- (1) The provisions of this chapter shall apply to all professional kickboxing and mixed martial art contests held or scheduled to be held in the state of Tennessee and shall take precedent over any other rules, including but not limited to rules of any sanctioning organization, that are in any way directly or indirectly in conflict with any provision set forth in this chapter, unless the Commission modifies or waives such provision.
- (2) The Commission may modify or waive any provision hereunder:
 - (a) In cases of undue hardship, demonstrable impracticality, or necessity;
 - (b) For the purpose of allowing a bout to be sanctioned by a recognized association, council, or organization; or
 - (c) To accept an alternative rule set, in whole or in part, for a professional kickboxing or mixed martial arts contest or event. Any alternative rule set must be approved by the Commission prior to the scheduled contest or event. The Commission may revoke the approval of the alternative rule set if the Commission later determines the alternative rule set poses a risk to the health, safety, or welfare of the individuals participating in the contest or event.

Authority: T.C.A. §§ 68-115-201 and 68-115-203. **Administrative History:** Emergency rules 0145-01 through 0145-05 filed November 7, 2008; effective though April 21, 2009. - (1) For kickboxing contests or events, the ring or fighting area shall meet the following requirements:
 - (a) The ring shall be not less than seventeen feet (17') square within the ropes. The ring floor shall extend beyond the ropes not less than eighteen inches (18"). Padding must extend beyond the ring ropes and over the edge of the platform. Such floor shall be padded with a one (1) inch layer of Ensolite (or the equivalent) placed over a one (1)

(Rule 0145-03-.02, continued)

inch base of building board or other suitable material. The padding shall be covered with canvas, duck, or similar material tightly stretched and laced securely in place under the apron.

- (b) The ring platform shall not be more than four feet (4') above the floor of the building, and shall be equipped with suitable steps for use by combatants. Ring posts shall be metal, not more than four inches (4") in diameter, extending from the floor of the building to a height of fifty-eight inches (58") above the ring floor, and shall be properly padded.
 - (c) Ring ropes shall be at least four (4) in number, not less than one inch (1") in diameter; the lower rope eighteen inches (18") above the ring floor, the second rope thirty inches (30") above the ring floor, the third rope forty-two inches (42") above the ring floor, and the fourth rope fifty-four inches (54") above the ring floor. The lower rope shall have applied around it a padding of a thickness of not less than one-half inch (½") and of a type and construction to be approved by the Commission.
- (2) For all other types of mixed martial arts bouts, the ring or fighting area shall meet the requirements set forth in this section as follows:
- (a) The ring or fighting area shall be no smaller than twenty feet (20') by twenty feet (20') and no larger than thirty-two feet (32') by thirty-two (32'). A ring enclosed by ropes shall be square. The ring floor or floor of the fighting area enclosed by ropes shall extend at least twenty inches (20") beyond the ropes. The ring floor or floor of the fighting area shall be padded with a one-inch (1") layer of Ensolite (or the equivalent) placed over a one-inch (1") base of building board or other suitable material. Padding shall extend beyond the ring or fighting area and over the edge of the platform. The ring or fighting area shall have a canvas covering or similar material, tightly stretched and laced to the ring platform. Materials made up of one hundred percent (100%) vinyl or one hundred percent (100%) plastic rubberized covering shall not be permitted. Blended materials may be accepted if approved by the Commission, the Executive Director, or the Executive Director's designee prior to use at a contest. Blended materials include those of which the surface contains a combination of vinyl or similar synthetic materials. The Executive Director or the Executive Director's designee shall make a determination of approval based upon whether or not the material creates an unreasonable risk of harm to any combatant that is not present with the use of standard canvas or duct type material. Such danger shall include, but is not limited to: slipping, falling, or tears that could create lacerations to the body. The Executive Director may publish a list of material blends that have previously been determined as acceptable by the Commission. There shall not be any obstruction or object, including but not limited to a triangular border, on any part of the ring floor.
 - (b) The ring platform shall not be more than four feet (4') above the floor of the building. A ring enclosed by ropes shall have three (3) sets of suitable steps or ramps, one for use by each of the combatants and one for use by the officials. The posts for a ring enclosed by a fence shall extend from the floor to the top of the fighting area and shall be no less than sixty-six inches (66") and no more than seventy-eight inches (78") above the floor of the fighting area. All posts shall be properly padded in a manner approved by the Commission.

(Rule 0145-03-.02, continued)

However, the enclosure shall not obstruct or limit the supervision and regulation of the bout by the officials or Commission representatives. All metal parts shall be covered and padded in a manner approved by the Commission and shall not be abrasive to the combatants; or
2. Four (4) or five (5) horizontal ropes not less than 1 inch (1") in diameter and wrapped in soft material. In the event a four (4) rope ring is used, the spacing of the ropes shall be that specified in Rule 0145-02-.02(4). (Rule 0145-03-.05, continued)

- (2) If the referee or the ringside physician determines that the bout may not continue because of an injury suffered as the result of an unintentional foul or because of an injury inflicted by an unintentional foul which later becomes aggravated by fair blows, the bout shall be declared a draw, if according to the score cards, the bout was determined to be a draw at the time the foul occurred. If, according to the score cards, the combatant committing the foul was winning prior to the foul, the bout shall be declared a technical draw. If, according to the score cards,

(Rule 0145-03-.07, continued)
