The Tennessee Administrative Register (T.A.R) is an official publication of the Tennessee Department of State. The T.A.R is compiled and published monthly by the Department of State pursuant to Tennessee Code Annotated, Title 4, Chapter 5. The T.A.R contains in their entirety or in summary form the following: (1) various announcements (e.g. the maximum effective rate of interest on home loans as set by the Department of Financial Institutions, formula rate of interest and notices of review cycles); (2) emergency rules; (3) proposed rules; (4) public necessity rules; (5) notices of rulemaking hearings and (6) proclamations of the Wildlife Resources Commission.

**Emergency Rules** are rules promulgated due to an immediate danger to the public health, safety or welfare. These rules are effective immediately on the date of filing and remain in effect thereafter for up to 165 days. Unless the rule is promulgated in some permanent form, it will expire after the 165-day period. The text or a summary of the emergency rule will be published in the next issue of the T.A.R. after the rule is filed. Thereafter, a list of emergency rules currently in effect will be published.

**Proposed Rules** are those rules the agency is promulgating in permanent form in the absence of a rulemaking hearing. Unless a rulemaking hearing is requested within 30 days of the date the proposed rule is published in the T.A.R., the rule will become effective 105 days after said publication date. All rules filed in one month will be published in the T.A.R. of the following month.

**Public Necessity Rules** are promulgated to delay the effective date of another rule that is not yet effective, to satisfy constitutional requirements or court orders, or to avoid loss of federal programs or funds. Upon filing, these rules are effective for a period of 165 days. The text or summary of the public necessity rule will be published in the next issue of the T.A.R. Thereafter, a list of public necessity rules currently in effect will be published.

Once a rule becomes effective, it is published in its entirety in the official compilation-Rules and Regulations of the State of Tennessee. Replacement pages for the compilation are published on a monthly basis as new rules or changes in existing rules become effective.

**Wildlife Proclamations** contain seasons, creel, size and bag limits, and areas open to hunting and/or fishing. They also establish wildlife and/or public hunting areas and declare the manner and means of taking. Since Wildlife Proclamations are published in their entirety in the T.A.R., they are not published in the official compilation-Rules and Regulations of the State of Tennessee.

**Back Issues** - Some back issues of the Tennessee Administrative Register are available. Please send $ 1.50 per issue along with the volume, number and date you wish to order to the address in the back of this issue.

**Copies of Rules from Back Issues** of the Tennessee Administrative Register may be ordered from the Division of Publications for 25 cents per page with $ 1.00 minimum. Back issues presently available start with the August, 1975 edition. The mailing address of the Division of Publications is shown on the order form in the back of each issue.

DEPARTMENT OF FINANCIAL INSTITUTIONS – 0180

ANNOUNCEMENT OF MAXIMUM EFFECTIVE RATE OF INTEREST

The Federal National Mortgage Association has discontinued its free market auction system for commitments to purchase conventional home mortgages. Therefore, the Commissioner of Financial Institutions hereby announces that the maximum effective rate of interest per annum for home loans as set by the General Assembly in 1987, Public Chapter 291, for the month of November 2006 is 8.81 percent per annum.

The rate as set by the said law is an amount equal to four percentage points above the index of market yields of long-term government bonds adjusted to a thirty (30) year maturity by the U. S. Department of the Treasury. For the most recent weekly average statistical data available preceding the date of this announcement, the calculated rate is 4.81 percent.

Persons affected by the maximum effective rate of interest for home loans as set forth in this notice should consult legal counsel as to the effect of the Depository Institutions Deregulation and Monetary Control Act of 1980 (P.L. 96-221 as amended by P.L. 96-399) and regulations pursuant to that Act promulgated by the Federal Home Loan Bank Board. State usury laws as they relate to certain loans made after March 31, 1980, may be preempted by this Act.

When the taxes are paid in full, the collecting official will provide a copy of the tax receipt and submit the application to the Division by paper form or electronically. On approval, the taxpayer will receive the warrant for the amount of the relief.

(d) A DV can be used as a credit prior to 35 days after the delinquency date of the jurisdiction. The collecting official may calculate the amount of the tax relief and directly credit the taxpayer’s bill in advance of approval by the Division. The collecting official must provide a receipt with the DV showing the amount of the credit applied and any remaining balance as paid. Upon approval, the Division will forward payment to the collecting official. The collecting official will receive a copy of the notification letter.

(2) Application Credit Voucher (subsequent application)

A duplicate copy will also be distributed to the collecting official together with a printed report (ACV Select Listing).

(b) The ACV may be presented to the collecting official together with the balance of the property tax payment. The collecting official will verify all information on the form, certify the same with his/her signature, and accept the ACV as partial payment of the property tax. The taxpayer should sign both copies of the ACV form. The ACV will be submitted to the Division for approval and payment of the property tax relief amount to the collecting official by paper form or via electronic means.

(c) The ACV may be presented to the collecting official together with full payment of the property tax. The collecting official will indicate in the payment instructions “Pay the Applicant” and present same to the Division for approval and payment. The property tax relief amount will be sent directly to the recipient.

(d) When the ACV is presented to the collecting official and the applicant is deemed ineligible, the reason for ineligibility will be indicated on the ACV. Also, ACVs that were never presented/used and the reason is unknown should be returned to the Division. These ACVs must be returned to the Division to ensure the accuracy of tax relief records.

(e) If the collecting official verifies through personal knowledge that the applicant is unable to sign and is not deceased, the collecting official can certify that the applicant is unable to sign on the ACV. Acceptable alternatives to the applicant’s signature also include an individual with legal authority to act for the applicant such as a power of attorney, guardian, or conservator. SUBSTANCE OF PROPOSED RULES
OF
THE TENNESSEE DEPARTMENT OF HUMAN SERVICES

CHAPTER 1240-6-12
COMMITTEE OF BLIND VENDORS

AMENDMENTS

Chapter 1240-6-12 is amended by adding a new subchapter as 1240-6-12.-02 and renumbering the current subchapters 1240-6-12.-02 through 1240-6-12.-04 as 1240-6-12.-03 through 1240-6-12.-05. The language of the new 1240-6-12.-02 is as follows:

1240-6-12.-02 PRIORITY FOR UNASSIGNED VENDING MACHINE LOCATIONS

(1) Any public property that desires vending services is required pursuant to 1240-6-12.-01(3) above to notify the department so that a survey can be conducted. If the results of that survey suggest that the location should not be assigned to a blind vendor, the department will arrange for the service to be provided by a third party vendor. Such locations shall be referred to as “unassigned” locations. When making a decision as to whether or not to assign a blind vendor, the department will consider the following factors:

(a) Sales volume,

(b) Budgetary/revenue needs of TBE,
(c) Cost of installing any equipment,

(d) History of the location,

(e) Availability of a licensed blind vendor,

(f) Any other factors the department deems pertinent relative to the specific location.

(2) The department shall have the authority to select the third party vendor to provide the desired vending services and shall execute an agreement with the third party vendor authorizing said vending services. The department may consult with any entity affected by the selection of the vendor. If a third party vendor is currently providing services, and those receiving said services are satisfied with the level and quality of services, the department may elect to allow that vendor to continue providing services provided an acceptable agreement can be negotiated.

(a) The department shall determine pricing of products to be sold. The department shall ensure that prices are fair and do not exceed prices normally charged by licensed blind vendors in other government buildings. To the extent practical, the department will attempt to ensure consistency in pricing from one unassigned location to another.

(b) The department shall negotiate a fair and competitive commission rate to be paid by the third party vendor to the department for use pursuant to 1240-6-8-.02. The third party vendor shall be required to submit written reports verifying sales and the accuracy of the commission payments. Such reports are subject to audit by the department and/or other state entities. The department shall have the right to establish other procedures as appropriate to ensure it is receiving all funds to which it is entitled.

(c) If a property management official fails to comply with subsection (a) above and arranges for vending services on his/her own and it comes to the attention of the department, representatives of the department shall notify the property management official of the non-compliance and make arrangements for the private vendor to send all future commissions from the vending machines to the department. The department shall negotiate a fair commission rate and may replace the third party vendor if an agreement cannot be reached with the company providing the service.

(d) The department, in its sole discretion, may elect to share revenue from the vending machines with the state or local government entity. This will be done primarily to offset any loss in revenue by the government entity as the result of the department assuming responsibility for the vending machines. Such an income sharing arrangement may be time limited and may impact the pricing structure of products being sold through the vending machines.

(e) The department will act to correct any documented deficiencies in service that are brought to its attention. This may include removing and replacing a third party vendor.

(f) The department, in its sole discretion, may elect to remove a third party vendor from any location and assign the vending to a licensed blind vendor. On an annual basis, the department shall provide sufficient information to the Committee of Blind Vendors so that the Committee can actively participate in decisions as to any of the unassigned locations that could be considered for assignment to a blind vendor.

(g) If any dispute arises between property management and the department as the result of enforcement of these provisions, either party shall have the right to file a complaint with the Secretary of State’s Office pursuant to Tenn. Code Ann. § 71-4-507.
(h) Revenue from unassigned locations shall be spent in accordance with 1240-6-8-.02 of these rules and regulations.

(i) The department shall maintain records of all unassigned locations and provide reports on a quarterly basis to the Committee of Blind Vendors.

(j) After affording the Committee an opportunity for active participation, the department may choose to employ adequate staff or may elect to contract with a third party entity to carry out the provisions of this section.

(k) These provisions do not apply to vending machines located at interstate rest areas. The installation of such machines and the revenue from those machines are governed by federal guidelines.

Authority: T.C.A §§ 4-5-201 et seq., 49-11-601 et seq., 71-1-104; 71-1-105(12), 71-4-603, and 71-4-604(c); 34 C.F.R. § 395 et seq. and 34 C.F.R. § 395.14.

Written bids may not be required when purchasing equipment; however, TBE staff has an obligation to ensure that purchases are made in a cost effective manner. In making decisions about which equipment to purchase, the staff person shall consider costs as well as delivery time, quality, past performance of the equipment and/or supplier, trade-in allowance, decor if machines are being matched with other machines in a location, and the preferences of the licensed blind manager who will be servicing the machines.

(2) Although written bids are not required, the department may elect to solicit annual price quotes from vending machine distributors. TBE shall treat these price quotes as bids and will purchase the least expensive piece of equipment when practical if it meets the needs of the facility and the licensed blind manager.

(3) Purchases $1,000 and Less—TBE Consultant / Specialist may make these purchases without prior supervisory approval and without the need to solicit competitive bids.

(4) Purchases from $1,001 up to and including $5,000—TBE Consultant / Specialist must obtain supervisory and the department’s Fiscal Services approval before making purchases. Written bids are not required except that any price quotes received pursuant to subsection (2) above will be considered when making purchasing decisions.

(5) Purchases Over $5,000—Any purchase that exceeds $5,000 requires prior supervisory and Fiscal Services approval. Competitive bids will be required in accordance with the TBE’s internal policies and procedures.

Authority: T.C.A §§ 4-5-201 et seq., 49-11-601 et seq., 71-1-104; 71-1-105(12), 71-4-603, and 71-4-604(c); 34 C.F.R. § 395 et seq. and 34 C.F.R. § 395.14.

1240-6-17-.03 CONSTRUCTION AND RENOVATIONS

(1) When installing a new vending facility or renovating an existing vending facility, the department may be required to perform construction. The department shall ensure that any construction work is done at competitive prices. The same requirements as specified in 1240-6-15.02 above shall apply to any construction projects.

(2) Construction projects on any state property may require approval by the State Building Commission. The department must comply with the requirements of the State Building Commission.

(3) The architect responsible for the construction project may solicit bids for such project on behalf of the department.

Authority: T.C.A §§ 4-5-201 et seq., 49-11-601 et seq., 71-1-104; 71-1-105(12), 71-4-603, and 71-4-604(c); 34 C.F.R. § 395 et seq. and 34 C.F.R. § 395.14.
1240-6-17.-04 MERCHANDISE PURCHASES

(1) It is the responsibility of the department to provide the initial merchandise inventory for all vending facilities. When purchasing merchandise for a vending facility, the TBE Consultant / Specialist must secure supervisory and Fiscal Services approval regardless of the amount of merchandise being procured. Bids shall not be required. All merchandise shall be purchased from reputable wholesale distributors.

(2) If no wholesale distributor is available or willing to accept the department’s payment authorization, merchandise may be purchased from a licensed blind manager provided the manager sells the product at his/her actual cost.

(3) The amount of merchandise to be purchased for a vending facility shall be made in accordance with policies contained in the Operations Manual and shall be based upon projected sales volume.

Authority: T.C.A §§ 4-5-201 et seq., 49-11-601 et seq., 71-1-104; 71-1-105(12), 71-4-603, and 71-4-604(c); 34 C.F.R. § 395 et seq. and 34 C.F.R. § 395.14.

1240-6-17.-05 PROCUREMENT OF NON-TANGIBLE GOODS AND SERVICES

(1) In order to ensure an effective and efficient operation, the department may choose to procure certain non-tangible goods and services that can be provided better and perhaps more cost effectively by third party private sector vendors. Competitive bids are not always practical. The department shall generally negotiate a fee or pay the standard and customary rate for the service being provided.

(2) The department, after active participation by the Committee of Blind Vendors, may elect to hire its own technicians to provide vending machine maintenance and repair services or procure the services from private sector vendors. If it elects to purchase such services, the department will establish agreements with local companies who have an expertise in repairing vending machines. These agreements shall include an agreed upon hourly rate, mileage rate not to exceed the amount authorized by Comprehensive State Travel Regulations, and the amount to be paid for parts. At least once every five years, the department shall solicit bids from companies to ensure that costs are competitive. Companies expressing an interest in providing such services will be interviewed by department staff and local representatives of the Committee of Blind Vendors before a private sector vendor is selected to provide the service. Price shall not be the only factor considered when selecting the repair vendor. The department may also consider the company’s record of performance, the qualifications of its vending machine technicians, its financial resources, stability of management, and other such factors.

(3) When a piece of equipment other than a vending machine is in need of repair, the department shall contact a company that specializes in such repairs. For example, if a freezer is broken, a refrigeration company will be contacted; if the air conditioning goes out, a heating and air contractor will be contacted; and if there are plumbing issues, a licensed plumber will be contacted. Whereas bidding individual repair jobs is not practical, the department shall pay the standard and customary fee that the company charges all customers for such services.

(4) The department may choose to incorporate equipment moves into its agreements with the companies providing the vending machine repair services since most of the machines being moved are vending machines. If not, the department will solicit three bids from reputable companies willing to provide the service on an hourly rate. Bids shall be good for a predetermined time period.
(5) On certain construction or renovation projects, the department may have to secure the services of an architect. The department will pay the hourly rate that has been established by the State Building Commission.

(6) From time to time, the department may be required to procure other services on behalf of the program. The department may either pay the standard and customary fee associated with a service or negotiate agreements that ensure that quality services are being provided at fair and competitive prices.

**Authority:** T.C.A §§ 4-5-201 et seq., 49-11-601 et seq., 71-1-104; 71-1-105(12), 71-4-603, and 71-4-604(c); 34 C.F.R. § 395 et seq. and 34 C.F.R. § 395.14.

**1240-6-17-06 PURCHASES RECOMMENDED BY THE COMMITTEE OF BLIND VENDORS**

(1) The Committee of Blind Vendors shall be granted consideration in major administrative decisions, including, but not limited to, funds expended from those levied against licensed blind managers or received in commissions from unassigned locations. This includes making recommendations on the purchase of certain goods and services. When using non-appropriated funds, the department may abide by the recommendations of the Committee of Blind Vendors without the necessity of soliciting written bids provided the Committee considers cost when making its recommendation.

**Authority:** T.C.A §§ 4-5-201 et seq., 49-11-601 et seq., 71-1-104; 71-1-105(12), 71-4-603, and 71-4-604(c); 34 C.F.R. § 395 et seq. and 34 C.F.R. § 395.14.
