subparagraph (a)1. of this Paragraph shall not file for approval a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of five (5) years after the issuer provides notice to the Commissioner of the discontinuance. The period of discontinuance may be reduced if the Commissioner determines that a shorter period is appropriate.

(b) The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this Paragraph.

(c) A change in the rating structure or methodology shall be considered a discontinuance under Subparagraph (a) of this Paragraph unless the issuer complies with the following requirements:

1. The issuer provides an actuarial memorandum, in a form and manner prescribed by the Commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates.

2. The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The Commissioner may approve a change to the differential which is in the public interest.
(6) (a) Except as provided in Subparagraph (b) of this Paragraph, the experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in Rule 0780-1-58-.14.

(b) Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other forms for purposes of the refund or credit calculation.

(7) An issuer shall not present for filing or approval a rate structure for its Medicare supplement policies or certificates issued after the effective date of the amendment of this Chapter based upon a structure or methodology with any groupings of attained ages greater than one (1) year. The ratio between rates for successive ages shall increase smoothly as age increases.

Authority: T.C.A. §§ 56-7-1453(d) and (e), and 56-7-1454.

0780-1-58-.16 PERMITTED COMPENSATION ARRANGEMENTS.

(1) An issuer or other entity may provide commission or other compensation to an agent or other representative for the sale of a Medicare supplement policy or certificate only if the first year commission or other first year compensation is no more than two hundred percent (200%) of the commission or other compensation paid for selling or servicing the policy or certificate in the second year or period.

(2) The commission or other compensation provided in subsequent (renewal) years must be the same as that provided in the second year or period and must be provided for no fewer than five (5) renewal years.

(3) No issuer or other entity shall provide compensation to its agents or other producers and no agent or producer shall receive compensation greater than the renewal compensation payable by the replacing issuer on renewal policies or certificates if an existing policy or certificate is replaced.

(4) For purposes of this Rule, “compensation” includes pecuniary or non-pecuniary remuneration of any kind relating to the sale or renewal of the policy or certificate including but not limited to bonuses, gifts, prizes, awards and finders fees.

Authority: T.C.A. § 56-7-1453(d).

0780-1-58-.17 REQUIRED DISCLOSURE PROVISIONS.

(1) General Rules.

(a) Medicare supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of the provision shall be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder’s age.
(b) Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy.

(c) Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as “usual and customary,” “reasonable and customary” or words of similar import.

(d) If a Medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, such limitations shall appear as a separate paragraph of the policy and be labeled as “Preexisting Condition Limitations.”

(e) Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the policyholder or certificateholder shall have the right to return the policy or certificate within thirty (30) days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason.

(f) 1. Issuers of accident and sickness policies or certificates which provide hospital or medical expense coverage on an expense incurred or indemnity basis to persons eligible for Medicare shall provide to those applicants a Guide to Health Insurance for People with Medicare in the form developed jointly by the NAIC and CMS and in a type size no smaller than twelve (12) point type. Delivery of the Guide shall be made whether or not the policies or certificates are advertised, solicited or issued as Medicare supplement policies or certificates as defined in this Chapter. Except in the case of direct response issuers, delivery of the Guide shall be made to the applicant at the time of application and acknowledgement of receipt of the Guide shall be obtained by the issuer. Direct response issuers shall deliver the Guide to the applicant upon request but not later than at the time the policy is delivered.

2. For the purposes of this Rule, “form” means the language, format, type size, type proportional spacing, bold character, and line spacing.

(2) Notice Requirements.

(a) As soon as practicable, but no later than thirty (30) days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificateholders of modifications it has made to Medicare supplement insurance policies or certificates in a format acceptable to the Commissioner. The notice shall:
1. Include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate; and

2. Inform each policyholder or certificateholder as to when any premium adjustment is to be made due to changes in Medicare.

(b) The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

(c) The notices shall not contain or be accompanied by any solicitation.

(3) MMA Notice Requirements.

Issuers shall comply with any notice requirements of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

(4) Outline of Coverage Requirements for Medicare Supplement Policies.

(a) Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgement of receipt of the outline from the applicant; and

(b) If an outline of coverage is provided at the time of application and the Medicare supplement policy or certificate is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than twelve (12) point type, immediately above the company name:

NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued.

(c) The outline of coverage provided to applicants pursuant to this section consists of four (4) parts: a cover page, premium information, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed below in no less than twelve (12) point type. All Plans A – L shall be shown on the cover page, and the plans that are offered by the issuer shall be prominently identified. Premium information for plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The premium and mode shall be stated for all plans that are offered to the prospective applicant. All possible premiums for the prospective applicant shall be illustrated.

(d) The following items shall be included in the outline of coverage in the order prescribed below:
These charts show the benefits included in each of the standard Medicare supplement plans. Every company must make available Plan A. Some plans may not be available in your state.

See Outlines of Coverage sections for details about ALL plans.

* Plans F and J also have an option called a high deductible plan F and a high deductible plan J. These high deductible plans pay the same benefits as Plans F and J after one has paid a calendar year [$1690] deductible. Benefits from high deductible plans F and J will not begin until out-of-pocket expenses exceed [$1690]. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. These expenses include the Medicare deductibles for Part A and Part B, but do not include the plan’s separate foreign travel emergency deductible.
Basic Benefits for Plans K and L include similar services as Plans A-J, but cost-sharing for the basic benefits is at different levels.

** Plans K and L provide for different cost-sharing for items and services than Plans A – J. Once you reach the annual limit, the plan pays 100% of the Medicare copayments, coinsurance, and deductibles for the rest of the calendar year. The out-of-pocket annual limit does NOT include charges from your provider that exceed Medicare-approved amounts, called “Excess Charges”. You will be responsible for paying excess charges.

***The out-of-pocket annual limit will increase each year for inflation. See Outlines of Coverage for details and exceptions.**
PUBLIC NECESSITY RULES

PREMIUM INFORMATION  [Boldface Type]

We [insert issuer’s name] can only raise your premium if we raise the premium for all policies like yours in this State.  [If the premium is based on the increasing age of the insured, include information specifying when premiums will change.]

DISCLOSURES  [Boldface Type]

Use this outline to compare benefits and premiums among policies.

READ YOUR POLICY VERY CAREFULLY  [Boldface Type]

This is only an outline describing your policy’s most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and your insurance company.

RIGHT TO RETURN POLICY  [Boldface Type]

If you find that you are not satisfied with your policy, you may return it to [insert issuer’s address]. If you send the policy back to us within thirty (30) days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

POLICY REPLACEMENT  [Boldface Type]

If you are replacing another health insurance policy, do NOT cancel it until you have actually received your new policy and are sure you want to keep it.

NOTICE  [Boldface Type]

This policy may not fully cover all of your medical costs.

[for agents:]
Neither [insert company’s name] nor its agents are connected with Medicare.

[for direct response:]
[insert company’s name] is not connected with Medicare.

This outline of coverage does not give all the details of Medicare coverage. Contact your local Social Security Office or consult Medicare and You for more details.

COMPLETE ANSWERS ARE VERY IMPORTANT  [Boldface Type]

When you fill out the application for the new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your policy and refuse to pay any claims if you leave out or falsify important medical information.  [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Review the application carefully before you sign it. Be certain that all information has been properly recorded.

[Include for each plan prominently identified in the cover page, a chart showing the services, Medicare payments, plan payments and insured payments for each plan, using the same language, in the same order, using uniform layout and format as shown in the charts below. No more than four plans may be shown on one chart. For purposes of illustration, charts for each plan are included in this Chapter. An issuer may use additional benefit plan designations on these charts pursuant to Rule 0780-1-58-.09(4).]

[Include an explanation of any innovative benefits on the cover page and in the chart, in a manner approved by the commissioner.]

PLAN F OR HIGH DEDUCTIBLE PLAN F

MEDICARE (PART A) – HOSPITAL SERVICES – PER BENEFIT PERIOD

* A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.  

[**This high deductible plan pays the same benefits as Plan F after one has paid a calendar year $1690 deductible. Benefits from the high deductible Plan F will not begin until out-of-pocket expenses are $1690. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. This includes the Medicare deductibles for Part A and Part B, but does not include the plan’s separate foreign travel emergency deductible.**]

PLAN J OR HIGH DEDUCTIBLE PLAN J

MEDICARE (PART A) – HOSPITAL SERVICES – PER BENEFIT PERIOD

* A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.

** This high deductible plan pays the same benefits as Plan J after one has paid a calendar year $1690 deductible. Benefits from high deductible Plan J will not begin until out-of-pocket expenses are $1690. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. This includes the Medicare deductibles for Part A and Part B, but does not include the plan’s separate outpatient prescription drug deductible or the plan’s separate foreign travel emergency deductible.

PLAN K

* You will pay half the cost-sharing of some covered services until you reach the annual out-of-pocket limit of $[4000] each calendar year. The amounts that count toward your annual limit are noted with diamonds (♦) in the chart below. Once you reach the annual limit, the plan pays 100% of your Medicare copayment and coinsurance for the rest of the calendar year. However, this limit does NOT include charges from your provider that exceed Medicare-approved amounts (these are called “Excess Charges”) and you will be responsible for paying this difference in the amount charged by your provider and the amount paid by Medicare for the item or service.

** A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.

Sections 1395, et seq.), disability income policy, or other policy identified in Rule 0780-1-58-.03(2), issued for delivery in this state to persons eligible for Medicare shall notify insureds under the policy that the policy is not a Medicare supplement policy or certificate. The notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy, or certificate delivered to insureds. The notice shall be in no less than twelve (12) point type and shall contain the following language:

"THIS [POLICY OR CERTIFICATE] IS NOT A MEDICARE SUPPLEMENT [POLICY OR CONTRACT]. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company."

(b) Applications provided to persons eligible for Medicare for the health insurance policies or certificates described in Paragraph (4)(a) of this Rule shall disclose, using the applicable statement in Appendix C to this Chapter, the extent to which the policy duplicates Medicare. The disclosure statement shall be provided as a part of, or together with, the application for the policy or certificate.

Authority: T.C.A. §§ 56-7-1453(e), and 56-7-1455(b) and (d).
0780-1-58-.18 REQUIREMENTS FOR APPLICATION FORMS AND REPLACEMENT COVERAGE.

(1) Application forms shall include the statements and questions set forth in Appendix D of this Chapter designed to elicit information as to whether, as of the date of the application, the applicant currently has Medicare supplement, Medicare Advantage, Medicaid coverage, or another health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing such questions and statements may be used.

(2) Producers shall list the following health insurance policies they have sold to the applicant:

(a) All policies sold to the applicant which are still in force; and

(b) All policies sold to the applicant in the past five (5) years which are no longer in force.

(3) In the case of a direct response issuer, a copy of the application or supplemental form, signed by the applicant, and acknowledged by the insurer, shall be returned to the applicant by the insurer upon delivery of the policy.

(4) Upon determining that a sale will involve replacement of Medicare supplement coverage, any issuer, other than a direct response issuer, or its producer, shall furnish the applicant, prior to issuance or delivery of the Medicare supplement policy or certificate, a notice regarding replacement of Medicare supplement coverage. One copy of the notice signed by the applicant and the producer, except where the coverage is sold without a producer, shall be provided to the applicant and an additional signed copy shall be retained by the issuer. A direct response issuer shall deliver to the applicant at the time of the issuance of the policy the notice regarding replacement of Medicare supplement coverage.

(5) The notice required by Paragraph (4) of this Rule for an issuer shall be provided in a substantially similar form to Appendix E of this Chapter in no less than twelve (12) point type:

(6) Paragraphs 1 and 2 of Appendix E (applicable to preexisting conditions) may be deleted by an issuer if the replacement does not involve application of a new preexisting condition limitation.

0780-1-58-.19 FILING REQUIREMENTS FOR ADVERTISING.

(b) Establish marketing procedures to assure excessive insurance is not sold or issued.

(c) Display prominently by type, stamp or other appropriate means, on the first page of the policy the following:

“Notice to buyer: This policy may not cover all of your medical expenses.”

(d) Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for Medicare supplement insurance already has accident and sickness insurance and the types and amounts of any such insurance.

(e) Establish auditable procedures for verifying compliance with this Paragraph.

(2) In addition to the practices prohibited in T.C.A. § 56-8-104, the following acts and practices are unfair and/or deceptive, and, thus, prohibited:

(a) Twisting. Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert an insurance policy or to take out a policy of insurance with another insurer.

(b) High pressure tactics. Employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

(c) Cold lead advertising. Making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance agent or insurance company.

(3) The terms “Medicare Supplement,” “Medigap,” “Medicare Wrap-Around” and words of similar import shall not be used unless the policy is issued in compliance with this Chapter.

Authority: T.C.A. §§ 56-7-1429, 1431, 1453(d), and 56-8-113.

(2) Any sale of a Medicare supplement policy or certificate that will provide an individual more than one Medicare supplement policy or certificate is prohibited.
An issuer shall not issue a Medicare supplement policy or certificate to an individual enrolled in Medicare Part C unless the effective date of the coverage is after the termination date of the individual’s Part C coverage.

Authority: T.C.A. § 56-7-1453(c) and (d).

0780-1-58-.22 REPORTING OF MULTIPLE POLICIES.

(1) On or before March 1st of each year, an issuer shall report the following information for every individual resident of this state for which the issuer has in force more than one Medicare supplement policy or certificate:

(a) The policy and certificate number; and

(b) Each policy or certificate’s date of issuance.

(2) The items set forth above must be grouped by individual policyholder.

Authority: T.C.A. § 56-7-1453(d).

0780-1-58-.23 PROHIBITION AGAINST PREEXISTING CONDITIONS, WAITING PERIODS, ELIMINA-
TION PERIODS AND PROBATIONARY PERIODS IN REPLACEMENT POLICIES OR CERTIFICATES.

(1) If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate, the replacing issuer shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods and probationary periods in the new Medicare supplement policy or certificate to the extent such time was spent under the original policy.

(2) If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate which has been in effect for at least six (6) months, the replacing policy shall not provide any time period applicable to preexisting conditions, waiting periods, elimination periods and probationary periods.

Authority: T.C.A. § 56-7-1453(c).

0780-1-58-.24 SEVERABILITY.

If any provision of this Chapter or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the regulation and the application of such provision to other persons or circumstances shall not be affected thereby.

DISCLOSURE STATEMENTS

Instructions for Use of the Disclosure Statements for Health Insurance Policies Sold to Medicare Beneficiaries that Duplicate Medicare

1. Section 1882(d) of the federal Social Security Act [42 U.S.C. 1395ss] prohibits the sale of a health insurance policy (the term policy includes certificate) to Medicare beneficiaries that duplicates Medicare benefits unless it will pay benefits without regard to a beneficiary’s other health coverage and it includes the prescribed disclosure statement on or together with the application for the policy.

2. All types of health insurance policies that duplicate Medicare shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not vary from the attached statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).

3. State and federal law prohibits insurers from selling a Medicare supplement policy to a person that already has a Medicare supplement policy except as a replacement policy.

4. Property/casualty and life insurance policies are not considered health insurance.

5. Disability income policies are not considered to provide benefits that duplicate Medicare.

6. Long-term care insurance policies that coordinate with Medicare and other health insurance are not considered to provide benefits that duplicate Medicare.

7. The federal law does not preempt state laws that are more stringent than the federal requirements.

8. The federal law does not preempt existing state form filing requirements.

9. Section 1882 of the federal Social Security Act was amended in Subsection (d)(3)(A) to allow for alternative disclosure statements. The disclosure statements already in Appendix C remain. Carriers may use either disclosure statement with the requisite insurance product. However, carriers should use either the original disclosure statements or the alternative disclosure statements and not use both simultaneously.

(2) If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

(3) You may be eligible for benefits under Medicaid and may not need a Medicare supplement policy.

(4) If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for twenty-four (24) months. You must request this suspension within ninety (90) days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within ninety (90) days of losing Medicaid eligibility. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(5) If you are eligible for, and have enrolled in a Medicare supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within ninety (90) days of losing your employer or union-based group health plan. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(6) Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement or Medicare Advantage insurance and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement or Medicare Advantage coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not duplicate your existing Medicare supplement or, if applicable, Medicare Advantage coverage because you intend to terminate your existing Medicare supplement coverage or leave your Medicare Advantage plan. The replacement policy is being purchased for the following reason (check one):

___ Additional benefits.
___ No change in benefits, but lower premiums.
___ Fewer benefits and lower premiums.
___ My plan has outpatient prescription drug coverage and I am enrolling in Part D.
___ Disenrollment from a Medicare Advantage plan. Please explain reason for disenrollment. [optional only for Direct Mailers. ]

___ Other. (please specify) ___________________________________________________________

1. Note: If the issuer of the Medicare supplement policy being applied for does not, or is otherwise prohibited from imposing pre-existing condition limitations, please skip to statement 2 below. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
PUBLIC NECESSITY RULES

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

3. If, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy until you have received your new policy and are sure that you want to keep it.

The public necessity rules set out herein were properly filed in the Department of State on the 1st day of September, 2005, and will be effective from the date of filing for a period of 165 days. These public necessity rules will remain in effect through the day of the 13th day of February, 2006. (09-03)
STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

I am herewith submitting amendments to the rules of the Tennessee Department of Finance and Administration, Bureau of TennCare, for promulgation pursuant to the public necessity provisions of the Uniform Administrative Procedures Act, T.C.A. § 4-5-209 and the Medical Assistance Act, T.C.A. § 71-5-134.

The State of Tennessee received federal approval for certain amendments to the benefits covered under the amendments to the TennCare Demonstration Project (No. 11-W-0015 1/4). Approval of the project modification is granted under the authority of Section 1115 (a) of the Social Security Act. The amendments are approved through the period ending June 30, 2007. The TennCare program is a managed care program for both the Medicaid population and the expansion population.

This rule is being amended to point out that effective October 1, 2005, coverage of payments to reserve a level I (intermediate) bed during a recipient's temporary absence from a nursing facility is being reinstated with a limit of ten (10) days per state fiscal year.

Tennessee Code Annotated, Section 71-5-134, states that in order to comply with or to implement the provisions of any federal waiver or state plan amendment obtained pursuant to the Medical Assistance Act as amended by Acts 1993, the Commissioner of Finance and Administration is authorized to promulgate public necessity rules pursuant to Tennessee Code Annotated, Section 4-5-209.

I have made a finding that these amendments are required to conform the current TennCare Medicaid rules to reflect changes resulting from the amendment of the TennCare waiver.

For a copy of this public necessity rule, contact George Woods at the Bureau of TennCare by mail at 310 Great Circle Road, Nashville, Tennessee 37243 or by telephone at (615) 507-6446.

Authority: T.C.A. 4-5-209, 71-5-105, 71-5-109, Executive Order No. 23.

The Public Necessity rules set out herein were properly filed in the Department of State on the 26th day of September, 2005, and will be effective from the date of filing for a period of 165 days. The Public Necessity rules remain in effect through the 10th day of March, 2006. (09-29)
I am herewith submitting amendments to the rules of the Tennessee Department of Finance and Administration, Bureau of TennCare, for promulgation pursuant to the public necessity provisions of the Uniform Administrative Procedures Act, T.C.A. § 4-5-209 and the Medical Assistance Act, T.C.A. § 71-5-134.

On September 6, 2005, the State of Tennessee was notified of federal approval of a State Plan Amendment allowing prescribed drug coverage for the Medically Needy beneficiaries who are age 21 and older who do not receive services in a Nursing Facility, an Intermediate Care Facility for the Mentally Retarded, or a Home and Community Based Services Waiver. Prescriptions are limited to five (5) per month, pursuant to which at least three (3) out of any five (5) prescriptions or refills must be generic.

Tennessee Code Annotated, Section 71-5-134, states that in order to comply with or to implement the provisions of any federal waiver or state plan amendment obtained pursuant to the Medical Assistance Act as amended by Acts 1993, the Commissioner of Finance and Administration is authorized to promulgate public necessity rules pursuant to Tennessee Code Annotated, Section 4-5-209.

I have made a finding that these amendments are required to conform the current TennCare Medicaid rules to reflect changes resulting from the amendment of the TennCare waiver.

For a copy of this public necessity rule, contact George Woods at the Bureau of TennCare by mail at 310 Great Circle Road, Nashville, Tennessee 37243 or by telephone at (615) 507-6446.

J. D. Hickey
Deputy Commissioner
Tennessee Department of Finance and Administration

(C) of part 21. of subparagraph (b) of paragraph (8) of rule 1200-13-13-.04 Covered Services is deleted in its entirety and replaced with a new (C) which shall read as follows:

(C) Effective September 1, 2005, not withstanding the August 1, 2005, date referenced above, subject to (A) above, pharmacy services for non-pregnant adults aged 21 and older who
are eligible in the Medically Needy category are limited to five (5) prescriptions and/or refills per enrollee per month, of which no more than two (2) of the five (5) can be brand name drugs. As of September 1, 2005, additional drugs for individuals in (C) shall not be covered even if medically necessary. This includes drugs which have been prior authorized but not received as of September 1, 2005, and/or drugs for which the initial prescription but not all applicable refills, or the interim supply, but not the balance thereof, has been received as of September 1, 2005. Prescriptions shall be counted according to the principles set out in (B) above.

Authority: T.C.A. 4-5-209, 71-5-105, 71-5-109, 71-5-134, Executive Order No. 23.

The Public Necessity rules set out herein were properly filed in the Department of State on the 7th day of September, 2005, and will be effective from the date of filing for a period of 165 days. The Public Necessity rules remain in effect through the 19th day of February, 2006. (09-12)
STATEMENT OF NECESSITY REQUIRING PUBLIC NECESSITY RULES

The tuition discount at public postsecondary institutions for the children of public school teachers authorized by Tennessee Code Annotated Section 49-7-119 went into effect on July 1, 1990. Pursuant to Public Chapter 447, Acts of 2005, the Legislature expanded the scope of T.C.A. § 49-7-119 to include children of full time technology coordinators, and the Tennessee Higher Education Commission promulgated rules to incorporate this change. A public necessity rule is necessary to incorporate the statutory change so that the children of employees affected by this rule change will not be denied this benefit for the Fall 2005 semester.

For a copy of this public necessity rule, contact Rosie Padgett, Tennessee Higher Education Commission, Suite 1900, Parkway Towers, 404 James Robertson Parkway, Nashville, Tennessee 37243, telephone 615-741-3605.

PUBLIC NECESSITY RULES
OF
THE TENNESSEE HIGHER EDUCATION COMMISSION

CHAPTER 1540-1-5
PUBLIC HIGHER EDUCATION FEE DISCOUNTS FOR CHILDREN
OF LICENSED PUBLIC SCHOOL TEACHERS AND STATE EMPLOYEES

AMENDMENTS

Paragraph (2) of Rule 1540-1-5-.01 Definitions is amended by deleting the current language in its entirety and replacing it with the following language so that as amended the paragraph shall read:

1540-1-5-.01 DEFINITIONS

(2) Certified teacher in any public school in Tennessee or Teacher: Teacher, supervisor, principal, superintendent and other personnel who is licensed by the Tennessee Department of Education or by a branch of the U.S. Armed Forces to teach Reserve Officer Training Corps, and employed by any local school system, for service in public, elementary and secondary schools in Tennessee supported in whole or in part by state funds. This term shall also include technology coordinators employed by any local school system, for service in public secondary schools in Tennessee supported in whole or in part by state funds.

The public necessity rules set out herein were properly filed in the Department of State on the 1st day of September, 2005 and will become effective from the date of filing for a period of 165 days. These public necessity rules will remain in effect through the 13th day of February, 2006. (09-01)
The TennCare Bureau ended further enrollment in certain Medically Needy Eligibility categories affecting persons receiving nursing facility services and certain other types of services.

Pursuant to final direction from the federal Centers for Medicare and Medicaid Services (CMS) on September 8, 2005, when this category is ended for persons receiving those types of services, the State is required to recognize properly established Qualified Income Trusts (QITs), also known as “Miller Trusts”, pursuant to 42 U.S.C. § 1396p(d)(4)(B). This type of trust allows a person to transfer income to such a trust that is established under certain criteria established pursuant to that law. The income in such a qualified income trust will not be counted for income eligibility purposes or be considered as an improper transfer of income in determining eligibility for these types of services.

Under contract with the TennCare Bureau, the Tennessee Department of Human Services determines eligibility for applicants and enrollees in the TennCare/Medicaid program administered by the TennCare Bureau which includes those receiving nursing facility services and certain other types of services that would be affected by the federal directive.

In order to immediately implement the requirement of an agency of the federal government with regard to compliance with federal law and in order to permit this requirement to be effectively implemented under state law, the use of public necessity rules is necessary because the use of ordinary rulemaking procedures would be ineffective to avoid the possible loss of a critical federal program or federal funds that support such a program caused by failure to timely and effectively implement this federal requirement.

For a complete copy of these public necessity rules, contact: Phyllis Simpson, Assistant General Counsel, Tennessee Department of Human Services, Citizens Plaza Building, 400 Deaderick Street, 15th Floor, Nashville, TN 37248-0006, telephone number (615) 313-4731.
AMENDMENTS

Rule 1240-3-3-.03, Resource Limitations For Categorically Needy, is amended by inserting a new Paragraph (7) and renumbering the current Paragraph (7) as Paragraph (8), so that, as amended the new Paragraph (7) shall read as follows:

(7) Qualified Income Trust (QIT).

(a) Effective July 1, 2005, individuals who are receiving or will receive nursing facility services or home and community based services (HCBS) and whose income exceeds the Medicaid Income Cap (MIC) may establish an income trust, referred to as a Qualified Income Trust (QIT) or “Miller Trust”. Funds placed in a QIT that meets the standards set forth in paragraph (7) are not treated as available resources or income for purposes of determining the individual’s Medicaid eligibility.

(b) A QIT is a trust consisting only of the individual’s pension income, Social Security Income, and other monthly income that is created for the purpose of establishing income eligibility for Medicaid coverage when an individual is or soon will be confined to a nursing facility, HCBS or ICF/MR waiver program.

(c) An individual is only eligible to establish a QIT if his or her income is above the level at which he or she would be financially eligible for nursing facility, HCBS, or ICF/MR care under Medicaid, but below the statewide average Nursing Facility (NF) private pay rate for Level 1 care.

1. The initial average NF private rate will be computed by the Comptroller’s Office based on data submitted to the Comptroller’s Office in the most recent complete set of nursing facility cost reports. Beginning on July 1, 2006, this amount will be trended forward annually by the Medicare Economic Index (MEI).

2. An individual whose income level would otherwise preclude establishment of a QIT under subparagraph (c) may, in the sole discretion of the Department of Human Services, be permitted to establish a QIT for purposes of meeting the Medicaid eligibility criteria, if denying the individual Medicaid eligibility would otherwise result in undue hardship. Undue hardship will be considered in circumstances where the individual’s income is over the allowable limit to establish a QIT but below the cost of care at the private pay rate and there are no other resources available to the patient and discharge from the facility would endanger the patient's life and/or health.

(d) A QIT must meet the following criteria:

1. The trust must be irrevocable and cannot be modified or amended in whole or in part by the Grantor at any time. However, the Trustee or a court of competent jurisdiction shall
PUBLIC NECESSITY RULES

have the right and jurisdiction to modify any provision of the trust to the extent necessary
to maintain the eligibility of the Grantor for medical assistance.

2. Other than disbursements under Part 3 below, each month the Trustee may only make
disbursements from the trust for:

(i) A personal needs allowance up to the amount recognized under Tennessee Medicaid
policies. As of January 1, 2005, this amount is Forty Dollars ($40) per month;

(ii) Up to Twenty Dollars ($20) in necessary expenses for management of the trust (i.e.,
bank charges);

(iii) A spousal income allocation in the amount permitted under Tennessee Medicaid
policies;

(iv) Expenses for health insurance premiums for health insurance coverage of the
Grantor other than Medicaid; and

(v) Expenses for qualifying medical or remedial care received by the Grantor, to the
extent such care is recognized under Tennessee law as provided in Department
of Human Services State Rule 1240-3-3-.04(2)(d) but not covered as medical
assistance under the State’s Medicaid program.

3. Each month the Trustee shall distribute the entire amount of income remaining in the trust
after any disbursements made under Part 2 above to the State of Tennessee, Bureau of
TennCare (or directly to the nursing facility or HCBS provider, as directed by the Bureau
of TennCare), up to the total amount of expenditures for medical assistance for the
Grantor.

4. The sole beneficiaries of the trust are the Grantor for whose benefit the trust is established
and the State of Tennessee (Bureau of TennCare). The trust terminates upon the death
of the Grantor, or if the trust is no longer required to establish Medicaid eligibility in the
State of Tennessee, if nursing facility or HCBS is no longer medically necessary for the
Grantor, or if the Grantor is no longer receiving such services.

5. The trust must provide that upon the death of the Grantor or termination of the trust,
whichever occurs sooner, the State of Tennessee (Bureau of TennCare) shall receive all
amounts remaining in the trust up to the total amount of medical assistance paid by the
State on behalf of the individual.

6. Amounts remaining in the trust that are owed to the State must be paid to the Bureau of
TennCare within three (3) months after the death of the individual or termination of the
trust, whichever is sooner, along with an accounting of the disbursements from the trust.
The Bureau of TennCare may grant an extension if a written request is submitted within
two months of the termination of the trust.

Authority:  T.C.A. §§ 4-5-201 et seq., 4-5-202, 71-1-105(12), 71-5-102 and 71-5-109; and 42 U.S.C. §§

The public necessity rules set out herein were properly filed in the Department of State on the 30th day of
September, 2005 and will be effective from the date of filing for a period of 165 days. These public necessity
rules will remain in effect through the 14th day of March, 2006. (09-41)

CHAPTER 0020-1
BOARD OF ACCOUNTANCY, LICENSING AND REGISTRATION REQUIREMENTS

AMENDMENTS

Subparagraph (c) of paragraph (1) of rule 0020-1-.04 Fees is amended by deleting the text of the subparagraph and substituting instead the following so that, as amended, subparagraph (c) shall read:

Authority: T.C.A. § 62-1-105(e).

Rule 0020-1-.05 Applications is amended by deleting the text of the rule in its entirety and substituting instead the following so that, as amended, the rule shall read:

0020-1-.05 APPLICATIONS.

(2) An application will not be considered filed until the application fee and examination fee required by these rules and all required supporting documents have been received, including proof of identity as determined by the Board and specified on the application form, official transcripts and proof that the candidate has satisfied the education requirement.

(3) A candidate who fails to appear for the examination shall forfeit all fees charged for both the application and the examination.

(4) The Board or its designee will forward notification of eligibility for the computer-based examination to NASBA's National Candidate Database.

Authority:  T.C.A. §§ 62-1-105(e) and 62-1-106.

Rule 0020-1-.06 Examinations is amended by deleting the text of the rule in its entirety and substituting instead the following so that, as amended, the rule shall read:

0020-1-.06 EXAMINATIONS.

(1) The examination required by T.C.A. §62-1-106(d) shall test the knowledge and skills required for performance as an entry-level certified public accountant. The examination shall include the subject areas of accounting and auditing and related knowledge and skills as the Board may require.

(2) Eligible candidates shall be notified of the time and place of the examination or shall independently contact the Board, or its designee, or a test center operator identified by the Board to schedule the time and place for the examination at an approved test site. Scheduling reexaminations must be made in accordance with (7) (a)2 below.

(3) The Board shall cause the examination for certification to be graded by the AICPA. The Board may recognize the grades assigned by the AICPA. Applicants may request a grade review if the Board permits such, and the applicant pays whatever administrative charges that are assessed for a grade review.

(4) A candidate shall be required to pass all test sections of the examination provided for in T.C.A. § 62-1-106(d) in order to qualify for a certificate. The uniform passing grade shall be established through a psychometrically acceptable standard-setting procedure and approved by the Board.

(5) The notification given to the exam candidate regarding the grades and requirements that the candidate must achieve to pass a particular exam shall govern the grading of that exam.

(6) All examination candidates who took a written examination prior to April, 2004 shall be required to pass all sections of the examination provided for in T.C.A. §62-1-106(d), in order to qualify for a certificate.

(7) The following shall apply to the computer-based Uniform CPA Examination:

(a) Candidates may take the required test sections individually and in any order. Credit for any test section(s) passed shall be valid for six (6) three-month exam cycles, without having to attain a minimum score on any failed test section(s) and without regard to whether the candidate has taken the remaining test sections.
1. Candidates must pass all four (4) test sections of the Uniform CPA Examination within the next six (6) three-month exam cycles.

2. Candidates cannot retake a failed test section(s) in the same examination window. An examination window refers to a three-month cycle in which candidates have an opportunity to take the CPA examination (comprised of two (2) months in which the examination is available to be taken and one (1) month in which the examination will not be offered while routine maintenance is performed and the item bank is refreshed). Candidates may take the examination for two (2) out of the three (3) months within an examination window.

3. In the event a candidate does not pass all four (4) test sections of the Uniform CPA Examination within the next six (6) three-month cycles, credit for any test section(s) passed outside the six (6) three-month cycles will expire and that test section(s) must be retaken.

(b) Candidates having earned conditional credits on the written examination, as of the start date of the computer-based Uniform CPA Examination, will retain conditional credits. "Conditional credits" means credits earned by a candidate from the written exam that are credited toward the computerized exam. The following conditional credits are for the corresponding test sections of the computer-based CPA examination:

<table>
<thead>
<tr>
<th>Written Examination</th>
<th>Computer-based Examination</th>
</tr>
</thead>
<tbody>
<tr>
<td>Auditing</td>
<td>Auditing and Attestation</td>
</tr>
<tr>
<td>Financial Accounting and Reporting (FARE)</td>
<td>Financial Accounting and Reporting (FAR)</td>
</tr>
<tr>
<td>Accounting and Reporting (ARE)</td>
<td>Regulation (REG)</td>
</tr>
<tr>
<td>Business Law and Professional Concepts (BEC)</td>
<td></td>
</tr>
</tbody>
</table>

1. A candidate who has attained conditional credits as of the start date of the computer-based Uniform CPA Examination will be allowed a transition period to complete any remaining test sections of the CPA examination. The transition is the maximum number of opportunities remaining that candidates who have conditioned under the written examination have remaining, at the launch of the computer-based examination, to complete all remaining test sections, or the number of remaining opportunities under the written examination, multiplied by six (6) months, whichever is first exhausted.

2. If a candidate with conditional credits does not pass all remaining test sections during the transition period, the conditional credits earned under the paper-and-pencil examination will expire and the candidate will lose credit for the test sections earned under the paper-and-pencil examination. Any test section(s) passed during the transition period is subject to the conditional provisions indicated in this section. However, a candidate with conditional credits will not lose credit for a test section of the computer-based examination that is passed during the transition period, even though more than six (6) three-month cycles may have elapsed from the date the test section is passed, until the end of the transition period.
(c) A candidate shall retain credit for any and all test sections of an examination passed in another state if such credit would have been given, under then applicable requirements, if the candidate had taken the examination in this state.

(d) The Board may in particular cases extend the term of conditional credit notwithstanding the requirements of these rules, upon a showing that the credit was lost by reason of circumstances beyond the candidate's control.

(e) A candidate shall be deemed to have passed the Uniform CPA Examination once the candidate holds at the same time valid credit for passing each of the four (4) test sections of the examination. For purposes of this section, credit for passing a test section of the computer based examination is valid from the actual date of the testing event for that test section, regardless of the date the candidate actually receives notice of the passing grade.

(8) An applicant may be required to pass an examination covering the rules of ethics and professional conduct promulgated by the Board. Such examination may be part of the examination required in T.C.A. § 62-1-106(d) or may be a separate examination.

(9) The Board may provide for a third party administering the examination to charge each applicant a fee for each section of the examination or reexamination taken by the applicant.

(10) The candidate shall schedule each test section with the Board or its designee and pay a candidate testing fee that includes the actual fees charged by the AICPA, NASBA, and the Test Delivery Service Provider.

(11) Notwithstanding any other provisions under these rules, the Board may postpone scheduled examinations, release of grades, or the issuance of certificates due to a breach of examination security, unauthorized acquisition or disclosure of the contents of an examination, suspected or actual negligence, errors, omissions, or irregularities in conducting an examination, or for any other reasonable cause or unforeseen circumstance.

Authority: T.C.A. §§62-1-105(e)(9) and 62-1-106.

Subparagraph (a) of paragraph (2) of rule 0020-1-.07 Cheating is amended by deleting the text of the subparagraph, and by deleting the text of paragraph (5), and substituting instead the following, so that, as amended, subparagraph (2)(a) and paragraph (5) of rule 0020-1-.07 shall read:

0020-1-.07(2)(a)

(2) (a) Falsifying or misrepresenting educational credentials, candidate identification, or other information required for admission to the examination;

0020-1-.07(5)

(5) In any case where the Board or its representative permits a candidate to continue taking the examination, it may, depending on the circumstances:

(a) Admonish the candidate;

(b) Keep a record of the candidate's seat location and identifying information, and the names and identifying information of the candidates in close proximity of the candidate;
(c) Notify the National Candidate Database and the AICPA and/or the test center of the circumstances, so that the candidate may be more closely monitored in future examination sessions.

Rule 0020-1-.08 Renewal of Licenses is amended by deleting the text of the rule in its entirety and substituting instead the following so that, as amended, the rule shall read:

0020-1-.08 RENEWAL OF LICENSES.

(1) All even numbered licenses shall expire on December 31 of each even numbered year and all odd numbered licenses shall expire on December 31 of each odd numbered year. All licenses may be renewed at any time during the month of December in the year in which they expire, by submitting to the Board a completed biennial renewal form and the appropriate fee. For the purpose of this rule the license ID number shall be used.

(2) An individual or firm choosing not to renew his, her or its license shall notify the Board of his, her or its intention prior to the expiration of that license, and shall surrender the license to the Board immediately upon its expiration.

(3) Applications for the renewal of certificates and registrations pursuant to the Act shall be made on a form provided by the Board and shall be filed no later than the expiration date set by these rules. Applications will not be considered filed until the applicable fee prescribed in these rules is received.

(4) Applications for renewal of certificates or registrations shall be accompanied by evidence satisfactory to the Board that the applicant has complied with the continuing professional education requirements under T.C.A. § 62-1-107(d) and Chapter 0020-5 of the Board’s rules.

(5) The Board may request additional evidence from licensees for continuing professional education requirements including continuing professional education audits (which require CPE course completion documentation). Listings of CPE courses on renewal forms are required; however, the listings are not considered evidence for this rule.

(6) Licensees that renew more than thirty-one (31) days but less than three (3) months following their expiration date will be assessed a late penalty.

(7) Licensees that renew more than three (3) months but less than one (1) year after their expiration date will be assessed an additional late penalty.

(8) Licenses not renewed within (1) year of the expiration date shall be deemed to have lapsed. Any individual desiring to reinstate a lapsed license shall comply with the requirements of paragraph four (4) of this rule and paragraph five (5) of rule 0020-5-.03. The CPE hours required to be completed to reinstate a lapsed license are considered penalty hours and may not be used to offset the CPE hours required for renewal of a license.

Rule 0020-1-.10 Reinstatement of Revoked or Suspended Licenses is amended by deleting the text of the rule in its entirety and substituting instead the following so that, as amended, the rule shall read:

0020-1-.10 REINSTATEMENT OF REVOKED OR SUSPENDED LICENSES.

(1)  A certified public accountant or public accountant whose license has been revoked or suspended and who wishes to reinstate the license shall submit to the Board an application for reinstatement of such license accompanied by the appropriate fee.

(2)  Such application shall consist of a signed and acknowledged petition which shall set forth in full the circumstances surrounding the revocation or suspension of the applicant's license, the applicant's reasons for seeking reinstatement, and any other information the applicant wishes to bring to the attention of the Board.

(3)  Such application shall be submitted to the Board at its next meeting and evaluated and reviewed for presentation at the following meeting.

(4)  In considering an application the Board may consider all activities of the applicant since the revocation or suspension was imposed, the offense for which the applicant was disciplined, the applicant's activities during the time the license was in good standing, the applicant's rehabilitative efforts, the applicant's restitution to damaged parties in the matter for which the discipline was imposed, and the applicant's general reputation for truth and professional probity. The Board may also question the applicant, complainant or individual injured by the applicant.

(5)  After consideration of the applicant's petition, the Board may in its sound discretion reinstate any revoked or suspended license. The Board shall notify such applicant of its decision in writing.

(6)  The Board may impose appropriate terms and conditions for reinstatement of a license or modification of a revocation, suspension or probation.

(7)  No application for reinstatement will be considered while the applicant is under sentence for any criminal offense, including any period during which the applicant is on court imposed probation or parole.

(8)  A certified public accountant or public accountant whose license has been suspended must meet all continuing professional education and renewal fee requirements during the term of the suspension.

Authority: T.C.A. §§62-1-105, 62-1-107(c), and 62-1-118.

0020-1-.11 APPLICATION AND RENEWAL OF CPA AND PA FIRM PERMITS.

(1)  Each CPA and/or PA firm providing accounting services or engaged in the practice of public accountancy in this state as a sole proprietorship, partnership or corporation of certified public accountants and/or public accountants shall obtain a permit from the Board for each office location for the ensuing calendar year. Rule 0020-1-.13 Reciprocity and Substantial Equivalency is amended by deleting the text of the rule in its entirety and substituting instead the following, so that, as amended, the rule shall read:

0020-1-.13 INTERSTATE PRACTICE.

(1) These rules provide two distinct routes for an individual already licensed in another state to be authorized to practice in this state. The applicable route depends upon whether the individual will establish a principal place of business in this state. An individual establishing a principal place of business in this state may qualify for a reciprocal license if the applicant has met the requirements of T.C.A. §62-1-107. 0020-5-.02 PURPOSE.

The Tennessee Accountancy Act of 1998 mandates compliance with continuing education requirements as a prerequisite for renewal of licenses issued by the Board. The purposes of this chapter are to prescribe the basic continuing education requirements for present and future license holders; to establish standards by which continuing education programs will be evaluated for awarding of credit; and to assure compliance with the Act by requiring periodic reporting of educational achievements.

Rule 0020-5-.03 Basic Requirements is amended by deleting the text of the rule in its entirety and substituting instead the following so that, as amended, the rule shall read:

0020-5-.03 BASIC REQUIREMENTS.

(1) A license holder seeking regular biennial renewal shall, as a prerequisite for such renewal, show that he or she has completed no less than eighty (80) hours of qualified continuing professional education during the two (2)-year period immediately preceding renewal, with a minimum of twenty (20) hours in each year with specifications as follows:

(a) All license holders shall complete at least forty (40) hours in the subject areas of accounting, accounting ethics, attest, taxation, or management advisory services;

(b) All license holders shall complete a board-approved four (4) hour ethics course designed to familiarize the licensee with the accountancy law and rules as well as professional ethics;

(c) License holders engaged in the attest function, shall biennially complete at least twenty (20) hours in the subject areas of attest and accounting theory and practice in fulfilling the above requirements;

(d) License holders engaged to testify in a Tennessee court(s) as expert witnesses in the areas of accounting, attest, management advisory services, or tax shall have completed, within the current or most recent renewal period, at least twenty (20) hours in the subject area(s) (as noted in this paragraph) concerning such expert testimony; and

(e) Up to forty (40) CPE hours taken in excess of the eighty (80) hour requirement for each two year period may be applied to the requirement of the next succeeding two year renewal cycle. License holders must maintain a list of CPE which will be used for carry forward and must submit that listing as requested by the Board. Failure to do so will result in the disallowance of carry-forward hours.

(2) A license holder seeking to renew an initial certificate issued less than two (2) years but more than one (1) year prior to expiration must provide evidence of having completed at least forty (40) hours of continuing education, of which twenty (20) hours shall be in the subject areas of accounting, accounting ethics, attest, tax, or management advisory services. Licensees seeking to renew an initial certificate issued less than one year prior to expiration will be exempt from CPE requirements for that renewal period.

(3) Upon application supported by such evidence as the Board may require, those licensees not practicing in Tennessee, who do not perform or offer to perform for the public one (1) or more kinds
of services involving the use of accounting or auditing skills, including the issuance of reports on financial statements or one or more kinds of management advisory, financial advisory or consulting services, or the preparation of tax returns or the furnishing of advice on tax matters, may be exempted from any continuing professional education requirements provided that:

(a) Licensees granted such an exemption must place the word “inactive” adjacent to their CPA title or PA title when used in any written form with the exception of their certificate or registration;

(b) Individuals exempt under this paragraph must complete eighty (80) hours of CPE in the areas of accounting, accounting ethics, attest, taxation, or management advisory services, during the twenty-four (24) month period preceding the date of their request for the reactivation of their license. The CPE hours required to reactivate a license may also be used as credit toward the renewal requirement so long as those hours are completed within the two (2) year window prior to the licensee’s next December 31 renewal date.

(4) Licensees who surrender their licenses in good standing may reactivate a license by complying with this subsection.

(5) Upon application supported by such evidence as the Board may require, licensees age seventy (70) and over, disabled for more than six (6) months or in active military service may be exempted from payment of a license renewal fee and/or CPE requirements so long as they do not practice public accountancy or offer accounting services to the public.

(6) An applicant for renewal whose license has lapsed as set forth under Rule 0020-1-.08(8) shall complete no less than eighty (80) hours of CPE in the areas of accounting, accounting ethics, attest, taxation, or management advisory services, during the six (6) month period preceding the date of reapplication. The CPE hours required to reinstate a lapsed license are considered penalty hours and may not be used to offset the CPE hours required for renewal of a license.

(7) A non-resident licensee seeking renewal of a license in this state shall meet the CPE requirement of this rule by meeting the CPE requirements for renewal of a license in the state in which the licensee’s principal office is located.

(a) Non-resident applicants for renewal shall demonstrate compliance with the CPE renewal requirements of the state in which the licensee’s principal office is located by signing a statement certifying to that effect on the renewal application of this state.

PEER REVIEW PROGRAM

AMENDMENTS

Rule 0020-6-.02 Purpose is amended by deleting the text of the rule in its entirety and substituting instead
the following so that, as amended, the rule shall read:

0020-6-.02 PURPOSE.

The purpose of the Peer Review Program (Program) is to improve the quality of financial reporting
and to assure that the public can rely on the fairness of presentation of financial information on which
licensees issue reports. Appropriate educational programs or rehabilitation procedures will ordinarily
be recommended or required where professional services do not comply with applicable professional
standards; however, when a licensee is unwilling or unable to comply with such standards, or a
licensee’s professional services are so egregious as to warrant disciplinary action, such action may
be taken as the appropriate means of protecting the public interest.

(g) Effect on other authorities. No provision of the CAIR SO\textsubscript{2} Trading Program, a CAIR permit application, a CAIR permit, or an exemption under § 96.205 shall be construed as exempting or excluding the owners and operators, and the CAIR designated representative, of a CAIR SO\textsubscript{2} source or CAIR SO\textsubscript{2} unit from compliance with any other provision of the applicable, approved State implementation plan, a federally enforceable permit, or the Clean Air Act.

Following the establishment of a CAIR SO₂ Allowance Tracking System account, all submissions to the Administrator pertaining to the account, including, but not limited to, submissions concerning the deduction or transfer of CAIR SO₂ allowances in the account, shall be made only by the CAIR authorized account representative for the account.

§ 96.253 Recordation of CAIR SO₂ allowances.

(a) (1) After a compliance account is established under § 96.251(a) or § 73.31(a) or (b) of this chapter, the Administrator will record in the compliance account any CAIR SO₂ allowance allocated to any CAIR SO₂ unit at the source for each of the 30 years starting the later of 2010 or the year in which the compliance account is established and any CAIR SO₂ allowance allocated for each of the 30 years starting the later of 2010 or the year in which the compliance account is established and transferred to the source in accordance with subpart GGG of this part or subpart D of part 73 of this chapter.

(2) In 2011 and each year thereafter, after Administrator has completed all deductions under § 96.254(b), the Administrator will record in the compliance account any CAIR SO₂ allowance allocated to any CAIR SO₂ unit at the source for the new 30th year (i.e., the year that is 30 years after the calendar year for which such deductions are or could be made) and any CAIR SO₂ allowance allocated for the new 30th year and transferred to the source in accordance with subpart GGG of this part or subpart D of part 73 of this chapter.

(b) (1) After a general account is established under § 96.251(b) or § 73.31(c) of this chapter, the Administrator will record in the general account any CAIR SO₂ allowance allocated for each of the 30 years starting the later of 2010 or the year in which the general account is
(2) In 2011 and each year thereafter, after Administrator has completed all deductions under § 96.254(b), the Administrator will record in the general account any CAIR SO\textsubscript{2} allowance allocated for the new 30th year (i.e., the year that is 30 years after the calendar year for which such deductions are or could be made) and transferred to the general account in accordance with subpart GGG of this part or subpart D of part 73 of this chapter.

(c) **Serial numbers for allocated CAIR SO\textsubscript{2} allowances.** When recording the allocation of CAIR SO\textsubscript{2} allowances issued by a permitting authority under § 96.288, the Administrator will assign each such CAIR SO\textsubscript{2} allowance a unique identification number that will include digits identifying the year of the control period for which the CAIR SO\textsubscript{2} allowance is allocated.

§ 96.254  Compliance with CAIR SO\textsubscript{2} emissions limitation.

(a) **Allowance transfer deadline.** The CAIR SO\textsubscript{2} allowances are available to be deducted for compliance with a source’s CAIR SO\textsubscript{2} emissions limitation for a control period in a given calendar year only if the CAIR SO\textsubscript{2} allowances:

(1) Were allocated for the control period in the year or a prior year;

(2) Are held in the compliance account as of the allowance transfer deadline for the control period or are transferred into the compliance account by a CAIR SO\textsubscript{2} allowance transfer correctly submitted for recordation under § 96.260 by the allowance transfer deadline for the control period; and

(3) Are not necessary for deductions for excess emissions for a prior control period under paragraph (d) of this section or for deduction under part 77 of this chapter.

(b) **Deductions for compliance.** Following the recordation, in accordance with § 96.261, of CAIR SO\textsubscript{2} allowance transfers submitted for recordation in a source’s compliance account by the allowance transfer deadline for a control period, the Administrator will deduct from the compliance account CAIR SO\textsubscript{2} allowances available under paragraph (a) of this section in order to determine whether the source meets the CAIR SO\textsubscript{2} emissions limitation for the control period as follows:

(1) For a CAIR SO\textsubscript{2} source subject to an Acid Rain emissions limitation, the Administrator will, in the following order:

(i) Deduct the amount of CAIR SO\textsubscript{2} allowances, available under paragraph (a) of under §§ 73.35(b) and (c) of this part. If there are sufficient CAIR SO\textsubscript{2} allowances to complete this deduction, the deduction will be treated as satisfying the requirements of §§ 73.35(b) and (c) of this chapter.

(ii) Deduct the amount of CAIR SO\textsubscript{2} allowances, available under paragraph (a) of this section and not issued by a permitting authority under § 96.288, that is required under §§ 73.35(d) and 77.5 of this part. If there are sufficient CAIR SO\textsubscript{2} allowances to complete this deduction, the deduction will be treated as satisfying the requirements of §§ 73.35(d) and 77.5 of this chapter.

(iii) Treating the CAIR SO\textsubscript{2} allowances deducted under paragraph (b)(1)(i) of this section as also being deducted under this paragraph (b)(1)(iii), deduct CAIR SO\textsubscript{2} allowances available under paragraph (a) of this section (including any issued by a permitting authority)
authority under § 96.288) in order to determine whether the source meets the CAIR \( \text{SO}_2 \) emissions limitation for the control period, as follows:

(A) Until the tonnage equivalent of the CAIR \( \text{SO}_2 \) allowances deducted equals, or exceeds in accordance with paragraphs (c)(1) and (2) of this section, the number of tons of total sulfur dioxide emissions, determined in accordance with subpart HHH of this part, from all CAIR \( \text{SO}_2 \) units at the source for the control period; or

(B) If there are insufficient CAIR \( \text{SO}_2 \) allowances to complete the deductions in paragraph (b)(1)(iii)(A) of this section, until no more CAIR \( \text{SO}_2 \) allowances available under paragraph (a) of this section (including any issued by a permitting authority under § 96.288) remain in the compliance account.

(2) For a CAIR \( \text{SO}_2 \) source not subject to an Acid Rain emissions limitation, the Administrator will deduct CAIR \( \text{SO}_2 \) allowances available under paragraph (a) of this section (including any issued by a permitting authority under § 96.288) in order to determine whether the source meets the CAIR \( \text{SO}_2 \) emissions limitation for the control period, as follows:

(i) Until the tonnage equivalent of the CAIR \( \text{SO}_2 \) allowances deducted equals, or exceeds in accordance with paragraphs (c)(1) and (2) of this section, the number of tons of total sulfur dioxide emissions, determined in accordance with subpart HHH of this part, from all CAIR \( \text{SO}_2 \) units at the source for the control period; or

(ii) If there are insufficient CAIR \( \text{SO}_2 \) allowances to complete the deductions in paragraph (b)(2)(i) of this section, until no more CAIR \( \text{SO}_2 \) allowances available under paragraph (a) of this section (including any issued by a permitting authority under § 96.288) remain in the compliance account.

(2) Identification of CAIR \( \text{SO}_2 \) allowances by serial number. The CAIR authorized account representative for a source’s compliance account may request that specific CAIR \( \text{SO}_2 \) allowances, identified by serial number, in the compliance account be deducted for emissions or excess emissions for a control period in accordance with paragraph (b) or (d) of this section. Such request shall be submitted to the Administrator by the allowance transfer deadline for the control period and include, in a format prescribed by the Administrator, the identification of the CAIR \( \text{SO}_2 \) source and the appropriate serial numbers.

(2) First-in, first-out. The Administrator will deduct CAIR \( \text{SO}_2 \) allowances under paragraph (b) or (d) of this section from the source’s compliance account, in the absence of an identification or in the case of a partial identification of CAIR \( \text{SO}_2 \) allowances by serial number under paragraph (c)(1) of this section, on a first-in, first-out (FIFO) accounting basis in the following order:

(i) Any CAIR \( \text{SO}_2 \) allowances that were allocated to the units at the source for a control period before 2010, in the order of recordation;

(ii) Any CAIR \( \text{SO}_2 \) allowances that were allocated to any entity for a control period before 2010 and transferred and recorded in the compliance account pursuant to subpart GGG of this part or subpart D of part 73 of this chapter, in the order of recordation;
(iii) Any CAIR SO₂ allowances that were allocated to the units at the source for a control period during 2010 through 2014, in the order of recordation;

(iv) Any CAIR SO₂ allowances that were allocated to any entity for a control period during 2010 through 2014 and transferred and recorded in the compliance account pursuant to subpart GGG of this part or subpart D of part 73 of this chapter, in the order of recordation;

(v) Any CAIR SO₂ allowances that were allocated to the units at the source for a control period in 2015 or later, in the order of recordation; and

(vi) Any CAIR SO₂ allowances that were allocated to any entity for a control period in 2015 or later and transferred and recorded in the compliance account pursuant to subpart GGG of this part or subpart D of part 73 of this chapter, in the order of recordation.

(d) Deductions for excess emissions.

(1) After making the deductions for compliance under paragraph (b) of this section for a control period in a calendar year in which the CAIR SO₂ source has excess emissions, the Administrator will deduct from the source’s compliance account the tonnage equivalent in CAIR SO₂ allowances, allocated for the control period in the immediately following calendar year (including any issued by a permitting authority under § 96.288), equal to, or exceeding in accordance with paragraphs (c)(1) and (2) of this section, 3 times the number of tons of the source’s excess emissions.

(2) Any allowance deduction required under paragraph (d)(1) of this section shall not affect the liability of the owners and operators of the CAIR SO₂ source or the CAIR SO₂ units at the source for any fine, penalty, or assessment, or their obligation to comply with any other remedy, for the same violations, as ordered under the Clean Air Act or applicable State law.

(e) Recordation of deductions. The Administrator will record in the appropriate compliance account all deductions from such an account under paragraph (b) or (d) of this section.

(f) Administrator’s action on submissions.

(1) The Administrator may review and conduct independent audits concerning any submission under the CAIR SO₂ Trading Program and make appropriate adjustments of the information in the submissions.

(2) The Administrator may deduct CAIR SO₂ allowances from or transfer CAIR SO₂ allowances to a source’s compliance account based on the information in the submissions, as adjusted under paragraph (f)(1) of this section.

§ 96.255 Banking.

(a) CAIR SO₂ allowances may be banked for future use or transfer in a compliance account or a general account in accordance with paragraph (b) of this section.

(b) Any CAIR SO₂ allowance that is held in a compliance account or a general account will remain in such account unless and until the CAIR SO₂ allowance is deducted or transferred under § 96.254, § 96.256, or subpart GGG of this part.
§ 96.256 Account error.

The Administrator may, at his or her sole discretion and on his or her own motion, correct any error in any CAIR SO\textsubscript{2} Allowance Tracking System account. Within 10 business days of making such correction, the Administrator will notify the CAIR authorized account representative for the account.

§ 96.257 Closing of general accounts.

(a) The CAIR authorized account representative of a general account may submit to the Administrator a request to close the account, which shall include a correctly submitted allowance transfer under § 96.260 for any CAIR SO\textsubscript{2} allowances in the account to one or more other CAIR SO\textsubscript{2} Allowance Tracking System accounts.

(b) If a general account has no allowance transfers in or out of the account for a 12-month period or longer and does not contain any CAIR SO\textsubscript{2} allowances, the Administrator may notify the CAIR authorized account representative for the account that the account will be closed following 20 business days after the notice is sent. The account will be closed after the 20-day period unless, before the end of the 20-day period, the Administrator receives a correctly submitted transfer of CAIR SO\textsubscript{2} allowances into the account under § 96.260 or a statement submitted by the CAIR authorized account representative demonstrating to the satisfaction of the Administrator good cause as to why the account should not be closed.

Subpart GGG – CAIR SO\textsubscript{2} Allowance Transfers

§ 96.260 Submission of CAIR SO\textsubscript{2} allowance transfers.

(a) A CAIR authorized account representative seeking recordation of a CAIR SO\textsubscript{2} allowance transfer shall submit the transfer to the Administrator. To be considered correctly submitted, the CAIR SO\textsubscript{2} allowance transfer shall include the following elements, in a format specified by the Administrator:

(1) The account numbers of both the transferor and transferee accounts;

(2) The serial number of each CAIR SO\textsubscript{2} allowance that is in the transferor account and is to be transferred; and

(3) The name and signature of the CAIR authorized account representatives of the transferor and transferee accounts and the dates signed.

(b) (1) The CAIR authorized account representative for the transferee account can meet the requirements in paragraph (a)(3) of this section by submitting, in a format prescribed by the Administrator, a statement signed by the CAIR authorized account representative and identifying each account into which any transfer of allowances, submitted on or after the date on which the Administrator receives such statement, is authorized. Such authorization shall be binding on any CAIR authorized account representative for such account and shall apply to all transfers into the account that are submitted on or after such date of receipt, unless and until the Administrator receives a statement signed by the CAIR authorized account representative retracting the authorization for the account.

(2) The statement under paragraph (b)(1) of this section shall include the following: "By this signature I authorize any transfer of allowances into each account listed herein, except that I do not waive any remedies under State or Federal law to obtain correction of any erroneous transfers into such accounts. This authorization shall be binding on any CAIR
authorized account representative for such account unless and until a statement signed by the CAIR authorized account representative retracting this authorization for the account is received by the Administrator."

§ 96.261 EPA recordation.

(a) Within 5 business days (except as necessary to perform a transfer in perpetuity of CAIR SO\textsubscript{2} allowances allocated to a CAIR SO\textsubscript{2} unit or as provided in paragraph (b) of this section) of receiving a CAIR SO\textsubscript{2} allowance transfer, the Administrator will record a CAIR SO\textsubscript{2} allowance transfer by moving each CAIR SO\textsubscript{2} allowance from the transferor account to the transferee account as specified by the request, provided that:

(1) The transfer is correctly submitted under § 96.260; and

(2) The transferor account includes each CAIR SO\textsubscript{2} allowance identified by serial number in the transfer.

(b) A CAIR SO\textsubscript{2} allowance transfer that is submitted for recordation after the allowance transfer deadline for a control period and that includes any CAIR SO\textsubscript{2} allowances allocated for any control period before such allowance transfer deadline will not be recorded until after the Administrator completes the deductions under § 96.254 for the control period immediately before such allowance transfer deadline.

(c) Where a CAIR SO\textsubscript{2} allowance transfer submitted for recordation fails to meet the requirements of paragraph (a) of this section, the Administrator will not record such transfer.

§ 96.262 Notification.

(a) Notification of recordation. Within 5 business days of recordation of a CAIR SO\textsubscript{2} allowance transfer under § 96.261, the Administrator will notify the CAIR authorized account representatives of both the transferor and transferee accounts.

(b) Notification of non-recordation. Within 10 business days of receipt of a CAIR SO\textsubscript{2} allowance transfer that fails to meet the requirements of § 96.261(a), the Administrator will notify the CAIR authorized account representatives of both accounts subject to the transfer of:

(1) A decision not to record the transfer, and

(2) The reasons for such non-recordation.

(c) Nothing in this section shall preclude the submission of a CAIR SO\textsubscript{2} allowance transfer for recordation following notification of non-recordation.

Subpart HHH – Monitoring and Reporting

§ 96.270 General Requirements.

The owners and operators, and to the extent applicable, the CAIR designated representative, of a CAIR SO\textsubscript{2} unit, shall comply with the monitoring, recordkeeping, and reporting requirements as provided in this subpart and in subparts F and G of part 75 of this chapter. For purposes of complying with such requirements, the definitions in § 96.202 and in § 72.2 of this chapter shall apply, and the terms "affected unit," "designated representative," and "continuous emission monitoring system" (or "CEMS")

The owner or operator of a unit that is not a CAIR SO\(_2\) unit but that is monitored under § 75.16(b)(2) of this chapter shall comply with the same monitoring, recordkeeping, and reporting requirements as a CAIR SO\(_2\) unit.

(a) Requirements for installation, certification, and data accounting. The owner or operator of each CAIR SO\(_2\) unit shall:

1. Install all monitoring systems required under this subpart for monitoring SO\(_2\) mass emissions and individual unit heat input (including all systems required to monitor SO\(_2\) concentration, stack gas moisture content, stack gas flow rate, CO\(_2\) or O\(_2\) concentration, and fuel flow rate, as applicable, in accordance with §§ 75.11 and 75.16 of this chapter);

2. Successfully complete all certification tests required under § 96.271 and meet all other requirements of this subpart and part 75 of this chapter applicable to the monitoring systems under paragraph (a)(1) of this section; and

3. Record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section.

(b) Compliance deadlines. The owner or operator shall meet the monitoring system certification and other requirements of paragraphs (a)(1) and (2) of this section on or before the following dates. The owner or operator shall record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section on and after the following dates.

1. For the owner or operator of a CAIR SO\(_2\) unit that commences commercial operation before July 1, 2008, by January 1, 2009.

2. For the owner or operator of a CAIR SO\(_2\) unit that commences commercial operation on or after July 1, 2008, by the later of the following dates:

   i. January 1, 2009; or

   ii. 90 unit operating days or 180 calendar days, whichever occurs first, after the date on which the unit commences commercial operation.

3. For the owner or operator of a CAIR SO\(_2\) unit for which construction of a new stack or flue or installation of add-on SO\(_2\) emission controls is completed after the applicable deadline under paragraph (b)(1), (2), (4), or (5) of this section, by 90 unit operating days or 180 calendar days, whichever occurs first, after the date on which emissions first exit to the atmosphere through the new stack or flue or add-on SO\(_2\) emissions controls.

4. Notwithstanding the dates in paragraphs (b)(1) and (2) of this section, for the owner or operator of a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart III of this part, by the date specified in § 96.284(b).

5. Notwithstanding the dates in paragraphs (b)(1) and (2) of this section and solely for purposes of § 96.206(c)(2), for the owner or operator of a CAIR SO\(_2\) opt-in unit under subpart III of this part, by the date on which the CAIR SO\(_2\) opt-in unit enters the CAIR SO\(_2\) Trading Program as provided in § 96.284(g).

(c) Reporting data.
(1) Except as provided in paragraph (c)(2) of this section, the owner or operator of a CAIR SO\textsubscript{2} unit that does not meet the applicable compliance date set forth in paragraph (b) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report maximum potential (or, as appropriate, minimum potential) values for SO\textsubscript{2} concentration, SO\textsubscript{2} emission rate, stack gas flow rate, stack gas moisture content, fuel flow rate, and any other parameters required to determine SO\textsubscript{2} mass emissions and heat input in accordance with § 75.31(b)(2) or (c)(3) of this chapter or section 2.4 of appendix D to part 75 of this chapter, as applicable.

(2) The owner or operator of a CAIR SO\textsubscript{2} unit that does not meet the applicable compliance date set forth in paragraph (b)(3) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report substitute data using the applicable missing data procedures in subpart D of appendix D to part 75 of this chapter, in lieu of the maximum potential (or, as appropriate, minimum potential) values, for a parameter if the owner or operator demonstrates that there is continuity between the data streams for that parameter before and after the construction or installation under paragraph (b)(3) of this section.

(d) Prohibitions

(1) No owner or operator of a CAIR SO\textsubscript{2} unit shall use any alternative monitoring system, alternative reference method, or any other alternative to any requirement of this subpart without having obtained prior written approval in accordance with § 96.275.

(2) No owner or operator of a CAIR SO\textsubscript{2} unit shall operate the unit so as to discharge, or allow to be discharged, SO\textsubscript{2} emissions to the atmosphere without accounting for all such emissions in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(3) No owner or operator of a CAIR SO\textsubscript{2} unit shall disrupt the continuous emission monitoring system, any portion thereof, or any other approved emission monitoring method, and thereby avoid monitoring and recording SO\textsubscript{2} mass emissions discharged into the atmosphere, except for periods of recertification or periods when calibration, quality assurance testing, or maintenance is performed in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(4) No owner or operator of a CAIR SO\textsubscript{2} unit shall retire or permanently discontinue use of the continuous emission monitoring system, any component thereof, or any other approved monitoring system under this subpart, except under any one of the following circumstances:

   (i) During the period that the unit is covered by an exemption under § 96.205 that is in effect;

   (ii) The owner or operator is monitoring emissions from the unit with another certified monitoring system approved, in accordance with the applicable provisions of this subpart and part 75 of this chapter, by the permitting authority for use at that unit that provides emission data for the same pollutant or parameter as the retired or discontinued monitoring system; or

   (iii) The CAIR designated representative submits notification of the date of certification testing of a replacement monitoring system for the retired or discontinued monitoring system in accordance with § 96.271(d)(3)(i).
§ 96.271 Initial certification and recertification procedures.

(a) The owner or operator of a CAIR SO\textsubscript{2} unit shall be exempt from the initial certification requirements of this section for a monitoring system under § 96.270(a)(1) if the following conditions are met:

(1) The monitoring system has been previously certified in accordance with part 75 of this chapter; and

(2) The applicable quality-assurance and quality-control requirements of § 75.21 of this chapter and appendix B and appendix D to part 75 of this chapter are fully met for the certified monitoring system described in paragraph (a)(1) of this section.

(b) The recertification provisions of this section shall apply to a monitoring system under § 96.270(a)(1) exempt from initial certification requirements under paragraph (a) of this section.

(c) If the Administrator has previously approved a petition under § § 75.16(b)(2)(ii) of this chapter for apportioning the SO\textsubscript{2} mass emissions measured in a common stack or a petition under § 75.66 of this chapter for an alternative to a requirement in § 75.11 or § 75.16 of this chapter, the CAIR designated representative shall resubmit the petition to the Administrator under § 96.275(a) to determine whether the approval applies under the CAIR SO\textsubscript{2} Trading Program.

(d) Except as provided in paragraph (a) of this section, the owner or operator of a CAIR SO\textsubscript{2} unit shall comply with the following initial certification and recertification procedures, for a continuous monitoring system (i.e., a continuous emission monitoring system and an excepted monitoring system under appendix D to part 75 of this chapter) under § 96.270(a)(1). The owner or operator of a unit that qualifies to use the low mass emissions excepted monitoring methodology under § 75.19 of this chapter or that qualifies to use an alternative monitoring system under subpart E of part 75 of this chapter shall comply with the procedures in paragraph (e) or (f) of this section respectively.

(1) **Requirements for initial certification.** The owner or operator shall ensure that each continuous monitoring system under § 96.270(a)(1) (including the automated data acquisition and handling system) successfully completes all of the initial certification testing required under § 75.20 of this chapter by the applicable deadline in § 96.270(b). In addition, whenever the owner or operator installs a monitoring system to meet the requirements of this subpart in a location where no such monitoring system was previously installed, initial certification in accordance with § 75.20 of this chapter is required.

(2) **Requirements for recertification.** Whenever the owner or operator makes a replacement, modification, or change in any certified continuous emission monitoring system under § 96.270(a)(1) that may significantly affect the ability of the system to accurately measure or record SO\textsubscript{2} mass emissions or heat input rate or to meet the quality-assurance and quality-control requirements of § 75.21 of this chapter or appendix B to part 75 of this chapter, the owner or operator shall recertify the monitoring system in accordance with § 75.20(b) of this chapter. Furthermore, whenever the owner or operator makes a replacement, modification, or change to the flue gas handling system or the unit’s operation that may significantly change the stack flow or concentration profile, the owner or operator shall recertify each continuous emission monitoring system whose accuracy is potentially affected by the change, in accordance with § 75.20(b) of this chapter. Examples of changes to a continuous emission monitoring system that require recertification include: replacement of the analyzer, complete replacement of an existing continuous emission monitoring system.
monitoring system, or change in location or orientation of the sampling probe or site. Any fuel flowmeter system under § 96.270(a)(1) is subject to the recertification requirements in § 75.20(g)(6) of this chapter.

(3) Approval process for initial certification and recertification. Paragraphs (d)(3)(i) through (iv) of this section apply to both initial certification and recertification of a continuous monitoring system under § 96.270(a)(1). For recertifications, replace the words "certification" and "initial certification" with the word "recertification", replace the word "certified" with the word "recertified," and follow the procedures in §§ 75.20(b)(5) and (g)(7) of this chapter in lieu of the procedures in paragraph (d)(3)(v) of this section.

(i) Notification of certification. The CAIR designated representative shall submit to the permitting authority, the appropriate EPA Regional Office, and the Administrator written notice of the dates of certification testing, in accordance with § 96.273.

(ii) Certification application. The CAIR designated representative shall submit to the permitting authority a certification application for each monitoring system. A complete certification application shall include the information specified in § 75.63 of this chapter.

(iii) Provisional certification date. The provisional certification date for a monitoring system shall be determined in accordance with § 75.20(a)(3) of this chapter. A provisionally certified monitoring system may be used under the CAIR SO\textsubscript{2} Trading Program for a period not to exceed 120 days after receipt by the permitting authority of the complete certification application for the monitoring system under paragraph (d)(3)(ii) of this section. Data measured and recorded by the provisionally certified monitoring system, in accordance with the requirements of part 75 of this chapter, will be considered valid quality-assured data (retroactive to the date and time of provisional certification), provided that the permitting authority does not invalidate the provisional certification by issuing a notice of disapproval within 120 days of the date of receipt of the complete certification application by the permitting authority.

(iv) Certification application approval process. The permitting authority will issue a written notice of approval or disapproval of the certification application to the owner or operator within 120 days of receipt of the complete certification application under paragraph (d)(3)(ii) of this section. In the event the permitting authority does not issue such a notice within such 120-day period, each monitoring system that meets the applicable performance requirements of part 75 of this chapter and is included in the certification application will be deemed certified for use under the CAIR SO\textsubscript{2} Trading Program.

(A) Approval notice. If the certification application is complete and shows that each monitoring system meets the applicable performance requirements of part 75 of this chapter, then the permitting authority will issue a written notice of approval of the certification application within 120 days of receipt.

(B) Incomplete application notice. If the certification application is not complete, then the permitting authority will issue a written notice of incompleteness that sets a reasonable date by which the CAIR designated representative must submit the additional information required to complete the certification application. If the CAIR designated representative does not comply with the notice of incompleteness by the specified date, then the permitting authority
may issue a notice of disapproval under paragraph (d)(3)(iv)(C) of this section. The 120-day review period shall not begin before receipt of a complete certification application.

(C) Disapproval notice. If the certification application shows that any monitoring system does not meet the performance requirements of part 75 of this chapter or if the certification application is incomplete and the requirement for disapproval under paragraph (d)(3)(iv)(B) of this section is met, then the permitting authority will issue a written notice of disapproval of the certification application. Upon issuance of such notice of disapproval, the provisional certification is invalidated by the permitting authority and the data measured and recorded by each uncertified monitoring system shall not be considered valid quality-assured data beginning with the date and hour of provisional certification (as defined under § 75.20(a)(3) of this chapter). The owner or operator shall follow the procedures for loss of certification in paragraph (d)(3)(v) of this section for each monitoring system that is disapproved for initial certification.

(D) Audit decertification. The permitting authority or, for a CAIR SO₂ opt-in unit or a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart III of this part, the Administrator may issue a notice of disapproval of the certification status of a monitor in accordance with § 96.272(b).

(v) Procedures for loss of certification. If the permitting authority or the Administrator issues a notice of disapproval of a certification application under paragraph (d)(3)(iv)(C) of this section or a notice of disapproval of certification status under paragraph (d)(3)(iv)(D) of this section, then:

(A) The owner or operator shall substitute the following values, for each disapproved monitoring system, for each hour of unit operation during the period of invalid data specified under § 75.20(a)(4)(iii), § 75.20(g)(7), or § 75.21(e) of this chapter and continuing until the applicable date and hour specified under § 75.20(a)(5)(i) or (g)(7) of this chapter:

(1) For a disapproved SO₂ pollutant concentration monitor and disapproved flow monitor, respectively, the maximum potential concentration of SO₂ and the maximum potential flow rate, as defined in sections 2.1.1.1 and 2.1.4.1 of appendix A to part 75 of this chapter.

(2) For a disapproved moisture monitoring system and disapproved diluent gas monitoring system, respectively, the minimum potential moisture percentage and either the maximum potential CO₂ concentration or the minimum potential O₂ concentration (as applicable), as defined in sections 2.1.5, 2.1.3.1, and 2.1.3.2 of appendix A to part 75 of this chapter.

(3) For a disapproved fuel flowmeter system, the maximum potential fuel flow rate, as defined in section 2.4.2.1 of appendix D to part 75 of this chapter.

(B) The CAIR designated representative shall submit a notification of certification retest dates and a new certification application in accordance with paragraphs (d)(3)(i) and (ii) of this section.
(C) The owner or operator shall repeat all certification tests or other requirements that were failed by the monitoring system, as indicated in the permitting authority’s or the Administrator’s notice of disapproval, no later than 30 unit operating days after the date of issuance of the notice of disapproval.

(e) Initial certification and recertification procedures for units using the low mass emission excepted methodology under § 75.19 of this chapter. The owner or operator of a unit qualified to use the low mass emissions (LME) excepted methodology under § 75.19 of this chapter shall meet the applicable certification and recertification requirements in §§ 75.19(a)(2) and 75.20(h) of this chapter. If the owner or operator of such a unit elects to certify a fuel flowmeter system for heat input determination, the owner or operator shall also meet the certification and recertification requirements in § 75.20(g) of this chapter.

(f) Certification/recertification procedures for alternative monitoring systems. The CAIR designated representative of each unit for which the owner or operator intends to use an alternative monitoring system approved by the Administrator and, if applicable, the permitting authority under subpart E of part 75 of this chapter shall comply with the applicable notification and application procedures of § 75.20(f) of this chapter.

§ 96.272 Out of control periods.

(a) Whenever any monitoring system fails to meet the quality-assurance and quality-control requirements or data validation requirements of part 75 of this chapter, data shall be substituted using the applicable missing data procedures in subpart D of or appendix D to part 75 of this chapter.

(b) Audit decertification. Whenever both an audit of a monitoring system and a review of the initial certification or recertification application reveal that any monitoring system should not have been certified or recertified because it did not meet a particular performance specification or other requirement under § 96.271 or the applicable provisions of part 75 of this chapter, both at the time of the initial certification or recertification application submission and at the time of the audit, the permitting authority or, for a CAIR SO\textsubscript{2} opt-in unit or a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart III of this part, the Administrator will issue a notice of disapproval of the certification status of such monitoring system. For the purposes of this paragraph, an audit shall be either a field audit or an audit of any information submitted to the permitting authority or the Administrator. By issuing the notice of disapproval, the permitting authority or the Administrator revokes prospectively the certification status of the monitoring system. The data measured and recorded by the monitoring system shall not be considered valid quality-assured data from the date of issuance of the notification of the revoked certification status until the date and time that the owner or operator completes subsequently approved initial certification or recertification tests for the monitoring system. The owner or operator shall follow the applicable initial certification or recertification procedures in § 96.271 for each disapproved monitoring system.

§ 96.273 Notifications.

The CAIR designated representative for a CAIR SO\textsubscript{2} unit shall submit written notice to the permitting authority and the Administrator in accordance with § 75.61 of this chapter, except that if the unit is not subject to an Acid Rain emissions limitation, the notification is only required to be sent to the permitting authority.

§ 96.274 Recordkeeping and reporting.
(a) **General provisions.** The CAIR designated representative shall comply with all recordkeeping and reporting requirements in this section, the applicable recordkeeping and reporting requirements in subparts F and G of part 75 of this chapter, and the requirements of § 96.210(e)(1).

(b) **Monitoring Plans.** The owner or operator of a CAIR SO\textsubscript{2} unit shall comply with requirements of § 75.62 of this chapter and, for a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart III of this part, §§ 96.283 and 96.284(a).

(c) **Certification Applications.** The CAIR designated representative shall submit an application to the permitting authority within 45 days after completing all initial certification or recertification tests required under § 96.271, including the information required under § 75.63 of this chapter.

(d) **Quarterly reports.** The CAIR designated representative shall submit quarterly reports, as follows:

   (1) The CAIR designated representative shall report the SO\textsubscript{2} mass emissions data and heat input data for the CAIR SO\textsubscript{2} unit, in an electronic quarterly report in a format prescribed by the Administrator, for each calendar quarter beginning with:

      (i) For a unit that commences commercial operation before July 1, 2008, the calendar quarter covering January 1, 2009 through March 31, 2009; or

      (ii) For a unit that commences commercial operation on or after July 1, 2008, the calendar quarter corresponding to the earlier of the date of provisional certification or the applicable deadline for initial certification under § 96.270(b), unless that quarter is the third or fourth quarter of 2008, in which case reporting shall commence in the quarter covering January 1, 2009 through March 31, 2009.

   (2) The CAIR designated representative shall submit each quarterly report to the Administrator within 30 days following the end of the calendar quarter covered by the report. Quarterly reports shall be submitted in the manner specified in § 75.64 of this chapter.

   (3) For CAIR SO\textsubscript{2} units that are also subject to an Acid Rain emissions limitation or the CAIR NO\textsubscript{x} Annual Trading Program or CAIR NO\textsubscript{x} Ozone Season Trading Program, quarterly reports shall include the applicable data and information required by subparts F through H of part 75 of this chapter as applicable, in addition to the SO\textsubscript{2} mass emission data, heat input data, and other information required by this subpart.

(e) **Compliance certification.** The CAIR designated representative shall submit to the Administrator a compliance certification (in a format prescribed by the Administrator) in support of each quarterly report based on reasonable inquiry of those persons with primary responsibility for ensuring that all of the unit’s emissions are correctly and fully monitored. The certification shall state that:

   (1) The monitoring data submitted were recorded in accordance with the applicable requirements of this subpart and part 75 of this chapter, including the quality assurance procedures and specifications; and

   (2) For a unit with add-on SO\textsubscript{2} emission controls and for all hours where SO\textsubscript{2} data are substituted in accordance with § 75.34(a)(1) of this chapter, the add-on emission controls were operating within the range of parameters listed in the quality assurance/quality control program under appendix B to part 75 of this chapter and the substitute data values do not systematically underestimate SO\textsubscript{2} emissions.
§ 96.275 Petitions.

(a) The CAIR designated representative of a CAIR SO\textsubscript{2} unit that is subject to an Acid Rain emissions limitation may submit a petition under § 75.66 of this chapter to the Administrator requesting approval to apply an alternative to any requirement of this subpart. Application of an alternative to any requirement of this subpart is in accordance with this subpart only to the extent that the petition is approved in writing by the Administrator, in consultation with the permitting authority.

(b) The CAIR designated representative of a CAIR SO\textsubscript{2} unit that is not subject to an Acid Rain emissions limitation may submit a petition under § 75.66 of this chapter to the permitting authority and the Administrator requesting approval to apply an alternative to any requirement of this subpart. Application of an alternative to any requirement of this subpart is in accordance with this subpart only to the extent that the petition is approved in writing by both the permitting authority and the Administrator.

§ 96.276 Additional requirements to provide heat input data.

The owner or operator of a CAIR SO\textsubscript{2} unit that monitors and reports SO\textsubscript{2} mass emissions using a SO\textsubscript{2} concentration system and a flow system shall also monitor and report heat input rate at the unit level using the procedures set forth in part 75 of this chapter.

Subpart III - CAIR SO\textsubscript{2} Opt-in Units

§ 96.280 Applicability.

A CAIR SO\textsubscript{2} opt-in unit must be a unit that:

(a) Is located in the State;

(b) Is not a CAIR SO\textsubscript{2} unit under § 96.204 and is not covered by a retired unit exemption under § 96.205 that is in effect;

(c) Is not covered by a retired unit exemption under § 72.8 of this chapter that is in effect and is not an opt-in source under part 74 of this chapter;

(d) Has or is required or qualified to have a title V operating permit or other federally enforceable permit; and

(e) Vents all of its emissions to a stack and can meet the monitoring, recordkeeping, and reporting requirements of subpart HHH of this part.

§ 96.281 General.

(a) Except as otherwise provided in §§ 96.201 through 96.204, §§ 96.206 through 96.208, and subparts BBB and CCC and subparts FFF through HHH of this part, a CAIR SO\textsubscript{2} opt-in unit shall be treated as a CAIR SO\textsubscript{2} unit for purposes of applying such sections and subparts of this part.

§ 96.282 CAIR designated representative.

Any CAIR SO\textsubscript{2} opt-in unit, and any unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under this subpart, located at the same source as one or more CAIR SO\textsubscript{2} units shall have the same CAIR designated representative and alternate CAIR designated representative as such CAIR SO\textsubscript{2} units.

§ 96.283 Applying for CAIR opt-in permit.

(a) Applying for initial CAIR opt-in permit. The CAIR designated representative of a unit meeting the requirements for a CAIR SO\textsubscript{2} opt-in unit in § 96.280 may apply for an initial CAIR opt-in permit at any time, except as provided under § 96.286(f) and (g), and, in order to apply, must submit the following:

1. A complete CAIR permit application under § 96.222;
2. A certification, in a format specified by the permitting authority, that the unit:
   1. Is not a CAIR SO\textsubscript{2} unit under § 96.204 and is not covered by a retired unit exemption under § 96.205 that is in effect;
   2. Is not covered by a retired unit exemption under § 72.8 of this chapter that is in effect;
   3. Is not and, so long as the unit is a CAIR SO\textsubscript{2} opt-in unit, will not become, an opt-in source under part 74 of this chapter;
   4. Vents all of its emissions to a stack; and
   5. Has documented heat input for more than 876 hours during the 6 months immediately preceding submission of the CAIR permit application under § 96.222;
3. A monitoring plan in accordance with subpart HHH of this part;
4. A complete certificate of representation under § 96.213 consistent with § 96.282, if no CAIR designated representative has been previously designated for the source that includes the unit; and
5. A statement, in a format specified by the permitting authority, whether the CAIR designated representative requests that the unit be allocated CAIR SO\textsubscript{2} allowances under § 96.288(c) (subject to the conditions in §§ 96.284(h) and 96.286(g)).

(b) Duty to reapply.

1. The CAIR designated representative of a CAIR SO\textsubscript{2} opt-in unit shall submit a complete CAIR permit application under § 96.222 to renew the CAIR opt-in unit permit in accordance with the permitting authority’s regulations for title V operating permits, or the permitting authority’s regulations for other federally enforceable permits if applicable, addressing permit renewal.
2. Unless the permitting authority issues a notification of acceptance of withdrawal of the CAIR opt-in unit from the CAIR SO\textsubscript{2} Trading Program in accordance with § 96.286 or the unit
becomes a CAIR SO\textsubscript{2} unit under § 96.204, the CAIR SO\textsubscript{2} opt-in unit shall remain subject to the requirements for a CAIR SO\textsubscript{2} opt-in unit, even if the CAIR designated representative for the CAIR SO\textsubscript{2} opt-in unit fails to submit a CAIR permit application that is required for renewal of the CAIR opt-in permit under paragraph (b)(1) of this section.

§ 96.284 Opt-in process.

The permitting authority will issue or deny a CAIR opt-in permit for a unit for which an initial application for a CAIR opt-in permit under § 96.283 is submitted in accordance with the following:

(a) Interim review of monitoring plan. The permitting authority and the Administrator will determine, on an interim basis, the sufficiency of the monitoring plan accompanying the initial application for a CAIR opt-in permit under § 96.283. A monitoring plan is sufficient, for purposes of interim review, if the plan appears to contain information demonstrating that the SO\textsubscript{2} emissions rate and heat input of the unit are monitored and reported in accordance with subpart HHH of this part. A determination of sufficiency shall not be construed as acceptance or approval of the monitoring plan.

(b) Monitoring and reporting.

(1) (i) If the permitting authority and the Administrator determine that the monitoring plan is sufficient under paragraph (a) of this section, the owner or operator shall monitor and report the SO\textsubscript{2} emissions rate and the heat input of the unit and all other applicable parameters, in accordance with subpart HHH of this part, starting on the date of certification of the appropriate monitoring systems under subpart HHH of this part and continuing until a CAIR opt-in permit is denied under § 96.284(f) or, if a CAIR opt-in permit is issued, the date and time when the unit is withdrawn from the CAIR SO\textsubscript{2} Trading Program in accordance with § 96.286.

(ii) The monitoring and reporting under paragraph (b)(1)(i) of this section shall include the entire control period immediately before the date on which the unit enters the CAIR SO\textsubscript{2} Trading Program under § 96.284(g), during which period monitoring system availability must be at least 90 percent under subpart HHH of this part and the unit must be in full compliance with any applicable State or Federal emissions or emissions-related requirements.

(2) To the extent the SO\textsubscript{2} emissions rate and the heat input of the unit are monitored and reported in accordance with subpart HHH of this part for one or more control periods, in addition to the control period under paragraph (b)(1)(ii) of this section, during which control periods monitoring system availability is not less than 90 percent under subpart HHH of this part and the unit is in full compliance with any applicable State or Federal emissions or emissions-related requirements and which control periods begin not more than 3 years before the unit enters the CAIR SO\textsubscript{2} Trading Program under § 96.284(g), such information shall be used as provided in paragraphs (c) and (d) of this section.

(c) Baseline heat input. The unit’s baseline heat rate shall equal:

(1) If the unit’s SO\textsubscript{2} emissions rate and heat input are monitored and reported for only one control period, in accordance with paragraph (b)(1) of this section, the unit’s total heat input (in mmBtu) for the control period; or

(2) If the unit’s SO\textsubscript{2} emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, the
average of the amounts of the unit’s total heat input (in mmBtu) for the control periods under paragraphs (b)(1)(ii) and (b)(2) of this section.

(d) **Baseline SO\(_2\) emission rate.** The unit's baseline SO\(_2\) emission rate shall equal:

1. If the unit’s SO\(_2\) emissions rate and heat input are monitored and reported for only one control period, in accordance with paragraph (b)(1) of this section, the unit’s SO\(_2\) emissions rate (in lb/mmBtu) for the control period;

2. If the unit’s SO\(_2\) emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, and the unit does not have add-on SO\(_2\) emission controls during any such control periods, the average of the amounts of the unit’s SO\(_2\) emissions rate (in lb/mmBtu) for the control periods under paragraphs (b)(1)(ii) and (b)(2) of this section; or

3. If the unit’s SO\(_2\) emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, and the unit has add-on SO\(_2\) emission controls during any such control periods, the average of the amounts of the unit’s SO\(_2\) emissions rate (in lb/mmBtu) for such control periods during which the unit has add-on SO\(_2\) emission controls.

(e) **Issuance of CAIR opt-in permit.** After calculating the baseline heat input and the baseline SO\(_2\) emissions rate for the unit under paragraphs (c) and (d) of this section and if the permitting authority determines that the CAIR designated representative shows that the unit meets the requirements for a CAIR SO\(_2\) opt-in unit in § 96.280 and meets the elements certified in § 96.283(a)(2), the permitting authority will issue a CAIR opt-in permit. The permitting authority will provide a copy of the CAIR opt-in permit to the Administrator, who will then establish a compliance account for the source that includes the CAIR SO\(_2\) opt-in unit unless the source already has a compliance account.

(f) **Issuance of denial of CAIR opt-in permit.** Notwithstanding paragraphs (a) through (e) of this section, if at any time before issuance of a CAIR opt-in permit for the unit, the permitting authority determines that the CAIR designated representative fails to show that the unit meets the requirements for a CAIR SO\(_2\) opt-in unit in § 96.280 or meets the elements certified in § 96.283(a)(2), the permitting authority will issue a denial of a CAIR SO\(_2\) opt-in permit for the unit.

(g) **Date of entry into CAIR SO\(_2\) Trading Program.** A unit for which an initial CAIR opt-in permit is issued by the permitting authority shall become a CAIR SO\(_2\) opt-in unit, and a CAIR SO\(_2\) unit, as of the later of January 1, 2010 or January 1 of the first control period during which such CAIR opt-in permit is issued.

(h) **Repowered CAIR SO\(_2\) opt-in unit.**

1. If CAIR designated representative requests, and the permitting authority issues a CAIR opt-in permit providing for, allocation to a CAIR SO\(_2\) opt-in unit of CAIR SO\(_2\) allowances under § 96.288(c) and such unit is repowered after its date of entry into the CAIR SO\(_2\) Trading Program under paragraph (g) of this section, the repowered unit shall be treated as a CAIR SO\(_2\) opt-in unit replacing the original CAIR SO\(_2\) opt-in unit, as of the date of start-up of the repowered unit’s combustion chamber.

2. Notwithstanding paragraphs (c) and (d) of this section, as of the date of start-up under paragraph (h)(1) of this section, the repowered unit shall be deemed to have the same date of commencement of operation, date of commencement of commercial operation,
baseline heat input, and baseline SO\textsubscript{2} emission rate as the original CAIR SO\textsubscript{2} opt-in unit, and the original CAIR SO\textsubscript{2} opt-in unit shall no longer be treated as a CAIR opt-in unit or a CAIR SO\textsubscript{2} unit.

§ 96.285 CAIR opt-in permit contents.

(a) Each CAIR opt-in permit will contain:

(1) All elements required for a complete CAIR permit application under § 96.222;

(2) The certification in § 96.283(a)(2);

(3) The unit’s baseline heat input under § 96.284(c);

(4) The unit’s baseline SO\textsubscript{2} emission rate under § 96.284(d);

(5) A statement whether the unit is to be allocated CAIR SO\textsubscript{2} allowances under § 96.288(c) (subject to the conditions in §§ 96.284(h) and 96.286(g));

(6) A statement that the unit may withdraw from the CAIR SO\textsubscript{2} Trading Program only in accordance with § 96.286; and

(7) A statement that the unit is subject to, and the owners and operators of the unit must comply with, the requirements of § 96.287.

(b) Each CAIR opt-in permit is deemed to incorporate automatically the definitions of terms under § 96.202 and, upon recordation by the Administrator under subpart FFF, GGG, or III of this part or this subpart, every allocation, transfer, or deduction of CAIR SO\textsubscript{2} allowances to or from the compliance account of the source that includes a CAIR SO\textsubscript{2} opt-in unit covered by the CAIR opt-in permit.

(c) The CAIR opt-in permit shall be included, in a format prescribed by the permitting authority, in the CAIR permit for the source where the CAIR opt-in unit is located.

§ 96.286 Withdrawal from CAIR SO\textsubscript{2} Trading Program.

Except as provided under paragraph (g) of this section, a CAIR SO\textsubscript{2} opt-in unit may withdraw from the CAIR SO\textsubscript{2} Trading Program, but only if the permitting authority issues a notification to the CAIR designated representative of the CAIR SO\textsubscript{2} opt-in unit of the acceptance of the withdrawal of the CAIR SO\textsubscript{2} opt-in unit in accordance with paragraph (d) of this section.

(a) Requesting withdrawal. In order to withdraw a CAIR opt-in unit from the CAIR SO\textsubscript{2} Trading Program, the CAIR designated representative of the CAIR SO\textsubscript{2} opt-in unit shall submit to the permitting authority a request to withdraw effective as of midnight of December 31 of a specified calendar year, which date must be at least 4 years after December 31 of the year of entry into the CAIR SO\textsubscript{2} Trading Program under § 96.284(g). The request must be submitted no later than 90 days before the requested effective date of withdrawal.

(b) Conditions for withdrawal. Before a CAIR SO\textsubscript{2} opt-in unit covered by a request under paragraph (a) of this section may withdraw from the CAIR SO\textsubscript{2} Trading Program and the CAIR opt-in permit may be terminated under paragraph (e) of this section, the following conditions must be met:
(1) For the control period ending on the date on which the withdrawal is to be effective, the source that includes the CAIR SO$_2$ opt-in unit must meet the requirement to hold CAIR SO$_2$ allowances under § 96.206(c) and cannot have any excess emissions.

(2) After the requirement for withdrawal under paragraph (b)(1) of this section is met, the Administrator will deduct from the compliance account of the source that includes the CAIR SO$_2$ opt-in unit CAIR SO$_2$ allowances equal in amount to and allocated for the same or a prior control period as any CAIR SO$_2$ allowances allocated to the CAIR SO$_2$ opt-in unit under § 96.188 for any control period for which the withdrawal is to be effective. If there are no remaining CAIR SO$_2$ units at the source, the Administrator will close the compliance account, and the owners and operators of the CAIR SO$_2$ opt-in unit may submit a CAIR SO$_2$ allowance transfer for any remaining CAIR SO$_2$ allowances to another CAIR SO$_2$ Allowance Tracking System in accordance with subpart GGG of this part.

(c) Notification.

(1) After the requirements for withdrawal under paragraphs (a) and (b) of this section are met (including deduction of the full amount of CAIR SO$_2$ allowances required), the permitting authority will issue a notification to the CAIR designated representative of the CAIR SO$_2$ opt-in unit of the acceptance of the withdrawal of the CAIR SO$_2$ opt-in unit as of midnight on December 31 of the calendar year for which the withdrawal was requested.

(2) If the requirements for withdrawal under paragraphs (a) and (b) of this section are not met, the permitting authority will issue a notification to the CAIR designated representative of the CAIR SO$_2$ opt-in unit that the CAIR SO$_2$ opt-in unit's request to withdraw is denied. Such CAIR SO$_2$ opt-in unit shall continue to be a CAIR SO$_2$ opt-in unit.

(d) Permit amendment. After the permitting authority issues a notification under paragraph (c)(1) of this section that the requirements for withdrawal have been met, the permitting authority will revise the CAIR permit covering the CAIR SO$_2$ opt-in unit to terminate the CAIR opt-in permit for such unit as of the effective date specified under paragraph (c)(1) of this section. The unit shall continue to be a CAIR SO$_2$ opt-in unit until the effective date of the termination and shall comply with all requirements under the CAIR SO$_2$ Trading Program concerning any control periods for which the unit is a CAIR SO$_2$ opt-in unit, even if such requirements arise or must be complied with after the withdrawal takes effect.

(e) Reapplication upon failure to meet conditions of withdrawal. If the permitting authority denies the CAIR SO$_2$ opt-in unit's request to withdraw, the CAIR designated representative may submit another request to withdraw in accordance with paragraphs (a) and (b) of this section.

(f) Ability to reapply to the CAIR SO$_2$ Trading Program. Once a CAIR SO$_2$ opt-in unit withdraws from the CAIR SO$_2$ Trading Program and its CAIR opt-in permit is terminated under this section, the CAIR designated representative may not submit another application for a CAIR opt-in permit under § 96.283 for such CAIR SO$_2$ opt-in unit before the date that is 4 years after the date on which the withdrawal became effective. Such new application for a CAIR opt-in permit will be treated as an initial application for a CAIR opt-in permit under § 96.284.

(g) Inability to withdraw. Notwithstanding paragraphs (a) through (f) of this section, a CAIR SO$_2$ opt-in unit shall not be eligible to withdraw from the CAIR SO$_2$ Trading Program if the CAIR designated representative of the CAIR SO$_2$ opt-in unit requests, and the permitting authority issues a CAIR opt-in permit providing for, allocation to the CAIR SO$_2$ opt-in unit of CAIR SO$_2$ allowances under § 96.288(c).

§ 96.287 Change in regulatory status.
(a) **Notification.** If a CAIR SO\(_2\) opt-in unit becomes a CAIR SO\(_2\) unit under § 96.204, then the CAIR designated representative shall notify in writing the permitting authority and the Administrator of such change in the CAIR SO\(_2\) opt-in unit’s regulatory status, within 30 days of such change.

(b) **Permitting authority's and Administrator's actions.**

(1) If a CAIR SO\(_2\) opt-in unit becomes a CAIR SO\(_2\) unit under § 96.204, the permitting authority will revise the CAIR SO\(_2\) opt-in unit’s CAIR opt-in permit to meet the requirements of a CAIR permit under § 96.223 as of the date on which the CAIR SO\(_2\) opt-in unit becomes a CAIR SO\(_2\) unit under § 96.204.

(2) (i) The Administrator will deduct from the compliance account of the source that includes a CAIR SO\(_2\) opt-in unit that becomes a CAIR SO\(_2\) unit under § 96.204, CAIR SO\(_2\) allowances equal in amount to and allocated for the same or a prior control period as:

(A) Any CAIR SO\(_2\) allowances allocated to the CAIR SO\(_2\) opt-in unit under § 96.288 for any control period after the date on which the CAIR SO\(_2\) opt-in unit becomes a CAIR SO\(_2\) unit under § 96.204; and

(B) If the date on which the CAIR SO\(_2\) opt-in unit becomes a CAIR SO\(_2\) unit under § 96.204 is not December 31, the CAIR SO\(_2\) allowances allocated to the CAIR SO\(_2\) opt-in unit under § 96.288 for the control period that includes the date on which the CAIR SO\(_2\) opt-in unit becomes a CAIR SO\(_2\) unit under § 96.204, multiplied by the ratio of the number of days, in the control period, starting with the date on which the CAIR SO\(_2\) opt-in unit becomes a CAIR SO\(_2\) unit under § 96.204 divided by the total number of days in the control period and rounded to the nearest whole allowance as appropriate.

(ii) The CAIR designated representative shall ensure that the compliance account of the source that includes the CAIR SO\(_2\) unit that becomes a CAIR SO\(_2\) unit under § 96.204 contains the CAIR SO\(_2\) allowances necessary for completion of the deduction under paragraph (b)(2)(i) of this section.

§ 96.288 SO\(_2\) allowance allocations to CAIR SO\(_2\) opt-in units.

(a) **Timing requirements.**

(1) When the CAIR opt-in permit is issued under § 96.284(e), the permitting authority will allocate CAIR SO\(_2\) allowances to the CAIR SO\(_2\) opt-in unit, and submit to the Administrator the allocation for the control period in which a CAIR SO\(_2\) opt-in unit enters the CAIR SO\(_2\) Trading Program under § 96.284(g), in accordance with paragraph (b) or (c) of this section.

(2) By no later than October 31 of the control period in which a CAIR opt-in unit enters the CAIR SO\(_2\) Trading Program under § 96.284(g) and October 31 of each year thereafter, the permitting authority will allocate CAIR SO\(_2\) allowances to the CAIR SO\(_2\) opt-in unit, and submit to the Administrator the allocation for the control period that includes such submission deadline and in which the unit is a CAIR SO\(_2\) opt-in unit, in accordance with paragraph (b) or (c) of this section.

(b) **Calculation of allocation.** For each control period for which a CAIR SO\(_2\) opt-in unit is to be allocated CAIR SO\(_2\) allowances, the permitting authority will allocate in accordance with the following procedures:
(1) The heat input (in mmBtu) used for calculating the CAIR SO$_2$ allowance allocation will be the lesser of:

(i) The CAIR SO$_2$ opt-in unit's baseline heat input determined under § 96.284(c); or

(ii) The CAIR SO$_2$ opt-in unit's heat input, as determined in accordance with subpart HHH of this part, for the immediately prior control period, except when the allocation is being calculated for the control period in which the CAIR SO$_2$ opt-in unit enters the CAIR SO$_2$ Trading Program under § 96.284(g).

(2) The SO$_2$ emission rate (in lb/mmBtu) used for calculating CAIR SO$_2$ allowance allocations will be the lesser of:

(i) The CAIR SO$_2$ opt-in unit's baseline SO$_2$ emissions rate (in lb/mmBtu) determined under § 96.284(d) and multiplied by 70 percent; or

(ii) The most stringent State or Federal SO$_2$ emissions limitation applicable to the CAIR SO$_2$ opt-in unit at any time during the control period for which CAIR SO$_2$ allowances are to be allocated.

(3) The permitting authority will allocate CAIR SO$_2$ allowances to the CAIR SO$_2$ opt-in unit with a tonnage equivalent equal to, or less than by the smallest possible amount, the heat input under paragraph (b)(1) of this section, multiplied by the SO$_2$ emission rate under paragraph (b)(2) of this section, and divided by 2,000 lb/ton.

(c) Notwithstanding paragraph (b) of this section and if the CAIR designated representative requests, and the permitting authority issues a CAIR opt-in permit providing for, allocation to a CAIR SO$_2$ opt-in unit of CAIR SO$_2$ allowances under this paragraph (subject to the conditions in §§ 96.284(h) and 96.286(g)), the permitting authority will allocate to the CAIR SO$_2$ opt-in unit as follows:

(1) For each control period in 2010 through 2014 for which the CAIR SO$_2$ opt-in unit is to be allocated CAIR SO$_2$ allowances,

(i) The heat input (in mmBtu) used for calculating CAIR SO$_2$ allowance allocations will be determined as described in paragraph (b)(1) of this section.

(ii) The SO$_2$ emission rate (in lb/mmBtu) used for calculating CAIR SO$_2$ allowance allocations will be the lesser of:

(A) The CAIR SO$_2$ opt-in unit's baseline SO$_2$ emissions rate (in lb/mmBtu) determined under § 96.284(d); or

(B) The most stringent State or Federal SO$_2$ emissions limitation applicable to the CAIR SO$_2$ opt-in unit at any time during the control period in which the CAIR SO$_2$ opt-in unit enters the CAIR SO$_2$ Trading Program under § 96.284(g).

(iii) The permitting authority will allocate CAIR SO$_2$ allowances to the CAIR SO$_2$ opt-in unit with a tonnage equivalent equal to, or less than by the smallest possible amount, the heat input under paragraph (c)(1)(i) of this section, multiplied by the SO$_2$ emission rate under paragraph (c)(1)(ii) of this section, and divided by 2,000 lb/ton.

(2) For each control period in 2015 and thereafter for which the CAIR SO$_2$ opt-in unit is to be allocated CAIR SO$_2$ allowances,
RULEMAKING HEARINGS

(i) The heat input (in mmBtu) used for calculating the CAIR SO$_2$ allowance allocations will be determined as described in paragraph (b)(1) of this section.

(ii) The SO$_2$ emission rate (in lb/mmBtu) used for calculating the CAIR SO$_2$ allowance allocation will be the lesser of:

(A) The CAIR SO$_2$ opt-in unit's baseline SO$_2$ emissions rate (in lb/mmBtu) determined under § 96.284(d) multiplied by 10 percent; or

(B) The most stringent State or Federal SO$_2$ emissions limitation applicable to the CAIR SO$_2$ opt-in unit at any time during the control period for which CAIR SO$_2$ allowances are to be allocated.

(iii) The permitting authority will allocate CAIR SO$_2$ allowances to the CAIR SO$_2$ opt-in unit with a tonnage equivalent equal to, or less than by the smallest possible amount, the heat input under paragraph (c)(2)(i) of this section, multiplied by the SO$_2$ emission rate under paragraph (c)(2)(ii) of this section, and divided by 2,000 lb/ton.

NEW RULE

TABLE OF CONTENTS

1200-3-27-.10 CAIR NO\textsubscript{X} Annual Trading Program

1200-3-27-.10 CAIR NO\textsubscript{X} ANNUAL TRADING PROGRAM

(1) The provisions of 40 CFR Part 96 concerning the CAIR NO\textsubscript{X} Annual Trading Program are hereby adopted by reference with the following revisions:

(a) The provisions of Sec. 96.143 as adopted for Tennessee are revised to read as follows:

\§ 96.143 Compliance supplement pool.
1. In addition to the CAIR NO\textsubscript{X} allowances allocated under 40 CFR Sec. 96.142, the permitting authority may allocate up to 8,944 tons of CAIR NO\textsubscript{X} allowances for the control period in 2009.

2. For any CAIR NO\textsubscript{X} unit in the State that achieves NO\textsubscript{X} emission reductions in 2007 and 2008 that are not necessary to comply with any State or federal emissions limitation applicable during such years, the CAIR designated representative of the unit may request early reduction credits, and allocation of CAIR NO\textsubscript{X} allowances from the compliance supplement pool under part 1. of this subparagraph for such early reduction credits, in accordance with the following:

   (i) The owners and operators of such CAIR NO\textsubscript{X} unit shall monitor and report the NO\textsubscript{X} emissions rate and the heat input of the unit in accordance with 40 CFR 96 subpart HH in each control period for which early reduction credit is requested.

   (ii) The CAIR designated representative of such CAIR NO\textsubscript{X} unit shall submit to the permitting authority by July 1, 2009 a request, in a format specified by the permitting authority, for allocation of an amount of CAIR NO\textsubscript{X} allowances from the compliance supplement pool not exceeding the sum of the amounts (in tons) of the unit’s NO\textsubscript{X} emission reductions in 2007 and 2008 that are not necessary to comply with any State or federal emissions limitation applicable during such years, determined in accordance with 40 CFR 96 subpart HH. NO\textsubscript{X} emission reductions shall be calculated as follows:

      (I) The unit’s heat input in mmBtu for the control period shall be multiplied by the difference between the most stringent federally enforceable requirement and the unit’s actual NO\textsubscript{X} emission rate for such control period in lb/mmBtu, divided by 2,000 lbs/ton, and rounded to the nearest ton; or,

      (II) For units with post combustion NO\textsubscript{X} controls (selective catalytic reduction, selective noncatalytic reduction, or other post-combustion NO\textsubscript{X} control as approved by the Technical Secretary), NO\textsubscript{X} emission reductions shall be calculated by multiplying the unit’s heat input during any period in which the control equipment is operated, excluding any period regulated by rule 1200-3-27-.06 (NO\textsubscript{X} Budget Trading Program for State Implementation Plans), by the difference between the most stringent federally enforceable requirement and the unit’s actual NO\textsubscript{X} emission rate for such operating period in lb/mmBtu, divided by 2,000 lbs/ton, and rounded to the nearest ton.

3. For any CAIR NO\textsubscript{X} unit in the State whose compliance with CAIR NO\textsubscript{X} emissions limitation for the control period in 2009 would create an undue risk to the reliability of electricity supply during such control period, the CAIR designated representative of the unit may request the allocation of CAIR NO\textsubscript{X} allowances from the compliance supplement pool under part 1. of this subparagraph, in accordance with the following:

   (i) The CAIR designated representative of such CAIR NO\textsubscript{X} unit shall submit to the permitting authority by July 1, 2009 a request, in a format specified by the permitting authority, for allocation of an amount of CAIR NO\textsubscript{X} allowances from the compliance supplement pool not exceeding the minimum amount of CAIR NO\textsubscript{X} allowances necessary to remove such undue risk to the reliability of electricity supply.

   (ii) In the request under subpart (i) of this part, the CAIR designated representative of such CAIR NO\textsubscript{X} unit shall demonstrate that, in the absence of allocation to the unit of the amount of CAIR NO\textsubscript{X} allowances requested, the unit’s compliance with CAIR
NO\textsubscript{x} emissions limitation for the control period in 2009 would create an undue risk to the reliability of electricity supply during such control period. This demonstration must include a showing that it would not be feasible for the owners and operators of the unit to:

(I) Obtain a sufficient amount of electricity from other electricity generation facilities, during the installation of control technology at the unit for compliance with the CAIR NO\textsubscript{x} emissions limitation, to prevent such undue risk; or

(II) Obtain under parts 2. and 4. of this subparagraph, or otherwise obtain, a sufficient amount of CAIR NO\textsubscript{x} allowances to prevent such undue risk.

4. The permitting authority will review each request under parts 2. or 3. of this subparagraph submitted by July 1, 2009 and will allocate CAIR NO\textsubscript{x} allowances for the control period in 2009 to CAIR NO\textsubscript{x} units in the State and covered by such request as follows:

(i) Upon receipt of each such request, the permitting authority will make any necessary adjustments to the request to ensure that the amount of the CAIR NO\textsubscript{x} allowances requested meets the requirements of parts 2. or 3. of this subparagraph.

(ii) If the State’s compliance supplement pool under part 1. of this subparagraph has an amount of CAIR NO\textsubscript{x} allowances not less than the total amount of CAIR NO\textsubscript{x} allowances in all such requests (as adjusted under subpart (i) of this part), the permitting authority will allocate to each CAIR NO\textsubscript{x} unit covered by such requests the amount of CAIR NO\textsubscript{x} allowances requested (as adjusted under subpart (i) of this part).

An authorization to emit nitrogen oxides that is not issued under provisions of a State implementation plan that are approved under § 51.123(o)(1) or (2) of this chapter shall not be a CAIR NO\textsubscript{x} allowance.

CAIR NO\textsubscript{x} allowance deduction or deduct CAIR NO\textsubscript{x} allowances means the permanent withdrawal of CAIR NO\textsubscript{x} allowances by the Administrator from a compliance account in order to account for a specified number of tons of total nitrogen oxides emissions from all CAIR NO\textsubscript{x} units at a CAIR NO\textsubscript{x} source for a control period, determined in accordance with subpart HH of this part, or to account for excess emissions.

Submissions of Supplemental Information

(ii) Submit in a timely manner any supplemental information that the permitting authority determines is necessary in order to review a CAIR permit application and issue or deny a CAIR permit.

(2) The owners and operators of each CAIR NO\textsubscript{x} source required to have a title V operating permit and each CAIR NO\textsubscript{x} unit required to have a title V operating permit at the source shall have a CAIR permit issued by the permitting authority under subpart CC of this part for the source and operate the source and the unit in compliance with such CAIR permit.

(3) Except as provided in subpart II of this part, the owners and operators of a CAIR NO\textsubscript{x} source that is not otherwise required to have a title V operating permit and each CAIR NO\textsubscript{x} unit that is not otherwise required to have a title V operating permit are not required to submit a CAIR permit application, and to have a CAIR permit, under subpart CC of this part for such CAIR NO\textsubscript{x} source and such CAIR NO\textsubscript{x} unit.

(b) Monitoring, reporting, and recordkeeping requirements.

(1) The owners and operators, and the CAIR designated representative, of each CAIR NO\textsubscript{x} source and each CAIR NO\textsubscript{x} unit at the source shall comply with the monitoring, reporting, and recordkeeping requirements of subpart HH of this part.

(2) The emissions measurements recorded and reported in accordance with subpart HH of this part shall be used to determine compliance by each CAIR NO\textsubscript{x} source with the CAIR NO\textsubscript{x} emissions limitation under paragraph (c) of this section.

(c) Nitrogen oxides emission requirements.

(1) As of the allowance transfer deadline for a control period, the owners and operators of each CAIR NO\textsubscript{x} source and each CAIR NO\textsubscript{x} unit at the source shall hold, in the source’s compliance account, CAIR NO\textsubscript{x} allowances available for compliance deductions for the control period under § 96.154(a) in an amount not less than the tons of total nitrogen oxides emissions for the control period from all CAIR NO\textsubscript{x} units at the source, as determined in accordance with subpart HH of this part.

(2) A CAIR NO\textsubscript{x} unit shall be subject to the requirements under paragraph (c)(1) of this section for the control period starting on the later of January 1, 2009 or the deadline for meeting the unit’s monitor certification requirements under § 96.170(b)(1),(2), or (5) and for each control period thereafter.

(3) A CAIR NO\textsubscript{x} allowance shall not be deducted, for compliance with the requirements under paragraph (c)(1) of this section, for a control period in a calendar year before the year for which the CAIR NO\textsubscript{x} allowance was allocated.

(4) CAIR NO\textsubscript{x} allowances shall be held in, deducted from, or transferred into or among CAIR NO\textsubscript{x} Allowance Tracking System accounts in accordance with subpart EE of this part.

(5) A CAIR NO\textsubscript{x} allowance is a limited authorization to emit one ton of nitrogen oxides in accordance with the CAIR NO\textsubscript{x} Annual Trading Program. No provision of the CAIR NO\textsubscript{x} Annual Trading Program, the CAIR permit application, the CAIR permit, or an exemption under § 96.105 and no provision of law shall be construed to limit the authority of the State or the United States to terminate or limit such authorization.

(6) A CAIR NO\textsubscript{x} allowance does not constitute a property right.
(7) Upon recordation by the Administrator under subpart FF, GG, or II of this part, every allocation, transfer, or deduction of a CAIR NO\textsubscript{X} allowance to or from a CAIR NO\textsubscript{X} unit's compliance account is incorporated automatically in any CAIR permit of the source that includes the CAIR NO\textsubscript{X} unit.

(d) Excess emissions requirements. If a CAIR NO\textsubscript{X} source emits nitrogen oxides during any control period in excess of the CAIR NO\textsubscript{X} emissions limitation, then:

(1) The owners and operators of the source and each CAIR NO\textsubscript{X} unit at the source shall surrender the CAIR NO\textsubscript{X} allowances required for deduction under § 96.154(d)(1) and pay any fine, penalty, or assessment or comply with any other remedy imposed, for the same violations, under the Clean Air Act or applicable State law; and

(2) Each ton of such excess emissions and each day of such control period shall constitute a separate violation of this subpart, the Clean Air Act, and applicable State law.

(e) Recordkeeping and reporting requirements.

(1) Unless otherwise provided, the owners and operators of the CAIR NO\textsubscript{X} source and each CAIR NO\textsubscript{X} unit at the source shall keep on site at the source each of the following documents for a period of 5 years from the date the document is created. This period may be extended for cause, at any time before the end of 5 years, in writing by the permitting authority or the Administrator.

(i) The certificate of representation under § 96.113 for the CAIR designated representative for the source and each CAIR NO\textsubscript{X} unit at the source and all documents that demonstrate the truth of the statements in the certificate of representation; provided that the certificate and documents shall be retained on site at the source beyond such 5-year period until such documents are superseded because of the submission of a new certificate of representation under § 96.113 changing the CAIR designated representative.

(ii) All emissions monitoring information, in accordance with subpart HH of this part, provided that to the extent that subpart HH of this part provides for a 3-year period for recordkeeping, the 3-year period shall apply.

(iii) Copies of all reports, compliance certifications, and other submissions and all records made or required under the CAIR NO\textsubscript{X} Annual Trading Program.

(iv) Copies of all documents used to complete a CAIR permit application and any other submission under the CAIR NO\textsubscript{X} Annual Trading Program or to demonstrate compliance with the requirements of the CAIR NO\textsubscript{X} Annual Trading Program.

(2) The CAIR designated representative of a CAIR NO\textsubscript{X} source and each CAIR NO\textsubscript{X} unit at the source shall submit the reports required under the CAIR NO\textsubscript{X} Annual Trading Program, including those under subpart HH of this part.

(f) Liability.

(1) Each CAIR NO\textsubscript{X} source and each CAIR NO\textsubscript{X} unit shall meet the requirements of the CAIR NO\textsubscript{X} Annual Trading Program.
(2) Any provision of the CAIR NO\textsubscript{x} Annual Trading Program that applies to a CAIR NO\textsubscript{x} source or the CAIR designated representative of a CAIR NO\textsubscript{x} source shall also apply to the owners and operators of such source and of the CAIR NO\textsubscript{x} units at the source.

(3) Any provision of the CAIR NO\textsubscript{x} Annual Trading Program that applies to a CAIR NO\textsubscript{x} unit or the CAIR designated representative of a CAIR NO\textsubscript{x} unit shall also apply to the owners and operators of such unit.

(g) Effect on other authorities. No provision of the CAIR NO\textsubscript{x} Annual Trading Program, a CAIR permit application, a CAIR permit, or an exemption under § 96.105 shall be construed as exempting or excluding the owners and operators, and the CAIR designated representative, of a CAIR NO\textsubscript{x} source or CAIR NO\textsubscript{x} unit from compliance with any other provision of the applicable, approved State implementation plan, a federally enforceable permit, or the Clean Air Act.

§ 96.107 Computation of time.

(a) Unless otherwise stated, any time period scheduled, under the CAIR NO\textsubscript{x} Annual Trading Program, to begin on the occurrence of an act or event shall begin on the day the act or event occurs.

(b) Unless otherwise stated, any time period scheduled, under the CAIR NO\textsubscript{x} Annual Trading Program, to begin before the occurrence of an act or event shall be computed so that the period ends the day before the act or event occurs.

(c) Unless otherwise stated, if the final day of any time period, under the CAIR NO\textsubscript{x} Annual Trading Program, falls on a weekend or a State or Federal holiday, the time period shall be extended to the next business day.

§ 96.108 Appeal Procedures.

The appeal procedures for decisions of the Administrator under the CAIR NO\textsubscript{x} Annual Trading Program are set forth in part 78 of this chapter.

Subpart BB – CAIR designated representative for CAIR NO\textsubscript{x} sources

§ 96.110 Authorization and responsibilities of CAIR designated representative.

(a) Except as provided under § 96.111, each CAIR NO\textsubscript{x} source, including all CAIR NO\textsubscript{x} units at the source, shall have one and only one CAIR designated representative, with regard to all matters under the CAIR NO\textsubscript{x} Annual Trading Program concerning the source or any CAIR NO\textsubscript{x} unit at the source.

(b) The CAIR designated representative of the CAIR NO\textsubscript{x} source shall be selected by an agreement binding on the owners and operators of the source and all CAIR NO\textsubscript{x} units at the source and shall act in accordance with the certification statement in § 96.113(a)(4)(iv).

(c) Upon receipt by the Administrator of a complete certificate of representation under § 96.113, the CAIR designated representative of the source shall represent and, by his or her representations, actions, inactions, or submissions, legally bind each owner and operator of the CAIR NO\textsubscript{x} source represented and each CAIR NO\textsubscript{x} unit at the source in all matters pertaining to the CAIR NO\textsubscript{x} Annual Trading Program, notwithstanding any agreement between the CAIR designated representative and such owners and operators. The owners and operators shall be bound by
any decision or order issued to the CAIR designated representative by the permitting authority, the Administrator, or a court regarding the source or unit.

(d) No CAIR permit will be issued, no emissions data reports will be accepted, and no CAIR NO\textsubscript{X} Allowance Tracking System account will be established for a CAIR NO\textsubscript{X} unit at a source, until the Administrator has received a complete certificate of representation under § 96.113 for a CAIR designated representative of the source and the CAIR NO\textsubscript{X} units at the source.

(e) (1) Each submission under the CAIR NO\textsubscript{X} Annual Trading Program shall be submitted, signed, and certified by the CAIR designated representative for each CAIR NO\textsubscript{X} source on behalf of which the submission is made. Each such submission shall include the following certification statement by the CAIR designated representative: “I am authorized to make this submission on behalf of the owners and operators of the source or units for which the submission is made. I certify under penalty of law that I have personally examined, and am familiar with, the statements and information submitted in this document and all its attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false statements and information or omitting required statements and information, including the possibility of fine or imprisonment.”

(2) The permitting authority and the Administrator will accept or act on a submission made on behalf of owner or operators of a CAIR NO\textsubscript{X} source or a CAIR NO\textsubscript{X} unit only if the submission has been made, signed, and certified in accordance with paragraph (e)(1) of this section.

§ 96.111 Alternate CAIR designated representative.

(a) A certificate of representation under § 96.113 may designate one and only one alternate CAIR designated representative, who may act on behalf of the CAIR designated representative. The agreement by which the alternate CAIR designated representative is selected shall include a procedure for authorizing the alternate CAIR designated representative to act in lieu of the CAIR designated representative.

(b) Upon receipt by the Administrator of a complete certificate of representation under § 96.113, any representation, action, inaction, or submission by the alternate CAIR designated representative shall be deemed to be a representation, action, inaction, or submission by the CAIR designated representative.

(c) Except in this section and §§ 96.102, 96.110(a) and (d), 96.112, 96.113, 96.151 and 96.182, whenever the term “CAIR designated representative” is used in subparts AA through II of this part, the term shall be construed to include the CAIR designated representative or any alternate CAIR designated representative.

Notwithstanding any such change, all representations, actions, inactions, and submissions by the previous CAIR designated representative before the time and date when the Administrator receives the superseding certificate of representation shall be
binding on the new CAIR designated representative and the owners and operators of the CAIR NO\textsubscript{x} source and the CAIR NO\textsubscript{x} units at the source.

(b) Changing alternate CAIR designated representative. The alternate CAIR designated representative may be changed at any time upon receipt by the Administrator of a superseding complete certificate of representation under § 96.113. (c) Changes in owners and operators.

(1) In the event a new owner or operator of a CAIR NO\textsubscript{x} source or a CAIR NO\textsubscript{x} unit is not included in the list of owners and operators in the certificate of representation under § 96.113, such new owner or operator shall be deemed to be subject to and bound by the certificate of representation, the representations, actions, inactions, and submissions of the CAIR designated representative and any alternate CAIR designated representative of the source or unit, and the decisions and orders of the permitting authority, the Administrator, or a court, as if the new owner or operator were included in such list.

(2) Within 30 days following any change in the owners and operators of a CAIR NO\textsubscript{x} source or a CAIR NO\textsubscript{x} unit, including the addition of a new owner or operator, the CAIR designated representative or any alternate CAIR designated representative shall submit a revision to the certificate of representation under § 96.113 amending the list of owners and operators to include the change.

§ 96.113 Certificate of representation.

(a) A complete certificate of representation for a CAIR designated representative or an alternate CAIR designated representative shall include the following elements in a format prescribed by the Administrator:

(2) The name, address, e-mail address (if any), telephone number, and facsimile transmission number (if any) of the CAIR designated representative and any alternate CAIR designated representative.

(3) A list of the owners and operators of the CAIR NO\textsubscript{x} source and of each CAIR NO\textsubscript{x} unit at the source.

(4) The following certification statements by the CAIR designated representative and any alternate CAIR designated representative--

(i) “I certify that I was selected as the CAIR designated representative or alternate CAIR designated representative, as applicable, by an agreement binding on the owners and operators of the source and each CAIR NO\textsubscript{x} unit at the source.”

(ii) “I certify that I have all the necessary authority to carry out my duties and responsibilities under the CAIR NO\textsubscript{x} Annual Trading Program on behalf of the
owners and operators of the source and of each CAIR NO\textsubscript{x} unit at the source and that each such owner and operator shall be fully bound by my representations, actions, inactions, or submissions.”

(iii) “I certify that the owners and operators of the source and of each CAIR NO\textsubscript{x} unit at the source shall be bound by any order issued to me by the Administrator, the permitting authority, or a court regarding the source or unit.”

(iv) “Where there are multiple holders of a legal or equitable title to, or a leasehold interest in, a CAIR NO\textsubscript{x} unit, or where a customer purchases power from a CAIR NO\textsubscript{x} unit under a life-of-the-unit, firm power contractual arrangement, I certify that: I have given a written notice of my selection as the ‘CAIR designated representative’ or ‘alternate CAIR designated representative’, as applicable, and of the agreement by which I was selected to each owner and operator of the source and of each CAIR NO\textsubscript{x} unit at the source; and CAIR NO\textsubscript{x} allowances and proceeds of transactions involving CAIR NO\textsubscript{x} allowances will be deemed to be held or distributed in proportion to each holder’s legal, equitable, leasehold, or contractual reservation or entitlement, except that, if such multiple holders have expressly provided for a different distribution of CAIR NO\textsubscript{x} allowances by contract, CAIR NO\textsubscript{x} allowances and proceeds of transactions involving CAIR NO\textsubscript{x} allowances will be deemed to be held or distributed in accordance with the contract.”

(5) The signature of the CAIR designated representative and any alternate CAIR designated representative and the dates signed.

(b) Unless otherwise required by the permitting authority or the Administrator, documents of agreement referred to in the certificate of representation shall not be submitted to the permitting authority or the Administrator. Neither the permitting authority nor the Administrator shall be under any obligation to review or evaluate the sufficiency of such documents, if submitted.

§ 96.114 Objections concerning CAIR designated representative.

(a) Once a complete certificate of representation under § 96.113 has been submitted and received, the permitting authority and the Administrator will rely on the certificate of representation unless and until a superseding complete certificate of representation under § 96.113 is received by the Administrator.

(b) Except as provided in § 96.112(a) or (b), no objection or other communication submitted to the permitting authority or the Administrator concerning the authorization, or any representation, action, inaction, or submission, of the CAIR designated representative shall affect any representation, action, inaction, or submission of the CAIR designated representative or the finality of any decision or order by the permitting authority or the Administrator under the CAIR NO\textsubscript{x} Annual Trading Program.

(c) Neither the permitting authority nor the Administrator will adjudicate any private legal dispute concerning the authorization or any representation, action, inaction, or submission of any CAIR designated representative, including private legal disputes concerning the proceeds of CAIR NO\textsubscript{x} allowance transfers.

Subpart CC – Permits

(c) The term of the CAIR permit will be set by the permitting authority, as necessary to facilitate coordination of the renewal of the CAIR permit with issuance, revision, or renewal of the CAIR NO\textsubscript{x} source’s title V operating permit or other federally enforceable permit as applicable.

§ 96.141 Timing requirements for CAIR NO\textsubscript{X} allowance allocations.

(a) By October 31, 2006, the permitting authority will submit to the Administrator the CAIR NO\textsubscript{X} allowance allocations, in a format prescribed by the Administrator and in accordance with § 96.142(a) and (b), for the control periods in 2009, 2010, 2011, 2012, 2013, and 2014.

(b) (1) By October 31, 2009 and October 31 of each year thereafter, the permitting authority will submit to the Administrator the CAIR NO\textsubscript{X} allowance allocations, in a format prescribed by the Administrator and in accordance with § 96.142(a) and (b), for the control period in the sixth year after the year of the applicable deadline for submission under this paragraph.

(2) If the permitting authority fails to submit to the Administrator the CAIR NO\textsubscript{X} allowance allocations in accordance with paragraph (b)(1), the Administrator will assume that the allocations of CAIR NO\textsubscript{X} allowances for the applicable control period are the same as for the control period that immediately precedes the applicable control period, except that, if the applicable control period is in 2015, the Administrator will assume that the allocations equal 83 percent of the allocations for the control period that immediately precedes the applicable control period.

(c) (1) By October 31, 2009 and October 31 of each year thereafter, the permitting authority will submit to the Administrator the CAIR NO\textsubscript{X} allowance allocations, in a format prescribed by the Administrator and in accordance with § 96.142(a),(c), and (d), for the control period in the year of the applicable deadline for submission under this paragraph.

(2) If the permitting authority fails to submit to the Administrator the CAIR NO\textsubscript{X} allowance allocations in accordance with paragraph (c)(1) of this section, the Administrator will assume that the allocations of CAIR NO\textsubscript{X} allowances for the applicable control period are the same as for the control period that immediately precedes the applicable control period, except that, if the applicable control period is in 2015, the Administrator will assume that the allocations equal 83 percent of the allocations for the control period that immediately precedes the applicable control period and except that any CAIR NO\textsubscript{X} unit that would otherwise be allocated CAIR NO\textsubscript{X} allowances under § 96.142(a) and (b), as well as under § 96.142(a), (c), and (d), for the applicable control period will be assumed to be allocated no CAIR NO\textsubscript{X} allowances under § 96.142(a), (c), and (d) for the applicable control period.

§ 96.142 CAIR NO\textsubscript{X} allowance allocations.

(a) (1) The baseline heat input (in mmBtu) used with respect to CAIR NO\textsubscript{X} allowance allocations under paragraph (b) of this section for each CAIR NO\textsubscript{X} unit will be:

(i) 

For units commencing operation before January 1, 2001 the average of the 3 highest amounts of the unit’s adjusted control period heat input for 2000 through 2004, with the adjusted control period heat input for each year calculated as follows:

(A) If the unit is coal-fired during the year, the unit’s control period heat input for such year is multiplied by 100 percent;

(B) If the unit is oil-fired during the year, the unit’s control period heat input for such year is multiplied by 60 percent; and

(C) If the unit is not subject to paragraph (a)(1)(i)(A) or (B) of this section, the unit’s control period heat input for such year is multiplied by 40 percent.
(ii) For units commencing operation on or after January 1, 2001 and operating each calendar year during a period of 5 or more consecutive calendar years, the average of the 3 highest amounts of the unit's total converted control period heat input over the first such 5 years.

(2) (i) A unit's control period heat input, and a unit's status as coal-fired or oil-fired, for a calendar year under paragraph (a)(1)(i) of this section, and a unit's total tons of NO\textsubscript{X} emissions during a calendar year under paragraph (c)(3) of this section, will be determined in accordance with part 75 of this chapter, to the extent the unit was otherwise subject to the requirements of part 75 of this chapter for the year, or will be based on the best available data reported to the permitting authority for the unit, to the extent the unit was not otherwise subject to the requirements of part 75 of this chapter for the year.

(ii) A unit's converted control period heat input for a calendar year specified under paragraph (a)(1)(ii) of this section equals:

(A) Except as provided in paragraph (a)(2)(ii)(B) or (C) of this section, the control period gross electrical output of the generator or generators served by the unit multiplied by 7,900 Btu/kWh, if the unit is coal-fired for the year, or 6,675 Btu/kWh, if the unit is not coal-fired for the year, and divided by 1,000,000 Btu/mmBtu, provided that if a generator is served by 2 or more units, then the gross electrical output of the generator will be attributed to each unit in proportion to the unit's share of the total control period heat input of such units for the year;

(B) For a unit that is a boiler and has equipment used to produce electricity and useful thermal energy for industrial, commercial, heating, or cooling purposes through the sequential use of energy, the total heat energy (in Btu) of the steam produced by the boiler during the control period, divided by 0.8 and by 1,000,000 Btu/mmBtu; or

(C) For a unit that is a combustion turbine and has equipment used to produce electricity and useful thermal energy for industrial, commercial, heating, or cooling purposes through the sequential use of energy, the control period gross electrical output of the enclosed device comprising the compressor, combustor, and turbine multiplied by 3,414 Btu/kWh, plus the total heat energy (in Btu) of the steam produced by any associated heat recovery steam generator during the control period divided by 0.8, and with the sum divided by 1,000,000 Btu/mmBtu.

(b) (1) For each control period in 2009 and thereafter, the permitting authority will allocate to all CAIR NO\textsubscript{X} units in the State that have a baseline heat input (as determined under paragraph (a) of this section) a total amount of CAIR NO\textsubscript{X} allowances equal to 95 percent for a control period during 2009 through 2014, and 97 percent for a control period during 2015 and thereafter, of the tons of NO\textsubscript{X} emissions in the State trading budget under § 96.140 (except as provided in paragraph (d) of this section).

(2) The permitting authority will allocate CAIR NO\textsubscript{X} allowances to each CAIR NO\textsubscript{X} unit under paragraph (b)(1) of this section in an amount determined by multiplying the total amount of CAIR NO\textsubscript{X} allowances allocated under paragraph (b)(1) of this section by the ratio of the baseline heat input of such CAIR NO\textsubscript{X} unit to the total amount of baseline heat input of all such CAIR NO\textsubscript{X} units in the State and rounding to the nearest whole allowance as appropriate.
(c) For each control period in 2009 and thereafter, the permitting authority will allocate CAIR \( \text{NO}_x \) allowances to CAIR \( \text{NO}_x \) units in the State that commenced operation on or after January 1, 2001 and do not yet have a baseline heat input (as determined under paragraph (a) of this section), in accordance with the following procedures:

1. The permitting authority will establish a separate new unit set-aside for each control period. Each new unit set-aside will be allocated CAIR \( \text{NO}_x \) allowances equal to 5 percent for a control period in 2009 through 2014, and 3 percent for a control period in 2015 and thereafter, of the amount of tons of \( \text{NO}_x \) emissions in the State trading budget under § 96.140.

2. The CAIR designated representative of such a CAIR \( \text{NO}_x \) unit may submit to the permitting authority a request, in a format specified by the permitting authority, to be allocated CAIR \( \text{NO}_x \) allowances, starting with the later of the control period in 2009 or the first control period after the control period in which the CAIR \( \text{NO}_x \) unit commences commercial operation and until the first control period for which the unit is allocated CAIR \( \text{NO}_x \) allowances under paragraph (b) of this section. The CAIR \( \text{NO}_x \) allowance allocation request must be submitted on or before July 1 of the first control period for which the CAIR \( \text{NO}_x \) allowances are requested and after the date on which the CAIR \( \text{NO}_x \) unit commences commercial operation.

3. In a CAIR \( \text{NO}_x \) allowance allocation request under paragraph (c)(2) of this section, the CAIR designated representative may request for a control period CAIR \( \text{NO}_x \) allowances in an amount not exceeding the CAIR \( \text{NO}_x \) unit's total tons of \( \text{NO}_x \) emissions during the calendar year immediately before such control period.

4. The permitting authority will review each CAIR \( \text{NO}_x \) allowance allocation request under paragraph (c)(2) of this section and will allocate CAIR \( \text{NO}_x \) allowances for each control period pursuant to such request as follows:

   i. The permitting authority will accept an allowance allocation request only if the request meets, or is adjusted by the permitting authority as necessary to meet, the requirements of paragraphs (c)(2) and (3) of this section.

   ii. On or after July 1 of the control period, the permitting authority will determine the sum of the CAIR \( \text{NO}_x \) allowances requested (as adjusted under paragraph (c)(4)(i) of this section) in all allowance allocation requests accepted under paragraph (c)(4)(i) of this section for the control period.

   iii. If the amount of CAIR \( \text{NO}_x \) allowances in the new unit set-aside for the control period is greater than or equal to the sum under paragraph (c)(4)(ii) of this section, then the permitting authority will allocate the amount of CAIR \( \text{NO}_x \) allowances requested (as adjusted under paragraph (c)(4)(i) of this section) to each CAIR \( \text{NO}_x \) unit covered by an allowance allocation request accepted under paragraph (c)(4)(i) of this section.

   iv. If the amount of CAIR \( \text{NO}_x \) allowances in the new unit set-aside for the control period is less than the sum under paragraph (c)(4)(ii) of this section, then the permitting authority will allocate to each CAIR \( \text{NO}_x \) unit covered by an allowance allocation request accepted under paragraph (c)(4)(i) of this section the amount of the CAIR \( \text{NO}_x \) allowances requested (as adjusted under paragraph (c)(4)(i) of this section), multiplied by the amount of CAIR \( \text{NO}_x \) allowances in the new unit set-aside for the
control period, divided by the sum determined under paragraph (c)(4)(ii) of this section, and rounded to the nearest whole allowance as appropriate.

(v) The permitting authority will notify each CAIR designated representative that submitted an allowance allocation request of the amount of CAIR NO\textsubscript{X} allowances (if any) allocated for the control period to the CAIR NO\textsubscript{X} unit covered by the request.

(d) If, after completion of the procedures under paragraph (c)(4) of this section for a control period, any unallocated CAIR NO\textsubscript{X} allowances remain in the new unit set-aside for the control period, the permitting authority will allocate to each CAIR NO\textsubscript{X} unit that was allocated CAIR NO\textsubscript{X} allowances under paragraph (b) of this section an amount of CAIR NO\textsubscript{X} allowances equal to the total amount of such remaining unallocated CAIR NO\textsubscript{X} allowances, multiplied by the unit's allocation under paragraph (b) of this section, divided by 95 percent for a control period during 2009 through 2014, and 97 percent for a control period during 2015 and thereafter, of the amount of tons of NO\textsubscript{X} emissions in the State trading budget under § 96.140, and rounded to the nearest whole allowance as appropriate.

§ 97.143 Compliance supplement pool.

(a) In addition to the CAIR NO\textsubscript{X} allowances allocated under § 96.142, the permitting authority may allocate for the control period in 2009 up to the following amount of CAIR NO\textsubscript{X} allowances to CAIR NO\textsubscript{X} units in the respective State:

(b) For any CAIR NO\textsubscript{x} unit in the State that achieves NO\textsubscript{x} emission reductions in 2007 and 2008 that are not necessary to comply with any State or federal emissions limitation applicable during such years, the CAIR designated representative of the unit may request early reduction credits, and allocation of CAIR NO\textsubscript{x} allowances from the compliance supplement pool under paragraph (a) of this section for such early reduction credits, in accordance with the following:

(1) The owners and operators of such CAIR NO\textsubscript{x} unit shall monitor and report the NO\textsubscript{x} emissions rate and the heat input of the unit in accordance with subpart HH of this part in each control period for which early reduction credit is requested.

(2) The CAIR designated representative of such CAIR NO\textsubscript{x} unit shall submit to the permitting authority by July 1, 2009 a request, in a format specified by the permitting authority, for allocation of an amount of CAIR NO\textsubscript{x} allowances from the compliance supplement pool not exceeding the sum of the amounts (in tons) of the unit's NO\textsubscript{x} emission reductions in 2007 and 2008 that are not necessary to comply with any State or federal emissions limitation applicable during such years, determined in accordance with subpart HH of this part.
(c) For any CAIR NO\textsubscript{x} unit in the State whose compliance with CAIR NO\textsubscript{x} emissions limitation for the control period in 2009 would create an undue risk to the reliability of electricity supply during such control period, the CAIR designated representative of the unit may request the allocation of CAIR NO\textsubscript{x} allowances from the compliance supplement pool under paragraph (a) of this section, in accordance with the following:

1. The CAIR designated representative of such CAIR NO\textsubscript{x} unit shall submit to the permitting authority by July 1, 2009 a request, in a format specified by the permitting authority, for allocation of an amount of CAIR NO\textsubscript{x} allowances from the compliance supplement pool not exceeding the minimum amount of CAIR NO\textsubscript{x} allowances necessary to remove such undue risk to the reliability of electricity supply.

2. In the request under paragraph (c)(1) of this section, the CAIR designated representative of such CAIR NO\textsubscript{x} unit shall demonstrate that, in the absence of allocation to the unit of the amount of CAIR NO\textsubscript{x} allowances requested, the unit’s compliance with CAIR NO\textsubscript{x} emissions limitation for the control period in 2009 would create an undue risk to the reliability of electricity supply during such control period. This demonstration must include a showing that it would not be feasible for the owners and operators of the unit to:
   
   i. Obtain a sufficient amount of electricity from other electricity generation facilities, during the installation of control technology at the unit for compliance with the CAIR NO\textsubscript{x} emissions limitation, to prevent such undue risk; or
   
   ii. Obtain under paragraphs (b) and (d) of this section, or otherwise obtain, a sufficient amount of CAIR NO\textsubscript{x} allowances to prevent such undue risk.

(d) The permitting authority will review each request under paragraph (b) or (c) of this section submitted by July 1, 2009 and will allocate CAIR NO\textsubscript{x} allowances for the control period in 2009 to CAIR NO\textsubscript{x} units in the State and covered by such request as follows:

1. Upon receipt of each such request, the permitting authority will make any necessary adjustments to the request to ensure that the amount of the CAIR NO\textsubscript{x} allowances requested meets the requirements of paragraph (b) or (c) of this section.

2. If the State’s compliance supplement pool under paragraph (a) of this section has an amount of CAIR NO\textsubscript{x} allowances not less than the total amount of CAIR NO\textsubscript{x} allowances in all such requests (as adjusted under paragraph (d)(1) of this section), the permitting authority will allocate to each CAIR NO\textsubscript{x} unit covered by such requests the amount of CAIR NO\textsubscript{x} allowances requested (as adjusted under paragraph (d)(1) of this section).

3. If the State's compliance supplement pool under paragraph (a) of this section has a smaller amount of CAIR NO\textsubscript{x} allowances than the total amount of CAIR NO\textsubscript{x} allowances in all such requests (as adjusted under paragraph (d)(1) of this section), the permitting authority will allocate CAIR NO\textsubscript{x} allowances to each CAIR NO\textsubscript{x} unit covered by such requests according to the following formula and rounding to the nearest whole allowance as appropriate:

\[
\text{Unit's allocation} = \text{Unit's adjusted allocation} \times \left( \frac{\text{State's compliance supplement pool}}{\text{Total adjusted allocations for all units}} \right)
\]

Where:

"Unit's allocation" is the number of CAIR NO\textsubscript{x} allowances allocated to the unit from the State’s compliance supplement pool.
"Unit's adjusted allocation" is the amount of CAIR NO\textsubscript{X} allowances requested for the unit under paragraph (b) or (c) of this section, as adjusted under paragraph (d)(1) of this section.

"State's compliance supplement pool" is the amount of CAIR NO\textsubscript{X} allowances in the State's compliance supplement pool.

"Total adjusted allocations for all units" is the sum of the amounts of allocations requested for all units under paragraph (b) or (c) of this section, as adjusted under paragraph (d)(1) of this section.

(4) By November 30, 2009, the permitting authority will determine, and submit to the Administrator, the allocations under paragraph (d)(2) or (3) of this section.

(5) By January 1, 2010, the Administrator will record the allocations under paragraph (d)(4) of this section.

Subpart FF – CAIR NO\textsubscript{X} Allowance Tracking System

§ 96.150 [Reserved]

§ 96.151 Establishment of accounts.

(a) Compliance accounts. Except as provided in § 96.184(e), upon receipt of a complete certificate of representation under § 96.113, the Administrator will establish a compliance account for the CAIR NO\textsubscript{X} source for which the certificate of representation was submitted unless the source already has a compliance account.

(b) General accounts.

(1) Application for general account.

(i) Any person may apply to open a general account for the purpose of holding and transferring CAIR NO\textsubscript{X} allowances. An application for a general account may designate one and only one CAIR authorized account representative and one and only one alternate CAIR authorized account representative who may act on behalf of the CAIR authorized account representative. The agreement by which the alternate CAIR authorized account representative is selected shall include a procedure for authorizing the alternate CAIR authorized account representative to act in lieu of the CAIR authorized account representative.

(ii) A complete application for a general account shall be submitted to the Administrator and shall include the following elements in a format prescribed by the Administrator:

(A) Name, mailing address, e-mail address (if any), telephone number, and facsimile transmission number (if any) of the CAIR authorized account representative and any alternate CAIR authorized account representative;

(B) Organization name and type of organization, if applicable;

(C) A list of all persons subject to a binding agreement for the CAIR authorized account representative and any alternate CAIR authorized account
representative to represent their ownership interest with respect to the CAIR NO\textsubscript{X} allowances held in the general account;

(D) The following certification statement by the CAIR authorized account representative and any alternate CAIR authorized account representative: “I certify that I was selected as the CAIR authorized account representative or the alternate CAIR authorized account representative, as applicable, by an agreement that is binding on all persons who have an ownership interest with respect to CAIR NO\textsubscript{X} allowances held in the general account. I certify that I have all the necessary authority to carry out my duties and responsibilities under the CAIR NO\textsubscript{X} Annual Trading Program on behalf of such persons and that each such person shall be fully bound by my representations, actions, inactions, or submissions and by any order or decision issued to me by the Administrator or a court regarding the general account.”

(E) The signature of the CAIR authorized account representative and any alternate CAIR authorized account representative and the dates signed.

(iii) Unless otherwise required by the permitting authority or the Administrator, documents of agreement referred to in the application for a general account shall not be submitted to the permitting authority or the Administrator. Neither the permitting authority nor the Administrator shall be under any obligation to review or evaluate the sufficiency of such documents, if submitted.

(2) Authorization of CAIR authorized account representative.

(i) Upon receipt by the Administrator of a complete application for a general account under paragraph (b)(1) of this section:

(A) The Administrator will establish a general account for the person or persons for whom the application is submitted.

(B) The CAIR authorized account representative and any alternate CAIR authorized account representative for the general account shall represent and, by his or her representations, actions, inactions, or submissions, legally bind each person who has an ownership interest with respect to CAIR NO\textsubscript{X} allowances held in the general account in all matters pertaining to the CAIR NO\textsubscript{X} Annual Trading Program, notwithstanding any agreement between the CAIR authorized account representative or any alternate CAIR authorized account representative and such person. Any such person shall be bound by any order or decision issued to the CAIR authorized account representative or any alternate CAIR authorized account representative by the Administrator or a court regarding the general account.

(C) Any representation, action, inaction, or submission by any alternate CAIR authorized account representative shall be deemed to be a representation, action, inaction, or submission by the CAIR authorized account representative.

(ii) Each submission concerning the general account shall be submitted, signed, and certified by the CAIR authorized account representative or any alternate CAIR authorized account representative for the persons having an ownership interest
with respect to CAIR NO\textsubscript{x} allowances held in the general account. Each such submission shall include the following certification statement by the CAIR authorized account representative or any alternate CAIR authorized account representative: “I am authorized to make this submission on behalf of the persons having an ownership interest with respect to the CAIR NO\textsubscript{x} allowances held in the general account. I certify under penalty of law that I have personally examined, and am familiar with, the statements and information submitted in this document and all its attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false statements and information or omitting required statements and information, including the possibility of fine or imprisonment.”

(iii) The Administrator will accept or act on a submission concerning the general account only if the submission has been made, signed, and certified in accordance with paragraph (b)(2)(ii) of this section.

(3) Changing CAIR authorized account representative and alternate CAIR authorized account representative; changes in persons with ownership interest.

(i) The CAIR authorized account representative for a general account may be changed at any time upon receipt by the Administrator of a superseding complete application for a general account under paragraph (b)(1) of this section. Notwithstanding any such change, all representations, actions, inactions, and submissions by the previous CAIR authorized account representative before the time and date when the Administrator receives the superseding application for a general account shall be binding on the new CAIR authorized account representative and the persons with an ownership interest with respect to the CAIR NO\textsubscript{x} allowances in the general account.

(ii) The alternate CAIR authorized account representative for a general account may be changed at any time upon receipt by the Administrator of a superseding complete application for a general account under paragraph (b)(1) of this section. Notwithstanding any such change, all representations, actions, inactions, and submissions by the previous alternate CAIR authorized account representative before the time and date when the Administrator receives the superseding application for a general account shall be binding on the new alternate CAIR authorized account representative and the persons with an ownership interest with respect to the CAIR NO\textsubscript{x} allowances in the general account.

(iii) (A) In the event a new person having an ownership interest with respect to CAIR NO\textsubscript{x} allowances in the general account is not included in the list of such persons in the application for a general account, such new person shall be deemed to be subject to and bound by the application for a general account, the representation, actions, inactions, and submissions of the CAIR authorized account representative and any alternate CAIR authorized account representative of the account, and the decisions and orders of the Administrator or a court, as if the new person were included in such list.

(B) Within 30 days following any change in the persons having an ownership interest with respect to CAIR NO\textsubscript{x} allowances in the general account, including
the addition of persons, the CAIR authorized account representative or any alternate CAIR authorized account representative shall submit a revision to the application for a general account amending the list of persons having an ownership interest with respect to the CAIR NO\textsubscript{X} allowances in the general account to include the change.

(4) Objections concerning CAIR authorized account representative.

(i) Once a complete application for a general account under paragraph (b)(1) of this section has been submitted and received, the Administrator will rely on the application unless and until a superseding complete application for a general account under paragraph (b)(1) of this section is received by the Administrator.

(ii) Except as provided in paragraph (b)(3)(i) or (ii) of this section, no objection or other communication submitted to the Administrator concerning the authorization, or any representation, action, inaction, or submission of the CAIR authorized account representative or any alternative CAIR authorized account representative for a general account shall affect any representation, action, inaction, or submission of the CAIR authorized account representative or any alternative CAIR authorized account representative or the finality of any decision or order by the Administrator under the CAIR NO\textsubscript{X} Annual Trading Program.

(iii) The Administrator will not adjudicate any private legal dispute concerning the authorization or any representation, action, inaction, or submission of the CAIR authorized account representative or any alternative CAIR authorized account representative for a general account, including private legal disputes concerning the proceeds of CAIR NO\textsubscript{X} allowance transfers.

(c) Account identification. The Administrator will assign a unique identifying number to each account established under paragraph (a) or (b) of this section.

§ 96.152 Responsibilities of CAIR authorized account representative.

Following the establishment of a CAIR NO\textsubscript{X} Allowance Tracking System account, all submissions to the Administrator pertaining to the account, including, but not limited to, submissions concerning the deduction or transfer of CAIR NO\textsubscript{X} allowances in the account, shall be made only by the CAIR authorized account representative for the account.

§ 96.153 Recordation of CAIR NO\textsubscript{X} allowance allocations.

(a) The Administrator will record in the CAIR NO\textsubscript{X} source’s compliance account the CAIR NO\textsubscript{X} allowances allocated for the CAIR NO\textsubscript{X} units at a source, as submitted by the permitting authority in accordance with § 96.141(a), for the control periods in 2009, 2010, 2011, 2012, 2013, and 2014.

(b) By December 1, 2009, the Administrator will record in the CAIR NO\textsubscript{X} source’s compliance account the CAIR NO\textsubscript{X} allowances allocated for the CAIR NO\textsubscript{X} units at the source, as submitted by the permitting authority or as determined by the Administrator in accordance with § 96.141(b), for the control period in 2015.

(c) In 2011 and each year thereafter, after the Administrator has made all deductions (if any) from a CAIR NO\textsubscript{X} source’s compliance account under § 96.154, the Administrator will record in the
CAIR NO\textsubscript{x} source’s compliance account the CAIR NO\textsubscript{x} allowances allocated for the CAIR NO\textsubscript{x} units at the source, as submitted by the permitting authority or determined by the Administrator in accordance with § 96.141(b), for the control period in the sixth year after the year of the control period for which such deductions were or could have been made.

(d) By December 1, 2009 and December 1 of each year thereafter, the Administrator will record in the CAIR NO\textsubscript{x} source’s compliance account the CAIR NO\textsubscript{x} allowances allocated for the CAIR NO\textsubscript{x} units at the source, as submitted by the permitting authority or determined by the Administrator in accordance with § 96.141(c), for the control period in the year of the applicable deadline for recordation under this paragraph.

(e) Serial numbers for allocated CAIR NO\textsubscript{x} allowances. When recording the allocation of CAIR NO\textsubscript{x} allowances for a CAIR NO\textsubscript{x} unit in a compliance account, the Administrator will assign each CAIR NO\textsubscript{x} allowance a unique identification number that will include digits identifying the year of the control period for which the CAIR NO\textsubscript{x} allowance is allocated.

§ 96.154 Compliance with CAIR NO\textsubscript{x} emissions limitation.

(a) Allowance transfer deadline. The CAIR NO\textsubscript{x} allowances are available to be deducted for compliance with a source’s CAIR NO\textsubscript{x} emissions limitation for a control period in a given calendar year only if the CAIR NO\textsubscript{x} allowances:

(1) Were allocated for the control period in the year or a prior year;

(2) Are held in the compliance account as of the allowance transfer deadline for the control period or are transferred into the compliance account by a CAIR NO\textsubscript{x} allowance transfer correctly submitted for recordation under § 96.160 by the allowance transfer deadline for the control period; and

(3) Are not necessary for deductions for excess emissions for a prior control period under paragraph (d) of this section.

(b) Deductions for compliance. Following the recordation, in accordance with § 96.161, of CAIR NO\textsubscript{x} allowance transfers submitted for recordation in a source’s compliance account by the allowance transfer deadline for a control period, the Administrator will deduct from the compliance account CAIR NO\textsubscript{x} allowances available under paragraph (a) of this section in order to determine whether the source meets the CAIR NO\textsubscript{x} emissions limitation for the control period, as follows:

(1) Until the amount of CAIR NO\textsubscript{x} allowances deducted equals the number of tons of total nitrogen oxides emissions, determined in accordance with subpart HH of this part, from all CAIR NO\textsubscript{x} units at the source for the control period; or

(2) If there are insufficient CAIR NO\textsubscript{x} allowances to complete the deductions in paragraph (b)(1) of this section, until no more CAIR NO\textsubscript{x} allowances available under paragraph (a) of this section remain in the compliance account.

(c) Identification of CAIR NO\textsubscript{x} allowances by serial number. The CAIR authorized account representative for a source’s compliance account may request that specific CAIR NO\textsubscript{x} allowances, identified by serial number, in the compliance account be deducted for emissions or excess emissions for a control period in accordance with paragraph (b) or (d) of this section. Such request shall be submitted to the Administrator by the allowance transfer deadline for the control period and include, in a format prescribed by
the Administrator, the identification of the CAIR NO\textsubscript{X} source and the appropriate serial numbers.

(2) First-in, first-out. The Administrator will deduct CAIR NO\textsubscript{X} allowances under paragraph (b) or (d) of this section from the source’s compliance account, in the absence of an identification or in the case of a partial identification of CAIR NO\textsubscript{X} allowances by serial number under paragraph (c)(1) of this section, on a first-in, first-out (FIFO) accounting basis in the following order:

(i) Any CAIR NO\textsubscript{X} allowances that were allocated to the units at the source, in the order of recordation; and then

(ii) Any CAIR NO\textsubscript{X} allowances that were allocated to any entity and transferred and recorded in the compliance account pursuant to subpart GG of this part, in the order of recordation.

(d) Deductions for excess emissions.

(1) After making the deductions for compliance under paragraph (b) of this section for a control period in a calendar year in which the CAIR NO\textsubscript{X} source has excess emissions, the Administrator will deduct from the source’s compliance account an amount of CAIR NO\textsubscript{X} allowances, allocated for the control period in the immediately following calendar year, equal to 3 times the number of tons of the source’s excess emissions.

(2) Any allowance deduction required under paragraph (d)(1) of this section shall not affect the liability of the owners and operators of the CAIR NO\textsubscript{X} source or the CAIR NO\textsubscript{X} units at the source for any fine, penalty, or assessment, or their obligation to comply with any other remedy, for the same violations, as ordered under the Clean Air Act or applicable State law.

(e) Recordation of deductions. The Administrator will record in the appropriate compliance account all deductions from such an account under paragraph (b) or (d) of this section.

(f) Administrator’s action on submissions.

(1) The Administrator may review and conduct independent audits concerning any submission under the CAIR NO\textsubscript{X} Annual Trading Program and make appropriate adjustments of the information in the submissions.

(2) The Administrator may deduct CAIR NO\textsubscript{X} allowances from or transfer CAIR NO\textsubscript{X} allowances to a source’s compliance account based on the information in the submissions, as adjusted under paragraph (f)(1) of this section.

§ 96.155 Banking.

(a) CAIR NO\textsubscript{X} allowances may be banked for future use or transfer in a compliance account or a general account in accordance with paragraph (b) of this section.

(b) Any CAIR NO\textsubscript{X} allowance that is held in a compliance account or a general account will remain in such account unless and until the CAIR NO\textsubscript{X} allowance is deducted or transferred under § 96.154, § 96.156, or subpart GG of this part.

§ 96.156 Account error.
The Administrator may, at his or her sole discretion and on his or her own motion, correct any error in any CAIR NOₓ Allowance Tracking System account. Within 10 business days of making such correction, the Administrator will notify the CAIR authorized account representative for the account.

§ 96.157 Closing of general accounts.

(a) The CAIR authorized account representative of a general account may submit to the Administrator a request to close the account, which shall include a correctly submitted allowance transfer under § 96.160 for any CAIR NOₓ allowances in the account to one or more other CAIR NOₓ Allowance Tracking System accounts.

(b) If a general account has no allowance transfers in or out of the account for a 12-month period or longer and does not contain any CAIR NOₓ allowances, the Administrator may notify the CAIR authorized account representative for the account that the account will be closed following 20 business days after the notice is sent. The account will be closed after the 20-day period unless, before the end of the 20-day period, the Administrator receives a correctly submitted transfer of CAIR NOₓ allowances into the account under § 96.160 or a statement submitted by the CAIR authorized account representative demonstrating to the satisfaction of the Administrator good cause as to why the account should not be closed.

Subpart GG – CAIR NOₓ Allowance Transfers

§ 96.160 Submission of CAIR NOₓ allowance transfers.

A CAIR authorized account representative seeking recordation of a CAIR NOₓ allowance transfer shall submit the transfer to the Administrator. To be considered correctly submitted, the CAIR NOₓ allowance transfer shall include the following elements, in a format specified by the Administrator:

(a) The account numbers for both the transferor and transferee accounts;

(b) The serial number of each CAIR NOₓ allowance that is in the transferor account and is to be transferred; and

(c) The name and signature of the CAIR authorized account representative of the transferor account and the date signed.

§ 96.161 EPA recordation.

(a) Within 5 business days (except as provided in paragraph (b) of this section) of receiving a CAIR NOₓ allowance transfer, the Administrator will record a CAIR NOₓ allowance transfer by moving each CAIR NOₓ allowance from the transferor account to the transferee account as specified by the request, provided that:

(1) The transfer is correctly submitted under § 96.160; and

(2) The transferor account includes each CAIR NOₓ allowance identified by serial number in the transfer.

(b) A CAIR NOₓ allowance transfer that is submitted for recordation after the allowance transfer deadline for a control period and that includes any CAIR NOₓ allowances allocated for any control period before such allowance transfer deadline will not be recorded until after the Administrator completes the deductions under § 96.154 for the control period immediately before such allowance transfer deadline.
(c) Where a CAIR NOₓ allowance transfer submitted for recordation fails to meet the requirements of paragraph (a) of this section, the Administrator will not record such transfer.

§ 96.162 Notification.

(a) Notification of recordation. Within 5 business days of recordation of a CAIR NOₓ allowance transfer under § 96.161, the Administrator will notify the CAIR authorized account representatives of both the transferor and transferee accounts.

(b) Notification of non-recordation. Within 10 business days of receipt of a CAIR NOₓ allowance transfer that fails to meet the requirements of § 96.161(a), the Administrator will notify the CAIR authorized account representatives of both accounts subject to the transfer of:

(1) A decision not to record the transfer, and

(2) The reasons for such non-recordation.

(c) Nothing in this section shall preclude the submission of a CAIR NOₓ allowance transfer for recordation following notification of non-recordation.

Subpart HH – Monitoring and Reporting

§ 96.170 General Requirements.

The owners and operators, and to the extent applicable, the CAIR designated representative, of a CAIR NOₓ unit, shall comply with the monitoring, recordkeeping, and reporting requirements as provided in this subpart and in subpart H of part 75 of this chapter. For purposes of complying with such requirements, the definitions in § 96.102 and in § 72.2 of this chapter shall apply, and the terms “affected unit,” “designated representative,” and “continuous emission monitoring system” (or “CEMS”) in part 75 of this chapter shall be deemed to refer to the terms “CAIR NOₓ unit,” “CAIR designated representative,” and “continuous emission monitoring system” (or “CEMS”) respectively, as defined in § 96.102. The owner or operator of a unit that is not a CAIR NOₓ unit but that is monitored under § 75.72(b)(2)(ii) of this chapter shall comply with the same monitoring, recordkeeping, and reporting requirements as a CAIR NOₓ unit.

(a) Requirements for installation, certification, and data accounting. The owner or operator of each CAIR NOₓ unit shall:

(1) Install all monitoring systems required under this subpart for monitoring NOₓ mass emissions and individual unit heat input (including all systems required to monitor NOₓ emission rate, NOₓ concentration, stack gas moisture content, stack gas flow rate, CO₂ or O₂ concentration, and fuel flow rate, as applicable, in accordance with §§ 75.71 and 75.72 of this chapter);

(2) Successfully complete all certification tests required under § 96.171 and meet all other requirements of this subpart and part 75 of this chapter applicable to the monitoring systems under paragraph (a)(1) of this section; and

(3) Record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section.
(b) Compliance deadlines. The owner or operator shall meet the monitoring system certification and other requirements of paragraphs (a)(1) and (2) of this section on or before the following dates. The owner or operator shall record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section on and after the following dates.

1. For the owner or operator of a CAIR NO\textsubscript{X} unit that commences commercial operation before July 1, 2007, by January 1, 2008.

2. For the owner or operator of a CAIR NO\textsubscript{X} unit that commences commercial operation on or after July 1, 2007, by the later of the following dates:
   (i) January 1, 2008; or
   (ii) 90 unit operating days or 180 calendar days, whichever occurs first, after the date on which the unit commences commercial operation.

3. For the owner or operator of a CAIR NO\textsubscript{X} unit for which construction of a new stack or flue or installation of add-on NO\textsubscript{X} emission controls is completed after the applicable deadline under paragraph (b)(1), (2), (4), or (5) of this section, by 90 unit operating days or 180 calendar days, whichever occurs first, after the date on which emissions first exit to the atmosphere through the new stack or flue or add-on NO\textsubscript{X} emissions controls.

4. Notwithstanding the dates in paragraphs (b)(1) and (2) of this section, for the owner or operator of a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart II of this part, by the date specified in § 96.184(b).

5. Notwithstanding the dates in paragraphs (b)(1), (2), and (4) of this section and solely for purposes of § 96.106(c)(2), for the owner or operator of a CAIR NO\textsubscript{X} opt-in unit under subpart II of this part, by the date on which the CAIR NO\textsubscript{X} opt-in unit enters the CAIR NO\textsubscript{X} Annual Trading Program as provided in § 96.184(g).

(c) Reporting data.

1. Except as provided in paragraph (c)(2) of this section, the owner or operator of a CAIR NO\textsubscript{X} unit that does not meet the applicable compliance date set forth in paragraph (b) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report maximum potential (or, as appropriate, minimum potential) values for NO\textsubscript{X} concentration, NO\textsubscript{X} emission rate, stack gas flow rate, stack gas moisture content, fuel flow rate, and any other parameters required to determine NO\textsubscript{X} mass emissions and heat input in accordance with § 75.31(b)(2) or (c)(3) of this chapter, section 2.4 of appendix D to part 75 of this chapter, or section 2.5 of appendix E to part 75 of this chapter, as applicable.

2. The owner or operator of a CAIR NO\textsubscript{X} unit that does not meet the applicable compliance date set forth in paragraph (b)(3) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report substitute data using the applicable missing data procedures in subpart D or subpart H of, or appendix D or appendix E to, part 75 of this chapter, in lieu of the maximum potential (or, as appropriate, minimum potential) values, for a parameter if the owner or operator demonstrates that there is continuity between the data streams for that parameter before and after the construction or installation under paragraph (b)(3) of this section.
(d) Prohibitions

(1) No owner or operator of a CAIR NO\textsubscript{X} unit shall use any alternative monitoring system, alternative reference method, or any other alternative to any requirement of this subpart without having obtained prior written approval in accordance with § 96.175.

(2) No owner or operator of a CAIR NO\textsubscript{X} unit shall operate the unit so as to discharge, or allow to be discharged, NO\textsubscript{X} emissions to the atmosphere without accounting for all such emissions in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(3) No owner or operator of a CAIR NO\textsubscript{X} unit shall disrupt the continuous emission monitoring system, any portion thereof, or any other approved emission monitoring method, and thereby avoid monitoring and recording NO\textsubscript{X} mass emissions discharged into the atmosphere, except periods of recertification or periods when calibration, quality assurance testing, or maintenance is performed in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(4) No owner or operator of a CAIR NO\textsubscript{X} unit shall retire or permanently discontinue use of the emission monitoring system, any component thereof, or any other approved monitoring system under this subpart, except under any one of the following circumstances:

(i) During the period that the unit is covered by an exemption under § 96.105 that is in effect;

(ii) The owner or operator is monitoring emissions from the unit with another certified monitoring system approved, in accordance with the applicable provisions of this subpart and part 75 of this chapter, by the permitting authority for use at that unit that provides emission data for the same pollutant or parameter as the retired or discontinued monitoring system; or

(iii) The CAIR designated representative submits notification of the date of certification testing of a replacement monitoring system for the retired or discontinued monitoring system in accordance with § 96.171(d)(3)(i).

§ 96.171 Initial certification and recertification procedures.

(a) The owner or operator of a CAIR NO\textsubscript{X} unit shall be exempt from the initial certification requirements of this section for a monitoring system under § 96.170(a)(1) if the following conditions are met:

(1) The monitoring system has been previously certified in accordance with part 75 of this chapter; and

(2) The applicable quality-assurance and quality-control requirements of § 75.21 of this chapter and appendix B, appendix D, and appendix E to part 75 of this chapter are fully met for the certified monitoring system described in paragraph (a)(1) of this section.

(b) The recertification provisions of this section shall apply to a monitoring system under § 96.170(a)(1) exempt from initial certification requirements under paragraph (a) of this section.

(c) If the Administrator has previously approved a petition under § 75.17(a) or (b) of this chapter for apportioning the NO\textsubscript{X} emission rate measured in a common stack or a petition under § 75.66
of this chapter for an alternative to a requirement in § 75.12, § 75.17, or subpart H of part 75 of this chapter, the CAIR designated representative shall resubmit the petition to the Administrator under § 96.175(a) to determine whether the approval applies under the CAIR NO\textsubscript{X} Annual Trading Program.

(d) Except as provided in paragraph (a) of this section, the owner or operator of a CAIR NO\textsubscript{X} unit shall comply with the following initial certification and recertification procedures for a continuous monitoring system (i.e., a continuous emission monitoring system and an excepted monitoring system under appendices D and E to part 75 of this chapter) under § 96.170(a)(1). The owner or operator of a unit that qualifies to use the low mass emissions excepted monitoring methodology under § 75.19 of this chapter or that qualifies to use an alternative monitoring system under subpart E of part 75 of this chapter shall comply with the procedures in paragraph (e) or (f) of this section respectively.

(1) Requirements for initial certification. The owner or operator shall ensure that each continuous monitoring system under § 96.170(a)(1) (including the automated data acquisition and handling system) successfully completes all of the initial certification testing required under § 75.20 of this chapter by the applicable deadline in § 96.170(b). In addition, whenever the owner or operator installs a monitoring system to meet the requirements of this subpart in a location where no such monitoring system was previously installed, initial certification in accordance with § 75.20 of this chapter is required.

(2) Requirements for recertification. Whenever the owner or operator makes a replacement, modification, or change in any certified continuous emission monitoring system under § 96.170(a)(1) that may significantly affect the ability of the system to accurately measure or record NO\textsubscript{X} mass emissions or heat input rate or to meet the quality-assurance and quality-control requirements of § 75.21 of this chapter or appendix B to part 75 of this chapter, the owner or operator shall recertify the monitoring system in accordance with § 75.20(b) of this chapter. Furthermore, whenever the owner or operator makes a replacement, modification, or change to the flue gas handling system or the unit’s operation that may significantly change the stack flow or concentration profile, the owner or operator shall recertify each continuous emission monitoring system whose accuracy is potentially affected by the change, in accordance with § 75.20(b) of this chapter. Examples of changes to a continuous emission monitoring system that require recertification include replacement of the analyzer, complete replacement of an existing continuous emission monitoring system, or change in location or orientation of the sampling probe or site. Any fuel flowmeter system, and any excepted NO\textsubscript{X} monitoring system under appendix E to part 75 of this chapter, under § 96.170(a)(1) are subject to the recertification requirements in § 75.20(g)(6) of this chapter.

(3) Approval process for initial certification and recertification. Paragraphs (d)(3)(i) through (iv) of this section apply to both initial certification and recertification of a continuous monitoring system under § 96.170(a)(1). For recertifications, replace the words “certification” and “initial certification” with the word “recertification”, replace the word “certified” with the word “recertified,” and follow the procedures in §§ 75.20(b)(5) and (g)(7) of this chapter in lieu of the procedures in paragraph (d)(3)(v) of this section.

(i) Notification of certification. The CAIR designated representative shall submit to the permitting authority, the appropriate EPA Regional Office, and the Administrator written notice of the dates of certification testing, in accordance with § 96.173.

(ii) Certification application. The CAIR designated representative shall submit to the permitting authority a certification application for each monitoring system. A
complete certification application shall include the information specified in § 75.63 of this chapter.

(iii) Provisional certification date. The provisional certification date for a monitoring system shall be determined in accordance with § 75.20(a)(3) of this chapter. A provisionally certified monitoring system may be used under the CAIR NO\textsubscript{X} Annual Trading Program for a period not to exceed 120 days after receipt by the permitting authority of the complete certification application for the monitoring system under paragraph (d)(3)(ii) of this section. Data measured and recorded by the provisionally certified monitoring system, in accordance with the requirements of part 75 of this chapter, will be considered valid quality-assured data (retroactive to the date and time of provisional certification), provided that the permitting authority does not invalidate the provisional certification by issuing a notice of disapproval within 120 days of the date of receipt of the complete certification application by the permitting authority.

(iv) Certification application approval process. The permitting authority will issue a written notice of approval or disapproval of the certification application to the owner or operator within 120 days of receipt of the complete certification application under paragraph (d)(3)(ii) of this section. In the event the permitting authority does not issue such a notice within such 120-day period, each monitoring system that meets the applicable performance requirements of part 75 of this chapter and is included in the certification application will be deemed certified for use under the CAIR NO\textsubscript{X} Annual Trading Program.

(A) Approval notice. If the certification application is complete and shows that each monitoring system meets the applicable performance requirements of part 75 of this chapter, then the permitting authority will issue a written notice of approval of the certification application within 120 days of receipt.

(B) Incomplete application notice. If the certification application is not complete, then the permitting authority will issue a written notice of incompleteness that sets a reasonable date by which the CAIR designated representative must submit the additional information required to complete the certification application. If the CAIR designated representative does not comply with the notice of incompleteness by the specified date, then the permitting authority may issue a notice of disapproval under paragraph (d)(3)(iv)(C) of this section. The 120-day review period shall not begin before receipt of a complete certification application.

(C) Disapproval notice. If the certification application shows that any monitoring system does not meet the performance requirements of part 75 of this chapter or if the certification application is incomplete and the requirement for disapproval under paragraph (d)(3)(iv)(B) of this section is met, then the permitting authority will issue a written notice of disapproval of the certification application. Upon issuance of such notice of disapproval, the provisional certification is invalidated by the permitting authority and the data measured and recorded by each uncertified monitoring system shall not be considered valid quality-assured data beginning with the date and hour of provisional certification (as defined under § 75.20(a)(3) of this chapter). The owner or operator shall follow the procedures for loss of certification in paragraph (d)(3)(v) of this section for each monitoring system that is disapproved for initial certification.
(D) Audit decertification. The permitting authority or, for a CAIR NOₓ opt-in unit or a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart II of this part, the Administrator may issue a notice of disapproval of the certification status of a monitor in accordance with § 96.172(b).

(v) Procedures for loss of certification. If the permitting authority or the Administrator issues a notice of disapproval of a certification application under paragraph (d)(3)(iv)(C) of this section or a notice of disapproval of certification status under paragraph (d)(3)(iv)(D) of this section, then:

(A) The owner or operator shall substitute the following values, for each disapproved monitoring system, for each hour of unit operation during the period of invalid data specified under § 75.20(a)(4)(iii), § 75.20(g)(7), or § 75.21(e) of this chapter and continuing until the applicable date and hour specified under § 75.20(a)(5)(i) or (g)(7) of this chapter:

(1) For a disapproved NOₓ emission rate (i.e., NOₓ-diluent) system, the maximum potential NOₓ emission rate, as defined in § 72.2 of this chapter.

(2) For a disapproved NOₓ pollutant concentration monitor and disapproved flow monitor, respectively, the maximum potential concentration of NOₓ and the maximum potential flow rate, as defined in sections 2.1.2.1 and 2.1.4.1 of appendix A to part 75 of this chapter.

(3) For a disapproved moisture monitoring system and disapproved diluent gas monitoring system, respectively, the minimum potential moisture percentage and either the maximum potential CO2 concentration or the minimum potential O2 concentration (as applicable), as defined in sections 2.1.5, 2.1.3.1, and 2.1.3.2 of appendix A to part 75 of this chapter.

(4) For a disapproved fuel flowmeter system, the maximum potential fuel flow rate, as defined in section 2.4.2.1 of appendix D to part 75 of this chapter.

(5) For a disapproved excepted NOₓ monitoring system under appendix E to part 75 of this chapter, the fuel-specific maximum potential NOₓ emission rate, as defined in § 72.2 of this chapter.

(B) The CAIR designated representative shall submit a notification of certification retest dates and a new certification application in accordance with paragraphs (d)(3)(i) and (ii) of this section.

(C) The owner or operator shall repeat all certification tests or other requirements that were failed by the monitoring system, as indicated in the permitting authority’s or the Administrator’s notice of disapproval, no later than 30 unit operating days after the date of issuance of the notice of disapproval.

(e) Initial certification and recertification procedures for units using the low mass emission excepted methodology under § 75.19 of this chapter. The owner or operator of a unit qualified to use the low mass emissions (LME) excepted methodology under § 75.19 of this chapter shall meet the
applicable certification and recertification requirements in §§ 75.19(a)(2) and 75.20(h) of this chapter. If the owner or operator of such a unit elects to certify a fuel flowmeter system for heat input determination, the owner or operator shall also meet the certification and recertification requirements in § 75.20(g) of this chapter.

(f) Certification/recertification procedures for alternative monitoring systems. The CAIR designated representative of each unit for which the owner or operator intends to use an alternative monitoring system approved by the Administrator and, if applicable, the permitting authority under subpart E of part 75 of this chapter shall comply with the applicable notification and application procedures of § 75.20(f) of this chapter.

§ 96.172 Out of control periods.

(a) Whenever any monitoring system fails to meet the quality-assurance and quality-control requirements or data validation requirements of part 75 of this chapter, data shall be substituted using the applicable missing data procedures in subpart D or subpart H of, or appendix D or appendix E to, part 75 of this chapter.

(b) Audit decertification. Whenever both an audit of a monitoring system and a review of the initial certification or recertification application reveal that any monitoring system should not have been certified or recertified because it did not meet a particular performance specification or other requirement under § 96.171 or the applicable provisions of part 75 of this chapter, both at the time of the initial certification or recertification application submission and at the time of the audit, the permitting authority or, for a CAIR NO\(_X\) opt-in unit or a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart II of this part, the Administrator will issue a notice of disapproval of the certification status of such monitoring system. For the purposes of this paragraph, an audit shall be either a field audit or an audit of any information submitted to the permitting authority or the Administrator. By issuing the notice of disapproval, the permitting authority or the Administrator revokes prospectively the certification status of the monitoring system. The data measured and recorded by the monitoring system shall not be considered valid quality-assured data from the date of issuance of the notice of the revoked certification status until the date and time that the owner or operator completes subsequently approved initial certification or recertification tests for the monitoring system. The owner or operator shall follow the applicable initial certification or recertification procedures in § 96.171 for each disapproved monitoring system.

§ 96.173 Notifications.

The CAIR designated representative for a CAIR NO\(_X\) unit shall submit written notice to the permitting authority and the Administrator in accordance with § 75.61 of this chapter, except that if the unit is not subject to an Acid Rain emissions limitation, the notification is only required to be sent to the permitting authority.

§ 96.174 Recordkeeping and reporting.

(a) General provisions. The CAIR designated representative shall comply with all recordkeeping and reporting requirements in this section, the applicable recordkeeping and reporting requirements under § 75.73 of this chapter, and the requirements of § 96.110(e)(1).

(b) Monitoring Plans. The owner or operator of a CAIR NO\(_X\) unit shall comply with requirements of § 75.73(c) and (e) of this chapter and, for a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart II of this part, §§ 96.183 and 96.184(a).
(c) Certification Applications. The CAIR designated representative shall submit an application to the permitting authority within 45 days after completing all initial certification or recertification tests required under § 96.171, including the information required under § 75.63 of this chapter.

(d) Quarterly reports. The CAIR designated representative shall submit quarterly reports, as follows:

1. The CAIR designated representative shall report the NO\textsubscript{X} mass emissions data and heat input data for the CAIR NO\textsubscript{X} unit, in an electronic quarterly report in a format prescribed by the Administrator, for each calendar quarter beginning with:

   (i) For a unit that commences commercial operation before July 1, 2007, the calendar quarter covering January 1, 2008 through March 31, 2008; or

   (ii) For a unit that commences commercial operation on or after July 1, 2007, the calendar quarter corresponding to the earlier of the date of provisional certification or the applicable deadline for initial certification under § 96.170(b), unless that quarter is the third or fourth quarter of 2007, in which case reporting shall commence in the quarter covering January 1, 2008 through March 31, 2008.

2. The CAIR designated representative shall submit each quarterly report to the Administrator within 30 days following the end of the calendar quarter covered by the report. Quarterly reports shall be submitted in the manner specified in § 75.73(f) of this chapter.

3. For CAIR NO\textsubscript{X} units that are also subject to an Acid Rain emissions limitation or the CAIR NO\textsubscript{X} Ozone Season Trading Program or CAIR SO\textsubscript{2} Trading Program, quarterly reports shall include the applicable data and information required by subparts F through H of part 75 of this chapter as applicable, in addition to the NO\textsubscript{X} mass emission data, heat input data, and other information required by this subpart.

(e) Compliance certification. The CAIR designated representative shall submit to the Administrator a compliance certification (in a format prescribed by the Administrator) in support of each quarterly report based on reasonable inquiry of those persons with primary responsibility for ensuring that all of the unit's emissions are correctly and fully monitored. The certification shall state that:

1. The monitoring data submitted were recorded in accordance with the applicable requirements of this subpart and part 75 of this chapter, including the quality assurance procedures and specifications; and

2. For a unit with add-on NO\textsubscript{X} emission controls and for all hours where NO\textsubscript{X} data are substituted in accordance with § 75.34(a)(1) of this chapter, the add-on emission controls were operating within the range of parameters listed in the quality assurance/quality control program under appendix B to part 75 of this chapter and the substitute data values do not systematically underestimate NO\textsubscript{X} emissions.

§ 96.175 Petitions.

(a) Except as provided in paragraph (b)(2) of this section, the CAIR designated representative of a CAIR NO\textsubscript{X} unit that is subject to an Acid Rain emissions limitation may submit a petition under § 75.66 of this chapter to the Administrator requesting approval to apply an alternative to any requirement of this subpart. Application of an alternative to any requirement of this subpart is in accordance with this subpart only to the extent that the petition is approved in writing by the Administrator, in consultation with the permitting authority.
(b) (1) The CAIR designated representative of a CAIR NO\textsubscript{X} unit that is not subject to an Acid Rain emissions limitation may submit a petition under § 75.66 of this chapter to the permitting authority and the Administrator requesting approval to apply an alternative to any requirement of this subpart. Application of an alternative to any requirement of this subpart is in accordance with this subpart only to the extent that the petition is approved in writing by both the permitting authority and the Administrator.

(2) The CAIR designated representative of a CAIR NO\textsubscript{X} unit that is subject to an Acid Rain emissions limitation may submit a petition under § 75.66 of this chapter to the permitting authority and the Administrator requesting approval to apply an alternative to a requirement concerning any additional continuous emission monitoring system required under § 75.72 of this chapter. Application of an alternative to any such requirement is in accordance with this subpart only to the extent that the petition is approved in writing by both the permitting authority and the Administrator.

§ 96.176 Additional requirements to provide heat input data.

The owner or operator of a CAIR NO\textsubscript{X} unit that monitors and reports NO\textsubscript{X} mass emissions using a NO\textsubscript{X} concentration system and a flow system shall also monitor and report heat input rate at the unit level using the procedures set forth in part 75 of this chapter.

Subpart II - CAIR NO\textsubscript{X} Opt-in Units

§ 96.180 Applicability.

A CAIR NO\textsubscript{X} opt-in unit must be a unit that:

(ii) Is not covered by a retired unit exemption under § 72.8 of this chapter that is in effect;

(iii) Vents all of its emissions to a stack, and

(iv) Has documented heat input for more than 876 hours during the 6 months immediately preceding submission of the CAIR permit application under § 96.122;

(3) A monitoring plan in accordance with subpart HH of this part;

(4) A complete certificate of representation under § 96.113 consistent with § 96.182, if no CAIR designated representative has been previously designated for the source that includes the unit; and

(5) A statement, in a format specified by the permitting authority, whether the CAIR designated representative requests that the unit be allocated CAIR NO\textsubscript{x} allowances under § 96.188(c) (subject to the conditions in §§ 96.184(h) and 96.186(g)).

(b) Duty to reapply.

(1) The CAIR designated representative of a CAIR NO\textsubscript{x} opt-in unit shall submit a complete CAIR permit application under § 96.122 to renew the CAIR opt-in unit permit in accordance with the permitting authority’s regulations for title V operating permits, or the permitting authority’s regulations for other federally enforceable permits if applicable, addressing permit renewal.

(2) Unless the permitting authority issues a notification of acceptance of withdrawal of the CAIR opt-in unit from the CAIR NO\textsubscript{x} Annual Trading Program in accordance with § 96.186 or the unit becomes a CAIR NO\textsubscript{x} unit under § 96.104, the CAIR NO\textsubscript{x} opt-in unit shall remain subject to the requirements for a CAIR NO\textsubscript{x} opt-in unit, even if the CAIR designated representative for the CAIR NO\textsubscript{x} opt-in unit fails to submit a CAIR permit application that is required for renewal of the CAIR opt-in permit under paragraph (b)(1) of this section.
§ 96.184  Opt-in process.

The permitting authority will issue or deny a CAIR opt-in permit for a unit for which an initial application for a CAIR opt-in permit under § 96.183 is submitted in accordance with the following:

(a)  Interim review of monitoring plan. The permitting authority and the Administrator will determine, on an interim basis, the sufficiency of the monitoring plan accompanying the initial application for a CAIR opt-in permit under § 96.183. A monitoring plan is sufficient, for purposes of interim review, if the plan appears to contain information demonstrating that the NO\textsubscript{X} emissions rate and heat input of the unit and all other applicable parameters are monitored and reported in accordance with subpart HH of this part. A determination of sufficiency shall not be construed as acceptance or approval of the monitoring plan.

(b)  Monitoring and reporting.

(1)  (i)  If the permitting authority and the Administrator determine that the monitoring plan is sufficient under paragraph (a) of this section, the owner or operator shall monitor and report the NO\textsubscript{X} emissions rate and the heat input of the unit and all other applicable parameters, in accordance with subpart HH of this part, starting on the date of certification of the appropriate monitoring systems under subpart HH of this part and continuing until a CAIR opt-in permit is denied under § 96.184(f) or, if a CAIR opt-in permit is issued, the date and time when the unit is withdrawn from the CAIR NO\textsubscript{X} Annual Trading Program in accordance with § 96.186.

(ii)  The monitoring and reporting under paragraph (b)(1)(i) of this section shall include the entire control period immediately before the date on which the unit enters the CAIR NO\textsubscript{X} Annual Trading Program under § 96.184(g), during which control periods monitoring system availability must not be less than 90 percent under subpart HH of this part and the unit must be in full compliance with any applicable State or Federal emissions or emissions-related requirements.

(2)  To the extent the NO\textsubscript{X} emissions rate and the heat input of the unit are monitored and reported in accordance with subpart HH of this part for one or more control periods, in addition to the control period under paragraph (b)(1)(ii) of this section, during which control periods monitoring system availability is not less than 90 percent under subpart HH of this part and the unit is in full compliance with any applicable State or Federal emissions or emissions-related requirements and which control periods begin not more than 3 years before the unit enters the CAIR NO\textsubscript{X} Annual Trading Program under § 96.184(g), such information shall be used as provided in paragraphs (c) and (d) of this section.

(c)  Baseline heat input. The unit’s baseline heat rate shall equal:

(1)  If the unit’s NO\textsubscript{X} emissions rate and heat input are monitored and reported for only one control period, in accordance with paragraph (b)(1) of this section, the unit’s total heat input (in mmBtu) for the control period; or

(2)  If the unit’s NO\textsubscript{X} emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, the average of the amounts of the unit’s total heat input (in mmBtu) for the control periods under paragraphs (b)(1)(ii) and (b)(2) of this section.

(d)  Baseline NO\textsubscript{X} emission rate. The unit’s baseline NO\textsubscript{X} emission rate shall equal:
(1) If the unit's NO\textsubscript{x} emissions rate and heat input are monitored and reported for only one control period, in accordance with paragraph (b)(1) of this section, the unit's NO\textsubscript{x} emissions rate (in lb/mmBtu) for the control period;

(2) If the unit's NO\textsubscript{x} emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, and the unit does not have add-on NO\textsubscript{x} emission controls during any such control periods, the average of the amounts of the unit's NO\textsubscript{x} emissions rate (in lb/mmBtu) for the control periods under paragraphs (b)(1)(ii) and (b)(2) of this section; or

(3) If the unit's NO\textsubscript{x} emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, and the unit has add-on NO\textsubscript{x} emission controls during any such control periods, the average of the amounts of the unit's NO\textsubscript{x} emissions rate (in lb/mmBtu) for such control periods during which the unit has add-on NO\textsubscript{x} emission controls.

(e) Issuance of CAIR opt-in permit. After calculating the baseline heat input and the baseline NO\textsubscript{x} emissions rate for the unit under paragraphs (c) and (d) of this section and if the permitting authority determines that the CAIR designated representative shows that the unit meets the requirements for a CAIR NO\textsubscript{x} opt-in unit in § 96.180 and meets the elements certified in § 96.183(a)(2), the permitting authority will issue a CAIR opt-in permit. The permitting authority will provide a copy of the CAIR opt-in permit to the Administrator, who will then establish a compliance account for the source that includes the CAIR NO\textsubscript{x} opt-in unit unless the source already has a compliance account.

(f) Issuance of denial of CAIR opt-in permit. Notwithstanding paragraphs (a) through (e) of this section, if at any time before issuance of a CAIR opt-in permit for the unit, the permitting authority determines that the CAIR designated representative fails to show that the unit meets the requirements for a CAIR NO\textsubscript{x} opt-in unit in § 96.180 or meets the elements certified in § 96.183(a)(2), the permitting authority will issue a denial of a CAIR NO\textsubscript{x} opt-in permit for the unit.

(g) Date of entry into CAIR NO\textsubscript{x} Annual Trading Program. A unit for which an initial CAIR opt-in permit is issued by the permitting authority shall become a CAIR NO\textsubscript{x} opt-in unit, and a CAIR NO\textsubscript{x} unit, as of the later of January 1, 2009 or January 1 of the first control period during which such CAIR opt-in permit is issued.

(h) Repowered CAIR NO\textsubscript{x} opt-in unit.

(1) If CAIR designated representative requests, and the permitting authority issues a CAIR opt-in permit providing for, allocation to a CAIR NO\textsubscript{x} opt-in unit of CAIR NO\textsubscript{x} allowances under § 96.188(c) and such unit is repowered after its date of entry into the CAIR NO\textsubscript{x} Annual Trading Program under paragraph (g) of this section, the repowered unit shall be treated as a CAIR NO\textsubscript{x} opt-in unit replacing the original CAIR NO\textsubscript{x} opt-in unit, as of the date of start-up of the repowered unit's combustion chamber.

(2) Notwithstanding paragraphs (c) and (d) of this section, as of the date of start-up under paragraph (h)(1) of this section, the repowered unit shall be deemed to have the same date of commencement of operation, date of commencement of commercial operation, baseline heat input, and baseline NO\textsubscript{x} emission rate as the original CAIR NO\textsubscript{x} opt-in unit, and the original CAIR NO\textsubscript{x} opt-in unit shall no longer be treated as a CAIR opt-in unit or a CAIR NO\textsubscript{x} unit.
§ 96.185 CAIR opt-in permit contents.

(a) Each CAIR opt-in permit will contain:

(1) All elements required for a complete CAIR permit application under § 96.122;

(2) The certification in § 96.183(a)(2);

(3) The unit's baseline heat input under § 96.184(c);

(4) The unit's baseline NO\textsubscript{X} emission rate under § 96.184(d);

(5) A statement whether the unit is to be allocated CAIR NO\textsubscript{X} allowances under § 96.188(c) (subject to the conditions in §§ 96.184(h) and 96.186(g));

(6) A statement that the unit may withdraw from the CAIR NO\textsubscript{X} Annual Trading Program only in accordance with § 96.186; and

(7) A statement that the unit is subject to, and the owners and operators of the unit must comply with, the requirements of § 96.187.

(b) Each CAIR opt-in permit is deemed to incorporate automatically the definitions of terms under § 96.102 and, upon recordation by the Administrator under subpart FF, GG, or II of this part or this subpart, every allocation, transfer, or deduction of CAIR NO\textsubscript{X} allowances to or from the compliance account of the source that includes a CAIR NO\textsubscript{X} opt-in unit covered by the CAIR opt-in permit.

(c) The CAIR opt-in permit shall be included, in a format prescribed by the permitting authority, in the CAIR permit for the source where the CAIR opt-in unit is located.

§ 96.186 Withdrawal from CAIR NO\textsubscript{X} Annual Trading Program.

Except as provided under paragraph (g) of this section, a CAIR NO\textsubscript{X} opt-in unit may withdraw from the CAIR NO\textsubscript{X} Annual Trading Program, but only if the permitting authority issues a notification to the CAIR designated representative of the CAIR NO\textsubscript{X} opt-in unit of the acceptance of the withdrawal of the CAIR NO\textsubscript{X} opt-in unit in accordance with paragraph (d) of this section.

(a) Requesting withdrawal. In order to withdraw a CAIR opt-in unit from the CAIR NO\textsubscript{X} Annual Trading Program, the CAIR designated representative of the CAIR NO\textsubscript{X} opt-in unit shall submit to the permitting authority a request to withdraw effective as of midnight of December 31 of a specified calendar year, which date must be at least 4 years after December 31 of the year of entry into the CAIR NO\textsubscript{X} Annual Trading Program under § 96.184(g). The request must be submitted no later than 90 days before the requested effective date of withdrawal.

(b) Conditions for withdrawal. Before a CAIR NO\textsubscript{X} opt-in unit covered by a request under paragraph (a) of this section may withdraw from the CAIR NO\textsubscript{X} Annual Trading Program and the CAIR opt-in permit may be terminated under paragraph (e) of this section, the following conditions must be met:

(1) For the control period ending on the date on which the withdrawal is to be effective, the source that includes the CAIR NO\textsubscript{X} opt-in unit must meet the requirement to hold CAIR NO\textsubscript{X} allowances under § 96.106(c) and cannot have any excess emissions.
(2) After the requirement for withdrawal under paragraph (b)(1) of this section is met, the Administrator will deduct from the compliance account of the source that includes the CAIR NO\textsubscript{x} opt-in unit CAIR NO\textsubscript{x} allowances equal in amount to and allocated for the same or a prior control period as any CAIR NO\textsubscript{x} allowances allocated to the CAIR NO\textsubscript{x} opt-in unit under § 96.188 for any control period for which the withdrawal is to be effective. If there are no remaining CAIR NO\textsubscript{x} units at the source, the Administrator will close the compliance account, and the owners and operators of the CAIR NO\textsubscript{x} opt-in unit may submit a CAIR NO\textsubscript{x} allowance transfer for any remaining CAIR NO\textsubscript{x} allowances to another CAIR NO\textsubscript{x} Allowance Tracking System in accordance with subpart GG of this part.

(c) Notification.

(1) After the requirements for withdrawal under paragraphs (a) and (b) of this section are met (including deduction of the full amount of CAIR NO\textsubscript{x} allowances required), the permitting authority will issue a notification to the CAIR designated representative of the CAIR NO\textsubscript{x} opt-in unit of the acceptance of the withdrawal of the CAIR NO\textsubscript{x} opt-in unit as of midnight on December 31 of the calendar year for which the withdrawal was requested.

(2) If the requirements for withdrawal under paragraphs (a) and (b) of this section are not met, the permitting authority will issue a notification to the CAIR designated representative of the CAIR NO\textsubscript{x} opt-in unit that the CAIR NO\textsubscript{x} opt-in unit's request to withdraw is denied. Such CAIR NO\textsubscript{x} opt-in unit shall continue to be a CAIR NO\textsubscript{x} opt-in unit.

(d) Permit amendment. After the permitting authority issues a notification under paragraph (c)(1) of this section that the requirements for withdrawal have been met, the permitting authority will revise the CAIR permit covering the CAIR NO\textsubscript{x} opt-in unit to terminate the CAIR opt-in permit for such unit as of the effective date specified under paragraph (c)(1) of this section. The unit shall continue to be a CAIR NO\textsubscript{x} opt-in unit until the effective date of the termination and shall comply with all requirements under the CAIR NO\textsubscript{x} Annual Trading Program concerning any control periods for which the unit is a CAIR NO\textsubscript{x} opt-in unit, even if such requirements arise or must be complied with after the withdrawal takes effect.

(e) Reapplication upon failure to meet conditions of withdrawal. If the permitting authority denies the CAIR NO\textsubscript{x} opt-in unit's request to withdraw, the CAIR designated representative may submit another request to withdraw in accordance with paragraphs (a) and (b) of this section.

(f) Ability to reapply to the CAIR NO\textsubscript{x} Annual Trading Program. Once a CAIR NO\textsubscript{x} opt-in unit withdraws from the CAIR NO\textsubscript{x} Annual Trading Program and its CAIR opt-in permit is terminated under this section, the CAIR designated representative may not submit another application for a CAIR opt-in permit under §96.183 for such CAIR NO\textsubscript{x} opt-in unit before the date that is 4 years after the date on which the withdrawal became effective. Such new application for a CAIR opt-in permit will be treated as an initial application for a CAIR opt-in permit under §96.184.

(g) Inability to withdraw. Notwithstanding paragraphs (a) through (f) of this section, a CAIR NO\textsubscript{x} opt-in unit shall not be eligible to withdraw from the CAIR NO\textsubscript{x} Annual Trading Program if the CAIR designated representative of the CAIR NO\textsubscript{x} opt-in unit requests, and the permitting authority issues a CAIR NO\textsubscript{x} opt-in permit providing for, allocation to the CAIR NO\textsubscript{x} opt-in unit of CAIR NO\textsubscript{x} allowances under §96.188(c).

§ 96.187 Change in regulatory status.
(a) Notification. If a CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104, then the CAIR designated representative shall notify in writing the permitting authority and the Administrator of such change in the CAIR NO\textsubscript{x} opt-in unit’s regulatory status, within 30 days of such change.

(b) Permitting authority's and Administrator's actions.

(1) If a CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104, the permitting authority will revise the CAIR NO\textsubscript{x} opt-in unit’s CAIR opt-in permit to meet the requirements of a CAIR permit under § 96.123 as of the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104.

(2) (i) The Administrator will deduct from the compliance account of the source that includes the CAIR NO\textsubscript{x} opt-in unit that becomes a CAIR NO\textsubscript{x} unit under § 96.104, CAIR NO\textsubscript{x} allowances equal in amount to and allocated for the same or a prior control period as:

(A) Any CAIR NO\textsubscript{x} allowances allocated to the CAIR NO\textsubscript{x} opt-in unit under § 96.188 for any control period after the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104; and

(B) If the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104 is not December 31, the CAIR NO\textsubscript{x} allowances allocated to the CAIR NO\textsubscript{x} opt-in unit under § 96.188 for the control period that includes the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104, multiplied by the ratio of the number of days, in the control period, starting with the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104 divided by the total number of days in the control period and rounded to the nearest whole allowance as appropriate.

(ii) The CAIR designated representative shall ensure that the compliance account of the source that includes the CAIR NO\textsubscript{x} unit that becomes a CAIR NO\textsubscript{x} unit under § 96.104 contains the CAIR NO\textsubscript{x} allowances necessary for completion of the deduction under paragraph (b)(2)(i) of this section.

(3) (i) For every control period after the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104, the CAIR NO\textsubscript{x} opt-in unit will be treated, solely for purposes of CAIR NO\textsubscript{x} allowance allocations under § 96.142, as a unit that commences operation on the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104 and will be allocated CAIR NO\textsubscript{x} allowances under § 96.142.

(ii) Notwithstanding paragraph (b)(3)(i) of this section, if the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104 is not January 1, the following amount of CAIR NO\textsubscript{x} allowances will be allocated to the CAIR NO\textsubscript{x} opt-in unit (as a CAIR NO\textsubscript{x} unit) under § 96.142 for the control period that includes the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104:

(A) The amount of CAIR NO\textsubscript{x} allowances otherwise allocated to the CAIR NO\textsubscript{x} opt-in unit (as a CAIR NO\textsubscript{x} unit) under § 96.142 for the control period multiplied by;
RULEMAKING HEARINGS

(B) The ratio of the number of days, in the control period, starting with the date on which the CAIR NO\textsubscript{x} opt-in unit becomes a CAIR NO\textsubscript{x} unit under § 96.104, divided by the total number of days in the control period; and

(C) Rounded to the nearest whole allowance as appropriate.

§ 96.188 NO\textsubscript{x} allowance allocations to CAIR NO\textsubscript{x} opt-in units.

(a) Timing requirements.

(1) When the CAIR opt-in permit is issued under § 96.184(e), the permitting authority will allocate CAIR NO\textsubscript{x} allowances to the CAIR NO\textsubscript{x} opt-in unit, and submit to the Administrator the allocation for the control period in which a CAIR NO\textsubscript{x} opt-in unit enters the CAIR NO\textsubscript{x} Annual Trading Program under § 96.184(g), in accordance with paragraph (b) or (c) of this section.

(2) By no later than October 31 of the control period in which a CAIR opt-in unit enters the CAIR NO\textsubscript{x} Annual Trading Program under § 96.184(g) and October 31 of each year thereafter, the permitting authority will allocate CAIR NO\textsubscript{x} allowances to the CAIR NO\textsubscript{x} opt-in unit, and submit to the Administrator the allocation for the control period that includes such submission deadline and in which the unit is a CAIR NO\textsubscript{x} opt-in unit, in accordance with paragraph (b) or (c) of this section.

(b) Calculation of allocation. For each control period for which a CAIR NO\textsubscript{x} opt-in unit is to be allocated CAIR NO\textsubscript{x} allowances, the permitting authority will allocate in accordance with the following procedures:

(1) The heat input (in mmBtu) used for calculating the CAIR NO\textsubscript{x} allowance allocation will be the lesser of:

   (i) The CAIR NO\textsubscript{x} opt-in unit’s baseline heat input determined under § 96.184(c); or

   (ii) The CAIR NO\textsubscript{x} opt-in unit’s heat input, as determined in accordance with subpart HH of this part, for the immediately prior control period, except when the allocation is being calculated for the control period in which the CAIR NO\textsubscript{x} opt-in unit enters the CAIR NO\textsubscript{x} Annual Trading Program under § 96.184(g).

(2) The NO\textsubscript{x} emission rate (in lb/mmBtu) used for calculating CAIR NO\textsubscript{x} allowance allocations will be the lesser of:

   (i) The CAIR NO\textsubscript{x} opt-in unit’s baseline NO\textsubscript{x} emissions rate (in lb/mmBtu) determined under § 96.184(d) and multiplied by 70 percent; or

   (ii) The most stringent State or Federal NO\textsubscript{x} emissions limitation applicable to the CAIR NO\textsubscript{x} opt-in unit at any time during the control period for which CAIR NO\textsubscript{x} allowances are to be allocated.

(3) The permitting authority will allocate CAIR NO\textsubscript{x} allowances to the CAIR NO\textsubscript{x} opt-in unit in an amount equaling the heat input under paragraph (b)(1) of this section, multiplied by the NO\textsubscript{x} emission rate under paragraph (b)(2) of this section, divided by 2,000 lb/ton, and rounded to the nearest whole allowance as appropriate.
(c) Notwithstanding paragraph (b) of this section and if the CAIR designated representative requests, and the permitting authority issues a CAIR opt-in permit providing for, allocation to a CAIR NO\textsubscript{X} opt-in unit of CAIR NO\textsubscript{X} allowances under this paragraph (subject to the conditions in §§ 96.184(h) and 96.186(g)), the permitting authority will allocate to the CAIR NO\textsubscript{X} opt-in unit as follows:

(1) For each control period in 2009 through 2014 for which the CAIR NO\textsubscript{X} opt-in unit is to be allocated CAIR NO\textsubscript{X} allowances,

(i) The heat input (in mmBtu) used for calculating CAIR NO\textsubscript{X} allowance allocations will be determined as described in paragraph (b)(1) of this section.

(ii) The NO\textsubscript{X} emission rate (in lb/mmBtu) used for calculating CAIR NO\textsubscript{X} allowance allocations will be the lesser of:

(A) The CAIR NO\textsubscript{X} opt-in unit's baseline NO\textsubscript{X} emissions rate (in lb/mmBtu) determined under § 96.184(d); or

(B) The most stringent State or Federal NO\textsubscript{X} emissions limitation applicable to the CAIR NO\textsubscript{X} opt-in unit at any time during the control period in which the CAIR NO\textsubscript{X} opt-in unit enters the CAIR NO\textsubscript{X} Annual Trading Program under § 96.184(g).

(iii) The permitting authority will allocate CAIR NO\textsubscript{X} allowances to the CAIR NO\textsubscript{X} opt-in unit in an amount equaling the heat input under paragraph (c)(1)(i) of this section, multiplied by the NO\textsubscript{X} emission rate under paragraph (c)(1)(ii) of this section, divided by 2,000 lb/ton, and rounded to the nearest whole allowance as appropriate.

(2) For each control period in 2015 and thereafter for which the CAIR NO\textsubscript{X} opt-in unit is to be allocated CAIR NO\textsubscript{X} allowances,

(i) The heat input (in mmBtu) used for calculating the CAIR NO\textsubscript{X} allowance allocations will be determined as described in paragraph (b)(1) of this section.

(ii) The NO\textsubscript{X} emission rate (in lb/mmBtu) used for calculating the CAIR NO\textsubscript{X} allowance allocation will be the lesser of:

(A) 0.15 lb/mmBtu;

(B) The CAIR NO\textsubscript{X} opt-in unit's baseline NO\textsubscript{X} emissions rate (in lb/mmBtu) determined under § 96.184(d); or

(C) The most stringent State or Federal NO\textsubscript{X} emissions limitation applicable to the CAIR NO\textsubscript{X} opt-in unit at any time during the control period for which CAIR NO\textsubscript{X} allowances are to be allocated.

(iii) The permitting authority will allocate CAIR NO\textsubscript{X} allowances to the CAIR NO\textsubscript{X} opt-in unit in an amount equaling the heat input under paragraph (c)(2)(i) of this section, multiplied by the NO\textsubscript{X} emission rate under paragraph (c)(2)(ii) of this section, divided by 2,000 lb/ton, and rounded to the nearest whole allowance as appropriate.

(d) Recordation.
(1) The Administrator will record, in the compliance account of the source that includes the CAIR NO\textsubscript{x} opt-in unit, the CAIR NO\textsubscript{x} allowances allocated by the permitting authority to the CAIR NO\textsubscript{x} opt-in unit under paragraph (a)(1) of this section.

(2) By December 1 of the control period in which a CAIR opt-in unit enters the CAIR NO\textsubscript{x} Annual Trading Program under § 96.184(g) and December 1 of each year thereafter, the Administrator will record, in the compliance account of the source that includes the CAIR NO\textsubscript{x} opt-in unit, the CAIR NO\textsubscript{x} allowances allocated by the permitting authority to the CAIR NO\textsubscript{x} opt-in unit under paragraph (a)(2) of this section.

1200-3-27-.11 CAIR NO$_x$ Ozone Season Trading Program

1200-3-27-.11 CAIR NO$_x$ OZONE SEASON TRADING PROGRAM

(1) The provisions of this rule supersede the provisions of 1200-3-27-.06 (NO$_x$ Budget Trading Program for State Implementation Programs) as follows:

(a) The provisions of this rule supersede all requirements of 1200-3-27-.06 for the control period beginning in 2009, and for each control period thereafter.

(b) The provisions of 1200-3-27-.06 shall expire on January 1, 2009.
(2) The provisions of 40 CFR Part 96 concerning the CAIR NO\textsubscript{X} Ozone Season Trading Program are hereby adopted by reference with the following revisions:

(a) The provisions of Sec. 96.304 as adopted for Tennessee are revised to read as follows:

Sec. 96.304 Applicability.

The following units in a State shall be CAIR NO\textsubscript{X} Ozone Season units, and any source that includes one or more such units shall be a CAIR NO\textsubscript{X} Ozone Season source, subject to the requirements of this rule:

1. Except as provided in parts 2. and 3. of this subparagraph, a stationary, fossil-fuel-fired boiler or stationary, fossil-fuel-fired combustion turbine serving at any time, since the start-up of the unit’s combustion chamber, a generator with nameplate capacity of more than 25 MWe producing electricity for sale.

2. For a unit that qualifies as a cogeneration unit during the 12-month period starting on the date the unit first produces electricity and continues to qualify as a cogeneration unit, a cogeneration unit serving at any time a generator with nameplate capacity of more than 25 MWe and supplying in any calendar year more than one-third of the unit’s potential electric output capacity or 219,000 MWh, whichever is greater, to any utility power distribution system for sale. If a unit qualifies as a cogeneration unit during the 12-month period starting on the date the unit first produces electricity but subsequently no longer qualifies as a cogeneration unit, the unit shall be subject to part 1. of this subparagraph starting on the day on which the unit first no longer qualifies as a cogeneration unit.

3. Any unit that is not a unit under parts 1. and 2. of this subparagraph and that has a maximum design heat input greater than 250 mmBtu/hr, except for units under this part 3. that meet the provisions for opting-out of the CAIR NO\textsubscript{X} Ozone Season Trading Program as follows:

(i) A unit under this part 3. shall be subject only to the requirements of this subpart (i) if the unit has a federally enforceable permit that meets the requirements of item (i)(I) of this subpart and restricts the unit to burning only natural gas or fuel oil during a control period in 2009 or later and each control period thereafter and restricts the unit’s operating hours during each such control period to the number of hours (determined in accordance with subitems (i)(II). and III. of this subpart) that limits the unit’s potential NO\textsubscript{X} mass emissions for the control period to 25 tons or less. Notwithstanding part 3. of this subparagraph, starting with the effective date of such federally enforceable permit, the unit shall not be a CAIR NO\textsubscript{X} Ozone Season Unit.

(I) For each control period under subpart (i) of this part, the federally enforceable permit must:

I. Restrict the unit to burning only natural gas or fuel oil.

II. Restrict the unit’s operating hours to the number calculated by dividing 25 tons of potential NO\textsubscript{X} mass emissions by the unit’s maximum potential hourly NO\textsubscript{X} mass emissions.

III. Require that the unit’s potential NO\textsubscript{X} mass emissions shall be calculated as follows:
RULEMAKING HEARINGS

A. Select the default NO\textsubscript{X} emission rate in Table 2 of 40 CFR Sec. 75.19 that would otherwise be applicable assuming that the unit burns only the type of fuel (i.e., only natural gas or only fuel oil) that has the highest default NO\textsubscript{X} emission factor of any type of fuel that the unit is allowed to burn under the fuel use restriction in subitem (i)(I) of this subpart; and

B. Multiply the default NO\textsubscript{X} emission rate under section (i)(I)III.A. of this subpart by the unit’s maximum rated hourly heat input. The owner or operator of the unit may petition the permitting authority to use a lower value for the unit’s maximum rated hourly heat input than the value as defined under 40 CFR Sec. 96.2. The permitting authority may approve such lower value if the owner or operator demonstrates that the maximum hourly heat input specified by the manufacturer or the highest observed hourly heat input, or both, are not representative, and that such lower value is representative, of the unit’s current capabilities because modifications have been made to the unit, limiting its capacity permanently.

IV. Require that the owner or operator of the unit shall retain at the source that includes the unit, for 5 years, records demonstrating that the operating hours restriction, the fuel use restriction, and the other requirements of the permit related to these restrictions were met.

V. Require that the owner or operator of the unit shall report the unit’s hours of operation (treating any partial hour of operation as a whole hour of operation) during each control period to the permitting authority by November 1 of each year for which the unit is subject to the federally enforceable permit.

(ii) The permitting authority that issues the federally enforceable permit with the fuel use restriction under subitem (i)(I) of this subpart and the operating hours restriction under subitems (i)(I)III. and III. of this subpart will notify the Administrator in writing of each unit under part 3. of this subparagraph whose federally enforceable permit issued by the permitting authority includes such restrictions. The permitting authority will also notify the Administrator in writing of each unit under this part 3. whose federally enforceable permit issued by the permitting authority is revised to remove any such restriction, whose federally enforceable permit issued by the permitting authority includes any such restriction that is no longer applicable, or which does not comply with any such restriction.

(iii) If, for any control period under subpart (i) of this part, the fuel use restriction under subitem (i)(I) of this subpart or the operating hours restriction under subitems (i)(I)II. and III. of this subpart is removed from the unit’s federally enforceable permit or otherwise becomes no longer applicable or if, for any such control period, the unit does not comply with the fuel use restriction under subpart (i) of this part or the operating hours restriction under subitems (i)(I)II. and III. of this subpart, the unit shall be a CAIR NO\textsubscript{X} Ozone Season Unit, subject to the requirements of this rule.

(b) The provisions of Sec. 96.340 as adopted for Tennessee are revised to read as follows:

Sec. 96.340 State trading budgets.
The State trading budget for annual allocations of CAIR NO\textsubscript{X} Ozone Season allowances to CAIR NO\textsubscript{X} Ozone Season units identified in parts (2)(a)1. or 2. of this rule for the control periods in 2009 through 2014 is 22,842 tons/season, and for the control period in 2015 and thereafter is 19,035 tons/season.

The State trading budget for annual allocations of CAIR NO\textsubscript{X} Ozone Season allowances to CAIR NO\textsubscript{X} Ozone Season units identified in part (2)(a)3. of this rule for the control period in 2009 and thereafter is 5,666 tons/season.

(c) The provisions of Sec. 96.342 as adopted for Tennessee are revised to read as follows:

Sec. 96.342 CAIR NO\textsubscript{X} Ozone Season allowance allocations.

1. NO\textsubscript{X} Ozone Season allowance allocations for CAIR NO\textsubscript{X} Ozone Season units identified in parts (2)(a)1. and (2)(a)2. of this rule:

(i) The baseline heat input (in mmBtu) used with respect to CAIR NO\textsubscript{X} Ozone Season allowance allocations under subpart (ii) of this part for each CAIR NO\textsubscript{X} Ozone Season unit identified in parts (2)(a)1. and (2)(a)2. of this rule will be:

I. For units commencing operation before January 1, 2001 the average of the 3 highest amounts of the unit’s adjusted control period heat input for 2000 through 2004, with the adjusted control period heat input for each year calculated as follows:

A. If the unit is coal-fired during the year, the unit’s control period heat input for such year is multiplied by 100 percent;

B. If the unit is oil-fired during the year, the unit’s control period heat input for such year is multiplied by 60 percent; and

C. If the unit is not subject to section (i)(I)I.A. or B. of this subpart, the unit’s control period heat input for such year is multiplied by 40 percent.

II. For units commencing operation on or after January 1, 2001 and operating each calendar year during a period of 5 or more consecutive calendar years, the average of the 3 highest amounts of the unit’s total converted control period heat input over the first such 5 years.

(ii) A unit’s control period heat input, and a unit’s status as coal-fired or oil-fired, for a calendar year under subitem (i)(II). of this part, and a unit’s total tons of NO\textsubscript{X} emissions during a control period in a calendar year under item (iii)(III) of this part, will be determined in accordance with part 75 of this chapter, to the extent the unit was otherwise subject to the requirements of part 75 of this chapter for the year, or will be based on the best available data reported to the permitting authority for the unit, to the extent the unit was not otherwise subject to the requirements of part 75 of this chapter for the year.

II. A unit’s converted control period heat input for a calendar year specified under subitem (i)(II). of this part equals:
A. Except as provided in section (i)(II).B. or C. of this part, the control period gross electrical output of the generator or generators served by the unit multiplied by 7,900 Btu/kWh, if the unit is coal-fired for the year, or 6,675 Btu/kWh, if the unit is not coal-fired for the year, and divided by 1,000,000 Btu/mmBtu, provided that if a generator is served by 2 or more units, then the gross electrical output of the generator will be attributed to each unit in proportion to the unit’s share of the total control period heat input of such units for the year;

B. For a unit that is a boiler and has equipment used to produce electricity and useful thermal energy for industrial, commercial, heating, or cooling purposes through the sequential use of energy, the total heat energy (in Btu) of the steam produced by the boiler during the control period, divided by 0.8 and by 1,000,000 Btu/mmBtu; or

C. For a unit that is a combustion turbine and has equipment used to produce electricity and useful thermal energy for industrial, commercial, heating, or cooling purposes through the sequential use of energy, the control period gross electrical output of the enclosed device comprising the compressor, combustor, and turbine multiplied by 3,414 Btu/kWh, plus the total heat energy (in Btu) of the steam produced by any associated heat recovery steam generator during the control period divided by 0.8, and with the sum divided by 1,000,000 Btu/mmBtu.

(ii) (I) For each control period in 2009 and thereafter, the permitting authority will allocate to all CAIR NO\textsubscript{X} Ozone Season units identified in parts (2)(a)1. and (2)(a)2. of this rule that have a baseline heat input (as determined under subpart (i) of this part) a total amount of CAIR NO\textsubscript{X} Ozone Season allowances equal to 95 percent for a control period during 2009 through 2014, and 97 percent for a control period during 2015 and thereafter, of the tons of NO\textsubscript{X} emissions in the State trading budget under § 96.340 (except as provided in subpart (iv) of this part).

(II) The permitting authority will allocate CAIR NO\textsubscript{X} Ozone Season allowances to each CAIR NO\textsubscript{X} Ozone Season unit under item (ii)(I) of this part in an amount determined by multiplying the total amount of CAIR NO\textsubscript{X} Ozone Season allowances allocated under item (ii)(I) of this part by the ratio of the baseline heat input of each CAIR NO\textsubscript{X} Ozone Season unit to the total amount of baseline heat input of all such CAIR NO\textsubscript{X} Ozone Season units in the State and rounding to the nearest whole allowance as appropriate.

(iii) For each control period in 2009 and thereafter, the permitting authority will allocate CAIR NO\textsubscript{X} Ozone Season allowances to CAIR NO\textsubscript{X} Ozone Season units identified in parts (2)(a)1. and (2)(a)2. of this rule that commenced operation on or after January 1, 2001 and do not yet have a baseline heat input (as determined under subpart (i) of this part), in accordance with the following procedures:

(I) The permitting authority will establish a separate new unit set-aside for each control period. Each new unit set-aside will be allocated CAIR NO\textsubscript{X} Ozone
Season allowances equal to 5 percent for a control period in 2009 through 2014, and 3 percent for a control period in 2015 and thereafter, of the amount of tons of NO\textsubscript{X} emissions in the State trading budget under § 96.340.

(II) The CAIR designated representative of such a CAIR NO\textsubscript{X} Ozone Season unit may submit to the permitting authority a request, in a format specified by the permitting authority, to be allocated CAIR NO\textsubscript{X} Ozone Season allowances, starting with the later of the control period in 2009 or the first control period after the control period in which the CAIR NO\textsubscript{X} Ozone Season unit commences commercial operation and until the first control period for which the unit is allocated CAIR NO\textsubscript{X} Ozone Season allowances under subpart (ii) of this part. The CAIR NO\textsubscript{X} Ozone Season allowance allocation request must be submitted on or before April 1 before the first control period for which the CAIR NO\textsubscript{X} Ozone Season allowances are requested and after the date on which the CAIR NO\textsubscript{X} Ozone Season unit commences commercial operation.

(III) In a CAIR NO\textsubscript{X} Ozone Season allowance allocation request under item (iii)(II) of this part, the CAIR designated representative may request for a control period CAIR NO\textsubscript{X} Ozone Season allowances in an amount not exceeding the CAIR NO\textsubscript{X} Ozone Season unit’s total tons of NO\textsubscript{X} emissions during the control period immediately before such control period.

(IV) The permitting authority will review each CAIR NO\textsubscript{X} Ozone Season allowance allocation request under item (iii)(II) of this part and will allocate CAIR NO\textsubscript{X} Ozone Season allowances for each control period pursuant to such request as follows:

I. The permitting authority will accept an allowance allocation request only if the request meets, or is adjusted by the permitting authority as necessary to meet, the requirements of items (iii)(II) and (III) of this part.

II. On or after April 1 before the control period, the permitting authority will determine the sum of the CAIR NO\textsubscript{X} Ozone Season allowances requested (as adjusted under subitem (iii)(IV)I. of this part) in all allowance allocation requests accepted under subitem (iii)(IV)I. of this part for the control period.

III. If the amount of CAIR NO\textsubscript{X} Ozone Season allowances in the new unit set-aside for the control period is greater than or equal to the sum under subitem (iii)(IV)II. of this part, then the permitting authority will allocate the amount of CAIR NO\textsubscript{X} Ozone Season allowances requested (as adjusted under subitem (iii)(IV)I. of this part) to each CAIR NO\textsubscript{X} Ozone Season unit covered by an allowance allocation request accepted under subitem (iii)(IV)I. of this part.

IV. If the amount of CAIR NO\textsubscript{X} Ozone Season allowances in the new unit set-aside for the control period is less than the sum under subitem (iii)(IV)II. of this part, then the permitting authority will allocate to each CAIR NO\textsubscript{X} Ozone Season unit covered by an allowance allocation request accepted under subitem (iii)(IV)I. of this part the amount of the CAIR NO\textsubscript{X} Ozone Season allowances requested (as adjusted under
I. of this part), multiplied by the amount of CAIR NO$_x$ Ozone Season allowances in the new unit set-aside for the control period, divided by the sum determined under, and rounded to the nearest whole allowance as appropriate.

V. The permitting authority will notify each CAIR designated representative that submitted an allowance allocation request of the amount of CAIR NO$_x$ Ozone Season allowances (if any) allocated for the control period to the CAIR NO$_x$ Ozone Season unit covered by the request.

(iv) If, after completion of the procedures under item (iii)(IV) of this part for a control period, any unallocated CAIR NO$_x$ Ozone Season allowances remain in the new unit set-aside for the control period, the permitting authority will allocate to each CAIR NO$_x$ Ozone Season unit identified in parts (2)(a)1. and (2)(a)2. of this rule that was allocated CAIR NO$_x$ Ozone Season allowances under subpart (ii) of this part an amount of CAIR NO$_x$ Ozone Season allowances equal to the total amount of such remaining unallocated CAIR NO$_x$ Ozone Season allowances, multiplied by the unit’s allocation under subpart (ii) of this part, divided by 95 percent for a control period during 2009 through 2014, and 97 percent for a control period during 2015 and thereafter, of the amount of tons of NO$_x$ emissions in the State trading budget under § 96.340, and rounded to the nearest whole allowance as appropriate.

2. NO$_x$ Ozone Season allowance allocations for CAIR NO$_x$ Ozone Season units identified in part (2)(a)3. of this rule:

(i) For all CAIR NO$_x$ Ozone Season units identified in paragraph (2)(a)3. of this rule, the heat input used for calculating NO$_x$ allowance allocations for each CAIR Ozone Season NO$_x$ unit shall be:

(I) The heat input (in mmBtu) used for calculating NO$_x$ Ozone Season allowance allocations shall be the unit’s heat input for the control period that is four years before the control period for which the NO$_x$ allocation is being calculated.

(II) A unit’s control period heat input and a unit’s total tons of NO$_x$ emissions during a control period in a calendar year under subpart 4.(iii) of this subparagraph, will be determined in accordance with 40 CFR part 75, to the extent the unit was otherwise subject to the requirements of 40 CFR part 75 for the year, or will be based on the best available data reported to the permitting authority for the unit, to the extent the unit was not otherwise subject to the requirements of 40 CFR part 75 for the year.

(ii) For all CAIR NO$_x$ Ozone Season units identified in paragraph (2)(a)3. of this rule, the permitting authority will allocate CAIR NO$_x$ Ozone Season allowances in a state implementation plan to be submitted to EPA for approval.

(iii) For each control period in 2009 and thereafter, the permitting authority will allocate CAIR NO$_x$ Ozone Season allowances to CAIR NO$_x$ Ozone Season units in the State that commenced operation, or are projected to commence operation, on or after January 1 of the period used to calculate heat input under subpart (i) of this part, in accordance with the following procedures:
(I) The permitting authority will establish a separate new unit set-aside for each control period. The set-aside for CAIR NO\textsubscript{X} Ozone Season units identified in part (2)(a)3. of this rule shall be separate from the set-aside for CAIR NO\textsubscript{X} Ozone Season Units identified in parts (2)(a)1. and (2)(a)2. of this rule. For CAIR NO\textsubscript{X} Ozone Season Units identified in part (2)(a)3. of this rule, the allocation set-aside for new source growth will be the NO\textsubscript{X} allowances remaining in the state trading program budget for CAIR NO\textsubscript{X} Ozone Season units identified in part (2)(a)3. of this rule after allocations are set for all CAIR NO\textsubscript{X} Ozone Season units under 40 CFR 96.340. For CAIR NO\textsubscript{X} Ozone Season Units identified in part (2)(a)3. of this rule, the new unit set-aside will be established in a State Implementation Plan and submitted to the Administrator for approval.

(II) The CAIR designated representative of such a CAIR NO\textsubscript{X} Ozone Season unit may submit to the permitting authority a request, in a format specified by the permitting authority, to be allocated CAIR NO\textsubscript{X} Ozone Season allowances, starting with the later of the control period in 2009 or the first control period after the control period in which the CAIR NO\textsubscript{X} Ozone Season unit commences commercial operation and until the first control period for which the unit is allocated CAIR NO\textsubscript{X} Ozone Season allowances under subpart (ii) of this part. The CAIR NO\textsubscript{X} Ozone Season allowance allocation request must be submitted on or before April 1 before the first control period for which the CAIR NO\textsubscript{X} Ozone Season allowances are requested and after the date on which the CAIR NO\textsubscript{X} Ozone Season unit commences commercial operation.

(III) In a CAIR NO\textsubscript{X} Ozone Season allowance allocation request under item (iii)(II) of this part, the CAIR designated representative may request for a control period CAIR NO\textsubscript{X} Ozone Season allowances in an amount not exceeding any of the three following limits:

I. \(0.15 \text{ lb/mmBtu}\);

II. The allowable NO\textsubscript{X} emissions under any state or federal construction or operating permit;

III. Any provision in or that has been submitted to the EPA for amendment to the state implementation plan.

(IV) The permitting authority will review each CAIR NO\textsubscript{X} Ozone Season allowance allocation request under item (iii)(II) of this part and will allocate CAIR NO\textsubscript{X} Ozone Season allowances for each control period pursuant to such request as follows:

I. The permitting authority will accept an allowance allocation request only if the request meets, or is adjusted by the permitting authority as necessary to meet, the requirements of items (iii)(II) and (III) of this part.

II. On or after April 1 before the control period, the permitting authority will determine the sum of the CAIR NO\textsubscript{X} Ozone Season allowances requested (as adjusted under subitem (iii)(IV)I. of this part ) in all allowance allocation requests accepted under subitem (iii)(IV)I. of this part for the control period.
RULEMAKING HEARINGS

III. If the amount of CAIR NO\textsubscript{X} Ozone Season allowances in the new unit set-aside for the control period is greater than or equal to the sum under subitem (iii)(IV)II. of this part, then the permitting authority will allocate the amount of CAIR NO\textsubscript{X} Ozone Season allowances requested (as adjusted under subitem (iii)(IV)I. of this part) to each CAIR NO\textsubscript{X} Ozone Season unit covered by an allowance allocation request accepted under subitem (iii)(IV)I. of this part.

IV. If the amount of CAIR NO\textsubscript{X} Ozone Season allowances in the new unit set-aside for the control period is less than the sum under subitem (iii)(IV)II. of this part, then the permitting authority will allocate to each CAIR NO\textsubscript{X} Ozone Season unit covered by an allowance allocation request accepted under subitem (iii)(IV)I. of this part the amount of the CAIR NO\textsubscript{X} Ozone Season allowances requested (as adjusted under subitem (iii)(IV)I. of this part), multiplied by the amount of CAIR NO\textsubscript{X} Ozone Season allowances in the new unit set-aside for the control period, divided by the sum determined under, and rounded to the nearest whole allowance as appropriate.

V. The permitting authority will notify each CAIR designated representative that submitted an allowance allocation request of the amount of CAIR NO\textsubscript{X} Ozone Season allowances (if any) allocated for the control period to the CAIR NO\textsubscript{X} Ozone Season unit covered by the request.

(iv) If, after completion of the procedures under item (iii)(IV) of this part for a control period, any unallocated CAIR NO\textsubscript{X} Ozone Season allowances remain in the new unit set-aside for the control period, the permitting authority will allocate to each CAIR NO\textsubscript{X} Ozone Season unit that was allocated CAIR NO\textsubscript{X} Ozone Season allowances under subpart (ii) of this part an amount of CAIR NO\textsubscript{X} Ozone Season allowances using the following formula and rounding to the nearest whole NO\textsubscript{X} allowance as appropriate:

\[
\text{Unit's share of NO}_{X}\text{ allowances remaining in allocation set-aside} = \frac{(\text{Total NO}_{X}\text{ allowances remaining in allocation set-aside}) \times (\text{Unit's NO}_{X}\text{ allowance allocation})}{(\text{State trading program budget excluding allocation set-aside})}
\]

where:

“Total NO\textsubscript{X} allowances remaining in allocation set-aside” is the total number of NO\textsubscript{X} allowances remaining in the allocation set-aside for the unit type for the control period to which the allocation set-aside applies;

“Unit’s NO\textsubscript{X} allowance allocation” is the number of NO\textsubscript{X} allowances allocated under item 2.(ii)(II) of this subparagraph to the unit for the control period to which the allocation set-aside applies; and

“State trading program budget excluding allocation set-aside” is the State trading program budget apportioned to the unit type for the control period to which the allocation set-aside applies minus the allocation set-aside.

§ 96.301 Purpose.

This subpart and subparts BBBB through IIII establish the model rule comprising general provisions and the designated representative, permitting, allowance, monitoring, and opt-in provisions for the State Clean Air Interstate Rule (CAIR) NO\textsubscript{x} Ozone Season Trading Program, under section 110 of the Clean Air Act and § 51.123 of this chapter, as a means of mitigating interstate transport of ozone and nitrogen oxides. The owner or operator of a unit or a source shall comply with the requirements of this subpart and subparts BBBB through IIII as a matter of federal law only if the State with jurisdiction over the unit and the source incorporates by reference such subparts or otherwise adopts the requirements of such subparts in accordance with § 51.123(aa)(1) or (2), (bb), or (dd) of this chapter, the State submits to the Administrator one or more revisions of the State implementation plan that include such adoption, and the Administrator approves such revisions. If the State adopts the requirements of such subparts in accordance with § 51.123(aa)(1) or (2), (bb), or (dd) of this chapter, then the State authorizes the Administrator to assist the State in implementing the CAIR NO\textsubscript{x} Ozone Season Trading Program by carrying out the functions set forth for the Administrator in such subparts.

§ 96.302 Definitions.

The terms used in this subpart and subparts BBBB through IIII shall have the meanings set forth in this section as follows:

Account number means the identification number given by the Administrator to each CAIR NO\textsubscript{x} Ozone Season Allowance Tracking System account.

Acid Rain emissions limitation means a limitation on emissions of sulfur dioxide or nitrogen oxides under the Acid Rain Program.

§ 96.304 Applicability.
The following units in a State shall be CAIR NO\(_X\) Ozone Season units, and any source that includes one or more such units shall be a CAIR NO\(_X\) Ozone Season source, subject to the requirements of this subpart and subparts BBBB through HHHH of this part:

(a) Except as provided in paragraph (b) of this section, a stationary, fossil-fuel-fired boiler or stationary, fossil-fuel-fired combustion turbine serving at any time, since the start-up of the unit’s combustion chamber, a generator with nameplate capacity of more than 25 MWe producing electricity for sale.

(b) For a unit that qualifies as a cogeneration unit during the 12-month period starting on the date the unit first produces electricity and continues to qualify as a cogeneration unit, a cogeneration unit serving at any time a generator with nameplate capacity of more than 25 MWe and supplying in any calendar year more than one-third of the unit’s potential electric output capacity or 219,000 MWh, whichever is greater, to any utility power distribution system for sale. If a unit qualifies as a cogeneration unit during the 12-month period starting on the date the unit first produces electricity but subsequently no longer qualifies as a cogeneration unit, the unit shall be subject to paragraph (a) of this section starting on the day on which the unit first no longer qualifies as a cogeneration unit.

§ 96.305 Retired unit exemption.

(a) (1) Any CAIR NO\(_X\) Ozone Season unit that is permanently retired and is not a CAIR NO\(_X\) Ozone Season opt-in unit shall be exempt from the CAIR NO\(_X\) Ozone Season Trading Program, except for the provisions of this section, § 96.302, § 96.303, § 96.304, § 96.306(c)(4) through (8), § 96.307, and subparts BBBB and EEEE through GGGG of this part.

(2) The exemption under paragraph (a)(1) of this section shall become effective the day on which the CAIR NO\(_X\) Ozone Season unit is permanently retired. Within 30 days of the unit’s permanent retirement, the CAIR designated representative shall submit a statement to the permitting authority otherwise responsible for administering any CAIR permit for the unit and shall submit a copy of the statement to the Administrator. The statement shall state, in a format prescribed by the permitting authority, that the unit was permanently retired on a specific date and will comply with the requirements of paragraph (b) of this section.

(3) After receipt of the statement under paragraph (a)(2) of this section, the permitting authority will amend any permit under subpart CCCC of this part covering the source at which the unit is located to add the provisions and requirements of the exemption under paragraphs (a)(1) and (b) of this section.

(b) Special provisions.

(1) A unit exempt under paragraph (a) of this section shall not emit any nitrogen oxides, starting on the date that the exemption takes effect.

(2) The permitting authority will allocate CAIR NO\(_X\) Ozone Season allowances under subpart EEEE of this part to a unit exempt under paragraph (a) of this section.

(3) For a period of 5 years from the date the records are created, the owners and operators of a unit exempt under paragraph (a) of this section shall retain at the source that includes the unit, records demonstrating that the unit is permanently retired. The 5-year period for keeping records may be extended for cause, at any time before the end of the period, in
writing by the permitting authority or the Administrator. The owners and operators bear the burden of proof that the unit is permanently retired.

(4) The owners and operators and, to the extent applicable, the CAIR designated representative of a unit exempt under paragraph (a) of this section shall comply with the requirements of the CAIR NOₓ Ozone Season Trading Program concerning all periods for which the exemption is not in effect, even if such requirements arise, or must be complied with, after the exemption takes effect.

(5) A unit exempt under paragraph (a) of this section and located at a source that is required, or but for this exemption would be required, to have a title V operating permit shall not resume operation unless the CAIR designated representative of the source submits a complete CAIR permit application under § 96.322 for the unit not less than 18 months (or such lesser time provided by the permitting authority) before the later of January 1, 2009 or the date on which the unit resumes operation.

(6) On the earlier of the following dates, a unit exempt under paragraph (a) of this section shall lose its exemption:

(i) The date on which the CAIR designated representative submits a CAIR permit application for the unit under paragraph (b)(5) of this section;

(ii) The date on which the CAIR designated representative is required under paragraph (b)(5) of this section to submit a CAIR permit application for the unit; or

(iii) The date on which the unit resumes operation, if the CAIR designated representative is not required to submit a CAIR permit application for the unit.

(7) For the purpose of applying monitoring, reporting, and recordkeeping requirements under subpart HHHH of this part, a unit that loses its exemption under paragraph (a) of this section shall be treated as a unit that commences operation and commercial operation on the first date on which the unit resumes operation.

§ 96.306 Standard requirements.

(a) Permit Requirements.

(1) The CAIR designated representative of each CAIR NOₓ Ozone Season source required to have a title V operating permit and each CAIR NOₓ Ozone Season unit required to have a title V operating permit at the source shall:

(i) Submit to the permitting authority a complete CAIR permit application under § 96.322 in accordance with the deadlines specified in § 96.321; and

(ii) Submit in a timely manner any supplemental information that the permitting authority determines is necessary in order to review a CAIR permit application and issue or deny a CAIR permit.

(2) The owners and operators of each CAIR NOₓ Ozone Season source required to have a title V operating permit and each CAIR NOₓ Ozone Season unit required to have a title V operating permit at the source shall have a CAIR permit issued by the permitting authority under subpart CCCC of this part for the source and operate the source and the unit in compliance with such CAIR permit.
(3) Except as provided in subpart III of this part, the owners and operators of a CAIR NOx Ozone Season source that is not otherwise required to have a title V operating permit and each CAIR NOx Ozone Season unit that is not otherwise required to have a title V operating permit are not required to submit a CAIR permit application, and to have a CAIR permit, under subpart CCCC of this part for such CAIR NOx Ozone Season source and such CAIR NOx Ozone Season unit.

(b) Monitoring, reporting, and recordkeeping requirements.

(1) The owners and operators, and the CAIR designated representative, of each CAIR NOx Ozone Season source and each CAIR NOx Ozone Season unit at the source shall comply with the monitoring, reporting, and recordkeeping requirements of subpart HHHH of this part.

(2) The emissions measurements recorded and reported in accordance with subpart HHHH of this part shall be used to determine compliance by each CAIR NOx Ozone Season source with the CAIR NOx Ozone Season emissions limitation under paragraph (c) of this section.

(c) Nitrogen oxides ozone season emission requirements.

(1) As of the allowance transfer deadline for a control period, the owners and operators of each CAIR NOx Ozone Season source and each CAIR NOx Ozone Season unit at the source shall hold, in the source’s compliance account, CAIR NOx Ozone Season allowances available for compliance deductions for the control period under § 96.354(a) in an amount not less than the tons of total nitrogen oxides emissions for the control period from all CAIR NOx Ozone Season units at the source, as determined in accordance with subpart HHHH of this part.

(2) A CAIR NOx Ozone Season unit shall be subject to the requirements under paragraph (c)(1) of this section for the control period starting on the later of May 1, 2009 or the deadline for meeting the unit’s monitor certification requirements under § 96.370(b)(1), (2), (3), or (7) and for each control period thereafter.

(3) A CAIR NOx Ozone Season allowance shall not be deducted, for compliance with the requirements under paragraph (c)(1) of this section, for a control period in a calendar year before the year for which the CAIR NOx Ozone Season allowance was allocated.

(4) CAIR NOx Ozone Season allowances shall be held in, deducted from, or transferred into or among CAIR NOx Ozone Season Allowance Tracking System accounts in accordance with subpart EEEE of this part.

(5) A CAIR NOx Ozone Season allowance is a limited authorization to emit one ton of nitrogen oxides in accordance with the CAIR NOx Ozone Season Trading Program. No provision of the CAIR NOx Ozone Season Trading Program, the CAIR permit application, the CAIR permit, or an exemption under § 96.305 and no provision of law shall be construed to limit the authority of the State or the United States to terminate or limit such authorization.

(6) A CAIR NOx Ozone Season allowance does not constitute a property right.

(7) Upon recordation by the Administrator under subpart FFFF, GGGG, or IIII of this part, every allocation, transfer, or deduction of a CAIR NOx Ozone Season allowance to or
from a CAIR NO\textsubscript{x} Ozone Season unit's compliance account is incorporated automatically in any CAIR permit of the source that includes the CAIR NO\textsubscript{x} Ozone Season unit.

(d) Excess emissions requirements. If a CAIR NO\textsubscript{x} Ozone Season source emits nitrogen oxides during any control period in excess of the CAIR NO\textsubscript{x} Ozone Season emissions limitation, then:

(1) The owners and operators of the source and each CAIR NO\textsubscript{x} Ozone Season unit at the source shall surrender the CAIR NO\textsubscript{x} Ozone Season allowances required for deduction under § 96.354(d)(1) and pay any fine, penalty, or assessment or comply with any other remedy imposed, for the same violations, under the Clean Air Act or applicable State law; and

(2) Each ton of such excess emissions and each day of such control period shall constitute a separate violation of this subpart, the Clean Air Act, and applicable State law.

(e) Recordkeeping and reporting requirements.

(1) Unless otherwise provided, the owners and operators of the CAIR NO\textsubscript{x} Ozone Season source and each CAIR NO\textsubscript{x} Ozone Season unit at the source shall keep on site at the source each of the following documents for a period of 5 years from the date the document is created. This period may be extended for cause, at any time before the end of 5 years, in writing by the permitting authority or the Administrator.

(i) The certificate of representation under § 96.313 for the CAIR designated representative for the source and each CAIR NO\textsubscript{x} Ozone Season unit at the source and all documents that demonstrate the truth of the statements in the certificate of representation; provided that the certificate and documents shall be retained on site at the source beyond such 5-year period until such documents are superseded because of the submission of a new certificate of representation under § 96.313 changing the CAIR designated representative.

(ii) All emissions monitoring information, in accordance with subpart HHHH of this part, provided that to the extent that subpart HHHH of this part provides for a 3-year period for recordkeeping, the 3-year period shall apply.

(iii) Copies of all reports, compliance certifications, and other submissions and all records made or required under the CAIR NO\textsubscript{x} Ozone Season Trading Program.

(iv) Copies of all documents used to complete a CAIR permit application and any other submission under the CAIR NO\textsubscript{x} Ozone Season Trading Program or to demonstrate compliance with the requirements of the CAIR NO\textsubscript{x} Ozone Season Trading Program.

(2) The CAIR designated representative of a CAIR NO\textsubscript{x} Ozone Season source and each CAIR NO\textsubscript{x} Ozone Season unit at the source shall submit the reports required under the CAIR NO\textsubscript{x} Ozone Season Trading Program, including those under subpart HHHH of this part.

(f) Liability.

(1) Each CAIR NO\textsubscript{x} Ozone Season source and each CAIR NO\textsubscript{x} Ozone Season unit shall meet the requirements of the CAIR NO\textsubscript{x} Ozone Season Trading Program.
(2) Any provision of the CAIR NO\textsubscript{x} Ozone Season Trading Program that applies to a CAIR NO\textsubscript{x} Ozone Season source or the CAIR designated representative of a CAIR NO\textsubscript{x} Ozone Season source shall also apply to the owners and operators of such source and of the CAIR NO\textsubscript{x} Ozone Season units at the source.

(3) Any provision of the CAIR NO\textsubscript{x} Ozone Season Trading Program that applies to a CAIR NO\textsubscript{x} Ozone Season unit or the CAIR designated representative of a CAIR NO\textsubscript{x} Ozone Season unit shall also apply to the owners and operators of such unit.

(g) Effect on other authorities. No provision of the CAIR NO\textsubscript{x} Ozone Season Trading Program, a CAIR permit application, a CAIR permit, or an exemption under § 96.305 shall be construed as exempting or excluding the owners and operators, and the CAIR designated representative, of a CAIR NO\textsubscript{x} Ozone Season source or CAIR NO\textsubscript{x} Ozone Season unit from compliance with any other provision of the applicable, approved State implementation plan, a federally enforceable permit, or the Clean Air Act.

§ 96.307 Computation of time.

(a) Unless otherwise stated, any time period scheduled, under the CAIR NO\textsubscript{x} Ozone Season Trading Program, to begin on the occurrence of an act or event shall begin on the day the act or event occurs.

(b) Unless otherwise stated, any time period scheduled, under the CAIR NO\textsubscript{x} Ozone Season Trading Program, to begin before the occurrence of an act or event shall be computed so that the period ends the day before the act or event occurs.

(c) Unless otherwise stated, if the final day of any time period, under the CAIR NO\textsubscript{x} Ozone Season Trading Program, falls on a weekend or a State or Federal holiday, the time period shall be extended to the next business day.

§ 96.308 Appeal Procedures.

The appeal procedures for decisions of the Administrator under the CAIR NO\textsubscript{x} Ozone Season Trading Program are set forth in part 78 of this chapter.

(b) Except as provided in § 96.312(a) or (b), no objection or other communication submitted to the permitting authority or the Administrator concerning the authorization, or any representation, action, inaction, or submission, of the CAIR designated representative shall affect any representation, action, inaction, or submission of the CAIR designated representative or the finality of any decision or order by the permitting authority or the Administrator under the CAIR NO\textsubscript{X} Ozone Season Trading Program.
(c) Neither the permitting authority nor the Administrator will adjudicate any private legal dispute concerning the authorization or any representation, action, inaction, or submission of any CAIR designated representative, including private legal disputes concerning the proceeds of CAIR NO\textsubscript{X} Ozone Season allowance transfers.

(b) If a permitting authority issues additional CAIR NO$_x$ Ozone Season allowance allocations under § 51.123(aa)(2)(iii)(A) of this chapter, the amount in the State trading budget for a control period in a calendar year will be the sum of the amount set forth for the State and for the year in paragraph (a) of this section and the amount of additional CAIR NO$_x$ Ozone Season allowance allocations issued under § 51.123(aa)(2)(iii)(A) of this chapter for the year.

§ 96.341 Timing requirements for CAIR NO$_x$ Ozone Season allowance allocations.

(a) By October 31, 2006, the permitting authority will submit to the Administrator the CAIR NO$_x$ Ozone Season allowance allocations, in a format prescribed by the Administrator and in accordance with § 96.342(a) and (b), for the control periods in 2009, 2010, 2011, 2012, 2013, and 2014.

(b) (1) By October 31, 2009 and October 31 of each year thereafter, the permitting authority will submit to the Administrator the CAIR NO$_x$ Ozone Season allowance allocations, in a format prescribed by the Administrator and in accordance with § 96.342(a) and (b), for the control period in the sixth year after the year of the applicable deadline for submission under this paragraph.

(2) If the permitting authority fails to submit to the Administrator the CAIR NO$_x$ Ozone Season allowance allocations in accordance with paragraph (b)(1), the Administrator will assume that the allocations of CAIR NO$_x$ Ozone Season allowances for the applicable control period are the same as for the control period that immediately precedes the applicable control period, except that, if the applicable control period is in 2015, the Administrator will assume that the allocations equal 83 percent of the allocations for the control period that immediately precedes the applicable control period.

(c) (1) By July 31, 2009 and July 31 of each year thereafter, the permitting authority will submit to the Administrator the CAIR NO$_x$ Ozone Season allowance allocations, in a format prescribed by the Administrator and in accordance with § 96.342(a), (c), and (d), for the control period in the year of the applicable deadline for submission under this paragraph.
(2) If the permitting authority fails to submit to the Administrator the CAIR NO$_x$ Ozone Season allowance allocations in accordance with paragraph (c)(1) of this section, the Administrator will assume that the allocations of CAIR NO$_x$ Ozone Season allowances for the applicable control period are the same as for the control period that immediately precedes the applicable control period, except that, if the applicable control period is in 2015, the Administrator will assume that the allocations equal 83 percent of the allocations for the control period that immediately precedes the applicable control period and except that any CAIR NO$_x$ Ozone Season unit that would otherwise be allocated CAIR NO$_x$ Ozone Season allowances under § 96.342(a) and (b), as well as under § 96.342(a), (c), and (d), for the applicable control period will be assumed to be allocated no CAIR NO$_x$ Ozone Season allowances under § 96.342(a), (c), and (d) for the applicable control period.

§ 96.342 CAIR NO$_x$ Ozone Season allowance allocations.

(a) (1) The baseline heat input (in mmBtu) used with respect to CAIR NO$_x$ Ozone Season allowance allocations under paragraph (b) of this section for each CAIR NO$_x$ Ozone Season unit will be:

(i) For units commencing operation before January 1, 2001 the average of the 3 highest amounts of the unit’s adjusted control period heat input for 2000 through 2004, with the adjusted control period heat input for each year calculated as follows:

(A) If the unit is coal-fired during the year, the unit’s control period heat input for such year is multiplied by 100 percent;

(B) If the unit is oil-fired during the year, the unit’s control period heat input for such year is multiplied by 60 percent; and

(C) If the unit is not subject to paragraph (a)(1)(i)(A) or (B) of this section, the unit’s control period heat input for such year is multiplied by 40 percent.

(ii) For units commencing operation on or after January 1, 2001 and operating each calendar year during a period of 5 or more consecutive calendar years, the average of the 3 highest amounts of the unit’s total converted control period heat input over the first such 5 years.

(2) (i) A unit’s control period heat input, and a unit’s status as coal-fired or oil-fired, for a calendar year under paragraph (a)(1)(i) of this section, and a unit’s total tons of NO$_x$ emissions during a control period in a calendar year under paragraph (c)(3) of this section, will be determined in accordance with part 75 of this chapter, to the extent the unit was otherwise subject to the requirements of part 75 of this chapter for the year, or will be based on the best available data reported to the permitting authority for the unit, to the extent the unit was not otherwise subject to the requirements of part 75 of this chapter for the year.

(ii) A unit’s converted control period heat input for a calendar year specified under paragraph (a)(1)(ii) of this section equals:

(A) Except as provided in paragraph (a)(2)(ii)(B) or (C) of this section, the control period gross electrical output of the generator or generators served by the unit multiplied by 7,900 Btu/kWh, if the unit is coal-fired for the year, or 6,675 Btu/kWh, if the unit is not coal-fired for the year, and divided by 1,000,000
RULEMAKING HEARINGS

Btu/mmBtu, provided that if a generator is served by 2 or more units, then the gross electrical output of the generator will be attributed to each unit in proportion to the unit's share of the total control period heat input of such units for the year;

(B) For a unit that is a boiler and has equipment used to produce electricity and useful thermal energy for industrial, commercial, heating, or cooling purposes through the sequential use of energy, the total heat energy (in Btu) of the steam produced by the boiler during the control period, divided by 0.8 and by 1,000,000 Btu/mmBtu; or

(C) For a unit that is a combustion turbine and has equipment used to produce electricity and useful thermal energy for industrial, commercial, heating, or cooling purposes through the sequential use of energy, the control period gross electrical output of the enclosed device comprising the compressor, combustor, and turbine multiplied by 3,414 Btu/kWh, plus the total heat energy (in Btu) of the steam produced by any associated heat recovery steam generator during the control period divided by 0.8, and with the sum divided by 1,000,000 Btu/mmBtu.

(b) (1) For each control period in 2009 and thereafter, the permitting authority will allocate to all CAIR NOx Ozone Season units in the State that have a baseline heat input (as determined under paragraph (a) of this section) a total amount of CAIR NOx Ozone Season allowances equal to 95 percent for a control period during 2009 through 2014, and 97 percent for a control period during 2015 and thereafter, of the tons of NOx emissions in the State trading budget under § 96.340 (except as provided in paragraph (d) of this section).

(2) The permitting authority will allocate CAIR NOx Ozone Season allowances to each CAIR NOx Ozone Season unit under paragraph (b)(1) of this section in an amount determined by multiplying the total amount of CAIR NOx Ozone Season allowances allocated under paragraph (b)(1) of this section by the ratio of the baseline heat input of such CAIR NOx Ozone Season unit to the total amount of baseline heat input of all such CAIR NOx Ozone Season units in the State and rounding to the nearest whole allowance as appropriate.

(c) For each control period in 2009 and thereafter, the permitting authority will allocate CAIR NOx Ozone Season allowances to CAIR NOx Ozone Season units in the State that commenced operation on or after January 1, 2001 and do not yet have a baseline heat input (as determined under paragraph (a) of this section), in accordance with the following procedures:

(1) The permitting authority will establish a separate new unit set-aside for each control period. Each new unit set-aside will be allocated CAIR NOx Ozone Season allowances equal to 5 percent for a control period in 2009 through 2014, and 3 percent for a control period in 2015 and thereafter, of the amount of tons of NOx emissions in the State trading budget under § 96.340.

(2) The CAIR designated representative of such a CAIR NOx Ozone Season unit may submit to the permitting authority a request, in a format specified by the permitting authority, to be allocated CAIR NOx Ozone Season allowances, starting with the later of the control period in 2009 or the first control period after the control period in which the CAIR NOx Ozone Season unit commences commercial operation and until the first control period for which the unit is allocated CAIR NOx Ozone Season allowances under paragraph (b) of this section. The CAIR NOx Ozone Season allowance allocation request must be submitted
on or before April 1 before the first control period for which the CAIR NO\textsubscript{x} Ozone Season allowances are requested and after the date on which the CAIR NO\textsubscript{x} Ozone Season unit commences commercial operation.

(3) In a CAIR NO\textsubscript{x} Ozone Season allowance allocation request under paragraph (c)(2) of this section, the CAIR designated representative may request for a control period CAIR NO\textsubscript{x} Ozone Season allowances in an amount not exceeding the CAIR NO\textsubscript{x} Ozone Season unit's total tons of NO\textsubscript{x} emissions during the control period immediately before such control period.

(4) The permitting authority will review each CAIR NO\textsubscript{x} Ozone Season allowance allocation request under paragraph (c)(2) of this section and will allocate CAIR NO\textsubscript{x} Ozone Season allowances for each control period pursuant to such request as follows:

(i) The permitting authority will accept an allowance allocation request only if the request meets, or is adjusted by the permitting authority as necessary to meet, the requirements of paragraphs (c)(2) and (3) of this section.

(ii) On or after April 1 before the control period, the permitting authority will determine the sum of the CAIR NO\textsubscript{x} Ozone Season allowances requested (as adjusted under paragraph (c)(4)(i) of this section) in all allowance allocation requests accepted under paragraph (c)(4)(i) of this section for the control period.

(iii) If the amount of CAIR NO\textsubscript{x} Ozone Season allowances in the new unit set-aside for the control period is greater than or equal to the sum under paragraph (c)(4)(ii) of this section, then the permitting authority will allocate the amount of CAIR NO\textsubscript{x} Ozone Season allowances requested (as adjusted under paragraph (c)(4)(i) of this section) to each CAIR NO\textsubscript{x} Ozone Season unit covered by an allowance allocation request accepted under paragraph (c)(4)(i) of this section.

(iv) If the amount of CAIR NO\textsubscript{x} Ozone Season allowances in the new unit set-aside for the control period is less than the sum under paragraph (c)(4)(ii) of this section, then the permitting authority will allocate to each CAIR NO\textsubscript{x} Ozone Season unit covered by an allowance allocation request accepted under paragraph (c)(4)(i) of this section the amount of the CAIR NO\textsubscript{x} Ozone Season allowances requested (as adjusted under paragraph (c)(4)(i) of this section), multiplied by the amount of CAIR NO\textsubscript{x} Ozone Season allowances in the new unit set-aside for the control period, divided by the sum determined under paragraph (c)(4)(ii) of this section, and rounded to the nearest whole allowance as appropriate.

(v) The permitting authority will notify each CAIR designated representative that submitted an allowance allocation request of the amount of CAIR NO\textsubscript{x} Ozone Season allowances (if any) allocated for the control period to the CAIR NO\textsubscript{x} Ozone Season unit covered by the request.

(d) If, after completion of the procedures under paragraph (c)(4) of this section for a control period, any unallocated CAIR NO\textsubscript{x} Ozone Season allowances remain in the new unit set-aside for the control period, the permitting authority will allocate to each CAIR NO\textsubscript{x} Ozone Season unit that was allocated CAIR NO\textsubscript{x} Ozone Season allowances under paragraph (b) of this section an amount of CAIR NO\textsubscript{x} Ozone Season allowances equal to the total amount of such remaining unallocated CAIR NO\textsubscript{x} Ozone Season allowances, multiplied by the unit's allocation under paragraph (b) of this section, divided by 95 percent for a control period during 2009 through
2014, and 97 percent for a control period during 2015 and thereafter, of the amount of tons of NO\textsubscript{X} emissions in the State trading budget under § 96.340, and rounded to the nearest whole allowance as appropriate.

Subpart FFFF – CAIR NO\textsubscript{X} Ozone Season Allowance Tracking System

I certify under penalty of law that I have personally examined, and am familiar with, the statements and information submitted in this document and all its attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false statements and information or omitting required statements and information, including the possibility of fine or imprisonment.”

(iii) The Administrator will accept or act on a submission concerning the general account only if the submission has been made, signed, and certified in accordance with paragraph (b)(2)(iii) of this section.
(3) Changing CAIR authorized account representative and alternate CAIR authorized account representative; changes in persons with ownership interest.

(i) The CAIR authorized account representative for a general account may be changed at any time upon receipt by the Administrator of a superseding complete application for a general account under paragraph (b)(1) of this section. (iii) The Administrator will not adjudicate any private legal dispute concerning the authorization or any representation, action, inaction, or submission of the CAIR authorized account representative or any alternative CAIR authorized account representative for a general account, including private legal disputes concerning the proceeds of CAIR NO\textsubscript{X} Ozone Season allowance transfers.

(c) Account identification. The Administrator will assign a unique identifying number to each account established under paragraph (a) or (b) of this section.

§ 96.352 Responsibilities of CAIR authorized account representative.

Following the establishment of a CAIR NO\textsubscript{X} Ozone Season Allowance Tracking System account, all submissions to the Administrator pertaining to the account, including, but not limited to, submissions concerning the deduction or transfer of CAIR NO\textsubscript{X} Ozone Season allowances in the account, shall be made only by the CAIR authorized account representative for the account.

§ 96.353 Recordation of CAIR NO\textsubscript{X} Ozone Season allowance allocations.

(a) The Administrator will record in the CAIR NO\textsubscript{X} Ozone Season source’s compliance account the CAIR NO\textsubscript{X} Ozone Season allowances allocated for the CAIR NO\textsubscript{X} Ozone Season units at a source, as submitted by the permitting authority in accordance with § 96.341(a), for the control periods in 2009, 2010, 2011, 2012, 2013, and 2014.

(b) By December 1, 2009, the Administrator will record in the CAIR NO\textsubscript{X} Ozone Season source’s compliance account the CAIR NO\textsubscript{X} Ozone Season allowances allocated for the CAIR NO\textsubscript{X} Ozone Season units at the source, as submitted by the permitting authority or as determined by the Administrator in accordance with § 96.341(b), for the control period in 2015.

(c) In 2011 and each year thereafter, after the Administrator has made all deductions (if any) from a CAIR NO\textsubscript{X} Ozone Season source’s compliance account under § 96.354, the Administrator will record in the CAIR NO\textsubscript{X} Ozone Season source’s compliance account the CAIR NO\textsubscript{X} Ozone Season allowances allocated for the CAIR NO\textsubscript{X} Ozone Season units at the source, as submitted by the permitting authority or determined by the Administrator in accordance with § 96.341(b), for the control period in the sixth year after the year of the control period for which such deductions were or could have been made.

(d) By September 1, 2009 and September 1 of each year thereafter, the Administrator will record in the CAIR NO\textsubscript{X} Ozone Season source’s compliance account the CAIR NO\textsubscript{X} Ozone Season allowances allocated for the CAIR NO\textsubscript{X} Ozone Season units at the source, as submitted by the permitting authority or determined by the Administrator in accordance with § 96.341(c), for the control period in the year of the applicable deadline for recordation under this paragraph.

(e) Serial numbers for allocated CAIR NO\textsubscript{X} Ozone Season allowances. When recording the allocation of CAIR NO\textsubscript{X} Ozone Season allowances for a CAIR NO\textsubscript{X} Ozone Season unit in a compliance account, the Administrator will assign each CAIR NO\textsubscript{X} Ozone Season allowance a unique identification number that will include digits identifying the year of the control period for which the CAIR NO\textsubscript{X} Ozone Season allowance is allocated.

§ 96.354 Compliance with CAIR NO\textsubscript{X} emissions limitation.
(a) Allowance transfer deadline. The CAIR NO$_x$ Ozone Season allowances are available to be deducted for compliance with a source’s CAIR NO$_x$ Ozone Season emissions limitation for a control period in a given calendar year only if the CAIR NO$_x$ Ozone Season allowances:

1. Were allocated for the control period in the year or a prior year;

2. Are held in the compliance account as of the allowance transfer deadline for the control period or are transferred into the compliance account by a CAIR NO$_x$ Ozone Season allowance transfer correctly submitted for recordation under § 96.360 by the allowance transfer deadline for the control period; and

3. Are not necessary for deductions for excess emissions for a prior control period under paragraph (d) of this section.

(b) Deductions for compliance. Following the recordation, in accordance with § 96.361, of CAIR NO$_x$ Ozone Season allowance transfers submitted for recordation in a source’s compliance account by the allowance transfer deadline for a control period, the Administrator will deduct from the compliance account CAIR NO$_x$ Ozone Season allowances available under paragraph (a) of this section in order to determine whether the source meets the CAIR NO$_x$ Ozone Season emissions limitation for the control period, as follows:

1. Until the amount of CAIR NO$_x$ Ozone Season allowances deducted equals the number of tons of total nitrogen oxides emissions, determined in accordance with subpart HHHH of this part, from all CAIR NO$_x$ Ozone Season units at the source for the control period; or

2. If there are insufficient CAIR NO$_x$ Ozone Season allowances to complete the deductions in paragraph (b)(1) of this section, until no more CAIR NO$_x$ Ozone Season allowances available under paragraph (a) of this section remain in the compliance account.

(c) (1) Identification of CAIR NO$_x$ Ozone Season allowances by serial number. The CAIR authorized account representative for a source’s compliance account may request that specific CAIR NO$_x$ Ozone Season allowances, identified by serial number, in the compliance account be deducted for emissions or excess emissions for a control period in accordance with paragraph (b) or (d) of this section. Such request shall be submitted to the Administrator by the allowance transfer deadline for the control period and include, in a format prescribed by the Administrator, the identification of the CAIR NO$_x$ Ozone Season source and the appropriate serial numbers.

(2) First-in, first-out. The Administrator will deduct CAIR NO$_x$ Ozone Season allowances under paragraph (b) or (d) of this section from the source’s compliance account, in the absence of an identification or in the case of a partial identification of CAIR NO$_x$ Ozone Season allowances by serial number under paragraph (c)(1) of this section, on a first-in, first-out (FIFO) accounting basis in the following order:

(i) Any CAIR NO$_x$ Ozone Season allowances that were allocated to the units at the source, in the order of recordation; and then

(ii) Any CAIR NO$_x$ Ozone Season allowances that were allocated to any entity and transferred and recorded in the compliance account pursuant to subpart GGGG of this part, in the order of recordation.

(d) Deductions for excess emissions.
(1) After making the deductions for compliance under paragraph (b) of this section for a control period in a calendar year in which the CAIR NO\textsubscript{X} Ozone Season source has excess emissions, the Administrator will deduct from the source's compliance account an amount of CAIR NO\textsubscript{X} Ozone Season allowances, allocated for the control period in the immediately following calendar year, equal to 3 times the number of tons of the source's excess emissions.

(2) Any allowance deduction required under paragraph (d)(1) of this section shall not affect the liability of the owners and operators of the CAIR NO\textsubscript{X} Ozone Season source or the CAIR NO\textsubscript{X} Ozone Season units at the source for any fine, penalty, or assessment, or their obligation to comply with any other remedy, for the same violations, as ordered under the Clean Air Act or applicable State law.

(e) Recordation of deductions. The Administrator will record in the appropriate compliance account all deductions from such an account under paragraph (b) or (d) of this section.

(f) Administrator’s action on submissions.

(1) The Administrator may review and conduct independent audits concerning any submission under the CAIR NO\textsubscript{X} Ozone Season Trading Program and make appropriate adjustments of the information in the submissions.

(2) The Administrator may deduct CAIR NO\textsubscript{X} Ozone Season allowances from or transfer CAIR NO\textsubscript{X} Ozone Season allowances to a source’s compliance account based on the information in the submissions, as adjusted under paragraph (f)(1) of this section.

§ 96.355 Banking.

(a) CAIR NO\textsubscript{X} Ozone Season allowances may be banked for future use or transfer in a compliance account or a general account in accordance with paragraph (b) of this section.

(b) Any CAIR NO\textsubscript{X} Ozone Season allowance that is held in a compliance account or a general account will remain in such account unless and until the CAIR NO\textsubscript{X} Ozone Season allowance is deducted or transferred under § 96.354, § 96.356, or subpart GGGG of this part.

§ 96.356 Account error.

The Administrator may, at his or her sole discretion and on his or her own motion, correct any error in any CAIR NO\textsubscript{X} Ozone Season Allowance Tracking System account. Within 10 business days of making such correction, the Administrator will notify the CAIR authorized account representative for the account.

§ 96.357 Closing of general accounts.

(a) The CAIR authorized account representative of a general account may submit to the Administrator a request to close the account, which shall include a correctly submitted allowance transfer under § 96.360 for any CAIR NO\textsubscript{X} Ozone Season allowances in the account to one or more other CAIR NO\textsubscript{X} Ozone Season Allowance Tracking System accounts.

(b) If a general account has no allowance transfers in or out of the account for a 12-month period or longer and does not contain any CAIR NO\textsubscript{X} Ozone Season allowances, the Administrator may notify the CAIR authorized account representative for the account that the account will be closed following 20 business days after the notice is sent. The account will be closed after the
20-day period unless, before the end of the 20-day period, the Administrator receives a correctly submitted transfer of CAIR NO\textsubscript{X} Ozone Season allowances into the account under § 96.360 or a statement submitted by the CAIR authorized account representative demonstrating to the satisfaction of the Administrator good cause as to why the account should not be closed.

Subpart GGGG – CAIR NO\textsubscript{X} Ozone Season Allowance Transfers

§ 96.360 Submission of CAIR NO\textsubscript{X} Ozone Season allowance transfers.

A CAIR authorized account representative seeking recordation of a CAIR NO\textsubscript{X} Ozone Season allowance transfer shall submit the transfer to the Administrator. To be considered correctly submitted, the CAIR NO\textsubscript{X} Ozone Season allowance transfer shall include the following elements, in a format specified by the Administrator:

(a) The account numbers for both the transferor and transferee accounts;

(b) The serial number of each CAIR NO\textsubscript{X} Ozone Season allowance that is in the transferor account and is to be transferred; and

(c) The name and signature of the CAIR authorized account representative of the transferor account and the date signed.

§ 96.361 EPA recordation.

(a) Within 5 business days (except as provided in paragraph (b) of this section) of receiving a CAIR NO\textsubscript{X} Ozone Season allowance transfer, the Administrator will record a CAIR NO\textsubscript{X} Ozone Season allowance transfer by moving each CAIR NO\textsubscript{X} Ozone Season allowance from the transferor account to the transferee account as specified by the request, provided that:

(1) The transfer is correctly submitted under § 96.360; and

(2) The transferor account includes each CAIR NO\textsubscript{X} Ozone Season allowance identified by serial number in the transfer.

(b) A CAIR NO\textsubscript{X} Ozone Season allowance transfer that is submitted for recordation after the allowance transfer deadline for a control period and that includes any CAIR NO\textsubscript{X} Ozone Season allowances allocated for any control period before such allowance transfer deadline will not be recorded until after the Administrator completes the deductions under § 96.354 for the control period immediately before such allowance transfer deadline.

(c) Where a CAIR NO\textsubscript{X} Ozone Season allowance transfer submitted for recordation fails to meet the requirements of paragraph (a) of this section, the Administrator will not record such transfer.

§ 96.362 Notification.

(a) Notification of recordation. Within 5 business days of recordation of a CAIR NO\textsubscript{X} Ozone Season allowance transfer under § 96.361, the Administrator will notify the CAIR authorized account representatives of both the transferor and transferee accounts.

(b) Notification of non-recordation. Within 10 business days of receipt of a CAIR NO\textsubscript{X} Ozone Season allowance transfer that fails to meet the requirements of § 96.361(a), the Administrator will notify the CAIR authorized account representatives of both accounts subject to the transfer of:
(1) A decision not to record the transfer, and

(2) The reasons for such non-recordation.

(c) Nothing in this section shall preclude the submission of a CAIR NO\textsubscript{x} Ozone Season allowance transfer for recordation following notification of non-recordation.

Subpart HHHH – Monitoring and Reporting

§ 96.370 General Requirements.

The owners and operators, and to the extent applicable, the CAIR designated representative, of a CAIR NO\textsubscript{x} Ozone Season unit, shall comply with the monitoring, recordkeeping, and reporting requirements as provided in this subpart and in subpart H of part 75 of this chapter. For purposes of complying with such requirements, the definitions in § 96.302 and in § 72.2 of this chapter shall apply, and the terms “affected unit,” “designated representative,” and “continuous emission monitoring system” (or “CEMS”) in part 75 of this chapter shall be deemed to refer to the terms “CAIR NO\textsubscript{x} Ozone Season unit,” “CAIR designated representative,” and “continuous emission monitoring system” (or “CEMS”) respectively, as defined in § 96.302. The owner or operator of a unit that is not a CAIR NO\textsubscript{x} Ozone Season unit but that is monitored under § 75.72(b)(2)(ii) of this chapter shall comply with the same monitoring, recordkeeping, and reporting requirements as a CAIR NO\textsubscript{x} Ozone Season unit.

(a) Requirements for installation, certification, and data accounting. The owner or operator of each CAIR NO\textsubscript{x} Ozone Season unit shall:

(7) Notwithstanding the dates in paragraphs (b)(1), (2), and (3) of this section and solely for purposes of § 96.306(c)(2), for the owner or operator of a CAIR NO\textsubscript{X} Ozone Season opt-in unit under subpart IIII of this part, by the date on which the CAIR NO\textsubscript{X} Ozone Season opt-in unit enters the CAIR NO\textsubscript{X} Ozone Season Trading Program as provided in § 96.384(g).

(c) Reporting data.

(1) Except as provided in paragraph (c)(2) of this section, the owner or operator of a CAIR NO\textsubscript{X} Ozone Season unit that does not meet the applicable compliance date set forth in paragraph (b) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report maximum potential (or, as appropriate, minimum potential) values for NO\textsubscript{X} concentration, NO\textsubscript{X} emission rate, stack gas flow rate, stack gas moisture content, fuel flow rate, and any other
parameters required to determine NO\textsubscript{X} mass emissions and heat input in accordance with § 75.31(b)(2) or (c)(3) of this chapter, section 2.4 of appendix D to part 75 of this chapter, or section 2.5 of appendix E to part 75 of this chapter, as applicable.

(2) The owner or operator of a CAIR NO\textsubscript{X} unit that does not meet the applicable compliance date set forth in paragraph (b)(4) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report substitute data using the applicable missing data procedures in § 75.74(c)(7) of this chapter or subpart D or subpart H of, or appendix D or appendix E to, part 75 of this chapter, in lieu of the maximum potential (or, as appropriate, minimum potential) values, for a parameter if the owner or operator demonstrates that there is continuity between the data streams for that parameter before and after the construction or installation under paragraph (b)(4) of this section.

(d) Prohibitions

(1) No owner or operator of a CAIR NO\textsubscript{X} Ozone Season unit shall use any alternative monitoring system, alternative reference method, or any other alternative to any requirement of this subpart without having obtained prior written approval in accordance with § 96.375.

(2) No owner or operator of a CAIR NO\textsubscript{X} Ozone Season unit shall operate the unit so as to discharge, or allow to be discharged, NO\textsubscript{X} emissions to the atmosphere without accounting for all such emissions in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(3) No owner or operator of a CAIR NO\textsubscript{X} Ozone Season unit shall disrupt the continuous emission monitoring system, any portion thereof, or any other approved emission monitoring method, and thereby avoid monitoring and recording NO\textsubscript{X} mass emissions discharged into the atmosphere, except for periods of recertification or periods when calibration, quality assurance testing, or maintenance is performed in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(4) No owner or operator of a CAIR NO\textsubscript{X} Ozone Season unit shall retire or permanently discontinue use of the continuous emission monitoring system, any component thereof, or any other approved monitoring system under this subpart, except under any one of the following circumstances:

(i) During the period that the unit is covered by an exemption under § 96.305 that is in effect;

(ii) The owner or operator is monitoring emissions from the unit with another certified monitoring system approved, in accordance with the applicable provisions of this subpart and part 75 of this chapter, by the permitting authority for use at that unit that provides emission data for the same pollutant or parameter as the retired or discontinued monitoring system; or

(iii) The CAIR designated representative submits notification of the date of certification testing of a replacement monitoring system for the retired or discontinued monitoring system in accordance with § 96.371(d)(3)(i).

§ 96.371 Initial certification and recertification procedures.
RULEMAKING HEARINGS

(a) The owner or operator of a CAIR NO\textsubscript{X} Ozone Season unit shall be exempt from the initial certification requirements of this section for a monitoring system under § 96.370(a)(1) if the following conditions are met:

1. The monitoring system has been previously certified in accordance with part 75 of this chapter; and

2. The applicable quality-assurance and quality-control requirements of § 75.21 of this chapter and appendix B, appendix D, and appendix E to part 75 of this chapter are fully met for the certified monitoring system described in paragraph (a)(1) of this section.

(b) The recertification provisions of this section shall apply to a monitoring system under § 96.370(a)(1) exempt from initial certification requirements under paragraph (a) of this section.

(c) If the Administrator has previously approved a petition under § 75.17(a) or (b) of this chapter for apportioning the NO\textsubscript{X} emission rate measured in a common stack or a petition under § 75.66 of this chapter for an alternative to a requirement in § 75.12, § 75.17, or subpart H of part 75 of this chapter, the CAIR designated representative shall resubmit the petition to the Administrator under § 96.375(a) to determine whether the approval applies under the CAIR NO\textsubscript{X} Ozone Season Trading Program.

(d) Except as provided in paragraph (a) of this section, the owner or operator of a CAIR NO\textsubscript{X} Ozone Season unit shall comply with the following initial certification and recertification procedures for a continuous monitoring system (i.e., a continuous emission monitoring system and an excepted monitoring system under appendices D and E to part 75 of this chapter) under § 96.370(a)(1).

The owner or operator of a unit that qualifies to use the low mass emissions excepted monitoring methodology under § 75.19 of this chapter or that qualifies to use an alternative monitoring system under subpart E of part 75 of this chapter shall comply with the procedures in paragraph (e) or (f) of this section respectively.

1. Requirements for initial certification. The owner or operator shall ensure that each continuous monitoring system under § 96.370(a)(1) (including the automated data acquisition and handling system) successfully completes all of the initial certification testing required under § 75.20 of this chapter by the applicable deadline in § 96.370(b). In addition, whenever the owner or operator installs a monitoring system to meet the requirements of this subpart in a location where no such monitoring system was previously installed, initial certification in accordance with § 75.20 of this chapter is required.

2. Requirements for recertification. Whenever the owner or operator makes a replacement, modification, or change in any certified continuous emission monitoring system under § 96.370(a)(1) that may significantly affect the ability of the system to accurately measure or record NO\textsubscript{X} mass emissions or heat input rate or to meet the quality-assurance and quality-control requirements of § 75.21 of this chapter or appendix B to part 75 of this chapter, the owner or operator shall recertify the monitoring system in accordance with § 75.20(b) of this chapter. Furthermore, whenever the owner or operator makes a replacement, modification, or change to the flue gas handling system or the unit’s operation that may significantly change the stack flow or concentration profile, the owner or operator shall recertify each continuous emission monitoring system whose accuracy is potentially affected by the change, in accordance with § 75.20(b) of this chapter. Examples of changes to a continuous emission monitoring system that require recertification include: replacement of the analyzer, complete replacement of an existing continuous emission monitoring system, or change in location or orientation of the sampling probe or site. Any
fuel flowmeter systems, and any excepted NO\textsubscript{X} monitoring system under appendix E to part 75 of this chapter, under § 96.370(a)(1) are subject to the recertification requirements in § 75.20(g)(6) of this chapter.

(3) Approval process for initial certification and recertification. Paragraphs (d)(3)(i) through (iv) of this section apply to both initial certification and recertification of a continuous monitoring system under § 96.370(a)(1). For recertifications, replace the words “certification” and “initial certification” with the word “recertification”, replace the word “certified” with the word “recertified,” and follow the procedures in §§ 75.20(b)(5) and (g)(7) of this chapter in lieu of the procedures in paragraph (d)(3)(v) of this section.

(i) Notification of certification. The CAIR designated representative shall submit to the permitting authority, the appropriate EPA Regional Office, and the Administrator written notice of the dates of certification testing, in accordance with § 96.373.

(ii) Certification application. The CAIR designated representative shall submit to the permitting authority a certification application for each monitoring system. A complete certification application shall include the information specified in § 75.63 of this chapter.

(iii) Provisional certification date. The provisional certification date for a monitoring system shall be determined in accordance with § 75.20(a)(3) of this chapter. A provisionally certified monitoring system may be used under the CAIR NO\textsubscript{X} Ozone Season Trading Program for a period not to exceed 120 days after receipt by the permitting authority of the complete certification application for the monitoring system under paragraph (d)(3)(ii) of this section. Data measured and recorded by the provisionally certified monitoring system, in accordance with the requirements of part 75 of this chapter, will be considered valid quality-assured data (retroactive to the date and time of provisional certification), provided that the permitting authority does not invalidate the provisional certification by issuing a notice of disapproval within 120 days of the date of receipt of the complete certification application by the permitting authority.

(iv) Certification application approval process. The permitting authority will issue a written notice of approval or disapproval of the certification application to the owner or operator within 120 days of receipt of the complete certification application under paragraph (d)(3)(ii) of this section. In the event the permitting authority does not issue such a notice within such 120-day period, each monitoring system that meets the applicable performance requirements of part 75 of this chapter and is included in the certification application will be deemed certified for use under the CAIR NO\textsubscript{X} Ozone Season Trading Program.

(A) Approval notice. If the certification application is complete and shows that each monitoring system meets the applicable performance requirements of part 75 of this chapter, then the permitting authority will issue a written notice of approval of the certification application within 120 days of receipt.

(B) Incomplete application notice. If the certification application is not complete, then the permitting authority will issue a written notice of incompleteness that sets a reasonable date by which the CAIR designated representative must submit the additional information required to complete the certification application. If the CAIR designated representative does not comply with the
notice of incompleteness by the specified date, then the permitting authority may issue a notice of disapproval under paragraph (d)(3)(iv)(C) of this section. The 120-day review period shall not begin before receipt of a complete certification application.

(C) Disapproval notice. If the certification application shows that any monitoring system does not meet the performance requirements of part 75 of this chapter or if the certification application is incomplete and the requirement for disapproval under paragraph (d)(3)(iv)(B) of this section is met, then the permitting authority will issue a written notice of disapproval of the certification application. Upon issuance of such notice of disapproval, the provisional certification is invalidated by the permitting authority and the data measured and recorded by each uncertified monitoring system shall not be considered valid quality-assured data beginning with the date and hour of provisional certification (as defined under § 75.20(a)(3) of this chapter). The owner or operator shall follow the procedures for loss of certification in paragraph (d)(3)(v) of this section for each monitoring system that is disapproved for initial certification.

(D) Audit decertification. The permitting authority or, for a CAIR NOx Ozone Season opt-in unit or a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart III of this part, the Administrator may issue a notice of disapproval of the certification status of a monitor in accordance with § 96.372(b).

(v) Procedures for loss of certification. If the permitting authority or the Administrator issues a notice of disapproval of a certification application under paragraph (d)(3)(iv)(C) of this section or a notice of disapproval of certification status under paragraph (d)(3)(iv)(D) of this section, then:

(A) The owner or operator shall substitute the following values, for each disapproved monitoring system, for each hour of unit operation during the period of invalid data specified under § 75.20(a)(4)(iii), § 75.20(g)(7), or § 75.21(e) of this chapter and continuing until the applicable date and hour specified under § 75.20(a)(5)(i) or (g)(7) of this chapter:

(1) For a disapproved NOx emission rate (i.e., NOx-diluent) system, the maximum potential NOx emission rate, as defined in § 72.2 of this chapter.

(2) For a disapproved NOx pollutant concentration monitor and disapproved flow monitor, respectively, the maximum potential concentration of NOx and the maximum potential flow rate, as defined in sections 2.1.2.1 and 2.1.4.1 of appendix A to part 75 of this chapter.

(3) For a disapproved moisture monitoring system and disapproved diluent gas monitoring system, respectively, the minimum potential moisture percentage and either the maximum potential CO2 concentration or the minimum potential O2 concentration (as applicable), as defined in sections 2.1.5, 2.1.3.1, and 2.1.3.2 of appendix A to part 75 of this chapter.
(4) For a disapproved fuel flowmeter system, the maximum potential fuel flow rate, as defined in section 2.4.2.1 of appendix D to part 75 of this chapter.

(5) For a disapproved excepted NO\textsubscript{X} monitoring system under appendix E to part 75 of this chapter, the fuel-specific maximum potential NO\textsubscript{X} emission rate, as defined in § 72.2 of this chapter.

(B) The CAIR designated representative shall submit a notification of certification retest dates and a new certification application in accordance with paragraphs (d)(3)(i) and (ii) of this section.

(C) The owner or operator shall repeat all certification tests or other requirements that were failed by the monitoring system, as indicated in the permitting authority’s or the Administrator’s notice of disapproval, no later than 30 unit operating days after the date of issuance of the notice of disapproval.

(e) Initial certification and recertification procedures for units using the low mass emission excepted methodology under § 75.19 of this chapter. The owner or operator of a unit qualified to use the low mass emissions (LME) excepted methodology under § 75.19 of this chapter shall meet the applicable certification and recertification requirements in §§ 75.19(a)(2) and 75.20(h) of this chapter. If the owner or operator of such a unit elects to certify a fuel flowmeter system for heat input determination, the owner or operator shall also meet the certification and recertification requirements in § 75.20(g) of this chapter.

(f) Certification/recertification procedures for alternative monitoring systems. The CAIR designated representative of each unit for which the owner or operator intends to use an alternative monitoring system approved by the Administrator and, if applicable, the permitting authority under subpart E of part 75 of this chapter shall comply with the applicable notification and application procedures of § 75.20(f) of this chapter.

§ 96.372 Out of control periods.

(a) Whenever any monitoring system fails to meet the quality-assurance and quality-control requirements or data validation requirements of part 75 of this chapter, data shall be substituted using the applicable missing data procedures in subpart D or subpart H of, or appendix D or appendix E to, part 75 of this chapter.

(b) Audit decertification. Whenever both an audit of a monitoring system and a review of the initial certification or recertification application reveal that any monitoring system should not have been certified or recertified because it did not meet a particular performance specification or other requirement under § 96.371 or the applicable provisions of part 75 of this chapter, both at the time of the initial certification or recertification application submission and at the time of the audit, the permitting authority or, for a CAIR NO\textsubscript{X} Ozone Season opt-in unit or a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart III of this part, the Administrator will issue a notice of disapproval of the certification status of such monitoring system. For the purposes of this paragraph, an audit shall be either a field audit or an audit of any information submitted to the permitting authority or the Administrator. By issuing the notice of disapproval, the permitting authority or the Administrator revokes prospectively the certification status of the monitoring system. The data measured and recorded by the monitoring system shall not be considered valid quality-assured data from the date of issuance of the notification of the revoked certification.
status until the date and time that the owner or operator completes subsequently approved initial certification or recertification tests for the monitoring system. The owner or operator shall follow the applicable initial certification or recertification procedures in § 96.371 for each disapproved monitoring system.

§ 96.373 Notifications.

The CAIR designated representative for a CAIR NO\textsubscript{X} Ozone Season unit shall submit written notice to the permitting authority and the Administrator in accordance with § 75.61 of this chapter, except that if the unit is not subject to an Acid Rain emissions limitation, the notification is only required to be sent to the permitting authority.

§ 96.374 Recordkeeping and reporting.

(a) General provisions. The CAIR designated representative shall comply with all recordkeeping and reporting requirements in this section, the applicable recordkeeping and reporting requirements under § 75.73 of this chapter, and the requirements of § 96.310(e)(1).

(b) Monitoring Plans. The owner or operator of a CAIR NO\textsubscript{X} Ozone Season unit shall comply with requirements of § 75.73(c) and (e) of this chapter and, for a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under subpart IIII of this part, §§ 96.383 and 96.384(a).

(c) Certification Applications. The CAIR designated representative shall submit an application to the permitting authority within 45 days after completing all initial certification or recertification tests required under § 96.371, including the information required under § 75.63 of this chapter.

(d) Quarterly reports. The CAIR designated representative shall submit quarterly reports, as follows:

(1) If the CAIR NO\textsubscript{X} Ozone Season unit is subject to an Acid Rain emissions limitation or a CAIR NO\textsubscript{X} emissions limitation or if the owner or operator of such unit chooses to report on an annual basis under this subpart, the CAIR designated representative shall meet the requirements of subpart H of part 75 of this chapter (concerning monitoring of NO\textsubscript{X} mass emissions) for such unit for the entire year and shall report the NO\textsubscript{X} mass emissions data and heat input data for such unit, in an electronic quarterly report in a format prescribed by the Administrator, for each calendar quarter beginning with:

(i) For a unit that commences commercial operation before July 1, 2007, the calendar quarter covering May 1, 2008 through June 30, 2008; or

(ii) For a unit that commences commercial operation on or after July 1, 2007, the calendar quarter corresponding to the earlier of the date of provisional certification or the applicable deadline for initial certification under § 96.370(b), unless that quarter is the third or fourth quarter of 2007, in which case reporting shall commence in the quarter covering May 1, 2008 through June 30, 2008.

(2) If the CAIR NO\textsubscript{X} Ozone Season unit is not subject to an Acid Rain emissions limitation or a CAIR NO\textsubscript{X} emissions limitation, then the CAIR designated representative shall either:

(i) Meet the requirements of subpart H of part 75 (concerning monitoring of NO\textsubscript{X} mass emissions) for such unit for the entire year and report the NO\textsubscript{X} mass emissions data and heat input data for such unit in accordance with paragraph (d)(1) of this section; or
(ii) Meet the requirements of subpart H of part 75 for the control period (including the requirements in § 75.74(c) of this chapter) and report NO\textsubscript{X} mass emissions data and heat input data (including the data described in § 75.74(c)(6) of this chapter) for such unit only for the control period of each year and report, in an electronic quarterly report in a format prescribed by the Administrator, for each calendar quarter beginning with:

(A) For a unit that commences commercial operation before July 1, 2007, the calendar quarter covering May 1, 2008 through June 30, 2008;

(B) For a unit that commences commercial operation on or after July 1, 2007, the calendar quarter corresponding to the earlier of the date of provisional certification or the applicable deadline for initial certification under § 96.370(b), unless that date is not during a control period, in which case reporting shall commence in the quarter that includes May 1 through June 30 of the first control period after such date.

(2) The CAIR designated representative shall submit each quarterly report to the Administrator within 30 days following the end of the calendar quarter covered by the report. Quarterly reports shall be submitted in the manner specified in § 75.73(f) of this chapter.

(3) For CAIR NO\textsubscript{X} Ozone Season units that are also subject to an Acid Rain emissions limitation or the CAIR NO\textsubscript{X} Annual Trading Program or CAIR SO\textsubscript{2} Trading Program, quarterly reports shall include the applicable data and information required by subparts F through H of part 75 of this chapter as applicable, in addition to the NO\textsubscript{X} mass emission data, heat input data, and other information required by this subpart.

(e) Compliance certification. The CAIR designated representative shall submit to the Administrator a compliance certification (in a format prescribed by the Administrator) in support of each quarterly report based on reasonable inquiry of those persons with primary responsibility for ensuring that all of the unit’s emissions are correctly and fully monitored. The certification shall state that:

(1) The monitoring data submitted were recorded in accordance with the applicable requirements of this subpart and part 75 of this chapter, including the quality assurance procedures and specifications;

(2) For a unit with add-on NO\textsubscript{X} emission controls and for all hours where NO\textsubscript{X} data are substituted in accordance with § 75.34(a)(1) of this chapter, the add-on emission controls were operating within the range of parameters listed in the quality assurance/quality control program under appendix B to part 75 of this chapter and the substitute data values do not systematically underestimate NO\textsubscript{X} emissions; and

(3) For a unit that is reporting on a control period basis under paragraph (d)(2)(ii) of this section, the NO\textsubscript{X} emission rate and NO\textsubscript{X} concentration values substituted for missing data under subpart D of part 75 of this chapter are calculated using only values from a control period and do not systematically underestimate NO\textsubscript{X} emissions.

§ 96.375 Petitions.

(a) Except as provided in paragraph (b)(2) of this section, the CAIR designated representative of a CAIR NO\textsubscript{X} Ozone Season unit that is subject to an Acid Rain emissions limitation may submit a petition under § 75.66 of this chapter to the Administrator requesting approval to apply an alternative to any requirement of this subpart. Application of an alternative to any requirement
of this subpart is in accordance with this subpart only to the extent that the petition is approved
in writing by the Administrator, in consultation with the permitting authority.

(b) (1) The CAIR designated representative of a CAIR NO\textsubscript{X} Ozone Season unit that is not subject
to an Acid Rain emissions limitation may submit a petition under § 75.66 of this chapter to
the permitting authority and the Administrator requesting approval to apply an alternative
to any requirement of this subpart. Application of an alternative to any requirement of this
subpart is in accordance with this subpart only to the extent that the petition is approved
in writing by both the permitting authority and the Administrator.

(2) The CAIR designated representative of a CAIR NO\textsubscript{X} Ozone Season unit that is subject to
an Acid Rain emissions limitation may submit a petition under § 75.66 of this chapter to the
permitting authority and the Administrator requesting approval to apply an alternative to a
requirement concerning any additional continuous emission monitoring system required
under § 75.72 of this chapter. Application of an alternative to any such requirement is in
accordance with this subpart only to the extent that the petition is approved in writing by
both the permitting authority and the Administrator.

§ 96.376 Additional requirements to provide heat input data.

§ 96.381 General.

(a) Except as otherwise provided in §§ 96.301 through 96.304, §§ 96.306 through 96.308, and subparts
BBBB and CCCC and subparts FFFF through HHHH of this part, a CAIR NO\textsubscript{X} Ozone Season opt-in unit
shall be treated as a CAIR NO\textsubscript{X} Ozone Season unit for purposes of applying such sections and subparts
of this part.

(b) Solely for purposes of applying, as provided in this subpart, the requirements of subpart HHHH of this part
to a unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit
is not yet issued or denied under this subpart, such unit shall be treated as a CAIR NO\textsubscript{X} Ozone Season unit
before issuance of a CAIR opt-in permit for such unit.
§ 96.382 CAIR designated representative.

Any CAIR NO\textsubscript{X} Ozone Season opt-in unit, and any unit for which a CAIR opt-in permit application is submitted and not withdrawn and a CAIR opt-in permit is not yet issued or denied under this subpart, located at the same source as one or more CAIR NO\textsubscript{X} Ozone Season units shall have the same CAIR designated representative and alternate CAIR designated representative as such CAIR NO\textsubscript{X} Ozone Season units.

§ 96.383 Applying for CAIR opt-in permit.

(a) Applying for initial CAIR opt-in permit. The CAIR designated representative of a unit meeting the requirements for a CAIR NO\textsubscript{X} Ozone Season opt-in unit in § 96.380 may apply for an initial CAIR opt-in permit at any time, except as provided under § 96.386 (f) and (g), and, in order to apply, must submit the following:

(1) A complete CAIR permit application under § 96.322;

(2) A certification, in a format specified by the permitting authority, that the unit:

(i) Is not a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304 and is not covered by a retired unit exemption under § 96.305 that is in effect;

(ii) Is not covered by a retired unit exemption under § 72.8 of this chapter that is in effect;

(iii) Vents all of its emissions to a stack; and

(iv) Has documented heat input for more than 876 hours during the 6 months immediately preceding submission of the CAIR permit application under § 96.322;

(3) A monitoring plan in accordance with subpart HHHH of this part;

(4) A complete certificate of representation under § 96.313 consistent with § 96.382, if no CAIR designated representative has been previously designated for the source that includes the unit; and

(5) A statement, in a format specified by the permitting authority, whether the CAIR designated representative requests that the unit be allocated CAIR NO\textsubscript{X} Ozone Season allowances under § 96.388(c) (subject to the conditions in §§ 96.384(h) and 96.386(g)).

(b) Duty to reapply.

(1) The CAIR designated representative of a CAIR NO\textsubscript{X} Ozone Season opt-in unit shall submit a complete CAIR permit application under § 96.322 to renew the CAIR opt-in unit permit in accordance with the permitting authority’s regulations for title V operating permits, or the permitting authority’s regulations for other federally enforceable permits if applicable, addressing permit renewal.

(2) Unless the permitting authority issues a notification of acceptance of withdrawal of the CAIR opt-in unit from the CAIR NO\textsubscript{X} Annual Trading Program in accordance with § 96.186 or the unit becomes a CAIR NO\textsubscript{X} unit under § 96.304, the CAIR NO\textsubscript{X} opt-in unit shall remain subject to the requirements for a CAIR NO\textsubscript{X} opt-in unit, even if the CAIR designated representative for the CAIR NO\textsubscript{X} opt-in unit fails to submit a CAIR permit application that is required for renewal of the CAIR opt-in permit under paragraph (b)(1) of this section.
§ 96.384 Opt-in process.

The permitting authority will issue or deny a CAIR opt-in permit for a unit for which an initial application for a CAIR opt-in permit under § 96.383 is submitted in accordance with the following:

(a) Interim review of monitoring plan. The permitting authority and the Administrator will determine, on an interim basis, the sufficiency of the monitoring plan accompanying the initial application for a CAIR opt-in permit under § 96.383. A monitoring plan is sufficient, for purposes of interim review, if the plan appears to contain information demonstrating that the NOx emissions rate and heat input of the unit and all other applicable parameters are monitored and reported in accordance with subpart HHHH of this part. A determination of sufficiency shall not be construed as acceptance or approval of the monitoring plan.

(b) Monitoring and reporting.

(1) (i) If the permitting authority and the Administrator determine that the monitoring plan is sufficient under paragraph (a) of this section, the owner or operator shall monitor and report the NOx emissions rate and the heat input of the unit emissions rate and the heat input of the unit and all other applicable parameters, in accordance with subpart HHHH of this part, starting on the date of certification of the appropriate monitoring systems under subpart HHHH of this part and continuing until a CAIR opt-in permit is denied under § 96.384(f) or, if a CAIR opt-in permit is issued, the date and time when the unit is withdrawn from the CAIR NOx Ozone Season Trading Program in accordance with § 96.386.

(ii) The monitoring and reporting under paragraph (b)(1)(i) of this section shall include the entire control period immediately before the date on which the unit enters the CAIR NOx Ozone Season Trading Program under § 96.384(g), during which period monitoring system availability must not be less than 90 percent under subpart HHHH of this part and the unit must be in full compliance with any applicable State or Federal emissions or emissions-related requirements.

(2) To the extent the NOx emissions rate and the heat input of the unit are monitored and reported in accordance with subpart HHHH of this part for one or more control periods, in addition to the control period under paragraph (b)(1)(ii) of this section, during which control periods monitoring system availability is not less than 90 percent under subpart HHHH of this part and the unit is in full compliance with any applicable State or Federal emissions or emissions-related requirements and which control periods begin not more than 3 years before the unit enters the CAIR NOx Ozone Season Trading Program under § 96.384(g), such information shall be used as provided in paragraphs (c) and (d) of this section.

(c) Baseline heat input. The unit's baseline heat rate shall equal:

(1) If the unit's NOx emissions rate and heat input are monitored and reported for only one control period, in accordance with paragraph (b)(1) of this section, the unit's total heat input (in mmBtu) for the control period; or

(2) If the unit's NOx emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, the average of the amounts of the unit's total heat input (in mmBtu) for the control periods under paragraphs (b)(1)(i) and (b)(2) of this section.
(d) Baseline $\text{NO}_x$ emission rate. The unit's baseline $\text{NO}_x$ emission rate shall equal:

1. If the unit's $\text{NO}_x$ emissions rate and heat input are monitored and reported for only one control period, in accordance with paragraph (b)(1) of this section, the unit's $\text{NO}_x$ emissions rate (in lb/mmBtu) for the control period;

2. If the unit's $\text{NO}_x$ emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, and the unit does not have add-on $\text{NO}_x$ emission controls during any such control periods, the average of the amounts of the unit's $\text{NO}_x$ emissions rate (in lb/mmBtu) for the control periods under paragraphs (b)(1)(ii) and (b)(2) of this section; or

3. If the unit's $\text{NO}_x$ emissions rate and heat input are monitored and reported for more than one control period, in accordance with paragraphs (b)(1) and (2) of this section, and the unit has add-on $\text{NO}_x$ emission controls during any such control periods, the average of the amounts of the unit's $\text{NO}_x$ emissions rate (in lb/mmBtu) for such control periods during which the unit has add-on $\text{NO}_x$ emission controls.

(e) Issuance of CAIR opt-in permit. After calculating the baseline heat input and the baseline $\text{NO}_x$ emissions rate for the unit under paragraphs (c) and (d) of this section and if the permitting authority determines that the CAIR designated representative shows that the unit meets the requirements for a CAIR $\text{NO}_x$ Ozone Season opt-in unit in § 96.380 and meets the elements certified in § 96.383(a)(2), the permitting authority will issue a CAIR opt-in permit. The permitting authority will provide a copy of the CAIR opt-in permit to the Administrator, who will then establish a compliance account for the source that includes the CAIR $\text{NO}_x$ Ozone Season opt-in unit unless the source already has a compliance account.

(f) Issuance of denial of CAIR opt-in permit. Notwithstanding paragraphs (a) through (e) of this section, if at any time before issuance of a CAIR opt-in permit for the unit, the permitting authority determines that the CAIR designated representative fails to show that the unit meets the requirements for a CAIR $\text{NO}_x$ Ozone Season opt-in unit in § 96.380 or meets the elements certified in § 96.383(a)(2), the permitting authority will issue a denial of a CAIR opt-in permit for the unit.

(g) Date of entry into CAIR $\text{NO}_x$ Ozone Season Trading Program. A unit for which an initial CAIR opt-in permit is issued by the permitting authority shall become a CAIR $\text{NO}_x$ Ozone Season opt-in unit, and a CAIR $\text{NO}_x$ Ozone Season unit, as of the later of May 1, 2009 or May 1 of the first control period during which such CAIR opt-in permit is issued.

(h) Repowered CAIR $\text{NO}_x$ Ozone Season opt-in unit.

1. If CAIR designated representative requests, and the permitting authority issues a CAIR opt-in permit providing for, allocation to a CAIR $\text{NO}_x$ Ozone Season opt-in unit of CAIR $\text{NO}_x$ Ozone Season allowances under § 96.388(c) and such unit is repowered after its date of entry into the CAIR $\text{NO}_x$ Ozone Season Trading Program under paragraph (g) of this section, the repowered unit shall be treated as a CAIR $\text{NO}_x$ Ozone Season opt-in unit replacing the original CAIR $\text{NO}_x$ Ozone Season opt-in unit, as of the date of start-up of the repowered unit's combustion chamber.

2. Notwithstanding paragraphs (c) and (d) of this section, as of the date of start-up under paragraph (h)(1) of this section, the repowered unit shall be deemed to have the same date of commencement of operation, date of commencement of commercial operation, baseline
heat input, and baseline NO\textsubscript{x} emission rate as the original CAIR NO\textsubscript{x} Ozone Season opt-in unit, and the original CAIR NO\textsubscript{x} Ozone Season opt-in unit shall no longer be treated as a CAIR opt-in unit or a CAIR NO\textsubscript{x} Ozone Season unit.

§ 96.385 CAIR opt-in permit contents.

(a) Each CAIR opt-in permit will contain:

(1) All elements required for a complete CAIR permit application under § 96.322;

(2) The certification in § 96.383(a)(2);

(3) The unit’s baseline heat input under § 96.384(c);

(4) The unit’s baseline NO\textsubscript{x} emission rate under § 96.384(d);

(5) A statement whether the unit is to be allocated CAIR NO\textsubscript{x} Ozone Season allowances under § 96.388(c) (subject to the conditions in §§ 96.384(h) and 96.386(g));

(6) A statement that the unit may withdraw from the CAIR NO\textsubscript{x} Ozone Season Trading Program only in accordance with § 96.386; and

(7) A statement that the unit is subject to, and the owners and operators of the unit must comply with, the requirements of § 96.387.

(b) Each CAIR opt-in permit is deemed to incorporate automatically the definitions of terms under § 96.302 and, upon recordation by the Administrator under subpart FFFF, GGGG, or IIII of this part or this subpart, every allocation, transfer, or deduction of CAIR NO\textsubscript{x} Ozone Season allowances to or from the compliance account of the source that includes a CAIR NO\textsubscript{x} Ozone Season opt-in unit covered by the CAIR opt-in permit.

(c) The CAIR opt-in permit shall be included, in a format prescribed by the permitting authority, in the CAIR permit for the source where the CAIR opt-in unit is located.

§ 96.386 Withdrawal from CAIR NO\textsubscript{x} Ozone Season Trading Program.

Except as provided under paragraph (g) of this section, a CAIR NO\textsubscript{x} Ozone Season opt-in unit may withdraw from the CAIR NO\textsubscript{x} Ozone Season Trading Program, but only if the permitting authority issues a notification to the CAIR designated representative of the CAIR NO\textsubscript{x} Ozone Season opt-in unit of the acceptance of the withdrawal of the CAIR NO\textsubscript{x} Ozone Season opt-in unit in accordance with paragraph (d) of this section.

(a) Requesting withdrawal. In order to withdraw a CAIR opt-in unit from the CAIR NO\textsubscript{x} Ozone Season Trading Program, the CAIR designated representative of the CAIR NO\textsubscript{x} Ozone Season opt-in unit shall submit to the permitting authority a request to withdraw effective as of midnight of September 30 of a specified calendar year, which date must be at least 4 years after September 30 of the year of entry into the CAIR NO\textsubscript{x} Ozone Season Trading Program under § 96.384(g). The request must be submitted no later than 90 days before the requested effective date of withdrawal.

(b) Conditions for withdrawal. Before a CAIR NO\textsubscript{x} Ozone Season opt-in unit covered by a request under paragraph (a) of this section may withdraw from the CAIR NO\textsubscript{x} Ozone Season Trading Program and the CAIR opt-in permit may be terminated under paragraph (e) of this section, the following conditions must be met:
(1) For the control period ending on the date on which the withdrawal is to be effective, the source that includes the CAIR NO\textsubscript{x} Ozone Season opt-in unit must meet the requirement to hold CAIR NO\textsubscript{x} Ozone Season allowances under § 96.306(c) and cannot have any excess emissions.

(2) After the requirement for withdrawal under paragraph (b)(1) of this section is met, the Administrator will deduct from the compliance account of the source that includes the CAIR NO\textsubscript{x} Ozone Season opt-in unit CAIR NO\textsubscript{x} Ozone Season allowances equal in amount to and allocated for the same or a prior control period as any CAIR NO\textsubscript{x} Ozone Season allowances allocated to the CAIR NO\textsubscript{x} Ozone Season opt-in unit under § 96.388 for any control period for which the withdrawal is to be effective. If there are no remaining CAIR NO\textsubscript{x} Ozone Season units at the source, the Administrator will close the compliance account, and the owners and operators of the CAIR NO\textsubscript{x} Ozone Season opt-in unit may submit a CAIR NO\textsubscript{x} Ozone Season allowance transfer for any remaining CAIR NO\textsubscript{x} Ozone Season allowances to another CAIR NO\textsubscript{x} Ozone Season Allowance Tracking System in accordance with subpart GGGG of this part.

c) Notification.

(1) After the requirements for withdrawal under paragraphs (a) and (b) of this section are met (including deduction of the full amount of CAIR NO\textsubscript{x} Ozone Season allowances required), the permitting authority will issue a notification to the CAIR designated representative of the CAIR NO\textsubscript{x} Ozone Season opt-in unit of the acceptance of the withdrawal of the CAIR NO\textsubscript{x} Ozone Season opt-in unit as of midnight on September 30 of the calendar year for which the withdrawal was requested.

(2) If the requirements for withdrawal under paragraphs (a) and (b) of this section are not met, the permitting authority will issue a notification to the CAIR designated representative of the CAIR NO\textsubscript{x} Ozone Season opt-in unit that the CAIR NO\textsubscript{x} Ozone Season opt-in unit’s request to withdraw is denied. Such CAIR NO\textsubscript{x} opt-in unit shall continue to be a CAIR NO\textsubscript{x} Ozone Season opt-in unit.

d) Permit amendment. After the permitting authority issues a notification under paragraph (c)(1) of this section that the requirements for withdrawal have been met, the permitting authority will revise the CAIR permit covering the CAIR NO\textsubscript{x} Ozone Season opt-in unit to terminate the CAIR opt-in permit for such unit as of the effective date specified under paragraph (c)(1) of this section. The unit shall continue to be a CAIR NO\textsubscript{x} Ozone Season opt-in unit until the effective date of the termination and shall comply with all requirements under the CAIR NO\textsubscript{x} Ozone Season Trading Program concerning any control periods for which the unit is a CAIR NO\textsubscript{x} Ozone Season opt-in unit, even if such requirements arise or must be complied with after the withdrawal takes effect.

e) Reapplication upon failure to meet conditions of withdrawal. If the permitting authority denies the CAIR NO\textsubscript{x} Ozone Season opt-in unit’s request to withdraw, the CAIR designated representative may submit another request to withdraw in accordance with paragraphs (a) and (b) of this section.

(f) Ability to reapply to the CAIR NO\textsubscript{x} Ozone Season Trading Program. Once a CAIR NO\textsubscript{x} Ozone Season opt-in unit withdraws from the CAIR NO\textsubscript{x} Ozone Season Trading Program and its CAIR opt-in permit is terminated under this section, the CAIR designated representative may not submit another application for a CAIR opt-in permit under § 96.383 for such CAIR NO\textsubscript{x} Ozone Season opt-in unit before the date that is 4 years after the date on which the withdrawal became
effective. Such new application for a CAIR opt-in permit will be treated as an initial application for a CAIR opt-in permit under § 96.384.

(g) Inability to withdraw. Notwithstanding paragraphs (a) through (f) of this section, a CAIR NO\textsubscript{X} Ozone Season opt-in unit shall not be eligible to withdraw from the CAIR NO\textsubscript{X} Ozone Season Trading Program if the CAIR designated representative of the CAIR NO\textsubscript{X} opt-in unit requests, and the permitting authority issues a CAIR opt-in permit providing for, allocation to the CAIR NO\textsubscript{X} Ozone Season opt-in unit of CAIR NO\textsubscript{X} Ozone Season allowances under § 96.388(c).

§ 96.387 Change in regulatory status.

(a) Notification. If a CAIR NO\textsubscript{X} Ozone Season opt-in unit becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304, then the CAIR designated representative shall notify in writing the permitting authority and the Administrator of such change in the CAIR NO\textsubscript{X} Ozone Season opt-in unit’s regulatory status, within 30 days of such change.

(b) Permitting authority’s and Administrator’s actions.

(1) If a CAIR NO\textsubscript{X} Ozone Season opt-in unit becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304, the permitting authority will revise the CAIR NO\textsubscript{X} Ozone Season opt-in unit’s CAIR opt-in permit to meet the requirements of a CAIR permit under § 96.323 as of the date on which the CAIR NO\textsubscript{X} Ozone Season opt-in unit becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304.

(2) (i) The Administrator will deduct from the compliance account of the source that includes the CAIR NO\textsubscript{X} Ozone Season opt-in unit that becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304, CAIR NO\textsubscript{X} Ozone Season allowances equal in amount to and allocated for the same or a prior control period as:

(A) Any CAIR NO\textsubscript{X} Ozone Season allowances allocated to the CAIR NO\textsubscript{X} Ozone Season opt-in unit under § 96.388 for any control period after the date on which the CAIR NO\textsubscript{X} Ozone Season opt-in unit becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304; and

(B) If the date on which the CAIR NO\textsubscript{X} Ozone Season opt-in unit becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304 is not September 30, the CAIR NO\textsubscript{X} Ozone Season allowances allocated to the CAIR NO\textsubscript{X} Ozone Season opt-in unit under § 96.388 for the control period that includes the date on which the CAIR NO\textsubscript{X} Ozone Season opt-in unit becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304, multiplied by the ratio of the number of days, in the control period, starting with the date on which the CAIR NO\textsubscript{X} Ozone Season opt-in unit becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304 divided by the total number of days in the control period and rounded to the nearest whole allowance as appropriate.

(ii) The CAIR designated representative shall ensure that the compliance account of the source that includes the CAIR NO\textsubscript{X} Ozone Season unit that becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304 contains the CAIR NO\textsubscript{X} Ozone Season allowances necessary for completion of the deduction under paragraph (b)(2)(i) of this section.

(3) (i) For every control period after the date on which the CAIR NO\textsubscript{X} Ozone Season opt-in unit becomes a CAIR NO\textsubscript{X} Ozone Season unit under § 96.304, the CAIR NO\textsubscript{X}
Ozone Season opt-in unit will be treated, solely for purposes of CAIR NO$_x$ Ozone Season allowance allocations under § 96.342, as a unit that commences operation on the date on which the CAIR NO$_x$ Ozone Season opt-in unit becomes a CAIR NO$_x$ Ozone Season unit under § 96.304 and will be allocated CAIR NO$_x$ Ozone Season allowances under § 96.342.

(ii) Notwithstanding paragraph (b)(3)(i) of this section, if the date on which the CAIR NO$_x$ Ozone Season opt-in unit becomes a CAIR NO$_x$ Ozone Season unit under § 96.304 is not May 1, the following amount of CAIR NO$_x$ Ozone Season allowances will be allocated to the CAIR NO$_x$ Ozone Season opt-in unit (as a CAIR NO$_x$ Ozone Season unit) under § 96.342 for the control period that includes the date on which the CAIR NO$_x$ Ozone Season opt-in unit becomes a CAIR NO$_x$ Ozone Season unit under § 96.304:

(A) The amount of CAIR NO$_x$ Ozone Season allowances otherwise allocated to the CAIR NO$_x$ Ozone Season opt-in unit (as a CAIR NO$_x$ Ozone Season unit) under § 96.342 for the control period multiplied by;

(B) The ratio of the number of days, in the control period, starting with the date on which the CAIR NO$_x$ Ozone Season opt-in unit becomes a CAIR NO$_x$ Ozone Season unit under § 96.304, divided by the total number of days in the control period; and

(C) Rounded to the nearest whole allowance as appropriate.

§ 96.388 NO$_x$ Ozone Season allowance allocations to CAIR NO$_x$ Ozone Season opt-in units.

(a) Timing requirements.

(1) When the CAIR opt-in permit is issued under § 96.384(e), the permitting authority will allocate CAIR NO$_x$ Ozone Season allowances to the CAIR NO$_x$ Ozone Season opt-in unit, and submit to the Administrator the allocation for the control period in which a CAIR NO$_x$ Ozone Season opt-in unit enters the CAIR NO$_x$ Ozone Season Trading Program under § 96.384(g), in accordance with paragraph (b) or (c) of this section.

(2) By no later than July 31 of the control period in which a CAIR opt-in unit enters the CAIR NO$_x$ Ozone Season Trading Program under § 96.384(g) and July 31 of each year thereafter, the permitting authority will allocate CAIR NO$_x$ Ozone Season allowances to the CAIR NO$_x$ Ozone Season opt-in unit, and submit to the Administrator the allocation for the control period that includes such submission deadline and in which the unit is a CAIR NO$_x$ opt-in unit, in accordance with paragraph (b) or (c) of this section.

(b) Calculation of allocation. For each control period for which a CAIR NO$_x$ Ozone Season opt-in unit is to be allocated CAIR NO$_x$ Ozone Season allowances, the permitting authority will allocate in accordance with the following procedures:

(1) The heat input (in mmBtu) used for calculating the CAIR NO$_x$ Ozone Season allowance allocation will be the lesser of:

(i) The CAIR NO$_x$ Ozone Season opt-in unit’s baseline heat input determined under § 96.384(c); or
(ii) The CAIR NO\textsubscript{X} Ozone Season opt-in unit's heat input, as determined in accordance with subpart HHHH of this part, for the immediately prior control period, except when the allocation is being calculated for the control period in which the CAIR NO\textsubscript{X} Ozone Season opt-in unit enters the CAIR NO\textsubscript{X} Ozone Season Trading Program under § 96.384(g).

(2) The NO\textsubscript{X} emission rate (in lb/mmBtu) used for calculating CAIR NO\textsubscript{X} Ozone Season allowance allocations will be the lesser of:

(i) The CAIR NO\textsubscript{X} Ozone Season opt-in unit's baseline NO\textsubscript{X} emissions rate (in lb/mmBtu) determined under § 96.384(d) and multiplied by 70 percent; or

(ii) The most stringent State or Federal NO\textsubscript{X} emissions limitation applicable to the CAIR NO\textsubscript{X} Ozone Season opt-in unit at any time during the control period for which CAIR NO\textsubscript{X} Ozone Season allowances are to be allocated.

(3) The permitting authority will allocate CAIR NO\textsubscript{X} Ozone Season allowances to the CAIR NO\textsubscript{X} Ozone Season opt-in unit in an amount equaling the heat input under paragraph (b)(1) of this section, multiplied by the NO\textsubscript{X} emission rate under paragraph (b)(2) of this section, divided by 2,000 lb/ton, and rounded to the nearest whole allowance as appropriate.

(c) Notwithstanding paragraph (b) of this section and if the CAIR designated representative requests, and the permitting authority issues a CAIR opt-in permit providing for, allocation to a CAIR NO\textsubscript{X} Ozone Season opt-in unit of CAIR NO\textsubscript{X} Ozone Season allowances under this paragraph (subject to the conditions in §§ 96.384(h) and 96.386(g)), the permitting authority will allocate to the CAIR NO\textsubscript{X} Ozone Season opt-in unit as follows:

(1) For each control period in 2009 through 2014 for which the CAIR NO\textsubscript{X} Ozone Season opt-in unit is to be allocated CAIR NO\textsubscript{X} Ozone Season allowances,

(i) The heat input (in mmBtu) used for calculating CAIR NO\textsubscript{X} Ozone Season allowance allocations will be determined as described in paragraph (b)(1) of this section.

(ii) The NO\textsubscript{X} emission rate (in lb/mmBtu) used for calculating CAIR NO\textsubscript{X} Ozone Season allowance allocations will be the lesser of:

(A) The CAIR NO\textsubscript{X} Ozone Season opt-in unit's baseline NO\textsubscript{X} emissions rate (in lb/mmBtu) determined under § 96.384(d); or

(B) The most stringent State or Federal NO\textsubscript{X} emissions limitation applicable to the CAIR NO\textsubscript{X} Ozone Season opt-in unit at any time during the control period in which the CAIR NO\textsubscript{X} Ozone Season opt-in unit enters the CAIR NO\textsubscript{X} Ozone Season Trading Program under § 96.384(g).

(iii) The permitting authority will allocate CAIR NO\textsubscript{X} Ozone Season allowances to the CAIR NO\textsubscript{X} Ozone Season opt-in unit in an amount equaling the heat input under paragraph (c)(1)(i) of this section, multiplied by the NO\textsubscript{X} emission rate under paragraph (c)(1)(ii) of this section, divided by 2,000 lb/ton, and rounded to the nearest whole allowance as appropriate.

(2) For each control period in 2015 and thereafter for which the CAIR NO\textsubscript{X} Ozone Season opt-in unit is to be allocated CAIR NO\textsubscript{X} Ozone Season allowances,
(i) The heat input (in mmBtu) used for calculating the CAIR NO\textsubscript{x} Ozone Season allowance allocations will be determined as described in paragraph (b)(1) of this section.

(ii) The NO\textsubscript{x} emission rate (in lb/mmBtu) used for calculating the CAIR NO\textsubscript{x} Ozone Season allowance allocation will be the lesser of:

(A) 0.15 lb/mmBtu;

(B) The CAIR NO\textsubscript{x} Ozone Season opt-in unit's baseline NO\textsubscript{x} emissions rate (in lb/mmBtu) determined under § 96.384(d); or

(C) The most stringent State or Federal NO\textsubscript{x} emissions limitation applicable to the CAIR NO\textsubscript{x} Ozone Season opt-in unit at any time during the control period for which CAIR NO\textsubscript{x} Ozone Season allowances are to be allocated.

(iii) The permitting authority will allocate CAIR NO\textsubscript{x} Ozone Season allowances to the CAIR NO\textsubscript{x} Ozone Season opt-in unit in an amount equaling the heat input under paragraph (c)(2)(i) of this section, multiplied by the NO\textsubscript{x} emission rate under paragraph (c)(2)(ii) of this section, divided by 2,000 lb/ton, and rounded to the nearest whole allowance as appropriate.

SUBSTANCE OF PROPOSED RULES

CHAPTER 1240-3-3
TECHNICAL AND FINANCIAL ELIGIBILITY
REQUIREMENTS FOR MEDICAID

AMENDMENTS

Rule 1240-3-3-.03, Resource Limitations For Categorically Needy, is amended by inserting a new Paragraph (7) and renumbering the current Paragraph (7) as Paragraph (8), so that, as amended the new Paragraph (7) shall read as follows:

(7) Qualified Income Trust (QIT).

(a) Effective July 1, 2005, individuals who are receiving or will receive nursing facility services or home and community based services (HCBS) and whose income exceeds the Medicaid Income Cap (MIC) may establish an income trust, referred to as a Qualified Income Trust (QIT) or "Miller Trust". Funds placed in a QIT that meets the standards set forth in paragraph (7) are not treated as available resources or income for purposes of determining the individual’s Medicaid eligibility.

(b) A QIT is a trust consisting only of the individual’s pension income, Social Security Income, and other monthly income that is created for the purpose of establishing income eligibility for Medicaid coverage when an individual is or soon will be confined to a nursing facility, HCBS or ICF/MR waiver program.
(c) An individual is only eligible to establish a QIT if his or her income is above the level at which he or she would be financially eligible for nursing facility, HCBS, or ICF/MR care under Medicaid, but below the statewide average Nursing Facility (NF) private pay rate for Level 1 care.

1. The initial average NF private rate will be computed by the Comptroller’s Office based on data submitted to the Comptroller’s Office in the most recent complete set of nursing facility cost reports. Beginning on July 1, 2006, this amount will be trended forward annually by the Medicare Economic Index (MEI).

2. An individual whose income level would otherwise preclude establishment of a QIT under subparagraph (c) may, in the sole discretion of the Department of Human Services, be permitted to establish a QIT for purposes of meeting the Medicaid eligibility criteria, if denying the individual Medicaid eligibility would otherwise result in undue hardship. Undue hardship will be considered in circumstances where the individual’s income is over the allowable limit to establish a QIT but below the cost of care at the private pay rate and there are no other resources available to the patient and discharge from the facility would endanger the patient’s life and/or health.

(d) A QIT must meet the following criteria:

1. The trust must be irrevocable and cannot be modified or amended in whole or in part by the Grantor at any time. However, the Trustee or a court of competent jurisdiction shall have the right and jurisdiction to modify any provision of the trust to the extent necessary to maintain the eligibility of the Grantor for medical assistance.

2. Other than disbursements under Part 3 below, each month the Trustee may only make disbursements from the trust for:

   (i) A personal needs allowance up to the amount recognized under Tennessee Medicaid policies. As of January 1, 2005, this amount is Forty Dollars ($40) per month;

   (ii) Up to Twenty Dollars ($20) in necessary expenses for management of the trust (i.e., bank charges);

   (iii) A spousal income allocation in the amount permitted under Tennessee Medicaid policies;

   (iv) Expenses for health insurance premiums for health insurance coverage of the Grantor other than Medicaid; and

   (v) Expenses for qualifying medical or remedial care received by the Grantor, to the extent such care is recognized under Tennessee law as provided in Department of Human Services State Rule 1240-3-3-.04(2)(d) but not covered as medical assistance under the State’s Medicaid program.

3. Each month the Trustee shall distribute the entire amount of income remaining in the trust after any disbursements made under Part 2 above to the State of Tennessee, Bureau of TennCare (or directly to the nursing facility or HCBS provider, as directed by the Bureau of TennCare), up to the total amount of expenditures for medical assistance for the Grantor.
4. The sole beneficiaries of the trust are the Grantor for whose benefit the trust is established and the State of Tennessee (Bureau of TennCare). The trust terminates upon the death of the Grantor, or if the trust is no longer required to establish Medicaid eligibility in the State of Tennessee, if nursing facility or HCBS is no longer medically necessary for the Grantor, or if the Grantor is no longer receiving such services.

5. The trust must provide that upon the death of the Grantor or termination of the trust, whichever occurs sooner, the State of Tennessee (Bureau of TennCare) shall receive all amounts remaining in the trust up to the total amount of medical assistance paid by the State on behalf of the individual.

6. Amounts remaining in the trust that are owed to the State must be paid to the Bureau of TennCare within three (3) months after the death of the individual or termination of the trust, whichever is sooner, along with an accounting of the disbursements from the trust. The Bureau of TennCare may grant an extension if a written request is submitted within two months of the termination of the trust.

Rule 0880-12-.20 Advertising, is amended by deleting the language of the rule in its entirety and substituting instead the following language as new paragraphs (1) through (6):
Policy Statement. The lack of sophistication on the part of many of the public concerning acupuncture, the importance of the interests affected by the choice of an acupuncturist and the foreseeable consequences of unrestricted advertising by acupuncturists which is recognized to pose special possibilities for deception, require that special care be taken by acupuncturists to avoid misleading the public. The acupuncturist must be mindful that the benefits of advertising depend upon its reliability and accuracy. Since advertising by acupuncturists is calculated and not spontaneous, reasonable regulation designed to foster compliance with appropriate standards serves the public interest without impeding the flow of useful, meaningful, and relevant information to the public.

Definitions

(a) Advertisement. Informational communication to the public in any manner designed to attract public attention to the practice of an acupuncturist who is certified to practice in Tennessee.

(b) Certificate holder - Any person holding a certificate to practice acupuncture in the State of Tennessee. Where applicable this shall include partnerships and/or corporations.

(c) Material Fact - Any fact which an ordinary reasonable and prudent person would need to know or rely upon in order to make an informed decision concerning the choice of practitioners to serve her particular needs.

(d) Bait and Switch Advertising - An alluring but insincere offer to sell a product or service which the advertiser in truth does not intend or want to sell. Its purpose is to switch consumers from buying the advertised service or merchandise, in order to sell something else, usually for a higher fee or on a basis more advantageous to the advertiser.

(e) Discounted Fee - Shall mean a fee offered or charged by a person or product or service that is less than the certificate holder’s customary or usual fee charged for the service; and

1. The certificate holder provides the same quality and components of service and material at the discounted fee that are normally provided at the regular, non-discounted fee for that service.
(d) Related Services and Additional Fees. Related services which may be required in conjunction with the advertised services for which additional fees will be charged must be identified as such in any advertisement.

(e) Time Period of Advertised Fees.

1. Advertised fees shall be honored for those seeking the advertised services during the entire time period stated in the advertisement whether or not the services are actually rendered or completed within that time.

2. If no time period is stated in the advertisement of fees, the advertised fee shall be honored for thirty (30) days from the last date of publication or until the next scheduled publication whichever is later whether or not the services are actually rendered or completed within that time.

(4) Advertising Content. The following acts or omissions in the context of advertisement by any certificate holder shall constitute false or fraudulent conduct, and subject the licensee to disciplinary action pursuant to T.C.A. §63-6-1007(1):

(a) Claims that the services performed, personnel employed, materials or office equipment used are professionally superior to that which is ordinarily performed, employed, or used, or that convey the message that one certificate holder is better than another when superiority of services, personnel, materials or equipment cannot be substantiated.

(b) The misleading use of an unearned or non-health degree in any advertisement.

(c) Promotion of professional services which the certificate holder knows or should know is beyond the certificate holder’s ability to perform.

(d) Techniques of communication which intimidate, exert undue pressure or undue influence over a prospective client.

(e) Any appeals to an individual’s anxiety in an excessive or unfair manner.

(f) The use of any personal testimonial attesting to a quality of competency of a service or treatment offered by a certificate holder that is not reasonably verifiable.

(g) Utilization of any statistical data or other information based on past performances for prediction of future services, which creates an unjustified expectation about results that the certificate holder can achieve.

(h) The communication of personal identifiable facts, data, or information about a patient without first obtaining patient consent.

(i) Any misrepresentation of a material fact.

(j) The knowing suppression, omission or concealment of any materials fact or law without which the advertisement would be deceptive or misleading.

(k) Statements concerning the benefits or other attributes of acupuncture procedures or products that involve significant risks without including:
1. A realistic assessment of the safety and efficiency of those procedures or products; and

2. The availability of alternatives; and

3. Where necessary to avoid deception, descriptions or assessment of the benefits or other attributes of those alternatives.

(l) Any communication which creates an unjustified expectation concerning the potential results of any treatment.

(m) Failure to comply with the rules governing advertisement of fees and services, or advertising records.

(4) Each public wastewater utility shall file a completed "Annual Report" with the Authority on or before April 1 of each year. The report shall be in compliance with these rules and requirements established by the Authority.

Authority: T.C.A. § 65-2-102

1220-4-13-.06 ADEQUACY OF FACILITIES

(1) All public wastewater utilities shall design, construct, maintain, and operate wastewater systems to comply with the rules, laws, ordinances, and codes of state, federal, and local governmental agencies to assure, as far as reasonably possible, continuity of service, and uniformity in the quality of service furnished so as not to cause water pollution, wastewater spills, wastewater backup, or other undesirable conditions.

(2) Each public wastewater utility shall adopt operating and maintenance procedures for its wastewater system to assure safe, adequate and continuous service at all times by appropriate qualified staff and shall make inspections on a regular basis. These inspection records shall be maintained by the public wastewater utility for a minimum of three (3) years.
(3) Each public wastewater utility shall provide service in the area described in its CCN within a reasonable period of time. If the Authority finds that any public wastewater utility has failed to provide service to any customer reasonably entitled thereto, or finds that extension of service to any such customer could be accomplished only at an unreasonable cost and that addition of the designated service area to that of another provider of wastewater services is economical and feasible, the Authority may amend the CCN to delete the area not being properly served by the public wastewater utility, or it may revoke the CCN of that particular public wastewater utility.

(4) If wastewater service has not been provided in any part of the area which a public wastewater utility is authorized to serve, whether or not there has been a demand for such service, within two (2) years after the date of authorization for service to such part, the Authority may require the public wastewater utility to demonstrate either that it intends to provide service in the area or part thereof or that, based on the circumstances of a particular case, there should be no change in the certificated area, to avoid revocation of authorization or amendment of a CCN.

(5) In the case of a public wastewater utility authorized to provide service at the time these rules become effective, the requirements of paragraph (4) shall apply to such public wastewater utility two (2) years after the effective date of the rules.

1220-4-13-.07 FINANCIAL SECURITY

(1) All public wastewater utilities either holding or seeking to hold a CCN and owning wastewater systems shall furnish an acceptable financial security in an amount not less than $20,000 to the Authority using a format prescribed by the Authority prior to providing service to a customer. The public wastewater utility shall ensure that the financial security is maintained in continuous force in conformity to this rule.

(2) Proof of financial security shall be furnished to the Authority for review and approval as follows:

(a) The amount of the financial security required by public wastewater utilities holding a CCN at the time these rules become effective shall be one hundred percent (100%) of the gross annual revenue in the most recent UD16 or, if a UD16 has not been filed, the estimated gross annual revenue forecasted in the CCN application submitted to the Authority. A public wastewater utility holding a CCN at the time these rules become effective shall file proof of the required financial security with the Authority seventy-five (75) days after the effective date of these rules.

(b) Public wastewater utilities submitting their initial application for a CCN shall be required to present to the Authority, prior to approval of this application, proof of financial security in the amount of one hundred percent (100%) of the forecasted gross annual revenue from the wastewater system project(s) submitted in the application for a CCN.
(c) The Authority shall review each subsequent UD16, existing financial securities pursuant to local government requirements and any other information that the Authority may request to determine the appropriate amount of financial security required for each public wastewater utility based upon the annual gross revenue information submitted.

(3) Sufficient financial security shall be provided in one of the following manners:

(a) The financial security may be a bond issued by any duly licensed commercial bonding or insurance company authorized to do business in Tennessee.

(b) Irrevocable letters of credit issued by financial institutions acceptable to the Authority.

(c) The public wastewater utility shall provide written notification by means of both certified mail (return receipt requested) and regular mail to the Authority and the holder of the financial security at least sixty (60) days prior to any termination action, expiration date for an irrevocable letter of credit that will not be renewed, or the expiration date for a bond of non-perpetual duration that is not to be renewed.

(4) If the public wastewater utility proposes to post financial security other than that permitted above, a hearing shall be held to determine the amount of the financial security and if the form of the proposed financial security serves the public interest. At this hearing, the burden of proof shall be on the public wastewater utility to show that the proposed financial security and the proposed amount will be in the public interest. The public wastewater utility shall comply with Rule Chapter 1220-4-13-.07(2) until the alternative financial security is approved by the Authority.

(5) Financial securities required by any local government may be considered by the Authority as fulfilling this financial security obligation. The public wastewater utility shall file with the Authority evidence of this financial security and a written request that the Authority consider the security as fulfilling Rule Chapter 1220-4-13-.07(2).

(6) The cost of the financial security may be funded from customer contributions by means of a pass-through mechanism that shall adjust a customer’s monthly rate by a specified amount. The amount of the rate adjustment shall be established by the Authority for a public wastewater utility on an individual basis.

(a) Each public wastewater utility shall submit for the Authority’s consideration a proposed tariff specifying the amount of the pass-through mechanism. The tariff filing shall contain a price-out calculation (number of customers multiplied by the pass-through mechanism) supporting the amount of increase proposed and the percentage increase this represents. This supporting calculation shall be based on the cost of the financial security to the public wastewater utility, the number of customers forecasted for the ensuing twelve (12) month period of operations, and the current approved monthly customer rates. Where applicable, a separate increase shall be calculated for residential and commercial customers.

(i) For public wastewater utilities holding a CCN as of the effective date of this rule, a proposed tariff shall be submitted to the Authority within thirty (30) days of the effective date of the financial security.
(ii) For public wastewater utilities seeking a CCN after the effective date of this rule, a proposed tariff shall be submitted to the Authority with its CCN application.

(b) On May 1 of each year, each public wastewater utility shall file a tariff with the Authority for its consideration, containing a true-up calculation for the preceding period and updating the financial security pass-through percentage calculation going forward. The tariff filing shall include but not be limited to the following:

(i) The actual financial security costs for the most recent twelve (12) month period ending December 31. For the first year this rule is in effect and the first year of operations in the case of a new CCN or amended CCN, the true-up calculation shall be based on the actual months the security was in effect.

(ii) The actual financial security costs collected from its customers during the previous twelve (12) months or part thereof.

(iii) A true-up calculation to establish the amount of refund or surcharge due to or required from its customers. This residual amount shall be subtracted from or added to the estimated financial security cost for the next twelve (12) month period.

(iv) The rate adjustments stated as an amount to be reflected in a customer’s bill and the corresponding percentage adjustment.

(7) Where a public wastewater utility through the actions of its owner(s), operator(s), or representative(s) demonstrates an unwillingness or incapacity, or refuses to effectively operate and/or manage the wastewater system(s) in compliance with these rules and Tennessee statutes, or the wastewater system(s) has been abandoned, the Authority shall take appropriate action that may include making a claim against the public wastewater utility’s bond or other financial security.

(8) Reserve/escrow accounts established by the public wastewater utility to pay for non-routine operation and maintenance expenses shall meet the conditions as specified by the Authority. The public wastewater utility shall file bank statements and a report that details the expenses on all disbursements from the escrow account with its annual report or as the Authority may direct. Public wastewater utility employees having signature authority over such account may be subject to a fidelity bond. The public wastewater utility’s tariff shall set forth the specific amount charged to customers to fund the reserve/escrow account.

(9) The requirement for a public wastewater utility to maintain a reserve/escrow account shall be determined by the Authority on a case by case basis. Within one year from the effective date of these rules, the Authority shall review the financial condition of any public wastewater utility holding a CCN to provide wastewater service as of December 31, 2005 to determine whether such wastewater utility shall establish or adjust the amount of a reserve/escrow account as described in subsection (8) of this Rule. The financial condition of any applicant seeking a CCN to provide wastewater service after December 31, 2005 shall be reviewed by the Authority and a determination shall be made regarding the establishment of a reserve/escrow account during the CCN application process. The Authority may review the financial condition of any public wastewater utility at any time to determine whether a reserve/escrow account balance is adequate or an account should be established.

The existing prequalification will remain in effect during this grace period, subject to the reservations in paragraph (3) of this rule below.

(3) Reservations. – Notwithstanding the foregoing or any other provision of this chapter, the Department reserves the right to modify, revoke or restrict a general or limited prequalification or to temporarily disqualify a prequalified bidder or subcontractor, as provided in these rules. The Department also reserves the right to establish more restrictive special prequalifications for any particular project and/or the right to suspend, debar or otherwise exclude a prequalified bidder, contractor or subcontractor, as provided in the Department's rules governing contractor debarment and suspension, Chapter 1680-5-1, and any such decision shall not be appealable under this chapter.

**Authority:** T.C.A. §§ 54-5-117 and 4-3-2303.

1680-5-3-.07 MODIFICATION, REVOCATION AND DISQUALIFICATION.

(1) Authority of Director of Construction. – For good cause, the Director Construction may modify, revoke or restrict a general or limited prequalification, or the Director of Construction may temporarily disqualify a prequalified bidder or subcontractor, as follows:

(a) Upon the request of an applicant and additional information received, the Director of Construction may modify a prequalification to make it less restrictive by, for example, changing a limited to a general prequalification, changing the restrictions of a limited prequalification, or adding a work classification. The Director may require an applicant to complete and submit a new prequalification application in support of a request for modification of an existing prequalification.

(b) The Director of Construction may revoke or restrict a prequalification by, for example, terminating a general or limited prequalification in any particular work classification(s), changing a general prequalification to a limited prequalification, or imposing additional restrictions on a limited prequalification in any particular work classification(s).

(c) The Director of Construction may temporarily disqualify a prequalified bidder or subcontractor by suspending the privilege of bidding on Department contracts or becoming an approved subcontractor until the conditions resulting in the temporary disqualification have been remedied, as determined by the Director of Construction.

(2) Factors to Consider. – In making a decision to modify, revoke or restrict a prequalification or temporarily disqualify a prequalified bidder or subcontractor (hereinafter referred to as the "applicant"), the Director of Construction may consider any of the following facts or information:

(a) The Department's performance evaluations of the applicant, if available;

(b) Any change in the applicant's or any affiliate's prequalification information (as is required to be reported under Rule 1680-5-3-.04 above) that pertains to the applicant's or any affiliate's qualifications or responsibility, including without limitation any change in the firm's work experience, key personnel, available equipment, environmental record, financial responsibility, or business integrity;

(c) The applicant or any affiliate has made false, deceptive or fraudulent statements in its prequalification application;
(d) The applicant or any affiliate has failed to complete, defaulted on or had any contract with the Department terminated for cause;

(e) The applicant or any affiliate has existing incomplete contracts with the Department on which it is behind schedule to such an extent that it might hinder or prevent prompt completion of any additional contracts with the Department;

(f) The applicant or any affiliate has a record of defective workmanship or the use of improper materials on any contract or subcontract with the Department;

(g) The applicant or any affiliate has a record of non-compliance with other Department contract requirements, including without limitation the submittal of required documents;

(h) The applicant or any affiliate has a record of non-compliance with applicable federal, state or local laws, regulations or ordinances, including without limitation laws, regulations or ordinances relating to workplace safety, environmental protection, equal opportunity employment and contracting, disadvantaged business enterprise program requirements, employee wage and hour requirements, or the prompt payment of subcontractors;

(i) The applicant or any of its affiliates owes money to the Department; and/or

(j) Any other information the Prequalification Office may have requested, received or examined with respect to the applicant’s responsibility and qualifications.

(3) Notice. – Notice of any modification, revocation, restriction or temporary disqualification shall be provided in writing in the same manner as notice of a denial or limitation of prequalification status under Rule 1680-5-3-.05 above.

(4) Appeal. – A prequalified bidder or subcontractor who has been temporarily disqualified or who has had its prequalification status modified, revoked or restricted may appeal such decision to the Commissioner by following the appeal procedure established in Rule 1680-5-3-.08 below.

(5) Reservations. – Notwithstanding the foregoing or any other provision of this chapter, the Department reserves the right to establish more restrictive special prequalifications for any particular project and/or the right to suspend, debar or otherwise exclude a prequalified bidder, contractor or subcontractor, as provided in the Department’s rules governing contractor debarment and suspension, Chapter 1680-5-1, and any such decision shall not be appealable under this chapter.

Authority: T.C.A. §§ 54-5-117 and 4-3-2303.

1680-5-2-.08 APPEALS.

(1) Grounds for Appeal. – In accordance with these rules, an applicant for prequalification or a prequalified bidder or subcontractor whose prequalification status has been adversely affected may appeal any decision by the Director of Construction that:

(a) Determines the applicant’s prequalification status, as provided in Rule 1680-5-3-.05;

(b) Modifies, revokes or restricts an existing prequalification held by the prequalified bidder or subcontractor, as provided in Rule 1680-5-3-.07;
RULEMAKING HEARINGS

(c) Temporarily disqualifies a prequalified bidder or subcontractor, as provided in Rule 1680-5-3-.07; or

(d) Is otherwise expressly appealable under these rules.

(2) Filing of Appeal; Timing and Content.

(a) A request for appeal under these rules must be filed with and received by the Director of Construction, with a copy to the Chief Engineer, no later than fourteen (14) days after delivery to the applicant or prequalified bidder or subcontractor of the adverse decision being appealed. For good cause shown, the Director of Construction may grant a written request for an extension of time, not to exceed an additional fourteen (14) days, within which to file the appeal.

(b) Failure to file a request for appeal within the time allowed will result in a denial of the appeal without any hearing.

(c) The appeal shall be in writing and shall contain:

1. A detailed statement of the reasons why the appellant believes the Director of Construction’s decision was erroneous, improper and/or not in the best interest of the Department;

2. A statement of the relief requested (i.e., a statement of the decision the appellant believes the Commissioner should make on appeal); and

3. Any documentation of evidence that the appellant reasonably believes will support its appeal.

(3) Informal Hearing Before the Prequalification Committee.

(a) Upon receiving a request for appeal as provided in the paragraph above, the Director of Construction will promptly notify the Chief Engineer, who shall schedule an informal hearing before the Prequalification Committee.

(b) The hearing should, if possible, be scheduled to occur within thirty (30) days after the date on which the appeal was filed. The Chief Engineer shall notify the appellant of the date, time and place for the hearing. For good cause shown, the Chief Engineer may allow for a continuance of the hearing to a later date.

(c) For good cause shown, the Chief Engineer may, but is not required to, stay the decision of the Director of Construction that is the subject of the appeal if:

1. The decision was to revoke or restrict an existing prequalification or to temporarily disqualify a prequalified bidder or subcontractor; and

2. The Chief Engineer determines that it is in the public interest to preserve the status quo pending a hearing and decision on the appeal.

(d) The hearing before the Prequalification Committee shall be held at the time and place set by the Chief Engineer, and the Chief Engineer shall preside. A quorum of the Prequalification Committee, consisting of a majority of the members of the Committee, shall be sufficient to conduct the hearing.
(e) The hearing will be conducted in an informal manner. A court reporter will be present to create a record of the proceedings, but the Committee may use flexible procedures to hear evidence and argument presented by the appellant and the Prequalification Office. Formal rules of evidence and civil procedure will not be required. At the discretion of the Chief Engineer, the Committee may hear statements from and question witnesses at the hearing and/or take written statements, and the Committee may consider relevant written documentation that the appellant or the Prequalification Office may wish to present. The Chief Engineer may continue the hearing and reconvene the Prequalification Committee at a later date, if necessary for a full and fair consideration of the appeal.

(4) Commissioner’s Decision. – Upon consideration of the evidence and argument presented at the informal hearing, the Prequalification Committee shall advise the Commissioner and make recommendations for his/her decision, but the decision shall be the Commissioner’s alone. The Commissioner shall give the appellant written notice of the decision, and the reasons therefore, within thirty (30) days after the close of the Prequalification Committee’s informal hearing, unless the time is extended by the Commissioner for good cause. Notice of the decision may be sent by regular mail or other reliable means of delivery. The Commissioner’s decision shall be final and not subject to any further administrative appeal.

(5) Reservation. – The informal appeal procedure established herein and other proceedings established in these rules are not, nor are they required to be conducted as, contested case proceedings under Tennessee Code Annotated § 4-5-102(3). It is the intent of these rules, consistent with considerations of fundamental fairness, to provide for the just, speedy and inexpensive determination of matters before the Prequalification Office, the Prequalification Committee, and the Commissioner. The procedures established in these rules are subject to amendment as the Commissioner may determine to be in the best interest of the Department, and nothing in these rules shall be construed to create any vested right to any particular process established herein.

Authority: T.C.A. §§ 54-5-117 and 4-3-2303.

1680-5-3-.09 SPECIAL PREQUALIFICATION REQUIREMENTS.

(1) Reservation of Right to Establish Special Prequalification Requirements. – Notwithstanding any other provision in this chapter, the Department reserves the right to establish special or additional prequalification requirements for bidders and/or subcontractors on a project-by-project basis whenever, in the judgment of the Department, such special or additional prequalification requirements are in the best interest of the Department because of the project’s size, scope, schedule, complexity, environmental sensitivity or any other special circumstance related to the project.

(2) Notice. – The Department will give notice of any special prequalification requirements and procedures for bidders and/or subcontractors prior to the issuance of the proposal form for the project. Notice shall be given by publication in appropriate newspapers and/or publication on the Construction Division’s website, as the Department may determine.

(3) Rejection of Ineligible or Non-Responsive Bidders or Subcontractors. – The Department reserves the right to refuse to issue a proposal form to any bidder, reject the proposal of any bidder, and/or decline to approve any subcontractor that does not, in the judgment of the Department, meet the special prequalification requirements.

Authority: T.C.A. §§ 54-5-117 and 4-3-2303.
RULEMAKING HEARINGS

1680-5-3-.10 BIDDING.

In addition to any other provisions pertaining to the submission, opening and acceptance or rejection of bids that are contained in the Department’s Standard Specifications for Road and Bridge Construction (and as amended or supplemented), the following bidding requirements are established in these prequalification rules.

(1) Bidding Procedure.

(a) To bid on any project advertised by the Department, the bidder must be prequalified in the work classification(s) as identified in the advertisement for the project.

(b) If the work of a project is not among the work classifications previously identified by the Prequalification Office in the prequalification questionnaire or other forms completed by applicants for prequalification, the Department’s advertisement may solicit applications for prequalification in one or more new or project-specific work classifications, or the Department may waive prequalification requirements in whole or part.

(c) Unless suspended, debarred or otherwise excluded from participation in Department contracts, a prequalified bidder may request a proposal form or other bidding documents from the Department at any time prior to the opening of bids for the project on which the bidder may be interested in submitting a proposal.

(2) Joint Ventures.

(a) When two or more bidders wish to bid together as a joint venture, each bidder wishing to participate in the joint venture must make a separate written request to the Prequalification Office to request approval of the joint venture. Each request must be signed by an authorized representative of each respective firm.

(b) Each bidder participating in a joint venture must be separately prequalified by the Department.

(c) At least one of the bidders participating in a joint venture must be prequalified in the work classification(s) applicable to the project.

(3) Affiliates. – Affiliates of a bidder are prohibited from submitting separate proposals for contract on the same Department project. The Department will not issue a proposal form to more than one affiliated party on the same project.

(4) Reservation of Right to Reject Bids or Cancel Awards. – In addition to any provision regarding the rejection of bids or cancellation of awards in the Department’s Standard Specifications for Road and Bridge Construction (and as amended or supplemented), the Department reserves the right to reject the bid of any bidder or to cancel the award of a contract to any bidder:

(a) Who is not prequalified in the applicable work classification(s) for the project, or whose bid exceeds the limitations of a limited prequalification;

(b) Who is the affiliate of any other bidder on the same project, as determined by the Prequalification Office;

(c) Who has been temporarily disqualified or has had its prequalification revoked as provided in these rules; or
(d) Who has been suspended, debarred, or otherwise excluded under the Department's rules governing contractor debarment and suspension, Chapter 1680-5-1, or under applicable Federal rules governing the suspension and debarment of contractors.
