1200-13-01-.02 DEFINITIONS.

(1) Activities of Daily Living (ADLs).

(a) Routine self-care tasks that people typically perform independently on a daily basis. One of the components of Level of Care eligibility for LTSS is a person’s ability to independently perform (or the amount of assistance needed to perform) certain ADLs, such as:
(Rule 1200-13-01-.02, continued)

1. Personal hygiene and grooming;

2. Dressing and undressing;

3. Self-feeding;

4. Functional transfers (getting into and out of bed or wheelchair, getting onto or off toilet, etc.);

5. Bowel and bladder management; and

6. Ambulation (walking with or without use of an assistive device, e.g., walker, cane or crutches; or using a wheelchair).

(b) For purposes of Katie Beckett Medical (Level of Care) eligibility as described in Rule .11, ADLs shall include only the following:

1. Bathing: The ability to shower, bathe or take sponge baths for the purpose of maintaining adequate hygiene (does not include hair care). For older children (over 12 years of age), this also includes the ability to get in and out of the bathtub, turn faucets on and off, regulate water temperature, wash and dry fully.

2. Grooming: The ability to brush teeth, and wash hands and face. Due to variations in hair care by culture, length of hair, etc., hair care is not to be considered.

3. Dressing: The ability to dress as necessary. This does not include the fine motor coordination for buttons and zippers.

4. Eating: The ability to eat and drink by finger feeding or the use of routine or adaptive utensils. The ability to swallow sufficiently to obtain adequate oral intake. This does not include cooking food or preparing it for consumption such as cutting food into bite size pieces or pureeing it.

5. Toileting: The ability to use a toilet or urinal, transferring on/off a toilet, changing menstrual pads, and pulling pants up/down.

6. Mobility: The ability to move between locations in the individual’s living environment. For children, this includes home and school. Mobility includes walking, crawling, or wheeling oneself around at home or at school. For purposes of medical (level of care) eligibility for children, mobility does not include transporting oneself between buildings or moving long distances outdoors.

(2) Adult Care Home. For purposes of CHOICES:

(a) A CBRA licensed by the DOH (see Rule 1200-08-36) that offers twenty-four (24) hour residential care and support in a single family residence to no more than five (5) elderly or disabled adults who meet NF LOC, but who prefer to receive care in the community in a smaller, home-like setting. The provider must either live on-site in the home, or hire a resident manager who lives on-site so that the person primarily responsible for delivering care on a day-to-day basis is living in the home with the individuals for whom he is providing care.

(b) Coverage shall not include the costs of Room and Board.

(c) Pursuant to State law, licensure is currently limited to Critical Adult Care Homes for persons who are ventilator dependent or adults with traumatic brain injury.
(3) Adult Day Care.
   (a) Community-based group programs of care lasting more than three (3) hours per day but less than twenty-four (24) hours per day and delivered in an Adult Day Care facility permanently licensed by DHS or a Mental Retardation Adult Habilitation Day Facility licensed by DMH, or as of July 1, 2012, by DIDD.
   (b) Services shall be provided pursuant to an individualized POC by a licensed provider not related to the participating adult.
   (c) The provider shall be responsible for the provision of all assistance and supervision required by program participants. Such assistance is a component of the Adult Day Care benefit and shall not be billed as a separate HCBS.

(4) Adult Dental Services. For purposes of ECF CHOICES only and limited to adults age 21 or older:
   (a) Preventive dental services, fillings, root canals, extractions, periodontics, the provision of dentures, and other dental treatments to relieve pain and infection which have dental procedure codes listed in the current TennCare Maximum Reimbursement Rate Schedule for Dental Services that is used specifically for adult dental services provided under the State’s Section 1915(c) Waivers for individuals with intellectual disabilities; and intravenous sedation or other anesthesia services provided in the dentist’s office by, and billed by, the dentist or by a nurse anesthetist or anesthesiologist who meets the Waiver provider qualifications. Orthodontic services are excluded from coverage.
   (b) Dental services for adults age 21 or older enrolled in the ECF CHOICES program shall be reimbursed only for dates of services when the ECF CHOICES Member was enrolled in ECF CHOICES at the time the service was delivered, and subject to the amount approved for such services in the ECF CHOICES Member’s PCSP.
   (c) All Dental Services for children enrolled in the Waiver are provided through the TennCare EPSDT program. Dental Services shall not be covered through ECF CHOICES for children under age 21 years enrolled in ECF CHOICES (since it would duplicate TennCare/EPSDT benefits).
   (d) Adult Dental Services for adults age 21 or older enrolled in ECF CHOICES shall be limited to a maximum of $5,000 per member per calendar year, and a maximum of $7,500 per member across three (3) consecutive calendar years.

(5) Aging Caregiver. Pursuant to T.C.A § 33-5-112 as amended, the older custodial parent or custodial caregiver of an individual who has an intellectual disability and who is at least 75 years of age. Reserve capacity shall be established in ECF CHOICES Group 5 based on the number of persons with an intellectual disability who have an Aging Caregiver that are expected to be served in each program year.

(6) Applicant. A person applying for TennCare-reimbursed LTSS or the Katie Beckett program, for whom a PAE has been submitted to TennCare, and/or by or on behalf of whom a Medicaid application has been submitted to TennCare. An Applicant is entitled to a determination regarding his or her eligibility to enroll in the program for which the PAE has
been submitted, and to due process, including notice and the right to request a fair hearing, if the application is denied. For purposes of compliance with the Linton Order, the term shall include all individuals who have affirmatively expressed an intent to be considered for current or future admission to a NF or requested that their name be entered on any NF “wait list.” All individuals who contact a NF to casually inquire about the facility’s services or admissions policies shall be informed by the facility of that individual’s right to apply for admission and be considered for admission on a nondiscriminatory basis and in conformance with Rule 1200-13-01-.06.

(b) For a child enrolled in Medicaid Diversion Group Part B, the amount that may be reimbursed shall be limited to the amount specified in the child’s approved ISP.

(c) May be offered to a child in Katie Beckett Group Part A only if a hardship exception to the requirement to obtain/maintain TPL, as set out in Rule 1200-13-20-.08(8), is requested and would otherwise be approved. In such cases, the Assistance with Premium Payments shall be limited to the amount by which the child’s portion of the family’s monthly TPL premium exceeds the Katie Beckett Group Part A premium and shall not count against the $15,000 per calendar year expenditure cap for Katie Beckett Group Part A wraparound HCBS.

All items must meet applicable standards of manufacture, design and installation. The person-centered support plan must include strategies for training the individual and any others who the individual will or may rely on in effectively using the assistive technology or adaptive equipment (e.g. his/her support staff; co-workers and supervisors in the place of employment; natural supports).

1. Assistive Technology Equipment and Supplies also covers the following:

(i) Evaluation and assessment of the assistive technology and adaptive equipment needs of the individual by an appropriate professional, including a functional evaluation of the impact of the provision of appropriate assistive technology and adaptive equipment through equipment trials and appropriate services to him/her in all environments with which the person interacts over the course of any 24 hour day, including the home, integrated employment setting(s) and community integration locations;

(xiii) Such other durable and non-durable medical equipment not available under the State Plan that is necessary to address functional limitations in the community, in the workplace, and in the home;

(xiv) Repair of equipment is covered for items purchased through this Waiver or purchased prior to Waiver participation, as long as the item is identified within this service definition and the cost of the repair does not exceed the cost of purchasing a replacement piece of equipment. The individual or legal guardian must own any piece of equipment that is repaired.

The recommendation of the Job Accommodation Networks (JAN) will meet this requirement for worksite technology. Depending upon the financial size of the employer or the public entity, those settings may be required to provide some of these items as part of their legal obligations under Title I or Title III of the ADA. Federal financial participation is not claimed for accommodations that are the legal responsibility of an employer or public entity, pursuant to Title I or Title III of the ADA.

Career Advancement. For purposes of ECF CHOICES only and limited to persons age 16 or older:

(a) This is a time-limited career planning and advancement support service for persons currently engaged in individualized integrated employment or self-employment who wish to obtain a promotion and/or a second individualized integrated employment or self-employment opportunity. The service is time-limited and focuses on developing and successfully implementing a plan for achieving increased income and economic self-sufficiency through promotion to a higher paying position or through a second individualized integrated employment or self-employment opportunity.

(b) The outcomes of this service are:

1. The identification of the person’s specific career advancement objective;

2. Development of a viable plan to achieve this objective; and
3. Implementation of the plan which results in the person successfully achieving his/her specific career advancement objective.

(c) Career Advancement is paid on an outcome basis, after key milestones are accomplished:

1. Outcome payment number one is paid after the written plan to achieve the person's specific career advancement objective is reviewed and approved. Note: The written plan must follow the template prescribed by TennCare.

2. Outcome payment number two is paid after the person has achieved his/her specific career advancement objective and has been in the new position or second job for a minimum of two (2) weeks.

The only exception is in situations where the provider previously authorized and paid for outcome payment number one but did not also earn outcome payment number two (because they did not successfully obtain a promotion or second job for the person). In this situation, reauthorization for outcome payments number one and two may occur a maximum of once per year (with a minimum 365-day interval between services), so long as the reauthorization involves the use of a new/different provider.

This service cannot include payment for the supervisory and co-worker supports rendered as a normal part of the business setting and that would otherwise be provided to an employee without a disability. Additional natural supports for the individual, already negotiated with the employer, and provided through supervisors and co-workers, are not eligible for reimbursement under Co-Worker Supports. Only supports that must otherwise be provided by a Job Coach may be reimbursed under this service category. Co-Worker Supports would be authorized in situations where any of the following is true:

1. From the start of employment or at any point during employment, if the employer prefers (or the individual prefers and the employer agrees) to provide needed Job Coach supports, rather than having a Job Coach, either employed by a third party agency or self-employed, present in the business. Fading expectations should still be in place to maximize independence of the employed individual.

2. At any point in the individual’s employment where needed Job Coaching supports can be most cost effectively provided by Co-Worker Supports and both the employer and individual agree to the use of Co-Worker Supports. Fading of
Job Coaching supports may or may not still be occurring, but Co-Worker Supports should always be considered when ongoing fading of Job Coaching has stopped occurring.

3. For individuals who are expected to be able to transition to working only with employer supports available to any employee and additional negotiated natural supports if applicable. In this situation, Co-Worker Supports are authorized as a temporary (maximum twelve months) bridge to relying only on employer supports, and additional negotiated natural (unpaid) supports if applicable, to maintain employment. The supervisor(s) and/or co-worker(s) identified to provide the support to the individual must meet the qualifications for a legally responsible individual as provider of this service. The provider is responsible for ensuring these qualifications are met and also for oversight and monitoring of paid co-worker supports.

(b) The amount of time authorized for this service is negotiated with the employer and reflective of the specific needs the individual has for Co-Worker Supports above and beyond negotiated natural supports and supervisory/co-worker supports otherwise available to employees without disabilities. A 10% add-on to the 15 minute unit rate for the employer is applied to cover the service provider’s role in administering Co-Worker Supports.

(c) Co-Worker Supports shall be limited as follows:

For persons who are working in Individualized Integrated Employment or Individualized Integrated Self-Employment (not in a small group or in a sheltered workshop), no more than 40 hours per week of Co-Worker Supports, Job Coaching, Community Integration Support Services, Independent Living Skills Training, and the hours worked without paid supports combined.

(b) This service begins with education and consultation from a qualified professional to help ensure understanding of the array of options available, including less restrictive options that can be used to preserve the person’s rights and freedoms to the maximum extent possible and appropriate, while addressing decision making needs.

(c) Reimbursable services may then include: (1) assistance with completing necessary paperwork and processes to establish an alternative to guardianship, such as supported decision making, limited (and revocable) power of attorney, health care
proxy, or trust; or limited or full conservatorship that is specifically tailored to the individual’s capacities and needs, if it is determined to be the least restrictive alternative; (2) evaluating the appropriateness of a decision-making instrument currently in place and assistance with costs associated with terminating or revoking a conservatorship when less restrictive options would be appropriate; and (3) training associated with decision-making support.

(d) Decision Making Supports shall be limited to $500 per lifetime.

This service is paid on an outcome basis, after the written plan is received and approved, and the provider submits documentation detailing each date of service, the activities performed that day, and the duration of each activity.

(c) After an individual has received the service for the first time, re-authorization may occur a maximum of once every three years (with a minimum of three 365-day intervals between services), and only if the person, at the time of re-authorization, is not already engaged in individualized integrated employment or self-employment, or other services to obtain such employment, and the person has a goal to obtain individualized integrated employment or self-employment within twelve (12) months.

The MOPD must be known (and not projected) as it will result in the determination of eligibility for Medicaid reimbursement of NF services and in many cases, eligibility for Medicaid, as well as a capitation payment and payments for Medicaid services received, including but not limited to LTSS. The PAE may be submitted without an MOPD date, in which case the MOPD shall be submitted by the facility when it is known. As it pertains to CHOICES, ECF CHOICES, and Katie Beckett Group Part A the PCSP is a written plan developed by the Support Coordinator, Care Coordinator, or Nurse Care Manager in accordance with person-centered planning requirements set forth in federal regulation, and in TennCare policies and protocols, using a person-centered planning process that accurately documents the member’s strengths, needs, goals, lifestyle preferences and other preferences and outlines the services and supports that will be provided to the member to help them achieve their preferred lifestyle and goals, and to meet their identified unmet needs (after considering the availability and role of unpaid supports provided by family members and other natural supports) through paid services provided by the member’s MCO and other payor sources. The person-centered planning process is directed by the member with long-term support needs, and may include a representative whom the member has freely chosen to assist the member with decision-making, and others chosen by the member to contribute to the process. If the member is a child, has a legal guardian, or conservator, the member shall lead the planning process to the maximum extent possible, and the parent, legal guardian, or conservator shall have a participatory role as needed and defined by the individual, except as explicitly defined under State law and the order of guardianship or conservatorship. Any decisions made on the member’s behalf should be made using principles of substituted judgment and supported decision making. This planning process, and the resulting PCSP, will assist the member in achieving a personally defined lifestyle and outcomes in the most integrated community setting, ensure delivery of services in a manner that reflects personal preferences and choices, and contribute to the assurance of health, welfare, and personal growth. Services in CHOICES, ECF CHOICES, and Katie Beckett Group Part A shall be authorized, provided, and reimbursed only as specified in the PCSP. See also Plan of Care below.

2. Members in CHOICES Group 2 or CHOICES Group 3 are not required to complete the PASRR process unless they are admitted to a NF for Short-Term
NF Care described in Paragraph (8) of this Rule and defined in Rule 1200-13-01-.02. Completion of the PASRR process is not required for Members of CHOICES Group 2 or CHOICES Group 3 who have elected the Inpatient Respite Care benefit described in Paragraph (8) of this Rule, since the service being provided is not NF services, but rather, Inpatient Respite Care, which is a CHOICES HCBS.

(d) All Members in TennCare CHOICES must be admitted to a NF and require TennCare reimbursement of NF services or be receiving CHOICES HCBS in CHOICES Group 2 or CHOICES Group 3.

(e) All Members in TennCare CHOICES Group 2 must be determined by the MCO to be able to be served safely and appropriately in the community and within their Individual Cost Neutrality Cap, in accordance with this Rule. If a person can be served safely and appropriately in the community and within their Individual Cost Neutrality Cap only through receipt of Companion Care services, the person may not be enrolled into CHOICES Group 2 until a qualified companion has been identified, an adequate backup plan has been developed, and the companion has completed all required paperwork and training and is ready to begin delivering Companion Care services immediately upon the person’s enrollment into CHOICES. Reasons a person cannot be served safely and appropriately in the community may include, but are not limited to, the following:

1. The home or home environment of the Applicant is unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Applicant or to individuals who provide covered services.

2. The Applicant refuses or fails to sign a Risk Agreement, or the Applicant’s decision to receive services in the home or community poses an unacceptable level of risk.

3. The Applicant or his caregiver is unwilling to abide by the POC or Risk Agreement.

(f) All Members in TennCare CHOICES Group 3 must be determined by the MCO to be able to be served safely and appropriately in the community within the array of services and supports available in CHOICES Group 3, including CHOICES HCBS up to the Expenditure Cap of $15,000 (excluding the cost of minor home modifications), non-CHOICES HCBS available through TennCare (e.g., home health), services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers. Reasons a person cannot be served safely and appropriately in the community may include, but are not limited to, the following:

1. The home or home environment of the Applicant is unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Applicant or to individuals who provide covered services.

2. The Applicant or his caregiver is unwilling to abide by the POC.

(4) Enrollment in TennCare CHOICES. Enrollment into CHOICES shall be processed by the Bureau as follows:
(a) Enrollment into CHOICES Group 1. To qualify for enrollment into CHOICES Group 1, an Applicant must:

1. Have completed the PASRR process as defined in Rules 1200-13-01-.10 and 1200-13-01-.23;

2. Have an approved unexpired PAE for NF LOC, including Level 1 reimbursement of NF services, Level 2 reimbursement of NF services, or Enhanced Respiratory Care Reimbursement for services in a NF. Eligibility for Enhanced Respiratory Care Reimbursement shall be established in accordance with Rule 1200-13-01-.10;

3. Be approved by DHS for TennCare reimbursement of NF services;

4. Be admitted to a NF. The Bureau must have received notification from the NF that Medicaid reimbursement is requested for the effective date of CHOICES enrollment (i.e., the individual is no longer privately paying for NF services and Medicare payment of NF services is not available). Enrollment into CHOICES Group 1 (and payment of a capitation payment for LTSS) cannot begin until the Bureau or the MCO will be responsible for payment of NF services.

(b) Enrollment into CHOICES Group 2. To qualify for enrollment into CHOICES Group 2:

1. An Applicant must be in one of the target populations specified in this Rule;

2. An Applicant must have an approved unexpired PAE for NF LOC;

3. An Applicant must be approved by DHS for TennCare reimbursement of LTSS as an SSI recipient, in the CHOICES 217-Like Group, or in the CHOICES 1 and 2 Carryover Group. To be eligible in the CHOICES 217-Like Group, an Applicant must be approved by TennCare to enroll in CHOICES Group 2;

4. The Bureau must have received a determination by the MCO that the Applicant’s needs can be safely and appropriately met in the community, and at a cost that does not exceed his Individual Cost Neutrality Cap, as described in this Rule, except in instances where the Applicant is not eligible for TennCare at the time of CHOICES application, in which case, such determination shall be made by the MCO upon enrollment into CHOICES Group 2; and

5. There must be capacity within the established Enrollment Target to enroll the Applicant in accordance with this Rule which may include satisfaction of criteria for Reserve Capacity, as applicable; or the Applicant must meet specified exceptions to enroll even when the Enrollment Target has been reached.

(c) Individual Cost Neutrality Cap.

1. Each Member enrolling or enrolled in CHOICES Group 2 shall have an Individual Cost Neutrality Cap, which shall be used to determine:

   (i) Whether or not he qualifies to enroll in CHOICES Group 2;

   (ii) Whether or not he qualifies to remain enrolled in CHOICES Group 2; and

   (iii) The total cost of CHOICES HCBS, HH Services, and PDN Services he can receive while enrolled in CHOICES Group 2. The Member’s Individual Cost Neutrality Cap functions as a limit on the total cost of HCBS that can
be provided to the Member in the home or community setting, including
CHOICES HCBS, HH Services and PDN Services.

2. A Member is not entitled to receive services up to the amount of his Cost Neutrality Cap. A Member shall receive only those services that are medically necessary (i.e., required in order to help ensure the Member’s health, safety and welfare in the home or community setting and to delay or prevent the need for NF placement). Determination of the services that are needed shall be based on a comprehensive assessment of the Member’s needs and the availability of Natural Supports and other (non-TennCare reimbursed) services to meet identified needs which shall be conducted by the Member’s Care Coordinator.

3. Calculating a Group 2 Member’s Individual Cost Neutrality Cap.

(i) Each Group 2 Member will have an Individual Cost Neutrality Cap that is based on the average cost of the level of NF reimbursement that would be paid if the Member were institutionalized in a NF as set forth in Items (I) through (III) below. CHOICES Group 2 does not offer an alternative to hospital level of care.

(I) A Member who would qualify only for Level 1 NF reimbursement shall have a Cost Neutrality Cap set at the average Level 1 cost of NF care.

(II) A Member who would qualify for Level 2 NF reimbursement shall have a Cost Neutrality Cap set at the average Level 2 cost of NF care.

(III) A Member determined by TennCare to meet the medical eligibility criteria in Rule 1200-13-01-.10(5)(c) who would qualify for Chronic Ventilator Care or a Member determined by the Bureau to meet the medical eligibility criteria in Rule 1200-13-01-.10(5)(d) who would qualify for Secretion Management Tracheal Suctioning will have a Cost Neutrality Cap that reflects the higher payment that would be made to a NF for such care. For at least FY 2016-2017, the Cost Neutrality Cap for such CHOICES Group 2 member shall be based on the annualized cost of the applicable Enhanced Respiratory Care rate in effect as of June 30, 2016. Beginning July 1, 2017, the Cost Neutrality Cap for such CHOICES Group 2 member may be established based on the average annualized cost of the applicable level of Enhanced Respiratory Care Reimbursement using payments for such level of reimbursement during the FY 2016-2017 year. The Cost Neutrality Cap for such CHOICES Group 2 member shall be adjusted no more frequently than annually thereafter. There is no Cost Neutrality Cap based on the cost of Ventilator Weaning Reimbursement or Sub-Acute Tracheal Suctioning Reimbursement, as such services are available only on a short-term basis in a SNF or acute care setting.

(ii) The PAE application shall be used to submit information to the Bureau that will be used to establish a Member’s Individual Cost Neutrality Cap.

(iii) A Member’s Individual Cost Neutrality Cap shall be the average Level 1 cost of NF care unless a higher Cost Neutrality Cap is established based on information submitted in the PAE application.

(i) The annual Cost Neutrality Cap shall be applied on a calendar year basis. The Bureau and the MCOs will track utilization of CHOICES HCBS, HH services, and PDN services across each calendar year.

(ii) A Member’s Individual Cost Neutrality Cap must also be applied prospectively on a twelve (12) month basis. This is to ensure that a Member’s POC does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of care planning, the MCO will always project the total cost of all CHOICES HCBS (including one-time costs such as Minor Home Modifications, short-term services or short-term increases in services) and HH and PDN Services forward for twelve (12) months in order to determine whether the Member’s needs can continue to be safely and cost-effectively met based on the most current POC that has been developed. The cost of one-time services such as Minor Home Modifications, short-term services or short-term increases in services must be counted as part of the total cost of HCBS for a full twelve (12) month period following the date of service delivery.

(iii) If it can be reasonably anticipated, based on the CHOICES HCBS, HH and PDN services currently received or determined to be needed in order to safely meet the person’s needs in the community, that the person will exceed his Cost Neutrality Cap, then the person does not qualify to enroll in or to remain enrolled in CHOICES Group 2.

5. As the setting of an individual’s Cost Neutrality Cap does not, in and of itself, result in any increase or decrease in a Member’s services, notice of action shall not be provided regarding the Bureau’s Cost Neutrality Cap calculation.

(i) A Member has a right to due process regarding his Individual Cost Neutrality Cap when services are denied or reduced, when a determination is made that an Applicant cannot be enrolled into CHOICES, or a currently enrolled CHOICES Member can no longer remain enrolled in CHOICES because his needs cannot be safely and effectively met in the home and community-based setting at a cost that does not exceed his Individual Cost Neutrality Cap.

(ii) When an adverse action is taken, notice of action shall be provided, and the Applicant or Member shall have the right to a fair hearing regarding any valid factual dispute pertaining to such action, which may include, but is not limited to, whether his Cost Neutrality Cap was calculated appropriately.

(I) Denial of or reductions in CHOICES HCBS based on a Member’s Cost Neutrality Cap shall constitute an adverse action under the Grier Revised Consent Decree (Modified), as defined in Rules 1200-13-13-.01 and 1200-13-14-.01, and shall give rise to Grier notice of action and due process rights to request a fair hearing in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.

(II) Denial of enrollment and/or involuntary disenrollment because a person’s Cost Neutrality Cap will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with this rule.
(Rule 1200-13-01-.05, continued)

(d) Enrollment Target for CHOICES Group 2.

1. There shall be an Enrollment Target for CHOICES Group 2. The Enrollment Target functions as a cap on the total number of persons who can be enrolled into CHOICES Group 2 at any given time.

   (i) Effective July 1, 2012, the Enrollment Target for CHOICES Group 2 will be twelve thousand five hundred (12,500).

   (ii) Once the Enrollment Target (including Reserve Capacity as defined in 1200-13-01-.02 and as described in 1200-13-01-.05(d)(2)) is reached, qualified Applicants shall not be enrolled into CHOICES Group 2 or qualify in the CHOICES 217-Like eligibility category based on receipt of HCBS until such time that capacity within the Enrollment Target is available, with the following exceptions:

      (I) NF-to-Community Transitions. A Member being served in CHOICES Group 1 who meets requirements to enroll in CHOICES Group 2 can enroll in CHOICES Group 2 even though the Enrollment Target has been met. This Member will be served in CHOICES Group 2 outside the Enrollment Target but shall be moved within the CHOICES Enrollment Target at such time that a slot becomes available. A request to transition a Member from CHOICES Group 1 to CHOICES Group 2 in excess of the CHOICES Group 2 Enrollment Target must specify the name of the NF where the Member currently resides, the date of admission and the planned date of transition.

      (II) CEA Enrollment. An MCO with an SSI-eligible recipient who meets all other criteria for enrollment into CHOICES Group 2, but who cannot enroll in CHOICES Group 2 because the Enrollment Target for that group has been met, has the option, at its sole discretion, of offering HCBS as a CEA to the Member. Upon receipt of satisfactory documentation from the MCO of the CEA determination and assurance of provider capacity to meet the Member’s needs, the Bureau will enroll the person into CHOICES Group 2, regardless of the Enrollment Target. The person will be served in CHOICES Group 2 outside the Enrollment Target, but shall be moved within the CHOICES Group 2 Enrollment Target at such time that a slot becomes available. Satisfactory documentation of the MCO’s CEA determination shall include an explanation of the Member’s circumstances that warrant the immediate provision of NF services unless HCBS are immediately available. Documentation of adequate provider capacity to meet the Member’s needs shall include a listing of providers for each HCBS in the Member’s POC which the MCO has confirmed are willing and able to initiate HCBS within ten (10) business days of the Member’s enrollment into CHOICES Group 2.

      (III) If enrollment into CHOICES Group 2 is denied because the Enrollment Target has been reached, notice shall be provided to the Applicant, including the right to request a fair hearing regarding any valid factual dispute pertaining to the Bureau’s decision. If the person otherwise qualifies for enrollment into CHOICES Group 2, but does not meet the exceptions specified in 1200-13-01-.05(4)(d)(1)(ii), the Applicant shall be placed on a Waiting List for CHOICES Group 2.
(Rule 1200-13-01-.05, continued)

(IV) Once the CHOICES Group 2 Enrollment Target is reached, any persons enrolled in excess of the Enrollment Target in accordance with this Rule must receive the first available slots. Only after all persons enrolled in excess of the Enrollment Target have been moved under the Enrollment Target can additional persons be enrolled into CHOICES Group 2.

2. Reserve Capacity.

(i) The Bureau shall reserve three hundred (300) slots within the CHOICES Group 2 Enrollment Target. These slots are available only when the Enrollment Target has otherwise been reached, and only to the following:

(I) Applicants being discharged from a NF; and

(II) Applicants being discharged from an acute care setting who are at imminent risk of being placed in a NF setting absent the provision of HCBS.

(ii) Once all other available (i.e., unreserved) slots have been filled, Applicants who meet specified criteria (including new Applicants seeking to establish eligibility in the CHOICES 217-Like Group as well as current SSI-eligible individuals seeking enrollment into CHOICES Group 2) may be enrolled into reserved slots. TennCare may require confirmation of the NF or hospital discharge and in the case of hospital discharge, written explanation of the Applicant’s circumstances that warrant the immediate provision of NF services unless HCBS are immediately available.

(iii) If enrollment into a Reserve Capacity slot is denied, notice shall be provided to the Applicant, including the right to request a fair hearing regarding any valid factual dispute pertaining to the Bureau’s decision. If the person otherwise qualifies for enrollment into CHOICES Group 2, but does not meet the specified criteria for Reserve Capacity, the Applicant shall be placed on a Waiting List for CHOICES Group 2.

(e) Enrollment into CHOICES Group 3. To qualify for enrollment into CHOICES Group 3 (including Interim CHOICES Group 3):

1. An individual must be in one of the target populations specified in this Rule;

2. An individual must be At Risk for Institutionalization, as defined in Rule 1200-13-01-.02;

3. An individual must be approved by DHS for reimbursement of LTSS as an SSI recipient or for Interim CHOICES Group 3 only, in the CHOICES At-Risk Demonstration Group, as defined in Rule 1200-13-01-.02. To be eligible in the CHOICES At-Risk Demonstration Group, an individual must be enrolled in Interim CHOICES Group 3, subject to determination of categorical and financial eligibility by DHS;

4. The Bureau must have received a determination by the MCO that the individual’s needs can be safely and appropriately met in the community, and at a cost that does not exceed his Expenditure Cap, as described in this Rule, except in instances where the person is not eligible for TennCare at the time of CHOICES application, in which case, such determination shall be made by the MCO upon enrollment into CHOICES Group 3; and
5. There must be capacity within the established Enrollment Target, as applicable, to enroll the individual in accordance with this Rule.

(f) Expenditure Cap for CHOICES Group 3.

1. Each Member enrolling or enrolled in CHOICES Group 3 shall be subject to an Expenditure Cap on CHOICES HCBS. The Expenditure Cap shall be used to determine:

   (i) Whether or not an Applicant qualifies to enroll in CHOICES Group 3;

   (ii) Whether or not a Member qualifies to remain enrolled in CHOICES Group 3; and

   (iii) The total cost of CHOICES HCBS a Member can receive while enrolled in CHOICES Group 3, excluding the cost of Minor Home Modifications. The Expenditure Cap functions as a limit on the total cost of CHOICES HCBS, excluding Minor Home Modifications, that can be provided by the MCO to the Member in the home or community setting.

2. A Member is not entitled to receive services up to the amount of the Expenditure Cap. A Member shall receive only those services that are medically necessary (i.e., required in order to help ensure the Member’s health, safety and welfare in the home or community setting and to delay or prevent the need for NF placement). Determination of the services that are needed shall be based on a comprehensive assessment of the Member’s needs and the availability of Natural Supports and other (non-TennCare reimbursed) services to meet identified needs, which shall be conducted by the Member’s Care Coordinator.

3. The Expenditure Cap for CHOICES HCBS provided to CHOICES Group 3 Members shall be $15,000 (fifteen thousand dollars) annually, excluding the cost of Minor Home Modifications.

   (i) The annual Expenditure Cap shall be applied on a calendar year basis. The Bureau and the MCOs will track utilization of CHOICES HCBS excluding Minor Home Modifications, across each calendar year.

   (ii) A Member’s Expenditure Cap must also be applied prospectively on a twelve (12) month basis. This is to ensure that a Member’s POC does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of care planning, the MCO will always project the total cost of CHOICES HCBS (excluding Minor Home Modifications) forward for twelve (12) months in order to determine whether the Member’s needs can continue to be met based on the most current POC that has been developed. The cost of one-time services such as short-term services or short-term increases in services must be counted as part of the total cost of CHOICES HCBS for a full twelve (12) month period following the date of service delivery.

   (iii) If it can be reasonably anticipated, based on the CHOICES HCBS currently received or determined to be needed (in addition to non-CHOICES HCBS available through TennCare, e.g., home health, services available through Medicare, private insurance or other funding sources, and unpaid supports
provided by family members and other caregivers) in order to safely meet the person’s needs in the community, that the person will exceed his Expenditure Cap, then the person does not qualify to enroll in or to remain enrolled in CHOICES Group 3.

(iv) Any Short-Term NF Care received by a Member enrolled in CHOICES Group 3 shall not be counted against his Expenditure Cap.

(g) Enrollment Target for CHOICES Group 3 (including Interim CHOICES Group 3).

1. The State may establish an Enrollment Target for CHOICES Group 3 which shall be at least ten (10) percent of the Enrollment Target established by the State for CHOICES Group 2.

2. Notwithstanding any Enrollment Target established for CHOICES Group 3 as described in this subparagraph, Interim CHOICES Group 3 which is open for enrollment between July 1, 2012, and June 30, 2015, shall not be subject to an Enrollment Target.

(5) Disenrollment from CHOICES. A Member may be disenrolled from CHOICES voluntarily or involuntarily.

(a) Voluntary disenrollment from CHOICES means the Member has chosen to disenroll, and no notice of action shall be issued regarding a Member’s decision to voluntarily disenroll from CHOICES. However, notice shall be provided regarding any subsequent adverse action that may occur as a result of the Member’s decision, including any change in benefits, cost-sharing responsibility, or continued eligibility for TennCare when the Member’s eligibility was conditioned on receipt of LTSS. Voluntary disenrollment shall proceed only upon:

1. Discharge from a NF when the Member is not transitioning to CHOICES Group 2 or CHOICES Group 3, as described in these rules;

2. Election by the Member to receive hospice services in a NF, which is not a LTSS; or

3. Receipt of a statement signed by the Member or his authorized Representative voluntarily requesting disenrollment.

(b) A Member may be involuntarily disenrolled from CHOICES only by the Bureau, although such process may be initiated by a Member’s MCO. Reasons for involuntary disenrollment include but are not limited to:

1. The Member no longer meets one or more criteria for eligibility and/or enrollment as specified in this Rule.

2. The Member’s needs can no longer be safely met in the community. This may include but is not limited to the following instances:

   (i) The home or home environment of the Member becomes unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Member or to individuals who provide covered services to the Member.

   (ii) The Member or his caregiver refuses to abide by the POC or Risk Agreement.
(iii) Even though an adequate provider network is in place, there are no providers who are willing to provide necessary services to the Member.

(iv) The Member refuses or fails to sign a Risk Agreement, or the Member’s decision to continue receiving services in the home or community poses an unacceptable level of risk.

3. The Member’s needs can no longer be safely met in the community at a cost that does not exceed the Member’s Cost Neutrality Cap or Expenditure Cap, as applicable and as described in this Rule.

4. The Member no longer needs or is no longer receiving LTSS.

5. The Member has refused to pay his Patient Liability. The MCO and/or its participating providers are unwilling to serve the Member in CHOICES because he has not paid his Patient Liability, and/or no other MCO is willing to serve the Member in CHOICES.

6. Safety Determination Requests for CHOICES and ECF CHOICES.

(a) For purposes of the Need for Inpatient Nursing Care, as specified in TennCare Rule 1200-13-01-.10(4)(b)2.(i)(II) and 1200-13-01-.10(4)(b)2.(ii)(II)-(IV), a Safety Determination by TennCare shall be made upon request of the Applicant, the Applicant’s Representative, or the entity submitting the PAE, including the AAAD, DIID, MCO, NF, or PACE Organization if an Applicant for CHOICES is in the target population for CHOICES as specified in Rule 1200-13-01-.05 and is At Risk for Institutionalization as defined in Rule 1200-13-01-.02, or an Applicant for ECF CHOICES is in the target population for ECF CHOICES as specified in Rule 1200-13-01-.31 and is At Risk for Institutionalization as defined in Rule 1200-13-01-.02, and at least one of the following criteria are met.

1. The Applicant has an approved total acuity score of at least five (5) but no more than eight (8);

2. The Applicant has an approved individual acuity score of at least three (3) for the Orientation measure and the absence of frequent intermittent or continuous intervention and supervision would result in imminent and serious risk of harm to the Applicant and/or others (documentation of the impact of such deficits on the Applicant’s safety, including information or examples that would support and describe the imminence and seriousness of risk shall be required);

3. The Applicant has an approved individual acuity score of at least two (2) for the Behavior measure; and the absence of intervention and supervision for behaviors at the frequency specified in the PAE would result in imminent and serious risk of harm to the Applicant and/or others (in addition to information submitted with the PAE, information or examples that would support and describe the imminence and seriousness of risk resulting from the behaviors shall be required);

4. The Applicant has an approved individual acuity score of at least three (3) for the mobility or transfer measures or an approved individual acuity score of at least two (2) for the toileting measure, and the absence of frequent intermittent assistance for mobility and/or toileting needs would result in imminent and serious risk to the Applicant’s health and safety (documentation of the
mobility/transfer or toileting deficits and the lack of availability of assistance for mobility/transfer and toileting needs shall be required);

5. The Applicant has experienced a significant change in physical or behavioral health or functional needs or the Applicant’s caregiver has experienced a significant change in physical or behavioral health or functional needs which impacts the availability of needed assistance for the Applicant;

6. The Applicant has a pattern of recent falls resulting in injury or with significant potential for injury or a recent fall under circumstances indicating a significant potential risk for further falls;

7. The Applicant has an established pattern of recent emergent hospital admissions or emergency department utilization for emergent conditions or a recent hospital or NF admission or episode of treatment in a hospital emergency department under circumstances sufficient to indicate that the person may not be capable of being safely maintained in the community (not every hospital or NF admission or emergency department episode will be sufficient to indicate such).

8. The Applicant’s behaviors or a pattern of self-neglect has created a risk to personal health, safety and/or welfare that has prompted intervention by law enforcement or Adult Protective Services (APS). A report of APS or law enforcement involvement shall be sufficient by itself to require the conduct of a Safety Determination (but not necessarily the approval of a Safety Determination).

9. The Applicant has recently been discharged from a community-based residential alternative setting (or such discharge is pending) because the Applicant’s needs can no longer be safely met in that setting.

10. The Applicant is a CHOICES Group 1 or Group 2 member or PACE member enrolled on or after July 1, 2012 (pursuant to level of care rules specified in 1200-13-01-.10(4)(b)2.(i) and (ii)) and has been determined upon review to no longer meet nursing facility level of care based on a total acuity score of 9 or above.

11. The applicant has diagnosed complex acute or chronic medical conditions which require frequent, ongoing skilled and/or rehabilitative interventions and treatment by licensed professional staff.

12. The Applicant’s MCO has determined, upon enrollment into Group 3 based on a PAE submitted by another entity, that the Applicant’s needs cannot be safely met within the array of services and supports available if enrolled in Group 3 (see 1200-13-01-.02), such that a higher level of care is needed.

13. An Applicant who has an intellectual or developmental disability has a General Maladaptive Index value of -21 or lower, as determined on the Maladaptive Behavior Index (MBI) portion of the Inventory for Client and Agency Planning (ICAP).

14. An Applicant under age 18 who has an intellectual or developmental disability will not qualify financially for TennCare unless the deeming of the parent’s income to the child is waived, and absent the availability of benefits in ECF CHOICES Group 4, the child is at imminent risk of placement outside the home.

(b) Any of these criteria shall be sufficient to warrant review of a Safety Determination request by the Bureau; however except as provided in Subpart (f)1.(i) below, no
criterion shall necessarily be sufficient, in and of itself, to justify that such Safety Determination request (and NF LOC) will be approved. The Bureau may also, at its discretion, review a Safety Determination request when none of the criteria in (a) above have been met, but other safety concerns have been submitted which the Bureau determines may impact the person's ability to be safely served in CHOICES Group 3, or ECF CHOICES Group 5, as applicable, along with sufficient medical evidence to make a safety determination. The Bureau’s Safety Determination shall be based on a review of the medical evidence in its entirety, including consideration of the Applicant’s medical and functional needs, and the array of services and supports that would be available if the Applicant was enrolled in CHOICES Group 3 or ECF CHOICES Group 5 (for adults age 21 and older), as applicable for the target population in which the Applicant will be enrolled, if eligible, including CHOICES HCBS or ECF CHOICES HCBS up to the Expenditure Cap of $15,000 or $30,000, as applicable, and one-time emergency assistance up to $6,000, as applicable; non-CHOICES HCBS available through TennCare (e.g., home health); cost effective alternative services (as applicable); services available through Medicare, private insurance or other funding sources and unpaid supports provided by family members and other caregivers who are willing and able to provide such care.

(c) PAEs may be submitted by more than one entity on behalf of an applicant. If Entity #1 (e.g., the MCO) believes that an applicant’s needs can be safely met if enrolled in Group 3 and a Safety Determination is not needed for the applicant, but Entity #2 (e.g., the NF) believes that a Safety Determination is appropriate, then Entity #2 (e.g., the NF) may also submit a PAE on behalf of the applicant, along with a completed Safety Determination request, to the Bureau for review.

(d) If one or more of the criteria specified in (a) above are met and the medical evidence received by the Bureau is insufficient to make a Safety Determination, the Bureau may request a face-to-face assessment by the AAAD or DIDD (for non Medicaid-eligible Applicants), the MCO (for Medicaid-eligible Applicants), or other designee in order to gather additional information needed by the Bureau to make a final Safety Determination. In such instances, the PAE shall be deemed incomplete, and the time for disposition of the PAE shall be tolled for a reasonable period of time (not to exceed 10 business days, except when such delay is based on the reasonable needs or request of the Applicant, and only for a specific additional period not to exceed a total period of 30 calendar days, occasioned by the Applicant’s needs or request) while such additional evidence is gathered.

(e) Except as specified in Subpart (f)1.(i) below, documentation required to support a Safety Determination request shall include all of the following:

1. A completed PAE, including detailed explanation of each ADL or related deficiency, as required by the Bureau, a completed Safety Determination request, and medical evidence sufficient to support the functional and related deficits identified in the PAE and the health and safety risks identified in the Safety Determination request;

2. A comprehensive needs assessment which shall include all of the following:

   (i) An assessment of the Applicant’s physical, behavioral, and psychosocial needs not reflected in the PAE, including the specific tasks and functions for which assistance is needed by the Applicant, the frequency with which such tasks must be performed, and the Applicant’s need for safety monitoring and supervision;
(Rule 1200-13-01-.05, continued)

(ii) The Applicant’s living arrangements and the services and supports the Applicant has received for the six (6) months prior to submission of the Safety Determination request, including unpaid care provided by family members and other caregivers, paid services and supports the Applicant has been receiving regardless of payer (e.g., non-CHOICES HCBS available through TennCare such as home health and services available through Medicare, private insurance or other funding sources); and any anticipated change in the availability of such care or services from the current caregiver or payer; and

(iii) Detailed explanation regarding any recent significant event(s) or circumstances that have impacted the Applicant’s need for services and supports, including how such event(s) or circumstances impact the Applicant’s ability to be safely supported within the array of covered services and supports that would be available if the Applicant were enrolled in CHOICES Group 3 or ECF CHOICES Group 5, as applicable.

3. A person-centered plan of care or support plan, as applicable, developed by the MCO Care Coordinator or Support Coordinator, NF, or PACE Organization (i.e., the entity submitting the Safety Determination request) which specifies the tasks and functions for which assistance is needed by the Applicant, the frequency with which such tasks must be performed, the Applicant’s need for safety monitoring and supervision; and the amount (e.g., minutes, hours, etc.) of paid assistance that would be necessary to provide such assistance; and that would be provided by such entity upon approval of the Safety Determination. (A plan of care or support plan is not required for a Safety Determination submitted by the AAAD or DIDD.) In the case of a Safety Determination request submitted by an MCO or AAAD for a NF resident, the plan of care shall be developed in collaboration with the NF, as appropriate; and

4. An explanation regarding why an array of covered services and supports, including CHOICES HCBS up to the Expenditure Cap of $15,000, ECF CHOICES HCBS up to the Expenditure Cap of $30,000 and one-time emergency assistance up to $6,000; and non-CHOICES or non-ECF CHOICES HCBS (e.g., home health); services available through Medicare, private insurance or other funding sources; and unpaid supports provided by family members and other caregivers would not be sufficient to safely meet the Applicant’s needs in the community.

(f) Approval of a Safety Determination Request.

1. A Safety Determination request shall be approved if there is sufficient evidence, as required and determined by the Bureau, to demonstrate that the necessary intervention and supervision needed by the Applicant cannot be safely provided within the array of services and supports that would be available if the Applicant was enrolled in CHOICES Group 3 or ECF CHOICES Group 5, as applicable for the target population in which the Applicant will be enrolled, if eligible, including CHOICES HCBS or ECF CHOICES HCBS up to the Expenditure Cap of $15,000 or $30,000, as applicable, and one-time emergency assistance up to $6,000, as applicable; non-CHOICES HCBS available through TennCare (e.g., home health); cost-effective alternative services (as applicable); services available through Medicare, private insurance or other funding sources; and unpaid supports provided by family members and other caregivers who are willing and able to provide such care.
(Rule 1200-13-01-.05, continued)

(i) An applicant with I/DD whose GMI score is at or below -31 (categorized as “Serious” or “Very Serious”) shall qualify for NF LOC on the basis of the safety determination, regardless of their score on the PAE Acuity Scale. No minimum acuity score and no other information shall be required as part of the safety determination.

(ii) A maladaptive behavior index value of -21 to -30 (categorized as “Moderately Serious”) shall be sufficient to warrant a Safety Determination review upon request, but shall not automatically qualify for approval of NF LOC on the basis of safety. The decision shall be based on a review of the entirety of the person’s needs and circumstances and in accordance with documentation requirements specified herein.

(iii) For applicants with I/DD who have a maladaptive behavior index value of -20 and above, the problem behavior assessment and the life skills assessment shall be taken into account along with other documentation requirements specified herein in determining whether any safety determination request submitted should be approved.

2. When a Safety Determination request is approved, the Applicant’s NF LOC eligibility shall be approved (see Rule 1200-13-01-.10(4)(b)2.(i)(II) and 1200-13-01-.10(4)(b)2.(ii)(II)-(IV)).

3. If enrolled in CHOICES Group 1 or 2, PACE, or in ECF CHOICES, based upon approval of a Safety Determination request, the NF, MCO, or PACE Organization, respectively, shall implement any plan of care or initial support plan developed by such entity and submitted as part of the Safety Determination request to demonstrate the services needed by the Applicant, subject to changes in the Applicant’s needs which shall be reflected in a revised plan of care or person-centered support plan and signed by the Applicant (or authorized representative).

4. The lack of availability of suitable community housing, the need for assistance with routine medication management, discharge from another service system (e.g., state custody or a mental health institute), or release from incarceration shall not be sufficient by itself to justify approval of a Safety Determination request.

(g) Denial of a Safety Determination Request for CHOICES or ECF CHOICES.

1. Pursuant to Rule 1200-13-01-.10(7)(b), when a PAE is denied, including instances where a Safety Determination has been requested and denied, a written Notice of denial shall be sent to the Applicant and, where applicable, to the Designated Correspondent. In instances where such denial is based in part on a Safety Determination that has been requested and denied, such Notice shall advise the Applicant of the Bureau’s LOC decision, including denial of the Safety Determination request. This notice shall advise the Applicant of the right to appeal the PAE denial decision, which includes the Safety Determination, as applicable, within 30 calendar days.

2. If enrolled in CHOICES Group 3 or in ECF CHOICES Group 5 based upon denial of a Safety Determination Request, the MCO shall implement any plan of care or initial support plan, as applicable, developed by the MCO and submitted as part of the Safety Determination process to demonstrate that the Applicant’s needs can be safely met in CHOICES Group 3 or ECF CHOICES Group 5, as applicable, including covered medically necessary CHOICES HCBS or ECF...
(Rule 1200-13-01-.05, continued)

CHOICES HCBS, and non-CHOICES or non-ECF CHOICES HCBS available through TennCare and cost-effective alternative services upon which denial of the Safety Determination was based, subject to changes in the Applicant's needs which shall be reflected in a revised plan of care or person-centered support plan and signed by the Applicant (or authorized representative).

(h) Duration of Nursing Facility Level of Care Based on an Approved Safety Determination Request.

1. Pursuant to 1200-13-01-.10(2)(h), Nursing Facility level of care based on an approved Safety Determination request may be approved by the Bureau for an open ended period of time or a fixed period of time with an expiration date based on an assessment by the Bureau of the Applicant’s medical condition and anticipated continuing need for inpatient nursing care, and how long it is reasonably anticipated that the Applicant's needs cannot be safely and appropriately met in the community within the array of services and supports available if enrolled in CHOICES Group 3 or ECF CHOICES Group 5, as applicable. This may include periods of less than 30 days as appropriate, including instances in which it is determined that additional post-acute inpatient treatment of no more than 30 days is needed for stabilization, rehabilitation, or intensive teaching as specified in the plan of care following an acute event, newly diagnosed complex medical condition, or significant progression of a previously diagnosed complex medical condition in order to facilitate the Applicant’s safe transition back to the community.

2. Pursuant to Rule 1200-13-01-.10(7)(f), when a PAE for NF LOC is approved for a fixed period of time with an expiration date based on an assessment by the Bureau of the Applicant’s medical condition and anticipated continuing need for inpatient nursing care, and how long it is reasonably anticipated that the Applicant's needs cannot be safely and appropriately met in the community within the array of services and supports available if enrolled in CHOICES Group 3 or ECF CHOICES Group 5, the Applicant shall be provided with a Notice of appeal rights, including the opportunity to submit an appeal within 30 calendar days of receipt of this notice. Nothing in this section shall preclude the right of the Applicant to submit a new PAE (including a new Safety Determination request) establishing medical necessity of care before the Expiration Date has been reached or anytime thereafter.

(7) Transitioning Between CHOICES Groups.

(a) Transition from Group 1 to Group 2.

1. An MCO may request to transition a Member from Group 1 to Group 2 only when the Member chooses to transition from the NF to an HCBS setting. Members shall not be required to transition from Group 1 to Group 2. Only an MCO may submit to TennCare a request to transition a Member from Group 1 to Group 2.

2. A Member that has already been discharged from the NF shall not be transitioned to CHOICES Group 2. Once a Member has discharged from the NF, he has voluntarily disenrolled from CHOICES Group 1 and must be newly enrolled into CHOICES Group 2. A new PAE shall be required for enrollment into CHOICES Group 2.

3. When Members move from Group 1 to Group 2, DHS must recalculate the Member’s Patient Liability based on the Community PNA.
(Rule 1200-13-01-.05, continued)

(b) Transition from Group 2 to Group 1. An MCO may request to transition a Member from Group 2 to Group 1 only under the following circumstances:

1. Except as provided in TennCare Rule 1200-13-01-.05(3)(b)6., the Member meets the NF LOC criteria in place at the time of enrollment into CHOICES Group 1, and at least one (1) of the following is true:

   (i) The Member chooses to transition from HCBS to NF, for example, due to a decline in the Member’s health or functional status, or a change in the Member’s natural caregiving supports; or

   (ii) The MCO has made a determination that the Member’s needs can no longer be safely met in the community and at a cost that does not exceed the average cost of NF services for which the Member would qualify, and the Member chooses to transition to the more appropriate institutional setting in order to safely meet his needs.

2. When Members move from Group 2 to Group 1, DHS must recalculate the Member’s Patient Liability based on the Institutional PNA.

(c) At such time as a transition between CHOICES Groups 1 and 2 is made, the MCO shall issue notice of transition to the Member. Because the Member has elected the transition and remains enrolled in CHOICES, such transition between CHOICES groups shall not constitute an adverse action. Thus, the notice will not include the right to appeal or request a fair hearing regarding the Member’s decision.

(d) Transition from Group 1 or Group 2 to Group 3.

1. The Bureau or the MCO shall, subject to eligibility and enrollment criteria set forth in TennCare Rule 1200-13-01-.05(3) and (4), initiate a transition from Group 1 or from Group 2 to Group 3 when a Member who was enrolled in CHOICES Group 1 or Group 2 on or after July 1, 2012, no longer meets NF LOC, but is At Risk for Institutionalization as defined in Rule 1200-13-01-.02.

2. A Member that has already been discharged from the NF shall not be transitioned from CHOICES Group 1 to CHOICES Group 3. Once a Member has discharged from the NF, he has voluntarily disenrolled from CHOICES Group 1 and must be newly enrolled into CHOICES Group 3. A new PAE shall be required for enrollment into CHOICES Group 3.

3. When a Member transitions from CHOICES Group 1 to Group 3, DHS must recalculate the Member’s Patient Liability based on the Community PNA.

(e) Transition from Group 3 to Group 1 or Group 2.

1. The Bureau or the MCO shall initiate a transition from Group 3 to Group 1 or Group 2, as appropriate, when the Member meets NF LOC in place at the time of the transition request and satisfies all requirements for enrollment into the requested Group.

2. When a member transitions from Group 3 to Group 1, DHS must recalculate the Member’s Patient Liability based on the Institutional PNA.

(8) Benefits in the TennCare CHOICES Program.
(Rule 1200-13-01-.05, continued)

(h) Members are not eligible to receive any other HCBS during the time that Short-Term NF services are provided. CHOICES HCBS such as Minor Home Modifications or installation of a PERS which are required to facilitate transition from the NF back to the home or community may be provided during the NF stay and billed with date of service being on or after discharge from the NF.

(i) Members receiving CBRA services, other than Companion Care, are eligible to receive only Assistive Technology services, since other types of support and assistance are within the defined scope of the 24-hour CBRA benefit and are the responsibility of the CBRA provider.

(Rule 1200-13-01-.05, continued)

(k) All LTSS, NF services as well as CHOICES HCBS, must be authorized by the MCO in order for MCO payment to be made for the services. An MCO may elect to accept the Bureau’s PAE determination as its prior authorization for NF services. NF care may sometimes start before authorization is obtained, but payment will not be made until the MCO has authorized the service. CHOICES HCBS must be specified in an approved POC and authorized by the MCO prior to delivery of the service in order for MCO payment to be made for the service.

(l) CHOICES HCBS covered under TennCare CHOICES and applicable limits are specified below. The benefit limits are applied across all services received by the Member regardless of whether the services are received through CD and/or a traditional provider agency. Corresponding limitations regarding the scope of each service are defined in Rule 1200-13-01-.02 and in Subparagraphs (a) through (k) above.

2. Transportation is not provided to HCBS covered by CHOICES, except in the circumstance where a Member requires Adult Day Care that is not available within 30 miles of the Member's residence.

For CHOICES Members not participating in CD, provider agencies delivering CHOICES HCBS may permit staff to accompany a Member outside the home. In circumstances where the Member is unable to drive, assistance by provider agency staff in performing IADLs (e.g., grocery shopping, picking up prescriptions, banking) specified in the POC may include transporting the Member when such assistance would otherwise be performed for the Member by the provider staff, and subject to the provider agency's agreement and responsibility to ensure that the Worker has a valid driver's license and proof of insurance prior to transporting a Member. The decision of whether or not to accompany the Member outside the home (and in the circumstances described above, to transport the Member) is at the discretion of the agency/Worker, taking into account such issues as the ability to safely provide services outside the home setting, the cost involved, and the provider's willingness to accept and manage potential risk and/or liability. In no case will additional hours of service and/or an increased rate of reimbursement be provided as a result of an agency/Worker decision to accompany or transport a Member outside the home.

3. For CHOICES Members participating in CD, the Member may elect to have his Consumer-Directed Workers (including Companion Care workers) to accompany and/or transport the Member if such an arrangement is agreed to by both the Member and the Workers and specified in the Service Agreement; however, no additional hours or reimbursement will be available. Consumer-Directed Worker(s) must provide to the FEA a valid driver's license and proof of insurance prior to transporting a Member.

(n) Freedom of Choice.

1. CHOICES Members who meet NF LOC as defined in Rule 1200-13-01-.10 shall be given freedom of choice of NF care or CHOICES HCBS, so long as the Member meets all criteria for enrollment into CHOICES Group 2, as specified in this Chapter and the Member may be enrolled into CHOICES Group 2 in accordance with requirements pertaining to the CHOICES Group 2 Enrollment Target as described in this Chapter.

2. CHOICES Members shall also be permitted to choose providers for CHOICES HCBS specified in the POC from the MCO's list of participating providers, if the participating provider selected is available and willing to initiate services timely and to deliver services in accordance with the POC. The Member is not entitled to receive services from a particular provider. A Member is not entitled to a fair hearing if he is not able to receive services from the provider of his choice.

(o) Transition Allowance. For CHOICES Members moving from CHOICES 1 to CHOICES 2 or CHOICES 3, the MCO may, at its sole discretion, provide a Transition Allowance not to exceed two thousand dollars ($2,000) per lifetime as a CEA to facilitate transition of the Member from the NF to the community. An MCO shall not be required to provide a Transition Allowance, and Members transitioning out of a NF are not entitled to receive a Transition Allowance, which is not a covered benefit. Items that an MCO may elect to purchase or reimburse are limited to the following:
1. Those items which the Member has no other means to obtain and which are essential in order to establish a community residence when such residence is not already established and to facilitate the person’s safe and timely transition;

2. Rent and/or utility deposits; and

3. Essential kitchen appliances, basic furniture, and essential basic household items, such as towels, linens, and dishes.

(XV) To be free from inappropriate use of physical or chemical restraint;

(XVI) To have access to transportation and environments used by the general public; and

(XVII) To seek resolution of rights violations or quality of care issues without retaliation.

(iv) The rights to be safeguarded by providers described in this rule do not limit any other statutory and constitutional rights afforded to all CHOICES Members or their legally authorized representatives, including those rights provided by the HCBS Settings Rule and Person-Centered Planning Rule in 42 C.F.R. § 441.301, and all other rights afforded to residents of CBRAs specific to the licensure authority for that CBRA.

(vi) A Member may include family members and/or other representatives in the planning and decision-making processes.
A provider may serve as the Member’s representative payee and assist the Member with personal funds management only as specified in the plan of care. Providers who assist the Member with personal funds management in accordance with the plan of care shall comply with all applicable policies and protocols pertaining to personal funds management, and shall ensure that the Member’s bills have been paid timely and are not overdue, and that there are adequate funds remaining for food, utilities, and any other necessary expenses.

(Rule 1200-13-01-.05, continued)

therapeutic leave, e.g., overnight visits, vacations, etc. with family or friends when the Member is not accompanied by staff.

(iii) Rates of reimbursement for CLS and CLS-FM services shall be established by TennCare.

(9) Consumer-Direction (CD).
(Rule 1200-13-01-.05, continued)

(a) CD is a model of service delivery that affords CHOICES Group 2 and CHOICES Group 3 Members the opportunity to have more choice and control with respect to Eligible CHOICES HCBS that are needed by the Member, in accordance with this Rule. CD is not a service or set of services.

1. The model of CD that will be implemented in CHOICES is an employer authority model.

2. The determination regarding the services a Member will receive shall be based on a comprehensive needs assessment performed by a Care Coordinator that identifies the Member’s needs, the availability of family and other caregivers to meet those needs, and the gaps in care for which paid services may be authorized.

3. Upon completion of the comprehensive needs assessment, CHOICES Members determined to need Eligible CHOICES HCBS may elect to receive one or more of the Eligible CHOICES HCBS through a Contract Provider, or they may participate in CD. Companion Care is available only through CD.

4. CHOICES Members who do not need Eligible CHOICES HCBS shall not be offered the opportunity to enroll in CD.

(b) CHOICES HCBS eligible for CD (Eligible CHOICES HCBS).

1. CD is limited to the following HCBS:

   (i) Attendant Care.

   (ii) Companion Care (available only to Members electing CD and in CHOICES Group 2; not available to CHOICES Group 3 members).

   (iii) In-Home Respite Care.

   (iv) Personal Care Visits.

2. CHOICES Members do not have budget authority. The amount of a covered benefit available to the Member shall not increase as a result of his decision to participate in CD, even if the rate of reimbursement for the service is lower in CD. The amount of each covered benefit to be provided to the Member is specified in the approved POC.

3. HH Services, PDN Services, and CHOICES HCBS other than those specified above shall not be available through CD.

(c) Eligibility for CD. To be eligible for CD, a CHOICES Member must meet all of the following criteria:

1. Be a Member of CHOICES Group 2 or CHOICES Group 3.

2. Be determined by a Care Coordinator, based on a comprehensive needs assessment, to need one or more Eligible CHOICES HCBS.

3. Be willing and able to serve as the Employer of Record for his Consumer-Directed Workers and to fulfill all of the required responsibilities for CD, or he must have a qualified Representative who is willing and able to serve as the
Employer of Record and to fulfill all of the required responsibilities for CD. Assistance shall be provided to the Member or his Representative by the FEA.

4. Any additional risks associated with a Member’s decision to participate in CD must be identified and addressed in a signed Risk Agreement, as applicable, and the MCO must determine that the Member’s needs can be safely and appropriately met in the community while participating in CD.

5. The Member or his Representative for CD and any Workers he employs must agree to use the services of the Bureau’s contracted FEA to perform required Financial Administration and Supports Brokerage functions.

(d) Enrollment in CD.

1. A CHOICES Group 2 or CHOICES Group 3 Member assessed to need one or more Eligible CHOICES HCBS may elect to participate in CD at any time.

2. If the Member is unable to make a decision regarding his participation in CD or to communicate his decision, only a legally appointed Representative may make such decision on his behalf. The Member, or a family member or other caregiver, must sign a CD participation form reflecting the decision the Member has made.

3. If the Member is unable to make a decision regarding CD or to communicate his decision and does not have a legally appointed Representative, the Member cannot participate in CD since there is no one with the legal authority to assume and/or delegate the Member’s CD responsibilities.

4. Self-Assessment Tool. If a Member elects to participate in CD, he must complete a self-assessment tool developed by the Bureau to determine whether he requires the assistance of a Representative to perform the responsibilities of CD.

5. Representative. If the Member requires assistance in order to participate in CD, he must designate, or have appointed by a legally appointed Representative, a Representative to assume the CD responsibilities on his behalf.

(i) A Representative must meet all of the following criteria:

(I) Be at least eighteen (18) years of age;

(II) Have a personal relationship with the Member and understand his support needs;

(III) Know the Member’s daily schedule and routine, medical and functional status, medication regimen, likes and dislikes, strengths and weaknesses; and

(IV) Be physically present in the Member’s residence on a regular basis or at least at a frequency necessary to supervise and evaluate each Consumer-Directed Worker.

(ii) If a Member requires a Representative but is unwilling or unable to appoint one, the MCO may submit to the Bureau, for review and approval, a request to deny the Member’s participation in CD.
(Rule 1200-13-01-.05, continued)

(iii) If a Member’s Care Coordinator believes that the person selected as the Member’s representative for CD does not meet the specified requirements (e.g., the Representative is not physically present in the Member’s residence at a frequency necessary to adequately supervise Workers), the Care Coordinator may request that the Member select a different Representative who meets the specified requirements. If the Member does not select another Representative who meets the specified requirements, the MCO may, in order to help ensure the Member’s health and safety, submit to the Bureau, for review and approval, a request to deny the Member’s participation in CD.

(iv) A Member’s Representative shall not receive payment for serving in this capacity and shall not serve as the Member’s Worker for any Consumer-Directed Service.

(v) Representative Agreement. A Representative Agreement must be signed by the Member (or person authorized to sign on the Member’s behalf) and the Representative in the presence of the Care Coordinator. By completing a Representative agreement, the Representative confirms that he agrees to serve as a Member’s representative and that he accepts the responsibilities and will perform the duties associated with being a Representative.

(vi) A Member may change his Representative at any time by notifying his Care Coordinator and his Supports Broker that he intends to change Representatives. The Care Coordinator shall verify that the new Representative meets the qualifications as described above. A new Representative Agreement must be completed and signed, in the presence of a Care Coordinator, prior to the new Representative assuming his respective responsibilities.

(e) Employer of Record.

1. If a Member elects to participate in CD, either he or his Representative must serve as the Employer of Record.

2. The Employer of Record is responsible for the following:

   (i) Recruiting, hiring and firing Workers;

   (ii) Determining Workers’ duties and developing job descriptions;

   (iii) Scheduling Workers;

   (iv) Supervising Workers;

   (v) Evaluating Worker performance and addressing any identified deficiencies or concerns;

(x) Developing and implementing as needed a Back-up Plan to address instances when a scheduled Worker is not available or fails to show up as scheduled.

(f) Denial of Enrollment in CD.

1. Enrollment into CD may be denied by the Bureau when:

   (i) The person is not enrolled in TennCare or in CHOICES Group 2 or CHOICES Group 3.

   (ii) The Member does not need one or more of the HCBS eligible for CD, as specified in the POC.

   (iii) The Member is not willing or able to serve as the Employer of Record for his Consumer-Directed Workers and to fulfill all of the required responsibilities for CD, and does not have a qualified Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD.

   (iv) The Member is unwilling to sign a Risk Agreement which identifies and addresses any additional risks associated with the Member’s decision to participate in CD, or the risks associated with the Member’s decision to participate in CD pose too great a threat to the Member’s health, safety and welfare.

   (v) The Member does not have an adequate Back-up Plan for CD.

   (vi) The Member’s needs cannot be safely and appropriately met in the community while participating in CD.

   (vii) The Member or his Representative for CD, or the Consumer-Directed Workers he wants to employ are unwilling to use the services of the Bureau’s contracted FEA to perform required Financial Administration and Supports Brokerage functions.

   (viii) Other significant concerns regarding the Member’s participation in CD which jeopardize the health, safety or welfare of the Member.

2. Denial of enrollment in CD gives rise to notice and due process including the right to a fair hearing, as set forth in this rule.

(g) Fiscal Employer Agent (FEA).

1. The FEA shall perform the following functions on behalf of all Members participating in CD:

   (i) Financial Administration functions in the performance of payroll and related tasks; and
(ii) Supports Brokerage functions to assist the Member or his Representative with other non-payroll related tasks such as recruiting and training workers.

2. The FEA shall:

(vi) Withhold, file and pay applicable federal, state and local income taxes; employment and unemployment taxes; and worker’s compensation.

1. Each Member participating in CD or his Representative is responsible for the development and implementation of a Back-up Plan that identifies how the Member or Representative will address situations when a scheduled Worker is not available or fails to show up as scheduled.

2. The Member or Representative may not elect, as part of the Back-up Plan, to go without services.

3. The Back-up Plan for CD shall include the names and telephone numbers of contacts (Workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts.

4. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the Member electing CD and/or his Representative to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity, and for initiating the back-up plan when needed.

5. The Member’s Back-up Plan for Consumer-Directed Workers shall be integrated into the Member’s Back-up Plan for services provided by Contract Providers, as applicable, and the Member’s POC.

6. The Care Coordinator shall review the Back-up Plan developed by the Member and/or his Representative to determine its adequacy to address the Member’s needs. If an adequate Back-up Plan cannot be provided to CD, enrollment into CD may be denied, as set forth in this Rule.
7. The Back-up Plan shall be reviewed and updated at least annually, and as frequently as necessary if there are changes in the type, amount, duration, scope of eligible CHOICES HCBS or the schedule at which such services are needed, changes in Workers (when such Workers also serve as a back-up to other Workers) and changes in the availability of paid or unpaid back-up Workers to deliver needed care.

8. A Member may use Contract Providers to serve as back-up to Consumer Directed Workers only upon prior arrangement by the Member (or Representative for CD) with the Contract Provider, inclusion in the Member’s back-up plan, verification by the Supports Broker, prior approval by the MCO and subject to the Member’s Individual Cost Neutrality Cap as described in Rule 1200-13-01-.05(4)(c). If the higher cost of services delivered by a Contract Provider would result in a Member’s Cost Neutrality Cap being exceeded, a Member shall not be permitted to use Contract Providers to provide back-up workers. A Member’s MCO shall not be required to maintain Contract Providers on “stand-by” to provide back-up for services delivered through Consumer Direction.

(i) Consumer-Directed Workers (Workers).

1. Hiring Consumer-Directed Workers.

(i) Members shall have the flexibility to hire individuals with whom they have a close personal relationship to serve as Workers, such as neighbors or friends.

(ii) Members may hire family members, excluding spouses, to serve as Workers. However, a family member shall not be reimbursed for a service that he would have otherwise provided without pay. A Member shall not be permitted to employ any person who resides with the Member to deliver Personal Care Visits, Attendant Care, or In-Home Respite Care. A Member or his Representative for CD shall not be permitted to employ either of the following to deliver Companion Care services:

(I) An Immediate Family Member as defined in Rule 1200-13-01-.02.

(II) Any person with whom the Member currently resides, or with whom the Member has resided in the last five (5) years.

(iii) Members may elect to have a Worker provide more than one service, have multiple Workers, or have both a Worker and a Contract Provider for a given service, in which case, there must be a set schedule which clearly defines when Contract Providers will be used.

2. Qualifications of Consumer-Directed Workers. Workers must meet the following requirements prior to providing services:

(i) Be at least eighteen (18) years of age or older;

(ii) Complete a background check that includes a criminal background check (including fingerprinting), or, as an alternative, a background check from a licensed private investigation company;

(iii) Verification that the person’s name does not appear on the State abuse registry;
(Rule 1200-13-01-.05, continued)

(iv) Verification that the person’s name does not appear on the State and national sexual offender registries and licensure verification, as applicable;

(v) Verification that the person has not been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 128B(f) of the Social Security Act);

(vi) Complete all required training;

(vii) Complete all required applications to become a TennCare provider;

(viii) Sign an abbreviated Medicaid agreement;

(ix) Be assigned a Medicaid provider ID number;

(x) Sign a Service Agreement; and

(xi) If the Worker will be transporting the Member as specified in the Service Agreement, a valid driver’s license and proof of insurance must also be provided.

3. Disqualification from Serving as a Consumer-Directed Worker. A Member (or Representative for CD) cannot waive a background check for a potential Worker. A background check may reveal a potential Worker’s past criminal conduct that may pose an unacceptable risk to the Member. Any of the following findings may place the Member at risk and may disqualify a person from serving as a Worker:

(i) Conviction of an offense involving physical, sexual or emotional abuse, neglect, financial exploitation or misuse of funds, misappropriation of property, theft from any person, violence against any person, or manufacture, sale, possession or distribution of any drug; and/or

(ii) Entering of a plea of nolo contendere or when a jury verdict of guilty is rendered but adjudication of guilt is withheld with respect to a crime reasonably related to the nature of the position sought or held.

4. Individualized Assessment of a Consumer-Directed Worker with a Criminal Background.

(i) If a potential Worker’s background check includes past criminal conduct, the Member (or Representative for CD) must review the past criminal conduct with the help of the FEA. The Member (or Representative for CD), with the assistance of the FEA, will consider the following factors:

(I) Whether or not the evidence gathered during the potential Worker’s individualized assessment shows the criminal conduct is related to the job in such a way that could place the Member at risk;

(II) The nature and gravity of the offense or conduct, such as whether the offense is related to physical or sexual or emotional abuse of another person, if the offense involves violence against another person, or the manufacture, sale, or distribution of drugs; and

(III) The time that has passed since the offense or conduct and/or completion of the sentence.
After considering the above factors and any other evidence submitted by the potential Worker, the Member (or Representative for CD) must decide whether to hire the potential Worker.

If a Member (or Representative for CD) decides to hire the Worker, the FEA shall assist the Member (or Representative for CD) in notifying the Member’s MCO of this decision and shall collaborate with the Member’s MCO to amend the Member’s risk agreement to reflect the Member’s (or CD Representative’s) decision to voluntarily assume risk associated with hiring an individual with a criminal history and that the Member (or Representative for CD) is solely responsible for any negative consequences stemming from that decision.

5. Service Agreement.

A Member shall develop a Service Agreement with each Worker, which includes, at a minimum:

(I) The roles and responsibilities of the Worker and the Member;

(II) The Worker’s schedule (as developed by the Member and/or Representative), including hours and days;

(III) The scope of each service (i.e., the specific tasks and functions the Worker is to perform);

(IV) The service rate; and

(V) The requested start date for services.

The Service Agreement must be in place for each Worker prior to the Worker providing services.

The Service Agreement shall also stipulate if a Worker will provide one or more Self-Directed Health Care Tasks, the specific task(s) to be performed, and the frequency of each Self-Directed Health Care Task.

6. Payments to Consumer-Directed Workers.

Rates.

With the exception of Companion Care Services, Members participating in CD have the flexibility to set wages for their Workers from a range of reimbursement levels established by TennCare.

(I) Monthly Companion Care rates are only available for a full month of service delivery and will be pro-rated when a lesser number of days are actually delivered.

(II) The back-up per diem rate is available only when a regularly scheduled companion is ill or unexpectedly unable to deliver services, and shall not be authorized as a component of ongoing Companion Care Services.
(Rule 1200-13-01-.05, continued)

(ii) Payments to Consumer-Directed Workers. In order to receive payment for services rendered, all Workers must:

(I) Deliver services in accordance with the schedule of services specified in the Member’s POC and in the MCO’s service authorization, and in accordance with Worker assignments determined by the Member or his Representative.

(II) Use the EVV system to log in and out at each visit.

(III) Provide detailed documentation of service delivery including but not limited to the specific tasks and functions performed for the Member at each visit, which shall be maintained in the Member’s home.

(IV) Provide no more than forty (40) hours of services within a consecutive seven (7) day period, unless explicitly permitted by program guidelines and in accordance with service authorizations.

(iii) Termination of Consumer-Directed Workers’ Employment.

(I) A Member may terminate a Worker’s employment at any time.

(II) The MCO may not terminate a Worker’s employment, but may request that a Member be involuntarily withdrawn from CD if it is determined that the health, safety and welfare of the Member may be in jeopardy if the Member continues to employ a Worker but the Member and/or Representative does not want to terminate the Worker.

(j) Self-Direction of Health Care Tasks.

1. A Competent Adult, as defined in this Chapter, with a functional disability living in his own home, enrolled in CHOICES Group 2 or CHOICES Group 3, and participating in CD, or his Representative for CD, may choose to direct and supervise a Consumer-Directed Worker in the performance of a Health Care Task as defined in this Chapter.

2. For purposes of this rule, home does not include a NF or ACLF.

3. A Member shall not receive additional amounts of any service as a result of his decision to self-direct health care tasks. Rather, the Health Care Tasks shall be performed by the Worker in the course of delivering Eligible CHOICES HCBS already determined to be needed, as specified in the POC.

4. The Member or Representative who chooses to self-direct a health care task is responsible for initiating self-direction by informing the health care professional who has ordered the treatment which involves the Health Care Task of the individual or caregiver's intent to perform that task through self-direction. The provider shall not be required to prescribe self-direction of the health care task.

5. When a licensed health care provider orders treatment involving a Health Care Task to be performed through self-directed care, the responsibility to ascertain that the Member or caregiver understands the treatment and will be able to follow through on the Self-Directed Health Care Task is the same as it would be for a Member or caregiver who performs the Health Care Task for himself, and the
6. The Member or his Representative for CD will identify one or more Consumer-Directed Workers who will perform the task in the course of delivery of Eligible CHOICES HCBS. If a Worker agrees to perform the Health Care Tasks, the tasks to be performed must be specified in the Service Agreement. The Member or his Representative for CD is solely responsible for identifying a Worker who is willing to perform Health Care Tasks, and for instructing the paid personal aide on the task(s) to be performed.

7. The Member or his Representative for CD must also identify in his Back-up Plan for CD who will perform the Health Care Task if the Worker is unavailable, or stops performing the task for any reason.

8. Ongoing monitoring of the Worker performing self-directed Health Care Tasks is the responsibility of the Member or his Representative. Members are encouraged to use a home medication log as a tool to document medication administration. Medications should be kept in original containers, with labels intact and legible.

(k) Withdrawal from Participation in Consumer Direction (CD).

1. General.

   (i) Voluntary Withdrawal from CD. Members participating in CD may voluntarily withdraw from participation in CD at any time. The Member’s request must be in writing. Whenever possible, notice of a Member’s decision to withdraw from participation in CD should be provided in advance to permit time to arrange for delivery of services through Contracted Providers.

   (ii) Voluntary or involuntary withdrawal of a Member from CD of Eligible CHOICES HCBS shall not affect a Member’s eligibility for LTSS or enrollment in CHOICES, provided the Member continues to meet all requirements for enrollment in CHOICES as defined in this Chapter.

   (iii) If a Member voluntarily withdraws or is involuntarily withdrawn from CD, any Eligible CHOICES HCBS he receives, with the exception of Companion Care, shall be provided through Contract Providers, subject to the requirements in this Chapter. Companion Care is only available through CD.

2. Involuntary Withdrawal.

   (i) A person may be involuntarily withdrawn from participation in CD of HCBS for any of the following reasons:

     (I) The person is no longer enrolled in TennCare.

     (II) The person is no longer enrolled in either CHOICES Group 2 or CHOICES Group 3.

     (III) The Member no longer needs any of the Eligible CHOICES HCBS, as specified in the POC.
(Rule 1200-13-01-.05, continued)

(IV) The Member is no longer willing or able to serve as the Employer of Record for his Consumer-Directed Workers and to fulfill all of the required responsibilities for CD, and does not have a qualified Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD.

(V) The Member is unwilling to sign a Risk Agreement, as applicable, which identifies and addresses any additional risks associated with the Member’s decision to participate in CD, or the risks associated with the Member’s decision to participate in CD pose too great a threat to the Member’s health, safety and welfare.

(VI) The health, safety and welfare of the Member may be in jeopardy if the Member or his Representative continues to employ a Worker but the Member or Representative does not want to terminate the Worker.

(VII) The Member does not have an adequate Back-up Plan for CD.

(VIII) The Member’s needs cannot be safely and appropriately met in the community while participating in CD.

(IX) The Member or his Representative for CD, or Consumer-Directed Workers he wants to employ are unwilling to use the services of the Bureau’s contracted FEA to perform required Financial Administration and Supports Brokerage functions.

(X) The Member or his Representative for CD is unwilling to abide by the requirements of the CHOICES CD program.

(XI) If a Member’s Representative fails to perform in accordance with the terms of the Representative Agreement and the health, safety and welfare of the Member is at risk, and the Member wants to continue to use the Representative.

(XII) If a Member has consistently demonstrated that he is unable to manage, with sufficient supports, including appointment of a Representative, his services and the Care Coordinator or FEA has identified health, safety and/or welfare issues.

(XIII) A Care Coordinator has determined that the health, safety and welfare of the Member may be in jeopardy if the Member continues to employ a Worker but the Member or Representative does not want to terminate the Worker.

(XIV) Other significant concerns regarding the Member’s participation in CD which jeopardize the health, safety or welfare of the Member.

(ii) The Bureau must review and approve all MCO requests for involuntary withdrawal from CD of HCBS before such action may occur. If the Bureau approves the request, written notice shall be given to the Member at least ten (10) days in advance of the withdrawal. The date of withdrawal may be delayed when necessary to allow adequate time to transition the Member to Contract Provider services as seamlessly as possible.

(iii) The Member shall have the right to appeal involuntary withdrawal from CD.
(iv) If a person is no longer enrolled in TennCare or in CHOICES, his participation in CD shall be terminated automatically.

2. Non-participating providers must sign a modified contract (called a case agreement) with the MCO to continue receiving reimbursement for existing residents, including residents who may become Medicaid eligible.

3. Non-participating NF providers will be reimbursed eighty percent (80%) of the lowest rate paid to any participating NF provider in Tennessee for the applicable level of NF services.

Appeals related to the PAE process (including decisions pertaining to the PASRR process) are processed by the Bureau's Division of Long-Term Services and Supports in accordance with Rule 1200-13-01-.10(7).

Appeals related to the enrollment or disenrollment of an individual in CHOICES or to denial or involuntary withdrawal from participation in CD are processed by the Division of Long-Term Services and Supports in the Bureau, in accordance with the following procedures:

1. If enrollment into CHOICES or if participation in CD is denied, notice containing an explanation of the reason for such denial shall be provided. The notice shall include the person's right to request a fair hearing within thirty (30) days from receipt of the written notice regarding valid factual disputes pertaining to the enrollment denial decision.

2. If a Member is involuntarily disenrolled from CHOICES, or if participation in CD is involuntarily withdrawn, advance notice of involuntary disenrollment or withdrawal shall be issued. 1200-13-01-.06 SPECIAL FEDERAL REQUIREMENTS PERTAINING TO NURSING FACILITIES.

(1) Anti-discrimination.

No Medicaid-reimbursed resident of a NF shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination by any such facility.

(a) A NF may not directly or through contractual or other arrangements, on ground of race, color, or national origin:

1. Deny a Medicaid-reimbursed resident any service or benefit provided under the program.

2. Provide any service or benefit to a Medicaid-reimbursed resident which is different, or is provided in a different manner, from that provided to others under the program.

3. Subject a Medicaid-reimbursed resident to segregation or separate treatment in any matter related to the receipt of any service or benefit under the program.

4. Restrict a Medicaid-reimbursed resident in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service or benefit under the program.
(Rule 1200-13-01-.06, continued)

5. Treat a Medicaid-reimbursed resident differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership or other requirement or condition which the resident must meet in order to be provided any service or benefit provided under the program.

(b) A NF, in determining the types of services, or benefits which will be provided under any such program, or the Medicaid-reimbursed resident to whom, or the situations in which, such services or benefits will be provided under the program, or the Medicaid-reimbursed resident to be afforded an opportunity to participate in the program, may not, directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting those residents to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishments of the objective of the program with respect to those residents of a particular race, color, or national origin.

(c) As used in this rule, the services or benefits provided by a NF shall be deemed to include any service, or benefit provided in or through a facility participating in this program.

(d) The enumeration of specific forms of prohibited discrimination in this rule does not limit the generality of the prohibition in this rule.

(e) When a NF has previously discriminated against persons on the ground of race, color, or national origin, the facility must take affirmative action to overcome the effects of prior discrimination.

(f) Even in the absence of such prior discrimination, a facility may take affirmative action to overcome the effects of conditions which resulted in limiting participation by persons of a particular race, color, or national origin.

(2) Admissions, transfers, and discharges from NFs.

(a) All NFs shall establish written policies and procedures addressing admission, transfer and discharge, consistent with these rules. These policies and procedures shall be available for inspection by the state.

(b) A NF that has entered into a provider agreement with the Bureau of TennCare or an MCO shall admit individuals on a first come, first served basis, except as otherwise permitted by state and federal laws and regulations.

(c) NFs participating in the Medicaid Program shall not as a condition of admission to or continued stay at the facility request or require:

1. Transfer or discharge of a Medicaid-eligible resident because Medicaid has been or becomes the resident’s source of payment for long-term care.

2. Payment of an amount from a Medicaid-eligible resident in excess of the amount of Patient Liability determined by DHS.

3. Payment in excess of the amount of Patient Liability determined by DHS from any resident who is financially eligible for medical assistance but who has not submitted a PAE for consideration or whose appeal rights for a denied PAE have not been exhausted.

4. Any person to forego his or her right to Title XIX Medical Assistance benefits for any period of time.
(Rule 1200-13-01-.06, continued)

5. A third party (i.e. responsible party) signature, except as required of a court
appointed legal guardian or conservator, or require payment of any kind by a
third party on behalf of a Medicaid Eligible individual.

(d) NFs participating in the Medicaid Program must comply with the following guidelines
regarding transfers, discharges and/or readmissions.

1. Transfer and Discharge Rights.

   (i) A NF must permit each resident to remain in the facility and must not
       transfer or discharge the resident from the facility unless:

       (I) The transfer or discharge is necessary to meet the resident’s welfare
           which cannot be met in the facility;

       (II) The transfer or discharge is appropriate because the resident’s
           health has improved sufficiently so the resident no longer needs the
           services provided by the facility;

       (III) The safety of individuals in the facility is endangered;

       (IV) The health of individuals in the facility would otherwise be
           endangered;

       (V) The resident has failed, after reasonable and appropriate notice, to
           pay (or to have paid under Title XIX or Title XVIII on the resident’s
           behalf) for a stay at the facility; or

       (VI) The facility ceases to operate.

   (ii) In each of the cases described above, no resident shall be discharged or
       transferred without a written order from the attending physician or through
       other legal processes and timely notification of next of kin and/or sponsor
       or authorized representative, if any. Each NF shall establish a policy for
       handling residents who wish to leave the facility against medical advice.
       The basis for the transfer or discharge must be documented in the
       resident's clinical record. In the cases described in items (I) and (II) above,
       the documentation must be made by the resident’s physician, and in the
       case described in item (IV) above, the documentation must be made by a
       physician. For purposes of item (V), in the case of a resident who
       becomes eligible for assistance under Title XIX after admission to the
       facility, only charges which may be imposed under Title XIX shall be
       considered to be allowable.

   (iii) When a resident is transferred, a summary of treatment given at the
       facility, condition of resident at time of transfer and date and place to which
       transferred shall be entered in the record. If transfer is due to an
       emergency; this information will be recorded within forty-eight (48) hours;
       otherwise, it will precede the transfer of the resident.

   (iv) When a resident is transferred, a copy of the clinical summary should, with
       consent of the resident, be sent to the NF that will continue the care of the
       resident.
(v) Where an involuntary transfer is proposed, in addition to any other relevant factors, the following factors shall be taken into account:

(I) The traumatic effect on the resident.

(II) The proximity of the proposed NF to the present facility and to the family and friends of the resident.

(III) The availability of necessary medical and social services at the proposed NF.

(IV) Compliance by the proposed NF with all applicable federal and State regulations.

2. Pre-Transfer and Pre-Discharge Notice. Before effecting a transfer or discharge of a resident, a NF must:

(i) Notify the resident (and, if known, a family member of the resident or legal Representative) of the transfer or discharge and the reasons therefore.

(ii) Record the reasons in the resident's clinical record (including any documentation required pursuant to Part 1. above) and include in the notice the items described in Part 4. below.

(iii) Notify the Department of Health and the LTC Ombudsman.

(iv) Not transfer or discharge a resident until the above agencies have designated their intention to intervene and until any appeal process is complete, should the resident request a fair hearing.

3. Timing of Notice. The notice under Part 2. above must be made at least thirty (30) days in advance of the resident’s transfer or discharge except:

(i) In a case described in Items 1200-13-01-.06(2)(d)1.(i)(III) and (IV).

(ii) In a case described in Item 1200-13-01-.06(2)(d)1.(i)(II) where the resident's health improves sufficiently to allow a more immediate transfer or discharge.

(iii) In a case described in Item 1200-13-01-.06(2)(d)1.(i)(I) where a more immediate transfer or discharge is necessitated by the resident's urgent medical needs.

(iv) In a case where a resident has not resided in the facility for thirty (30) days.

In the case of such exceptions, notice must be given as many days before the date of transfer or discharge as is practicable.

4. Items included in notice. Each pre-transfer and pre-discharge notice under Part 2. above must include:

(i) Notice of the resident's right to appeal the transfer or discharge.

(ii) The name, mailing address, and telephone number of the LTC Ombudsman.
(iii) In the case of residents with developmental disabilities, the mailing address and telephone number of the agency responsible for the protection and advocacy system for developmentally disabled individuals.

(iv) In the case of mentally ill residents, the mailing address and telephone number of the agency responsible for the protection and advocacy system for mentally ill individuals established under the Protection and Advocacy for Mentally Ill Individuals Act.

5. Orientation. A NF must provide sufficient preparation and orientation to residents to ensure safe and orderly transfer discharge from the facility.

6. Notice of Bed-Hold Policy and Readmission. Before a resident of a NF is transferred for hospitalization or therapeutic leave, a NF must provide written information to the resident and a family member or legal representative concerning:

   (i) The provisions of the State Plan under this Title XIX regarding the period (if any) during which the resident will be permitted under the State Plan to return and resume residence in the facility, and

   (ii) The policies of the facility consistent with Part 7. below, regarding such a period.

7. Notice Upon Transfer. At the time of transfer of a resident to a hospital or for therapeutic leave, a NF must provide written notice to the resident and a family member or legal representative of the duration of any period under the State Plan allowed for the resumption of residence in the facility.

(e) NFs participating in the Medicaid Program must establish and follow a written policy under which an Enrollee, whose hospitalization or therapeutic leave exceeds the bed hold period, is readmitted to the NF immediately upon the first availability of a bed in a semi-private room if the Enrollee:

1. Requires the services provided by the NF; and

2. Is eligible for the level of NF care services.

(3) Single Wait List.

(a) Each NF participating in the TennCare must develop and consistently implement policies and procedures regarding its admissions, including the development and maintenance of a single Wait List of persons requesting admission to those facilities. This list must at a minimum contain the following information pertaining to each request for admission:

1. The name of the applicant.

2. The name of the contact person or designated representative other than the applicant (if any).

3. The address of the applicant and the contact person or designated representative (if any).

4. The telephone number of the applicant and the contact person or designated representative (if any).
5. The name of the person or agency referring the applicant to the NF.
6. The sex and race of the applicant.
7. The date and time of the request for admission.
8. Reason(s) for refusal/non-acceptance/other-action-taken pertaining to the request for admission.
9. The name and title of the NF staff person taking the application for admission.
10. A notation stating whether the applicant is anticipated to be Medicaid eligible at time of admission or within one year of admission.

(b) The Wait List should be updated and revised at least once each quarter to remove the names of previous applicants who are no longer interested in admission to the NF. Following three (3) contacts each separated by a period of at least ten (10) days, the NF shall, consistent with the written notice required in this section move an applicant to the end of the single admission list whenever an available bed is not accepted at the time of the vacancy, but the applicant wishes to remain on the admissions list. Applicants shall be advised of these policies at the time of their inquiry, and must be notified in writing, in a format approved by the Department of Health, when their name is removed from the list or moved to the end of the list. Such contacts shall be documented in the facility log containing the Wait List. The date, time and method of each contact shall be recorded along with the name of the facility staff person making the contact, and the identity of the applicant or contact person contacted. The log of such contacts shall also summarize the communication between the facility staff person and the applicant or contact person.

(c) Each facility shall send written confirmation that an applicant’s name has been entered on the Wait List, their position on the wait list, and a notification of their right of access to the wait list as provided in Subparagraph (h) of this Rule. This confirmation shall include at a minimum the date and time of entry on the wait list and shall be mailed by first class postage to the applicant and their designated representative (if any) identified pursuant to the requirements in Subparagraph (a) of this Rule.

(d) Each NF participating in TennCare shall admit applicants in the chronological order in which the referral or request for admission was received by the facility, except as permitted in Subparagraph (e) of this Rule.

(e) Documentation justifying deviation from the order of the Wait List must be maintained for inspection by the State. Inspection shall include the right to review and/or make copies of these records. Deviation may be based upon:

1. Medical need, including, but not necessarily limited to, the expedited admission of patients being discharged from hospitals and patients who previously resided in a NF at a different level of care, but who, in both cases, continue to require institutional medical services;
2. The applicant’s sex, if the available bed is in a room or a part of the facility that exclusively serves residents of the opposite sex;
3. Necessity to implement the provisions of a plan of affirmative action to admit racial minorities, if the plan has previously been approved by the Department of Health;
4. Emergency placements requested by the Department when evacuating another health care facility or by the Adult Protective Service of the Tennessee Department of Human Services;

5. Other reasons or policies, e.g., previous participation in a community based waiver or other alternative care program, when approved by the Medical Director of the Department of Health's Bureau of Health Licensure and Regulation, provided, however, that no such approval shall be granted if to do so would in any way impair the Department's or the facility’s ability to comply with its obligations under federal and state civil rights laws, regulations or conditions of licensure or participation.

6. If a Medicaid-eligible recipient's hospitalization or therapeutic leave exceeds the period paid for under the Tennessee Medicaid program for the holding of a bed in the facility for the resident and if the resident continues to require the services provided by the NF, then the resident must be readmitted to the facility immediately upon the first availability of a bed in the facility, consistent with Part 2. above;

7. Where, with the participation and approval of the Department of Health, expedited admission is approved for residents who are being displaced from another facility or its waiting list as a result of that facility's withdrawal from the Medicaid program.

(f) Telephone requests to be placed on the Wait List shall be accepted. The information required in Subparagraph (a) of this Rule shall be documented.

(g) If an applicant, whether on his own behalf or acting through another, requests admission or to be placed on a list of applicants awaiting admission, the information on the waiting list must be recorded and preserved.

(h) Applicants or their representatives shall have the right to be informed by telephone of their position on the Wait List. Ombudsmen and appropriate State and federal personnel shall have access to the Wait List when requested, and such access shall include the right to review and/or copy the Wait List.

(i) Any referrals received from the DHS shall be handled in the following manner.

1. Applicants shall be placed on a Wait List without formal application until such facility is within sixty (60) days of admission to the facility based on experience.

2. When the applicant is within sixty (60) days of admission to the facility as estimated by the facility based on its experience, the facility shall notify the applicant and DHS in writing so that a formal application can be made prior to consideration for admittance.

3. If, after sixty (60) days from the date notification is issued, the facility has not received a completed application then the facility may remove the applicant's name from the Wait List.

(4) Physician visits.

(a) NFs are responsible for assuring that physician visits are made according to the schedule set out at 42 C.F.R. § 483.40. To meet the requirement for a physician visit, the physician must, at the time of the visit,
1. See the resident;

2. Review the resident’s total program of care, including treatments;

3. Verify that the resident continues to need the designated level of NF care and document it in the progress notes or orders;

4. Write, sign, and date progress notes; and

5. Sign all orders.

(b) At the option of the physician, required visits after the initial visit may alternate between visits by a physician and visits by a physician assistant or nurse practitioner working under the physician’s delegation.

(c) A physician visit will be considered to be timely if it occurs not later than ten (10) days after the date of the required visit. Failure of the visit to be made timely will result in non-payment of claims, or a recoupment of all amounts paid by the Bureau or the MCO during the time that the physician visit has lapsed.

(d) NFs are responsible for assuring that the physician verify at the time of each physician’s visit the Medicaid recipient’s continued need for NF LOC and whether or not he is being served at the appropriate LOC.

1. Failure to obtain the verification at the time of the scheduled physician visit may result in a recoupment of all amounts paid by the Bureau or the MCO during the time that the verification/physician visit has lapsed.

2. If such a recoupment is made, the participating facility shall not:
   
   (i) Attempt to recoup from the resident; or

   (ii) Discharge the resident based on the recoupment.

3. In cases where the physician refused to make the required verification because the physician believes that the LOC is no longer appropriate, a new resident assessment must be completed by the NF.

(5) Termination of NF provider agreements.

(a) Facilities requesting voluntary termination of provider agreements shall comply with the following:

1. Facilities that choose to voluntarily terminate their provider agreements may do so by notifying the Bureau or the MCO(s) in writing of such intent. The effective date of the termination will be determined by the Bureau consistent with the terms of the TennCare Provider Agreement then in force between the Bureau or the MCO(s) and the facility.

2. The facility will not be entitled to payment for any additional or newly admitted TennCare eligible residents from the date of the facility’s notice of withdrawal from the TennCare Program. The facility may, however, at its election, continue to receive TennCare payment for those individuals who resided in the facility, on the date of such notice, so long as they continue to reside in and receive services from the facility and provided that such individuals are TennCare-eligible
during the period for which reimbursement is sought. The facility’s right to continue to receive TennCare payments for such individuals following the date of its notice of intent to withdraw from the TennCare program is contingent upon:

(i) The facility’s compliance with all requirements for TennCare participation; and

(ii) Its agreement to continue to serve, and accept TennCare payment for, on a non-discriminatory basis, all individuals residing in the facility on the date of notification of withdrawal, who are or become TennCare eligible.

3. The notification must provide the following information:

(i) The reason(s) for voluntary termination;

(ii) The names and TennCare identification numbers of all TennCare-eligible residents;

(iii) Name of the resident and name of the contact person for the resident (if any) for each resident with an application for TennCare eligibility pending;

(iv) A copy of the letter the facility will send to each resident informing him of the voluntary termination, and a copy of the letter to be sent to all TennCare-eligible residents regarding this action;

(v) A copy of the letter sent to all applicants on the Wait List informing them of the facility’s voluntary termination;

(vi) Whether or not the facility intends to continue to provide services to non-TennCare residents who were residents of the facility on the date withdrawal was approved, in the event they convert to TennCare eligibility; and a copy of the notice to residents explaining that decision; and,

(vii) Other information determined by the Bureau or the MCOs as necessary to process the request for termination.

4. The termination of the provider’s involvement in TennCare must be done in such a manner as to minimize the harm to current residents.

(i) Residents who are currently TennCare-eligible shall be informed, in a notice to be provided by the facility and approved by the Bureau, that the facility has elected to withdraw from the TennCare program. If the facility has elected under Subpart (ii) of the section to continue to receive TennCare payments for residents of the facility as of the date of notice of withdrawal from the TennCare Program, the notice shall inform the resident of the right to remain in the facility as a TennCare resident as long as he wishes to do so and remain otherwise eligible under the rules of the TennCare Program. The notice shall also inform the resident that, if he wishes to transfer to another facility, under the supervision of TennCare, the NF where he now resides will assist in locating a new placement and providing orientation and preparation for the transfer, in accordance with 42 U.S.C.A. § 1396r(c)(2)(B) and implementing regulations and guidelines, if any.

(ii) All other residents of the facility shall receive a separate notice informing them of the facility’s intention to withdraw from the TennCare program.
The notice will be provided by the facility after having been first reviewed and approved by the Bureau. The notice shall inform such residents that, should they become eligible for TennCare coverage, they will be able to convert to TennCare from their current source of payment and remain in the facility only during a period that ends with the termination of the facility’s provider agreement, a date to be determined in accordance with the terms of the provider agreement. They will not be eligible for TennCare coverage of their care in the facility thereafter. Transfer of these residents shall be considered an involuntary transfer and shall comply with federal and State regulations governing involuntary transfer or discharges.

The same notice will caution these residents that, if they require care as TennCare residents after the facility’s provider agreement is terminated, they will have to transfer to another facility. The notice will also inform the residents that, when their present facility is no longer participating in the TennCare program, certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare facilities will no longer be available to those who remain in the NF. Readers of the notice will be informed that, if they wish to transfer, or to have their names placed on Wait Lists at other facilities, the facility that is withdrawing from the program will assist them by providing preparation and orientation under the supervision of the Bureau, as required by 42 U.S.C.A. § 1396r(c)(2)(B) and implementing regulations and guidelines, if any.

(iii) Applicants whose names are on the facility’s Wait List will be notified by the facility on a form that has been reviewed and approved by the Bureau that the facility intends to withdraw from the TennCare Program. They will be cautioned that they will not be able to obtain TennCare coverage for any care that they receive in the facility. The notice shall also inform them that certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare participating facilities will not be available in the NF to which they have applied, once that facility has withdrawn from the TennCare program.

Applicants shall be informed in the notice that, if they wish to make application at other facilities, the withdrawing facility, under the supervision of TennCare, shall assist them in seeking placement elsewhere.

5. Following submission of a notice of withdrawal from the TennCare Program a facility cannot opt to receive continued TennCare payments for any resident unless it agrees to accept continual TennCare payment for all individuals who are residents on the date of the notice of withdrawal, and who are or become TennCare-eligible provided, however, that the Bureau or the Enrollee’s MCO will pay the facility for all covered services actually provided to TennCare-eligible residents following notice of the facility’s withdrawal and pending the resident’s transfer or discharge. In instances where facilities elect to continue to receive such TennCare payments, their provider agreements will remain in effect until the last TennCare-eligible individual, who resided in the facility as of the date of notification of withdrawal, has been discharged or transferred from the facility in accordance with TennCare and State licensure requirements.

6. Facilities which terminate their provider agreement shall not be permitted to participate in TennCare for a period of at least two (2) years from the date the provider agreement is terminated.
(Rule 1200-13-01-.06, continued)

7. Unless the facility notifies the Bureau within thirty (30) days after giving a notice of termination, the facility may not stop the termination procedure consistent with this order without written approval from the Bureau.

(b) NFs may be involuntarily decertified by the Tennessee Department of Health’s Division of Health Care Facilities because of their failure to comply with the provisions of these rules. Facilities that are involuntarily decertified shall not be permitted to participate in the Medicaid program for a minimum of five (5) years from the date of the decertification.

Authority: T.C.A. §§ 4-5-202, 4-5-208, 12-4-301, 71-5-105, and 71-5-109 and Executive Order No. 23.
1200-13-01-.07 REPEALED.

1200-13-01-.08 PERSONAL NEEDS ALLOWANCE (PNA), PATIENT LIABILITY, THIRD PARTY INSURANCE AND ESTATE RECOVERY FOR PERSONS RECEIVING LTSS.

(1) Personal Needs Allowance (PNA). The PNA is established for each Enrollee receiving LTSS in accordance with the Tennessee Medicaid State Plan, approved Section 1915(c) Waiver applications, and these rules. It is deducted from the Enrollee’s monthly income in calculating Patient Liability for LTSS.

(a) The PNA for each person receiving TennCare-reimbursed services in a NF or an ICF/IID is $50. Persons with no income have no PNA. Persons with incomes that are less than $50 per month (including institutionalized persons receiving SSI payments) may keep the entire amount of their income as their PNA.

(b) The maximum PNA for persons participating in CHOICES Group 2, CHOICES Group 3, or ECF CHOICES is 300% of the SSI FBR.

(c) The maximum PNA for persons participating in one of the State’s Section 1915(c) HCBS Waivers is as follows:

1. The Statewide ID Waiver: 200% of the SSI FBR.
2. The Arlington ID Waiver: 200% of the SSI FBR.
3. The Self-Determination ID Waiver: 300% of the SSI FBR.

(2) Patient Liability.
(Rule 1200-13-01-.08, continued)

(a) Enrollees receiving LTSS are required to contribute to the cost of their LTSS if their incomes are at certain levels. They are subject to the post-eligibility treatment of income rules set forth in Section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), and 42 C.F.R. § 435.725.

(b) For Enrollees being served in HCBS Waivers, the State must also use institutional eligibility and post-eligibility rules for determining Patient Liability.

(c) For Members of the CHOICES 217-Like Group, the CHOICES At-Risk Demonstration Group, the ECF CHOICES 217-Like Group, the Interim ECF CHOICES At-Risk Group, and upon implementation of Phase 2 of ECF CHOICES, the ECF CHOICES At-Risk and ECF CHOICES Working Disabled Demonstration Groups, the State uses institutional eligibility and post-eligibility rules for determining Patient Liability in the same manner as specified under 42 C.F.R. §§ 435.217, 435.236, and 435.726 and Section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), if the HCBS were provided under a Section 1915(c) Waiver.

(d) For a Member of CHOICES Group 2, CHOICES Group 3, or ECF CHOICES receiving the Short-Term NF Care benefit (for up to 90 days) or an Enrollee in one of the State’s Section 1915(c) Waiver programs who is temporarily placed in a medical institution, i.e., a hospital, NF or ICF/IID (for up to 90 days), the post-eligibility calculation shall be performed as if the individual is continuing to receive HCBS. The purpose is to ensure that the individual can maintain a community residence for transition back to the community. After 90 days, or as soon as it appears that the inpatient stay will not be a short-term stay, whichever comes first, a CHOICES Group 2, CHOICES Group 3, or ECF CHOICES Member will be transitioned to CHOICES Group 1 (see 1200-13-01-.31(6)(b) for requirements pertaining to ECF CHOICES Members), or a Waiver participant must be disenrolled from the Waiver, and the institutional post-eligibility calculation shall apply.

(e) Patient Liability shall be collected as follows:

1. If the Enrollee resides in a NF, ICF/IID, or receives CBRA services other than Companion Care (i.e., ACLF, Critical Adult Care Home, Community Living Supports, or Community Living Supports-Family Model), the Enrollee must pay his Patient Liability to the residential facility or provider. The residential facility or provider shall reduce the amount billed to the Bureau or the MCO, as applicable, by the amount of the Enrollee’s Patient Liability obligation, regardless of whether such amount is actually collected by the facility.

2. If a CHOICES Group 2, CHOICES Group 3, or ECF CHOICES Member does not receive CBRA services other than Companion Care, i.e., the Member is receiving HCBS in his own home, the Member must pay his Patient Liability to the MCO. The amount of Patient Liability collected will be used to offset the cost of CHOICES Group 2, CHOICES Group 3, or ECF CHOICES benefits or CEA services provided as an alternative to covered CHOICES Group 2, CHOICES Group 3, or ECF CHOICES benefits that were reimbursed by the MCO for that month. The amount of Patient Liability collected by the MCO cannot exceed the cost of CHOICES Group 2, CHOICES Group 3 or ECF CHOICES benefits (or CEA services provided as an alternative to CHOICES Group 2, CHOICES Group 3 or ECF CHOICES benefits) reimbursed by the MCO for that month.

(f) A CHOICES or ECF CHOICES provider, including an MCO, may decline to continue to provide LTSS to a CHOICES or ECF CHOICES Member who fails to pay his Patient Liability. If other Contract Providers or the other TennCare MCO(s) operating in the Grand Division are unwilling to provide LTSS to a CHOICES or ECF CHOICES
Member who has failed to pay his Patient Liability, the Member may be disenrolled from the CHOICES or ECF CHOICES program in accordance with the procedures set out in this Chapter.

(3) TPL for LTSS.

(a) LTC insurance policies are considered TPL and the Bureau is subrogated to all rights of recovery.

(b) Applicants for the CHOICES or ECF CHOICES programs who have LTC insurance policies must report these policies to TennCare upon enrollment in the CHOICES or ECF CHOICES program. Applicants may be subject to criminal prosecution for knowingly providing incorrect information.

(c) Obligations of CHOICES or ECF CHOICES Members receiving NF or CBRA services (other than Companion Care) having insurance that will pay for care in a NF or other residential facility (including cash benefits to the Member for the cost of such services):

1. If the benefits are assignable, the Member must assign them to the NF or residential facility or provider. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the NF or the residential facility or provider for LTSS.

2. If the benefits are not assignable, the Member must provide payment to the NF or the residential facility or provider immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the NF or the residential facility or provider for LTSS.

(d) Obligations of CHOICES or ECF CHOICES Members receiving non-residential CHOICES HCBS or Companion Care services, or non-residential ECF CHOICES services having insurance that will pay for CHOICES HCBS or ECF CHOICES HCBS (including cash benefits to the Member for the cost of such services):

1. If the benefits are assignable, the Member must assign them to the MCO. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for CHOICES HCBS or ECF CHOICES HCBS for the Member.

2. If the benefits are not assignable, the Member must make payment to the MCO immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for CHOICES HCBS or ECF CHOICES HCBS for the Member.

(e) TPL payments do not reduce the amount of Patient Liability an Enrollee is obligated to contribute toward the cost of LTSS, except in instances where the total cost of LTSS for the month is less than the combined total of TPL payments and the member’s Patient Liability amount, in which case, TPL shall be collected first. The NF shall then collect Patient Liability up to the total cost of LTSS provided for the month.

(f) If benefits received by the policyholder are not paid to the facility or MCO, as applicable, such benefits shall be considered income, and may render the person ineligible for TennCare (including LTSS) benefits.

(4) Estate Recovery. Persons enrolled in TennCare LTSS programs are subject to the requirements of the FERP as set forth under Section 1917(b) of the Social Security Act, 42 U.S.C.A. § 1396p(b).
(a) The State is required to seek adjustment or recovery for certain types of medical assistance from the estates of individuals as follows:

1. For persons age fifty-five (55) and older, the State is obligated to seek adjustment or recovery for NF (including ICF/IID) services, HCBS, and related hospital and prescription drug services.

2. For permanently institutionalized persons under age fifty-five (55), the State is obligated to seek adjustment or recovery for the institutional services.

(b) Estate recovery shall apply to the estates of individuals under age fifty-five (55) who are inpatients in a NF, ICF/IID, or other medical institution and who cannot reasonably be expected to be discharged home.

(c) A determination that an individual cannot reasonably be expected to be discharged to return home shall be made in accordance with the following.

1. The PAE for LOC that is certified by the physician shall specify whether discharge is expected and the anticipated length of stay in the institution.

2. The following shall be deemed sufficient evidence that a person cannot reasonably be expected to be discharged to return home and is thus permanently institutionalized:

   (i) An approved PAE certified by the physician indicating that discharge is not expected; or,

   (ii) The continued stay of a resident of a medical institution at the end of a temporary stay predicted by his physician at the time of admission to be no longer than six (6) months in duration.

(d) Written notice of the determination that the individual residing in a medical institution cannot reasonably be expected to be discharged to return home shall be issued to the individual or his Designated Correspondent. The notice shall explain the right to request a reconsideration review. Such request must be submitted in writing to the Bureau, Long-Term Services and Supports, within thirty (30) days of receipt of the written notice. The reconsideration review shall be conducted as a Commissioner’s Administrative Hearing in the manner set out in Rule 1200-13-01-.10(7).

1200-13-01-.09 THIRD PARTY SIGNATURE.

(1) No facility may require a third party signature for a Medicaid recipient as a condition of application or admission to, or continued stay in, the facility. However, any person appointed by a court of competent jurisdiction to act on behalf of a recipient may be required to perform all requirements normally required of an applicant.
(Rule 1200-13-01-.09, continued)

(2) If a facility has collected an advance payment or deposit from or on behalf of a person retroactively determined to be eligible for Medicaid, the amount collected less the amount determined by the Department of Human Services to be the patient’s liability for that period of time shall be refunded within ten (10) days after receiving payment for retroactive period from the state or its agents.

(3) The facility must file for such retroactive reimbursement for the full period of retroactive eligibility on the next claim for reimbursement filed by the facility following the date of notification of eligibility.

1200-13-01-.10 MEDICAL (LEVEL OF CARE) ELIGIBILITY CRITERIA FOR TENNCARE REIMBURSEMENT OF CARE IN NURSING FACILITIES, CHOICES HCBS AND PACE.

(1) Definitions. See Rule 1200-13-01-.02.

(2) PreAdmission Evaluations and Discharge/Transfer/Hospice Forms.
   (a) A PAE is required in the following circumstances:

1. When a TennCare Eligible is admitted to a NF for receipt of TennCare-reimbursed NF Services.

2. When a private-paying resident of a NF attains TennCare Eligible status.

3. When Medicare reimbursement for SNF services has ended and TennCare Level 2 reimbursement for NF services is requested.

4. When a NF Eligible is changed from TennCare Level 1 to TennCare Level 2 reimbursement, or from TennCare Level 1 or Level 2 reimbursement to a Chronic Ventilator or Tracheal Suctioning Enhanced Respiratory Care rate, except as specified in Rule 1200-13-01-.10(5)(f).

5. When a NF Eligible is changed from TennCare Level 2 reimbursement or an Enhanced Respiratory Care rate to TennCare Level 1 reimbursement, unless the person has an approved unexpired Level 1 PAE.

6. When a NF Eligible is changed from an Enhanced Respiratory Care rate to TennCare Level 2 reimbursement, unless the person has an approved unexpired Level 2 PAE.

7. When a NF Eligible requires continuation of the same LOC beyond the expiration date assigned by the Bureau.

8. When a NF Eligible no longer requires the specific skilled nursing or rehabilitative services for which a Level 2 PAE was approved but requires other skilled nursing or rehabilitative services for which Level 2 reimbursement may be authorized in a NF.

9. When a Member enrolled in CHOICES Group 1 or Group 2 on or after July 1, 2012, no longer meets NF LOC and wants to enroll in CHOICES Group 3 for HCBS.
10. When a Member enrolled in CHOICES Group 3 (including Interim CHOICES Group 3) on or after July 1, 2012, wants to enroll in CHOICES Group 1 or 2.

(b) NFs are required to complete and submit to the Member’s MCO a Discharge/Transfer/Hospice Form any time a Member discharges from the facility or stops receiving NF services in the facility, which shall include but is not limited to the following circumstances:

1. When a CHOICES Member transfers from one NF to another such facility.
2. When a CHOICES Member discharges to the hospital (even when readmission to the NF is expected following the hospital stay).
3. When a CHOICES Member elects to receive hospice services (even if Medicare will be responsible for payment of the hospice benefit).
4. When a CHOICES Member discharges home, with or without HCBS. In this case, the NF is obligated to notify the MCO before the Member is discharged from the facility and to coordinate with the MCO in discharge planning in order to ensure that any home and community based services needed by the Member will be available upon discharge, and to avoid a lapse in CHOICES and/or TennCare eligibility.
5. Upon the death of a CHOICES Member.

(c) A PreAdmission Evaluation is not required in the following circumstances:

1. When a NF Eligible with an approved unexpired Level 1 PAE returns to the NF after being hospitalized.
2. When a NF Eligible with an approved unexpired Level 2 PAE returns to the NF after being hospitalized, if there has been no change in the skilled nursing or rehabilitative service for which the PAE was approved.
3. When a NF Eligible changes from Level 2 to Level 1 NF reimbursement and has an approved unexpired Level 1 PAE.
4. To receive Medicaid co-payment when Medicare is the primary payer of SNF care.
5. When a Discharge/Transfer/Hospice Form is appropriate in accordance with (2)(b).
6. For authorization by an MCO of Ventilator Weaning services or short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention. Medical necessity determinations and authorization of Ventilator Weaning services and short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate during the post-weaning period will be managed by the person’s MCO.
7. When a person will be receiving hospice services in the NF.

(d) If a NF admits or allows continued stay of a TennCare Eligible without an approved PAE, it does so at its own risk and in such event the NF shall give the Applicant a plain language written notice, in a format approved by the Bureau, that Medicaid
reimbursement will not be paid unless the PAE is approved and if it is not finally approved the Applicant can be held financially liable for services provided, including services delivered prior to the effective date of the PAE and enrollment in CHOICES Group 1, unless a third party is liable.

(e) Except as specified in 1200-13-01-.10(2)(e)2., an approved PAE is valid for ninety (90) calendar days beginning with the PAE Approval Date, unless an earlier expiration date has been established by TennCare (see 1200-13-01-.10(2)(h)). A valid approved PAE that has not been used within ninety (90) calendar days of the PAE Approval Date must be updated before it can be used. For purposes of Medicaid-reimbursed NF services, such update may be completed only upon submission of a confirmed Medicaid Only Payer Date. To update the PAE, the physician (in the case of NF services) or a Qualified Assessor (in the case of HCBS) shall certify that the Applicant’s medical condition on the revised PAE Request Date is consistent with that described in the initial certification and/or assessment and that NF services, or alternative HCBS, as applicable, are medically necessary for the Applicant. If the Applicant’s medical condition has significantly changed such that the previously approved PAE does not reasonably reflect the Applicant’s current medical condition and functional capabilities, a new PAE shall be required.

1. A PAE that is not used within 365 days of the PAE Approval Date shall expire and shall not be updated.

2. A PAE shall also expire upon the person’s discharge from a NF, unless:
   (i) The person transfers to another NF.
   (ii) The person is discharged to the hospital and returns directly to the NF or to another NF.
   (iii) The person is discharged home for therapeutic leave and returns to the NF within no more than ten (10) days.
   (iv) The person is discharged home and a request to transition to CHOICES Group 2 is submitted by the MCO and approved by TennCare prior to the person’s discharge from the NF.

3. For persons electing hospice:
   (i) If a person receiving NF services elects to receive hospice, is disenrolled from CHOICES Group 1, and subsequently withdraws the hospice election and wishes to re-enroll in CHOICES Group 1, the approved PAE may be used so long as:
      (I) The person has remained in the NF;
      (II) The person’s condition has not changed;
      (III) No more than thirty (30) days have lapsed since the person’s disenrollment from CHOICES Group 1; and
      (IV) NF LOC criteria have not changed.
   (ii) If the person’s condition has changed or if more than thirty (30) days have lapsed since the person’s disenrollment from CHOICES Group 1, a new PAE shall be required.
(iii) If the PAE effective date was prior to July 1, 2012, a new PAE must be submitted and the person must qualify based on the new NF LOC criteria in place as of July 1, 2012.

(f) A PAE must include a recent history and physical or current medical records that support the Applicant’s functional and/or skilled nursing or rehabilitative needs, as reflected in the PAE. A history and physical performed within 365 calendar days of the PAE Request Date may be used if the Applicant’s condition has not significantly changed. Medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed, or may be used in lieu of a history and physical, so long as the records provide medical evidence sufficient to support the functional and/or skilled or rehabilitative needs reflected in the PAE.

(g) A PAE must be certified as follows:

1. Physician certification shall be required for reimbursement of NF services and enrollment into CHOICES Group 1. Consistent with requirements pertaining to certification of the need for SNF care set forth at 42 CFR § 424.20 and in Section 3108 of the Affordable Care Act, certification of the need for NF care may be performed by a nurse practitioner, clinical nurse specialist, or physician assistant, none of whom has a direct or indirect employment relationship with the facility but who is working in collaboration with a physician.

2. Certification of the level of care assessment by a Qualified Assessor shall be required for all PAEs.

(h) A PAE may be approved by the Bureau for a fixed period of time with an expiration date based on an assessment by the Bureau of the Applicant’s medical condition and anticipated continuing need for inpatient nursing care. Notice of appeal rights shall be provided when a PAE is approved with an expiration date.

(i) PASRR.

1. All Applicants who reside in or seek admission to a Medicaid-certified NF must have a PASRR Level I screen for mental illness and mental retardation. The initial Level I screen must be completed prior to admission to the NF and submitted to TennCare regardless of:

   (i) Payer source;
   (ii) Whether the PASRR screening is positive or negative (including specified exemptions); and
   (iii) The level of NF reimbursement requested.

2. If the Level I screen indicates the need for a PASRR Level II evaluation of need for specialized services for mental illness and/or mental retardation, the Applicant must undergo the PASRR Level II evaluation prior to admission to the NF.

(j) Medicaid payment will not be available for any dates of NF services rendered prior to the date the PASRR process is complete and the Applicant has been determined appropriate for nursing home placement. The PASRR process is complete when either:
1. TennCare has received a negative Level I PASRR screen form and no contradictory information is subsequently received; or

2. For Applicants with a positive Level I PASRR screen (as submitted or upon review and determination by the Bureau), the Bureau has received a certified exemption or advance categorical determination signed by the physician; or a determination by DMH and/or DIDD, as applicable, that the Applicant is appropriate for NF placement. Determination by the Bureau that a Level II PASRR evaluation must be performed may be made:

(i) Upon receipt of a positive PASRR screen from the NF or other submitting entity;

(ii) Based on TennCare review of a negative PASRR screening form or history and physical submitted by a NF or other entity; or

(iii) Upon review of any contradictory information submitted in the PAE application or supporting documentation at any time prior to disposition of the PAE.

(k) A NF that has entered into a provider agreement with a TennCare MCO shall assist a NF resident or Applicant as follows:

1. The NF shall assist a NF resident or an Applicant for admission in applying for Medicaid eligibility and in applying for Medicaid-reimbursed NF care. This shall include assistance in properly completing all necessary paperwork and in providing relevant NF documentation to support the PAE. For Applicants not currently eligible for Medicaid, the NF may request assistance from the AAAD in completing the Medicaid application process in order to expedite the eligibility determination by DHS. Reasonable accommodations shall be made for an Applicant with disabilities or, alternatively, for a Designated Correspondent with disabilities when assistance is needed with the proper completion and submission of a PAE.

2. The NF shall request a Notice of Disposition or Change from the Department of Human Services upon learning that a resident or Applicant has, or is likely to have, applied for Medicaid eligibility.

(l) The Bureau shall process PAEs independently of determinations of Medicaid eligibility by DHS; however, Medicaid reimbursement for NF care shall not be available until the PASRR process has been completed, and both the PAE and financial eligibility have been approved.

(3) Medicaid Reimbursement.

(a) A NF that has entered into a provider agreement with a TennCare MCO is entitled to receive Medicaid reimbursement for covered services provided to a NF Eligible if:

1. The NF has completed the PASRR process as described in 1200-13-01-.10(2)(i) above and pursuant to 1200-13-01-.23.

2. The Bureau has received an approvable PAE for the person within ten (10) calendar days of the PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is
(Rule 1200-13-01-.10, continued)

one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.

3. The NF has entered into the TennCare PreAdmission Evaluation System (TPAES) a Medicaid Only Payer Date.

4. The person has been enrolled into CHOICES Group 1.

5. For a retroactive eligibility determination, the Bureau has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired PAE within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change, so long as the person has remained in a NF since the PAE was completed (except for short-term hospitalization). The effective date of payment for NF services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE that has been updated.

6. If the NF participates in the Enrollee’s MCO, reimbursement will be made by the MCO to the NF as a Network Provider. If the NF does not participate in the Enrollee’s MCO, reimbursement will be made by the MCO to the NF as a non-participating provider, in accordance with Rule 1200-13-01-.05(10).

(b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.

1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no more than ten (10) days prior to the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for NF services.

(c) The earliest date of Medicaid reimbursement for care provided in a NF shall be the date that all of the following criteria are met:

1. Completion of the PASRR process, as described in 1200-13-01-.10(2)(i) above and pursuant to 1200-13-01-.23;

2. The effective date of level of care eligibility as reflected by the PAE Approval Date;

3. The effective date of Medicaid eligibility;

4. The date of admission to the NF; and

5. The effective date of enrollment into CHOICES Group 1.

(d) Application of new LOC criteria. The new LOC criteria set forth in 1200-13-01-.10(4) shall be applied to all Applicants enrolled into CHOICES on or after July 1, 2012, based on their effective date of enrollment into the CHOICES program.
1. It is the date of enrollment into CHOICES and not the date of PAE submission, approval, or the PAE effective date which determines the LOC criteria that must be applied.

2. TennCare may review a PAE that had been reviewed and approved based on the NF LOC criteria in place as of June 30, 2012, to determine whether an Applicant who will be enrolled into CHOICES on or after July 1, 2012, meets the new LOC criteria. However, all Applicants enrolled into CHOICES with an effective date of enrollment on or after July 1, 2012, shall meet the criteria in place at the time of enrollment, and in accordance with these rules.

(e) A NF that has entered into a provider agreement with a TennCare MCO and that admits a TennCare Eligible without completion of the PASRR process and without an approved PAE does so without the assurance of Medicaid reimbursement.

(f) TennCare reimbursement will only be made to a NF on behalf of the NF Eligible and not directly to the NF Eligible.

(g) A NF that has entered into a provider agreement with a TennCare MCO shall admit persons on a first come, first served basis, except as otherwise permitted by State and federal laws and regulations.

(4) Level of Care Criteria for Medicaid Level 1 Reimbursement of Care in a Nursing Facility, CHOICES HCBS, ECF CHOICES HCBS and PACE.

(a) The NF must have completed the PASRR process, as applicable and as described in 1200-13-01-.10(2)(i) above and pursuant to 1200-13-01-.23.

(b) An Applicant must meet both of the following LOC criteria in order to be approved for TennCare-reimbursed care in a NF, CHOICES HCBS, ECF CHOICES HCBS or PACE, as applicable:

1. Medical Necessity of Care:

   (i) Applicants requesting TennCare-reimbursed NF care. Care in a NF must be expected to improve or ameliorate the Applicant’s physical or mental condition, to prevent a deterioration in health status, or to delay progression of a disease or disability, and such care must be ordered and supervised by a physician on an ongoing basis.

   (ii) Applicants requesting HCBS in CHOICES, ECF CHOICES or PACE. HCBS must be required in order to allow the Applicant to continue living safely in the home or community-based setting and to prevent or delay placement in a NF, and such HCBS must be specified in an approved plan of care and needed on an ongoing basis.

   (I) The need for one-time CHOICES HCBS or one-time ECF CHOICES HCBS is not sufficient to meet medical necessity of care for HCBS.

   (II) If a Member’s ongoing need for assistance with activities of daily living and/or instrumental activities of daily living can be met, as determined through the needs assessment and care planning processes, through the provision of assistance by family members and/or other caregivers, or through the receipt of services available to the Member through community resources (e.g., Meals on...
Wheels) or other payer sources (e.g., Medicare), the Member does not require HCBS in order to continue living safely in the home and community-based setting and to prevent or delay placement in a NF.

2. Need for Inpatient Nursing Care:

(i) Applicants requesting TennCare-reimbursed NF care.

The Applicant must have a physical or mental condition, disability, or impairment that, as a practical matter, requires daily inpatient nursing care. The Applicant must be unable to self-perform needed nursing care and must meet one (1) or more of the following criteria on an ongoing basis:

(I) Have a total score of at least nine (9) on the TennCare NF LOC Acuity Scale; or

(II) Meet one (1) or more of the ADL or related criteria specified in 1200-13-01-.10(4)(b)2.(iii) on an ongoing basis and be determined by TennCare through approval of a Safety Determination Request to not be able to be safely served within the array of services and supports that would be available if the Applicant was enrolled in CHOICES Group 3, including CHOICES HCBS up to the Expenditure Cap of $15,000, non-CHOICES HCBS available through TennCare (e.g., home health), cost-effective alternative services (as applicable), services available through Medicare, private insurance or other funding sources, and natural supports provided by family members and other caregivers who are willing and able to provide such care. An Applicant who cannot be safely served in CHOICES Group 3 does not qualify to enroll in CHOICES Group 3. An applicant who could be safely served in CHOICES Group 3 except that he does not meet Medicaid categorical and financial eligibility criteria for CHOICES Group 3 (i.e. is not an SSI recipient) shall not be eligible for CHOICES Group 1 as a result of a Safety Determination.

(ii) Applicants eligible to receive care in a NF, but requesting HCBS in CHOICES Group 2, ECF CHOICES or PACE.

The Applicant must have a physical or mental condition, disability, or impairment that requires ongoing supervision and/or assistance with activities of daily living in the home or community setting. In the absence of ongoing CHOICES HCBS, ECF CHOICES HCBS or PACE, the Applicant would require and must qualify to receive NF services in order to remain eligible for HCBS. The Applicant must be unable to self-perform needed nursing care and must meet one (1) or more of the following criteria on an ongoing basis:

(I) Have a total score of at least nine (9) on the TennCare NF LOC Acuity Scale; or

(II) For a CHOICES Group 2 Applicant, meet one (1) or more of the ADL or related criteria specified in 1200-13-01-.10(4)(b)2.(iii) on an ongoing basis and be determined by TennCare through approval of a Safety Determination Request to not be able to be safely served within the array of services and supports that would be available if the Applicant was enrolled in CHOICES Group 3, including
CHOICES HCBS up to the Expenditure Cap of $15,000, non-CHOICES HCBS available through TennCare (e.g., home health), cost-effective alternative services (as applicable), services available through Medicare, private insurance or other funding sources, and natural supports provided by family members and other caregivers who are willing and able to provide such care. An Applicant who cannot be safely served in CHOICES Group 3 does not qualify to enroll in CHOICES Group 3. An applicant who could be safely served in CHOICES Group 3 except that he does not meet Medicaid categorical and financial eligibility criteria for CHOICES Group 3 (i.e. is not an SSI recipient) shall not be eligible for CHOICES Group 2 as a result of a Safety Determination; or

(III) For an ECF CHOICES Applicant age 21 or older, have an intellectual or developmental disability and be determined through approval of a Safety Determination Request to not be able to be safely served within the array of services and supports that would be available if the Applicant was enrolled in ECF CHOICES Group 5, including ECF CHOICES HCBS up to the Expenditure Cap of $30,000; one-time emergency assistance up to $6,000; non-ECF CHOICES HCBS available through TennCare (e.g., home health); cost-effective alternative services (as applicable); services available through Medicare, private insurance or other funding sources; and natural supports provided by family members and other caregivers who are willing and able to provide such care.

(iii) Applicants not eligible to receive care in a NF, but at risk of NF placement and requesting HCBS in CHOICES Group 3, including Interim CHOICES Group 3. The Applicant must have a physical or mental condition, disability, or impairment that requires ongoing supervision and/or assistance with activities of daily living in the home or community setting. In the absence of ongoing CHOICES HCBS, the Applicant would not be able to live safely in the community and would be at risk of NF placement. The following criteria shall reflect the individual’s Applicant’s capabilities on an ongoing basis and not isolated, exceptional, or infrequent limitations of function in a generally independent person who is able to function with minimal supervision or assistance. The Applicant must be unable to self-perform needed nursing care and must meet one (1) or more of the following criteria on an ongoing basis:

(I) Transfer. The Applicant is incapable of transfer to and from bed, chair, or toilet unless physical assistance is provided by others on an ongoing basis (daily or at least four days per week). Approval of this deficit shall require documentation of the medical condition(s) contributing to this deficit, as well as the specific type and frequency of transfer assistance required.

(II) Mobility. The Applicant requires physical assistance from another person for mobility on an ongoing basis (daily or at least four days per week). Mobility is defined as the ability to walk, using mobility aids such as a walker, crutch, or cane if required, or the ability to use a wheelchair (manual or electric) if walking is not feasible. The need for a wheelchair, walker, crutch, cane, or other mobility aid shall not by itself be considered to meet this requirement. Approval of this deficit shall require documentation of the medical condition(s)
contributing to this deficit, as well as the specific type and frequency of mobility assistance required.

(III) Eating. The Applicant requires physical assistance with gastrostomy tube feedings or physical assistance or constant one-on-one observation and verbal assistance (reminding, encouraging) 4 or more days per week to consume prepared food and drink (or self-administer tube feedings, as applicable) or must be fed part or all of each meal. Food preparation, tray set-up, assistance in cutting up foods, and general supervision of multiple residents shall not be considered to meet this requirement. Approval of this deficit shall require documentation which supports the need for such intervention, along with evidence that in the absence of such physical assistance or constant one-on-one observation and verbal assistance, the Applicant would be unable to self-perform this task. For PAEs submitted by the AAAD (or entity other than an MCO, NF, or PACE Organization), an eating or feeding plan specifying the type, frequency and duration of supports required by the Applicant for feeding, along with evidence that in the absence of such physical assistance or constant one-on-one observation and verbal assistance, the Applicant would be unable to self-perform this task shall be required.

(IV) Toileting. The Applicant requires physical assistance from another person to use the toilet or to perform incontinence care, ostomy care, or catheter care on an ongoing basis (daily or at least four days per week). Approval of this deficit shall require documentation of the specific type and frequency of toileting assistance required.

(V) Expressive and Receptive Communication. The Applicant is incapable of reliably communicating basic needs and wants (e.g., need for assistance with toileting; presence of pain) in a manner that can be understood by others, including through the use of assistive devices; or the Applicant is incapable of understanding and following very simple instructions and commands without continual intervention (daily or at least four days per week). Approval of this deficit shall require documentation of the medical condition(s) contributing to this deficit, as well as the specific type and frequency of communication assistance required.

(VI) Orientation. The Applicant is disoriented to person (e.g., fails to remember own name, or recognize immediate family members), place (e.g., does not know residence is a NF), or event/situation (e.g., is unaware of current circumstances in order to make decisions that prevent risk of harm) daily or at least four days per week. Approval of this deficit shall require documentation of the specific orientation deficit(s), including the frequency of occurrence of such deficit(s), and the impact of such deficit(s) on the Applicant.

(VII) Medication Administration. The Applicant is not cognitively or physically capable (daily or at least four days per week) of self-administering prescribed medications at the prescribed schedule despite the availability of limited assistance from another person. Limited assistance includes, but is not limited to, reminding when to take medications, encouragement to take, reading medication labels, opening bottles, handing to Applicant, reassurance of the correct
(Rule 1200-13-01-.10, continued) dose, and the use of assistive devices including a prepared medication box. An occasional lapse in adherence to a medication schedule shall not be sufficient for approval of this deficit; the Applicant must have physical or cognitive impairments which persistently inhibit his or her ability to self-administer medications. Approval of this deficit shall require evidence that such interventions have been tried or would not be successful, and that in the absence of intervention, the Applicant’s health would be at serious and imminent risk of harm.

(VIII) Behavior. The Applicant requires persistent staff or caregiver intervention and supervision (daily or at least four days per week) due to an established and persistent pattern of behavioral problems which are not primarily related to a mental health condition (for which mental health treatment would be the most appropriate course of treatment) or a substance abuse disorder (for which substance abuse treatment would be the most appropriate course of treatment), and which, absent such continual intervention and supervision, place the Applicant or others at imminent and serious risk of harm. Such behaviors may include physical aggression (including assaultive or self-injurious behavior, destruction of property, resistive or combative to personal and other care, intimidating/threatening, or sexual acting out or exploitation) or inappropriate or unsafe behavior (including disrobing in public, eating non-edible substances, fire setting, unsafe cooking or smoking, wandering, elopement, or getting lost). Approval of this deficit shall require documentation of the specific behaviors and the frequency of such behaviors.

(IX) Skilled Nursing or Rehabilitative Services. The Applicant requires daily skilled nursing or rehabilitative services at a greater frequency, duration, or intensity than, for practical purposes, would be provided through daily home health visits. Approval of such skilled nursing or rehabilitative services shall require a physician’s order and other documentation as specified in the PAE. Level 2 reimbursement for rehabilitative services and acuity points for such rehabilitative services shall not be approved for chronic conditions, exacerbations of chronic conditions, weakness after hospitalization, or maintenance of functional status, although the NF shall be required to ensure that appropriate services and supports are provided based on the individualized needs of each resident.

(iv) Applicants not eligible to receive care in a NF, but at risk of NF placement and requesting HCBS in ECF CHOICES Group 4 or 5. The Applicant has an intellectual or developmental disability as defined under Tennessee state law, including for an Applicant with ID, limitations in two (2) or more adaptive skill areas (i.e., communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure, and work); and for an Applicant age five (5) or older with DD, substantial functional limitations in three (3) or more major life activities (i.e., self-care; receptive and expressive language; learning; mobility; self-direction; capacity for independent living; and economic self-sufficiency); such that, in the absence of the provision of a moderate level of ECF CHOICES home and community based services and supports on an ongoing basis, the individual’s condition and/or ability to continue living in the community will likely deteriorate, resulting in the need for more expensive institutional placement.
(Rule 1200-13-01-.10, continued)

(c) For continued TennCare reimbursement of care in a NF, a Member must continue to be financially eligible for TennCare reimbursement for NF care and must continue to meet NF LOC (including medical necessity of care and the need for inpatient care) in place at the time of enrollment into CHOICES Group 1.

(d) A NF Eligible admitted to a NF and enrolled in CHOICES Group 1 prior to July 1, 2012, who continues to meet the LOC criteria in place at the time of enrollment into CHOICES Group 1 shall continue to meet NF LOC for purposes of enrolling in CHOICES Group 2, subject to requirements set forth in 1200-13-01-.05(3) and 1200-13-01-.05(4).

(e) A NF Eligible receiving HCBS in CHOICES Group 2 prior to July 1, 2012, shall be required to meet the NF LOC in place as of July 1, 2012, in order to qualify for Medicaid-reimbursed NF care unless TennCare determines that the Member’s needs can no longer be safely and cost-effectively met in CHOICES Group 2.

(5) Criteria for Medicaid Level 2 and Enhanced Respiratory Care Reimbursement of Care in a NF.

(a) The NF must have completed the PASRR process as described in 1200-13-01-.10(2)(i) above and pursuant to 1200-13-01-.23.

(b) An Applicant must meet both of the following criteria in order to be approved for Medicaid Level 2 reimbursement of care in a NF:

1. The Applicant must meet NF LOC as defined in 1200-13-01-.10(4) above.

2. Need for Inpatient Skilled Nursing or Rehabilitative Services on a Daily Basis: The Applicant must have a physical or mental condition, disability, or impairment that requires skilled nursing or rehabilitative services on a daily basis or skilled rehabilitative services at least five days per week when skilled rehabilitative services constitute the primary basis for the approval of the PAE. The Applicant must require such services at a greater frequency, duration, or intensity than, for practical purposes, would be provided through a daily home health visit. In addition, the Applicant must be mentally or physically unable to perform the needed skilled services or the Applicant must require skilled services which, in accordance with accepted medical practice, are not usually and customarily self-performed. For interpretation of this rule, the following shall apply:

   (i) Administration of oral medications, ophthalmics, otics, inhalers, subcutaneous injections (e.g., fixed-dose insulin, subtherapeutic heparin, and calcitonin), topicals, suppositories, nebulizer treatments, oxygen administration, shall not, in and of itself, be considered sufficient to meet the requirement of (5)(b)2.

   (ii) Nursing observation and assessment, in and of itself, shall not be considered sufficient to meet the requirement of (5)(b)2. Examples of nursing services for which Level 2 reimbursement might be provided include, but are not limited to, the following:

      (I) Gastrostomy tube feeding

      (II) Sterile dressings for Stage 3 or 4 pressure sores

      (III) Total parenteral nutrition
(Rule 1200-13-01-.10, continued)

(IV) Intravenous fluid administration

(V) Nasopharyngeal and tracheostomy suctioning

(VI) Ventilator services

(iii) A skilled rehabilitative service must be expected to improve the Applicant’s condition. Restorative and maintenance nursing procedures (e.g., routine range of motion exercises; stand-by assistance during ambulation; applications of splints/braces by nurses and nurses’ aides) shall not be considered sufficient to fulfill the requirement of (5)(b)2. Factors to be considered in the decision as to whether a rehabilitative service meets, or continues to meet, the requirement of (5)(b)2. shall include, but not be limited to, an assessment of the type of therapy and its frequency, the remoteness of the injury or impairment, and the reasonable potential for improvement in the Applicant’s functional capabilities or medical condition.

(iv) Effective July 1, 2012, level 2 NF reimbursement for sliding scale insulin may be authorized for an initial period of no more than two (2) weeks for Applicants with unstable blood glucose levels that require daily monitoring and administration of sliding scale insulin. Approval of such reimbursement will require a physician’s order and supporting documentation including a plan of care for stabilizing the Applicant’s blood sugar and transitioning to fixed dosing during the approval period. Additional periods of no more than two (2) weeks per period, not to exceed a maximum total of sixty (60) days, may be authorized upon submission of a new PAE and only with a physician’s order and detailed explanation regarding why previous efforts to stabilize and transition to fixed dosing were not successful.

(c) In order to be approved for TennCare-reimbursed care in a NF at the Chronic Ventilator rate of reimbursement, an Applicant must be ventilator dependent for at least 12 hours each day with an invasive patient end of the circuit (i.e., tracheostomy cannula). On a case-by-case basis, TennCare may, subject to additional medical review, authorize Chronic Ventilator Reimbursement for an Applicant who is ventilator dependent with a progressive neuromuscular disorder or spinal cord injury, and is ventilated using noninvasive positive pressure ventilation (NIPPV) by mask or mouthpiece for at least 12 hours each day in order to avoid or delay tracheostomy.

(d) In order to be approved by the Bureau for TennCare-reimbursed care in a NF at the Secretion Management Tracheal Suctioning rate of reimbursement:

1. An Applicant must have a functioning tracheostomy and a copious volume of secretions, and require either:

   (i) Invasive tracheal suctioning, at a minimum, once every three (3) hours with documented assessment pre- and post-suctioning; or

   (ii) The use of mechanical airway clearance devices and/or heated high flow molecular humidification via the tracheostomy, at a minimum, three (3) times per day with documented assessment pre- and post.

   (I) A copious volume of secretions shall be defined as 25 to 30 ml per day occurring over the course of the day, and not necessarily at every suctioning.
(II) The requirement for invasive tracheal suctioning, at a minimum, once every three (3) hours shall be applied as a marker of the severity of the Applicant’s respiratory care needs. Secretion Management Tracheal Suctioning is not a scheduled intervention and shall not be performed as a medication would be delivered, i.e., at scheduled intervals (except as prescribed by an appropriately licensed health care professional practicing within the scope of his or her license). Rather, tracheal suctioning should be provided as clinically indicated, based on the needs of each person requiring such care; evidence of the need should be clearly and accurately documented. This could mean a shorter or longer interval at any point, but with a clinical need for invasive tracheal suctioning an average of every three (3) hours or more often in order to qualify for Secretion Management Tracheal Suctioning Reimbursement, except when mechanical airway clearance devices and/or heated high flow molecular humidification via the tracheostomy are used to manage secretions.

(III) When mechanical airway clearance devices and/or heated high flow molecular humidification via the tracheostomy are used to manage secretions, there must be documented evidence of the Applicant’s copious secretions, but they are managed non-invasively using a cough assist device periodically or high flow molecular humidity continuously or at least three (3) times per day as ongoing treatment. The device is expected to provide ongoing relief of the copious volume of secretions, which shall not negate the need for intervention (and eligibility for Secretion Management Tracheal Suctioning Reimbursement), if absent the high flow device, the copious volume of secretions would require more invasive management.

2. The suctioning (or airway clearance, as applicable) must be required to remove excess secretions and/or aspirate from the trachea, which cannot be removed by the Applicant’s spontaneous effort. Suctioning of the nasal or oral cavity does not qualify for this higher level of reimbursement. An MCO may authorize, based on medical necessity, short-term payment at the Sub-Acute Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention during the post-weaning period which shall include documented progress in weaning from the tracheostomy.

3. A PAE for Secretion Management Tracheal Suctioning Reimbursement shall be approved for no more than a period of thirty (30) days. Clinical review and approval of a new PAE shall be required for ongoing coverage, which shall include evaluation of clinical progress and the NF’s efforts to improve secretion management through alternative methods. TennCare may, on a case-by-case basis, approve a PAE for Secretion Management Tracheal Suctioning Management Reimbursement for a period of more than thirty (30) days, e.g., if a person has ALS (amyotrophic lateral sclerosis) or another progressive neuromuscular disorder, spinal cord injury, or chronic respiratory failure, or is in a persistent vegetative state, and evidence clearly supports that ongoing secretion management tracheal suctioning is expected to continue.

4. A NF who has an approved PAE for Tracheal Suctioning Reimbursement for any resident as of July 1, 2016 shall be entitled to continue to receive such level of reimbursement no later than July 31, 2016 (or any earlier date that may be
specified in the approved PAE). The NF shall submit a new PAE for such resident no later than July 19, 2016 in order to determine whether Secretion Management Tracheal Suctioning Reimbursement will be continued, or whether a different level of NF reimbursement is appropriate.

(e) Determination of medical necessity and authorization for Ventilator Weaning Reimbursement, or short-term payment at the Sub-Acute Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention shall be managed by the Enrollee’s MCO.

(6) TennCare Nursing Facility Level of Care Acuity Scale.

(a) Effective July 1, 2012, for all new enrollments into CHOICES Groups 1 and 2 and for approval of NF LOC for individuals applying for enrollment into ECF CHOICES, LOC eligibility for TennCare-reimbursement of NF services shall be based on an assessment of the following measures:

1. The Applicant’s need for assistance with the following Activities of Daily Living (ADLs):
   (i) Transfer;
   (ii) Mobility;
   (iii) Eating; and
   (iv) Toileting.

2. The Applicant’s level of independence (or deficiency) in the following ADL-related functions:
   (i) Communication (expressive and receptive);
   (ii) Orientation (to person and place);
   (iii) Dementia-related behaviors; and
   (iv) Self-administration of medications.

3. The Applicant’s need for certain skilled and/or rehabilitative services.

(b) One or more questions on the PAE for NF LOC shall be used to assess each of the ADL or related measures specified above. There are four (4) possible responses to each question.

(c) Weighted Values.

1. Interpretation of possible responses for all measures except behavior:
   (i) “Always” shall mean that the Applicant is always independent with that ADL or related activity.
   (ii) “Usually” shall mean that the Applicant is usually independent (requiring assistance fewer than 4 days per week).
(Rule 1200-13-01-.10, continued)

(iii) “Usually not” shall mean that the Applicant is usually not independent (requiring assistance 4 or more days per week).

(iv) “Never” means that the Applicant is never independent with that ADL or related activity.

2. Interpretation of possible responses for the behavior measure:

(i) “Always” shall mean that the Applicant always requires intervention for dementia-related behaviors.

(ii) “Usually” shall mean that the Applicant requires intervention for dementia-related behaviors 4 or more days per week.

(iii) “Usually not” shall mean that the Applicant requires intervention for dementia-related behaviors, but fewer than 4 days per week.

(iv) “Never” shall mean that the Applicant does not have dementia-related behaviors that require intervention.

3. The weighted value of each of the potential responses to a question regarding the ADL or related functions specified above when supported by the medical evidence submitted with the PAE shall be as follows:

### 5. Conditions

(i) **Maximum Acuity Score for Transfer and Mobility:**

(I) Assessment of the need for assistance with transfer and the need for assistance with mobility are separate but overlapping measures of an Applicant’s physical independence (or dependence) with movement.

(II) The maximum individual acuity score for transfer shall be four (4).

(III) The maximum individual acuity score for mobility shall be three (3).

(IV) The highest individual acuity score among the transfer and mobility measures shall be the Applicant’s total acuity score across both measures.

(V) The maximum acuity score across both of the transfer and mobility measures shall be four (4).

(ii) **Maximum Acuity Score for Toileting:**

(I) Assessment of the need for assistance with toileting shall include the following:

1. An assessment of the Applicant’s need for assistance with toileting;
II. Whether the Applicant is incontinent, and if so, the degree to which the Applicant is independent in incontinence care; and

III. Whether the Applicant requires a catheter and/or ostomy, and if so, the degree to which the Applicant is independent with catheter and/or ostomy care.

(II) The highest individual acuity score among each of the three (3) toileting questions shall be the Applicant’s total acuity score for the toileting measure.

(III) The maximum acuity score for toileting shall be two (2).

(iii) Maximum Acuity Score for Communication:

(I) Assessment of the Applicant’s level of independence (or deficiency) with communication shall include an assessment of expressive as well as receptive communication.

(II) The highest individual acuity score across each of the two (2) communication questions shall be the Applicant’s total score for the communication measure.

(III) The maximum possible acuity score for communication shall be one (1).

(iv) Maximum Acuity Score for Self-Administration of Medication:

(I) Assessment of the Applicant’s level of independence (or deficiency) with self-administration of medications as an ADL-related function shall not take into consideration whether the Applicant requires sliding scale insulin and the Applicant’s level of independence in self-administering sliding scale insulin.

(II) Sliding scale insulin shall be considered along with other skilled and/or rehabilitative services for which TennCare could authorize level 2 NF reimbursement.

(III) The maximum individual acuity score for self-administration of medication shall be two (2).

(IV) The maximum individual acuity score for sliding scale insulin shall be one (1).

(v) Maximum Skilled Services Acuity Score:

(I) The highest individual acuity score across all of the skilled and/or rehabilitative services shall be the Applicant’s total acuity score for skilled and/or rehabilitative services.

(II) The maximum possible acuity score for skilled and/or rehabilitative services shall be five (5).

(d) Maximum Acuity Score
1. The maximum possible acuity score for Activities of Daily Living (ADL) or related deficiencies shall be twenty-one (21).

2. The maximum possible acuity score for skilled and/or rehabilitative services shall be five (5).

3. The maximum possible total NF LOC acuity score shall be twenty-six (26).

(e) Calculating an Applicant’s Total Acuity Score.

1. Subject to the conditions set forth in 1200-13-01-.10(6)(c)5., an Applicant’s acuity score for each functional measure (i.e., eating, toileting, orientation, communication, self-administration of medication, or behavior), or in the case of transfer and mobility, the Applicant’s acuity score across both measures shall be added in order to determine the Applicant’s total ADL or related acuity score (up to a maximum of 21).

2. The Applicant’s total ADL or related acuity score shall then be added to the Applicant’s skilled services acuity score (up to a maximum of 5) in order to determine the Applicant’s total acuity score (up to a maximum of 26).

(7) PreAdmission Evaluation Denials and Appeal Rights.

(a) A TennCare Eligible or the legal representative of the TennCare Eligible has the right to appeal the denial of a PAE and to request an Administrative Hearing by submitting a written letter of appeal to the Bureau of TennCare, Division of Long-Term Services and Supports, within thirty (30) calendar days of receipt of the notice of denial.

(b) If the Bureau denies a PAE, the Applicant will be notified in the following manner:

1. A written Notice of denial shall be sent to the Applicant and, where applicable, to the Designated Correspondent. A Notice of denial shall also be provided to the NF. This notice shall advise the Applicant of the right to appeal the denial decision within thirty (30) calendar days. The notice shall also advise the Applicant of the right to submit within thirty (30) calendar days either the original PAE with additional information for review or a new PAE. The Notice shall be mailed to the Applicant’s address as it appears upon the PAE. If no address appears on the PAE and supporting documentation, the Notice will be mailed to the NF for forwarding to the Applicant.

2. If the PAE is resubmitted with additional information for review or if a new PAE is submitted, and the Bureau continues to deny the PAE, another written notice of denial shall be sent as described in (7)(b)1.

(c) The Applicant has the right to be represented at the hearing by anyone of his/her choice. The hearing will be conducted according to the provisions of the Tennessee Uniform Administrative Procedures Act.

(d) Reasonable accommodations shall be made for Applicants with disabilities who require assistance with an appeal.

(e) Any Notice required pursuant to this section shall be a plain language written Notice.

(f) When a PAE is approved for a fixed period of time with an Expiration Date determined by the Bureau, the Applicant shall be provided with a Notice of appeal rights, including the opportunity to submit an appeal within thirty (30) calendar days of receipt of the
notice of denial. Nothing in this section shall preclude the right of the Applicant to submit a new PAE establishing medical necessity of care when the Expiration Date has been reached.

1200-13-11 MEDICAL (LEVEL OF CARE) ELIGIBILITY CRITERIA FOR TENNCARE REIMBURSEMENT OF CARE FOR CHILDREN IN THE KATIE BECKETT PROGRAM.

(1) Definitions. See Rule 1200-13-01-.02.

(2) PreAdmission Evaluations (PAE).

(a) A PAE is required in the following circumstances:

1. To determine medical (LOC) eligibility for the Katie Beckett program. A child must have an approved PAE for the applicable LOC to be enrolled into the Katie Beckett program or to be on the waiting list for the Katie Beckett program.

2. When a child requires continuation of the same LOC beyond an expiration date assigned by TennCare.

3. When a child’s condition has improved such that the previously approved LOC criteria may no longer be met.

4. To determine medical (LOC) eligibility to transition from Medicaid Diversion Group Part B to Katie Beckett Group Part A, unless the child has an approved, unexpired PAE for institutional (LOC).

(b) A PAE is not required in the following circumstances:

1. To transition from Katie Beckett Group Part A to Medicaid Diversion Group Part B unless the child’s condition has improved such that a new PAE is needed to ensure the child would meet “at-risk” LOC.

2. To transition from the Continued Eligibility Group Part C to Katie Beckett Group Part A.
Medical (LOC) eligibility for children in the Katie Beckett program is determined only in accordance with these criteria established specifically for children under age 18.

Subject to (f) below, an approved PAE for a child applying for Katie Beckett Group Part A or Medicaid Diversion Group Part B shall be valid for 365 calendar days beginning with the PAE Approval Date, unless an earlier expiration date is established by TennCare.

A valid approved PAE that has not been used within 365 calendar days of the PAE Approval Date must be updated before it can be used for purposes of enrollment into Katie Beckett. To update a PAE for Katie Beckett, the physician shall certify that the Applicant’s medical condition on the revised PAE Request Date is consistent with that described in the initial certification and/or assessment and that home-based services, including HCBS, are medically necessary and that the child’s needs can be met at home. Such update need not occur until such time that there is a slot available for enrollment into Katie Beckett for which the child meets prioritization criteria. An updated PAE shall not be required for purposes of remaining on the waiting list, unless the Applicant’s medical condition has significantly changed such that the previously approved PAE does not reasonably reflect the Applicant’s current medical condition and functional capabilities or the Applicant’s LOC prioritization score.

If the Applicant’s medical condition has significantly changed such that the previously approved PAE does not reasonably reflect the Applicant’s current medical condition and functional capabilities or the Applicant’s LOC prioritization score, a new PAE shall be required.

A PAE must include a recent history and physical or current medical records that support the Applicant’s functional and/or skilled nursing or rehabilitative needs, as reflected in the PAE. A history and physical performed within 365 calendar days of the PAE Request Date may be used if the Applicant’s condition has not significantly changed. Medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed, or may be used in lieu of a history and physical, so long as the records provide medical evidence sufficient to support the functional and/or skilled or rehabilitative needs reflected in the PAE.

A PAE must be certified as follows:

1. Physician certification shall be required for enrollment into Katie Beckett Group Part A and the Continued Eligibility Group Part C. Certification of the need for NF care may be performed by a nurse practitioner, clinical nurse specialist, or physician assistant, working in collaboration with a physician.

2. Physician certification shall not be required for enrollment into Medicaid Diversion Group Part B.

3. Certification of the level of care assessment by a Qualified Assessor shall be required for all PAEs.

A PAE may be approved by the Division for a fixed period of time with an expiration date based on an assessment by the Division of the Applicant’s medical condition and anticipated continuing need for inpatient nursing care. Notice of appeal rights shall be provided when a PAE is approved with an expiration date.

(TENNCARE LONG-TERM CARE PROGRAMS  CHAPTER 1200-13-01

(Rule 1200-13-01-.11, continued)

(j) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.

1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no more than ten (10) days prior to the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for NF services.

(3) Level of Care Criteria for Katie Beckett Program.

(a) Institutional Level of Care. There shall be two Tiers for Institutional LOC (Tier 1 and Tier 2).

1. Tier 1 Institutional LOC. There shall be two types of Tier 1 Institutional LOC (Medical and Behavioral).

(i) Tier 1 – Medical Institutional LOC. In order to qualify for Tier 1 – Medical Institutional LOC, all of the following must be met:

(I) The child has a medical diagnosis from a qualified treating medical professional of a severe, lifelong chronic medical condition with high mortality and morbidity rates resulting in severe functional limitations and complex medical needs;

(II) The child’s medical needs are chronic, persistent and expected to last at least twelve (12) months from the date of review;

(III) The child’s medical needs require high health care service needs and utilization (e.g., frequent ED visits and/or hospital admissions, multiple surgeries, multiple subspecialists);

(IV) The child’s overall health condition presents the constant potential for complications or rapid deterioration. As a result, the child requires continuous (round-the-clock) observation by an awake trained care provider—a professional nurse, parent, or others properly instructed to immediately detect potential life-threatening situations, respond promptly to render appropriate care, and perform emergency procedures to prevent hospitalization or death;

(V) The child’s medical needs require frequent, direct, skilled medical interventions (whether provided by a licensed nurse or by a parent or other caregiver who has been trained to provide such care), including skilled medical tasks that are performed multiple times during each 8-hour period and the use of medical equipment to sustain life and prevent life-threatening situations.
I. The frequency and complexity of the required skilled medical interventions must be so substantial that without these direct, continuous skilled medical interventions, the child is at imminent risk of institutionalization within an in-patient medical hospital.

II. The complex skilled medical interventions must include at least one (1) of the following:

A. Ventilator care or non-invasive positive pressure ventilation when required for at least 8 hours per day as a life-sustaining measure for chronic respiratory failure;

B. Tracheostomy care requiring suctioning multiple times each 8-hour period;

C. Oxygen administration for chronic hypoxia requiring at least 8 hours of oxygen use daily, round-the-clock monitoring of O2 saturation levels, and titration of O2 levels administered;

D. Parenteral Nutrition (TPN); and/or

E. Dialysis: hemodialysis or peritoneal, in home or at clinic.

III. Any interventions not specified above, including site care, shall not meet this criterion.

IV. The skilled care needs cannot be acute or of a short-term duration.

V. Tasks that are performed only when necessary (PRN) and are not required on an ongoing basis do not meet this criterion.

(ii) Tier 1 – Behavioral Institutional LOC. In order to qualify for Tier 1 – Behavioral Institutional LOC, all of the following criteria must be met:

(I) The child has one of the following:

I. Severe or profound deficits in intellectual and/or adaptive behavior functions, which must include significant communication deficits; or

II. Autism and a severe or profound communication disorder;

(II) The child has severe co-occurring behavioral health support needs that have persisted for at least six (6) months and are expected to last at least twelve (12) months from the date of review and include persistent and dangerous behaviors that place the child or others at imminent and significant risk of serious physical harm. To meet this criterion, a child must demonstrate dangerous behaviors in at least one of the two dangerous behaviors categories:

I. Self-injurious behaviors. These behaviors include:
A. Self-hitting, cutting, scratching, burning, pinching, or picking. Repeated and intentional hitting one’s self; cutting, burning, scratching, pinching, picking or abrading one’s skin hard and frequently enough to break skin, or create a visible mark, burn or tissue damage (does not include piercing or tattooing);

B. Severe self-biting. Repeated, intentional and severe biting by child of child’s own body parts, in attempt to rupture skin (does not include biting nails or cuticles or biting lip without intent to injure);

C. Tearing at or out body parts. Repeated, intentional and severe picking or tearing at body parts in a manner and degree that is likely to cause severe injury (includes rectal digging but does not include picking at a scab or scratches until a body part bleeds or hair pulling);

D. Inserting harmful objects into body orifices. Repeated and intentional insertion into body orifices of harmful objects that can tear or puncture the skin;

E. Head-banging. Repeated, intentional and severe banging one’s head against hard surfaces;

F. Body slamming or dropping. Making contact between the body and any object with enough force to make a visible mark or forcefully falling to the floor with no visible cause to fall;

G. Self-gagging or strangulation. Any instance of using a hand or other object to induce gagging or vomiting, or strangulation involving the production of unconsciousness or near unconsciousness by restriction of the supply of oxygenated blood to the brain; and

H. Eating disorders, the effects of which must be life threatening, as determined by physician. In the case of Anorexia/Bulimia, the child must have malnutrition, electrolyte imbalances or body weight/development below 20th percentile due to the eating disorder or in the case of Pica or Prader Willi syndrome, must at least 4 days per week attempt to ingest non-edible substances or gorge self, as applicable, and require continuous (round-the-clock) “within arm’s reach” supervision and immediate engagement of a paid or unpaid trained caregiver to prevent serious harm to the child.

II. Physically Aggressive Behaviors toward others:

A. A persistent pattern of physically aggressive behaviors not explained by the age or lack of maturity of the aggressor that results in serious harm to others, or that would result in serious harm without intervention or restraints. Includes targeting of violent behaviors against a parent, sibling or other that results in serious harm, or
that was intended to inflict serious harm even if actual harm did not occur, or if the act was interrupted and not carried out. May include hitting (using a hand or arm with a closed or open fist to make forceful physical contact with another person), hitting with objects (whether held or thrown), kicking (with foot or leg), headbutting (using the head or face to make forceful physical contact with another person), biting, scratching that breaks skin, pinching when hard enough to cause severe pain, forceful pushing, or hair pulling; or

B. Sexually Aggressive Behavior. Attempts and/or successes at touching, groping, undressing others, or grabbing others in their private areas or making physical contact of a perceived sexual nature which is unwanted by the other person; sexual molestation or abuse of others.

III. The intensity and frequency of the dangerous behaviors is such that without continuous (round-the-clock) supervision and monitoring and direct, daily community-based therapeutic support and intervention, the child will engage in severe self-injury or physical aggression toward others and is at imminent risk for institutionalization in an inpatient psychiatric hospital or other placement outside the home (e.g., residential treatment, State custody, or incarceration), even if a formal mental health diagnosis (other than I/DD or autism) has not been made.

A. Self-Injurious Behaviors and/or Physically Aggressive Behaviors must occur at least four days a week and require all of the following:

(A) Continuous (round-the-clock) “eyes on” observation, supervision and immediate engagement of a paid or unpaid trained caregiver to prevent serious harm to the child or others;

(B) Environmental or other restraints; and

(C) Engagement of behavioral health professionals for treatment and support; or

B. Self-Injurious behaviors and/or physically aggressive behaviors must occur at least once a week if the intensity of such behaviors routinely requires engagement of crisis supports, including behavior crisis teams, law enforcement, or emergency medical treatment to prevent or treat serious harm to the child or others.

IV. The child is involved with service systems and/or is receiving treatment from such service systems, but such involvement and/or treatment has not been effective in reducing the child’s behaviors or the significant risk of serious physical harm to the child or others, or in increasing the family’s capacity to
effectively manage the child’s behaviors. Involvement with service systems must include at least one of the following:

A. Crisis Mental Health Services. The child has an established pattern of utilization of crisis-related behavioral health services over the previous six months, which may include repeated mobile crisis calls, emergency department visits, psychiatric hospitalizations, and/or residential or intensive in-home treatment. The use of psychotropic medications (including PRN usage for purposes of chemical restraint in a behavioral crisis) is not considered a crisis-related behavioral health service. Nor is routine psychiatric care or outpatient therapy.

B. Child Protective Services. The child has formal ongoing involvement with the child welfare system specifically related to his or her severe behavioral health needs.

C. Criminal Justice System. The child has been engaged with the criminal justice system in the past six months specifically related to his or her severe behavioral health needs. Includes Juvenile and Adult Justice Systems, if applicable.

2. Tier 2 Institutional LOC. There shall be three (3) standards for Tier 2 Institutional LOC (Medical, Behavioral, and Functional). A child must meet only one of these standards to meet Tier 2 Institutional LOC.

(i) Tier 2 Institutional LOC - Standard 1: Medical. To meet Tier 2 Institutional LOC - Standard 1: Medical, a child must meet all of the following criteria:

(I) The child has a medical diagnosis from a qualified treating medical professional of a severe chronic medical condition expected to last at least twelve (12) months and which significantly diminishes his/her functional capacity and interferes with the ability to perform age appropriate activities of daily living at home and in the community;

(II) The child requires daily skilled nursing interventions and/or intensive therapy services as defined below:

I. Daily skilled nursing interventions may include any of the complex skilled medical interventions listed in Tier 1 – Medical Institutional LOC above (ventilator care or NIPPV, tracheostomy care, O2 administration, TPN, and dialysis), including daily ventilator care or NIPPV for less than 8 hours per day, tracheostomy care requiring daily suctioning but not multiple times per each 8 hours, or daily O2 use less than 8 hours daily.

II. Daily skilled nursing interventions may also include, but are not limited to, the following:

A. Tube feedings: G-tube, J-tube or NG-tubes;
B. Respiratory treatments for airway clearance: chest PT, C-PAP, Bi-PAP, vest device or cough assist device, IPPB treatments. This does not include inhalers or nebulizers.

C. Ileostomy, colostomy, or appendicostomy (Malone procedure) care; and

D. Need for urinary catheterization daily, or presence of vesicostomy or Mitrofanoff appendecovesicostomy.

III. PRN orders do not qualify as daily skilled nursing interventions.

IV. Site care, diabetes management, and medication administration, including topical or oral medication, eye drops, inhalers, nebulizers, growth hormone injections, insulin injections, or chemotherapy, shall not meet this criterion.

V. Intensive therapy services shall include only medically necessary physical, occupational, or speech therapy provided by a licensed professional therapist and shall apply only if the child is involved in six or more sessions per week with professional therapists.

(III) The child has at least two (2) substantial functional limitations in activities of daily living. For purposes of this rule, substantial functional limitations shall include only the following:

I. Learning: A substantial functional limitation in learning is defined as a 30% (25% if the child is under one year of age) or greater delay or a score of at least 2 (1.5 if the child is under one year of age) standard deviations below the mean based on valid, standardized and norm referenced measures of aggregate intellectual functioning.

II. Communication: A substantial functional limitation in communication is defined as a 30% (25% if the child is under one year of age) or greater delay or a standard score of at least 2 (1.5 if the child is under one year of age) standard deviations below the mean on valid, standardized and norm referenced measures of both expressive and receptive communication functioning.

III. Self-Care: The child must demonstrate a deficit in at least one of the following five areas of self-care:

A. Bathing
B. Grooming
C. Dressing
D. Toileting
E. Eating
If a child exhibits deficits in multiple of the self-care activities of daily living identified above, this shall still be counted as one substantial functional limitation (in self-care).

IV. Mobility: The inability to run or to move long distances or between environments related to stamina or ease of movement shall not constitute a mobility deficit.

(IV) The child requires an extraordinary (continuous or nearly continuous) level of hands on assistance from others throughout their day to complete everyday activities and supervision/intervention that is significantly beyond that which is routinely provided to other children of the same age; and

(V) The intensity and frequency of required skilled interventions and assistance with activities of daily living must be so substantial that it would require at least the level of direct, daily intervention that would be provided in a medical institution, i.e., a nursing facility or intermediate care facility for individuals with intellectual disabilities (ICF/IID).

(ii) Tier 2 Institutional LOC - Standard 2: Behavioral. To meet Tier 2 Institutional LOC - Standard 2: Behavioral, a child must meet all of the following criteria:

(I) The child has severe or profound deficits in intellectual or adaptive behavior functions, which must include significant communication deficits, or has autism and a severe or profound communication disorder;

(Rule 1200-13-01-.11, continued)

(a) An Applicant for Katie Beckett shall first be reviewed for At-Risk LOC.

(b) All At-Risk LOC determinations for Katie Beckett Applicants shall be made by DIDD in accordance with these rules.

(5) PreAdmission Evaluation Denials and Appeal Rights.

(a) An Applicant or the legal representative of the Applicant has the right to appeal the denial of a PAE and to request an Administrative Hearing by submitting a written letter of appeal to TennCare, Division of Long-Term Services and Supports, within thirty (30) calendar days of receipt of the notice of denial.

(b) If an Applicant or the legal representative of the Applicant appeals the denial of Institutional LOC, the appellant may request and TennCare will arrange as part of the appeal review, a peer-to-peer review with the child’s treating physician in order to gather any additional information regarding the child’s medical, behavioral, or functional needs. This information shall be reviewed to determine whether the denial should be overturned prior to the case proceeding to hearing.

(c) If TennCare denies a PAE, the Applicant will be notified in the following manner:

1. A written Notice of denial shall be sent to the Applicant and, where applicable, to the Designated Correspondent. This notice shall advise the Applicant of the right to appeal the denial decision within thirty (30) calendar days and the opportunity to request a peer-to-peer review with the child’s treating physician. The notice shall also advise the Applicant of the right to submit within thirty (30) calendar days either the original PAE with additional information for review or a new PAE. The Notice shall be mailed to the Applicant’s address as it appears upon the PAE.

2. If the PAE is resubmitted with additional information for review or if a new PAE is submitted, and the Bureau continues to deny the PAE, another written notice of denial shall be sent as described in (5)(b)1.

(d) The Applicant has the right to be represented at the hearing by anyone of his/her choice. The hearing will be conducted according to the provisions of the Tennessee Uniform Administrative Procedures Act.

1200-13-01-.15 MEDICAL (LOC) ELIGIBILITY CRITERIA FOR MEDICAID REIMBURSEMENT OF CARE IN AN ICF/MR.

(1) Definitions. See Rule 1200-13-01-.02.

(2) ICF/MR PreAdmission Evaluations and Transfer Forms

(a) An ICF/MR PreAdmission Evaluation is required to be submitted to the Bureau of TennCare for approval when

1. A Medicaid Eligible is admitted to an ICF/MR.
2. A private-paying resident of an ICF/MR attains Medicaid Eligible status or applies for Medicaid eligibility. A new ICF/MR PreAdmission Evaluation is not required when an individual's financial status changes from Medicaid Eligible to private pay and then back to Medicaid Eligible within a 90-day time period.

(b) A Transfer Form is required to be submitted to the Bureau of TennCare for approval when an ICF/MR Eligible having an approved unexpired ICF/MR PAE transfers from one ICF/MR to another ICF/MR or from the HCBS MR Waiver Program to an ICF/MR. A Transfer Form is required to be submitted to the Division of Intellectual Disabilities Services for approval when an ICF/MR Eligible having an approved unexpired ICF/MR PAE transfers from an ICF/MR to the HCBS MR Waiver Program.

(c) An approved ICF/MR PreAdmission Evaluation is valid for ninety (90) calendar days from the ICF/MR PAE Approval Date. An approved ICF/MR PreAdmission Evaluation that has not been used within ninety (90) calendar days of the ICF/MR PAE Approval Date can be updated within 365 calendar days of the ICF/MR PAE Approval Date if the physician certifies that the individual’s current medical condition is consistent with that described in the approved ICF/MR PreAdmission Evaluation. A PAE that is not used within 365 days of the PAE Approval Date is expired and cannot be updated.

(d) An ICF/MR PreAdmission Evaluation must include a recent medical history and physical signed by a physician who is licensed as a doctor of medicine or doctor of osteopathy, or by a licensed nurse practitioner or physician’s assistant. A medical history and physical performed within 365 calendar days of the ICF/MR PAE Request Date may be used if the individual’s condition has not significantly changed. Additional medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed.

(e) An ICF/MR PAE must include a psychological evaluation of need for care. Pursuant to 42 C.F.R. § 456.370(b), such evaluation must be performed before admission to the ICF/MR or authorization of payment, but not more than three months before admission.

(3) Medicaid Reimbursement

(a) An ICF/MR which has entered into a provider agreement with the Bureau of TennCare is entitled to receive Medicaid reimbursement for covered services provided to an ICF/MR Eligible if:

1. The Bureau of TennCare has received an approvable ICF/MR PreAdmission Evaluation for the individual within ten (10) calendar days of the ICF/MR PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.

2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PreAdmission Evaluation, the Bureau of TennCare has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver program.

3. For a retroactive eligibility determination, the Bureau of TennCare has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PreAdmission Evaluation within thirty
(Rule 1200-13-01-.15, continued)

(30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.

(b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.

1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.

(c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau of TennCare.

(4) Criteria for Medicaid-reimbursed Care in an Intermediate Care Facility for the Mentally Retarded (ICF/MR)

(a) Medicaid Eligible Status: The individual must be determined by the Tennessee Department of Human Services to be financially eligible for Medicaid-reimbursed care in an Intermediate Care Facility for the Mentally Retarded.

(b) An individual must meet all of the following criteria in order to be approved for Medicaid-reimbursed care in an Intermediate Care Facility for the Mentally Retarded:

1. Medical Necessity of Care: Care must be expected to enhance the individual’s functional ability or to prevent or delay the deterioration or loss of functional ability. Care in an Intermediate Care Facility for the Mentally Retarded must be ordered and supervised by a physician.

2. Diagnosis of Mental Retardation or Related Conditions.

3. Need for Specialized Services for Mental Retardation or Related Conditions: The individual must require a program of specialized services for mental retardation or related conditions provided under the supervision of a qualified mental retardation professional (QMRP). The individual must also have a significant deficit or impairment in adaptive functioning in one of the following areas: communication, comprehension, behavior, or activities of daily living (e.g., toileting, bathing, eating, dressing/grooming, transfer, mobility).

(c) Individuals with mental retardation or related conditions who were in an Intermediate Care Facility for the Mentally Retarded or who were in community residential placements funded by the Division of Intellectual Disabilities on or prior to the effective date of this rule may be deemed by the Bureau of TennCare to meet the requirements of (4)(b)2. and (4)(b)3.
(d) For continued Medicaid reimbursement of care in an Intermediate Care Facility for the Mentally Retarded, an individual must continue to meet the criteria specified in (4)(a) and (4)(b), unless otherwise exempted by (4)(c).

(5) Grievance process

(a) A Medicaid Eligible or the legal representative of the Medicaid Eligible has the right to appeal the denial of an ICF/MR PreAdmission Evaluation and to request a Commissioner’s Administrative Hearing by submitting a written letter of appeal to the Bureau of TennCare within thirty (30) calendar days of receipt of the notice of denial.

(b) If the Bureau of TennCare denies an ICF/MR PreAdmission Evaluation, the individual will be notified in the following manner:

1. A written notice of denial shall be sent to the individual and, where applicable, to the Designated Correspondent. A notice of denial shall also be sent to the ICF/MR. This notice shall advise the individual of the right to appeal the denial decision within thirty (30) calendar days. The notice shall also advise the individual of the right to submit within thirty (30) calendar days either the original ICF/MR PAE with additional information for review or a new ICF/MR PAE. The notice shall be mailed to the individual’s address as it appears upon the ICF/MR PAE. If no address appears on the ICF/MR PAE and supporting documentation, the notice will be mailed to the ICF/MR for forwarding to the individual.

2. If an ICF/MR PreAdmission Evaluation is resubmitted with additional information for review and if the Bureau of TennCare continues to deny the ICF/MR PreAdmission Evaluation, another written notice of denial shall be sent as described in (5)(b)1.

(c) The individual has the right to be represented at the hearing by anyone of their choice. The hearing will be conducted according to the provisions of the Tennessee Uniform Administrative Procedures Act.

(d) Reasonable accommodations shall be made for individuals with disabilities who require assistance with appeals.

(e) Any notice required pursuant to this section shall be a plain language written notice.

1200-13-01-.23 NURSING HOME PREADMISSION SCREENINGS FOR MENTAL ILLNESS AND MENTAL RETARDATION.

(1) Definitions. See Rule 1200-13-01-.02.

(2) Medicaid-certified nursing facilities may not admit individuals applying for admission unless these persons are screened to determine if they have mental illness or mental retardation regardless of method of payment or “known diagnosis.” A Medicaid-certified nursing facility is prohibited from admitting any new resident who has mental illness or mental retardation (or
a related condition), unless that individual has been determined by the Tennessee Department of Mental Health and Developmental Disabilities and/or the Division of Intellectual Disabilities Services, as applicable, not to be in need of specialized services and appropriate for placement in a nursing facility. (The individual must also meet the Bureau of TennCare’s preadmission criteria for nursing facility services). The criteria to be used in making determinations will be categorized into two levels: 1) identification screens (Level I) and 2) preadmission screening/resident reviews evaluations (Level II).

(a) Criteria for Identification Screen (Level I)

1. Prior to admission of any person to a nursing facility, it must be determined if:

   (i) For Mental Illness:

      (I) The individual has a diagnosis of MI. (See definition of MI in Rule 1200-13-01-.02.)

      (II) The person has any recent (within the last two years) history of mental illness, or has been prescribed a major tranquilizer on a regular basis in the absence of justifiable neurological disorder.

      (III) There is any presenting evidence of mental illness (except primary diagnosis of Alzheimer’s disease or dementia) including possible disturbances in orientation or mood.

   (ii) For Mental Retardation or Persons with Related Conditions:

      (I) The individual has a diagnosis of MR. (See definition of MR in Rule 1200-13-01-.02.)

      (II) There is any history of mental retardation or developmental disability in the identified individual’s past.

      (III) There is any presenting evidence (cognitive or behavior functions) that may indicate the person has mental retardation or developmental disability.

      (IV) The person is referred by an agency that serves persons with mental retardation (or other developmental disabilities), and the person has been deemed to be eligible for that agency’s services.

      (V) The preceding criteria must also be applied to residents of a nursing facility who have not received an identification screen.

      (VI) There must be a record of the identification screen results and interpretation in the nursing home resident’s record.

      (VII) Results of the identification screen must be used (unless there is other indisputable evidence that the individual is not mentally ill or mentally retarded) in determining whether an individual has (or is suspected to have) mental illness or mental retardation and therefore must be subjected to the PASRR process. Findings from the evaluation should be used in making determinations about whether an individual has mental illness or mental retardation.
(Rule 1200-13-01-.23, continued)

(b) Any individual for whom there is a negative response for all of the identification evaluative criteria for mental retardation or mental illness and for whom there is no other evidence of a condition of mental illness or mental retardation may be admitted to or continue to reside in a Medicaid-certified nursing facility without being determined appropriate for nursing facility placement through the PASRR evaluation process (Level II).

(c) Any individual for whom there is a positive response for any of the identification evaluative criteria for mental retardation or mental illness may not be admitted to or continue to reside in a Medicaid-certified nursing facility without being determined appropriate for nursing facility placement through the PASRR evaluation process (Level II).

(d) Exemptions from Level II Review

An individual who has a diagnosis of mental illness or mental retardation will be exempt from the PASRR process if they meet any of the following criteria:

1. Dementia - This must be a primary diagnosis based on criteria in the Diagnostic and Statistical Manual of Mental Disorders, 3rd edition; or it may be the secondary diagnosis (including Alzheimer’s disease and related disorders) as long as the primary diagnosis is not a major mental illness. The primary or secondary diagnosis of dementia (including Alzheimer’s disease and related disorders) must be based on a neurological examination. Dementia is not allowed as an exemption if the individual has, or is suspected of having, a diagnosis of mental retardation.

2. Convalescent Care - Any person with MI or MR as long as that person is not a danger to self and/or others, may be admitted to a Medicaid-certified NF after release from an acute care hospital for a period of recovery without being subjected to the PASRR process for evaluation of MI or MR.

3. Terminal Illness - Under 42 U.S.C.A. § 1395x(dd)(3)(A), a Medicare beneficiary is considered to be terminally ill if he has a medical prognosis that his life expectancy is six (6) months or less. This same standard is to be applied to Medicaid recipients with MI, MR, or related conditions who are found to be suffering from a terminal illness. An individual with MI or MR, as long as that person is not a danger to self and/or others, may be admitted to or reside in a Medicaid-certified NF without being subjected to the PASRR/MI or PASRR/MR evaluative process if he is certified by a physician to be “terminally ill,” as that term is defined in 42 U.S.C.A. § 1395x(dd)(3)(A), and requires continuous nursing care and/or medical supervision and treatment due to his physical condition.

4. Severity of Illness - Any person with mental illness or mental retardation who is comatose, ventilator dependent, functions at the brain stem level, or has a diagnosis of: Severe Parkinson’s Disease, Huntington’s Disease, Amyotrophic Lateral Sclerosis, Congestive Heart Failure, or Chronic Obstructive Pulmonary Disease, and any other diagnosis so determined by the Centers for Medicare and Medicaid Services.

(e) Processes upon expiration of exemption

1. If an individual is admitted to a nursing facility as a Medicare patient, with a “30-day hospital discharge exemption” on the PASRR screen form, and it is determined that the individual will need to extend the stay beyond 30 days, it is
the responsibility of the nursing facility to notify TennCare and to ensure that a
PASRR evaluation is completed no more than 40 days from the original date of
admission (i.e., within 10 days of expiration of the 30-day exemption). If
Medicaid reimbursement will be sought, this includes submission and disposition
of the PAE which will be required in order to timely complete the PASRR
evaluation.

2. If an individual enters the facility with an exemption of "120-day short term stay"
on the PASRR screen form and it is determined that the individual will need to
extend the stay beyond 120 days, it is the responsibility of the nursing facility to
notify TennCare at least seven (7) working days prior to expiration of the 120
days in order to ensure that a PASRR evaluation is completed timely before the
120-day exemption expires. If Medicaid reimbursement will be sought, the PAE
must also be submitted to TennCare with sufficient time for review and approval.
In such case, it is the responsibility of the nursing facility to notify TennCare and
to submit a completed PAE at least ten (10) working days prior to expiration of
the 120 days in order to ensure that a PASRR evaluation is completed timely
before the 120-day exemption expires.

3) Right to Appeal - Each patient has the right to appeal any decision made. The appeal
process will be handled in accordance with T.C.A. § 71-5-113.

Authority: T.C.A. §§ 4-5-202, 4-5-208, 4-5-209, 71-5-105, and 71-5-109. Administrative History:
Original rule filed June 29, 1989; effective; August 14, 1989. Amendment filed March 30, 1995; effective

An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.

2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PAE, the Bureau has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver Program.

3. For a retroactive eligibility determination, the Bureau has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PAE within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.

(b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.

1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.

(c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau.

(5) Reimbursement methodology for ICFs/MR.

(a) Private for-profit and private not-for-profit ICFs/MR shall be reimbursed at the lower of Medicaid cost or charges. An annual inflation factor will be applied to operating costs. The trending factor shall be computed for facilities that have submitted cost reports
covering at least six (6) months of program operations. For facilities that have submitted cost reports covering at least three (3) full years of program participation, the trending factor shall be the average cost increase over the three-year (3-year) period, limited to the seventy-fifth (75th) percentile trending factor of facilities participating for at least three (3) years. Negative averages shall be considered zero (0). For facilities that have not completed three (3) full years in the program, the one-year (1-year) trending factor shall be the fiftieth (50th) percentile trending factor of facilities participating in the program for at least three (3) years. For facilities that have failed to file timely cost reports, the trending factor shall be zero (0). Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next rate determination except for audit adjustments, correction of errors, or termination of a budgeted rate. Reimbursement is not to exceed the amount budgeted by the State for private ICF/MR reimbursement. The Comptroller’s Office shall be authorized to adjust per diem rates up or down as necessary during the year.

(b) Public ICFs/MR that are owned by government shall be reimbursed at one hundred percent (100%) of allowable Medicaid costs with no cost-containment incentive. Reimbursement shall be based on Medicare principles of retrospective cost reimbursement with year-end cost report settlements. Interim per-diem rates for the fiscal year beginning July 1, 1995 and ending June 30, 1996 shall be established from budgeted cost and patient day information submitted by the government ICF/MR facilities. Thereafter, interim rates shall be based on the providers’ cost reports. There will be a tentative year-end cost settlement within thirty (30) days of submission of the cost reports and a final settlement within twelve (12) months of submission of the cost reports.

(c) Costs for supplies and other items, including any facility staff required to deliver the service, which are billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the NF cost report.

(6) Bed holds.

An ICF/MR will be reimbursed in accordance with this Paragraph for the recipient’s bed in that facility during the recipient’s temporary absence from that facility in accordance with the following:

(a) For days not to exceed fifteen (15) days per occasion while the recipient is hospitalized and the following conditions are met:

1. The resident intends to return to the ICF/MR.
2. The hospital provides a discharge plan for the resident.
3. At least eighty-five percent (85%) of all other beds in the ICF/MR certified at the recipient’s designated level of care (i.e., intensive training, high personal care or medical), when computed separately, are occupied at the time of hospital admission. An occupied bed is one that is actually being used by a patient. Beds being held for other patients while they are hospitalized or otherwise absent from the facility are not considered to be occupied beds, for purposes of this calculation. Computations of occupancy percentages will be rounded to the nearest percentage point.
4. Each period of hospitalization must be physician ordered and so documented in the patient’s medical record in the ICF/MR.

(b) For days not to exceed sixty (60) days per state fiscal year and limited to fourteen (14) days per occasion while the recipient, pursuant to a physician’s order, is absent from the facility on a therapeutic home visit or other therapeutic absence.

(7) Other reimbursement issues.

(a) No change of ownership or controlling interest of an existing Medicaid provider, including ICFs/MR, can occur until monies as may be owed to the Bureau or its contractors are provided for. The purchaser shall notify the Bureau of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to the Bureau or its contractors for one (1) year from the date of purchase or for one (1) year following the Bureau’s receipt of the provider’s Medicare final notice of program reimbursement, whichever is later. The purchaser shall be entitled to use any means available to it by law to secure and recoup these funds from the selling entity. In addition, purchasers of ICFs/MR are responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid residents at the time of the change of ownership or controlling interest.

(b) If the Bureau or an MCO has not reimbursed a business for TennCare services provided under the TennCare Program at the time the business is sold, when such an amount is determined, the Bureau or the MCO shall be required to reimburse the person owning the business provided such sale included the sale of such assets.

(c) When a provider was originally paid within a retrospective payment system that is subject to regular adjustments and the provider disputes the proposed adjustment action, the provider must file with the State not later than thirty (30) days after receipt of the notice informing the provider of the proposed adjustment action, a request for hearing. The provider’s right to a hearing shall be deemed waived if a hearing is not requested within thirty (30) days after receipt of the notice.

(c) With respect to the PASRR process described in Rule 1200-13-01-.23, members in ECF CHOICES are not required to complete the PASRR process unless they are admitted to a NF for Short-Term NF Care described in Paragraph (8) of Rule 1200-13-01-.05 and defined in Rule 1200-13-01-.02.

(d) All Members in TennCare ECF CHOICES must be determined by the MCO to be able to be served safely and appropriately in the community within the array of services and supports available in the ECF CHOICES Group in which the Member is or will be enrolled, including ECF CHOICES HCBS up to the applicable Expenditure Caps for each benefit group, as described in Rule 1200-13-01-.31(4)(d), non-ECF CHOICES HCBS available through TennCare (e.g., home health), services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers who are willing and able to provide such care.

(4) Enrollment in TennCare ECF CHOICES. Enrollment into ECF CHOICES shall be processed by the Bureau as follows:

(a) There shall be separate Enrollment Targets for ECF CHOICES Groups 4, 5, and 6. The Enrollment Target for each ECF CHOICES Group functions as a cap on the total number of persons who can be enrolled into that ECF CHOICES Group at any given time.

1. Effective July 1, 2016, the Enrollment Target for ECF CHOICES shall be five hundred (500) for Group 4, one thousand (1,000) for Group 5, and two hundred (200) for Group 6.

2. Once the Enrollment Target (including Reserve Capacity as defined in Rule 1200-13-01-.02 and as described in Rule 1200-13-01-.31(4)(b) is reached for a particular ECF CHOICES Group, qualified Applicants shall not be enrolled into that ECF CHOICES Group or qualify in the ECF CHOICES 217-Like Group or the Interim ECF CHOICES At-Risk Group based on receipt of HCBS until such time that capacity within the Enrollment Target is available, with the following exceptions:

(i) NF-to-Community Transitions. A Member being served in CHOICES Group 1 or receiving services in an ICF/IID who meets requirements to enroll in ECF CHOICES Group 4, 5, or 6 can enroll in ECF CHOICES even though
the Enrollment Target has been met. This Member will be served in ECF CHOICES outside the Enrollment Target but shall be moved within the ECF CHOICES Enrollment Target at such time that a slot becomes available. A request to transition a Member from CHOICES Group 1 or an ICF/IID to ECF CHOICES in excess of the ECF CHOICES Enrollment Targets must specify the name of the facility where the Member currently resides, the date of admission and the planned date of transition.

(ii) CEA Enrollment. An MCO with an SSI-eligible recipient who meets all other criteria for enrollment into ECF CHOICES Group 4, 5, or 6, but who cannot enroll in ECF CHOICES because the Enrollment Target for that group has been met, has the option, at its sole discretion, of offering HCBS as a CEA to the Member. Upon receipt of satisfactory documentation from the MCO of its CEA determination and assurance of provider capacity to meet the Member’s needs, the Bureau will enroll the person into ECF CHOICES Group 4, 5, or 6, as applicable, based on all applicable eligibility and enrollment criteria, regardless of the Enrollment Targets. The person will be served in ECF CHOICES Group 4, 5 or 6 outside the Enrollment Target, but shall be moved within the ECF CHOICES Group 4, 5, or 6 Enrollment Target at such time that a slot becomes available. Satisfactory documentation of the MCO’s CEA determination shall include an explanation of the Member’s circumstances that warrant the immediate provision of NF services unless HCBS are immediately available. Documentation of adequate provider capacity to meet the Member’s needs shall include a listing of providers for each HCBS in the Member’s PCSP which the MCO has confirmed are willing and able to initiate HCBS as required by TennCare upon the Member’s enrollment into ECF CHOICES Group 4, 5, or 6.

(iii) If a Potential Applicant is not permitted to proceed with application for enrollment into ECF CHOICES because the Enrollment Target has been reached, the Potential Applicant shall remain on the Referral List for ECF CHOICES.

(iv) Once the ECF CHOICES Enrollment Target for an ECF CHOICES Group is reached, any persons enrolled in that Group in excess of the Enrollment Target in accordance with this Rule must receive the first available slots in that Group. Only after all persons enrolled in excess of the Enrollment Target have been moved under the Enrollment Target can additional persons be enrolled into the ECF CHOICES Group.

(b) Reserve Capacity.

1. The Bureau shall reserve 250 slots within the ECF CHOICES Groups 4, 5, 6 Enrollment Target. These slots are available only to the following:

   (i) Applicants being discharged from a NF or ICF/IID;

   (ii) Applicants being discharged from an acute care setting who are at imminent risk of being placed in a NF setting absent the provision of HCBS;

   (iii) Applicants with ID who have an Aging Caregiver as defined in these rules;

   (iv) Applicants determined by an Interagency Review Committee to meet one or more Emergent Circumstances criteria as defined in these rules; and
(v) Applicants determined by an Interagency Review Committee to meet Multiple Complex Health Conditions criteria as defined in these rules.

2. Only Applicants who meet specified reserve capacity criteria (including new Applicants seeking to establish eligibility in the ECF CHOICES 217-Like Group or the Interim ECF CHOICES At-Risk Group as well as current SSI-eligible individuals seeking enrollment into ECF CHOICES) may be enrolled into reserve capacity slots. TennCare may require confirmation of the NF or hospital discharge and in the case of hospital discharge, written explanation of the Applicant’s circumstances that warrant the immediate provision of NF services unless HCBS are immediately available. TennCare may also require confirmation that an Applicant meets other applicable reserve capacity criteria, i.e., Aging Caregiver, Emergent Circumstances, or Multiple Complex Health Conditions.

3. Once all reserve capacity slots set aside for a particular purpose have been filled, persons who meet such criteria shall not proceed with the enrollment process, but shall remain on the Referral List for ECF CHOICES.

4. If a Potential Applicant does not meet criteria for a Reserve Capacity slot, the Potential Applicant shall not proceed with the enrollment process, but shall remain on the Referral List for ECF CHOICES.

(c) Enrollment into ECF CHOICES.

1. To qualify for enrollment into ECF CHOICES Group 4:

   (i) An Applicant must be in one of the target populations: an individual with an intellectual or developmental disability;

   (ii) An Applicant must have an approved unexpired PAE for NF LOC or be determined to be At Risk for Institutionalization as defined in Rule 1200-13-01-.02;

   (iii) An Applicant must be approved by TennCare for TennCare reimbursement of LTSS as an SSI recipient, or in the ECF CHOICES 217-Like Group or the Interim ECF CHOICES At-Risk Group defined in Rule 1200-13-01-.02;

   (iv) The Bureau must have received a determination by the MCO that the Applicant’s needs can be safely and appropriately met in the community, and at a cost that does not exceed his Expenditure Cap, as described in this Rule, except in instances where the Applicant is not eligible for TennCare at the time of ECF CHOICES application, in which case, such determination shall be made by the MCO upon enrollment into ECF CHOICES Group 4; and

   (v) There must be capacity within the established Enrollment Target to enroll the Applicant in accordance with this Rule which may include satisfaction of criteria for Reserve Capacity, as applicable; or the Applicant must meet specified exceptions to enroll even when the Enrollment Target has been reached.

2. To qualify for enrollment into ECF CHOICES Group 5:
(Rule 1200-13-01-.31, continued)

(i) An Applicant must be in one of the target populations: an individual with an intellectual or developmental disability who is over twenty-one (21) years old;

(ii) An Applicant must have an approved unexpired PAE for NF LOC or be determined to be At Risk for Institutionalization as defined in Rule 1200-13-01-.02;

(iii) An Applicant must be approved by TennCare for TennCare reimbursement of LTSS as an SSI recipient, or in the ECF CHOICES 217-Like Group or the Interim ECF CHOICES At-Risk Group defined in Rule 1200-13-01-.02;

(iv) The Bureau must have received a determination by the MCO that the Applicant's needs can be safely and appropriately met in the community, and at a cost that does not exceed his Expenditure Cap, as described in this Rule, except in instances where the Applicant is not eligible for TennCare at the time of ECF CHOICES application, in which case, such determination shall be made by the MCO upon enrollment into ECF CHOICES Group 5; and

(v) There must be capacity within the established Enrollment Target to enroll the Applicant in accordance with this Rule which may include satisfaction of criteria for Reserve Capacity, as applicable; or the Applicant must meet specified exceptions to enroll even when the Enrollment Target has been reached.

3. To qualify for enrollment into ECF CHOICES Group 6:

(i) An Applicant must be in one of the target populations: an individual with an intellectual or developmental disability who is over twenty-one (21) years old;

(ii) An Applicant must have an approved unexpired PAE for NF LOC and require specialized services/supports for their I/DD;

(iii) An Applicant must be approved by TennCare for TennCare reimbursement of LTSS as an SSI recipient or in the ECF CHOICES 217-Like Group as defined in Rule 1200-13-01-.02;

(iv) The Bureau must have received a determination by the MCO that the Applicant's needs can be safely and appropriately met in the community, and at a cost that does not exceed his Expenditure Cap, as described in this Rule, except in instances where the Applicant is not eligible for TennCare at the time of ECF CHOICES application, in which case, such determination shall be made by the MCO upon enrollment into ECF CHOICES Group 6; and

(v) There must be capacity within the established Enrollment Target to enroll the Applicant in accordance with this Rule which may include satisfaction of criteria for Reserve Capacity, as applicable; or the Applicant must meet specified exceptions to enroll even when the Enrollment Target has been reached.

(d) Expenditure Caps for ECF CHOICES.
1. Each Member enrolling or enrolled in ECF CHOICES shall be subject to an Expenditure Cap on the benefit package assigned to that member, depending on the member’s need. Each benefit package has a distinct Expenditure Cap, outlined below:

(i) For Members enrolled in Group 4, the expenditure cap shall be fifteen thousand dollars ($15,000) per person per calendar year. The Expenditure Cap shall apply to Group 4 ECF CHOICES HCBS only (not other Medicaid services). For Members enrolled in Group 4, the cost of minor home modifications shall not count against the expenditure cap. There shall be no exceptions to the Expenditure Cap for a Member enrolled in Group 4.

(ii) For Members enrolled in Group 5, the Expenditure Cap shall be thirty thousand dollars ($30,000) per person per calendar year. The Expenditure Cap shall apply to Group 5 ECF CHOICES HCBS only (not other Medicaid services). All ECF CHOICES HCBS shall be counted against a CHOICES Group 5 Member’s Expenditure Cap, including the cost of minor home modifications.

(I) TennCare may grant an exception for emergency needs up to six thousand dollars ($6,000) per calendar year. Any exception that may be granted shall apply only for the calendar year in which the exception is approved.

(II) Expenditures for ECF CHOICES HCBS for a Member enrolled in CHOICES Group 5 shall not exceed $36,000 per calendar year.

(iii) The Expenditure Cap for a member enrolled in ECF CHOICES Group 6 shall depend on the Member’s assessed level of need as defined in Rule 1200-13-01-.02.

(I) An ECF CHOICES Group 6 member assessed to have a low or moderate level of need shall have an Expenditure Cap of $45,000 per calendar year.

(II) An ECF CHOICES Group 6 member assessed to have a high level of need shall have an Expenditure Cap of $60,000 per calendar year.

(III) TennCare may grant an exception only for an ECF CHOICES Group 6 Member assessed to have exceptional medical or behavioral needs pursuant to the Level of Need process described in Rule 1200-13-01-.02. If an exception is granted, the Member’s Expenditure Cap shall be based on the average annualized cost of the comparable level of care in an institution as follows:

I. For an ECF CHOICES Group 6 member who has an intellectual disability and is assessed pursuant to the Level of Need process described in Rule 1200-13-01-.02 to have exceptional medical or behavioral needs, the Member’s Expenditure Cap shall be based on the average annualized cost of services in a private ICF/IID (Intermediate Care Facility for Individuals with Intellectual Disabilities).

II. For an ECF CHOICES Group 6 member who has a developmental disability and is assessed pursuant to the Level
of Need process described in Rule 1200-13-01-.02 to have exceptional medical or behavioral needs, the Member’s Expenditure Cap shall be based on the average annualized cost of nursing facility services plus the average annualized cost of specialized services that a person with a developmental disability would be expected to need in a nursing facility. On a case-by-case basis and applicable only to an ECF CHOICES Group 6 member who has a developmental disability and is assessed pursuant to the Level of Need process described in Rule 1200-13-01-.02 to have exceptional medical or behavioral needs, and is receiving Community Living Supports (not Family Model) at the CLS-4 level of reimbursement, this Expenditure Cap may be exceeded when necessary to permit access to Supported Employment Individual Employment Support.

III. The average annualized cost of the comparable level of care in an institution (private ICF/IID or NF) shall be adjusted by TennCare each calendar year.

IV. The average annualized cost of specialized services that a person with a developmental disability would be expected to need in a nursing facility may also be adjusted each calendar year.

V. When an ECF CHOICES Group 6 member has exceptional medical or behavioral needs and has an Expenditure Cap based on the average annualized cost of care in a private ICF/IID or NF plus specialized services in the NF, the cost of any home health or private duty nursing reimbursed by TennCare shall be counted against the Member’s Expenditure Cap.

2. The Expenditure Cap shall be used to determine:

(i) Whether or not an Applicant qualifies to enroll in an ECF CHOICES benefit group (4, 5, or 6);

(ii) Whether or not a Member qualifies to remain enrolled in an ECF CHOICES benefit group (4, 5, or 6);

(iii) The total cost of ECF CHOICES HCBS a Member can receive while enrolled in an ECF CHOICES Benefit Group, excluding only for Members in Group 4 the cost of Minor Home Modifications. The Expenditure Cap functions as a limit on the total cost of ECF CHOICES HCBS, excluding only for Members in Group 4 the cost of Minor Home Modifications, that can be provided by the MCO to the Member in the home or community setting. ECF CHOICES HCBS in excess of a Member’s Expenditure Cap are non-covered benefits.

3. A Member shall not be entitled to receive services up to the amount of the Expenditure Cap. A Member shall receive only those services that are medically necessary (i.e., required in order to help ensure the Member’s health, safety and welfare in the home or community setting and to delay or prevent the need for NF placement). Determination of the services that are needed shall be based on a comprehensive assessment of the Member’s needs and the availability of
Natural Supports and other (non-TennCare reimbursed) services to meet identified needs, which shall be conducted by the Member’s Support Coordinator.

(i) When a Member is enrolled in any ECF CHOICES Group (including transition from another CHOICES or ECF CHOICES Group), the Member’s Expenditure Cap shall be pro-rated for the remainder of that calendar year (i.e., the portion of the calendar year that the Member will actually be enrolled in the ECF CHOICES Group).

(ii) When an ECF CHOICES Group 6 member has exceptional medical or behavioral needs and has an Expenditure Cap based on the average annualized cost of care in a private ICF/IID or NF (plus specialized services in the NF), the cost of any home health or private duty nursing reimbursed by TennCare shall be counted against the Member’s Expenditure Cap.

(iii) Except as specified in Rule 1200-13-01-.31(4)(d)1.(iii)(III)V., TennCare services other than ECF CHOICES HCBS shall not be counted against a Member’s Expenditure Cap.

(iv) The annual Expenditure Cap shall be applied on a calendar year basis. The Bureau and the MCOs will track utilization of ECF CHOICES HCBS excluding only for Members in Group 4 the cost of Minor Home Modifications, across each calendar year.

(v) A Member’s Expenditure Cap must also be applied prospectively on a twelve (12) month basis. This is to ensure that a Member’s PCSP does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of person-centered planning, the MCO will always project the total cost of ECF CHOICES HCBS (excluding only for Members in Group 4 the cost of Minor Home Modifications) forward for twelve (12) months in order to determine whether the Member’s needs can continue to be met based on the most current PCSP that has been developed. The cost of one-time services such as short-term services or short-term increases in services must be counted as part of the total cost of ECF CHOICES HCBS for a full twelve (12) month period following the date of service delivery.

(vi) If it can be reasonably anticipated, based on the ECF CHOICES HCBS currently received or determined to be needed (in addition to non-CHOICES HCBS available through TennCare, e.g., home health, services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers) in order to safely meet the person’s needs in the community, that the person will exceed his Expenditure Cap, then the person does not qualify to enroll in or to remain enrolled in ECF CHOICES.

5. As the setting of an individual’s Expenditure Cap does not, in and of itself, result in any increase or decrease in a Member’s services, notice of action shall not be provided regarding the Bureau’s Expenditure Cap calculation.

(i) A Member has a right to due process regarding his Expenditure Cap when services are denied or reduced, when a determination is made that an
Applicant cannot be enrolled into ECF CHOICES, or a currently enrolled ECF CHOICES Member can no longer remain enrolled in ECF CHOICES because his needs cannot be safely and effectively met in the home and community-based setting at a cost that does not exceed his Expenditure Cap.

(ii) When an adverse action is taken, notice of action shall be provided, and the Applicant or Member shall have the right to a fair hearing regarding any valid factual dispute pertaining to such action, which may include, but is not limited to, whether his Expenditure Cap was calculated appropriately, and to present all relevant and material evidence pertaining to such action.

(iii) Denial of or reductions in ECF CHOICES HCBS based on a Member’s Expenditure Cap shall constitute an adverse action, as defined in Rules 1200-13-13-.01 and 1200-13-14-.01, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.

(iv) Denial of enrollment and/or involuntary disenrollment because a person’s Expenditure Cap will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with this rule.

(5) Disenrollment from ECF CHOICES. A Member may be disenrolled from ECF CHOICES voluntarily or involuntarily.

(a) Voluntary disenrollment from ECF CHOICES means the Member has chosen to disenroll, and no notice of action shall be issued regarding a Member’s decision to voluntarily disenroll from ECF CHOICES. However, notice shall be provided regarding any subsequent adverse action that may occur as a result of the Member’s decision, including any change in benefits, cost-sharing responsibility, or continued eligibility for TennCare when the Member’s eligibility was conditioned on receipt of LTSS. Voluntary disenrollment shall proceed only upon:

1. Election by the Member to receive institutional services (e.g., NF or ICF/IID services), including hospice services in a NF, which is not a LTSS, provided however, that a Member shall not be disenrolled from ECF CHOICES in order to receive Short-Term NF care as defined in 1200-13-01-.02;

2. Election by the Member to enroll in an MCO that does not administer the ECF CHOICES program (i.e., United Healthcare Community Plan until such time as specified by TennCare or TennCare Select, including Select Community); or

3. Receipt of a statement signed by the Member or his authorized Representative voluntarily requesting disenrollment.

(b) A Member may be involuntarily disenrolled from ECF CHOICES only by the Bureau, although such process may be initiated by a Member’s MCO. Reasons for involuntary disenrollment include but are not limited to:

1. The Member no longer meets one or more criteria for eligibility and/or enrollment as specified in this Rule.

2. The Member’s needs can no longer be safely met in the community. This may include but is not limited to the following instances:
(Rule 1200-13-01-.31, continued)

(i) The home or home environment of the Member becomes unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Member or to individuals who provide covered services to the Member.

(ii) The Member or his representative/conservator or caregiver refuses to abide by the PCSP.

(iii) Even though an adequate provider network is in place, there are no providers who are willing to provide necessary services to the Member.

(iv) The Member’s decision to continue receiving services in the home or community poses an unacceptable level of risk.

3. The Member’s needs can no longer be safely met in the community at a cost that does not exceed the Member’s Expenditure Cap as described in this Rule.

4. The Member no longer needs or is no longer receiving LTSS.

5. The Member has refused to pay his or her Patient Liability. The MCO and/or its participating providers are unwilling to serve the Member in ECF CHOICES because he has not paid his or her Patient Liability, and/or no other MCO is willing to serve the Member in ECF CHOICES.

(6) Transitioning To and From ECF CHOICES.

(a) Transition from CHOICES Group 1 to ECF CHOICES.

1. A member may request to transition from CHOICES Group 1 to ECF CHOICES at any time. The member’s MCO is responsible for assessing the member’s services and supports needs in the community, developing and implementing a transition plan, as appropriate, and submitting the transition request to TennCare. Only an MCO may submit to TennCare a request to transition a Member from CHOICES Group 1 to ECF CHOICES. An MCO may request to transition a Member from CHOICES Group 1 to ECF CHOICES only when the Member chooses to transition from the NF to an HCBS setting and meets eligibility criteria to enroll in that group, as specified in Rule 1200-13-01-.31(3). Members shall not be required to transition from CHOICES Group 1 to ECF CHOICES.

2. A Member that has already been discharged from the NF shall not be transitioned to ECF CHOICES. Once a Member has discharged from the NF, the Member has voluntarily disenrolled from CHOICES Group 1 and must be newly enrolled into ECF CHOICES, in accordance with these rules. A new PAE shall be required for enrollment into ECF CHOICES.

3. When Members move from CHOICES Group 1 to ECF CHOICES, TennCare must recalculate the Member’s Patient Liability based on the Community PNA.

(b) Transition from ECF CHOICES to CHOICES Group 1.

1. An MCO may request to transition a Member from ECF CHOICES to CHOICES Group 1 only under the following circumstances:
(Rule 1200-13-01-31, continued)

(i) The MCO provides advance notification to TennCare, which shall include documentation of thoroughly exploring and exhausting all attempts to provide services in a more integrated community setting.

(ii) The member must meet the nursing facility level of care in place at the time of admission and make an informed choice to transition to a nursing facility and enroll in CHOICES Group 1. Informed choice requires thorough exploration and exhaustion of all integrated community setting options.

(iii) A PASRR shall be completed prior to admission, the member must be determined appropriate for placement in a nursing facility, and all identified specialized services must be coordinated by the MCO immediately upon admission.

2. When Members transition from ECF CHOICES to CHOICES Group 1, TennCare must recalculate the Member’s Patient Liability based on the Institutional PNA.

3. At such time as a transition between ECF CHOICES and CHOICES Group 1 is made, the MCO shall issue notice of transition to the Member. Because the Member has elected the transition, such transition shall not constitute an adverse action. Thus, the notice will not include the right to appeal or request a fair hearing regarding the Member’s decision.

(c) Individuals enrolled in a Section 1915(c) Waiver shall not be permitted to transition into ECF CHOICES, even if they meet applicable eligibility and enrollment criteria for ECF CHOICES, until such time that the State determines that such transitions can be permitted and in accordance with timeframes and procedures established by TennCare.

(d) Individuals enrolled in CHOICES Group 2 or 3 shall not be permitted to transition into ECF CHOICES, even if they meet applicable eligibility and enrollment criteria for ECF CHOICES, unless the State determines that the individual qualifies for ECF CHOICES, the individual’s needs can be more appropriately met in ECF CHOICES, and in accordance with timeframes and procedures established by TennCare.

(7) Benefits in the TennCare ECF CHOICES Program.

(a) Members of ECF CHOICES receive HCBS as specified in an approved Initial Support Plan or PCSP, as applicable, in addition to medically necessary covered benefits available for TennCare Medicaid and TennCare Standard recipients, as specified in Rules 1200-13-13-.04 and 1200-13-14-.04. While receiving ECF CHOICES HCBS, Members are not eligible for NF care, except for Short-Term NF care, as described in this Chapter.

(b) Members are not eligible to receive any other HCBS during the time that Short-Term NF services are provided. ECF CHOICES HCBS such as Minor Home Modifications which are required to facilitate transition from the NF back to the home or community may be provided during the NF stay and billed with date of service being on or after discharge from the NF.

(c) All ECF CHOICES HCBS must be authorized by the MCO in order for MCO payment to be made for the services. ECF CHOICES HCBS must be specified in an approved Initial Support Plan or PCSP, as applicable, and authorized by the MCO prior to delivery of the service in order for MCO payment to be made for the service.
(Rule 1200-13-01-.31, continued)

(d) ECF CHOICES HCBS covered under the ECF CHOICES Program and applicable limits are specified below. The benefit limits are applied across all services received by the Member regardless of whether the services are received through CD and/or a traditional provider agency. Corresponding limitations regarding the scope of each service are defined in Rule 1200-13-01-.02 and in Subparagraphs (a) through (c) above.

Each Eligible ECF CHOICES HCBS received through CD shall have a separate budget.

The budget for each Eligible ECF CHOICES HCBS received through CD shall be based on the number of units of that service the member is assessed to need, subject to applicable benefit limits and the Member’s Expenditure Cap.

Once the budget for each Eligible ECF CHOICES HCBS is determined and authorized, the Member shall have flexibility to determine the rate of reimbursement for that service (subject to any limitations established by TennCare), and to purchase additional units of the service so long as the budget for that service is not exceeded.

The budget for each Eligible ECF CHOICES HCBS shall be separately maintained. A Member shall not direct money from the budget for one Eligible ECF CHOICES HCBS to purchase a different Eligible ECF CHOICES HCBS, provided however, that a Member’s PCSP (and consequently, the budget for any affected Eligible ECF CHOICES HCBS) may be amended based on the Member’s needs, as appropriate.

Any money remaining in a Member’s monthly budget for Personal Assistance, Supportive Home Care or Community Transportation at the end of a month shall not be carried over to the next month, and cannot be used to purchase units of service in any other month.

Any money remaining in a Member’s annual budget for hourly Respite at the end of the calendar year shall not be carried over to the next year, and cannot be used to purchase additional units of service in a subsequent calendar year.

The amount of the budget for each Eligible ECF CHOICES HCBS shall be authorized as follows:

- **Personal Assistance for Members enrolled in ECF CHOICES Group 5 or Group 6 and Supportive Home Care for Members enrolled in ECF CHOICES Group 4 shall have a monthly budget if provided through Consumer Direction.**
  - **(I)** A Member shall only direct CD Workers to provide Personal Assistance or Supportive Home Care, as applicable, up to the amount of the authorized monthly budget for that service.
  - **(II)** A Member shall not ask or allow a CD Worker to provide services in excess of the authorized monthly budget for that service.
  - **(III)** If a Member exhausts the authorized monthly budget for a service before the month has ended, additional services shall not be authorized for the remainder of the month.
  - **(IV)** If a Member (or his Representative for CD) is not able to manage services within the approved budget for the service, the Member may not be able to remain in CD.
(Rule 1200-13-01-.31, continued)

(ii) Community Transportation for Members enrolled in ECF CHOICES shall have a monthly budget if provided through CD.

(I) The monthly budget shall be based on the number of days in the month that the Member is expected to need Community Transportation services.

(II) The Member may receive the first month’s budget allotment in advance. The advance monthly budget allotment shall be used to purchase only Community Transportation services as defined in these rules.

(III) A Member may purchase Community Transportation services in the most cost-efficient manner possible, including public transportation (e.g., bus passes), paying a co-worker to share gas expenditures, etc.

(IV) A Member shall not reimburse any person who resides with the Member for Community Transportation.

(V) The Member is obligated to maintain a Community Transportation log and receipts for Community Transportation expenditures as required by TennCare and to submit such information on a monthly basis to his MCO.

(VI) A Member shall only purchase Community Transportation up to the amount of the authorized monthly budget for that service.

(VII) The Member’s monthly Community Transportation budget shall be reimbursed only for documented purchases of Community Transportation services submitted to the MCO.

(VIII) A Member shall not be reimbursed for Community Transportation services in excess of the authorized monthly budget for that service.

(IX) If a Member exhausts the authorized monthly budget for Community Transportation services before the month has ended, additional services shall not be authorized for the remainder of the month.

(X) If a Member (or his Representative for CD) is not able to manage services within the approved budget for the service, the Member may not be able to remain in CD.

(iii) Respite services for Members enrolled in ECF CHOICES shall have an annual budget if provided through Consumer Direction.

(I) The annual budget shall operate on a calendar year (January 1 through December 31).

(II) A Member who elects to receive Respite through CD shall receive up to 216 hours per year of Respite services. (Daily Respite shall not be available through CD.)

(III) A Member shall only direct CD Workers to provide Respite services, as applicable, up to the amount of the authorized annual budget for that service.
(IV) A Member shall not ask or allow a CD Worker to provide services in excess of the authorized annual budget for that service.

(V) If a Member exhausts the authorized annual budget for Respite services before the calendar year has ended, additional services shall not be authorized for the remainder of the year.

(VI) If a Member (or his Representative for CD) is not able to manage services within the approved budget for the service, the Member may not be able to remain in CD.

8. HH Services, PDN Services, and ECF CHOICES HCBS other than those specified above shall not be available through CD.

(c) Eligibility for CD. To be eligible for CD, an ECF CHOICES Member must meet all of the following criteria:

1. Be a Member of ECF CHOICES.

2. Be determined by a Support Coordinator, based on a comprehensive needs assessment, to need one or more Eligible ECF CHOICES HCBS.

3. Be willing and able to serve as the Employer of Record for his Consumer-Directed Workers and to fulfill all of the required responsibilities for CD, or he must have a qualified Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD. Assistance shall be provided to the Member or his Representative by the FEA.

4. Any additional risks associated with a Member’s decision to participate in CD must be identified and addressed in the PCSP, as applicable, and the MCO must determine that the Member’s needs can be safely and appropriately met in the community while participating in CD.

5. The Member or his Representative for CD and any Workers he employs must agree to use the services of the Bureau’s contracted FEA to perform required Financial Administration and Supports Brokerage functions.

(d) Enrollment in CD.

1. An ECF CHOICES Member assessed to need one or more Eligible ECF CHOICES HCBS may elect to participate in CD at any time.

2. If the Member is unable to make a decision regarding his participation in CD or to communicate his decision, only a legally appointed Representative may make such decision on his behalf. The Member, or a family member or other caregiver, must sign a CD participation form reflecting the decision the Member has made.

3. If the Member is unable to make a decision regarding CD or to communicate his decision and does not have a legally appointed Representative, the Member cannot participate in CD since there is no one with the legal authority to assume and/or delegate the Member’s CD responsibilities.

4. Self-Assessment Tool. If a Member elects to participate in CD, he must complete a self-assessment tool developed by the Bureau to determine whether he requires the assistance of a Representative to perform the responsibilities of CD.
5. Representative. If the Member requires assistance in order to participate in CD, he must designate, or have appointed by a legally appointed Representative, a Representative to assume the CD responsibilities on his behalf.

(i) A Representative for CD must meet all of the following criteria:

(I) Be at least eighteen (18) years of age;

(II) Have a personal relationship with the Member and understand his support needs;

(IV) Be physically present in the Member's residence on a regular basis or at least at a frequency necessary to supervise and evaluate each Consumer-Directed Worker.

(ii) If a Member requires a Representative but is unwilling or unable to appoint one, the MCO may submit to the Bureau, for review and approval, a request to deny the Member's participation in CD.

(iii) If a Member's Support Coordinator believes that the person selected as the Member's representative for CD does not meet the specified requirements (e.g., the Representative is not physically present in the Member's residence at a frequency necessary to adequately supervise Workers), the Support Coordinator may request that the Member select a different Representative who meets the specified requirements. If the Member does not select another Representative who meets the specified requirements, the MCO may, in order to help ensure the Member's health and safety, submit to the Bureau, for review and approval, a request to deny the Member's participation in CD.

(iv) A Member's Representative shall not receive payment for serving in this capacity and shall not serve as the Member's paid Worker for any Consumer-Directed Service.

(v) Representative Agreement. A Representative Agreement must be signed by the Member (or person authorized to sign on the Member’s behalf) and the Representative in the presence of the Support Coordinator. By completing a Representative agreement, the Representative confirms that he agrees to serve as a Member's representative and that he accepts the responsibilities and will perform the duties associated with being a Representative.

(vi) A Member may change his Representative at any time by notifying his Support Coordinator and his Supports Broker that he intends to change Representative. The Support Coordinator shall verify that the new Representative meets the qualifications as described above. A new Representative Agreement must be completed and signed, in the presence of a Support Coordinator, prior to the new Representative assuming his respective responsibilities.

(e) Employer of Record.
1. If a Member elects to participate in CD, either he or his Representative must serve as the Employer of Record.

2. The Employer of Record is responsible for the following:
   (i) Finding, interviewing, hiring and firing Workers;
   (ii) Determining Workers’ duties and developing job descriptions;
   (iii) Training Workers to provide personalized support based on the Member’s needs and preferences;
   (iv) Scheduling Workers;
   (v) Ensuring there are enough Workers hired to provide all of the support needed by the Member (including when the Worker scheduled is unable to report to work);
   (vi) Ensuring the Worker(s) keep correct time sheets for the services and supports provided;
   (vii) Reviewing and approving hours reported by Consumer-Directed Workers;
   (viii) Ensuring Workers provide only as much support as assigned to provide and as needed by the Member;
   (ix) Ensuring that no Worker provides more than 40 hours of support each week unless the Member or Representative for CD has decided to pay overtime out of the Member’s approved budget;
   (x) Managing the services the Member needs within the Member’s approved budget for each service;
   (xi) Supervising Workers;
   (xii) Evaluating Worker performance and addressing any identified deficiencies or concerns;
   (xiii) Setting wages from a range of reimbursement levels established by the Bureau;
   (xiv) Reviewing and ensuring proper documentation for services provided; and
   (xv) Developing and implementing as needed a Back-up Plan to address instances when a scheduled Worker is not available or fails to show up as scheduled.

(f) Denial of Enrollment in CD.

1. Enrollment into CD may be denied by the Bureau when:
   (i) The person is not enrolled in TennCare or in ECF CHOICES.
   (ii) The Member does not need one or more of the HCBS eligible for CD, as specified in the PCSP.
(iii) The Member is not willing or able to serve as the Employer of Record for his Consumer-Directed Workers and to fulfill all of the required responsibilities for CD, and does not have a qualified Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD.

(iv) The Member is unwilling, with the assistance of his Support Coordinator, to identify and address any additional risks associated with the Member's decision to participate in CD, or the risks associated with the Member's decision to participate in CD pose too great a threat to the Member's health, safety and welfare.

(v) The Member does not have an adequate Back-up Plan for CD.

(vi) The Member's needs cannot be safely and appropriately met in the community while participating in CD.

(vii) The Member or his Representative for CD, or the Consumer-Directed Workers he wants to employ, are unwilling to use the services of the Bureau's contracted FEA to perform required Financial Administration and Supports Brokerage functions.

(viii) Other significant concerns regarding the Member's participation in CD which jeopardize the health, safety or welfare of the Member.

2. Denial of enrollment in CD gives rise to notice and due process including the right to a fair hearing, as set forth in this rule.

(g) Fiscal Employer Agent (FEA).

1. The FEA shall perform the following functions on behalf of all Members participating in CD:

   (i) Financial Administration functions in the performance of payroll and related tasks; and

   (ii) Supports Brokerage functions to assist the Member or his Representative with other non-payroll related tasks such as the completion of CD enrollment paperwork and assistance with employer functions as requested.

2. The FEA shall:

   (i) Assign a Supports Broker to each ECF CHOICES Member electing to participate in CD of Eligible ECF CHOICES HCBS.

   (ii) Provide initial and ongoing training to Members and their Representatives (as applicable) on CD and other relevant issues.

   (iii) Verify Worker qualifications, including conducting background checks on Workers, enrolling Workers into TennCare, requesting from TennCare the assignment of Medicaid provider ID numbers, and holding TennCare provider agreements.
(Rule 1200-13-01-.31, continued)

(iv) Provide initial and ongoing training to Workers on CD and other relevant issues such as the use of the FEA time keeping system.

(v) Assist the Member and/or Representative in developing and updating Service Agreements.

(vii) Pay Workers for authorized services rendered within authorized timeframes.

(h) Back-up Plan for Consumer-Directed Workers.

1. Each Member participating in CD or his Representative is responsible for the development and implementation of a Back-up Plan that identifies how the Member or Representative will address situations when a scheduled Worker is not available or fails to show up as scheduled.

2. The Member or Representative may not elect, as part of the Back-up Plan, to go without services.

3. The Back-up Plan for CD shall include the names and telephone numbers of contacts (Workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts.

4. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the Member electing CD and/or his Representative to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity, and for initiating the back-up plan when needed.

5. The Member’s Back-up Plan for Consumer-Directed Workers shall be integrated into the Member’s Back-up Plan for services provided by Contract Providers, as applicable, and the Member’s PCSP.

6. The Support Coordinator shall review the Back-up Plan developed by the Member and/or his Representative to determine its adequacy to address the Member’s needs. If an adequate Back-up Plan cannot be provided to CD, enrollment into CD may be denied, as set forth in this Rule.

7. The Back-up Plan shall be reviewed and updated at least annually, and as frequently as necessary if there are changes in the type, amount, duration, scope of eligible ECF CHOICES HCBS or the schedule at which such services are needed, changes in Workers (when such Workers also serve as a back-up to other Workers) and changes in the availability of paid or unpaid back-up Workers to deliver needed support.

8. A Member may use Contract Providers to serve as back-up to Consumer Directed Workers only upon prior arrangement by the Member (or Representative for CD) with the Contract Provider, inclusion in the Member’s back-up plan, verification by the Supports Broker, prior approval by the MCO, and subject to the Member’s Expenditure Cap as described in Rule 1200-13-01-.31(4)(d). If the higher cost of services delivered by a Contract Provider would result in a Member’s Expenditure Cap being exceeded, a Member shall not be permitted to use Contract Providers to provide back-up workers. A Member’s
MCO shall not be required to maintain Contract Providers on “stand-by” to provide back-up for services delivered through Consumer Direction.

(i) Consumer-Directed Workers (Workers).

1. Hiring Consumer-Directed Workers.

(i) Members shall have the flexibility to hire individuals with whom they have a close personal relationship to serve as Workers, such as neighbors or friends.

(ii) Members may hire family members, excluding spouses, to serve as Workers. However, a family member shall not be reimbursed for a service that he would have otherwise provided without pay. A Member shall not be permitted to employ any person who resides with the Member to deliver Personal Assistance, Supportive Home Care or hourly Respite services. A Member shall not reimburse any person who resides with the Member for Community Transportation.

(iii) Members may elect to have a Worker provide more than one service, have multiple Workers, or have both a Worker and a Contract Provider for a given service, in which case, there must be a set schedule which clearly defines when Contract Providers will be used.

2. Qualifications of Consumer-Directed Workers. Workers must meet the following requirements prior to providing services:

(i) Be at least eighteen (18) years of age or older;

(ii) Complete a background check that includes a criminal background check (including fingerprinting), or, as an alternative, a background check from a licensed private investigation company;

(iii) Verification that the person’s name does not appear on the State abuse registry;

(iv) Verification that the person’s name does not appear on the State and national sexual offender registries and licensure verification, as applicable;

(x) Sign a Service Agreement; and

(xi) If the Worker will be transporting the Member as specified in the Service Agreement, a valid driver’s license and proof of insurance must also be provided.
3. Disqualification from Serving as a Consumer-Directed Worker. A Member cannot waive the completion of a background check for a potential Worker. A background check may reveal a potential Worker’s past criminal conduct that may pose an unacceptable risk to the Member. Any of the following findings may place the Member at risk and may disqualify a person from serving as a Worker:

   (i) Conviction of an offense involving physical, sexual or emotional abuse, neglect, financial exploitation or misuse of funds, misappropriation of property, theft from any person, violence against any person, or manufacture, sale, possession or distribution of any drug; and/or

   (ii) Entering of a plea of nolo contendere or when a jury verdict of guilty is rendered but adjudication of guilt is withheld with respect to a crime reasonably related to the nature of the position sought or held.

4. Individualized Assessment of a Consumer-Directed Worker with a Criminal Background.

   (i) If a potential Worker’s background check includes past criminal conduct, the Member (or Representative for CD) must review the past criminal conduct with the help of the FEA. The Member (or Representative for CD), with the assistance of the FEA, will consider the following factors:

      (I) Whether or not the evidence gathered during the potential Worker’s individualized assessment shows the criminal conduct is related to the job in such a way that could place the Member at risk;

      (II) The nature and gravity of the offense or conduct, such as whether the offense is related to physical or sexual or emotional abuse of another person, if the offense involves violence against another person, or the manufacture, sale, or distribution of drugs; and

      (III) The time that has passed since the offense or conduct and/or completion of the sentence.

   (ii) After considering the above factors and any other evidence submitted by the potential Worker, the Member (or Representative for CD) must decide whether to hire the potential Worker.

   (iii) If a Member (or Representative for CD) decides to hire the Worker, the FEA shall assist the Member (or Representative for CD) in notifying the Member’s MCO of this decision and shall collaborate with the Member’s MCO to amend the Member’s PCSP to reflect the Member’s (or CD Representative’s) decision to voluntarily assume the risk associated with hiring an individual with a criminal history and that the Member (or Representative for CD) is solely responsible for any negative consequences stemming from that decision. The FEA shall also collaborate with the Member’s MCO on a risk mitigation strategy.

5. Service Agreement.

   (i) A Member shall develop a Service Agreement with each Worker, which includes, at a minimum:

      (I) The roles and responsibilities of the Worker and the Member;
(Rule 1200-13-01-.31, continued)

(II) The Worker’s typical schedule (as developed by the Member and/or Representative), including hours and days;

(III) The scope of each service (i.e., the specific tasks and functions the Worker is to perform);

(IV) The service rate; and

(V) The requested start date for services.

(ii) The Service Agreement must be in place for each Worker prior to the Worker providing services.

6. Payments to Consumer-Directed Workers.

(i) Rates. Members participating in CD have the flexibility to set wages for their Workers from a range of reimbursement levels established by TennCare.

(ii) Payments to Consumer-Directed Workers. In order to receive payment for services rendered, all Workers must:

(I) Deliver services in accordance with the services specified in the Member’s PCSP, the monthly or annual budget as approved in the MCO’s service authorization, and in accordance with the schedule set by the Member or the Member’s Representative for CD and Worker assignments determined by the Member or his Representative.

(II) Use the FEA time keeping system to record in and out times for each visit.

(III) Provide detailed documentation of service delivery including but not limited to the specific tasks and functions performed for the Member at each visit, which shall be maintained in the Member’s home.

(IV) Provide no more than forty (40) hours of services within a consecutive seven (7) day period, unless explicitly directed by the Employer of Record who by such direction, agrees to pay the worker over-time pay out of the Member’s budget in accordance with the Fair Labor Standards Act. This shall reduce the amount of services that may be purchased for the Member during that month.

(iii) Termination of Consumer-Directed Workers’ Employment.

(I) A Member may terminate a Worker’s employment at any time.

(II) The MCO may not terminate a Worker’s employment, but may request that a Member be involuntarily withdrawn from CD if it is determined that the health, safety and welfare of the Member may be in jeopardy if the Member continues to employ a Worker but the Member and/or Representative does not want to terminate the Worker.

(j) Withdrawal from Participation in Consumer Direction (CD).
1. General.

(i) Voluntary Withdrawal from CD. Members participating in CD may voluntarily withdraw from participation in CD at any time. The Member’s request must be in writing. Whenever possible, notice of a Member’s decision to withdraw from participation in CD should be provided in advance to permit time to arrange for delivery of services through Contracted Providers.

(ii) Voluntary or involuntary withdrawal of a Member from CD of Eligible ECF CHOICES HCBS shall not affect a Member’s eligibility for LTSS or enrollment in ECF CHOICES, provided the Member continues to meet all requirements for enrollment in ECF CHOICES as defined in this Chapter.

(iii) If a Member voluntarily withdraws or is involuntarily withdrawn from CD, any Eligible ECF CHOICES HCBS he receives shall be provided through Contract Providers, subject to the requirements in this Chapter.

2. Involuntary Withdrawal.

(i) A person may be involuntarily withdrawn from participation in CD of HCBS for any of the following reasons:

(III) The Member no longer needs any of the Eligible ECF CHOICES HCBS, as specified in the PCSP.

(IV) The Member is no longer willing or able to serve as the Employer of Record for his Consumer-Directed Workers and to fulfill all of the required responsibilities for CD, and does not have a qualified Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD.

(V) The Member is unwilling to work with the Support Coordinator to identify and address any additional risks associated with the Member’s decision to participate in CD, or the risks associated with the Member’s decision to participate in CD pose too great a threat to the Member’s health, safety and welfare.

(VI) The health, safety and welfare of the Member may be in jeopardy if the Member or his Representative continues to employ a Worker but the Member or Representative does not want to terminate the Worker.

(VII) The Member does not have an adequate Back-up Plan for CD.

(VIII) The Member’s needs cannot be safely and appropriately met in the community while participating in CD.

(IX) The Member or his Representative for CD, or Consumer-Directed Workers he wants to employ are unwilling to use the services of the...
Bureau’s contracted FEA to perform required Financial Administration and Supports Brokerage functions.

(X) The Member or his Representative for CD is unwilling to abide by the requirements of the ECF CHOICES CD program.

(XI) If a Member’s Representative fails to perform in accordance with the terms of the Representative Agreement and the health, safety and welfare of the Member is at risk, and the Member wants to continue to use the Representative.

(XII) If a Member has consistently demonstrated that he is unable to manage, with sufficient supports, including appointment of a Representative, his services and the Support Coordinator or FEA has identified health, safety and/or welfare issues.

(XIII) A Support Coordinator has determined that the health, safety and welfare of the Member may be in jeopardy if the Member continues to employ a Worker but the Member or Representative does not want to terminate the Worker.

(XIV) Other significant concerns regarding the Member’s participation in CD which jeopardize the health, safety or welfare of the Member.

(ii) The Bureau must review and approve all MCO requests for involuntary withdrawal from CD of eligible HCBS before such action may occur. If the Bureau approves the request, written notice shall be given to the Member at least ten (10) days in advance of the withdrawal. The date of withdrawal may be delayed when necessary to allow adequate time to transition the Member to Contract Provider services as seamlessly as possible.

(iii) The Member shall have the right to appeal involuntary withdrawal from CD.

(iv) If a person is no longer enrolled in TennCare or in ECF CHOICES, his participation in CD shall be terminated.

(9) HCBS Providers in ECF CHOICES.

(a) HCBS providers delivering services under ECF CHOICES must meet specified license, training and background check requirements and shall meet conditions for reimbursement outlined in their provider agreements with the TennCare MCOs.

(b) MCOs may contract with non-participating HCBS providers as needed through a single case agreement and will reimburse the provider at no less than eighty percent (80%) of the lowest rate paid to any contracted HCBS provider in the state for that service.

(d) Appeals related to the enrollment or disenrollment of an individual in ECF CHOICES or to denial or involuntary withdrawal from participation in CD are processed by the Division of Long-Term Services and Supports in the Bureau, in accordance with the following procedures:

1. If enrollment into ECF CHOICES or if participation in CD is denied, notice containing an explanation of the reason for such denial shall be provided. The notice shall include the person’s right to request a fair hearing within thirty (30) days from receipt of the written notice regarding valid factual disputes pertaining to the enrollment denial decision.

2. If a Member is involuntarily disenrolled from ECF CHOICES, or if participation in CD is involuntarily withdrawn, advance notice of involuntary disenrollment or withdrawal shall be issued. (e) A member may present all relevant and material evidence pertaining to the adverse action.

(11) Management of the Referral List for ECF CHOICES.

(a) A new referral list shall be established for ECF CHOICES.

(b) The referral list shall be managed by TennCare on a statewide basis.

1. The ECF CHOICES referral list management process generally includes three (3) steps: screening, intake and enrollment. The referral management process
shall be used to help manage Potential Applicants and Applicants for ECF CHOICES in accordance with established prioritization and enrollment criteria.

   (v) Category 5 - Unemployed, regardless of the level of disability, with desire and commitment to work.

   (vi) Category 6 - Youth of transition age, regardless of the level of disability, living at home with family caregivers, who are actively planning for employment as part of the transition process and in need of supports provided in ECF CHOICES, including for individuals with more significant needs, employment customization, in order to achieve and maintain employment that are not otherwise available as vocational rehabilitation services funded under Section 110 of the Rehabilitation Act of 1973, 29
(Rule 1200-13-01-.31, continued)

U.S.C. § 730, or as special education or related services as those terms are defined in Section 602 of the Individuals with Disabilities Education Improvement Act of 2004, 20 U.S.C. § 1401.

Category 6 shall be applicable only to enrollment into ECF CHOICES Group 4 (Essential Family Supports).

4. ECF CHOICES referral list categories are listed in the order of prioritization. These categories shall be applicable for all non-reserve capacity slots for Potential Applicants of all ages and levels of disability, and for all ECF CHOICES benefit groups.

5. Potential Applicants on the ECF CHOICES referral list shall have the opportunity to apply for enrollment into ECF CHOICES when the category in which they are placed on the ECF CHOICES referral list is open for enrollment, and when there is an available slot in which the Potential Applicant can be enrolled, if all applicable eligibility and enrollment criteria are met.

6. ECF CHOICES referral list categories shall apply only to prioritization for enrollment into ECF CHOICES.

7. Employment shall not be a condition or requirement for enrollment in ECF CHOICES.

(i) Potential Applicants who are not employed and not interested in employment may be enrolled in ECF CHOICES in accordance with these rules and with TennCare policies and protocols for management of the statewide ECF CHOICES referral list, including prioritization criteria.

(ii) Criteria applicable to ECF CHOICES referral list categories shall apply only to prioritization for enrollment into ECF CHOICES.

(iii) Persons prioritized for enrollment in ECF CHOICES on the basis of employment who are enrolled in ECF CHOICES and subsequently lose their job shall not be disenrolled from ECF CHOICES because they are no longer employed, so long as other ECF CHOICES HCBS are needed on an ongoing basis, which may include supports to obtain and maintain new employment.

8. A person who does not meet the conditions for any of the Categories specified above shall be placed on the ECF CHOICES referral list in an “Other Active” category if ECF CHOICES HCBS are requested at time of referral or in a “Deferred” category if ECF CHOICES HCBS are not requested at time of referral.

9. Reserve Capacity Slots.

In addition to the categories identified above, a specified number of slots shall be held in reserve capacity for individuals who meet one or more of the following criteria:

(i) One or more emergent circumstances as follows:

(I) The person’s primary caregiver is recently deceased and there is no other caregiver available to provide needed long-term supports.
(Rule 1200-13-01-.31, continued)

(II) The person’s primary caregiver is permanently incapacitated and there is no other caregiver available to provide needed long-term supports.

(III) There is clear evidence of serious abuse, neglect, or exploitation in the current living arrangement. The person must move from the living arrangement to prevent further abuse, neglect or exploitation, and there is no alternative living arrangement available.

(IV) Enrollment into ECF CHOICES is necessary in order to facilitate transition out of a long-term care institution, i.e., a NF or a private or public ICF/IID into a more integrated community-based setting.

(V) The person is an adult age 21 or older enrolled in ECF CHOICES Group 4 (Essential Family Supports) or ECF CHOICES Group 5 (Essential Support for Employment and Independent Living) and has recently experienced a significant change in needs or circumstances. TennCare has determined via a Safety Determination that the person can no longer be safely served within the array of benefits available in ECF CHOICES Group 4 (Essential Family Supports) or 5 (Essential Supports for Employment and Independent Living), as applicable, the person meets NF level of care, and must be transitioned to ECF CHOICES Group 6 in order to sustain community living in the most integrated setting.

(VI) The health, safety or welfare of the person or others is in immediate and ongoing risk of serious harm or danger. Other interventions including Behavioral Health Crisis Prevention, Intervention and Stabilization services, where applicable, have been tried but were not successful in minimizing the risk of serious harm to the person or others without additional services available in ECF CHOICES, and the situation cannot be resolved absent the provision of such services available in ECF CHOICES.

(ii) The Potential Applicant has multiple complex chronic or acquired health conditions that prevent the person from being able to work, and the Potential Applicant is in urgent need of supports in order to maintain the current living arrangement and delay or prevent the need for more expensive services (applicable only to individuals of working age).

(iii) A Potential Applicant may apply for enrollment into a reserve capacity slot for persons in emergent circumstances or who have multiple complex health conditions only if determined through an Interagency Committee review process, including both TennCare and DIDD, that enrollment into ECF CHOICES is the most appropriate way to provide needed supports. Such review shall include consideration of other options, including the relative costs of such options.

(iv) Discharge from another service system (DCS, DMHSAS, etc.) shall not be deemed an emergent situation unless specified emergent criteria are met and unless diligent and timely efforts to plan and prepare for discharge and to facilitate transition to community living without long-term services and supports available in ECF CHOICES have been made, and it is determined through the Interagency Committee review process that enrollment in ECF CHOICES is the most appropriate way to provide needed supports.
10. The waiting list maintained by DIDD for the 1915(c) HCBS Waivers shall be one source of referrals for ECF CHOICES. Persons on the DIDD waiting list for the 1915(c) HCBS Waivers as of June 30, 2016:

(i) Shall be automatically referred for the ECF CHOICES program and placed on the ECF CHOICES referral list.

(ii) May submit documentation regarding employment that shall be reviewed in determining their category on the ECF CHOICES referral list, or if they may meet criteria for a reserve capacity slot based on emergent circumstances or multiple complex health conditions.

(iii) Who do not submit information regarding employment or indicating that they may meet criteria for enrollment in a reserve capacity slot based on emergent circumstances or multiple complex health conditions shall be placed on the ECF CHOICES referral list in the “Other Active” category, unless they are currently on the HCBS Waiver waiting list in a “Deferred” category, in which case they shall be automatically placed on the ECF CHOICES referral list in the “Deferred” category.

11. A Potential Applicant may request an administrative review of his or her category on the ECF CHOICES referral list at any time. This request should be submitted to TennCare in writing.

12. A Potential Applicant may submit additional information at any time that may affect his or her category on the ECF CHOICES referral list. The additional information should be submitted to the Potential Applicant’s MCO (if the Potential Applicant is assigned to an MCO participating in ECF CHOICES), or to DIDD (if the Potential Applicant is assigned to an MCO not participating in ECF CHOICES or is not currently enrolled in TennCare).

13. A Potential Applicant shall not be granted a fair hearing regarding the category in which he has been placed on the ECF CHOICES referral list.

14. A Potential Applicant shall be entitled to a determination regarding his or her eligibility to enroll in the ECF CHOICES program and, if the application is denied, to due process, including notice and the right to request a fair hearing only when the Potential Applicant is determined to meet criteria for an available reserve capacity slot or meets prioritization criteria for an available program slot for which enrollment is currently open and will be enrolled into the program if all applicable eligibility and enrollment criteria are met.

(12) Safety Determination Requests. (See Rule 1200-13-01-.05(6)).

1200-13-01-.32 TENNCARE KATIE BECKETT PROGRAM.

(1) Definitions. See Rule .02.

(2) Program components. The TennCare Katie Beckett Program offers services and supports to children under age 18 with disabilities and/or complex medical needs who are not Medicaid
eligible because of their parents’ income or assets. The program has two primary components:

(a) Katie Beckett Group Part A is a “traditional” Katie Beckett model, providing full Medicaid eligibility by waiving the deeming of the parents’ income and assets to the child, as well as wraparound HCBS to children with the most significant disabilities or complex medical needs who meet institutional level of care, and for whom the estimated amount that would be expended by the Medicaid program for care outside an institution is not greater than the estimated amount that would otherwise be expended by the Medicaid program to provide the child’s care within an appropriate institution. The program is designed to supplement a child’s primary insurance coverage in order to help fill gaps between the child’s needs and what private insurance will cover, including essential wraparound services not typically covered by insurers, including Medicaid. Children in Katie Beckett Group Part A are enrolled in a special component of TennCare Select called Select Community, developed specifically for people with I/DD. TennCare Select is responsible for coordinating all medically necessary, covered physical and behavioral health services, including EPSDT benefits, and wraparound HCBS for children who qualify for and are enrolled in Katie Beckett Group Part A.

(b) Medicaid Diversion Group Part B is a Medicaid diversion program, offering a capped package of essential wraparound services and supports, as well as premium assistance on a sliding fee scale to a broader group of children with disabilities, including those “at risk” of institutionalization. These children do not qualify for Medicaid state plan benefits and are not assigned to a TennCare MCO. DIDD is responsible for coordinating all covered wraparound services and supports for children who qualify for and are enrolled in Medicaid Diversion Group Part B.

(c) In addition to the two primary components of the Katie Beckett program, a demonstration population category, called the Continued Eligibility Group Part C, provides continuity of coverage, benefits, and providers, by allowing a child to continue receiving TennCare state plan services upon being determined to no longer qualify for Medicaid in any other eligibility category if the child meets the Katie Beckett Group Part A group eligibility criteria, but a slot is not available for the child at the time Medicaid financial eligibility would otherwise end. The child may only remain in this Group until a slot is available in Katie Beckett Group Part A. For a child who qualifies for and is enrolled in the Continued Eligibility group Part C, the child’s MCO is responsible for coordinating all covered physical and behavioral health services, including EPSDT benefits.

(3) Eligibility for Katie Beckett. There are three (3) groups in the Katie Beckett Program:

(a) Katie Beckett Group Part A, a “traditional” Katie Beckett program. To be eligible for Katie Beckett Group Part A, an Applicant must meet all of the following criteria:

1. Must be under age 18;

2. Have medical needs that are likely to last at least 12 months or result in death and which result in severe functional limitations;

3. Qualify for the level of care provided in a medical institution according to criteria established by TennCare for children, as described in Rule .11;

4. A licensed physician must agree and certify that in-home care will meet the child’s needs;
5. Would qualify for SSI on the basis of the child’s disability, except for the parents’ income and/or assets;

6. Is not otherwise Medicaid eligible or receiving LTSS in another Medicaid program;

7. Qualify financially in the Katie Beckett Group Part A demonstration population category;

8. The estimated amount that would be expended by the Medicaid program for the child’s care outside an institution is not greater than the estimated amount that would otherwise be expended by the Medicaid program for the child’s care within an appropriate institution, as described in Paragraph (4)(d);

9. Purchase and maintain minimum essential coverage private or employer-sponsored insurance; however, TennCare may choose to offer Assistance with Premium Payments for such coverage if the child requests and qualifies for a hardship exception;

10. Pay premiums as described in Rule Chapter 1200-13-20, if family income is above 150% FPL; and

11. Have the most significant disabilities and/or complex medical needs and be prioritized for enrollment into an available slot in Katie Beckett Group Part A in accordance with prioritization criteria described in Paragraph (4)(c).

(b) Medicaid Diversion Group Part B, a Medicaid Diversion program. To be eligible for enrollment in Medicaid Diversion Group Part B, Applicants must meet the following criteria:

1. Must be under age 18;

2. Have medical needs that are likely to last at least 12 months or result in death and which result in severe, functional limitations;

3. Qualify for the level of care provided in a medical institution or be at risk of institutionalization, according to criteria established by TennCare for children, as described in Rule .11;

4. Not otherwise Medicaid eligible or receiving LTSS in another Medicaid program;

5. Qualify financially in the Medicaid Diversion Group Part B demonstration population category;

6. Not eligible for Katie Beckett Group Part A or not enrolled in Katie Beckett Group Part A due to program enrollment targets; and

7. Next in line for enrollment into an available slot in Medicaid Diversion Group Part B based on date of referral or once a Medicaid Diversion Group Part B waiting list is established, the date of placement on the Medicaid Diversion Group Part B waiting list.

(c) Continued Eligibility Group Part C. To be eligible for enrollment in the Continued Eligibility Group Part C, Applicants must meet the following criteria:

1. All of the criteria specified in (3)(a)1.–8. above;
(Rule 1200-13-01-.32, continued)

2. Enrolled in Medicaid, but determined by TennCare to no longer qualify in any other Medicaid category; and

3. Cannot be enrolled into Katie Beckett Group Part A, because there is not a Katie Beckett Group Part A program slot available based on program funding or the state’s prioritization criteria. Once a Katie Beckett Group Part A slot is available for which the child is prioritized for enrollment, the child must transition to Katie Beckett Group Part A or be disenrolled from Medicaid unless eligible in another open Medicaid category, and shall no longer qualify in the Continued Eligibility Group Part C.

(d) Level of Care (LOC). All Enrollees in Katie Beckett must meet the applicable LOC criteria, as determined by Rule .11.

(4) Enrollment in Katie Beckett. Enrollment into the Katie Beckett Program shall be processed by TennCare as follows:

(a) Enrollment Targets. There shall be separate Enrollment Targets for Katie Beckett Group Part A and Medicaid Diversion Group Part B. The Enrollment Target for each Part shall function as a cap on the total number of children who can be enrolled into that Part at any given time.

1. TennCare shall set the Enrollment Target for each Part (Katie Beckett Group Part A and Medicaid Diversion Group Part B) based on the funding appropriated for the Katie Beckett program. The Enrollment Target for each Part shall be limited as necessary to ensure that program spending does not exceed the funding appropriated for the program.

2. TennCare shall post the Enrollment Target for each Part publicly on the TennCare website. DIDD shall also post the Enrollment Target for each Part publicly on the DIDD website.

3. There shall be no Enrollment Target for the Continued Eligibility Group Part C.

4. In order to enroll in Katie Beckett Group Part A or Medicaid Diversion Group Part B, there must be capacity within the established Enrollment Target to enroll the Applicant in accordance with this Rule which may include satisfaction of criteria for Reserve Capacity.

5. Once the Enrollment Target, including Reserve Capacity as described in this Rule, is reached for a particular Katie Beckett Part, Applicants shall not be enrolled into that Part or qualify in the Katie Beckett Group Part A demonstration population or the Medicaid Diversion Group Part B demonstration population, until such time that capacity within the Enrollment Target is available, and the person is prioritized for enrollment into an available slot, as described in Subparagraph (c).

(i) There are no exceptions to this Rule.

(ii) If an Applicant is not permitted to proceed with enrollment into Katie Beckett Group Part A or Medicaid Diversion Group Part B because the applicable Enrollment Target has been reached, the Applicant shall remain on the Waiting List for the applicable Katie Beckett Part(s).

(b) Reserve Capacity.
1. At program implementation, TennCare shall reserve all available slots within the Katie Beckett Group Part A Enrollment Target. These slots will be available only to children who have a level of care prioritization criteria of one (1) through four (4), as described below in Subparagraph (c). The purpose of these reserve capacity slots shall be to ensure that children with the most significant medical needs and disabilities are enrolled into Katie Beckett Group Part A.

2. Only Applicants who meet specified reserve capacity criteria may be enrolled into reserve capacity slots.

3. Once all reserve capacity slots set aside have been filled, persons who meet such criteria shall not proceed with the enrollment process, but shall remain on the Waiting List for Katie Beckett Group Part A.

4. If an Applicant determined to meet medical eligibility for Katie Beckett Group Part A does not meet criteria for a Reserve Capacity slot, the Applicant shall not proceed with the enrollment process, but shall remain on the Waiting List for Katie Beckett Group Part A.

(c) Prioritization.

1. Katie Beckett Group Part A

   (i) Each child who meets any institutional level of care for enrollment into Katie Beckett Group Part A shall be prioritized for an available slot.

   (ii) Each child shall have two (2) prioritization scores.

   (I) Level of Care Prioritization.

   I. The first prioritization score shall be based solely on the child’s level of care eligibility, as follows:

   A. A LOC prioritization score of one (1) shall be assigned to any child who meets Tier 1 – Medical Institutional LOC and requires ventilator care or non-invasive positive pressure ventilation for at least eight (8) hours per day as a life-sustaining measure for chronic respiratory failure.

   B. A LOC prioritization score of two (2) shall be assigned to a child who meets Tier 1 – Medical Institutional LOC based on other complex skilled medical interventions.

   C. A LOC prioritization score of three (3) shall be assigned to a child who meets Tier 1 – Behavioral Institutional LOC based on both self-injurious behaviors and physically aggressive behavior toward others.

   D. A LOC prioritization score of four (4) shall be assigned to a child who meets Tier 1 – Behavioral Institutional LOC based on either self-injurious behaviors or physically aggressive behavior toward others.
(Rule 1200-13-01-.32, continued)

E. A LOC prioritization score of five (5) shall be assigned to a child who meets Tier 2 Institutional LOC - Standard 1: Medical.

F. A LOC prioritization score of six (6) shall be assigned to a child who meets Tier 2 Institutional LOC - Standard 2: Behavioral.

G. A LOC prioritization score of seven (7) shall be assigned to a child who meets Tier 2 Institutional LOC - Standard 3: Functional.

II. Children will be enrolled into an available Katie Beckett Group Part A program slot in numerical order in accordance with their LOC prioritization score. (For example, a child with a LOC prioritization score of 1 would be enrolled first; then a child with a LOC prioritization score of 2, then 3, etc.)

(II) Other Prioritization Criteria.

I. The second prioritization score shall be based solely on other prioritization criteria, as follows:

A. Prognosis of the child’s medical condition;

B. Intensive interventions;

C. Transportation and primary/specialty care needs;

D. Non-febrile seizures;

E. Nutrition/feeding;

F. Medications;

G. Caregiving; and

H. Additional caregiver burden.

II. Items considered within each domain, the value of the items, and the maximum scores and weightings of each domain shall be determined with input from a Technical Advisory Group comprised of clinical experts in treating children with complex medical needs and disabilities, parents of children with complex medical needs and disabilities; and advocacy representatives.

III. Each child determined eligible for Katie Beckett Group Part A shall have an other prioritization score between 0 and 100.

IV. The other prioritization score shall be taken into account only when two or more children have the same LOC prioritization score, it is the highest LOC prioritization score for an available program slot, and there are insufficient slots available to enroll all children with that LOC prioritization score. In that case, enrollment shall be based on the other prioritization criteria.
score for each child. The child with the highest other prioritization score would be enrolled first.

(III) In the event that two or more children have the same LOC prioritization scores, it is the highest LOC prioritization score for an available program slot, there are insufficient slots available to enroll all children with that LOC prioritization score, and two or more of the children also have the same other prioritization score, enrollment shall proceed in order based on the date each child was placed on the Katie Beckett Group Part A Waiting List.

2. Prioritization for Medicaid Diversion Group Part B shall be on a first come, first serve basis.

3. An Applicant or the Applicant’s legal representative may request an administrative review of the Katie Beckett Group Part A prioritization score(s) at any time. This request shall be submitted to TennCare in writing.

4. An Applicant may submit additional information that may affect the Katie Beckett Group Part A prioritization score(s) to DIDD at any time.

5. An Applicant shall not be granted a fair hearing regarding his or her prioritization score(s).

6. An Applicant shall be entitled to a determination regarding his or her eligibility to enroll in the Katie Beckett program. If the application is denied, the Applicant is entitled to due process, including notice and the right to request a fair hearing, only when the Applicant is determined to meet prioritization criteria for an available program slot and will be enrolled into the program if all applicable eligibility and enrollment criteria are met.

(d) Comparable Cost of Institutional Care.

1. To qualify for enrollment in Katie Beckett Group Part A or in the Continued Eligibility Group Part C, the estimated amount that would be expended by the Medicaid program for the child’s care outside an institution cannot be greater than the estimated amount that would otherwise be expended by the Medicaid program for the child’s care within an appropriate institution. This shall be called the “Comparable Cost of Institutional Care Requirement.”

2. The appropriate institution depends on the institutional level of care the child would otherwise qualify to receive, as determined by LOC eligibility criteria in Rule .11. For a child who meets either Tier 1 – Medical Institutional LOC or Tier 1 – Behavioral Institutional LOC, the appropriate institution shall be based on the level of care the child is at imminent risk of needing if medical assistance is not provided in the child’s home.

(i) For a child determined to meet Tier 1 – Medical Institutional LOC, the comparable cost of institutional care shall be based on the average cost of pediatric inpatient medical hospitalization as determined by TennCare. The basis of such cost shall be for non-critical care (i.e., outside the intensive care unit).

(ii) For a child determined to meet Tier 1 – Behavioral Institutional LOC, the comparable cost of institutional care shall be based on the average cost of pediatric inpatient psychiatric hospitalization as determined by TennCare.
(iii) For a child determined to meet Tier 2 – Institutional LOC, the comparable cost of institutional care shall be based on the average cost of services in a private Intermediate Care Facility for Individuals with Intellectual Disabilities, as determined by TennCare.

(iv) The comparable cost of institutional care for each applicable type of medical institution specified above may be adjusted annually as determined by TennCare.

3. Application of the Comparable Cost of Institutional Care Requirement.

(i) As part of the LOC eligibility determination process, TennCare or its third party contractor shall gather information regarding the Medicaid services expected to be needed upon enrollment in Katie Beckett. This may include but is not limited to review of medical records, recommendations of the child’s treating physician, or information provided by the child’s parent or legal guardian.

(ii) For children enrolled in Medicaid but determined to no longer qualify in any other open Medicaid category that are seeking enrollment in Katie Beckett Group Part A or the Continued Eligibility Group Part C, actual Medicaid utilization and expenditures shall be considered in estimating the cost of providing care in the home and community.

(iii) In order to qualify for enrollment in Katie Beckett Group Part A or the Continued Eligibility Group Part C, the child’s parent or legal guardian must sign a form confirming understanding of the Comparable Cost of Institutional Care Requirement and acknowledging that the child’s eligibility for initial and continued enrollment in Katie Beckett Group Part A or the Continued Eligibility Group Part C is dependent on the child meeting and continuing to meet the Comparable Cost of Institutional Care Requirement as described in this rule.

(iv) If the actual cost of a child’s Medicaid services exceeds the comparable cost of institutional care (prior to or during enrollment in the Katie Beckett Program), TennCare may reasonably expect that the estimated cost of services Medicaid would provide is greater than the comparable cost of institutional care, unless the child’s needs have changed significantly such that the same level of services will no longer be required going forward.

(v) The estimated cost of Medicaid services outside an institution shall include at least the following:

(I) The estimated cost of pediatric home health or private duty nursing services that would be provided by TennCare;

(II) The estimated cost of physical, occupational, speech, language and hearing services that would be provided by TennCare;

(III) The estimated cost of community-based behavioral health services that would be provided by TennCare (i.e., all non-hospital services, including community-based residential treatment, when applicable);

(IV) The estimated cost of durable medical equipment;
(Rule 1200-13-01-.32, continued)

(V) For children who will be enrolled in Katie Beckett Group Part A only, the estimated cost of any wraparound HCBS the child will receive.

(vi) Services for a child enrolled in Katie Beckett Group Part A or the Continued Eligibility Group Part C shall not be denied on the basis that the comparable cost of institutional care would be exceeded.

(vii) TennCare shall take action as appropriate to deny enrollment or to disenroll a child who no longer qualifies for enrollment in Katie Beckett Group Part A or the Continued Eligibility Group Part C because the Comparable Cost of Institutional Care Requirement is not met.

(viii) The Comparable Cost of Institutional Care Requirement shall be applied on a calendar year basis. For children enrolled in Katie Beckett Group Part A and the Continued Eligibility Group Part C, TennCare and the child’s MCO shall estimate and track actual cost of services as provided in subpart (v) across each calendar year.

(ix) The Comparable Cost of Institutional Care Requirement shall also be applied prospectively on a twelve (12) month basis. This is to ensure that a child’s PCSP does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of person and family-centered support planning, the child’s MCO will always estimate the actual cost of services forward for twelve (12) months in order to determine whether the Comparable Cost of Institutional Care Requirement will continue to be met based on the most current PCSP that has been developed. The cost of one-time services such as short-term services or short-term increases in services must be counted as part of the total cost of services for a full twelve (12) month period following the date of service delivery.

(x) If it can be reasonably anticipated, based on the services actually received or determined to be needed that the cost of Medicaid services in the community will exceed the comparable cost of Medicaid services in the appropriate institution, the child does not qualify to enroll in or to remain enrolled in Katie Beckett Group Part A or the Continued Eligibility Group Part C.

(xi) As the setting of a child’s Comparable Cost of Institutional Care does not, in and of itself, result in any increase or decrease in a child’s services, it is not considered an adverse action or give rise to appeal rights unless it will result in an adverse enrollment action.

(xii) Denial of enrollment and/or involuntary disenrollment because a child’s comparable cost of institutional care will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with this rule.

(5) Disenrollment from Katie Beckett. A Member may be disenrolled from Katie Beckett voluntarily or involuntarily.

(a) Voluntary disenrollment from Katie Beckett means the child’s parent or legal guardian has chosen to disenroll the child from the program, including all applicable benefits the child is receiving (see Paragraph (6)). Voluntary disenrollment from Katie Beckett Group Part A or the Continued Eligibility Group Part C includes voluntary disenrollment from Medicaid. No notice of action shall be issued regarding a parent or legal
guardian’s decision to voluntarily disenroll the child from Katie Beckett. Voluntary
disenrollment shall proceed only upon one of the following:

1. Receipt of a statement signed by the child’s parent or legal guardian voluntarily
requesting disenrollment;

2. The child’s admission to a medical institution for a period of at least thirty (30)
days unless the child is reasonably expected to discharge home soon, and upon
determination of Medicaid eligibility in another category; or

3. Election by the parent or legal guardian to enroll a child in Katie Beckett Group
Part A in an MCO that does not administer Part A of the Katie Beckett program
(i.e., any MCO other than TennCare Select.

(b) A child may be involuntarily disenrolled from Katie Beckett only by TennCare, although
such process may be initiated by DIDD or TennCare’s Contracted MCO. Reasons for
involuntary disenrollment include but are not limited to:

1. The child no longer meets one or more criteria for eligibility and/or enrollment as
specified in this Rule.

2. The child is deceased.

3. The child is no longer a resident of Tennessee.

(6) Benefits in the Katie Beckett Program.

(a) Katie Beckett Group Part A

1. Children enrolled in Katie Beckett Group Part A are eligible to receive all
medically necessary covered benefits available for children enrolled in TennCare
Medicaid, as specified in Rule 1200-13-13-.04, including EPSDT, and medically
necessary covered wraparound HCBS as specified below.

2. All Katie Beckett Group Part A HCBS must be specified in an approved Person-
Centered Support Plan and authorized by the MCO prior to delivery of the
service in order for MCO payment to be made for the service.

3. Katie Beckett Group Part A HCBS shall be limited to a maximum of $15,000 per
child per calendar year. There are no exceptions to this limit.

(b) Medicaid Diversion Group Part B

1. Children enrolled in Medicaid Diversion Group Part B are not eligible to receive
Medicaid State Plan services or EPSDT.

2. Children enrolled in Medicaid Diversion Group Part B are eligible to receive a
capped package of HCBS only, as specified below.

3. Medicaid Diversion Group Part B HCBS shall be limited to a maximum of
$10,000 per child per calendar year. There are no exceptions to this limit.

4. All Medicaid Diversion Group Part B HCBS must be specified in an approved ISP
and authorized by DIDD prior to delivery of the service in order for payment to be
made for the service.
(Rule 1200-13-01-.32, continued)

(c) Continued Eligibility Group Part C

1. Children enrolled in the Continued Eligibility Group Part C are eligible to receive all medically necessary covered benefits available for children enrolled in TennCare Medicaid, as specified in Rule 1200-13-13-.04, including EPSDT.

2. Children enrolled in the Continued Eligibility Group Part C are not eligible to receive any wraparound HCBS.

(d) Katie Beckett Group Part A ("Part A") wraparound HCBS and Medicaid Diversion Group Part B ("Part B") HCBS covered under the Katie Beckett Program and applicable individual benefit limits are specified below. The benefit limits are applied across all services received by the child regardless of whether the services are received through CD and/or a traditional provider agency. Corresponding limitations regarding the scope of each service are defined in Rule .02. Limitations on the total of all HCBS that can be received in a calendar year are specified in (a) and (b) above.

(7) Medical Necessity for Covered Katie Beckett Services.

(a) State Plan and EPSDT benefits. Medical necessity for all covered State Plan and EPSDT benefits, including physical and behavioral health, pharmacy, and dental services, for children enrolled in Katie Beckett shall be determined in accordance with Rule Chapter 1200-13-16. This includes all benefits for children eligible for Medicaid in the Continued Eligibility Group Part C.

(b) Katie Beckett Group Part A wraparound HCBS and Medicaid Diversion Group Part B Benefits. For Katie Beckett Group Part A wraparound HCBS and all Medicaid Diversion
Group Part B Benefits, pursuant to Rule 1200-13-16-.05(8), the following guidelines shall apply:

(c) In order to be medically necessary and therefore reimbursable as a covered Katie Beckett HCBS benefit, all of the following criteria must be met.

1. The service, including the type, amount, frequency and duration, must be specified in an approved PCSP, or for Medicaid Diversion Group Part B members, in the ISP approved by DIDD.

2. The service must be authorized by the appropriate entity, which shall be as follows:
   (i) For Katie Beckett Group Part A wraparound HCBS, the person’s MCO;
   (ii) For Medicaid Diversion Group Part B benefits, the Department of Intellectual and Developmental Disabilities;

3. The service, including the type, amount, frequency and duration, must meet one or more of the following:
   (i) Be of direct therapeutic or ameliorative benefit to the child’s medical needs or disabilities;
   (ii) Support the child’s full integration and participation in the community;
   (iii) Help to prepare the child for transition to employment and community living, with as much independence as possible; or
   (iv) Support and sustain the family’s ability to meet the child’s medical, physical, behavioral, functional and other support needs and reduce or prevent the risk of out-of-home placement.

4. The service must be the most cost-effective way of safely and effectively meeting the child’s needs in the home or community setting. If a less costly service or support or mix of services and supports that is available would safely meet the child’s needs in the community, the more expensive service requested is therefore not medically necessary and will not be provided.

5. The service must not supplant assistance that family members, friends, or others are able and willing to provide or that is available through other paid or unpaid supports. This includes services available under the Rehabilitation Act of 1973 or Individuals with Disabilities Education Act, regardless of whether the family chooses to receive such services.

(d) TennCare or the entity responsible for authorizing HCBS may develop and implement guidelines which can be used to further clarify how these decisions are made with respect to a particular benefit.

(e) Notwithstanding (c)1.–5. above, any medical or related item or service purchased for a child enrolled in Medicaid Diversion Group Part B and determined by the IRS to be eligible as an itemized deduction on Schedule A (Form 1040 or 1040-SR), or eligible for payment or reimbursement through a Health Reimbursement Account, Health Savings Account or Flexible Spending Account shall meet medical necessity requirements.
Each child enrolling or enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B shall be subject to an Expenditure Cap on the HCBS benefit package the child is eligible to receive. Each benefit package has a distinct Expenditure Cap, outlined below:

(a) For a child enrolled in Katie Beckett Group Part A, the expenditure cap shall be fifteen thousand dollars ($15,000) per calendar year. The Expenditure Cap shall apply to Katie Beckett wraparound HCBS only (not other Medicaid services). All Katie Beckett Group Part A wraparound HCBS shall be counted against the Expenditure Cap, including the cost of minor home modifications.

(b) For a child enrolled in Medicaid Diversion Group Part B, the Expenditure Cap shall be ten thousand dollars ($10,000) per calendar year. The Expenditure Cap shall apply to Medicaid Diversion Group Part B HCBS only (these are the only benefits the child is eligible to receive). All Medicaid Diversion Group Part B HCBS shall be counted against the Expenditure Cap, including the cost of minor home modifications.

1. The Expenditure Cap shall be used to determine the total cost of Katie Beckett HCBS a child can receive while enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B. The Expenditure Cap functions as a limit on the total cost of Katie Beckett Group Part A or Medicaid Diversion Group Part B HCBS that can be provided by the MCO or DIDD to the child in the home or community setting. Katie Beckett HCBS in excess of a child’s Expenditure Cap are non-covered benefits.

2. For a child in Katie Beckett Group Part A, the total cost of Katie Beckett wraparound HCBS shall also be counted in applying the Comparable Cost of Institutional Care Requirement.

3. A child shall not be entitled to receive services up to the amount of the Expenditure Cap. A child shall receive only those services that are medically necessary, as described in this Rule. Determination of the services that are medically necessary shall be based on a comprehensive assessment of the child’s needs and the availability of Natural Supports and other (non-TennCare reimbursed) services to meet identified needs, which shall be conducted by the child’s Nurse Care Manager or DIDD Case Manager and subject to any applicable utilization management review and approval processes.

   (i) For a child enrolled in Katie Beckett Group Part A, TennCare State Plan services shall not be counted against the child’s Expenditure Cap for Katie Beckett Group Part A wraparound HCBS.

   (ii) The annual HCBS Expenditure Cap shall be applied on a calendar year basis. TennCare and the child’s MCO or DIDD will track utilization of HCBS across each calendar year.

   (iii) The HCBS Expenditure Cap shall also be applied prospectively on a twelve (12) month basis. This is to ensure that a child’s PCSP/ISP does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of person and family-centered support planning, the child’s MCO or DIDD will always estimate the actual cost of services forward for twelve (12) months in order to determine whether the Expenditure Cap will continue be met based on the most current PCSP/ISP that has been developed. The cost of one-time services such as short-term services or short-term increases in services
must be counted as part of the total cost of services for a full twelve (12) month period following the date of service delivery.

(iv) Denial of or reductions of Katie Beckett HCBS based on a child’s Expenditure Cap shall constitute an adverse action, as defined in Rule 1200-13-13-.01 and shall give rise to notice of action and due process rights to request a fair hearing in accordance with Rule 1200-13-13-.11.

(9) Consumer Direction (CD).

(a) CD is a model of service delivery that affords the parent or legal guardian of a child enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B the opportunity to have more choice and control with respect to Eligible Katie Beckett HCBS that are needed by the child, in accordance with this Rule. CD is not a service or set of services.

(b) Katie Beckett HCBS eligible for CD (Eligible Katie Beckett HCBS).

1. CD shall be limited to the following HCBS:

   (i) Supportive Home Care.

   (ii) Hourly Respite. (Daily Respite shall not be available through CD.)

   (iii) Community Transportation.

2. Katie Beckett Group Part A or Medicaid Diversion Group Part B Members determined to need Eligible Katie Beckett HCBS may elect to receive one or more of the Eligible Katie Beckett HCBS through a Contract Provider, or they may participate in CD.

3. Katie Beckett Members who do not need Eligible Katie Beckett HCBS shall not be offered the opportunity to enroll in CD.

4. The model of CD that will be implemented in Katie Beckett is a modified budget authority model.

5. Each Eligible Katie Beckett HCBS identified in the child’s PCSP/ISP, that the child’s parent or legal guardian elects to receive through CD shall have an individual monthly or annual budget, as specified below.

6. The amount of the budget authorized for each Eligible Katie Beckett HCBS the child’s parent or legal guardian elects to receive through CD shall be based on a comprehensive needs assessment performed by the MCO Nurse Care Manager or DIDD Case Manager that identifies the child’s needs, the availability of family and other unpaid caregivers to meet those needs, and the gaps in care for which paid Katie Beckett HCBS may be authorized.

   (i) Each Eligible Katie Beckett HCBS received through CD shall have a separate budget.

   (ii) The budget for each Eligible Katie Beckett HCBS received through CD shall be based on the number of units of that service the child is assessed to need, subject to applicable benefit limits and the child’s Expenditure Cap.
(iii) Once the budget for each Eligible Katie Beckett HCBS is determined and authorized, the child's parent or legal guardian shall have flexibility to determine the rate of reimbursement for that service (subject to any limitations established by TennCare), and to purchase additional units of the service so long as the budget for that service is not exceeded.

(iv) The budget for each Eligible Katie Beckett HCBS shall be separately maintained. A child's parent or legal guardian shall not direct money from the budget for one Eligible Katie Beckett HCBS to purchase a different Eligible Katie Beckett HCBS, provided however, that a child's PCSP/ISP (and consequently, the budget for any affected Eligible Katie Beckett HCBS) may be amended based on the child's needs, as appropriate.

(v) Any money remaining in a child's monthly budget for Supportive Home Care or Community Transportation at the end of a month shall not be carried over to the next month, and cannot be used to purchase units of service in any other month.

(vi) Any money remaining in a child's annual budget for hourly Respite at the end of the calendar year shall not be carried over to the next year, and cannot be used to purchase additional units of service in a subsequent calendar year.

7. The amount of the budget for each Eligible Katie Beckett HCBS shall be authorized as follows:

(i) Supportive Home Care shall have a monthly budget if provided through Consumer Direction.

(I) A child's parent or legal guardian shall only direct CD Workers to provide Supportive Home Care up to the amount of the authorized monthly budget for that service.

(II) A child's parent or legal guardian shall not ask or allow a CD Worker to provide services in excess of the authorized monthly budget for that service.

(III) If a child's parent or legal guardian exhausts the child's authorized monthly budget for a service before the month has ended, additional services shall not be authorized for the remainder of the month.

(IV) If a child's parent or legal guardian is not able to manage services within the approved budget for the service, the child may not be able to remain in CD.

(ii) Community Transportation for children enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B shall have a monthly budget if provided through CD.

(I) The monthly budget shall be based on the number of days in the month that the child is expected to need Community Transportation services.

(II) The child's parent or legal guardian may receive the first month's budget allotment in advance. The advance monthly budget allotment
(Rule 1200-13-01-.32, continued)

shall be used to purchase only Community Transportation services as defined in this Rule Chapter.

(III) A child’s parent or legal guardian may purchase Community Transportation services in the most cost-efficient manner possible, including public transportation (e.g., bus passes), paying a co-worker to share gas expenditures, etc.

(IV) A child’s parent or legal guardian shall not reimburse any person who resides with the child for Community Transportation.

(V) The child’s parent or legal guardian is obligated to maintain a Community Transportation log and receipts for Community Transportation expenditures as required by TennCare and to submit such information on a monthly basis to his MCO.

(VI) A child’s parent or legal guardian shall only purchase Community Transportation up to the amount of the authorized monthly budget for that service.

(VII) The child’s parent or legal guardian shall be reimbursed only for documented purchases of Community Transportation services submitted to the MCO.

(VIII) A child’s parent or legal guardian shall not be reimbursed for Community Transportation services in excess of the authorized monthly budget for that service.

(IX) If a child’s parent or legal guardian exhausts the child’s authorized monthly budget for Community Transportation services before the month has ended, additional services shall not be authorized for the remainder of the month.

(X) If a child’s parent or legal guardian is not able to manage services within the approved budget for the service, the child may not be able to remain in CD.

(iii) Respite services for children enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B shall have an annual budget if provided through Consumer Direction.

(I) The annual budget shall operate on a calendar year (January 1 through December 31).

(II) A child’s parent or legal guardian who elects to receive the child’s Respite through CD shall receive up to 216 hours per year of Respite services. (Daily Respite shall not be available through CD.)

(III) A child’s parent or legal guardian shall only direct CD Workers to provide Respite services up to the amount of the authorized annual budget for that service.

(IV) A child’s parent or legal guardian shall not ask or allow a CD Worker to provide services in excess of the authorized annual budget for that service.
(Rule 1200-13-01-.32, continued)

(V) If a child’s parent or legal guardian exhausts the child’s authorized annual budget for Respite services before the calendar year has ended, additional services shall not be authorized for the remainder of the year.

(VI) If a child’s parent or legal guardian is not able to manage services within the child’s approved budget for the service, the child may not be able to remain in CD.

8. HH Services, PDN Services, and Katie Beckett HCBS other than those specified above shall not be available through CD.

(c) Eligibility for CD. To be eligible for CD, a child must meet all of the following criteria:

1. Be a Member of Katie Beckett Group Part A or Medicaid Diversion Group Part B.
2. Be determined by an MCO Nurse Care Manager or DIDD Case Manager, based on a comprehensive needs assessment, to need one or more Eligible Katie Beckett HCBS.
3. The child’s parent or legal guardian must be willing and able to serve as the Employer of Record for the child’s Consumer-Directed Workers and to fulfill all of the required responsibilities for CD. In limited exceptional circumstances, TennCare may permit the child’s parent or legal guardian to designate a qualified Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD. Assistance shall be provided to the child’s parent or legal guardian or in limited exceptional circumstances, the Representative for CD by the FEA.
4. The child’s parent or legal guardian or in limited exceptional circumstances, the Representative for CD and any Workers employed to provide services through CD must agree to use the services of TennCare’s contracted FEA to perform required Financial Administration and Supports Brokerage functions.

(d) Enrollment in CD.

1. The parent or legal guardian of a child enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B assessed to need one or more Eligible Katie Beckett HCBS may elect to participate in CD at any time.
2. Only the child’s parent or legal guardian may make the decision whether the child will participate in CD. The child’s parent or legal guardian must sign a CD participation form reflecting the decision.
3. Representative. In limited exceptional circumstances, TennCare may permit the child’s parent or legal guardian to designate a Representative for CD.
   (i) A Representative for CD must meet all of the following criteria:
      (I) Be at least eighteen (18) years of age;
      (II) Have a personal relationship with the child and understand the child’s support needs;
(Rule 1200-13-01-.32, continued)

(III) Know the child’s daily schedule and routine, medical and functional status, medication regimen, likes and dislikes, strengths and weaknesses; and

(IV) Be physically present in the child’s residence on a regular basis or at least at a frequency necessary to supervise and evaluate each Consumer-Directed Worker.

(ii) If a child’s MCO Nurse Care Manager or DIDD Case Manager believes that the person selected as the Representative for CD does not meet the specified requirements (e.g., the Representative is not physically present in the child’s residence at a frequency necessary to adequately supervise Workers), the MCO Nurse Care Manager or DIDD Case Manager may request that the child’s parent or legal guardian select a different Representative who meets the specified requirements. If the child’s parent or legal guardian does not select another Representative who meets the specified requirements, the MCO or DIDD may, in order to help ensure the child’s health and safety, submit to TennCare, for review and approval, a request to deny the child’s participation in CD.

(iii) A Representative for CD shall not receive payment for serving in this capacity and shall not serve as the child’s paid Worker for any Consumer-Directed Service.

(iv) Representative Agreement. A Representative Agreement must be signed by the child’s parent or legal guardian and the Representative in the presence of the MCO Nurse Care Manager or DIDD Case Manager. By completing a Representative agreement, the Representative confirms that he agrees to serve as the Representative for CD and that he accepts the responsibilities and will perform the duties associated with being a Representative for CD.

(v) A child’s parent or legal guardian may change the Representative at any time by notifying the child’s MCO Nurse Care Manager or DIDD Case Manager and the child’s Supports Broker that he intends to change Representative. The child’s MCO Nurse Care Manager or DIDD Case Manager shall verify that the new Representative meets the qualifications as described above. A new Representative Agreement must be completed and signed, in the presence of the child’s MCO Nurse Care Manager or DIDD Case Manager, prior to the new Representative assuming his respective responsibilities.

(e) Employer of Record.

1. If a child’s parent or legal guardian elects to participate in CD, he must serve as the Employer of Record. In limited exceptional circumstances where TennCare permits the parent or legal guardian to designate a Representative for CD, the Representative must serve as the Employer of Record.

2. The Employer of Record is responsible for the following:

   (i) Finding, interviewing, hiring and firing Workers;

   (ii) Determining Workers’ duties and developing job descriptions;
(Rule 1200-13-01-.32, continued)

(iii) Training Workers to provide personalized support based on the Member’s needs and preferences;

(iv) Scheduling Workers;

(v) Ensuring there are enough Workers hired to provide all of the support needed by the child (including when the Worker scheduled is unable to report to work);

(vi) Ensuring the Worker(s) keep correct time sheets for the services and supports provided;

(vii) Reviewing and approving hours reported by Consumer-Directed Workers;

(viii) Ensuring Workers provide only as much support as assigned to provide and as needed by the child;

(ix) Ensuring that no Worker provides more than 40 hours of support each week unless the parent or legal guardian of a child enrolled in Katie Beckett Group Part A or the Representative for CD has decided to pay overtime out of the child’s approved budget (a Worker delivering services to a child enrolled in Medicaid Diversion Group Part B shall not be permitted to provide more than 40 hours of support each week);

(x) Managing the services the child needs within the child’s approved budget for each service;

(xi) Supervising Workers;

(xii) Evaluating Worker performance and addressing any identified deficiencies or concerns;

(xiii) Setting wages from a range of reimbursement levels established by TennCare;

(xiv) Reviewing and ensuring proper documentation for services provided; and

(xv) Developing and implementing as needed a Back-up Plan to address instances when a scheduled Worker is not available or fails to show up as scheduled.

(f) Denial of Enrollment in CD.

1. Enrollment into CD may be denied by TennCare when:

   (i) The child is not enrolled in TennCare or in Katie Beckett Group Part A or Medicaid Diversion Group Part B.

   (ii) The child does not need one or more of the HCBS eligible for CD, as specified in the PCSP/ISP.

   (iii) The child’s parent or legal guardian is not willing or able to serve as the Employer of Record for the child’s Consumer-Directed Workers and to fulfill all of the required responsibilities for CD, and does not meet limited exceptional circumstances as determined by TennCare or have a qualified
Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD.

(iv) The child does not have an adequate Back-up Plan for CD.

(v) The child’s parent or legal guardian or in limited exceptional circumstances, the Representative for CD, or the Consumer-Directed Workers he wants to employ, are unwilling to use the services of TennCare’s contracted FEA to perform required Financial Administration and Supports Brokerage functions.

(vi) Other significant concerns regarding the child’s participation in CD which jeopardize the health, safety or welfare of the child.

2. Denial of enrollment in CD gives rise to notice and due process including the right to a fair hearing, as set forth in this rule.

(g) Fiscal Employer Agent (FEA).

1. The FEA shall perform the following functions on behalf of all Katie Beckett Group Part A or Medicaid Diversion Group Part B enrollees participating in CD:

(i) Financial Administration functions in the performance of payroll and related tasks; and

(ii) Supports Brokerage functions to assist the child’s parent or legal guardian (or the Representative for CD) with other non-payroll related tasks such as the completion of CD enrollment paperwork and assistance with employer functions as requested.

2. The FEA shall:

(i) Assign a Supports Broker to each Katie Beckett Member electing to participate in CD of Eligible Katie Beckett HCBS.

(ii) Provide initial and ongoing training to the child’s parent or legal guardian (or the Representative for CD) on CD and other relevant issues.

(iii) Verify Worker qualifications, including conducting background checks on Workers, enrolling Workers into TennCare, requesting from TennCare the assignment of Medicaid provider ID numbers, and holding TennCare provider agreements.

(iv) Provide initial and ongoing training to Workers on CD and other relevant issues such as the use of the FEA time keeping system.

(v) Assist the child’s parent or legal guardian (or the Representative for CD) in developing and updating Service Agreements.

(vi) Withhold, file and pay applicable federal, state and local income taxes; employment and unemployment taxes; and worker’s compensation.

(vii) Pay Workers for authorized services rendered within authorized timeframes.

(h) Back-up Plan for Consumer-Directed Workers.
1. The parent or legal guardian of each child participating in CD is responsible for the development and implementation of a Back-up Plan that identifies how the parent or legal guardian or the Representative for CD will address situations when a scheduled Worker is not available or fails to show up as scheduled.

2. The child’s parent or legal guardian may not elect, as part of the Back-up Plan, to allow the child to go without services.

3. The Back-up Plan for CD shall include the names and telephone numbers of contacts (Workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts.

4. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the child’s parent or legal guardian or his Representative for CD to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity, and for initiating the back-up plan when needed.

5. The child’s Back-up Plan for Consumer-Directed Workers shall be integrated into the child’s Back-up Plan for services provided by Contract Providers and the child’s PCSP/ISP.

6. The MCO Nurse Care Manager or DIDD Case Manager shall review the Back-up Plan developed by the child’s parent or legal guardian or his Representative for CD to determine its adequacy to address the child’s needs. If an adequate Back-up Plan cannot be provided to CD, enrollment into CD may be denied, as set forth in this Rule.

7. The Back-up Plan shall be reviewed and updated at least annually, and as frequently as necessary if there are changes in the type, amount, duration, scope of eligible Katie Beckett HCBS or the schedule at which such services are needed, changes in Workers (when such Workers also serve as a back-up to other Workers) and changes in the availability of paid or unpaid back-up Workers to deliver needed support.

8. A child’s parent or legal guardian may use Contract Providers to serve as back-up to Consumer Directed Workers only upon prior arrangement by the child’s parent or legal guardian or Representative for CD with the Contract Provider, inclusion in the child’s back-up plan, verification by the MCO Nurse Care Manager or DIDD Case Manager, prior approval by the MCO or DIDD, and subject to the child’s Expenditure Cap as described in Paragraph (8). If the higher cost of services delivered by a Contract Provider would result in a child’s Expenditure Cap being exceeded, the child’s parent or legal guardian shall not be permitted to use Contract Providers to provide back-up workers. A child’s MCO or DIDD shall not be required to maintain Contract Providers on “stand-by” to provide back-up for services delivered through Consumer Direction.

(i) Consumer-Directed Workers (Workers).

1. Hiring Consumer-Directed Workers.

(i) A child’s parent or legal guardian shall have the flexibility to hire individuals with whom they have a close personal relationship to serve as Workers, such as neighbors or friends.
(Rule 1200-13-01-.32, continued)

(ii) A child’s parent or legal guardian may hire family members, excluding spouses, to serve as Workers. However, a family member shall not be reimbursed for a service that he would have otherwise provided without pay. A child’s parent or legal guardian shall not be permitted to employ any person who resides with the child enrolled in Katie Beckett to deliver Supportive Home Care or hourly Respite services. A child’s parent or legal guardian shall not reimburse any person who resides with the child for Community Transportation.

(iii) The child’s parent or legal guardian may elect to have a Worker provide more than one service, have multiple Workers, or have both a Worker and a Contract Provider for a given service, in which case, there must be a set schedule which clearly defines when Contract Providers will be used.

2. Qualifications of Consumer-Directed Workers. Workers must meet the following requirements prior to providing services:

(i) Be at least eighteen (18) years of age or older;

(ii) Complete a background check that includes a criminal background check (including fingerprinting), or, as an alternative, a background check from a licensed private investigation company;

(iii) Verification that the person’s name does not appear on the State abuse registry;

(iv) Verification that the person’s name does not appear on the State and national sexual offender registries;

(v) Licensure verification, as applicable;

(vi) Verification that the person has not been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 128B(f) of the Social Security Act);

(vii) Complete all required training;

(viii) Complete all required applications to become a TennCare provider;

(ix) Sign an abbreviated Medicaid agreement;

(x) Be assigned a Medicaid provider ID number;

(xi) Sign a Service Agreement; and

(xii) If the Worker will be transporting the child as specified in the Service Agreement, a valid driver’s license and proof of insurance must also be provided.

3. Disqualification from Serving as a Consumer-Directed Worker. A child’s parent or legal guardian cannot waive the completion of a background check for a potential Worker. A background check may reveal a potential Worker’s past criminal conduct that may pose an unacceptable risk to the child. Any of the following findings may place the child at risk and may disqualify a person from serving as a Worker:
(Rule 1200-13-01-.32, continued)

(i) Conviction of an offense involving physical, sexual or emotional abuse, neglect, financial exploitation or misuse of funds, misappropriation of property, theft from any person, violence against any person, or manufacture, sale, possession or distribution of any drug; and/or

(ii) Entering of a plea of nolo contendere or when a jury verdict of guilty is rendered but adjudication of guilt is withheld with respect to a crime reasonably related to the nature of the position sought or held.

4. Individualized Assessment of a Consumer-Directed Worker with a Criminal Background.

(i) If a potential Worker’s background check includes past criminal conduct, the child’s parent or legal guardian or Representative for CD must review the past criminal conduct with the help of the FEA. The child’s parent or legal guardian or Representative for CD, with the assistance of the FEA, will consider the following factors:

(I) Whether or not the evidence gathered during the potential Worker’s individualized assessment shows the criminal conduct is related to the job in such a way that could place the child at risk;

(II) The nature and gravity of the offense or conduct, such as whether the offense is related to physical or sexual or emotional abuse of another person, if the offense involves violence against another person, or the manufacture, sale, or distribution of drugs; and

(III) The time that has passed since the offense or conduct and/or completion of the sentence.

(ii) After considering the above factors and any other evidence submitted by the potential Worker, the child’s parent or legal guardian or Representative for CD must decide whether to hire the potential Worker.

(iii) If a child’s parent or legal guardian or Representative for CD decides to hire the Worker, the FEA shall assist the child’s parent or legal guardian or Representative for CD in notifying the child’s MCO or DIDD of this decision and shall collaborate with the child’s MCO or DIDD to amend the child’s PCSP/ISP to reflect the parent’s or legal guardian’s or CD Representative’s decision to voluntarily assume the risk associated with hiring an individual with a criminal history and that the child’s parent or legal guardian or Representative for CD is solely responsible for any negative consequences stemming from that decision. The FEA shall also collaborate with the child’s MCO or DIDD, as applicable, on a risk mitigation strategy.

5. Service Agreement.

(i) The child’s parent or legal guardian or Representative for CD shall develop a Service Agreement with each Worker which includes, at a minimum:

(I) The roles and responsibilities of the Worker and the Employer of Record;

(II) The Worker’s typical schedule, as developed by the parent or legal guardian or Representative for CD, including hours and days;
(iii) The scope of each service, i.e., the specific tasks and functions the Worker is to perform;

(IV) The service rate; and

(V) The requested start date for services.

(ii) The Service Agreement must be in place for each Worker prior to the Worker providing services.

6. Payments to Consumer-Directed Workers.

(i) Rates. The parent or legal guardian of children participating in CD have the flexibility to set wages for the child’s Workers from a range of reimbursement levels established by TennCare.

(ii) Payments to Consumer-Directed Workers. In order to receive payment for services rendered, all Workers must:

(I) Deliver services in accordance with the services specified in the child’s PCSP or DIDD-approved ISP, the monthly or annual budget as approved in the MCO’s or DIDD’s service authorization, and in accordance with the schedule set by the child’s parent or legal guardian or the Representative for CD and Worker assignments determined by the parent or legal guardian or the Representative for CD.

(II) Use the FEA time keeping system to record in and out times for each visit in a manner compliant with the 21st Century Cures Act.

(III) Provide detailed documentation of service delivery including but not limited to the specific tasks and functions performed for the child at each visit, which shall be maintained in the child’s home.

(IV) Provide no more than forty (40) hours of services within a consecutive seven (7) day period, unless explicitly directed by the Employer of Record who by such direction, agrees to pay the worker over-time pay out of the child’s budget in accordance with the Fair Labor Standards Act. This shall reduce the amount of services that may be purchased for the child during that month.

(iii) Termination of Consumer-Directed Workers’ Employment.

(I) The Employer of Record may terminate a Worker’s employment at any time.

(II) The MCO or DIDD may not terminate a Worker’s employment, but may request that a child be involuntarily withdrawn from CD if it is determined that the health, safety and welfare of the child may be in jeopardy if the child’s parent or legal guardian or the Representative for CD continues to employ a Worker but the Employer of Record does not want to terminate the Worker.

(j) Withdrawal from Participation in Consumer Direction (CD).
(Rule 1200-13-01-.32, continued)

1. General.

(i) Voluntary Withdrawal from CD. The parent or legal guardian of a child participating in CD may voluntarily withdraw the child from participation in CD at any time. The request must be in writing. Whenever possible, notice of the parent’s or legal guardian’s decision to withdraw the child from participation in CD should be provided in advance to permit time to arrange for delivery of services through Contracted Providers.

(ii) Voluntary or involuntary withdrawal of a child from CD of Eligible Katie Beckett HCBS shall not affect the child’s eligibility for Katie Beckett HCBS or enrollment in Katie Beckett Group Part A or Medicaid Diversion Group Part B, provided the child continues to meet all requirements for enrollment in Katie Beckett as defined in this Chapter.

(iii) If a child is voluntarily or involuntarily withdrawn from CD, any Eligible Katie Beckett HCBS he receives shall be provided through Contract Providers, subject to the requirements in this Chapter.

2. Involuntary Withdrawal.

(i) A child may be involuntarily withdrawn from participation in CD of HCBS for any of the following reasons:

(I) The child is no longer enrolled in TennCare.

(II) The child is no longer enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B.

(III) The child no longer needs any of the Eligible Katie Beckett HCBS, as specified in the PCSP or DIDD-approved ISP.

(IV) The child’s parent or legal guardian is no longer willing or able to serve as the Employer of Record for the child’s Consumer-Directed Workers and to fulfill all of the required responsibilities for CD, and does not meet limited exceptional circumstances or have a qualified Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD.

(V) The child’s parent or legal guardian is unwilling to work with the MCO Nurse Care Manager or DIDD Case Manager to identify and address any additional risks associated with the decision to participate in CD, or the risks associated with the decision to participate in CD pose too great a threat to the child’s health, safety and welfare.

(VI) The health, safety and welfare of the child may be in jeopardy if the child’s parent or legal guardian or the Representative for CD continues to employ a Worker but the child’s parent or legal guardian or the Representative for CD does not want to terminate the Worker.

(VII) The child does not have an adequate Back-up Plan for CD.

(VIII) The child’s needs cannot be safely and appropriately met in the community while participating in CD.
(Rule 1200-13-01-.32, continued)

(IX) The child’s parent or legal guardian or the Representative for CD, or Consumer-Directed Workers he wants to employ are unwilling to use the services of TennCare’s contracted FEA to perform required Financial Administration and Supports Brokerage functions.

(X) The child’s parent or legal guardian or the Representative for CD is unwilling to abide by the requirements of the Katie Beckett CD program.

(XI) If the Representative for CD fails to perform in accordance with the terms of the Representative Agreement and the health, safety and welfare of the child is at risk, and the child’s parent or legal guardian wants to continue to use the Representative.

(XII) A Support Coordinator has determined that the health, safety and welfare of the child may be in jeopardy if the child’s parent or legal guardian or the Representative for CD continues to employ a Worker but the Employer of Record does not want to terminate the Worker.

(XIII) Other significant concerns regarding the child’s participation in CD which jeopardize the health, safety or welfare of the child.

(ii) TennCare must review and approve all MCO requests for involuntary withdrawal from CD of eligible Katie Beckett HCBS before such action may occur. If TennCare approves the request, written notice shall be given to the child and parent or legal guardian at least ten (10) days in advance of the withdrawal. The date of withdrawal may be delayed when necessary to allow adequate time to transition the child to Contract Provider services as seamlessly as possible.

(iii) The child and parent or legal guardian shall have the right to appeal involuntary withdrawal from CD.

(iv) If a child is no longer enrolled in TennCare or in Katie Beckett Group Part A or Medicaid Diversion Group Part B, participation in CD shall be terminated.

(10) Appeals.

(a) Appeals related to determinations of financial eligibility for TennCare Medicaid (including financial eligibility via the Katie Beckett program) are processed by TennCare, in accordance with Chapter 1200-13-19.

(b) Appeals related to the denial, reduction, suspension, or termination of a covered service are processed by TennCare in accordance with Rule 1200-13-13-.11 provided however that medical necessity for Katie Beckett Group Part A and Medicaid Diversion Group Part B HCBS shall be determined as provided in Paragraph (7). A child’s parent or legal guardian may request a fair hearing regarding any covered benefit not approved in the PCSP or DIDD-approved ISP that he believes the child needs.

(c) Appeals related to determinations of medical (or level of care) eligibility are processed by TennCare’s Division of Long-Term Services and Supports in accordance with Rule .11.

(d) Appeals related to a child’s enrollment or disenrollment of an individual in Katie Beckett or to denial or involuntary withdrawal from participation in CD are processed by the
TENNCARE LONG-TERM CARE PROGRAMS

(Rule 1200-13-01-.32, continued)

TennCare Division of Long-Term Services and Supports in accordance with the following procedures:

1. If enrollment into Katie Beckett or if participation in CD is denied, notice containing an explanation of the reason for such denial shall be provided. The notice shall include the person’s right to request a fair hearing within thirty (30) days from receipt of the written notice regarding valid factual disputes pertaining to the enrollment denial decision.

2. If a Member is involuntarily disenrolled from Katie Beckett, or if participation in CD is involuntarily withdrawn, advance notice of involuntary disenrollment or withdrawal shall be issued. This allows five (5) days mail time for receipt of the written notice and when applicable, five (5) days mail time for receipt of the written appeal.

4. In the case of involuntary disenrollment from Katie Beckett only, if the appeal is received prior to the date of action, continuation of Katie Beckett benefits shall be provided, pending resolution of the disenrollment appeal.

5. In the case of involuntary withdrawal from participation in CD, if the appeal is received prior to the date of action, continuation of participation in CD shall be provided, unless such continuation would pose a serious risk to the child’s health, safety and welfare, in which case, services specified in the PCSP or DIDD-approved ISP shall be made available through Contract Providers pending resolution of the appeal.

(e) A member may present all relevant and material evidence pertaining to the adverse action.

1200-13-02-.01 DEFINITIONS. The following definitions apply to nursing facility (NF) provider reimbursement. Additional definitions are contained in Chapter 1200-13-01.

1. Acceptable Cost Report – The skilled nursing facility (SNF) cost report (Medicare form 2540-10), or hospital health care complex cost report (Medicare form 2552-10), Medicaid supplemental cost report form, and required additional information. To be acceptable, the appropriate forms and required additional information must be filed with the Comptroller by the required due date, and meet the acceptance criteria on the acceptance check list. The Medicaid supplemental cost report form and acceptance check list are available on TennCare’s main website under the LTSS subsection.

2. Active MDS Assessment – A resident’s MDS assessment is considered active when it has been accepted by CMS. The assessment will remain active until a subsequent MDS assessment for the same resident is received by CMS, or the assessment becomes a Delinquent MDS Resident Assessment.

3. Administrative and Operating Cost Component – The portion of the Medicaid daily NF rate that is attributable to the general administration and operation of the NF. These costs include the allowable and reimbursable SNF/NF costs that are not included in the Direct Care Case Mix Adjusted, Direct Care Non-Case Mix Adjusted, Capital, Cost-Based, or Excluded cost components.

4. Annualized Medicaid Resident Day-Weighted Median Cost – A numerical value determined by arraying the per diem costs and total annualized Medicaid resident days of each NF provider from low to high and identifying the point in the array at which the cumulative total of all annualized Medicaid resident days first equals or exceeds half the number of the total annual Medicaid resident days for all Medicaid participating NF providers. The per diem cost at this point is the annualized Medicaid resident day-weighted median cost.

5. Appraisal Value – The most current depreciated NF appraised value as determined by the certified appraisal firm designated by TennCare. TennCare’s certified appraisal contractor must be selected through a formal procurement process for a single statewide contract.

6. Capital Cost Component – The portion of the NF rate that is designed to compensate providers for their capital costs. These cost centers include the SNF/NF portion of: 1) Capital
(Rule 1200-13-02-.01, continued)

Related Costs – Building and Fixtures cost center (and applicable subscripted cost centers); 2) The Capital Related Costs – Moveable Equipment (and applicable subscripted cost centers); and 3) Other Capital Related Costs (and applicable subscripted cost centers). If real estate tax cost related to the SNF/NF is reported in one of these cost centers, then real estate tax cost will be excluded from the capital cost component, and included in the cost-based component.

(7) Case Mix – A measure of the intensity of care a resident required, as documented on the MDS and measured using the RUG-IV 48 Grouper resident classification system. CMS nursing-only RUG weights will be utilized.

(9) CMS – The Centers for Medicare and Medicaid Services.

(10) Cost-Based Component – The portion of the per diem rate attributable to real estate taxes related to NF services, and NF provider assessment costs.

(11) Delinquent MDS Resident Assessment – An MDS assessment that is more than 113 days old as of the end date of the MDS assessment collection period for each semi-annual rate period, as measured from the Assessment Reference Date (ARD) field on the MDS.

(12) Direct Care Case Mix Adjusted Cost Component – The portion of the Medicaid daily NF rate that is attributable to salaries, contract labor, and direct/apportioned payroll tax and employee benefit expense for registered nurses (RN), licensed practical/vocational nurses (LPN/LVN), and certified nurse aides (CNA) or orderlies that are providing direct SNF/NF patient care services. Costs associated with SNF/NF administrative nursing functions (Director of Nursing (DON), Assistant Director of Nursing (ADON), Minimum Data Set (MDS) coordinator, Quality Assurance (QA) coordinator, In-service/training coordinator) are not included in this cost component. Direct care case mix adjusted cost also includes a proportionate allocation of pooled payroll taxes and employee benefits expenses. Pooled payroll taxes and employee benefits will be apportioned to this cost component using Medicare cost report cost apportionment mechanics. All cost component costs are subject to the methods of apportionment in the Medicare cost report. Any portion of cost component expenses that are allocated to non-reimbursable cost centers or non-nursing facility (SNF/NF) cost centers, as designated by TennCare, will be excluded from cost component totals.

(13) Direct Care Non-Case Mix Adjusted Cost Component – The portion of the Medicaid daily NF rate that is attributable to salaries, contract labor, and direct/apportioned payroll tax and employee benefit expense associated with NF DON and ADON duties, the cost of raw food and special dietary supplements reported on the Medicaid supplemental cost report (includes those dietary supplements used for tube feeding or oral feeding, such as elemental high nitrogen diet, even when prescribed by a physician as defined by CMS Publication 15-1, The Provider Reimbursement Manual – Part I, section 2203.1), and staff associated with the provision of social services and recreational activities to NF residents. Direct care non-case mix adjusted cost also includes a proportionate allocation of pooled payroll taxes and employee benefits expenses. Pooled payroll taxes and employee benefits will be apportioned to this cost component using Medicare cost report cost apportionment mechanics. All cost component costs are subject to the methods of apportionment in the Medicare cost report. Any portion of cost component costs that are allocated to non-reimbursable cost centers or non-nursing facility (SNF/NF) cost centers, as designated by TennCare, will be excluded from cost component totals.

(14) Excluded Cost Component – The portion of NF provider expense that will be excluded from allowable cost and not included in rate determination:
(Rule 1200-13-02-.01, continued)

(a) The Nursing and Allied Health cost center (and applicable subscripted cost centers).

(b) The Interns and Residents cost centers (and applicable subscripted cost centers).

(c) The ParaMed Program cost center (and applicable subscripted cost centers).

(d) The direct costs of all non-overhead (general services) and non-routine SNF/NF cost centers.

(e) Overhead (general service) cost center expense allocations to non-SNF/NF routine cost centers, outpatient cost centers, and non-reimbursable cost centers, as determined by TennCare.

(f) For hospital-based NF overhead (general services), cost allocations to cost centers other than the SNF/NF routine cost centers, are excluded from rate setting allowable costs.

(15) Fair Rental Value (FRV) – The methodology used to calculate the capital reimbursement per diem rate for Medicaid participating NF.

(16) Final Case Mix Index Report (FCIR) – A semi-annual report reflecting the Medicaid and facility-wide case mix index for each NF using the time-weighted acuity measurement system, and end of therapy dates.

(17) Fixed Assets – Buildings and building equipment, as described by CMS publication 15-1, The Provider Reimbursement Manual – Part 1, sections 104.2 and 104.3.

(18) Index Factor – The most recently published Skilled Nursing Facility without Capital Market Basket Index, as produced for subscribers by IHS Global Insight (IHS Economics), or a comparable index, if this index ceases to be produced.

(20) Medicare Cost Report – CMS Forms 2540-10 and 2552-10, or subsequent versions of these forms.

(21) Medicaid Supplemental Cost Report – The supplemental cost reporting schedules designated by TennCare. The Medicaid supplemental cost report form is available on TennCare’s main website under the LTSS subsection.

(22) Medicaid Nursing Facility-Wide Semi-Annual Average Case Mix Index – The calendar day weighted average, carried to four (4) decimal places, of all indices for each resident MDS assessment transmitted and accepted by CMS that is considered active within a given semi-annual rate period and where Medicaid is determined to be the primary per diem payer source. The resident case mix indices are calculated utilizing the time-weighted acuity measurement system.

(23) Minimum Data Set (MDS) – A core set of screening and assessment data, including common definitions and coding categories that form the foundation of the comprehensive assessment for all residents of long-term care NF providers certified to participate in the Medicaid program. The Tennessee reimbursement system will employ the current required MDS assessment as approved by CMS.
Neutralized – The process of removing cost variations associated with case mix. Neutralized cost is determined by dividing a provider’s inflated per diem direct care case mix adjusted costs by its cost report period average case mix index (CMI).

New Nursing Facility Provider – A provider whose licensed beds have not previously been certified for participation by the Medicaid program for NF level of care.

Nursing Facility Cost Report Period Case Mix Index – The calendar day weighted average of all applicable NF-wide semi-annual average case mix indices, carried to four (4) decimal places. The case mix index periods used in this weighted average will be the periods that most closely coincide with the NF provider’s cost reporting period that is used for rate setting. The average will be determined by weighting the applicable semi-annual case mix index periods by the number of days the MDS assessments were active during the cost reporting period. The semi-annual rate period case mix index averages will be calculated using the time-weighted acuity measurement system, and be inclusive of MDS assessments available as of the date of the applicable FCIRs.

For example, a NF provider with a 1/1/2016 to 12/31/2016 cost reporting period would have a nursing facility cost report period case mix index calculated by the following: ((6/30/2016 Rate Period CMI * 91 days) + (12/31/2016 Rate Period CMI * 183 days) + (06/30/2017 Rate Period CMI * 92 days)) / 366 days, rounded to four (4) decimals.

Nursing Facility-Wide Semi-Annual Average Case Mix Index – The calendar day weighted average, carried to four (4) decimal places, of all indices for all resident MDS assessments transmitted and accepted by CMS that are considered active within a given semi-annual rate period. The resident case mix indices are calculated utilizing the time-weighted acuity measurement system.

Preliminary Case Mix Index Report (PCIR) – The preliminary report that reflects the acuity of the residents in the NF. Resident acuity will be measured for each semi-annual rate period, utilizing the time-weighted acuity measurement system.

Quality Informed – A descriptor of any component of the NF reimbursement methodology that is adjusted based on the NF provider’s Quality Tier (e.g., Direct Care Case Mix Adjusted Cost Component and Direct Care Non-Case Mix Adjusted Cost Component) or other specified performance measures (e.g., Fair Rental Value).

Quality Tier – The NF provider’s classification within a specified range of scores on quality outcome measures.

Rate Year – A one-year period from July 1 through June 30 during which a particular set of rates are in effect, corresponding to a state fiscal year.

Rebase – The process of reestablishing cost component medians and reimbursement rates by incorporating the most recently audited or reviewed qualifying cost reports.

Resource Utilization Group-IV (RUG-IV) Resident Classification System – The resource utilization group used to classify residents. When a resident classifies into more than one RUG-IV group, or RUG-IV successor group, the RUG with the greatest CMI will be utilized to calculate the NF provider’s all residents average CMI and Medicaid residents average CMI. The nursing-only weights RUG-IV Version 1.03 Grouper, or its successor, will be utilized for rate determination purposes.

Sales Comparison Approach – Based upon the principle of substitution, when a property is replaceable in the market its value tends to be set at the cost of acquiring an equally desirable substitute property, assuming no costly delay in making the substitution. Since two (2)
properties are rarely identical, the necessary adjustments for differences in quality, location, size, services, and market appeal are a function of appraisal experience and judgment. Land is valued via the sales comparison approach.

(35) Semi-Annual Rate Period – A six (6) month period beginning July 1 or January 1 for which new NF provider reimbursement rates will be calculated. The semi-annual rate period will use all active MDS assessments for the time period beginning nine (9) months prior and ending three (3) months prior to the begin date of the semi-annual rate period.

For example, the July 1, 2018, semi-annual rate period will use active MDS assessment records from October 1, 2017, through March 31, 2018.

(36) TennCare - The program administered by the Single State Agency as designated by the State and CMS pursuant to Title XIX of the Social Security Act and the Section 1115 Research and Demonstration Waiver granted to the State of Tennessee; the name of the Division within the Tennessee Department of Finance and Administration encompassing all the health care related agencies located within F&A; and, the name of the Bureau which directly administers the program.

(37) Time-Weighted Acuity Measurement System (TW) – The case mix index calculation methodology that is compiled from the collection of all resident MDS assessments transmitted and accepted by CMS that are considered active within a given semi-annual rate period. The resident MDS assessments will be weighted based on the number of calendar days that the assessment is considered an active assessment within a given semi-annual rate period.

(38) Weighted Construction Year Age – The construction age is determined by subtracting the year the building or building addition was constructed as denoted in the appraisal report from the year the appraisal was performed by TennCare’s certified appraisal firm. The average of the construction year is weighted by the finished square footage associated with each separate building or addition as denoted in the appraisal report produced by TennCare’s certified appraisal firm.

1200-13-02-.02 DETERMINATION OF PAYMENT.

TennCare, in consultation with the Comptroller and the Tennessee Health Care Association (THCA), shall establish the rules for the determination of payment for services provided to Medicaid recipients as part of the NF program. Payment determination components shall include acuity adjusted direct care, non-acuity adjusted direct care, quality, administration, fair market value capital, and a cost-based component. Other NF stakeholders shall have input into the quality component of the rate.

1200-13-02-.03 CONDITIONS FOR REIMBURSEMENT OF NURSING FACILITY CARE.

(1) A NF must enter into a provider agreement with one (1) or more TennCare MCOs, for reimbursement of NF services.
(Rule 1200-13-02-.03, continued)

(2) A NF must be certified by the Tennessee Department of Health, showing that it has met the standards set out in 42 C.F.R. Part 442.

(3) A NF participating in TennCare shall be terminated as a TennCare provider if certification or licensure is canceled by CMS or the State. A NF whose certification was terminated may be recertified to provide Medicaid services and may be contracted to provide Medicaid services at the discretion of the MCOs.

(4) If a resident has resources to apply toward payment, including Patient Liability as determined by TennCare, or TPL, which may include LTC insurance benefits, the payment for NF services shall be the NF’s per diem rate for the applicable level of NF reimbursement authorized minus the resident’s available resources.

(5) Regardless of the Medicaid reimbursement rate established, a NF may not charge TennCare Enrollees an amount greater than the amount per day charged to Non-Medicaid payer patients for equivalent accommodations and services.

(6) The specific items and services covered by the NF program shall be those defined and approved by TennCare. A NF shall not charge a TennCare enrollee for a covered service. Non-covered services may be charged directly to the resident, upon prior notification by the NF to the resident that the service is not covered. Rule 1200-13-13-.08(5).

1200-13-02-.04 CONDITIONS FOR REIMBURSEMENT OF ENHANCED RESPIRATORY CARE.

(1) The NF must enter into a provider agreement with one (1) or more TennCare MCOs for the provision and reimbursement of Enhanced Respiratory Care (ERC) in a dual certified and licensed SNF/NF.

   (a) A TennCare MCO shall, pursuant to T.C.A. § 71-5-1412, contract with any NF for the provision of Medicaid NF services, but shall not be obligated to reimburse any NF for ERC.

   (b) Unless an exception is granted, a TennCare MCO shall not reimburse any NF for ERC unless such NF was contracted by the MCO for ERC Reimbursement as of July 1, 2016. An MCO may request an exception from TennCare to the moratorium on reimbursement for ERC upon the MCO’s demonstration of the need for additional capacity or improved quality in the geographic area in which the NF is located, and the NF’s compliance with all applicable conditions of ERC Reimbursement specified in this rule.

(2) The SNF/NF providing ERC services must be dual certified for the provision of Medicare SNF and Medicaid NF services, showing it has met the federal certification standards. Any NF providing ERC services in the TennCare Program shall be terminated by all TennCare MCOs as a TennCare provider if certification or licensure is canceled by CMS or the State.

(3) NFs providing ventilator weaning or chronic ventilator services and NFs receiving short-term reimbursement at the Sub-Acute Tracheal Suctioning Rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention, shall also meet or exceed the following minimum standards:
(Rule 1200-13-02-.04, continued)

(a) The NF shall ensure that medical direction of all Ventilator Weaning, Chronic Ventilator Care, and Sub-Acute Tracheal Suctioning services is provided by a physician licensed to practice in the State of Tennessee and board certified in pulmonary disease or critical care medicine as recognized by either the American Board of Medical Specialties or American Osteopathic Association, as applicable.

(b) A licensed respiratory care practitioner, as defined by T.C.A. § 63-27-102, shall be on site in the ventilator care unit twenty-four (24) hours per day, seven (7) days per week to provide:

1. Ventilator care;

The POC shall be developed with input and participation from the medical director of the NF’s ERC program as described in Subparagraph (a).

(d) The NF shall establish admissions criteria to ensure the medical stability of ventilator-dependent residents prior to transfer from an acute care setting. The NF shall maintain documentation regarding the clinical evaluation of each resident who will receive ERC for appropriateness of placement in the facility prior to admission.

(e) End tidal carbon dioxide (etCO2) or transcutaneous monitoring of carbon dioxide and oxygen (tcCO2) and continuous pulse oximetry measurements shall be available for all residents receiving Chronic Ventilator Care and provided based on the needs of each resident. For residents receiving Ventilator Weaning or Sub-Acute Tracheal Suctioning, continuous pulse oximetry shall be provided, and end tidal Carbon Dioxide (etCO2) measurements shall be provided no less than every four (4) hours, and within one (1) hour following all vent parameter changes, or for residents receiving Sub-Acute Tracheal Suctioning, after all tracheostomy tube changes, tracheostomy capping trials, or the use of speaking devices.

(f) An audible, redundant external alarm system shall be connected to emergency power and/or battery back-up and located outside the room of each resident who is ventilator-dependent for the purpose of alerting staff of resident ventilator disconnection or ventilator failure.

(g) Ventilator equipment (and ideally physiologic monitoring equipment) shall be connected to back-up generator power via clearly marked wall outlets.

(h) Ventilators shall be equipped with adequate back-up provisions, including:

1. Internal and/or external battery back-up systems to provide a minimum of eight (8) hours of power;
2. Sufficient emergency oxygen delivery devices (i.e., compressed gas or battery operated concentrators);

4. A minimum of one (1) patient-ready back-up ventilator which shall be available in the facility at all times.

   (i) The NF shall be equipped with current ventilator technology to encourage and enable maximum mobility and comfort, ideally weighing less than fifteen (15) pounds with various mounting options for portability (e.g., wheelchair, bedside table, or backpack).

   (j) The facility shall have an emergency preparedness plan specific to residents receiving ERC (i.e., Ventilator Weaning, Chronic Ventilator Care, or Sub-Acute Tracheal Suctioning) which shall specifically address total power failures (loss of power and generator), as well as other emergency circumstances.

   (k) The facility shall have a written training program, including an annual demonstration of competencies, for all staff caring for residents receiving ERC (i.e., Ventilator Weaning, Chronic Ventilator Care, or Sub-Acute Tracheal Suctioning), which shall include alarm response, positioning and transfers, care within licensure scope, and rescue breathing.

4. A NF must be operating in compliance with all of the conditions specified in Paragraph (3) in order to be eligible for ventilator Weaning, Chronic Ventilator Care, or Sub-Acute Tracheal Suctioning Reimbursement.

6. A NF contracted with one or more TennCare MCOs to receive only Secretion Management Tracheal Suctioning Reimbursement shall meet or exceed the following minimum standards:

   (a) A licensed respiratory care practitioner as defined by T.C.A. § 63-27-102, shall be on site a minimum of weekly to provide:

The POC shall be developed with input and participation from a licensed respiratory care practitioner as defined by T.C.A. § 63-27-102. Medical direction, including POC development and oversight for persons receiving Sub-Acute Tracheal Suctioning shall be conducted according to Paragraph (3).

   (c) The NF shall establish admissions criteria which meet the standard of care to ensure the medical stability of residents who will receive Secretion Management Tracheal Suctioning prior to transfer from an acute care setting. The NF shall maintain pre-admission documentation regarding the clinical evaluation of each resident who will receive Secretion Management Tracheal Suctioning for appropriateness of placement in the facility.
(d) Pulse oximetry measurements shall be provided at least daily with continuous monitoring available, based on the needs of each resident. For any resident being weaned from the tracheostomy, the following shall be provided:

1. Continuous pulse oximetry monitoring; and
2. End tidal Carbon Dioxide (etCO2) measurements at least every four (4) hours and within one (1) hour following tracheostomy tube changes, tracheostomy capping trials, or the use of speaking devices. Transcutaneous (tcCO2) shall not be appropriate for intermittent monitoring.

(e) Mechanical airway clearance devices and/or heated high flow molecular humidification via the tracheostomy shall also be available for secretion management, as appropriate for the needs of each resident.

(f) Oxygen equipment shall be connected to back-up generator power via clearly marked wall outlets.

(g) Adequate back-up provisions shall be in place including:

1. Sufficient emergency oxygen delivery devices (i.e., compressed gas or battery operated concentrators); and

(h) The facility shall have an emergency preparedness plan specific to residents receiving Secretion Management Tracheal Suctioning which shall specifically address total power failures (loss of power and generator), as well as other emergency circumstances.

(i) The facility shall have a written training program, including an annual demonstration of competencies, for all staff caring for residents receiving Secretion Management Tracheal Suctioning which shall include alarm response, positioning and transfers, care within licensure scope, and rescue breathing.

(7) When a NF establishes a “Tracheostomy Unit” by accepting Tracheal Suctioning Reimbursement, including Sub-Acute and Secretion Management, for more than three (3) residents on the same day, the licensed respiratory care practitioner described in Subparagraph (6)(a) shall be on site a minimum of daily for assessment, care management, and care planning of residents receiving Tracheal Suctioning.

(8) A NF must be operating in compliance with all of the conditions specified in Paragraph (6) in order to be eligible for Secretion Management Tracheal Suctioning Reimbursement.

(9) Eligibility for and access to ERC services by individuals from out-of-state is governed by 42 C.F.R. § 435.403. A NF shall not recruit individuals from other states to receive ERC in Tennessee. A NF shall not be eligible to receive TennCare reimbursement for ERC services for a resident placed by another state or any agency acting on behalf of another state in making the placement because such services are not available in the individual’s current state of residence, including residents admitted to the NF/SNF under the Medicare Skilled Nursing Facility care benefit when such benefit has been exhausted. The NF shall be responsible for arranging, prior to the resident’s admission to the facility, Medicaid reimbursement for ERC services from the Medicaid Agency of the state which placed the resident and which will commence when other payment sources (e.g., Medicare, private pay, but not TennCare) have been exhausted.
(Rule 1200-13-02-.04, continued)

(10) If the resident has available resources to apply toward payment, including Patient Liability or TPL, which may include LTC insurance benefits, the payment made by TennCare is the per diem rate established by TennCare minus the resident’s available resources.

1200-13-02-.05 COST REPORTS.

(1) TennCare, in consultation with the Comptroller and THCA, shall develop the cost report format and submission process to be followed by participating Medicaid NFs. Medicaid participating NFs are required to file annual cost reports in accordance with the following:

(a) Medicaid participating NFs are required to report their allowable costs on the following cost reports:

1. Medicare Cost Report
2. Medicaid Supplemental Cost Report

(b) The version of the Medicaid supplemental cost report required to be filed by the NF providers is the most recently available cost report version on TennCare’s website as of the end date of the provider’s fiscal year, unless notified by TennCare to use an alternate version. Older versions of the cost report will not be accepted.

(c) All proposed updates and changes to the Medicaid supplemental cost report will be shared with NF industry stakeholders prior to their implementation to ensure the provider community has ample notice and understanding of the changes.

(d) Separate cost reports must be submitted by the home office, central office, or related party management companies when costs of the entity are reported in the NF provider’s Medicare cost report or Medicaid supplemental cost report. The Medicare home office cost statement (CMS Form 287-05, or its successor), or an equivalent document must be filed with the provider’s cost report submission package.

(e) Cost reports must be submitted annually. The due date for filing annual cost reports is the last day of the fifth (5th) month following the NF provider’s fiscal year-end. The year-end utilized for the Medicare cost report and the Medicaid supplemental cost report must be the same.

(f) Changes of Ownership. In the event of a change in ownership (CHOW) of the NF, the previous owner shall be required to submit a final cost report, both Medicare and Medicaid supplemental cost reporting forms, from the date of its last fiscal year-end to the date of sale or lease.

1. The previous owner must file a final cost report pursuant to Subparagraph (i).
2. If the new legal entity continues the operations of the NF as a provider of Medicaid services, the new legal entity shall be required to furnish TennCare with an initial cost report from the date of purchase or lease to the new fiscal year-end selected by the new legal entity.
Initial Cost Report. The initial cost report submitted by all providers of NF services under the Medicaid program shall be based on the most recent fiscal year-end, and must be filed by the last day of the fifth (5th) month following the NF provider’s fiscal year end. The year-end utilized for the Medicare cost report and the Medicaid supplemental cost report must be the same.

1. TennCare at its discretion may allow for exceptions to the initial filing period.

2. Subsequent cost reports shall be submitted annually by each NF provider by the last day of the fifth (5th) month following the NF provider’s fiscal year-end.

New Nursing Facility Provider. A new NF provider may select an initial cost reporting period of at least one (1) month but not to exceed thirteen (13) months. The NF provider’s cost report must be filed by the last day of the fifth (5th) month following the NF provider’s fiscal year-end. Thereafter, the cost reports shall be submitted according to the guidelines for subsequent cost reports as defined in Subparagraph (e).

Final (Terminating) Cost Reports. When a NF provider ceases to participate in the Medicaid program, it must file a cost report covering a period up to the effective date the NF provider ceases to participate in the program. Depending upon the circumstances involved in the preparation of the NF provider’s final cost report, the NF provider may file for a period not less than one (1) month and not more than thirteen (13) months. The previous entity has until the end of the fifth (5th) month following the effective date the NF provider ceases to participate in the Medicaid program or the effective date of the CHOW (whichever applies) to submit the final cost report.

There shall be no automatic extension of the due date for the filing of cost reports. If a NF provider experiences unavoidable difficulties in preparing its cost report by the prescribed due date, a written request for an extension may be submitted to TennCare prior to the due date.

1. TennCare will have sole authority in approving both the extension and extension time frame.

2. Prior to approving a request for an extension, TennCare maintains the right to request additional information and supporting documentation from the NF in order to support the extension request.

Amended Cost Reports. The Comptroller may accept amended cost reports in electronic format for a period of up to twelve (12) months following the end of the cost reporting period, with the caveat that cost reports may not be amended after an audit or desk review has been initiated. TennCare maintains the right, at its discretion, to supersede the amended cost report filing caveat. Amended cost reports should include a letter explaining the reason for the amendment, an amended certification statement with original signature, and the electronic format completed amended cost reports. Each amended cost report submitted should be clearly marked with “Amended” in the file name.

The Medicare and Medicaid supplemental cost reports must meet all of the following minimum criteria to be deemed acceptable cost reports:

1. The NF Medicare and Medicaid supplemental provider and home/central office cost reports must be filed in the electronic format prescribed by TennCare.
(Rule 1200-13-02-.05, continued)

(b) The Medicaid supplemental cost report version utilized by the NF provider must be the most current version as of the end of its cost reporting period unless notified by TennCare to use an alternate version.

c) The cost reports must include all supporting documentation as required by the Medicaid supplemental cost report instructions and checklist.

d) Cost reports must be prepared according to Medicaid supplemental cost reporting instructions, CMS Publication 15-2, cost reporting instructions, and definitions of allowable and non-allowable costs contained in CMS Publication 15-1. The CMS publications will dictate allowable and non-allowable costs, except where Medicaid reimbursement rules and Medicaid supplemental cost reporting instructions are more specific as to the allowability of certain costs.

e) Medicaid specific accounting principles and allowable cost rules are as follows:

1. Only the straight-line method of computing depreciation is permitted.

2. Bad debt is not an allowable expense.

3. Costs may be included only for covered services as defined by federal regulations at 42 C.F.R. 483 Subpart B and TennCare.

4. Allowable cost must be adjusted for NF compensation limitations as detailed in Rules 1200-13-06-.11 and .12.

5. All cost report information shall be submitted consistent with generally accepted accounting principles unless state and federal rules and regulations require a separate treatment of an item. The accrual method of accounting is the only acceptable method for NF providers.

6. The Medicare cost report may allow more than one option for classifying costs according to CMS Publication 15, Provider Reimbursement Manual; however, Medicaid will only recognize costs in the cost component totals and direct care floor limit calculations based on the definitions of those cost components contained in this Chapter. If a NF provider classifies cost on the Medicare cost report in a manner other than in compliance with this Chapter, then the cost will be excluded from the applicable cost components and the direct care floor calculation, unless adjusted at audit or desk review.

7. The Medicaid NF assessment is an allowable cost to the Medicaid program; however, the NF assessment will be included in the excluded cost component for rate setting purposes.

(f) The Medicare and Medicaid supplemental cost reports must include consideration of all prior year adjustments and observations from Medicare and Medicaid audits, desk reviews, and settlements. Unresolved or protested prior year adjustments and observations should be noted in the cost reports or in a separate letter filed with the cost reports but cannot be disregarded.

g) Patient Accounts and Patient Funds. Gross charges to the patients’ accounts must match the charges to the patient log. Adjustments to the patients’ accounts must then be made to bring the actual charges in line with the contractual and legal collection limits of the various medical programs. All charges in the patients’ accounts must be supported by charge slips and the proper notes in the patients’ files and must correspond to the charges reported on TennCare billing forms. Personal funds held by
the provider for Medicaid patients used in purchasing clothing and personal incidentals must be properly accounted for with detailed records of amounts received and disbursed and shall not be commingled with NF funds. Patient funds in excess of $100 per patient must be kept in an insured interest bearing account. Interest earned must be credited to the patients. Bank fees or charges associated with resident trust fund accounts shall not be charged to or debited against individual resident trust fund accounts.

(h) Patient Logs and Census. Each facility must maintain daily census records and an adequate patient log. The format of the log is to be determined by each individual provider and may be combined with the revenue journal or other records at the convenience of the provider. This log must be sufficient to provide the following information on an individual basis and to accumulate monthly and yearly totals for Medicaid patients and for all other patients:

1. Days of service;
2. Charges for items and services covered by the Medicaid NF Program;
3. Charges for items and services not covered by the Medicaid NF Program;
4. Patient income applicable to the cost of covered items and services received by Medicaid NF patients;
5. Amounts collected and receivable from the Medicaid Program; and
6. Amounts collected and receivable from all other sources.

2. Directions for Completion of the Patient Log. The log should be maintained on a monthly basis with separate pages used for each month. Medicaid NF patients should be listed in a separate section of the log so that Medicaid NF program statistics can be generated. The columns should be completed and totaled as soon after the end of the month as the figures are available. Adjustments should be made to the monthly totals to reflect adjustments in the log due to changes in patient status, additional information, or other reasons. Complete explanations should accompany each adjustment. For non-TennCare patients, columns 8 through 14 can be omitted or adapted for other uses.

(3) Auditing of Cost Reports. The cost reports filed in compliance with this Chapter and all applicable provider records shall be subject to audit or desk review by the Comptroller. The cost reports filed in compliance with this Chapter must provide adequate cost and statistical data. This data must be based on and traceable to the provider’s financial and statistical records and must be adequate, accurate and in sufficient detail to support payment made for services rendered to beneficiaries. This data must also be available for and capable of verification by the Comptroller. The provider must permit the Comptroller to examine any records and documents necessary to ascertain information pertinent to the determination of the proper amount of program payments due. Data reflected on the cost report which cannot be substantiated may be disallowed.

(4) Records Retention. Each Medicaid participating provider of NF services is required to maintain adequate financial and statistical records which are accurate and in sufficient detail to substantiate the cost data reported. These records must be retained for a period of not less than ten (10) years from the date of the submission of the cost report, and the provider is required to make such records available upon demand to representatives of the Department of Finance and Administration, the Comptroller of the Treasury, or the United States Department of Health and Human Services.

1200-13-02-.06 REIMBURSEMENT METHODOLOGY FOR NURSING FACILITIES.

(1) Effective July 1, 2018, Medicaid participating NFs will be reimbursed using a case mix reimbursement system with quality informed rate components, and a stand-alone quality-based component. The initial base-year cost report data used to establish the case mix rates will be the most recently audited or desk reviewed NF cost reports covering a period greater than six (6) months, with an end date on or before December 31, 2015.

(2) The base-year annualized Medicaid resident day-weighted median costs and prices shall be rebased at an interval no longer than three (3) years after a new base year period has been established. The new base year median costs and prices will be established using the most recently audited or desk reviewed cost reports that have a cost reporting period greater than six (6) months, with a cost report end date eighteen (18) months or more before the start of the rebase period.
(Rule 1200-13-02-.06, continued)

(a) Cost reports issued a disclaimer of opinion during the audit process or cost reports containing substantial issues (including incomplete filing) during the desk review process, as solely determined by the Comptroller, will be excluded from the median and price calculations.

(b) Only audited or reviewed cost reports available prior to the July 1 rate setting will be considered in the median and price calculations.

(3) For rate periods between rebasing, an index factor shall be applied to the following:

(a) Direct care base year annualized Medicaid resident-day-weighted medians;

(b) Administrative and Operating base year annualized Medicaid resident-day-weighted medians; and

(c) The provider’s cost-based component.

(4) Each NF provider’s reimbursement rate will be determined through the sum of the following cost components:

(a) The sum of the NF provider’s direct care case mix adjusted cost component, direct care non-case mix adjusted cost component, and the direct care spending floor adjustment;

(b) The statewide administrative and operating cost component;

(c) The NF provider’s capital cost component (FRV);

(d) The NF provider’s cost-based component; and

(e) Adjustments to the rate.

(5) Determination of Rate Components.

(a) The NF provider’s direct care portion of the reimbursement rate is calculated as the sum of the direct care case mix adjusted cost component, the direct care non-case mix adjusted cost component, and the direct care spending floor adjustment.

1. The direct care case mix adjusted cost component reimbursement rate shall be determined as follows:

   (i) The per diem direct care case mix adjusted cost for each NF is determined by dividing the facility’s direct care case mix adjusted cost from the base year cost reporting period by the NF’s actual total resident days during the cost reporting period. These costs shall be trended forward from the midpoint of the NF provider’s base year cost reporting period to the midpoint of the rate year using the index factor.

   (ii) The per diem neutralized direct care case mix adjusted cost is calculated by dividing each NF provider’s inflated direct care case mix adjusted cost per diem by the NF provider’s NF cost report period case mix index.

   (iii) The per diem neutralized inflated direct care case mix adjusted cost, for each Medicaid participating NF that meets the criteria to be included in the cost component median, is arrayed from low to high and the annualized Medicaid resident-day-weighted median cost is determined.
(iv) The statewide direct care case mix adjusted price is established at one hundred six percent (106.00%) of the direct care case mix adjusted annualized Medicaid resident-day-weighted median cost.

(v) The statewide direct care case mix adjusted price is then multiplied by each NF’s own Medicaid NF-wide semi-annual average case mix index for the rate period to establish the direct care case mix adjusted cost component.

2. The direct care non-case mix adjusted cost component reimbursement rate shall be determined as follows:

(i) The per diem inflated direct care non-case mix adjusted cost for each NF provider is determined by dividing the facility’s direct care non-case mix adjusted cost during the base year cost reporting period by the NF provider’s actual total resident days during the cost reporting period. These costs shall be trended forward from the midpoint of the NF’s base year cost reporting period to the midpoint of the rate year using the index factor.

(ii) The per diem inflated direct care non-case mix adjusted cost, for each NF that meets the criteria to be included in the cost component median, is arrayed from low to high and the annualized Medicaid resident-day-weighted median cost is determined.

(iii) The statewide direct care non-case mix adjusted price is established at one hundred six percent (106.00%) of the direct care case mix adjusted annualized Medicaid resident-day-weighted median cost.

(iv) The statewide direct care non-case mix adjusted price is then multiplied by each NF provider’s direct care non-case mix adjusted quality incentive multiplier to establish the NF provider’s direct care non-case mix adjusted cost component.

(v) The direct care non-case mix adjusted quality incentive multiplier is determined by the NF provider’s Quality Tier. The quality incentive multiplier is determined as follows:

(I) Quality Tier 1 – One hundred five percent (105.00%) multiplier

(II) Quality Tier 2 – One hundred two and one-half percent (102.50%) multiplier

(III) Quality Tier 3 – One hundred percent (100.00%) multiplier

3. The direct care spending floor adjustment is calculated as follows:

(i) The sum of the NF provider’s direct care case mix adjusted and direct care non-case mix adjusted cost components calculated above are multiplied by the NF provider specific spending floor percentage to determine the direct care spending floor threshold.

(ii) The direct care spending floor percentage for each NF provider is determined by the NF provider’s Quality Tier. The spending floor percentage is determined as follows:
(Rule 1200-13-02-.06, continued)

(iii) The NF provider’s Medicaid NF-wide semi-annual case mix index is multiplied by the provider’s neutralized inflated direct care case mix adjusted cost. This calculated cost is then added to the NF provider’s inflated direct care non-case mix adjusted per diem cost to create the Medicaid direct care cost per diem.

(iv) The direct care spending floor adjustment is calculated as the lesser of the Medicaid direct care cost per diem minus the direct care spending floor threshold, or zero.

(v) As a transition to this new reimbursement methodology, during the initial base period (i.e., prior to first rate system rebase) the direct care spending costs used in the floor calculation will be updated each July 1 for those providers subject to the floor rate reduction effective July 1, 2018. This update will be as follows:

(I) The most recently audited or desk reviewed cost reports covering a period of six (6) months or more, with an end date eighteen (18) months or more prior to the July 1 rate setting period will be utilized in the spending floor calculation process.

(II) The per diem inflated direct care non-case mix adjusted cost for each NF provider is determined by dividing the facility’s direct care non-case mix adjusted cost during the applicable cost reporting period by the NF provider’s actual total resident days during the cost reporting period. These costs shall be trended forward from the midpoint of the applicable cost reporting period to the midpoint of the rate year using the index factor.

(III) The per diem direct care case mix adjusted cost for each NF is determined by dividing the facility’s direct care case mix adjusted cost from the applicable cost reporting period by the NF provider’s actual total resident days during the cost reporting period. These costs shall be trended forward from the midpoint of the cost reporting period to the midpoint of the rate year using the index factor.

(IV) The per diem neutralized inflated direct care case mix adjusted cost is calculated by dividing each NF provider’s inflated direct care case mix adjusted cost per diem by the NF provider’s NF cost report period case mix index.

(V) The per diem neutralized inflated direct care case mix adjusted cost is then multiplied by each NF provider’s own Medicaid NF-wide semi-annual average case mix index for the rate period to create the Medicaid direct care case mix adjusted cost per diem.
(VI) The Medicaid direct care case mix adjusted cost per diem is then added to the inflated direct care non-case mix adjusted cost per diem to create the Medicaid direct care cost per diem.

(VII) The reestablished Medicaid direct care cost per diem will be used for rate setting only if it is greater than the Medicaid direct care cost per diem utilized during the previous rate period.

(VIII) For those NF providers that were not subject to the floor rate reduction during the initial July 1, 2018, rate setting period, but subsequently become subject to the floor rate reduction due to direct care spending floor threshold changes over time, the annual process for reestablishing the Medicaid direct care cost per diem will be applied.

(IX) After the first reimbursement system rebasing, the annual reestablishment of the Medicaid direct care cost per diem will no longer be performed.

(b) The statewide administrative and operating cost component will be determined as follows:

1. The per diem administrative and operating cost for each NF provider is determined by dividing the provider’s administrative and operating cost during the base year cost reporting period by the NF provider’s actual total resident days during the cost reporting period. These costs shall be trended forward from the midpoint of the NF provider’s base year cost reporting period to the midpoint of the rate year using the index factor.

2. The per diem administrative and operating cost, for each NF that meets the criteria to be included in the cost component median, is arrayed from low to high and the annualized Medicaid resident-day-weighted median cost is determined.

3. The statewide administrative and operating cost component is established at one hundred one percent (101.00%) of the administrative and operating annualized Medicaid resident-day-weighted median cost.

4. Every NF provider will receive the statewide administrative and operating cost component as reimbursement in full for its administrative and operating expenditures.

(c) The capital cost component of the reimbursement rate shall be based on a fair rental value (FRV) appraisal based reimbursement system, in lieu of reimbursement for capital specific costs such as depreciation, amortization, interest, rent/lease expense, etc. The capital cost component will be determined as follows:

1. Each NF provider will receive an appraisal from TennCare’s certified appraisal contractor. TennCare’s certified appraisal contractor must be selected through a formal procurement process for a single statewide contract.

2. NF appraisal values will be subject to a statewide mandatory reappraisal process in conjunction with the second (2nd) rebase following the implementation of new statewide appraisal values.

3. A NF provider may apply for a voluntary reappraisal. The voluntary NF reappraisal will be effective for rate setting purposes beginning with the semi-annual rate
period directly following the completion of the reappraisal process. The reappraisal process will not be determined complete until the reappraisal is final. To obtain a voluntary reappraisal, the NF must meet all of the following criteria:

(i) The NF satisfies one of the following conditions:

(I) NF provider has moved its certificate of need/operations to a new permanent location. The new location is not required to be new construction. However, if the new location is one that has a current active appraisal or reappraisal valuation, the provider will be given the active appraisal value for rate setting purposes.

(II) NF provider has moved more than ten percent (10%) of its total licensed bed capacity to a new location on the current NF campus, and the new location was not previously included in any appraisal or reappraisal process.

(III) NF provider has performed and placed into service within the last 12 months a renovation/improvement greater than or equal to fifteen percent (15%) of its current net depreciated facility appraisal value (excluding land, but including site improvements). The total cost of the renovation shall only consider the cost of fixed assets as defined in this Chapter.

(IV) Any renovation/improvement included in a previous appraisal/reappraisal process must not be considered when determining if the reappraisal participation criteria has been met.

(ii) The NF has provided sufficient documentation to TennCare to support it has satisfied one of the conditions in subpart (i) above.

(iii) The NF agrees to utilize the certified appraisal firm and appraisal methodology designated by TennCare.

(iv) The NF agrees to be responsible for the cost of the appraisal.

(v) The NF agrees that all semi-annual capital improvement updates submitted prior to the reappraisal request will be considered as part of the new reappraisal, and removed from being separately considered in the rate setting process.

4. TennCare’s appraisal contractor will utilize the Marshall and Swift (Boeckh) Building Valuation System for Nursing Facilities, or its successor, to calculate the fee simple replacement cost (undepreciated and depreciated) of the building(s), site improvements and the market value of land for each NF provider.

(i) The fee simple replacement cost of buildings and site improvements is calculated using the cost approach appraisal method.

(ii) Only physical deterioration is considered. The appraisals are performed under the assumption that the NF is financially and functionally viable and economic obsolescence is not considered.

(iii) Land values are determined using the sales comparison approach.

5. Determination of the Building(s) fee simple replacement cost.
(Rule 1200-13-02-.06, continued)

(i) The comparative unit method (calculator method) from Marshall and Swift section 15, or its successor, is utilized for this calculation.

(I) All costs, multipliers, and economic lives are directly pulled from the Marshall and Swift Commercial Estimator 7, or its successor.

(II) Only physical depreciation is considered, and assumptions are made that no obsolescence is present.

(III) Physical depreciation is determined based on the certified appraiser’s opinion of effective age based on the actual age of the facility and renovations and updates over time.

(IV) Only fixed assets are determined through the appraisal process. Moveable equipment values are determined separately.

(ii) First, an actual weighted age of the facility is determined based on the age of building improvements, and the square footage of each section. Separate buildings or additions to original buildings may be separately valued by the appraiser, if determined necessary. The weighted age will then be grouped into the following ranges:

<table>
<thead>
<tr>
<th>Actual Age</th>

</tbody>
</table>

(iii) After the determination of implied age, recent NF provider capital improvements will be considered to determine whether the implied age needs to be adjusted for depreciation purposes. Capital improvements submitted by the NF provider during the appraisal process are considered for effective age purposes. The allowed range of placed in service dates of capital improvements allowed for submission will be determined by TennCare.

(iv) The final calculated effective age (implied age less improvement considerations) will be divided into an economic life based on Marshall and Swift guidelines as detailed in the table below. At no time will remaining economic life (economic life less effective age) be less than 10 years.

6. Determination of Site Improvement fee simple replacement cost. Site improvement cost estimates are based on Marshall and Swift section 66, or its successor. The site improvements will be depreciated based on a 15 year economic life.

7. Determination of Land Market Value. Land values are determined through the sales comparison approach.

(i) Sales and listings of vacant land comparable to the subject property are collected and analyzed.

(ii) The appraiser adjusts the prices to some common unit of comparison, and then adjusts the prices for market conditions, location, physical characteristics, available utilities, zoning, highest and best use, and other relevant variations.

(iii) From this information the appraiser derives a unit value applicable to the NF. This unit value is then utilized to establish the market value of land as if it was vacant.

(iv) The maximum value of land used in determining FRV per diem rates will be $7,500.00 per licensed bed. Licensed beds used in this calculation will be total current NF licensed beds as of the April 1 prior to each July 1 rate setting.

(v) The lesser of the maximum land value or the appraised land value will be the allowable land value utilized for FRV calculation purposes.

8. Fair Rental Value Per Diem Calculation.

(i) The undepreciated and depreciated values of the NF provider’s building(s), site improvements, and land (which is not depreciated) are determined through the appraisal process.

(ii) The depreciated values are subtracted from the undepreciated values to determine the total value of depreciation.

(iii) The calculated depreciation is then modified in the following manner to determine the total modified depreciation to be applied to the fair rental value system:

   (I) NF providers with a weighted construction year age less than thirty (30) years will have calculated depreciation multiplied by fifty percent
(50%) to determine their total modified depreciation to be applied to the fair rental value system.

(II) NF providers with a weighted construction year age of thirty (30) years or more will have their calculated depreciation multiplied by seventy percent (70%) to determine their total modified depreciation to be applied to the fair rental value system.

(iv) Total modified depreciation is subtracted from the undepreciated facility values (buildings, site improvements, and allowable land) and the value of NF provider fixed asset additions is added to the totals to determine total base facility value.

(v) The total base facility value is then compared to a maximum allowable base value threshold.

(vi) The maximum allowable base facility value threshold is established by multiplying the NF provider total licensed beds by $75,000. NF providers may increase the per licensed bed threshold of $75,000 based on their specific Medicaid private room resident day percentage. The Medicaid private room resident day percentage is calculated from base year cost report Medicaid private room resident days divided by total base year bed days available. Each NF provider is then compared to the thresholds established in the table below to determine any additions to the total per licensed bed value.

(vii) A moveable equipment value will be determined for each provider by multiplying total licensed beds by $7,500.

(viii) The lesser of the maximum allowable base facility value threshold or the actual total base facility value calculated above will be added to the total moveable equipment value to determine the total facility value.

(ix) The total facility value will be multiplied by a rental factor to establish an annual fair rental value. The rental factor will vary depending on the NF provider’s quality tier. The rental factor will be established as follows:

(I) Quality Tier 1 – Eight and seven-tenths percent (8.70%)

(II) Quality Tier 2 – Eight and thirty-five hundredths percent (8.35%)

(III) Quality Tier 3 – Eight percent (8.00%)

(x) The annual fair rental value will be divided by the greater of total annualized actual resident days, or the minimum occupancy percentage threshold of eighty-five percent (85%) of annualized licensed beds capacity of the provider to establish the provider’s fair rental value per diem.
(Rule 1200-13-02-.06, continued)

(xi) The licensed beds utilized for fair rental value purposes will be recognized once annually. Total NF licensed beds will be determined using the current facility licensed beds as of the April 1 prior to each July 1 rate setting.

(xi) No depreciation or inflation factors will be applied to the appraisal totals in non-appraisal years.

(i) In order to continue to incentivize providers to perform capital improvement in non-appraisal years, TennCare will allow each NF provider to modify its total facility value on a semi-annual basis for capitalized fixed assets if they meet the following requirements:

(I) The request for modification of total facility value is submitted at a minimum three (3) months prior to the July 1 or January 1 rate setting periods, and the modification is reported on the applicable form designated by TennCare.

(II) The total capitalized fixed assets are greater than $1,000 per licensed bed. Licensed bed totals will be determined as of the April 1 following the submission for modification.

(III) The cost must be capitalized according to CMS Publication 15-1, The Provider Reimbursement Manual – Part 1, and have been placed into service within the previous 12 months prior to the submission date of the modification request.

(IV) Capitalized assets must contain only fixed assets as defined by CMS Publication 15-1, The Provider Reimbursement Manual – Part 1, sections 104.2 and 104.3. Major movable equipment that has been capitalized must not be included for modification purposes.

(V) The capitalized assets must be reported to TennCare net of any grant monies or insurance proceeds associated with the purchasing of the asset.

(ii) Qualifying capitalized fixed asset expenditures will be added to the total facility base value portion of the FRV per diem calculation.

(iii) No inflation or depreciation will be applied to the qualifying items.

(iv) A NF statewide mandatory appraisal or voluntary reappraisal will eliminate all previously submitted and accepted fixed asset addition amounts from the FRV per diem calculation.

(v) Request for modification will not be accepted during a statewide mandatory appraisal year, as it is assumed the provider will have received credit for these items within the appraisal process, regardless of whether or not the provider actually submitted the information to TennCare’s certified appraisal firm.

(d) Cost-Based Component. The NF provider’s cost-based component is the sum of the provider’s NF related real estate tax per diem calculation and the provider assessment cost-based reimbursement rate determined by TennCare. The cost-based component is determined as follows:
1. The NF provider’s NF real estate tax cost reported on the Medicaid supplemental cost report is divided by the greater of actual base year cost report resident days or eighty-five percent (85%) of base year cost report licensed beds capacity of the provider. These costs shall be trended forward from the midpoint of the NF provider’s base year cost reporting period to the midpoint of the rate year using the index factor.

2. The provider assessment cost-based reimbursement rate is determined by TennCare for only the Medicaid share of the provider assessment cost incurred by NF providers. NF providers will receive their cost-based reimbursement rate based on their specific provider class. The provider class will be determined for each NF provider from the cost report year information utilized in the calculation of the provider assessment. The provider class criteria and associated provider assessment cost-based reimbursement rate are determined as follows:

   (i) NF providers with 50,000 or more annual Medicaid patient days. The reimbursement rate is calculated as the total assessment fee collected from this class of NF providers divided by total class resident days (all payer types).

   (ii) NF providers that are designated as Continuing Care Retirement Center (CCRC), or NF providers with 50 or fewer licensed beds. The reimbursement rate is calculated as the total assessment fee collected from this class of NF providers divided by total class resident days (all payer types).

   (iii) New NF Providers. The reimbursement rate is calculated as $2,225 divided by the number of calendar days in the rate year.

   (iv) All other Medicaid participating NF providers that do not meet the criteria for subparts (i), (ii) or (iii) above. The reimbursement rate is calculated as the total assessment fee collected from this class of NF providers divided by total class resident days (all payer types).

(e) Adjustments to the Reimbursement Rate.

1. Adjustments to the Medicaid daily rate may be made when changes occur that will eventually be recognized in updated cost report data, for example an increase in the federal minimum wage rate. These adjustments would be effective until the next rebasing of cost report data or until such time as the cost reports fully reflect the change. Adjustments to the rate will be made solely at the discretion of TennCare.

2. Budget Adjustment Factor (BAF). For the beginning of each state rate year effective July 1st TennCare will establish a NF program budget target and compare that to the annual expected Medicaid expenditures on nursing facility days for the upcoming rate year using established rate setting mechanics. TennCare will establish the BAF to adjust the annual expected Medicaid expenditures to meet the program’s NF budget target. The BAF may be positive or negative and will be applied as an across the board percentage adjustment to all providers reimbursement rate components calculated according to this rule. The following is the detailed calculation of the BAF:

   (i) Rate System Expected Cost
(Rule 1200-13-02-.06, continued)

(I) Projected July 1 Provider Reimbursement Rates Calculated Using All Applicable Reimbursement Provisions Specified within this Chapter (prior to application of the BAF)

(II) \( \times \) New Cost Report Medicaid Days (From Most Recent Comptroller Reviewed Cost Report data, or paid claims data if TennCare determines this data source to be more appropriate)

(III) = Expected Cost of NF Reimbursement System.

(ii) NF Budget Target

(I) Projected July 1 Provider Reimbursement Rates Calculated Using All Applicable Reimbursement Provisions Specified within this Chapter (prior to application of the BAF)

(II) \( \times \) New Cost Report Medicaid Days (From Most Recent Comptroller Reviewed Cost Report data, or paid claims data if TennCare determines this data source to be more appropriate)

(III) = Target Cost of NF reimbursement System Prior to Adjustments

(IV) +/- State Budgetary Adjustments

(V) = Final Budget Target of NF Reimbursement System.

(iii) BAF Calculation

(I) NF Budget Target / Rate System Expected Cost = BAF % to apply to all provider rates.

(II) For each non-July 1 rate setting period, TennCare will recalculate the BAF to accommodate changes to the reimbursement system from new CMI, new facilities, legislative mandates, and other factors. The BAF is applied to all provider reimbursement rate components, and will be adjusted to ensure the state will continue to meet the NF budget target. The BAF adjustment may be positive or negative depending on circumstance.

3. For rate setting periods from July 1, 2018, to June 30, 2020, a phase-in of provider reimbursement rates will occur in an effort to ease the transition for providers to the case mix reimbursement system. The phase-in process will be calculated as follows:

(i) A NF provider’s base reimbursement rate will be established as the Medicaid day weighted average of the Level 1 and Level 2 NF reimbursement rate in effect for each NF provider on July 1, 2017, as determined on January 1, 2018. The Medicaid day weighted average will also consider the NF provider’s quarterly bridge payments for acuity and quality. The base reimbursement rate will be the starting point for all phase-in calculations.

(ii) For each July 1 rate setting, the current base reimbursement rates shall be trended forward from the midpoint of the previous rate year to the midpoint of the new rate year using the index factor.
(iii) The provider’s case mix system reimbursement rate will be determined according to the rate calculation procedures identified in this rule.

(iv) The reimbursement rate differential will be determined by subtracting the NF provider’s base reimbursement rate from the applicable case mix system reimbursement rate.

(v) If the calculated reimbursement rate differential exceeds a positive or negative TennCare determined corridor amount, then a rate adjustment will be applied to the NF provider’s case mix system reimbursement rate in an amount equal to the difference between the rate differential total and the corridor amount, in order to ensure the NF provider’s reimbursement rate is not increased or decreased more than the corridor amount from the calculated base reimbursement rate.

(vi) Effective for rate periods beginning July 1, 2018, the corridor amount will be a floor of minus six dollars ($-6) from the base reimbursement rate, with the ceiling being determined at an amount above the base reimbursement rate necessary to achieve statewide budget neutrality.

(vii) Effective for rate periods beginning July 1, 2019, the corridor amount will be a floor of minus twelve dollars ($-12) from the base reimbursement rate, with the ceiling being determined at an amount above the base reimbursement rate necessary to achieve statewide budget neutrality.

(viii) Effective for rate periods beginning July 1, 2020, the case mix system reimbursement rate will no longer be subjected to a phase-in.

1200-13-02-.07 CASE MIX INDEX CALCULATION.

(1) The Resource Utilization Groups-IV (RUG-IV) Version 1.03, 48-Grouper, or its successor, index maximizer model shall be used as the resident classification system to determine all case mix indices, using data from the minimum data set (MDS) submitted by each NF provider. Standard Version 1.03, or its successor, case mix indices developed by CMS, using nursing-only RUG weights, shall be the basis for calculating average case mix indices to be used to adjust the direct care case mix adjusted cost component.

(2) Each resident in the facility with a completed and submitted assessment shall be assigned a RUG-IV 48-Grouper, or its successor. The RUG-IV 48 Grouper, or its successor, will be calculated using each resident MDS assessment transmitted and accepted by CMS. These assessments are then translated to the appropriate case mix index using the time-weighted acuity measurement system. Using the individual resident case mix indices, two NF provider case mix indices are calculated, the NF-wide semi-annual average case mix index and the Medicaid NF-wide semi-annual average case mix index. The two case mix indices for each Medicaid participating NF shall be determined two times per year.

1200-13-02-.08 CASE MIX INDEX REPORTS PROCESS.

1. TennCare or its contractor shall provide each NF provider with the Preliminary Case Mix Index Report (PCIR) by approximately the fifteenth (15th) day of the second (2nd) month following the end of the MDS assessment collection period for each semi-annual rate period. The PCIR will serve as notice of the MDS assessments transmitted and provide an opportunity for the NF provider to correct and transmit any missing MDS assessments or tracking records or apply the CMS correction policy where applicable.

2. As part of the PCIR process, providers are required by TennCare to verify the end of therapy dates associated with their submitted MDS assessments. TennCare will designate the format and process providers must follow in order to satisfy the end of therapy dates reconciliation process. Should a provider choose not to perform the reconciliation of therapy dates, records with no discernable end of therapy date will be given a default date of two days after the start of therapy date associated with the record.

3. TennCare or its contractor shall provide each NF provider with a Final Case Mix Index Report (FCIR) utilizing MDS assessments after allowing the NF provider two (2) weeks, or ten (10) business days, to process its corrections. TennCare may extend this time period if a request is received from the provider.

   a. A cut-off date will be published for each case mix index report period. New or revised MDS assessment records or end of therapy date updates submitted by the NF provider after the cut-off date will not be included in the case mix index FCIR. TennCare, at its sole discretion, may override the cut-off date if there are extraordinary circumstances affecting a provider’s ability to submit information.

   b. If TennCare determines that a NF provider has delinquent MDS resident assessments, for purposes of determining both average CMIs, such assessments shall be assigned the case mix index associated with the RUG-IV group “BC1-Delinquent” or its successor. A delinquent MDS shall be assigned a CMI value equal to the lowest CMI in the RUG-IV, or its successor, classification system.

4. The case mix index values from the FCIR will be utilized in establishing NF provider reimbursement as described in Rule .06.

1200-13-02-.09 NEW NURSING FACILITY PROVIDERS.

1. The reimbursement rate for new NF providers will be determined following the methodology detailed in Rules .06 - .08 with the following exceptions:

   a. The provider’s Medicaid NF semi-annual case mix index will be calculated as the statewide annualized Medicaid resident day-weighted average Medicaid NF semi-annual case mix index until the provider has completed one full semi-annual rate period of operation following the acceptance of Medicaid recipients.

   b. The provider will be exempt from the direct care spending floor until the July 1 rate setting following the date the initial cost report filing is submitted to TennCare, and the Comptroller has completed its review of the cost report filing.
(Rule 1200-13-02-.09, continued)

(c) The provider will be included in quality tier three (3) for the rate determination process, as defined in Rule .06, until the July 1 rate setting following the date the provider has submitted at least six (6) consecutive months of quality performance data in order to determine the provider’s Quality Tier.

(d) The provider will be included in the new provider class for provider assessment cost-based reimbursement rate purposes. The provider will remain in the new provider class until such time that the provider has its information included in a provider assessment calculation base period. The provider will then receive its provider assessment cost-based reimbursement rate according to its specific provider class attributes as defined in Rule .06.

(e) The provider, if required to pay real estate tax, will receive the statewide annualized Medicaid resident day-weighted average inflated real estate tax cost value. The established real estate cost value will then be divided by the minimum occupancy percentage threshold of eighty-five percent (85%) of annualized bed days available to create the per diem real estate tax portion of the cost-based component of the rate. The per diem real estate tax cost-based rate will remain in effect until at least one of the two timelines and criteria below are met:

1. The July 1 rate setting after the provider has submitted an acceptable initial cost reporting package to the Comptroller and the Comptroller has completed the review of the real estate tax portion of the report. The approved NF provider’s real estate tax amount from the Medicaid supplemental cost report is divided by the greater of actual base year cost report resident days, or eighty-five percent (85%) of base year cost report licensed beds capacity of the provider. These costs shall be trended forward from the midpoint of the NF provider’s base year cost reporting period to the midpoint of the rate year using the index factor.

2. The semi-annual rate period immediately following compliance with the criteria listed in subparts (i) and (ii). The approved NF provider’s real estate tax amount will be divided by the minimum occupancy percentage threshold of eighty-five percent (85%) of the NF provider’s annualized licensed bed days available of the provider. No trending factor will be applied as the tax amounts accepted will be assumed to be from the current period.

   (i) The provider submits to the Comptroller documentation to support its real estate tax expense for the current cost reporting period. TennCare will be solely responsible for determining the format in which the information must be submitted, and what supporting documentation will be considered acceptable.

   (ii) The Comptroller has reviewed the provider submission and has determined it to be acceptable.

(f) The capital component of the reimbursement rate will be determined as follows:

1. An appraisal will be conducted by TennCare’s certified appraisal contractor. The appraisal will be utilized in capital component reimbursement consistent with Rule .06.

2. Should an assessment process not be completed prior to the facility accepting Medicaid recipients, the facility will have a maximum of ninety (90) days from the Medicaid certification date to complete the appraisal process.
3. A new facility without an appraisal will receive the maximum total facility value possible under the FRV system until the semi-annual rate period in immediate succession to the completion of the appraisal process. When the appraisal process is complete, the appraisal will be utilized in capital component reimbursement consistent with Rule .06. The annual FRV will be divided by the minimum occupancy percentage threshold to establish the FRV per diem for the NF provider. The minimum occupancy percentage threshold applied to the FRV calculation will be modified for a new facility as follows:

(i) If the NF provider has not previously provided the NF level of care for any payer type, then the minimum occupancy percentage threshold will be calculated as follows:

(I) The minimum occupancy percentage threshold will be calculated at sixty-five percent (65%) of annualized NF provider bed days available until the July 1 rate setting immediately following the NF provider's Medicaid certification date.

(II) If the initial July 1 rate setting period occurs prior to the NF provider receiving the sixty-five percent (65%) minimum occupancy percentage threshold for a full semi-annual rate period, then the NF provider will receive a minimum occupancy percentage threshold of seventy-five percent (75%) of annualized NF provider bed days available until the next July 1 rate setting occurs.

(III) All subsequent rate periods will have the minimum occupancy percentage threshold calculated according to capital component reimbursement Rule .06.

(ii) A NF provider that is new to Medicaid certification, but has previously provided NF level of care services, will not be subject to the modified minimum occupancy percentage threshold provisions.

4. If the new facility does not meet the ninety (90) day appraisal completion timeline, the facility will receive the lowest total FRV facility value in the state beginning with the semi-annual rate period in immediate succession to the ninety (90) day timeline expiring. The lowest total FRV facility value will be utilized to set the capital component per diem reimbursement rate according to reimbursement Rule .06. The lowest total FRV facility value mandate will remain in effect for a minimum of one (1) semi-annual rate period, and will remain in effect until the semi-annual period in immediate succession to the facility's completion of the appraisal process. Once the appraisal process is complete and the lowest total FRV facility value mandate period has elapsed, the appraisal will be utilized in capital component reimbursement in line with Rule .06.

5. No modification of the minimum occupancy percentage threshold will be applied for providers who have failed to complete the appraisal process within the required ninety (90) day timeline.

6. An appraisal process will not be determined complete until the appraisal is final.

1200-13-02-.10 CHANGES OF OWNERSHIP OF EXISTING NURSING FACILITIES.

(1) A CHOW exists if the beds of the new owner have previously been certified to participate, or otherwise participated, in the Medicaid program under the previous owner’s provider agreement. Rates paid to NF providers that have undergone a CHOW will be calculated in the following manner:

(a) The initial NF provider reimbursement rate will be based upon the acuity, costs, days, appraisal data and quality information of the prior owner.

(b) If the CHOW is as a result of a non-related party transaction, the new NF provider may request from TennCare a provisional waiver of the application of any direct care spending floor rate reduction that would otherwise occur. If a direct care spending floor provisional waiver is granted by TennCare, the new NF provider reimbursement rate will be determined without a direct care spending floor reduction. However, for the entire period when a provisional waiver of the direct care spending floor is in effect, the new NF provider will be subject to a retroactive direct care spending floor settlement process, as follows:

1. If the new NF provider’s cost reporting period(s) Medicaid direct care cost per diem(s) are less than the spending floor(s) calculated at each rate period, the new NF provider will be responsible for a retroactive recoupment of the difference between its cost per diem and the spending floor for each Medicaid paid day. At no time will the retroactive recoupment per diem exceed the per diem amount granted under the provisional waiver.

2. In the event there is more than one direct care spending floor active during the new provider’s cost reporting period(s), the direct care spending floor settlement process will be independently applied to each spending floor. If the new NF provider’s cost reporting period(s) Medicaid direct care cost per diem(s) are less than any of the active spending floor(s), the calculated differences will be multiplied by the number of provider paid Medicaid days associated with the time period each direct care spending floor was active during the applicable cost reporting period. At no time will the retroactive recoupment per diem exceed the per diem amount granted under the provisional waiver.

3. Provisional waivers of the direct care spending floor will not be granted following the first rebase period in which the new NF provider has a six (6) month or more cost reporting period that could have been used in a rebase period.

(c) If the CHOW is as a result of a non-related party transaction, the new NF provider’s real estate tax cost-based reimbursement rate will be recalculated, according to Rule .06, on the first July 1st after the new NF provider has submitted a cost report of six (6) months or longer, and that cost report has been reviewed by the Comptroller.

(2) The previous owner and current owner must comply with the cost report filing requirements in Rule .05.

(3) TennCare maintains the right to withhold up to ten percent (10%) of the previous owner’s final Medicaid program payments until an acceptable final (terminating) cost report is received by the Comptroller. After receipt of the acceptable cost report, be it timely or non-timely, the withholding amount will be released to the facility (less any incurred penalties for non-timely filing).

(4) When there is a proposed CHOW of any Nursing Facility, the new provider shall provide to TennCare documents sufficient to obtain a Medicaid ID as specified in TennCare policy.
(Rule 1200-13-02-.10, continued)

TennCare shall issue a new Medicaid ID based on appropriate documentation submitted by the new provider. Any Managed Care Contractor (MCC) previously contracted with the former owner or operator shall, subject to T.C.A § 71-5-1412, enter into a provider agreement with the new owner/operator. A new provider with a Medicaid ID shall be reimbursed at one hundred percent (100%) from the effective date of the CHOW. A new provider with a CHOW that has not acquired a Medicaid ID shall not be reimbursed, including retroactively, until such provider acquires a Medicaid ID.

1200-13-02-.11 QUALITY-BASED COMPONENT OF THE REIMBURSEMENT METHODOLOGY FOR NURSING FACILITIES.

(1) In addition to Quality Informed aspects of the NF reimbursement methodology, a specified amount of the funding for NF services shall be set aside during each fiscal year for purposes of calculating a quality-based component of each NF provider’s per diem payment (i.e., a quality incentive component). At implementation of this Chapter, the amount of funding set aside for the quality-based component of the reimbursement methodology for NFs shall be no less than forty million dollars ($40 million) or four percent (4.00%) of the total projected fiscal year expenditures for NF services, whichever is greater. In each subsequent year, the amount of funding set aside for the quality-based component of the reimbursement methodology for NFs shall increase at two (2) times the rate of inflation of the index factor. Index factor inflation shall be calculated from the midpoint of the prior state fiscal year to the midpoint of the new state fiscal year. This annual quality-based component index factor adjustment shall continue until such time that the quality-based component of the reimbursement methodology for NFs constitutes ten percent (10%) of the total projected fiscal year expenditures for NF services. Once the quality-based component of the reimbursement methodology constitutes ten percent (10%) of the total projected fiscal year expenditures for NF services, it shall then increase or decrease at a rate necessary to ensure that the quality-based component of the reimbursement methodology remains at ten percent (10%). All noted minimum quality-based component thresholds and index factor inflationary adjustments are made prior to consideration of the BAF.

(2) The quality-based component of each NF provider’s per diem payment shall be calculated based on the facility’s volume of Medicaid resident days and the percentage of total quality points earned for the measurement period.

(3) The initial quality outcome measures and point values established for the NF reimbursement system implemented on July 1, 2018, shall be based upon the structure of the QuILTSS Nursing Facility Value-Based Purchasing Quality Framework as described in the memorandum of August 5, 2014, to Medicaid NF Providers and described in this rule. Quality outcome measures and point values for each measure shall not be modified for the first three (3) fiscal years of reimbursement following implementation of the reimbursement system. Performance benchmarks shall be established as described in this rule. After the initial three (3) year period, quality outcome measures, performance benchmarks for each measure, and point values shall be reviewed and may be modified as appropriate in consultation with THCA and other NF stakeholders. Any modifications to such criteria shall be established through rulemaking and shall not be changed for another three-year period.

(4) Quality outcome measures shall reflect those aspects of the delivery of NF services determined based on input from individuals receiving services, their family members and representatives, and other NF stakeholders, and in consultation with THCA and the QuILTSS Stakeholder Advisory Group, to most impact the day-to-day experience of care for NF residents, as follows:
Satisfaction shall include three separate measures:

(i) Resident satisfaction shall be valued at fifteen (15) of the one hundred (100) possible quality performance points.

(ii) Family satisfaction shall be valued at ten (10) of the one hundred (100) possible quality performance points.

(iii) Staff satisfaction shall be valued at ten (10) of the one hundred (100) possible quality performance points.

2. In order to measure Satisfaction on the basis of outcomes and to establish performance benchmarks for each of the three (3) Satisfaction measures, NFs shall be required to use a standardized survey instrument and methodology that provides for anonymous submission to a neutral third party, which shall be responsible for submission of required data to TennCare.

3. The survey instrument(s) and methodology for conducting each survey shall be selected or designed with input from NF stakeholders, and subject to mutual agreement between TennCare and THCA. Providers shall be notified of the acceptable survey instrument(s) and methodology no later than two (2) months prior to their implementation.

4. For purposes of the NF reimbursement rates effective on July 1, 2018, the methodology used for calculating a facility’s Satisfaction score shall be based upon the criteria established by TennCare in the QuILTSS #10 memorandum of March 20, 2017.

5. For purposes of the NF reimbursement rates effective on July 1, 2019, the methodology used for calculating a facility’s Satisfaction score shall be based on the facility’s adoption and implementation of the survey instrument(s) according to the methodology described in this subparagraph. Data collected during the baseline year of the Satisfaction survey instrument(s) described in this subparagraph shall be used to establish a performance benchmark for each of the three (3) Satisfaction measures, in consultation with THCA and other NF Stakeholders.

6. For purposes of the NF reimbursement rates effective on July 1, 2020, the methodology used for calculating a facility’s Satisfaction score shall be based in part on whether the facility achieves the performance benchmark for each of the three (3) Satisfaction measures described in this subparagraph, and for facilities who do not achieve the performance benchmarks, a lesser score based on the percentage of improvement over the baseline year. Providers shall be notified of the performance benchmark for each of the three (3) Satisfaction measures and the specific methodology for calculating a facility’s Satisfaction score no later than July 1, 2019.

7. TennCare shall provide (or arrange for the provision of) training regarding each survey instrument, the survey methodology, and the methodology that will be used to calculate a facility’s score for each of the three (3) Satisfaction measures.

8. Upon the collection and analysis of two (2) years of data pertaining to each of the survey instruments, this Chapter shall be modified to include performance
benchmarks for each of the three (3) Satisfaction measures that will be applied for the next three-year period.

9. Results of each NF’s surveys (excluding any information that could be used to identify respondents) shall be made available to the NF for purposes of quality improvement activities.

(b) Culture Change and Quality of Life shall be valued at thirty (30) of the one hundred (100) possible quality performance points.

1. Culture Change and Quality of Life shall encompass four (4) different aspects of the degree to which a NF’s environment, programs, policies, and practices are individualized and person-directed; reflect the core values of self-determination, choice, dignity, and respect; and support meaningful roles and relationships for residents and staff. Culture Change and Quality of Life shall include four (4) separate measures:

(i) Respectful Treatment shall be valued at ten (10) out of the one hundred (100) possible quality performance points.

(ii) Resident Choice shall be valued at ten (10) out of the one hundred (100) possible quality performance points.

(iii) Resident and Family Input shall be valued at five (5) out of the one hundred (100) possible quality performance points.

(iv) Meaningful Activities shall be valued at five (5) out of the one hundred (100) possible quality performance points.

2. In order to measure Culture Change and Quality of Life on the basis of outcomes and to establish performance benchmarks for each of the four (4) Culture Change and Quality of Life measures, NFs shall be required to use a standardized survey instrument and methodology that provides for anonymous submission to a neutral third party, which shall be responsible for submission of required data to TennCare. The survey questions for measuring Culture Change and Quality of Life may be incorporated into the Resident satisfaction survey described in Subparagraph (a) above to ease survey fatigue.

3. The survey questions and/or instrument and methodology for conducting the survey shall be selected or designed with input from NF stakeholders, and subject to mutual agreement between TennCare and THCA. Providers shall be notified of the acceptable survey instrument(s) and methodology no later than two (2) months prior to their implementation.

4. For purposes of the NF reimbursement rates effective on July 1, 2018, the methodology used for calculating a facility’s score encompassing each of the four (4) aspects of Culture Change and Quality of Life shall be developed in consultation with THCA and with input from the NF stakeholders, including individuals receiving services and their family members and representatives. These criteria shall be provided to NFs and posted on the TennCare website no later than two (2) months prior to the implementation of the reimbursement system.

5. For purposes of the NF reimbursement rates effective on July 1, 2019, the methodology used for calculating a facility’s Culture Change and Quality of Life score shall be based on the facility’s adoption and implementation of the survey
questions and/or instrument(s) in accordance with the methodology described in this subparagraph. Data collected during the baseline year of the Culture Change and Quality of Life survey instrument(s) described in this section shall be used to establish a performance benchmark for each of the four (4) Culture Change and Quality of Life measures, in consultation with THCA and other NF Stakeholders.

6. For purposes of the NF reimbursement rates effective on July 1, 2020, the methodology used for calculating a facility’s Culture Change and Quality of Life score shall be based in part on whether the facility achieves the performance benchmark for each of the four (4) Culture Change and Quality of Life measures described in this subparagraph, and for facilities who do not achieve the performance benchmarks, a lesser score based on the percentage of improvement over the baseline year. Providers shall be notified of the performance benchmark for each of the four (4) Culture Change and Quality of Life measures and the specific methodology for calculating a facility’s Satisfaction score no later than July 1, 2019.

7. TennCare shall provide (or arrange for the provision of) training regarding the methodology that will be used to calculate a facility’s score encompassing each of the four (4) aspects of Culture Change and Quality of Life.

8. Upon the collection and analysis of two (2) years of data pertaining to the survey questions and/or survey instrument, this Chapter shall be modified to include performance benchmarks for each of the four (4) Culture Change and Quality of Life measures that will be applied for the next three-year period.

9. Results of each NF’s performance on each of the four (4) aspects of Culture Change and Quality of Life (excluding any information that could be used to identify respondents) shall be made available to the NF for purposes of quality improvement activities.

(c) Staffing and Staff Competency shall be valued at twenty-five (25) of the one hundred (100) possible quality performance points.

1. Staffing and Staff Competency shall include five (5) separate measures, with each measure valued at five (5) of the one hundred (100) possible quality performance points, as follows:

   (i) Registered Nurse (RN) hours per resident day.

   (ii) Nurse Aide (NA) hours per resident day.

   (iii) RN, LPN, and CNA Staff Retention.

   (iv) Consistent Staff Assignment.

   (v) Staff Training (Onboarding and Continuing).

2. NA resident hours per resident day shall be calculated consistent with the methodology described in the CMS Five Star Nursing Home Quality Rating System.

   (i) The source document for the reported NA hours is the CMS form CMS-671 (Long Term Care Facility Application for Medicare and Medicaid) obtained from CASPER, Certification And Survey Provider Enhanced Reports, the
CMS system which NFs must use to report data pertaining to survey and certification processes.

(ii) The resident census is based on the count of total residents from the CMS form CMS-672 (Resident Census and Conditions of Residents).

(iii) NA hours include certified nurse aides, aides in training, and medication aides/technicians.

(iv) Staffing data include both NF employees (full-time and part-time) and individuals under an organization (agency) or individual contract.

(v) Staffing data do not include staff reimbursed by a resident or his/her family, hospice staff, or feeding assistants.

(vi) Staffing hours reported are for the residents in Medicare- and/or Medicaid-certified beds only.

(vii) Performance benchmarks for RN and NA hours per resident day measures shall be established in consultation with THCA, and with input from other NF stakeholders, including individuals receiving services and their family members and representatives. These criteria shall be provided to NFs and posted on the TennCare website no later than two (2) months prior to the implementation of the reimbursement system.

3. Consistent Staff Assignment shall be defined and calculated consistent with the methodology described in the National Nursing Home Quality Improvement Campaign.

(i) Consistent Staff Assignment shall include two measurements:

(I) The percentage of long-stay residents who have no more than twelve (12) caregivers within a one (1) month measurement period; and

(II) The percentage of short-stay residents who have no more than twelve (12) caregivers within a two-week measurement period.

(ii) Long-stay residents shall be defined as residents who have been in the facility for greater than one hundred (100) days.

(iii) Short-stay residents shall be defined as residents who have been in the facility for no more than one hundred (100) days.

(iv) A caregiver shall be defined as any staff assigned to provide and delivering direct NA-type care to the resident during the measurement period.

(I) For purposes of measuring Consistent Staff, licensed staff shall not be counted as caregivers unless they are working in the capacity of a CNA. For example, if a nurse is in a resident’s room administering medications or performing other skilled tasks, and stops to take the resident to the bathroom, that nurse shall not be counted as a caregiver. However, if a nurse (or other staff) is working as a CNA because the home is short staffed or because nurses (or other staff) routinely provide direct care to residents, that person shall be included in the caregiver count.
Staff assigned to assist one or more residents only with mealtime and/or bathing shall be counted as a caregiver for all residents for whom such assistance is provided, even if the staff functions as a float or as part of a care team dedicated to such functions on behalf of multiple residents.

NAs shall include certified nurse aides, aides in training, and medication aides/technicians.

Caregivers shall include both NF employees (full-time and part-time) and individuals under an organization (agency) or individual contract that provide care to the resident during the measurement period.

To be eligible for Consistent Staff Assignment points, a NF must track its performance using the tools created by the National Nursing Home Quality Improvement Campaign (NNHQIC), and report data to it in a manner consistent with the NNHQIC. A NF must also provide permission to the NNHQIC for it to share the facility’s performance data with TennCare.

The performance benchmark for the Consistent Staff Assignment measure shall be established in consultation with THCA, and with input from other NF stakeholders, including individuals receiving services and their family members and representatives. The performance benchmark for rates effective on July 1, 2018, shall be provided to NFs and posted on the TennCare website no later than two (2) months prior to the implementation of the reimbursement system. The performance benchmark for rates effective on July 1, 2019, and July 1, 2020, shall be provided to NFs and posted on the TennCare website by May 1 of each year.

Staff Retention shall be defined as the percentage of specified staff that have been employed (or contracted) by the NF for at least one (1) year.

Specified staff shall include only RNs, LPNs, and NAs.

Specified staff shall include registered nurses, RN directors of nursing, and nurses with administrative duties.

LPNs shall include licensed practical/licensed vocational nurses.

NAs shall include certified nurse aides, aides in training, and medication aides/technicians.

Specified staff shall include both NF employees (full-time and part-time) and individuals under an organization (agency) or individual contract. Retention of contracted staff shall be reported and measured based on the length of service of each staff person, and not the length of the contract. For example, if a staffing agency is used, a person shall be considered “continuously” contracted only if that staff person has been assigned to and working at the facility throughout the course of the twelve (12) month measurement period, even if the contract with that organization (agency) has been in place for a longer period.

Specified staff shall not include staff reimbursed by a resident or his/her family, hospice staff, or feeding assistants.
(Rule 1200-13-02-.11, continued)

(vii) Specified staff information at the beginning and end of the measurement period shall be provided to TennCare in the required form and format.

(viii) A NF’s performance on the Staff Retention measure shall be calculated by dividing the number of specified staff continuously employed (or contracted) by the facility for the twelve (12) month measurement period divided by the total number of specified facility staff employed at the outset of the twelve (12) month measurement period.

(ix) The performance benchmark for the Staff Retention measure shall be established in consultation with THCA, and with input from other NF stakeholders, including individuals receiving services and their family members and representatives. The performance benchmark for rates effective on July 1, 2018, shall be provided to NFs and posted on the TennCare website no later than two (2) months prior to the implementation of the reimbursement system. The performance benchmark for rates effective on July 1, 2019, and July 1, 2020, shall be provided to NFs and posted on the TennCare website by May 1 of each year.

5. Staff Training shall be defined as the percentage of specified staff who complete specified training activities.

(i) For purposes of the NF reimbursement rates effective on July 1, 2018, July 1, 2019, and July 1, 2020, the methodology used for calculating a facility’s score for the Staff Training measure and the performance benchmark for the Staff Training measure shall be developed in consultation with THCA, and with input from other NF stakeholders including individuals receiving services and their family members and representatives. These criteria shall be provided to NFs and posted on the TennCare website no later than May 1 of each year.

(ii) Upon implementation of the QuILTSS comprehensive competency-based workforce development training program, specified training activities shall be completion of badges based on the CMS-funded core competencies for direct support workforce.

(d) Clinical Performance shall be valued at ten (10) of the one hundred (100) possible quality performance points.

1. Clinical Performance shall include two (2) separate measures, with each measure valued at five (5) of the one hundred (100) possible quality performance points, as follows:

(i) Antipsychotic Medications shall include two measurements:

(I) The percentage of long-stay residents who receive an antipsychotic medication during the measurement period.

(II) The percentage of short-stay residents who receive an antipsychotic medication during the measurement period but not on their initial assessment.

(III) Long-stay and short-stay residents shall be as defined in Subparagraph (c).
(IV) Antipsychotic Medications measures shall be calculated consistent with the methodology described in the CMS Five Star Nursing Home Quality Rating System.

(ii) Infection Prevention measures shall be calculated based on the rate of urinary tract infections among patients consistent with the methodology described in the CMS Five Star Nursing Home Quality Rating System.

2. Performance benchmarks for each of the Clinical Performance measures shall be established in consultation with THCA, and with input from other NF stakeholders, including individuals receiving services and their family members and representatives. These criteria shall be provided to NFs and posted on the TennCare website no later than two (2) months prior to implementation of the reimbursement system.

(e) In addition to the one hundred (100) possible quality performance points that a NF may score in the areas described in Subparagraphs (a), (b), (c) and (d) above, a NF may also earn ten (10) bonus points for qualifying awards and/or accreditations that evidence the facility’s commitment to quality improvement processes. Qualifying awards or accreditations must be current in the review period and are restricted to the following:

1. Full participation in the National Nursing Home Quality Improvement Campaign, which must be active during the period in which bonus points are sought.

2. Membership in Eden Registry, which must be active during the period in which bonus points are sought.

3. Achievement of the Malcolm Baldrige Quality Award. This includes AHCA Award (Bronze, Silver, or Gold) and the TN Center for Performance Excellence Award (Level 2, 3, or 4, which correspond with the Commitment Award, Achievement Award, and Excellence Award; the Level 1 Interest Award is specifically excluded from points). Any such award must have been achieved within the three (3) years prior to the end of the period in which bonus points are sought.

4. Accreditation by the Commission on Accreditation of Rehabilitation Facilities (CARE).

5. Accreditation by the Joint Commission.

(5) A NF shall be eligible to receive the quality-based component of the per diem payment for NF services only if it has fully satisfied the following threshold measures:

(a) The facility must be current on its payment of the NF Assessment Fee. Anytime a facility is more than 60 days delinquent on its NF Assessment Fee, the quality-based component of the per-diem payment for NF services shall be suspended, and the facility shall forfeit any quality-based component of its per diem reimbursement rate until such time that the NF is current on its Assessment Fee payments.

(b) The facility has submitted complete, accurate and timely quality measurement data as required by TennCare in order to determine the NF’s quality performance.

1. Except as otherwise specified by TennCare, quality measurement data shall be submitted by the NF on an annual basis. Where possible and appropriate, TennCare will utilize existing data sources to minimize administrative burden.
2. The data measurement period shall be January 1 through December 31 of each year, which shall be used to inform the quality-based component of the per diem payment for the fiscal year beginning July 1 immediately after.

3. A NF shall not be entitled to a quality-based component of the per diem payment for any NF services provided if the facility has not complied with quality performance reporting requirements, or if the facility knowingly submits, or causes or allows to be submitted any such data used for purposes of setting quality-based rate components that is determined (including upon post-payment audit or review) to be inaccurate or incomplete.

4. Any facility knowingly submitting false (including inaccurate or incomplete) quality performance data for purposes of calculating its Medicaid payment shall be subject to all applicable federal and state laws pertaining to the submission of false claims.

5. For purposes of this subparagraph, the term “knowingly” shall mean that a NF, or any person acting on its behalf: (a) has or should have, upon exercise of due diligence, actual knowledge of the information; (b) acts in deliberate ignorance of the truth or falsity of the information; or (c) acts in reckless disregard of the truth or falsity of the information. No proof of specific intent is required.

(6) Based on quality incentive program scoring a NF will be placed into one of three quality tiers. The quality tier cut points may only be updated for the July 1 rate setting of a rebase period. For the July 1, 2018, rate effective date, the quality tier cut points will be as follows:

<table>
<thead>
<tr>
<th>Quality Tier</th>
<th>Cut Point Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quality Tier 1</td>
<td>75 – 100</td>
</tr>
<tr>
<td>Quality Tier 2</td>
<td>50 – 74.99</td>
</tr>
<tr>
<td>Quality Tier 3</td>
<td>0 – 49.99</td>
</tr>
</tbody>
</table>

(7) A NF’s quality tier and quality incentive program score will be established for each July 1 rate setting. The quality tier and quality incentive program score will be based on the quality incentive program measurement period for the calendar year period immediately preceding the applicable July 1 rate setting.

(8) A NFs quality incentive program score is based on the point structure previously described in this rule. As quality data is collected throughout the quality incentive program measurement period, the following score weighting will be applied to the varying metric collection intervals:

(a) Quality incentive program scoring metrics that are annual in nature will not be weighted.

(b) Quality incentive program scoring metrics that are semi-annual in nature will be weighted as follows:
   1. 2/3rd weight for the most recent six month period.
   2. 1/3rd weight for the first six month period.

(c) Quality incentive program scoring metrics that are quarterly in nature will be weighted as follows:
   1. 50% weight for the fourth quarter of the calendar year.
   2. 25% weight for the third quarter of the calendar year.
3. 15% weight for the second quarter of the calendar year.

4. 10% weight for the first quarter of the calendar year.

(d) For any metric collection period, regardless of collection interval, in which the final period is not the highest scoring period, the NF provider’s quality incentive program scoring metrics will use the metric weighting method below that results in the greatest overall quality incentive program score:

1. The quality incentive program scoring metric weighting methods previously described in this paragraph.

2. A Quality incentive program scoring metric weighting method that equally weights all metric collection periods, regardless of collection interval.

(9) Confidentiality of Submitted Quality Information. Any submissions by any facility relating to documentation of and participation in the Quality-based Component of the Reimbursement Methodology for Nursing Facilities pursuant to Rule .11 shall be confidential and privileged and shall be protected from direct or indirect means of discovery, subpoena or admission into evidence in any judicial or administrative proceeding. However, nothing in this rule shall not be construed to make immune from discovery or use in any judicial or administrative proceeding information, record, or documents that are otherwise available from original sources kept in the facility, and would otherwise be available to a litigant through discovered requested from the Facility. The confidentiality provisions of this paragraph shall also not apply to any judicial or administrative proceeding contesting the determination of TennCare regarding the Facility’s quality component reimbursement.

1200-13-02-.12 ENHANCED RESPIRATORY CARE SERVICES ADD-ON PAYMENT.

(1) ERC Reimbursement in a dual certified and licensed SNF/NF shall be made only by TennCare MCOs in compliance with this Chapter and rates established by TennCare.

(2) Each level of ERC Reimbursement shall be an add-on payment to the NF’s established per diem rate. The amount of the NF’s add-on payment for each of the specified levels of reimbursement shall be based on the facility’s performance on quality outcome and technology measures pursuant to a methodology established by TennCare and set forth in an ERC Operations Manual which shall be provided to NFs and posted on the TennCare website. Quality outcome and technology measures, performance benchmarks, and the methodology to apply such measures and performance benchmarks to each of the specified levels of ERC Reimbursement shall be adjusted no more frequently than annually in order to continuously improve the quality of care and quality of life outcomes experienced by individuals receiving ERC in a NF.

(3) ERC Reimbursement shall be provided only for services authorized and delivered in a facility operating in compliance with conditions of reimbursement for ERC specified in this chapter, and in a bed specifically licensed for such purpose, as applicable. A NF shall not be eligible for ERC Reimbursement if it does not meet the conditions for reimbursement, or for any ERC services provided in excess of the facility’s licensed capacity to provide such services, regardless of payer source. Because Sub-Acute Tracheal Suctioning Reimbursement provides for intensive respiratory intervention during the period immediately following a person’s liberation from the ventilator, Sub-Acute Tracheal Suctioning Reimbursement shall be provided only in a bed specifically licensed for ventilator care.
1200-13-02-.13 APPEALS PROCESS. Appeals of recoupment or withhold actions shall be filed and conducted according to Chapter 1200-13-18.

1200-13-02-.14 AUDIT AND REVIEW AUTHORITY. TennCare maintains the right to audit or review all aspects of the case mix reimbursement system. Findings or adjustments generated from the audit or review may be used to adjust current or future NF provider reimbursement rates. The following are common aspects of the case mix reimbursement system that are subject to an audit or review process:

1. NF provider MDS assessments, end-of-therapy date reconciliation submissions, and associated supporting documentation.
2. NF Provider quality incentive program add-on payment and supporting documentation.
3. ERC services add-on payment and supporting documentation.
4. NF provider submitted Medicare and Medicaid cost reports and supporting documentation.
5. New NF provider submitted documentation.
6. CHOW NF Provider submitted documentation.
7. NF provider submitted FRV updates, licensed bed totals, and requests for reappraisal.

1200-13-02-.15 PENALTIES, ADJUSTMENTS, AND WITHHOLDING.

1. NF providers may be subject to penalties, cost report adjustments, and payment withholdings for:
   a. Disclaimed Cost Reports.

2. Disclaimed Cost Reports. A provider who has a disclaimed cost report will have its Medicare and Medicaid supplemental cost reports adjusted for use in the provider’s specific reimbursement rate. These cost report adjustments may include, but are not limited to the following:
   a. Adjusting costs without sufficient documentation to zero.
   b. Adjusting total resident days to one hundred percent (100%) occupancy, and reconciling Medicaid’s portion of those days to paid claims records.
(Rule 1200-13-02-.15, continued)

(c) The direct care spending floor adjustment, as defined in Rule .06, will be calculated utilizing the adjusted cost report.

(3) Cost Report Delinquent Filing.

(a) A cost report will be considered delinquent if an acceptable cost reporting package has not been filed within the timelines specified in Rule .05. The NF provider will be subject to a penalty of ten dollars ($10) per day for each day the NF is not in compliance.

(b) Should the NF provider file a cost report that is received timely and initially accepted by the Comptroller, but upon further review by the Comptroller is determined to not be an acceptable cost report, the following will occur:

1. The Comptroller will provide written notice to the NF provider that an acceptable cost report has not been filed.
2. The NF provider will have thirty (30) days from receipt of the written notice to correct any issues noted and file an acceptable cost report.
3. If the NF provider does not file a corrected acceptable cost report within thirty (30) days of notice, it will be subjected to the penalty outlined in this paragraph from the date of the received written notice.

(a) A NF provider will be considered a cost report non-filer if its cost report is delinquent as of February 1 prior to the July 1 rate rebase in which it would have been used regardless if rebase actually occurs. A NF provider that is considered a cost report non-filer will have its reimbursement rates adjusted to be set equal to the lowest rate of any other active NF provider. The rate adjustments will commence with the July 1 rate setting following the NF provider obtaining a cost report non-filer status, and remain in effect for a minimum of one (1) year. The non-filer reimbursement rate will be determined using NF provider reimbursement rates prior to phase-in considerations. Reimbursement rate phase-in provisions established in Rule .06 are not applicable to the non-filer reimbursement rates.

(b) TennCare maintains the right to grant a waiver from the application of a portion or all of the rate and direct care spending floor adjustments should certain extenuating circumstances exist with the NF provider. TennCare must be contacted by the NF provider prior to the initial cost report filing deadline, for a waiver to be considered by TennCare.

(5) Final (Terminating) Cost Report. A NF provider is required to submit a final cost report as defined in Rule .05, and will be subject to a withholding of up to ten percent (10%) of the previous owner’s final Medicaid recipient payments until an acceptable terminating cost report is received by the Comptroller. After receipt of the acceptable cost report, whether timely or non-timely, the withholding amount will be released to the facility (less any incurred penalties for non-timely filing).

1200-13-02-.16 BED HOLDS. Effective July 1, 2018, Medicaid bed hold days will no longer be reimbursed.
1200-13-02-.17 OTHER REIMBURSEMENT ISSUES.

(1) No change of ownership or controlling interest of an existing Medicaid provider, including NFs, can occur until monies as may be owed to TennCare or its contractors are provided for. The purchaser shall notify TennCare of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to TennCare or its contractors for one (1) year from the date of purchase or for one (1) year following TennCare's receipt of the provider's Medicare final notice of program reimbursement, whichever is later. The purchaser shall be entitled to use any means available to it by law to secure and recoup these funds from the selling entity. In addition, purchasers of NFs are responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid residents at the time of the change of ownership or controlling interest.

(2) If TennCare or an MCO has not reimbursed a business for TennCare services provided under the TennCare Program at the time the business is sold, when such an amount is determined, TennCare or the MCO shall be required to reimburse the person owning the business provided such sale included the sale of such assets.

(8) New Contract. Any initial contract between an MCO and a hospital that did not exist on July 1, 2013. Contracts in place on July 1, 2013, that have been materially altered since July 1, 2013, are not new contracts.

(9) Outpatient Services. Services that are provided by a hospital to patients in the outpatient department of the hospital and patients receiving outpatient observation services.
(Rule 1200-13-05-.01, continued)

(10) Rate Corridors. Upper and lower limits established by the state’s actuary and approved by the Bureau, in consultation with the Tennessee Hospital Association (THA), for payments by MCOs to hospitals for services provided to TennCare enrollees. The Rate Corridors are based on a hospital’s Medicare reimbursement that existed in FFY 2011 and used to determine the parameters of TennCare rates for contracts between Tennessee hospitals and TennCare MCOs after July 1, 2013. The determination of whether a hospital’s TennCare rates are within the prescribed Rate Corridors shall be made on the basis of reimbursement from all TennCare MCOs with which the hospital has a contract. The Rate Corridors, which were calculated by the State’s actuary as the budget neutral corridors, are as follows:

(a) For inpatient services, the minimum level is 53.8% and the maximum level is 80% of the hospital’s Medicare for 2011.

(b) For outpatient services, the minimum level is 93.2% and the maximum level is 104% of the hospital's Medicare for 2011.

(c) For cardiac surgery, the minimum level is 32% and the maximum level is 83% of the hospital’s Medicare for 2011.

(d) For specialized neonatal services the minimum level is 4% and the maximum level is 174% of the hospital’s Medicare for 2011.

(e) For other specialized services the minimum level is 49% and the maximum level is 164% of the hospital’s Medicare for 2011.

(11) Specialized Services. Services that are typically provided in a small subset of hospitals, such as transplants, neonatal intensive care and level 1 trauma.

(12) TennCare. The TennCare waiver demonstration program(s) and/or Tennessee’s traditional Medicaid program.

(13) TennCare Actuary. The actuarial firm selected by the Bureau to assist the Bureau in establishing the capitation rates for TennCare MCOs each year.

(14) Total TennCare Rates. Payment rates for each hospital in the aggregate from all MCOs with which the hospital has network contracts.

(15) Year 1 Corridors. The initial upper and lower limits established by the Bureau in consultation with THA based on a hospital’s Medicare reimbursement that existed in FFY 2011 and that were used to implement rate variation limitations in contracts between Tennessee hospitals and TennCare MCOs from July 1, 2012 until July 1, 2013. The Year 1 Corridors are as follows:

(a) For inpatient services, the minimum level was 40% and the maximum level was 90% of the hospital’s Medicare for 2011.

(b) For outpatient services, the minimum level was 90% and the maximum level was 125% of the hospital's Medicare for 2011.

(c) For cardiac surgery, the minimum level was 30% and the maximum level was 80% of the hospital’s Medicare for 2011.

(d) For specialized neonatal services the minimum level was 4% and the maximum level was 180% of the hospital’s Medicare for 2011.

(e) For other specialized services the minimum level was 30% and the maximum level was 160% of the hospital’s Medicare for 2011.
1200-13-05-.02 IMPLEMENTATION OF CONTRACT AMENDMENTS FOR EXISTING CONTRACTS BETWEEN HOSPITALS AND MCOS.

These contracts set rates for a period of two years effective July 1, 2013, and provided for rate amendments to be negotiated and implemented on July 1, 2015.

(1) For hospitals that had existing contracts with MCOs in place on July 1, 2013, and the MCO and hospital had negotiated contract amendments to bring rates for total TennCare into the Rate Corridors and the rates in the contracts have not been adjusted since July 1, 2013, the MCOs will reissue those amendments with a new effective date of July 1, 2015.

(2) In the case of a hospital that had contracts with MCOs in place on July 1, 2013, which contracts included amendments implementing rates within the Rate Corridors, and where the rates in the contracts have been adjusted since July 1, 2013, the Bureau shall evaluate the rates in the current contracts to determine if the total TennCare rates for the hospital are within the Rate Corridors. If the rate adjustments cause the total TennCare reimbursement for the hospital to be outside of the Rate Corridors, the affected MCOs shall implement contract amendments approved by the Bureau in consultation with the TennCare Actuary to bring the hospital rates into the Rate Corridors effective July 1, 2015.

(3) In the case of a hospital with contracts in existence on July 1, 2013, which contracts include rates outside of the Rate Corridors, the affected MCOs shall implement contract amendments to bring total TennCare rates into the Rate Corridors with an effective date of July 1, 2015. The Bureau shall verify that the new contract rates in conjunction with contracts between the hospital and all other MCOs bring the hospital’s total TennCare rates within the Rate Corridors.

1200-13-05-.03 IMPLEMENTATION OF NEW CONTRACTS BETWEEN HOSPITALS AND MCOS ENTERED INTO AFTER JULY 1, 2013.

These contracts have not yet been in effect for a period of time sufficient to negotiate rate amendments for a July 1, 2015, implementation date. In the case of a hospital that entered into a contract with an MCO after July 1, 2013, including a hospital that entered into a contract with an MCO with rates within Year 1 Corridors effective January 1, 2015, the affected MCOs shall implement contract amendments that bring the hospital rates within the Rate Corridors no later than September 30, 2015.

1200-13-05-.04 EXCLUSION OF ANY HOSPITAL FROM TENNCARE NETWORKS.

A hospital that does not accept a contract amendment required by this Rule shall be excluded effective October 1, 2015, from participation in the TennCare MCO network to which the contract amendment applies.

Authority: T.C.A. §§ 4-5-208, 71-5-105, 71-5-109, and 71-5-2801. Administrative History: Original rule December, 2015 (Revised)

1200-13-05-.05 OUT-OF-NETWORK REIMBURSEMENT.

Out-of-Network payments to all hospitals shall be governed by TennCare Medicaid Rule 1200-13-13-.08(2)(a)-(c) and TennCare Standard Rule 1200-13-14-.08(2)(a)-(c).

1200-13-05-.06 AGREEMENTS BETWEEN HOSPITALS AND MCOS FOR LIMITED SERVICES.

Rates for a single case agreement negotiated between the MCOs and hospitals that are not in network with the MCOs to ensure access to services for TennCare enrollees may not exceed the ceiling or be below the floor of the Rate Corridors appropriate for those services.

1200-13-05-.07 CHANGES TO HOSPITAL RATES NEGOTIATED BETWEEN MCOS AND HOSPITALS AFTER SEPTEMBER 30, 2015.

To ensure that each hospital’s total TennCare reimbursement remains within the Rate Corridors, proposed rate changes after September 30, 2015, shall be evaluated by the Bureau to determine if the proposed rate change will move the hospital’s total TennCare rates outside of the Rate Corridors. If the evaluation indicates the change will put the hospital outside of the Rate Corridors, the Bureau shall provide the adjustments necessary to ensure that the contract is compliant with the limits of the Rate Corridors. TennCare rates between a hospital and an MCO may not be modified after September 30, 2015, without approval from the Bureau.

1200-13-05-.08 CATEGORIZATION OF NEW SERVICES ADDED AFTER JULY 1, 2015.

MS-DRG classifications serve as the basis for identifying services as inpatient or specialized. MS-DRG classifications may change and new MS-DRG classifications may be added from time to time. New or modified MS-DRG classifications shall be evaluated for assignment to appropriate inpatient or specialized categories by the Bureau in consultation with THA and the TennCare Actuary.

1200-13-6-.01 Determination of Reimbursable Costs of Level I Nursing Facility Care Provided by the Bureau of Tenncare. The Department, in consultation with the Comptroller of the Treasury and the Tennessee Health Care Association, shall establish the rules and regulations for the determination of the reimbursable per diem cost for services provided to Medicaid recipients as part of the nursing facility Level I program. The method of cost determination shall include depreciation on buildings, equipment, and fixtures, and interest expense as allowable items of cost. The reimbursable per diem cost may take into consideration the kinds, levels, and quantities of services provided to the recipients by the institution, the cost of providing such services, and the levels and types of patient care required for recipients.

1200-13-6-.02 Approval of the Department Required for Participation. Only those institutions designated by and contracting with the Department as rendering Level I nursing facility services may participate and be reimbursed as a provider under these provisions. The Department shall notify the Comptroller of the Treasury when a provider enters the program and when its participation terminates.

1200-13-6-.03 Extent of Reimbursement to be Determined by the Department. The reimbursable costs of institutions rendering Level I nursing facility services shall be reimbursable by each recipient and the State to the extent determined by the Department with the remainder not allowable as outside support from any other source available to the provider. The provider shall be limited to reimbursable per diem rate as determined by the Comptroller as the maximum it may collect from both sources for program services.

1200-13-6-.04 BILLING PROCEDURE TO BE DETERMINED BY THE DEPARTMENT. Institutions providing Level I nursing facility services for Medicaid recipients shall bill the Department on the forms and in the manner designated by the Department.

1200-13-6-.05 CHARGES TO NURSING FACILITY LEVEL I RECIPIENTS. The charge schedule of a provider must be applied uniformly to each recipient as services are furnished to the recipient. Appropriate write-offs or adjustments shall be made to each account to reduce the gross charges to the contractual or legal collection limits of the various medical programs. The Comptroller of the Treasury must be notified of any changes in the schedule of charges.

1200-13-6-.06 COVERED SERVICES. The specific items and services covered under the Level I nursing facility program shall be those defined and approved by the Department. Other non-covered services may be charged directly to the recipient (refer to the applicable Provider Manual).

1200-13-6-.07 SUBMISSION OF COST REPORTS BY PROVIDERS. Medicaid program providers of Level I nursing facility services will be required to submit to the Comptroller of the Treasury a pro-forma (budgeted) cost report upon beginning participation as a new provider. New providers shall file a first actual cost report within six (6) or nine (9) months of commencing operations, depending on proximity of starting date to fiscal year end. Leases and changes of ownership are not considered new providers for this purpose and thus no budgeted cost reports are filed for leases or changes in ownership. Thereafter, cost reports shall be filed at their fiscal year end and submitted on forms described in rule 1200-13-6-.08. The report shall be due within three (3) months after the end of the designated fiscal period. An extension may be requested for due cause. Such cost reports must be completed in accordance with Medicare reimbursement principles except where these rules may specify otherwise. In the event that the provider does not file the required cost report by the due date, the provider shall be subject to a penalty of ten dollars ($10.00) per day in accordance with state law. In the event that a provider discovers a significant omission of costs, it may file an amended cost report at any time prior to the due date of its next annual cost report. After that time, the cost report cannot be amended for cost omissions. Amended cost reports shall be subject to the same requirements as other cost reports, and will be the only accepted means to claim omitted costs. Rate increases resulting from submission of omitted costs will not be retroactive.

1200-13-6-09 FOOTNOTES AND INSTRUCTIONS FOR THE NURSING FACILITY LEVEL I COST REPORT.

(1) General

1. Enter the NF-1 Provider number as issued by the Tennessee Department of Health and the NF-2
Provider number as issued by Medicare. Providers with numbers other than NF-1 and NF-2
may include them on the Level II line.

2. Enter name of facility exactly as shown on the license (permit) to operate issued by the
Tennessee Department of Health.

3. Cash basis accounting is not acceptable for purposes of this report. All amounts must be
reported in whole dollars.
4. Adequate financial records, statistical data, and source documents must be maintained for proper determination of costs under the program.

B. Statistical Data

5. All statistics to be reported in this section will be for the same period as the accounting period covered by this report.

6. Possible bed days should be the sum of the count of the number of licensed beds for each day of the accounting period.

7. An inpatient day is that period of service rendered a patient between the census taking hours on two successive days, the day of discharge being counted only when the patient was admitted that same day. All days charged for must be included in the patient day statistics including leave days, reserved bed days, etc. A census will be recorded each day during the accounting period. All such records must be available for verification by the Comptroller’s Office. All inpatient days must be identified by the categories indicated.

8. Report all meals provided to patients, employees, guests, and owners. The cost of meals provided to owners must be included in compensation stated in Section E. Adequate meal records must be maintained.

E. Ownership of Facility; Compensation of Owners, Administrators, and Relatives of Owners and Administrators; Related Party Transactions, Including Home Office Costs; Charge Rates; and Patient Transportation

9. Controlling interest is defined as a person or entity that:
   
   (a) has an ownership interest totaling five percent (5%) or more in a disclosing entity,
   
   (b) has an indirect ownership interest equal to five percent (5%) or more in a disclosing entity,
   
   (c) has a combination of direct and indirect ownership interest obligation secured by the disclosing entity if that interest equals at least five percent (5%) of the value of the property or assets of the disclosing entity,
   
   (d) is an officer or director of a disclosing entity that is organized as a corporation, or
   
   (e) is a partner in a disclosing entity that is organized as a partnership.

Indirect ownership interest is defined as any ownership interest in an entity that has an ownership interest in the disclosing entity. This includes an ownership interest in any entity that has an indirect ownership interest in the disclosing entity.

The amount of indirect ownership interest is determined by multiplying the percentages of ownership in each entity. EXAMPLE: A owns ten percent (10%) of the stock of Corporation B which owns eighty percent (80%) of the stock of the disclosing entity. A’s interest is an eight percent (8%) indirect ownership interest in the disclosing entity and must be disclosed.

The amount of ownership, mortgage, deed of trust, note, or other obligation is determined by multiplying the percentage owned in the obligation by the percentage of the disclosing entity’s assets used to secure the obligation. EXAMPLE: A owns ten percent (10%) of a note secured
by sixty percent (60%) of the provider’s assets. A’s interest in the provider’s assets is six percent (6%) and must be disclosed.

10. Disclosing entities are defined as hospitals, skilled nursing facilities, clinical laboratories, renal disease facilities, health maintenance organizations, and rural health clinics (as established by P.L. 95210) under Title XVIII (Medicare), entities (other than practitioners or groups of practitioners) that furnish or arrange for the furnishing of services under the Title XIX or Title V (Children’s Special Service) programs; fiscal intermediaries, fiscal agents, and carriers participating in Medicare or Medicaid; and providers of health related services under the Title XX program.

11. Information relating to ownership shall be maintained at the facility and available for audit and upon request at any time.

12. The amounts of business transacted with entities that are not related entities need not be disclosed in the cost report. However, in the event of a request, the disclosure of the amounts and the ownership of the business entity with whom the provider transacted business of more than $25,000 or five percent or more of the total operating expenses of the provider, whichever is less, may be required within 30 days of the request.

13. For reimbursement purposes, a reasonable allowance or compensation for services of an owner or persons related to an owner is an allowable cost, provided the services are performed in a necessary function. The requirement that the function be necessary means that had the owner not rendered the services, the institution would have had to employ another person to perform them. The services must be related to patient care and pertinent to the operation and sound management of the institution.

Total compensation to such persons must be listed in Section E, Items 1 and 2. Where such amounts include items other than salaries, a schedule must be attached that identifies the amounts and the method of assigning values to these benefits. All such costs included in Section F must be reported in Section E.

The Comptroller’s Office will review these amounts and compare them with allowable compensation ranges and make necessary adjustments. The Comptroller will consider the duties, responsibilities, and managerial authority of the person as well as the services performed for other institutions and his engagements in other occupations. Only one fulltime position, or its equivalent will be allowed for each person. The duties performed, time spent, and compensation received by such a person must be substantiated by appropriate records. Allowable ranges can be found in Chapter 1200-13-6-.11.

14. Complete Section E, Item 2 only for individuals who are not owners of the facility. If the individual is related to any owner by blood or marriage, this relationship must be indicated in Column 3. See PRM, Part 1, Section 902.5.

15. All loan transactions with related parties as defined in footnotes 9 and 10 shall be fully disclosed in Section E and the corresponding interest expense shall be disallowed in Section G.

16. The hospital parent or a hospital-based nursing home shall not be considered as a home office if the hospital is a regular provider in the Medicaid hospital program and files the appropriate Medicare-Medicaid hospital cost report in a timely manner. Costs allocated to the nursing home on the hospital’s Medicare-Medicaid cost report are includable in Section F of this cost report. These amounts do not have to be audited by the Certified Public Accountant or licensed Public Accountant if significant portions of the corresponding expenses before allocation are apportioned to the hospital and prior approval is received from the Comptroller’s Office.
report by the Certified Public Accountant must disclose the amounts allocated to the hospital and nursing facility, the bases used, and the corresponding figures which were not included in the audit.

17. Home Office costs directly related to those services performed for individual providers which relate to patient care, plus an appropriate share of indirect costs (overhead, rent, administrative salaries, etc.) may be allowable to the extent they are reasonable. Home Office costs or related organization costs that are not otherwise allowable costs when incurred directly by the provider cannot be allowable costs when allocated to providers. Nursing facility cost reports will not be processed until the home office costs are submitted.

F. Operating Expenses

18. Itemized schedules must be attached to support advertising, public relations, “other,” and “purchased services” accounts. Amounts not supported will be disallowed.

Enter in the appropriate classification the number of personnel employed full-time as of the end of the fiscal period covered by this statement. Report the full-time equivalent (FTE) of all personnel working in the particular classification. For example, if five people are employed full-time as LPNs, one person is employed as an LPN one day per week (eight hours per day), and another person works as an LPN two days per week (eight hours per day), the total LPNs to be reported should be 5.6 full-time equivalent employees. The number of personnel in each particular classification under Section F, Column (4), “FTEs”, must coincide with the salaries reported in each particular classification of Section F, Column (2), “Amount of Expense”. Payroll records are to be available for verification by the Comptroller’s Office.

19. All facilities should properly identify and include in Section F, “Operating Expense,” the cost of providing to all patients the medical supplies, equipment, and services specified by the Department of Health as covered services. These are items and services (per the Department of Health contract with all facilities) for which the facility may not receive extra payments from Medicaid patients, their relatives or others.

20. Include the cost of covered supplies only. Do not include drugs or pharmacy items that are not covered by the NF-1 program. Drugs and pharmacy should be included in item F.9.

21. Psychiatric and Psychological Services can be provided only to ICF/MR patients in an ICF/MR licensed facility.

22. The purpose of Section G, “Adjustments for Calculating Allowable Routine Operating Expense” is to determine the cost of room and board, nursing care, medical and nursing supplies, and other services as specified and defined by the Department of Health as NF-1 covered services. Consequently, the cost of any items or services not a part of the cost of providing NF-1 covered services included in Section F, “Operating Expense” are to be deducted from operating expenses in Section G. Accounting and other records of participating facilities are subject to audit and verification by the Comptroller’s Office for proper determination of cost of covered services. In addition to the items specifically identified in Section G, the following are also expenses not considered a part of the cost of providing routine service, and should be deducted. This list is not to be considered all inclusive. Generally, where an item is not specifically addressed, Medicare reimbursement principles apply.

a. Interest paid:

(1) On borrowed funds used for a non-allowable expenditure.
(Rule 1200-13-6-.09, continued)

(2) On borrowed funds which create excess working capital.

(3) On borrowed funds used for investing in other than provider’s health care operations.

(4) To partners (owners), stockholders, or related organizations or relatives.

(5) On borrowed funds used to fund depreciation.

b. Any imputed value of produce, supplies or space donated to the provider.

c. Purchase discounts, cash discounts, trade discounts, quantity discounts or allowances.

d. Purchase refunds or rebates.

e. Costs which are not necessary or related to patient care.

f. Costs of non-competing covenant agreements.

g. Insurance premiums paid on the lives of owners, officers, and key personnel, if the provider is the direct or indirect beneficiary. If another party is beneficiary, the premiums are to be considered as compensation to the respective owner, officer, or key employee and should be disclosed separately.

h. Cost of personal comfort items and other non-covered items, as may be specified and defined by the Department of Health.

i. Cost of luxury items such as TV, telephone, and radio in patient rooms. (This does not include those items placed in lounges or recreation rooms to be used by all patients).

j. Any fines, penalties, or interest paid on any tax payments or interest charges on overdue payables.

k. Federal, State, or local income taxes, or excess profit taxes.

l. Any taxes for which exemptions are available but not taken.

m. Sales taxes collected by the provider and remitted to the state.

n. Real estate taxes and other expenses on property purchased and held for investment or expansion, and not used in rendering patient service.

o. Self employment taxes applicable to owners, partners, members of joint ventures, etc.

p. Casualty and other losses such as liability, theft, larceny, embezzlement, that are insurable but uninsured. (When insured, the insurance premiums and cost of deductibles for these losses are allowable). Medicare principles must apply.

q. Advertising costs incurred:

(1) To raise funds for the provider.

(2) Which are designed to encourage physicians to utilize the provider’s facilities in their capacity as an independent practitioner.
(3) In connection with the issuance of the provider’s own stock or sale of stock held by the provider in another corporation.

(4) Which seek to increase patient population or utilization of the provider’s facilities by the general public.

r. Membership dues, initiation fees, subscription costs or special assessments paid to Social, Fraternal, or other organizations whose activities are unrelated to the profession or business of their members.

s. Cost of private duty nurses and attendants.

t. Travel expenses which are personal in nature, not proper or related to patient care, and auto expenses applicable to non-business uses of the vehicles. Detailed justification for out of state travel must be retained for audit verification.

u. Any other costs which are identified and specified as non-allowable by the Medicaid Program manuals, or federal or state rules or regulations.

23. The cost of excludable expenses should be deducted. In the relatively few instances where such costs cannot be adequately determined, deduct the revenue received therefrom. If the amount shown is revenue enter “R” as the base.

24. Cost of facilities furnished to owners, administrators, and other non-patients must be determined on a reasonable basis. Where the nursing home has no plan for determining reasonable charges for these facilities, the patient charge schedule may be used by the Comptroller of the Treasury in arriving at the amount of exclusion.

25. In Section G. Item 2bb any costs or expenses included in Section F, “Operating Expense,” for the items or services for which Medicaid NF-1 patients may be charged extra by the facility in addition to the established reimbursable cost rate of the facility are to be deducted from operating expense.

26. Facilities with no ancillary or extra charge areas should omit Sections H and I.

H. Allocation of Cost to Routine, Ancillary and Extra Charge Areas

(Facilities with no ancillary or extra charge areas can omit this section).

27. The statistical bases below shall be used to apportion indirect costs to ancillary and extra charge areas unless prior approval is obtained in writing from the Comptroller of the Treasury.

J. Patient Log Summary of Charges

28. Routine charges must be based on the facility’s established daily charge rate before contractual allowances. Ancillary charges (Section J) do not apply to Medicaid NF1 recipients.

29. If a facility is rendering only one level of care, the percentages of costs of the NF-1 program will be determined as a percentage of Medicaid NF-1 patient days to total patient days (Section K, Item a). If a facility is rendering more than one level of care, the percentage of costs to the NF-1 program will be determined as a percentage of Medicaid NF-1 covered charges to total covered charges (Section K, Item b).

L. Depreciation and Amortization Schedule

30. The Depreciation and Amortization Schedule (Section L) must be completed. Fixed Asset cost must agree with the Fixed Asset cost by classification shown in Section C. Do not include land, as land is not considered a depreciable asset. The sum of the current period total amortization expense reported in Section L and the current year unamortized expense reported in Section C.1.c. (Items (5) and (6)) should equal the unamortized expense reported in Section C.1.c. (Items (5) and (6)) of the prior period cost report.

N. Statement of Equity Capital

31. Equity Capital means the net worth of a provider, excluding those assets not related to patient care. Specifically, Equity Capital, includes:

(a) a provider’s investment in plant, property, and equipment (net of depreciation and associated long-term debt) related to patient care plus funds deposited by a provider who leases plant, property, and equipment related to patient care and is required by terms of the lease to deposit such funds (net of noncurrent debt related to such investment or deposited funds) and

(b) net working capital maintained for necessary and proper operation of patient care activities.

Providers of chain organizations may assign an appropriate share of the equity capital of the home office to each facility. This assignment must be shown in the home office cost report. Debt representing loans from partners, stockholders, or related organizations and for which the interest is not an allowable cost shall be considered as equity capital and shall not be subtracted in the determination of (a) or (b) above.
Investments, excess fixed assets, excess inventory, goodwill, loans to officers, owners, related organizations, or employees, uncollectible accounts and notes receivable, cash in excess of reasonable needs, and other assets, current or noncurrent, that are not reasonably related to patient care must be excluded from equity capital. Further, any capital expenditure that has not been approved by the Tennessee Health Facilities Commission or its successor agency in accordance with state law must be excluded from equity capital.

If the current year’s beginning equity capital does not agree with the prior year’s ending equity capital shown on the prior year’s cost report, Section N, Statement of Equity Capital, a reconciliation must be attached.

All entries on line 1c, 1d, or 1e must be dated. Any changes in equity capital reported on lines 1c, 1d, and 1e must be supported by a schedule showing the date and amount of each change that has occurred during the period. EXAMPLE - If the beginning balance of a loan to an owner is $10,000 and the ending balance is $12,000 and the net change of $2,000 occurred at different dates in different amounts (e.g., on February 15, the owner repaid $1,000; on April 20, the owner repaid $1,000; on June 10, the owner borrowed $3,000; on September 5, the owner repaid $2,000; and on October 20, the owner borrowed $3,000) each increase and/or decrease during the period must be dated with the appropriate amounts reported separately. A return on equity amount cannot be calculated unless the changes are dated and the amounts are reported accurately.

32. Reserved

1200-13-6-.10 MEDICAID NURSING FACILITY LEVEL I ACCOUNTING PRINCIPLES.

(1) Reimbursable Cost

This cost report must be completed in accordance with Medicare laws and principles of cost reimbursement as updated, except as specified in the cost report, the Footnotes and Instructions, and below:

(a) Only the straight line method of computing depreciation is permitted.

(b) Expenses related to disallowed capital expenditures such as depreciation, interest on borrowed funds, the return on equity capital in the case of proprietary providers, and repairs, are not allowable costs. Disallowed capital expenditures are those that have not been approved by the Tennessee Health Facilities Commissioner or its successor agency in accordance with state law.

(c) Bad debt is not an allowable expense.

(d) Costs may be included only for covered services as defined by the Department of Health.

(e) The reimbursement of excessive capital costs arising from low occupancy is not permitted by the Medicaid NF-1 Program. Accordingly, Medicaid capital-related costs before application of any ceilings shall be recalculated according to the following scale:
Facility % Occupancy | Percent of Actual Allowable Costs
--- | ---
80% and above | 100%
75% to 79.999% | 95%
70% to 74.999% | 90%
65% to 69.999% | 85%
60% to 64.999% | 80%
55% to 59.999% | 75%
50% to 54.999% | 70%
Below 50% | 60%

In addition, no incentive provisions will apply to providers with occupancies below 80%.

(f) Assets not relating to patient care, uncollectible accounts and notes receivable, and advances or loans to owners are to be excluded from equity capital.

(g) On a new lease effective after June 30, 1976, and renewal of such lease between either related or unrelated persons or entities, the lesser of rent on real property or equipment or the amount of the lessor’s depreciation, interest, other allowable costs, and return on equity capital, in accordance with principle 2 of this section, will be considered on an item by item basis. Renewal of a lease negotiated before July 1, 1976, at the same rental amount or at an amount fixed or determinable according to conditions provided for in the original lease will not be considered a new lease according to this provision. This provision does not apply to the rental of equipment for periods of less than one year.

In cases where a provider leases a facility from a municipality or other governmental unit or agency at a nominal rental fee (e.g., $1.00 per year) and the lease meets the Medicare criteria for the allowance of depreciation in lieu of rent, other costs to the governmental agency, which are otherwise allowable, may also be included in the reimbursable cost to the provider. When depreciation and other costs to the governmental agency are included by the provider, these costs must be specified as such and supporting documents must be available for audit in the same manner as the provider’s own records.

(h) In regard to the revaluation of assets, recovery of depreciation, and limitation of capital related costs on assets sold or transferred at a gain, the Tennessee Medicaid Program will allow the lesser of

1. the asset’s purchase price at the time of sale,
2. the fair market value at the time of sale, or
3. for bona fide arms length sales on and after July 1, 1988, the seller’s allowable historical basis trended forward by the asset revaluation multipliers. These multipliers are computed by the Comptroller’s Office based on the lesser of 50% of the Consumer Price Index or 50% of the Dodge Construction Index (measured from the seller’s date of acquisition) and then reduced by the seller’s accumulated depreciation to the time of sale.

Furthermore, for sales on and after July 1, 1988, the new provider’s combination of down payment and loan principal cannot exceed the revalued basis. The down payment is applied to the revalued basis first, and the remaining amount is the allowable debt basis.
The new provider’s allowable useful lives on assets purchased cannot be less than the seller’s remaining useful lives at the time of purchase. The provider of record (buyer) is responsible for providing the necessary initial information to the Comptroller’s Office in order to make the necessary revaluation. In subsequent years’ cost reports, the provider is responsible for maintaining records on assets subject to the revaluation limitation and must enter in Section G.2.cc. the excess of book depreciation and interest over the Medicaid allowable amount. Assets and debt acquired subsequent to and not related to the change of ownership are not subject to revaluation limitations. In no case can interest expense on assets subject to revaluation limits exceed actual interest incurred by the new owner.

ILLUSTRATIVE EXAMPLE

Seller’s original building cost was $1,250,000 on July 1, 1980, with a useful life of 40 years. On July 1, 1992, the facility is purchased by Buyer for $3,500,000 who decides to invest some of his own money in the purchase and finance the remainder at 9%. Accumulated depreciation for the building as of July 1, 1992 is $375,000, and the net book value is therefore $875,000. The portion of the selling price allocated to the building is $1,531,250. Buyer’s remaining useful life for the building is 28 years. Buyer reported depreciation for the building for FYE 6/30/93 of $54,688. The building revaluation and depreciation limit is computed below. The index for assets acquired in 1980 and sold in 1992 is 1.17.

Assuming the provider’s allowable basis for all assets (including the building and equipment) is $2,292,322, allowable return on equity and interest would be computed as follows:

(i) If the buyer, (a for-profit entity), pays $1,000,000 down and finances the remaining $2,500,000 of the purchase, then he is allowed return on equity on $1,000,000 and interest expense of $1,292,322 at 9% for the loan term. Allowable interest expense decreases each year as principal is repaid.

(ii) If the buyer (a for-profit entity) pays $2,500,000 down and finances the remaining $1,000,000 of the purchase, then he is allowed return on equity of $2,292,322 and NO interest expense.

(iii) If the buyer (a not-for-profit entity) pays $1,000,000 down and finances the remaining $2,500,000 of the purchase, then he is allowed NO return on equity, and is allowed interest expense of $1,292,322 at 9% for the loan term. Allowable interest expense decreases each year as principal is repaid.

(i) A return on equity of no more than the amount allowed under Medicare principles in effect for services prior to October 1, 1993, shall be included as an allowable cost for proprietary providers, limited to $1.50 per patient day, and by the maximum payment rate.

(j) The effect of minimum wage and other direct pass-through cost items will be eliminated in the application of the inflation allowance.
(k) An incentive payment will be included in the reimbursable rate for providers who sufficiently contain costs as provided herein and maintain an average occupancy rate of 80% or greater. Certain expenses are fixed and not controllable on a day today basis. These expenses include allowable rent, property taxes and insurance, depreciation, and interest. Total costs are determined for each provider and converted to a per patient day basis. Fixed costs are also determined for each provider and converted to a per patient day basis. Variable costs are determined by subtracting the fixed costs from the total costs. All intermediate care providers whose variable costs are less than the maximum reimbursement rate shall be eligible to receive a fifty percent (50%) cost containment incentive for every dollar they are below the maximum reimbursement rate, limited to three dollars ($3) per patient day and by the maximum reimbursement rate.

(l) No carryover of allowable costs shall be allowed.

(m) Providers of ICF/MR Services

1. For providers of ICF/MR services, the total of management fees charged by a non-related management company plus the total of home office costs claimed by a related parent company, is limited to the lesser of:

   (i) Allowable costs of the non-related management company and the related parent company.

   (ii) Charges, or

   (iii) 45% of total allowable administrative costs of the provider.

   (iv) In addition, management fees of a non-related management company is further limited by:

       I. The amount specified in the management contract between the management company and the ICF/MR facility; and

       II. The maximum component fees as defined in (h) below.

2. A non-related management company is an independent entity not related to the provider by ownership or control and which obtains its contract with the provider by means of an arms-length transaction. If a management company does not obtain its contract by means of an arms-length transaction, it will be deemed a related parent company. The management fees of a non-related management company are not allowable unless the company manages at least two ICF/MR facilities. A related parent company is one which owns, in part or in whole, its subsidiary ICF/MR facilities, or exercises significant control over its subsidiary ICF/MR facilities. A related parent company, as well as a non-related management company, maintains offices and administrative staff separate from and in addition to the individual facilities’ administrative offices and administrative staff.

3. For purposes of this rule, the term ownership is as defined to rule 1200-13-6-.09E.9. Control exists where an individual or an organization has the power, directly or indirectly, significantly to influence or direct the actions or policies of an organization or institution. The term “control” includes any kind of control, whether or not it is legally enforceable and however it is exercisable or exercised. It is the reality of the control which is decisive, not its form or the mode of its exercise.
4. The allowable costs of a non-related management company may include a profit factor equal to the return on equity percentage currently allowed under the program. Unless otherwise indicated by state rules, allowable costs are determined in accordance with Medicare principles of retrospective reimbursement. Interest paid on overdue management fees is considered part of the management fees in the year paid.

5. For purposes of this provision, charges is the amount claimed for reimbursement by a non-related management company or related parent company on provider cost reports submitted to the state.

6. For purposes of this rule, administrative and general costs of the provider include the following:

   (i) Salary of administrator;
   (ii) Other administrative salaries;
   (iii) Office supplies and printing;
   (iv) Communications (telephone, fax);
   (v) Travel expenses;
   (vi) Advertising and public relations;
   (vii) Licenses, dues and subscriptions;
   (viii) Professional training and education;
   (ix) Conference registration and fees;
   (x) Accounting, bookkeeping, and auditing expenses;
   (xi) Legal services;
   (xii) Pharmacy, nursing, dietary, and all other consulting services;
   (xiii) Franchise and filing fees;
   (xiv) Excise taxes;
   (xv) Insurance (other than property insurance);
   (xvi) Utilization review expenses;
   (xvii) Management fees; and
   (xviii) Home office costs.

7. The provider services tax is not included in administrative and general costs of the provider.

8. For purposes of this rule, maximum component fees are upper limits for services documented as provided by non-related management companies to client ICF/MR facilities. Component fees are allowable only if the service is not provided by the ICF/MR with its own staff or by independent contractors separate from the management company. Management companies and/or ICF/MR must maintain documentation that the service(s) are actually provided on-site at the ICF/MR facilities. Accounting and bookkeeping services do not necessarily have to be performed onsite at the provider. The annual maximum component limits are as follows for facilities greater than 50 beds:

   Nurse Consultant Services     $10,500
   Human Resource Services       $10,500
   Crisis Intervention Services  $10,500
   Pharmacy Consultant Services  $7,000
   Dietary Consultant Services   $7,000
   Social Service Consultant Services $3,000
   Activity Service Consulting   $1,500
   Medical Records Consulting    $1,500
   Accounting Services          $50,000
   Bookkeeping Services          $20,000
9. The maximum annual allowable management fee for component services under this subsection, before consideration of allowances for management company profit and overhead, is $184,500. An additional 20% of the total allowed components will be added for overhead. In addition, a profit margin based on the total allowed components will be added. The profit percentage will be the current return on equity percentage used under the program. For facilities 50 beds or less, applicable amounts will be one-half the above amounts.

Illustrative Example

Assume the following: A non-related management company is limited to (a)4.(ii), maximum component fees. The management company manages five nursing facilities for the entire year. Four of the facilities have 100 beds and the fifth has 45 beds. Assume the applicable return on equity percentage is 7%. The management company documents that it has provided the following services to each of the five providers:

   (i) Nurse Consulting
   (ii) Human Resource Services
   (iii) Crisis Intervention Services
   (iv) Accounting
   (v) Staff Training
   (vi) General Oversight and Supervision

The maximum allowable management fee for each of the 100 bed facilities is $179,705 computed as follows:

<table>

<tr>

The maximum allowable management fee for the 45 bed facility is $89,853.

10. It is the responsibility of ICF/MR providers to submit cost information of non-related management companies. Initially, the cost information is to be submitted on the effective date of this rule. Subsequently, the cost of non-related management companies shall include, but not be limited to, audited financial statements, a detailed trial balance, and allocation of costs to all managed facilities and owned facilities, if any, as well to other business activities of the management company. The cost information is subject to audit by the state Comptroller’s Office. In the event that audited financial statements are
not available, unaudited statements shall be submitted. In the event that the fiscal year end of the management company differs from the fiscal year end of the ICF/MR provider(s), information from the most recently completed fiscal year shall be submitted. Cost reports submitted without the required management company cost information shall be considered incomplete and will not be processed. Providers will be subject to a penalty of $10 per day in accordance with state law until the required cost information is filed.

11. The provisions of this section do not apply to ICF/MR services covered under a capitated payment system nor to management contracts with annual fees less than $75,000.

(2) Workers Compensation Expenses

For Medicaid cost reporting purposes, when additional costs for workers compensation premiums are incurred from an insurance audit subsequent to a nursing facility’s fiscal year end and the cost report has been filed with the Comptroller’s Office without including the costs, the costs will be considered an expense in the year the amount becomes known. Should a workers compensation audit result in a premium credit, the credit will be applied to the next premium payment. In either case, amended cost reports cannot be filed.

(3) Disclosure of Information

The Tennessee Medical Assistance program will follow federal requirements pertaining to the disclosure of certain information about ownership interest, business transactions, convictions of program related criminal offenses, etc. as required by 42 CFR Chapter IV, Part 420, Subpart C, and Part 455, Subpart B, Principle C effective October 1, 1983.

(4) Patient Accounts and Patient Funds

Gross charges to the patients’ accounts must match the charges to the patient log. Adjustments to the patients’ accounts must then be made to bring the actual charges in line with the contractual and legal collection limits of the various medical programs. All charges in the patients’ accounts must be supported by charge slips and the proper notes in the patients’ files and must correspond to the charges reported on the Department billing forms. Personal funds held by the provider for Medicaid patients used in purchasing clothing and personal incidentals must be properly accounted for with detailed records of amounts received and disbursed and shall not be commingled with nursing facility funds. Patient funds in excess of $50 per patient must be kept in an insured interest bearing account. Interest earned must be credited to the patients.

(5) Patient Logs and Census

Each facility must maintain daily census records and an adequate patient log. The format of the log is to be determined by each individual provider and may be combined with the revenue journal or other records at the convenience of the provider. This log, however, must be sufficient to provide the following information on an individual basis and to accumulate monthly and yearly totals for Medicaid NF-1 patients and for all other patients.

(a) Days of service,

(b) Charges for items and services covered by the Medicaid NF-1 Program,

(c) Charges for items and services not covered by Medicaid NF-1 Program,
(Rule 1200-13-6-.10, continued)

(d) Patient income applicable to the cost of covered items and services received by Medicaid NF-1 patients,

e) Amounts collected and receivable from the Medicaid NF-1 Program, and

(f) Amounts collected and receivable from all other sources.

(b) Directions for Completion of the Sample Patient Log

The log should be maintained on a monthly basis with separate pages used for each month. Medicaid NF-1 patients should be listed in a separate section of the log so that Medicaid NF-1 program statistics can be generated. The columns should be completed and totaled as soon after the end of the month as the figures are available. Adjustments should be made to the monthly totals to reflect adjustments in the log due to changes in patient status, additional information, or other reasons. Complete explanations should accompany each adjustment. For non-program patients, columns 8 through 14 can be omitted or adapted for other uses.

Column 1. Patient Name--Enter the individual patient’s name.

Column 2. Patient Days--Enter the patient days that the patient was charged for as this category of patient.

Column 5. Total NF-1 Covered Charges--Enter the sum of column 3 and 4.
Column 6. Total NF-1 Noncovered Charges--Enter the total of the charges, according to the facility's charge schedule, for services not covered by the NF-1 program.

Column 7. Total Actual Charges--Enter the sum of column 5 and column 6.

Column 8. Date Medicaid NF-1 Claim Paid--For each Medicaid NF-1 patient, enter the date that each claim was paid by the Department of Health. For other types of patients, leave blank or adapt for other use.

(c) The above are maximum limits of allowable compensation to owners and/or relatives who are actually performing these duties 100% of a normal work week. Part-time performance will be computed on percentage of time spent. For purposes of this rule, a normal work week is defined as 40 hours.

(d) If the facility has under 51 beds, only (1) Administrator and/or Business Manager is allowed, and the rate is set according to bed size/Administrator table.

(e) Allowances for any position not specifically listed herein will be based on other comparable positions and other available information.
(f) Allowances for any position shall not exceed the administrator’s compensation.

(g) Other items of consideration to be used in adjustments to these maximum allowances are:
   1. necessity of services provided and duties performed by the individual,
   2. the time period during which these duties were performed,
   3. accounting period bed changes based on dates of change,
   4. other relevant circumstances and data verified by the Comptroller of the Treasury.

(h) Allowable compensation amounts shown above will be increased annually effective with cost reports ending June 30 and later based on the preliminary Skilled Nursing Facility Market Basket Index as computed by Health Care Financing Administration, Office of the Actuary, Division of National Cost Estimate, current as of June 30, but in no case will the annual compensation adjustment exceed 10%.

(3) The above are maximum limits of allowable cost for owners and/or relatives who are actually performing these duties 100% of a normal work week. Part-time performance will be computed according to time spent. For purposes of this rule, a normal work week is defined as 40 hours.

(4) No assistant operating executive will be authorized for a chain with 200 beds or less.

(5) If chief operating executive is a licensed administrator and is actually performing the duties of administrator in one of the facilities, those owner/administrator guidelines will apply.

(6) Other items of consideration to be used in adjustments to these maximum allowances:

   a) services provided to the facilities by home office,
   b) positions filled and duties performed by other personnel in the home office compared to related positions and duties performed by other personnel in the individual facilities,
   c) comparable salaries that would have to be paid to non-owners for the same services,
   d) accounting period bed changes based on dates of change, and
   e) other relevant circumstances and data verified by the Comptroller of the Treasury.

(7) Allowable compensation amounts will be increased annually using the same percentage that is developed under 1200-13-6-.11(8).

1200-13-6-.13 ESTABLISHMENT OF PER DIEM REIMBURSEMENT RATES.

(1) The Comptroller of the Treasury will establish per diem reimbursement rates for nursing facility Level I services provided to Tennessee Medicaid recipients.

(2) The Comptroller of the Treasury will use:

   a) the cost report required by rule 0380-1-10-.07,
   b) budgeted information supplied by the provider,
   c) the charge system of the provider, and
   d) any other data the Comptroller considers relevant in rate determination.

1200-13-6-.14 MAXIMUM AMOUNT OF REIMBURSABLE COST PAYABLE TO A PROVIDER.

(1) The maximum amount of reimbursable cost payable to a provider as provided for in these rules and regulations shall be the lesser of:

   a) The usual and customary charges for comparable services of a particular provider; or
(Rule 1200-13-6-.14, continued)

(b) A maximum program-wide rate for Nursing facility Level I services as may be established by the Department in consultation with the Department of Finance and Administration; or

(c) An allowable amount as determined by the Comptroller of the Treasury in accordance with the Department’s rules. In the event that an item is not addressed in the Department’s rules, Medicare principles of retrospective cost reimbursement shall apply.

1200-13-6-.15 AUDITING OF COST REPORTS. The cost reports filed in accordance with the rules above and all provider records pertaining thereto shall be subject to audit by the Comptroller of the Treasury or his agents. The cost reports filed in accordance with the rules above must provide adequate cost and statistical data. This data must be based on and traceable to the provider’s financial and statistical records and must be adequate, accurate and in sufficient detail to support payment made for services rendered to beneficiaries. This data must also be available for and capable of verification by the Comptroller of the Treasury or his agents. The provider must permit the Comptroller or his agents to examine any records and documents necessary to ascertain information pertinent to the determination of the proper amount of program payments due. Data reflected on the cost report which cannot be substantiated may be disallowed with reimbursement being required of the provider.

1200-13-6-.16 RECORDS RETENTION. Each provider of Level I nursing facility services is required to maintain adequate financial and statistical records which are accurate and in sufficient detail to substantiate the cost data reported. These records must be retained for a period of not less than five years from the date of the submission of the cost report, and the provider is required to make such records available upon demand to representatives of the State Department of Health, the State Comptroller of the Treasury, or the United States Department of Health and Human Services.

1200-13-8-.01 DETERMINATION OF REIMBURSABLE COST FOR SKILLED NURSING CARE. The Department, in consultation with the Comptroller of the Treasury and the Tennessee Health Care Association, shall establish the rules and regulations for the determination of the reimbursable per diem cost for those institutions or distinct parts thereof providing skilled nursing care. The Department may establish the maximum amount to be paid to such institutions.

1200-13-8-.02 APPROVAL OF THE DEPARTMENT REQUIRED FOR PARTICIPATION. Only those institutions or distinct parts thereof designated and certified by, and contracting with, the Department as rendering skilled nursing care may participate and be reimbursed as a provider under these provisions. The Department shall notify the Comptroller of the Treasury when a provider enters the program and when its participation terminates.

1200-13-8-.03 COVERED SERVICES. The specific items and services covered under skilled nursing care shall be those defined and approved by the Department. Noncovered services may be charged directly to the recipient.

1200-13-8-.04 BILLING PROCEDURE. Institutions or distinct parts thereof rendering skilled nursing care shall bill the Department on the forms and in the manner designated by the Department.

1200-13-8-.05 CHARGES TO SKILLED NURSING FACILITY RECIPIENTS. The charge schedule of a provider must be applied uniformly to all patients as services are furnished. Appropriate writeoffs or adjustments shall be made to each Medicaid recipient’s account to reduce the gross charges to the contractual or legal collection limits of the Medicaid Program.

1200-13-8-.06 EXTENT OF REIMBURSEMENT. The per diem reimbursable costs of institutions or distinct parts thereof rendering skilled nursing care shall be reimbursable by the State as provided in Rule 1200-13-8-.14 with the remainder not allowable as outside support from other sources. The provider shall be limited to reimbursable per diem as the maximum it may collect from all sources for program services.

1200-13-8-.07 ESTABLISHMENT OF PROSPECTIVE PER DIEM COST RATES. The Comptroller of the Treasury will establish prospective per diem reimbursement rates for the institutions or distinct parts thereof rendering Level II nursing care (formerly referred to as skilled nursing care). The Comptroller of the Treasury shall consider the charge system of the provider, prior cost date, results of audits, budgeted information supplied by the provider in instances of new facilities, and any other relevant data submitted by the provider in establishing these rates.

1200-13-8-.08 SUBMISSION OF COST REPORTS BY PROVIDERS.

(1) In-state and out-of-state Providers of Medicaid Level II nursing care will be required to contract with the Department and submit to the Comptroller of the Treasury a pro-forma (budgeted) cost report upon beginning participation as a new provider. Leases and changes of ownership are not considered new providers for this purpose and thus no budgeted cost reports are filed for leases or changes in ownership. Thereafter, cost reports shall be filed at their fiscal year end on forms designated by the Department. The report shall be due within three (3) months after the end of the designated fiscal period or the alternative due date designated by Medicare if applicable. An extension may be requested for due cause. Such cost reports must be completed in accordance with Medicare reimbursement principles except where these rules may specify otherwise. All covered charges are to be in accordance with the Medicaid Program definition of covered services. Also, all charges to Medicaid recipients must be made consistently and in accordance with the providers schedule of charges in effect for the period covered for all patients. In the event that a provider does not file the required cost report by the due date, the provider shall be subject to a penalty of ten dollars ($10.00) per day in accordance with T.C.A. 12-4-304. In the event that a provider discovers a significant omission of costs, it may file an amended cost report at any time prior to the due date of its next annual cost report. After that time, the cost report cannot be amended for cost omissions. Amended cost reports shall be subject to the same requirements as other cost reports, and will be the only accepted means to claim omitted costs. Rate increases resulting from submission of omitted costs will not be retroactive.

(2) Providers of skilled nursing care that do not file cost reports required in this section or do not file the cost reports in a timely manner as provided in Medicare Principles of Reimbursement, in effect October 1, 1984, may be subject to sanctions as provided by the Medicare Principles of Reimbursement. Providers of skilled nursing care who fail to file cost reports for a specific period shall be subject to penalties in accordance with state law.

(3) After a period of five years following the implementation of Medicaid prospective payment for Level II nursing facility services on October 1, 1996, amended or corrected Level II nursing facility cost reports with claims for reimbursement for services prior to October 1, 1996 shall not be accepted.

1200-13-8-09 MAXIMUM COMPENSATION RANGES FOR OWNERS AND/OR THEIR RELATIVES.
Effective for fiscal years ending June 30, 1984 and later, the following maximum compensation for owners and/or their relatives employed by an individual skilled care facility or by a parent company whose subsidiary or division participates in the Medicaid Skilled Care Program shall apply.

1200-13-8-.10 EXPENSES RELATED TO DISALLOWED CAPITAL EXPENDITURES. Expenses related to disallowed capital expenditures, such as depreciation, interest on borrowed funds, the return on equity capital in the case of proprietary providers, and repairs are not allowable costs. Disallowed capital expenditures are those occurring on or after June 24, 1973, and on or before August 31, 1979, and that exceeds $100,000, or on or after September 1, 1979, and on or before July 17, 1984, that exceeds $150,000, and on or after July 18, 1984, and on or before April 17, 1985, that exceeds $500,000, and on or after April 18, 1985, and on or before June 30, 1987 that

1200-13-8-.11 LEASE AND RENT EXPENSE. On a new lease negotiated after December 31, 1977, and renewal of such lease, the lesser of rent on real property or equipment or the amount of the lessor’s depreciation, interest, other allowable costs, and return on equity capital, (for approved capital expenditures excluding expenses not considered allowable) in accordance with Rule 1200-138-.10, will be considered an allowable cost. Renewal of a lease negotiated before January 1, 1978, at the same rental amount or at an amount fixed or determinable according to conditions provided for in the original lease will not be considered a new lease according to this provision. This provision does not apply to the rental of equipment for periods of less than one year.

1200-13-8-.12 CHANGE OF OWNERSHIP.

Additional capital costs due to revalued assets will be recognized only when an existing provider is purchased by another provider in a bona fide sale (arms length transaction). The new value for reimbursement purposes shall be the lesser of (1) the purchase price of the asset at the time of the sale, (2) the fair market value of the asset at the time of the sale (as determined by an MAI appraisal), (3) current reproduction cost of the asset depreciated on a straight line basis over its useful life to the time of the sale, or (4) for facilities under going a change of ownership on or after July 18, 1984, the acquisition cost to the first owner of record on or after July 18, 1984. The cost basis of depreciable assets in a sale not considered bona fide is additionally limited to (5) the seller’s cost basis less accumulated depreciation. The purchaser has the burden of proving that the transaction is a bona fide sale should the issue arise. Gains realized from the disposal of depreciable assets while a provider is participating in the program are to be a deduction from allowable capital costs. All sales as of July 18, 1984, will be in compliance with the provisions of Section 2314 of DEFRA.

1200-13-8-.13 RESERVED.

1200-13-8-.14 INCENTIVE PAYMENT. An incentive payment will be included in the reimbursable costs of Level II providers that sufficiently contain costs and maintain an average occupancy rate of 80% or greater. Skilled providers with operating costs less than the maximum reimbursable rate shall be eligible to receive a fifty percent (50%) cost-containment incentive for every dollar they are below the maximum reimbursement rate, limited to three dollars per patient day and by the maximum reimbursement rate. Operating costs are defined as total costs less capital-related costs.

1200-13-8-.15 AUDITING OF COST REPORTS. The cost reports filed in accordance with the rules above and all provider records pertaining thereto shall be subject to audit by the Department, the Comptroller of the Treasury, or their agents. The cost reports filed in accordance with the rules above must provide adequate cost and statistical...

This data must be based on and traceable to the provider’s financial and statistical records and must be adequate, accurate, and in sufficient detail, to support payment made for services rendered to beneficiaries. This data must also be available for and capable of verification by the Department, the Comptroller of the Treasury, or their agents. The provider must permit the Department, the Comptroller or their agents to examine any records and documents necessary to ascertain information pertinent to the determination of the proper amount of program payments due. ### 1200-13-9-.01 Definitions

The following definitions shall apply to Rules 1200-13-9-.02 through 1200-13-9-.14 inclusive, unless otherwise indicated.

1. **Capital Costs** means those costs which are required or allowed by Title XVIII principles to be included in all depreciation columns on worksheet B of HCFA form 2552-85 (12/85). Capital costs shall not include costs associated with non-reimbursable cost centers.

2. **Direct Medical Education Costs** means those costs associated with a nursing school or intern-resident services in an approved residency program which are required or allowed by Title XVIII principles to be included on worksheet B of HCFA form 2552-85 (12/85). 3. **Utilization Ratio** means the ratio of Medicaid covered inpatient days attributable to patients determined eligible for Medicaid by the State of Tennessee to total inpatient days. Education costs are considered as a part of the operating component when educational services are an integral part of a recipient's acute inpatient psychiatric care involving active treatment pursuant to an individual plan of care developed by an interdisciplinary treatment team, and ordered by the recipient's attending physician.

4. **Medicaid Day** means any part of a day, including the day of admission in which a person determined eligible for Medicaid by the State of Tennessee is admitted as an inpatient with the intention of remaining overnight. The day of discharge is not counted as a day. If admission and discharge occur on the same day, the day is considered one inpatient day.

5. **Operating Component** means those costs, applicable to inpatient services only, which are required or allowed by Title XVIII principles to be included on worksheet E of HCFA form 2552-85 (12/85), including costs relating to hospital-based physicians if applicable, and COSTS for educational services when they are an integral part of a recipient's acute inpatient psychiatric care involving active treatment, pursuant to an individual plan of care developed by an interdisciplinary treatment team, and ordered by the recipient's attending physician, less the portion of capital-related and direct medical education costs attributable to patients determined eligible for Medicaid by the State of Tennessee.
Pass Through Component means the share which is attributable to patients determined eligible for Medicaid by the State of Tennessee of actual capital costs and actual direct medical education costs. Upon the effective date of these rules, the Services Tax will be an allowable cost included in the pass-through component.

Title XVIII principles means, except where indicated otherwise, those Medicare principles which are applicable to hospitals, which were in effect on October 1, 1982, and which are described at 42 CFR Part 405.

Base Year Cost Report for inpatient psychiatric services is the 12 month cost report (for each provider) ending in calendar year 1986. If a provider does not have a 12 month cost report ending within that time period, then the base year shall be the next preceding 12 month cost report. If there is no such cost report, then the base year shall be the most recently filed 12 month cost report. Inpatient psychiatric providers not meeting any of the above conditions shall be handled in accordance with Rule 1200-13-9-.11 NEW PROVIDERS.

Hospital means both those health care facilities defined by T.C.A. §68-11-201(10), which are licensed by this Department and the Tennessee Board for Licensing Health Care Facilities pursuant to regulatory Chapter 1200-8-1, and those inpatient facilities licensed by the Tennessee Department of Mental Health and Mental Retardation, pursuant to T.C.A. §33-2-501 et. seq. as defined by regulatory chapter 0940-5-1-.06(l) and (3). "Hospital" also means the whole, or the distinct part, of a health care facility that has been certified by this Department and the Federal Health Care Financing Administration to participate as a provider of Medicaid inpatient hospital services (as defined by the October 1, 1986, edition of 42 CFR 440. 10 and 440.140) or inpatient psychiatric services for individuals under twenty-one (21) (as defined by the October 1, 1986, edition of 42 CFR 440.160).

1200-13-9-.02 DETERMINATION OF REIMBURSABLE COST. The Comptroller of the Treasury in accordance with this chapter of the Department's rules and regulations shall make the determination of reimbursable per them cost for hospitals.

1200-13-9-.03 APPROVAL OF THE DEPARTMENT REQUIRED FOR PARTICIPATION. Only those in situations or distinct parts thereof accredited by the Joint Commission on Accreditation of Hospitals as psychiatric facilities and contracting with Medicaid may participate and be reimbursed as providers under these provisions. The Department shall notify the Comptroller of the Treasury when a provider enters the program and when its participation terminates.

1200-13-9-.04 COST REPORTS REQUIRED.

In order to be eligible for payment by the Medicaid program for hospital services provided to Tennessee Medicaid beneficiaries, providers, including those paid by a prospective method, are required at each provider's fiscal year end, upon termination of provider status, change in ownership, or enrollment as a new provider, as per Rule 1200-13-9-.11, to submit to the
Comptroller of the Treasury an annual cost report on forms designated by the Department. This report shall be submitted not later than three months from the end of each provider's fiscal year. Such cost reports must be completed in accordance with the Medicare principles of cost reimbursement set out in the Medicare Provider Reimbursement Manual, in effect on October 1, 1982, except where the Department may specify otherwise by these rules.

(2) Providers which fail to submit cost reports which comply with Title XVIII principles in effect on October 1, 1982 and described at 42 CFR Part 405 shall be subject to penalties imposed by such regulations. Except as stated in Rule 1200-13-9-.07(3), hospitals not filing cost reports for a specified period shall be required to refund all payments made under this program for that period.

(3) To be eligible to receive payment, contracting hospitals shall use uniform hospital statistics and classification of accounts as published by the American Hospital Association for all accounting records, or any other acceptable accounting methods approved by the Department of Health and Environment in consultation with the Comptroller and the Tennessee Hospital Association. However, accounts, statistics and records pertaining to "medical indigents", "bad debts" and "charity" shall be classified as defined by T.C.A. §68-1-109, as amended by Chapter 319 of the Public Acts of 1987.

(4) After a period of five years following the implementation of the TennCare Program on January 1, 1994, amended or corrected hospital cost reports with claims for reimbursement for services prior to January 1, 1994 shall not be accepted.

1200-13-9-.05 BILLING PROCEDURE. Institutions or distinct parts thereof rendering hospital care shall bill the Department or other agency or organization designated by the Department on the forms and in the manner designated. No provider shall charge for Medicaid patients more than is charged for private paying patients for equivalent accommodations and services.

1200-13-9-.06 APPLICATION OF PROSPECTIVE PAYMENT METHOD. Except for those providers exempted by the provisions of Rule 1200-13-9-.07, all Medicaid providers of inpatient psychiatric services shall be paid by the prospective methods set forth in this chapter. For hospitals, or distinct parts thereof, certified to participate in Medicaid as providers of inpatient psychiatric services to persons under the age of twenty-one (21) these provisions apply to dates of service beginning on, or after, July 1, 1988. For institutions for mental diseases or distinct parts thereof, that are certified to participate in Medicaid as providers of inpatient hospital services for individuals age sixty-five (65) or older, these provisions apply to dates of service beginning on, or after, July 1, 1988. These effective dates apply without regard to the provider's fiscal year end.

1200-13-9-.07 PROVIDERS EXEMPTED FROM PROSPECTIVE PAYMENT SYSTEM. The prospective payment system shall not apply to the following hospitals and services:

(1) Any health care facility that is not a "hospital", as defined by Rule 1200-13-9-.01(9), skilled nursing facilities and intermediate care facilities located within hospitals when certified or licensed as "nursing" homes and swing beds, while being used to provide nursing services at less than the acute level of hospital care.
(Rule 1200-13-9-.07, continued)

(2) Inpatient services provided before July 1, 1988, by providers of either inpatient psychiatric services to persons under the age of twenty-one (21), or inpatient hospital services in institutions for mental disease to individuals age sixty-five (65) or older.

(3) Psychiatric hospitals which elect not to submit a cost report and which have less than $10,000 annually, based on the provider's fiscal year, in total charges to patients determined eligible for Medicaid by the State of Tennessee. Such providers shall be reimbursed an amount not to exceed 80% of reasonable charges for covered items billed by the provider. Reasonable charges are those which are charged by comparable providers for similar services. In the event that providers exceed $10,000 in total Tennessee Medicaid charges annually, they will be treated as new providers as specified in Rule 1200-13-9-.11.

(4) Outpatient hospital services, as defined by the October 1, 1986, edition of 42 CFR 440.20.

1200-13-9-.08 PROSPECTIVE PAYMENT METHODOLOGY.

(1) Except as provided by other provisions of this chapter, each hospital's reimbursable inpatient costs will be determined in accordance with Medicare Title XVIII principles from a base year cost reporting period, as defined by Rule 1200-13-9-.01(8). Costs will be separated into an operating component (defined by Rule 1200-13-9-.01(5)) and a pass-through component (defined by Rule 1200-13-9-.01(6). A trending factor (defined by Rule 1200-13-9-.08(3)) will be applied to the operating component only. The prospective rate will consist of the trended operating component. Tennessee Medicaid costs will be determined by a computed utilization ratio (defined by Rule 1200-13-9-.01(3)) from HCFA Form 2552 which must be submitted by the provider. The prospective payment (operating costs) will be made as a rate per inpatient day. On and after July 1, 1988, in psychiatric hospitals and institutions for mental disease, which dates apply without regard to the date upon which the provider's fiscal year may end, the pass-through component will not be a part of the per diem rate, but will, instead, be paid in lump sum amounts on a monthly basis.

(2) Pass Through Component

(a) For inpatient services in psychiatric facilities on or after July 1, 1988, irrespective of provider fiscal year end, the reimbursable per diem rate will consist of only the operating component. The remaining components: capital, direct medical education, and return on equity will be paid in a lump sum amount. Capital, direct medical education, and return on equity costs will be estimated from each provider's most recent cost report on file as of 4:30 p.m. C.D.T., Monday, June 30, 1988. The estimates will be used to compute a lump sum amount for capital, direct medical education, and return on equity. Payments will be made monthly starting July 1, 1988. Each provider's subsequent cost report will be used to adjust the capital, direct medical education, and return on equity for the subsequent fiscal year. This adjustment shall be effective on the first day of the next month, one month subsequent to the date of receipt of the provider's cost report. Capital, direct medical education, and return on equity costs will be subject to year end cost settlement for inpatient psychiatric services on and after July 1, 1988. Upon the effective date of these rules, the Services Tax will be an allowable cost included in the pass-through component.

(b) Additional costs due to revalued assets will be recognized only when an existing provider is purchased by another provider in a bona fide sale (arms length transaction). The new value for reimbursement purposes shall be the lesser of (1) the purchase price of the asset at the time of the sale, (2) the fair market value of the asset at the time of the sale (as determined by an MAI appraisal), (3) current reproduction cost of the asset depreciated on a straight line basis over its useful life to the time of the sale, or (4) for facilities undergoing a change of
ownership on or after July 18, 1984, the acquisition cost to the first owner of record on or after July 18, 1984. The purchaser has the burden of proving that the transaction is a bona fide sale should the issue arise. Gains realized from the disposal of depreciable assets while a provider is participating in the program are to be a deduction from allowable capital costs.

(c) The payment of return on equity (for Proprietary providers only) will be determined by Medicare principles of cost reimbursement, 42 CFR Part 405, in effect on August 1, 1983 providing that, effective April 20, 1983, return on equity shall be adjusted to reflect 100% of the average rate of interest on obligations issued for purchase by the Federal Hospital Insurance Trust Fund.

1. The return on equity for acute care and psychiatric proprietary provider will be reduced as follows: for cost reporting periods beginning after September 1986, payment will be 75% of the current amount; 50% of the current amount for reporting periods beginning after September 1987; 25% of the current amount for reporting periods beginning after September 1988; and zero thereafter.

(d) Beginning with fiscal years beginning July 1, 1987 and later, capital costs will be reduced by 3.5% for dates of service July 1, 1987 through September 30, 1987, by 7% for dates of service October 1, 1987 through December 31, 1987, by 12% for dates of service January 1, 1988 through September 30, 1988 and by 15% for dates of service October 1, 1988 through September 30, 1989, by 0% for dates of service October 1, 1989 through December 31, 1989, and by 15% for dates of service January 1, 1990 and later. Reduction will be figured into year end final settlements. Hospitals designated as Sole Community Hospitals are exempt from percentage reductions in capital costs. Upon the effective date of these rules, hospitals will be reimbursed 100% of their capital costs.

(3) Operating Component - Each facility's initial prospective rate shall also include an operating component which is computed from the base year cost report. In base years all providers including providers that are within the first three years of operation will be subject to the routine per diem cost limitations for prospective rate purposes. The routine per diem limitations for these purposes will be set in the same manner as those used for acute care hospitals. All new providers may have their prospective rate adjusted at the end of the first five year period. The operating component will be trended forward each year. The trending period shall be from the midpoint of each hospital's base year to the midpoint of the hospital's first cost reporting period subject to prospective payment. Trending to the new rebased year (1988 cost reports or if not available the prior cost report) will be computed by utilizing the indexing rate recommended by the Prospective Payment Assessment Commission, applied from the end of the hospital's fiscal year to October 1, 1989.

Thereafter, the trending index shall be that rate of increase on prospective payments as recommended by the Prospective Payment Assessment Commission and as published in the Tennessee Administrative Register. The trending indexes above shall be applied from October 1, 1989, to the midpoint of the state's fiscal year, no earlier than December 31, 1990, and shall be effective the first of the state's fiscal year, no earlier than July 1, 1990. When necessary, indexes will be prorated to correspond to the provider's year end. Each provider will be notified of their new operating rate due to indexing within 30 days of the beginning of the state’s fiscal year.

Medical malpractice insurance reimbursement will be limited to 7.5% of allowable malpractice insurance premiums for prospective rate purposes.

Education costs are considered as a part of the operating component, when educational services are an integral part of a recipient's acute inpatient psychiatric care involving active treatment, pursuant to an individual plan of care developed by an inter-disciplinary treatment, and ordered by the recipient's attending physician.
1200-13-9-.09 MINIMUM OCCUPANCY ADJUSTMENT. Capital costs shall be adjusted each year, using the formula set out below, if a facility's occupancy rate, based on staffed beds during the year, is below a minimum level. If a hospital exceeds its minimum occupancy rate, the formula is not applied. The minimum level is as follows:

- Hospitals over 100 beds - 70%
- Hospitals with 100 beds or fewer - 60%

The adjustment will be computed as follows and will be made at the same time as the pass through adjustment as set out in rule 1200-13-9-.08.

\[
ACC = TCC \times \frac{TBD}{ABD \times (Y)}
\]

Where:
- \(ACC\) = allowable capital costs
- \(TCC\) = total capital costs
- \(TBD\) = total beds used during the period
- \(ABD\) = total bed days available during the period
- \(Y\) = .6 for hospitals with 100 beds or fewer
  = .7 for hospitals over 100 beds

All references to beds mean staffed beds. Staffed beds mean those beds which are equipped and available for patient use. Any beds or hospital wing which is unavailable for patient use, such as being closed for reasons including but not limited to, painting, maintenance, or insufficient nursing staff will not be considered staffed beds. It shall be the responsibility of the provider to determine, at least monthly, its number of staffed beds. A schedule showing the number of staffed and unstaffed beds, along with the reasons for being unstaffed, must be submitted with the cost report. This schedule is subject to audit in accordance with rule 1200-13-9-.14. If no schedule of staffed beds is received, staffed beds will be the number of beds at the end of the cost report period. For psychiatric providers, the minimum occupancy adjustment will apply to services on and after July 1, 1988. The minimum occupancy adjustment will be applied before the adjustment specified in rule 1200-13-9.08(2)(d). Effective October 1, 1989, Tennessee Medicaid will not impose a minimum occupancy penalty.

1200-13-9-.10 MEDICAID DISPROPORTIONATE SHARE ADJUSTMENT (MDSA).

(1) Effective July 1, 1988, inpatient psychiatric hospitals having a utilization ratio at least one standard deviation above the mean Medicaid inpatient utilization rate for all hospitals receiving Medicaid payments or a low income utilization rate exceeding 25 percent will receive a 1% adjustment to the prospective rate for each percentage above the 14% up to a cap of 3%; or a 2% adjustment to the prospective rate for each percentage above the 25% low income utilization rate up to a cap of 3%.

(a) Low income utilization rate will be calculated as follows and will use information obtained from the latest Hospital Joint Annual Report as submitted to the State Center of Health Statistics. The sum of:

1. Total Medicaid inpatient revenues paid to the hospital, plus the amount of the cash subsidies received directly from State and local governments in a cost
reporting period, divided by the total amount of revenues of the hospital for inpatient services (including the amount of such cash subsidies) in the same cost report period; and,

2. The total amount of the hospitals charges for inpatient hospital services attributable to charity care (care provided to individuals who have no source of payment, third party or personal resources) in a cost reporting period, divided by the total amount of the hospital's charges for inpatient services in the hospital in the same period. The total inpatient charges attributed to charity care shall not include contractual allowances and discounts (other than for indigent patients not eligible for medical assistance under an approved Medicaid State plan) that is, reductions in charges given to other third party payers, such as HMOs, Medicare or Blue Cross.

(b) No total payment of the disproportionate share adjustment will exceed 80% inpatient charity care plus 80% of inpatient bad debt. All inpatient charity care and inpatient bad debt will be determined by the latest Hospital Joint Annual Report as submitted to the State Center of Health Statistics.

(c) Each year a redetermination of the MDSA will be made at the same time the new pass through component is determined. This determination will be made on the basis of the best information available. Once the determination is made, it will not be changed until the next scheduled redetermination. The effective date will coincide with the new pass through adjustment.

(d) Beginning July 1, 1988, the disproportionate share adjustment will be paid on a monthly basis and established in June of each year. The monthly payment will be prospective based on the disproportionate share adjustment multiplied by the anticipated number of Medicaid days for the upcoming fiscal year July-June. This will be estimated based on projections from historical experience and the addition of any expected improvements.

(2) Effective July 1, 1989, psychiatric hospitals having over 3,000 patient days attributable to patients determined eligible for Medicaid by the state of Tennessee or a utilization ratio of 14% or one standard deviation above the mean utilization ratio for all hospitals, whichever is lower, will be provided a payment incentive. The MDSA shall not be subject to trending. The MDSA will be the higher of (a) or (b) but shall not exceed 34%.

(a) The prospective rate will be adjusted upward by 6% for each 1% increment in the utilization rate above 14% or one standard deviation above the mean, whichever is lower.

(b) The prospective rate will be adjusted upward by 6% for each increment of 1,000 reimbursed inpatient reported Medicaid days over 3,000 and the prospective rate will be increased upward by 3% if total days exceed 3,650 but are less than 4,000.

(c) No total payment of the disproportionate share adjustment will exceed 80% inpatient charity care plus 80% of inpatient bad debt. All inpatient charity care and inpatient bad debt will be determined by the latest Hospital Joint Annual Report as submitted to the State Center of Health Statistics.

(d) Psychiatric hospitals that do not qualify under the criteria in (2) but have a low-income inpatient utilization rate exceeding 25% will receive the following payment incentive:

1. The prospective rate will be adjusted upward by 2% for each percentage above 25% up to a cap of 10%.
2. No total payment of the disproportionate share adjustment will exceed 80% of inpatient charity care plus 80% of inpatient bad debt. All inpatient charity care and inpatient bad debt will be determined by the latest Hospital Joint Annual Report as submitted to the State Center of Health Statistics.

3. Low income utilization rate will be calculated as follows from information obtained from the latest Hospital Joint Annual Report as submitted to the State Center of Health Statistics. The sum of:

   (I) Total Medicaid inpatient revenues paid to the hospital, plus the amount of the cash subsidies received directly from state and local governments in a cost reporting period, divided by the total amount of revenues of the hospital for inpatient services (including the amount of such cash subsidies) in the same cost reporting period; and,

   (ii) The total amount of the hospital's charges for inpatient hospital services attributable to charity care (care provided to individuals who have no source of payment, third party or personal resources) in a cost reporting period, divided by the total amount of the hospital's charges for inpatient services in the hospital in the same period. The total inpatient charges attributed to charity care shall not include contractual allowances and discounts (other than for indigent patients not eligible for medical assistance under an approved Medicaid State plan) that is, reductions in charges given to other third party payers, such as HMOs, Medicare or Blue Cross.

   (e) Each year a redetermination of the MDSA will be made at the same time the new pass through component is determined. This determination will be made on the basis of the best information available. Once the determination is made, it will not be changed until the next scheduled redetermination. The effective date will coincide with the new pass through adjustment.

   (f) The disproportionate share adjustment will be paid on a monthly basis and established in June of each year. The monthly payment will be prospective based on the disproportionate share adjustment multiplied by the anticipated number of Medicaid days for the upcoming fiscal year July - June. This will be estimated based on projections from historical experience and the addition of any expected improvements.

(3) Effective October 1, 1992, psychiatric hospitals having over 1,000 cost report patient days attributable to patients determined eligible for Medicaid by the State of Tennessee or a 9.31% Medicaid utilization ratio or having a low income utilization rate equal to or greater than 25% will be provided a payment incentive (MDSA). The MDSA will be the higher of (a), (b), or (c) but cannot exceed 10% of inpatient and outpatient charity charges plus Medicare and Medicaid contractual adjustments adjusted to cost. For the purposes of this rule, Medicaid days will not include days reimbursed by the Primary Care Network. For the purposes of this rule charity, unless otherwise specified, will be defined as inpatient and outpatient charity charges (including medically indigent, low income, and medically indigent other), bad debt, and Medicare and Medicaid contractual adjustments adjusted to cost. Charity will include charges for both in-state and out-of-state services.

   (a) The prospective rate will be adjusted upward by a factor of 5.8 times the difference between the actual utilization rate and a 9.31% utilization rate.
(Rule 1200-13-9-.10, continued)

(b) The prospective rate will be adjusted upward by 5.8% times the number of days above 1,000 days divided by 1,000 days.

(c) The prospective rate will be adjusted upward by 2% times the difference between the low income utilization rate and a 25% low income utilization rate. This adjustment will be capped at 10%.

(d) Low-income utilization rate will be calculated as follows from information obtained from the latest industry complete Hospital Joint Annual Report as submitted to the State Center of Health Statistics. The sum of:

1. Total Medicaid inpatient revenues paid to the hospital, plus the amount of the cash subsidies received directly from state and local governments in a cost reporting period, divided by the total amount of revenues of the hospital for inpatient services (including the amount of such cash subsidies) in the same cost reporting period; and

2. The total amount of the hospital's charges for inpatient hospital services attributable to charity care (care provided to individuals who have no source of payment, third-party or personal resources) in a cost reporting period, divided by the total amount of the hospital's charges for inpatient services in the hospital in the same period. The total inpatient charges attributed to charity care shall not include contractual allowances and discounts (other than for indigent patients not eligible for medical assistance under an approved Medicaid State Plan) that is reductions in charges given to other third-party payers, such as HMOs, Medicare or Blue Cross.

(e) Each year a predetermination of the MDSA will be made at the same time the new pass through component is determined. This determination will be made on the basis of the best information available. Once the determination is made, it will not be changed until the next scheduled redetermination. The effective date will coincide with the new pass through adjustment.

(f) In accordance with the Medicaid State Plan, the disproportionate share adjustment will be paid on a monthly basis. The monthly payment will be prospective based on the disproportionate share adjustment multiplied by the anticipated number of Medicaid days. This will be estimated based on projections from historical experience and the addition of any expected improvements.

(g) The total amount of MDSA payments for both acute care and psychiatric hospitals will be limited by a federal cap. When allocating the amount of payments that will be made, the amount of payments based on subparagraph (g) of paragraph (9) of the amendment to rule 1200-13-5-.11, will be excluded. After calculations have been made, hospitals will receive their proportionate share of the total available MDSA allotment.

(4) Effective July 1, 1993, psychiatric hospitals having over 1,000 cost report patient days attributable to patients determined eligible for Medicaid by the State of Tennessee or a 10.45% Medicaid utilization ratio or having a low income utilization rate equal to or greater than 25% will be provided a payment incentive (MDSA). The MDSA will be the higher of (a), (b), or (c) but cannot exceed 10% of inpatient and outpatient "charity" charges plus Medicare and Medicaid contractual adjustments adjusted to cost. For the purpose of this rule Medicaid days will not include days reimbursed by the Primary Care Network. For the purpose of this rule "charity", unless otherwise specified, will be defined as inpatient and outpatient "charity" charges (including medical), indigent, low income, and medically indigent other), bad debt, and Medicare and
Medicaid contractual adjustments adjusted to cost. "Charity" will include charges for both instate and out-of-state services.

(a) The prospective rate will be adjusted upward by a factor of 5.8 times the difference between the actual utilization rate and a 10.45% utilization rate.

(b) The prospective rate will be adjusted upward by 5.8% times the number of days above 1,000 days divided by 1,000 days.

(c) The prospective rate will be adjusted upwards by 2% times the difference between the low income utilization rate and a 25% low income utilization rate. This adjustment will be capped at 10%.

(d) Low-income utilization rate will be calculated as follows from information obtained from the 1991 Hospital Joint Annual Report as submitted to the State Center of Health Statistics. The sum of:

1. Total Medicaid inpatient revenues paid to the hospital, plus the amount of the cash subsidies received directly from the state and local governments in a cost reporting period, divided by the total amount of revenues of the hospital for inpatient services (including the amount of such cash subsidies) in the same cost reporting period; and

2. The total amount of the hospital’s charges for inpatient hospital services attributable to “charity care” (care provided to individuals who have no source of payment, thirty-party or personal resources in a cost reporting period, divided by the total amount of the hospital’s charges for inpatient services in the hospital in the same period. The total inpatient charges attributed to “charity care” shall not include contractual allowances and discounts (other than for indigent patients not eligible for Medical assistance under an approved Medicaid State Plan) that are reductions in charges given to other third-party payers, such as HMOs, Medicare or Blue Cross.

(e) Each year a redetermination of the MDSA will be made at the same time the new pass-through component is determined. This determination will be made on the basis of the best information available. Once the determination is made, it will not be changed until the next scheduled redetermination. The effective date will coincide with the new pass-through adjustment.

(f) In accordance with the Medicaid State Plan, the disproportionate share adjustment will be paid on a monthly basis. The monthly payment will be prospective based on the disproportionate share adjustment multiplied by the number of Medicaid days reported on the 1992 cost report. In cases where the 1992 report is unavailable, the latest report on file will be used.

(g) The total amount of MDSA for both acute care and psychiatric hospitals will be limited by a federal cap. When allocating the amount of payments that will be made, the amount of payments based on subparagraph (g) of paragraph (10) of the amendment to rule 1200-13-5-.11, will be excluded. After calculations have been made, hospitals will receive their proportionate share of the total available MDSA allotment.

1200-13-9-.11 RATE OR PAYMENT ADJUSTMENTS

(1) Prospective per diem rate or lump sum payment amounts are subject to adjustment in the event of a mistake.

(2) Operating per diem rates may be adjusted if there is a significant change in case mix resulting in a $25,000 effect on Tennessee Medicaid reimbursement. Case mix, for this purpose, is a diagnostic or therapeutic related factor requiring either an increase or decrease in the professional staff per patient ratio. Requests for adjustments must be accompanied by detailed supporting information. Such rate adjustments if approved become effective on the first day of the month following the approval.

(3) Providers may request an increase in monthly interim payments for return on equity, capital, and direct medical education if a provider’s actual amounts are expected to exceed the estimated amount by at least 25%. Supporting financial data must be submitted with the request. No more than one request per year for an increase will be accepted per provider. The Commissioner reserves the right, after notifying the provider, to decrease estimated payments when information is made available indicating the estimated payments are materially higher than what is actually being incurred.

1200-13-9-.12 NEW PROVIDERS. New providers who have not submitted a cost report and who are entering the program for the first time will be required to submit a budgeted cost report from which an interim prospective operating rate will be set. Each new provider must submit, in accordance with rule 1200-13-9-.04 an actual cost report covering the first full year of actual operations, at which point a final prospective operating rate, with a retroactive adjustment, will be used. A change of ownership does not constitute a new provider. The budgeted cost report will also be used to estimate interim payments for capital, direct medical education, and return on equity.

1200-13-9-.13 LOWER OF COST OR CHARGES LIMIT. In the base year, the lower of cost or charges limitation will be waived for prospective rate determination purposes only. The limitation will, however, be applied for settlement purposes for all periods prior to a facility’s first Fiscal year under prospective payment. Carry forwards of unreimbursed costs will not be recognized once a provider’s initial Fiscal year under the prospective payment method has begun.

1200-13-9-.14 METHOD FOR PAYING PROVIDERS WHICH ARE EXEMPT FROM PROSPECTIVE SYSTEM.

(1) The Comptroller of the Treasury, will determine, in accordance with Medicare principles of cost reimbursement in effect on October 1, 1982, and described at 42 CFR Part 405, per diem reimbursable costs for those Medicaid providers of psychiatric hospital services exempted from the prospective system set out in Rules 1200-13-9-.06 through 1200-13-9-.12 inclusive, except
(Rule 1200-13-9-.14, continued)

those hospitals described in item (3) of Rule 1200-13-9-.07 which shall be reimbursable as described in that item. The maximum limit of such reimbursable costs shall be the lesser of: (a) the reasonable cost of covered services, or (b) the customary charges to the general public for such services. Provided, however, that such providers which are public hospitals rendering services free or at a nominal charge shall not be subject to the lower of cost or charges limitation but shall be paid fair compensation for services in accordance with provisions of 42 CFR Part 405 in effect on October 1, 1982. Covered services means covered services as defined by the Department. Each provider's per diem reimbursable cost will be based on the provider's cost report which is to be filled out and submitted in accordance with Rule 1200-13-9-.04.

(2) Interim Rate. The Comptroller of the Treasury will establish interim per diem reimbursable rates for providers "exempted from the prospective payment system. The interim rate remains in effect until the provider's actual reimbursable cost, based on the provider's cost report, is established. Interim rates shall be based on prior cost report data and shall be subject to revision upon further review, audit, and/or subsequent finding of the Comptroller of the Treasury. For new facilities, budgeted information supplied by the provider may be used to establish an interim rate.

(3) Approval of Initial Settlement.

When a provider's cost report is received, it is reviewed and compared with:

(a) The amount of charges for covered services provided to Medicaid beneficiaries by the provider during the provider's fiscal period.

(b) The amount of interim payments paid by the Department to the provider for the provider's fiscal period.

(c) The number of inpatient days approved for the provider by the Department during the provider's fiscal period.

On the basis of the comparison and review, the Comptroller of the Treasury will make an initial determination of the cost settlement due to the provider or the state for the designated period. Approval of the initial settlement will be subject to further review, audit, and/or subsequent finding of the comptroller of the Treasury. On the basis of the initial settlement, the Department or the fiscal agent will (as may be required) either make arrangements for an additional payment to the provider for services provided during the fiscal year or submit a claim to the provider requesting payment to the Department for the amount of overpayment to the provider during the fiscal year.

(4) Approval of Final Cost Settlement. After the necessary final review and/or auditing has been performed by the Comptroller of the Treasury, the Comptroller will advise the Department of the final cost settlement approved. On the basis of the approved final settlement, the Department or the fiscal agent will (as may be required) either make arrangements for an additional payment to the provider for services provided during the fiscal year or submit a claim to the provider requesting payment to the Department for the amount of overpayment made to the provider during the fiscal year.

(5) Inpatient Routine Operating Per Diem Cost Limitation. In the event that data is not available to compute the inpatient routine operating per diem cost limitation for all or any part of a provider's fiscal year, the Comptroller of the Treasury will use each provider's per diem cost limitation in effect prior to the provider's first fiscal year subject to prospective payment which will be appropriately trended, by that rate of increase on prospective payments allowed by Medicare as published annually in the Federal Register and in the Tennessee Administrative Register.
1200-13-9-.15 AUDIT

(1) All hospital cost reports are subject to audit at anytime by the Comptroller of the Treasury and the Department or their designated representative. Cost report data must be based on and traceable to the provider's financial statistical records and must be adequate, accurate, and in sufficient detail to support payment made for services rendered to beneficiaries. Retroactive adjustments to the prospective rate may be made for audit exceptions.

(2) Hospitals will be subject to medical audits at any time. Medical audits include, but are not limited to, "medical necessity" or "length of stay". Medical audit exceptions may result in a direct recoupment rather than a rate change.

(3) The Department will provide for all costs of auditing which may be required.

1200-13-9-.16 TERMINATION OF MEDICAID PSYCHIATRIC HOSPITAL REIMBURSEMENT PROGRAM. For psychiatric hospital services provided prior to January 1, 1994, the rules as set out at rule chapter 1200-13-9 shall apply. Effective January 1, 1994, the rules of TennCare as set out at rule chapter 1200-13-12 shall apply except that Tennessee Medicaid will continue to pay Medicare premiums, deductibles and copayments in accordance with the Medicaid rules in effect prior to January 1, 1994, and as may be amended.

The TennCare designated PRRC is the Privacy and Public Records Officer, in the Office of General Counsel, whose contact information is available in the Request Form and as follows:

Contact information for the Communications Office is available on the TennCare website.

1200-13-11-.04 RESPONDING TO PUBLIC RECORDS REQUESTS.

(1) Public Records Request Coordinator.

(a) The PRRC shall review public records requests and make an initial determination of the following:

1. If the requestor provided evidence of Tennessee citizenship;

2. If the records requested are described with sufficient specificity to identify them; and

3. If TennCare is the custodian of the records.

(b) The PRRC shall acknowledge receipt of the request and take any of the following appropriate actions:

1. Advise the requestor of this rule chapter and the decisions made regarding:

   (i) Proof of Tennessee citizenship;

   (ii) Any forms required for copies;

   (iii) Fees; or,

   (iv) Aggregation of multiple or frequent requests.
2. If appropriate, deny the request in writing, using the TennCare Public Records Request Response Form (Response Form) providing the appropriate ground for denial such as:
   (i) The requestor is not, or has not presented evidence of being, a Tennessee citizen;
   (ii) The request lacks specificity;
   (iii) An exemption makes the record not subject to disclosure under the TPRA;
   (iv) TennCare is not the custodian of the requested records; or,
   (v) The records requested do not exist.

3. If appropriate, contact the requestor to see if the request can be narrowed or otherwise clarified.

4. Forward the records request to the appropriate records custodian within TennCare.

5. If requested records are in the custody of a different governmental entity, and the PRRC knows the correct governmental entity, advise the requestor of the correct governmental entity.

(2) Records Custodian.

(a) Upon receiving a public records request, a TennCare records custodian in collaboration with the PRRC shall promptly make requested public records available using the Response Form. If the records custodian is uncertain that an applicable TPRA exemption applies, the custodian may consult with the PRRC or the Office of General Counsel.

(b) If not practicable to promptly provide requested records, a records custodian in collaboration with the PRRC shall, within seven (7) business days from the records custodian’s receipt of the request, send the requestor a completed Response Form indicating the reason for the delay and an estimate of the time necessary to produce the records or determine the proper response to the request because additional time is necessary:
   1. To determine whether the requested records exist;
   2. To search for, retrieve, or otherwise gain access to records;
   3. To determine whether the records are open;
   4. To redact records; or
   5. For other similar reasons.

(c) If a records custodian in collaboration with the PRRC denies a public records request, he or she shall deny the request in writing as provided above using the Response Form.

(d) If a records custodian in collaboration with the PRRC reasonably determines production of records should be segmented because the records request is for a large volume of records, or additional time is necessary to prepare the records for access, the
Response Form should be used to notify the requestor that production of the records will be in segments and that a records production schedule will be provided as expeditiously as practicable. If appropriate, the records custodian or PRRC should contact the requestor to see if the request can be narrowed.

If a records custodian discovers records responsive to a records request were omitted, the records custodian in collaboration with the PRRC should contact the requestor concerning the omission and produce the records as quickly as practicable.

Confidential Records and Redaction.

If the PRRC determines that the requested records are considered confidential or privileged records under federal or state law and are not available for public inspection, the PRRC shall communicate the determination to the requester in writing. However, nothing in this rule chapter shall be construed to require TennCare to generate a detailed description of each confidential record withheld from inspection, such as may be required with respect to the production of documents in discovery under the Tennessee Rules of Civil Procedure.

Individually identifying information and Protected Health Information (PHI) is generally not subject to public records requests. PHI and other sensitive information are confidential except as use or disclosure is permitted by The Privacy Act, HIPAA and other federal and state privacy rules.

If a TennCare record contains confidential information or information that is not open for public inspection, the records custodian shall prepare a redacted copy prior to providing access or copies. If questions arise concerning redaction, the records custodian should coordinate with the PRRC or counsel or other appropriate parties regarding review and redaction of records. The records custodian, the PRRC, and the Office of General Counsel may also consult with the Comptroller of the Treasury's Office of Open Records Counsel (OORC) or with the Office of the Attorney General and Reporter regarding this topic or others regarding open records requests.

Whenever a redacted record is provided, a records custodian shall provide the requestor with the basis for redaction. The basis given for redaction shall be general in nature and not disclose confidential information.

1200-13-11-.05 INSPECTION OF RECORDS.

There shall be no charge for inspection of open public records. Charges may be assessed for reasonable costs incurred in producing requested materials in accordance with T.C.A. §§ 10-7-503(a)(5) and 10-7-503(a)(7)(C)(i).

The location for inspection of records shall be reasonably determined by the PRRC or the records custodian.

Under reasonable circumstances, the PRRC or a records custodian may require an appointment for inspection or may require inspection of records at an alternate location.

1200-13-11-.06 COPIES OF RECORDS.

(1) The PRRC or records custodian shall promptly respond to a public records request for copies in the most economic and efficient manner practicable.

(2) Copies will be available for pickup at a location specified by the PRRC or records custodian.

(3) Upon payment for postage and fees for copies and labor, copies will be delivered to the requestor’s home address via the United States Postal Service. Additional permitted means of delivery may be agreed upon with the requestor, including email, electronic transfer or via disk, upon payment of fees for copies and labor and in the case of use of devices such as flash drives, the agency’s cost for procuring such a device.

(4) Except for the use of a cell phone or handheld camera, a requestor will not be allowed to make copies of records with their personal equipment during the inspection of such records.

1200-13-11-.07 FEES AND CHARGES AND PROCEDURES FOR BILLING AND PAYMENT.

(1) Excessive fees and charges for copies of public records shall not be used to hinder access to public records.

(2) Records custodians in collaboration with the PRRC shall provide requestors with an itemized estimate of the charges prior to producing copies of records and shall require pre-payment of such charges before producing requested records.

(3) When fees for copies and labor do not exceed $50.00, the fees will be waived. Requests for waivers for fees above $50.00 must be presented to the PRRC, who is authorized to determine if such waiver is in the best interest of TennCare and for the public good. Fees associated with aggregated records requests will not be waived.

(4) Fees and charges for copies are as follows:

(a) $0.15 per page for letter- and legal-size black and white copies.

(b) $0.50 per page for letter- and legal-size color copies.

(c) Shipping or mailing costs in excess of $15.00.

(d) Labor when time exceeds 1 hour for time reasonably necessary to produce requested records, including the time spent locating, retrieving, reviewing, reproducing, redacting or scanning records. The cost will vary depending on the hourly rates of the employee(s) doing the work and may include the time of an attorney reasonably necessary to review records and redactions to ensure compliance with confidentiality requirements of state and federal law.

(e) If an outside vendor is used, the actual costs assessed by the vendor.

(f) If transfer is performed via disk, such as a flash drive, the agency’s cost for procuring such a device.

(5) No duplication costs will be charged for requests for less than 10 pages.
(6) Payment is to be made by check or money order payable to TennCare and presented to the PRRC via mail or hand delivery, at the address provided in the Request and Response Forms.

1200-13-11-.08 AGGREGATION OF FREQUENT AND MULTIPLE REQUESTS.

(1) TennCare will aggregate record requests according to the Frequent and Multiple Request Policy promulgated by the OORC when more than four (4) requests are received within a calendar month either from a single individual or a group of individuals deemed working in concert.

(2) The PRRC is responsible for making the determination that a group of individuals are working in concert. The PRRC must inform the individuals that they have been deemed to be working in concert and that they have the right to appeal the decision to the OORC.

(3) Requests for any TennCare records, regardless of the type of records requested or whether the request pertains to any office or sub-division of the agency, may be aggregated.

(4) Once the aggregation threshold is reached, the exemption for labor charges up to one hour specified above does not apply for any ongoing and subsequent requests.

Routine DME items, including but not limited to wheelchairs (except as defined below), walkers, hospital beds, canes, commodes, traction equipment, suction machines, patient lifts, weight scales, and other items provided to a member receiving services in a NF that are within the scope of per diem reimbursement for NF services shall not be covered or reimbursable under the Medicaid program separate and apart from payment for the NF service. Customized wheelchairs, wheelchair seating systems, and other items that are beyond the scope of Medicaid reimbursement for NF services shall be covered by the member’s managed care organization, so long as such items:

(a) Are medically necessary for the continuous care of a member; and

(b) Must be custom-made or modified or may be commercially available, but must be individually measured and selected to address the member’s unique and permanent medical need for positioning, support or mobility; and

(44) ENROLLMENT shall mean the process by which a TennCare-eligible person becomes enrolled in TennCare.

(45) ESCORT shall mean an individual who accompanies an enrollee to receive a medically necessary service. For the purpose of determining whether an individual may qualify as an escort who may be transported without cost to the enrollee as a covered TennCare benefit, the following criteria apply:

(a) Any person over the age of twelve (12) selected by the enrollee;

(b) Any person under the age of twelve (12) is presumed to be too young to serve as an escort. At the time of request for transportation, this presumption can be overcome by specific facts provided by the enrollee, which would demonstrate to a reasonable person that the proposed escort could in fact be of assistance to the enrollee; and

(c) Any person under the age of six (6) is excluded in all cases from the role of escort.

(46) FAMILY shall mean that as defined in the rules of the Tennessee Department of Human Services found at 1240-01-03 and 1240-01-04, Family Assistance Division, and 1240-03-03, Division of Medical Services.

(51) GROUP HEALTH INSURANCE shall mean an employee welfare benefit plan to the extent that the plan provides medical care to employees or their dependents (as defined under the terms of the plan) directly through insurance reimbursement mechanism. This definition includes those types of health insurance found in the Health Insurance Portability And Accountability Act of 1996, as amended, definition of creditable coverage (with the exception that the 50 or more participants criteria does not apply), which includes Medicare and TRICARE. Health insurance benefits obtained through COBRA are included in this definition. It also covers group health insurance available to an individual through membership in a professional organization or a school.

(52) HANDICAPPING MALOCCLUSION shall mean a malocclusion which causes one of the following medical conditions:

(a) A nutritional deficiency that has proven non-responsive to medical treatment without orthodontic treatment. The nutritional deficiency must have been diagnosed by a qualified treating physician and must have been documented in the qualified treating physician’s progress notes. The progress notes that document the nutritional deficiency must predate the treating orthodontist’s prior authorization request for orthodontics.

(b) A speech pathology that has proven non-responsive to speech therapy without orthodontic treatment. The speech pathology must have been diagnosed by a qualified speech therapist and must have been documented in the qualified speech therapist’s progress notes. The progress notes that document the speech pathology must predate the treating orthodontist’s prior authorization request for orthodontics.

(c) Laceration of soft tissue caused by a deep impinging overbite. Occasional cheek biting does not constitute laceration of soft tissue. Laceration of the soft tissue must be documented in the treating orthodontist’s progress notes and must predate the treating orthodontist’s prior authorization request for orthodontics.

Anecdotal information is insufficient to document the presence of a handicapping malocclusion. The presence of a handicapping malocclusion must be supported by the treating professional’s progress notes and patient record.

(a) Shall mean:

   (ii) The policy contains a type of benefit (such as pharmacy) for which an annual limitation has been reached;
   (iii) The policy has a specific exclusion or rider of non-coverage based on a specific prior existing condition or an existing condition or treatment of such a condition; or

(58) HOME HEALTH SERVICES shall mean:

(a) Any of the services identified in 42 C.F.R. § 440.70 and delivered in accordance with the provisions of 42 C.F.R. § 440.70. “Part-time or intermittent nursing services” and “home health aide services” are covered only as defined specifically in these rules.

1. Part-time or intermittent nursing services.

   (i) To be considered “part-time or intermittent,” nursing services must be provided as no more than one visit per day, with each visit lasting less than eight (8) hours, and no more than 27 total hours of nursing care may be provided per week. In addition, nursing services and home health aide services combined must total less than or equal to eight (8) hours per day and 35 or fewer hours per week. On a case-by-case basis, the weekly total for nursing services may be increased to 30 hours and the weekly total for nursing services and home health aide services combined may be increased to 40 hours for patients qualifying for Level 2 skilled nursing care.
(Rule 1200-13-13-.01, continued)

(ii) Part-time or intermittent nursing services are not covered if the only skilled nursing function needed is administration of medications on a p.r.n. (as needed) basis. Nursing services may include medication administration; however, a nursing visit will not be extended in order to administer medication or perform other skilled nursing functions at more than one point during the day, unless skilled nursing services are medically necessary throughout the intervening period. If there is more than one person in a household who is determined to require TennCare-reimbursed home health nursing services, it is not necessary to have multiple nurses providing the services. A single nurse may provide services to multiple enrollees in the same home and during the same hours, as long as he can provide these services safely and appropriately to each enrollee.

(iii) The above limits may be exceeded when medically necessary for children under the age of 21.

2. Home health aide services.

(i) Home health aide services must be provided as no more than two visits per day with care provided less than or equal to eight (8) hours per day. Nursing services and home health aide services combined must total less than or equal to eight (8) hours per day and 35 or fewer hours per week. On a case-by-case basis, the weekly total may be increased to 40 hours for patients qualifying for Level 2 skilled nursing care. If there is more than one person in a household who is determined to require TennCare-reimbursed home health aide services, it is not necessary to have multiple home health aides providing the services. A single home health aide may provide services to multiple enrollees in the same home and during the same hours, as long as he can provide these services safely and appropriately to each enrollee.

(ii) The above limits may be exceeded when medically necessary for children under the age of 21.

(b) Home health providers shall only provide services to the recipient that have been ordered by the treating physician and are pursuant to a plan of care and shall not provide other services such as general child care services, cleaning services, preparation of meals, or services to other household members. Because children typically have non-medical care needs which must be met, to the extent that home health services are provided to a person under 18 years of age, a responsible adult (other than the home health care provider) must be present at all times in the home during the provision of home health services unless all of the following criteria are met:

1. The child is non-ambulatory; and

2. The child has no or extremely limited ability to interact with caregivers; and

3. The child shall not reasonably be expected to have needs that fall outside the scope of medically necessary TennCare covered benefits (e.g. the child has no need for general supervision or meal preparation) during the time the home health provider is present in the home without the presence of another responsible adult; and

4. No other children requiring adult care or supervision shall be present in the home during the time the home health provider is present in the home without the
presence of another responsible adult, unless these children meet all the criteria stated above and are also receiving TennCare-reimbursed home health services.

(67) LIMITED BENEFITS POLICY shall mean a policy of health coverage for a specific disease (e.g., cancer), or an accident occurring while engaged in a specified activity (e.g., school-based sports), or which provides for a cash benefit payable directly to the insured in the event of an accident or hospitalization (e.g., hospital indemnity).

Medical assistance includes the payment of the cost of care, services, drugs and supplies. Such care, services, drugs, and supplies shall include services of qualified providers who have contracted with an MCC or are otherwise authorized to provide services to TennCare enrollees (i.e., emergency services provided out-of-network or medically necessary services obtained out-of-network because of an MCC’s failure to provide adequate access to services in-network).

(76) MEDICAL RECORD shall mean all medical histories; records, reports and summaries; diagnoses; prognoses; records of treatment and medication ordered and given; x-ray and radiology interpretations; physical therapy charts and notes; lab reports; other individualized medical documentation in written or electronic format; and analyses of such information.

(77) MEDICAL SUPPLIES shall mean covered medical supplies that are deemed medically necessary and appropriate and are prescribed for use in the diagnosis and treatment of medical conditions. Medically necessary medical supplies not included as part of institutional services shall be covered only when provided by or through a licensed home health agency, by or through a licensed medical vendor supplier or by or through a licensed pharmacist.

(78) MEDICALLY ELIGIBLE shall mean a person who has met the medical eligibility criteria for the TennCare Standard program through a mechanism permitted under the provisions of these rules.

(79) MEDICALLY NECESSARY is defined by Tennessee Code Annotated, Section 71-5-144, and shall describe a medical item or service that meets the criteria set forth in that statute. The term “medically necessary,” as defined by Tennessee Code Annotated, Section 71-5-144, applies to TennCare enrollees. Implementation of the term “medically necessary” is provided for in these rules, consistent with the statutory provisions, which control in case of ambiguity. No enrollee shall be entitled to receive and TennCare shall not be required to pay for any items or services that fail fully to satisfy all criteria of “medically necessary” items or services, as defined either in the statute or in the Medical Necessity rule chapter at 1200-13-16.

(80) MEDICALLY NEEDY shall mean that category of TennCare Medicaid eligibles as defined in Rule 1240-03-02-.03 of the Tennessee Department of Human Services - Division of Medical Services.

This term may include TennCare providers who furnish services outside the managed care program on a fee-for-service basis, as well as TennCare providers who receive Medicare crossover payments from TennCare.

(85) NON-TENNCARE PROVIDER shall mean a provider who is not enrolled in TennCare and who accepts no TennCare reimbursement for any service, including Medicare crossover payments.

(89) OUT-OF-STATE EMERGENCY PROVIDER shall mean a provider outside the State of Tennessee who does not participate in TennCare in any way except to bill for emergency services, as defined in this Chapter, provided out-of-state to a particular MCC’s enrollee. An Out-of-State Emergency Provider must abide by all TennCare rules and regulations, including those concerning provider billing of enrollees as found in Rule 1200-13-13-.08. In order to receive payment from TennCare, Out-of-State Emergency Providers must be appropriately licensed in the state in which the emergency services were delivered, they must enroll with TennCare and they must not be excluded from participation in Medicare or Medicaid.

(90) OVERUTILIZATION shall mean any of the following:

(a) The enrollee initiated use of TennCare services or supplies at a frequency or amount that is not medically necessary or medically justified.

(b) Overutilization, or attempted overutilization, of the TennCare Pharmacy Program which justifies placement on lock-in status for all enrollees involved.

(c) Activities or practices which may evidence overutilization of the TennCare Pharmacy Program including, but not limited to, the following:

1. Treatment by several physicians for the same diagnosis;

2. Obtaining the same or similar controlled substances from several physicians;
3. Obtaining controlled substances in excess of the maximum recommended dose;

4. Receiving combinations of drugs which act synergistically or belong to the same class;

6. Receiving services and/or drugs from numerous providers;

7. Obtaining the same or similar drugs on the same day or at frequent intervals; or

8. Frequent use of the emergency room in non-emergency situations in order to obtain prescription drugs.

PARTICIPATING PROVIDER shall mean a TennCare provider, as defined in this Rule, who has entered into a contract with an enrollee's Managed Care Contractor.

PBM (PHARMACY BENEFITS MANAGER) shall mean an organization approved by the Tennessee Department of Finance and Administration to administer pharmacy benefits to enrollees to the extent such services are covered by the TennCare Program. A PBM may have a signed TennCare Contractor Risk Agreement with the State, or may be a subcontractor to an MCO.

PERSONAL CARE SERVICES shall refer to an optional Medicaid benefit defined at 42 C.F.R. § 440.167 that, per the Tennessee Medicaid State Plan, Tennessee has not elected to include in the TennCare benefit package. To the extent that such services are available to children under the age of 21 when medically necessary under the provisions of EPSDT, the Bureau of TennCare designates home health aides as the providers qualified to deliver such services. When medically necessary, personal care services may be authorized outside of the home setting when normal life activities temporarily take the recipient outside of that setting. Normal life activity for a child under the age of 21 means routine work (including work in supported or sheltered work settings); licensed child care; school and school-related activities; religious services and related activities; and outpatient health care services (including services delivered through a TennCare home and community based services waiver program). The home health aide providing personal care services may accompany the recipient but may not drive. Normal life activities do not include non-routine or extended home absences.

PHYSICIAN shall mean a person licensed pursuant to chapter 6 or 9 of title 63 of the Tennessee Code Annotated.

POVERTY LEVEL shall mean the poverty level established by the Federal Government.

POWER SEATING ACCESSORIES. Accessories available to modify a power wheelchair base are covered by TennCare when all listed criteria are met as follows:

(a) Power Seat Elevation System.

1. It is ordered by the Enrollee’s treating physician.

2. An assessment conducted by a licensed physical therapist or licensed occupational therapist establishes that:

   (i) The Enrollee has the cognitive ability and enough upper extremity function to carry out mobility-related activities of daily living such as feeding, grooming, dressing, and transferring; and
(ii) The activities for which the accessory will be used are conducted primarily in the enrollee’s home.

(b) Power Standing System.

1. It is ordered by the Enrollee’s treating physician.

2. An assessment conducted by a licensed physical therapist or licensed occupational therapist establishes that the Enrollee:

   (i) Has a chronic condition that causes him to have limited or no ability to stand; and

   (ii) Has a physical condition that allows him to stand, when supported, for meaningful periods of time, i.e., he will not suffer loss of blood pressure or have problems with bowel or urine retention; and

   (iii) Has the cognitive ability and enough upper extremity function to carry out mobility-related activities of daily living such as feeding, grooming, dressing, and transferring; and

   (iv) Meets at least one other complex rehabilitation criterion for a power seat accessory such as a tilt seat and also qualifies for a Group 3 base Power Wheelchair.

(97) POWER WHEELCHAIR ACCESSORIES. All powered wheelchair accessories not defined in this rule as Power Seating Accessories are excluded from TennCare coverage but may be provided by an MCO as a cost effective alternative service as defined in this rule.

(103) PRIVATE DUTY NURSING SERVICES shall mean nursing services for recipients who require eight (8) or more hours of continuous skilled nursing care during a 24-hour period.

(a) A person who needs intermittent skilled nursing functions at specified intervals, but who does not require continuous skilled nursing care throughout the period between each
interval, shall not be determined to need continuous skilled nursing care. Skilled
nursing care is provided by a registered nurse or licensed practical nurse under the
direction of the recipient’s physician to the recipient and not to other household
members. If there is more than one person in a household who is determined to require
TennCare-reimbursed private duty nursing services, it is not necessary to have multiple
nurses providing the services. A single nurse may provide services to multiple
enrollees in the same home and during the same hours, as long as he can provide
these services safely and appropriately to each enrollee.

(b) If it is determined by the MCO to be cost-effective, non-skilled services may be
provided by a nurse rather than a home health aide. However, it is the total number of
hours of skilled nursing services, not the number of hours that the nurse is in the home,
that determines whether the nursing services are continuous or intermittent.

(c) Private duty nursing services are covered for adults aged 21 and older only when
medically necessary to support the use of ventilator equipment or other life-sustaining
medical technology when constant nursing supervision, visual assessment, and
monitoring of both equipment and patient are required. For purposes of this rule, an
adult is considered to be using ventilator equipment or other life-sustaining medical
technology if he:

1. Is ventilator dependent for at least 12 hours each day with an invasive patient
   end of the circuit (i.e., tracheostomy cannula); or

2. Is ventilator dependent with a progressive neuromuscular disorder or spinal cord
   injury, and is ventilated using noninvasive positive pressure ventilation (NIPPV)
   by mask or mouthpiece for at least 12 hours each day in order to avoid or delay
   tracheostomy (requires medical review); or

3. Has a functioning tracheostomy:
   (i) Requiring suctioning; and
   (ii) Oxygen supplementation; and
   (iii) Receiving nebulizer treatments or requiring the use of Cough Assist/in-
        exsufflator devices; and
   (iv) In addition, at least one subitem from each of the following items (I and II)
        must be met:

   (I) Medication:
   I. Receiving medication via a gastrostomy tube (G-tube); or
   II. Receiving medication via a Peripherally Inserted Central
       Catheter (PICC) line or central port; and

   (II) Nutrition:
   I. Receiving bolus or continuous feedings via a permanent
      access such as a G-tube, Mickey Button, or
      Gastrojejunostomy tube (G-J tube); or
   II. Receiving total parenteral nutrition.
(Rule 1200-13-13-.01, continued)

(d) Private duty nursing services are covered as medically necessary for children under the age of 21 in accordance with EPSDT requirements. As a general rule, only a child who is dependent upon technology-based medical equipment requiring constant nursing supervision, visual assessment, and monitoring of both equipment and child will be determined to need private duty nursing services. However, determinations of medical necessity will continue to be made on an individualized basis.

(e) A child who needs less than eight (8) hours of continuous skilled nursing care during a 24-hour period or an adult who needs nursing care but does not qualify for private duty nursing care per the requirements of these rules may receive medically necessary nursing care as an intermittent service under home health.

(f) General childcare services and other non-hands-on assistance such as cleaning and meal preparation shall not be provided by a private duty nurse. Because children typically have non-medical care needs which must be met, to the extent that private duty nursing services are provided to a person or persons under 18 years of age, a responsible adult (other than the private duty nurse) must be present at all times in the home during the provision of private duty nursing services unless all of the following criteria are met:

1. The child is non-ambulatory; and
2. The child has no or extremely limited ability to interact with caregivers; and
3. The child shall not reasonably be expected to have needs that fall outside the scope of medically necessary TennCare covered benefits (e.g., the child has no need for general supervision or meal preparation) during the time the private duty nurse is present in the home without the presence of another responsible adult; and
4. No other children shall be present in the home during the time the private duty nurse is present in the home without the presence of another responsible adult, unless these children meet all of the criteria stated above and are also receiving TennCare-reimbursed private duty nursing services.

(104) PROVIDER shall mean an appropriately licensed institution, facility, agency, person, corporation, partnership, or association that delivers health care services. Providers are categorized as either TennCare Providers or Non-TennCare Providers. TennCare Providers may be further categorized as being one of the following:

(a) Participating Providers or In-Network Providers
(b) Non-Participating Providers or Out-of-Network Providers

Definitions of each of these terms are contained in this Rule.

(a) Participates in the provider network of the MCC in which the enrollee is enrolled; or
(b) Has received a referral of the enrollee, approved by the MCC, authorizing her to treat the enrollee; or
(c) In the case of a TennCare enrollee who is also enrolled in Medicare, is authorized to treat Medicare patients.

(107) PRUDENT LAY PERSON shall mean a reasonable person who possesses an average knowledge of health and medicine.

DHS will conduct an ex parte review for open Medicaid categories for all enrollees in eligibility groups due to be terminated as part of the TennCare Medicaid eligibility reforms. Such ex parte review shall be conducted in accordance with federal requirements as set forth by CMS in the Special Terms and Conditions of the TennCare demonstration project.

4. Enrollees will be given an opportunity until the date of termination to request one extension for good cause of the thirty (30) day time frame for responding to the Request for Information. The good cause exception does not confer an entitlement upon enrollees and the application of this exception will be within the discretion of DHS. Only one (1) thirty (30) day good cause extension can be granted to each enrollee. Good cause is determined by DHS eligibility staff. Good cause is not requested nor determined by filing an appeal. Requests for an extension of the thirty (30) day time frame to respond to the Request for Information must be initiated by the enrollee. DHS will not accept a request for extension of the thirty (30) day time frame submitted by a family member, advocate, provider, or CMHC, acting on the enrollee’s behalf without the involvement and knowledge of the enrollee, for example, to allow time for such entity to locate the enrollee if his whereabouts are unknown. All requests for a good cause extension must be made prior to termination of Medicaid eligibility. A good cause extension will be granted if DHS determines that a health problem, mental health problem, learning problem, disability or limited English proficiency prevented an enrollee from understanding or responding timely to the Request for Information. DHS will send the enrollee a letter granting or denying the request for good cause extension. DHS’s decisions with respect to good cause extensions shall not be appealable.

5. If an enrollee provides some but not all of the necessary information to DHS to determine his eligibility for open Medicaid categories during the thirty (30) day period following the Request for Information, DHS will send the enrollee a
Verification Request. The Verification Request will provide the enrollee with ten (10) days inclusive of mail time to submit any missing information as identified in the Verification Request. Enrollees will not have the opportunity to request an extension for good cause of the ten (10) day time frame for responding to the Verification Request.

6. Enrollees who respond to the Request for Information within the thirty (30) day period or within any extension of such period granted by DHS shall retain their eligibility for TennCare Medicaid (subject to any changes in covered services generally applicable to enrollees in their Medicaid category) while DHS reviews their eligibility for open Medicaid categories.

7. DHS shall review all information and verifications provided within the requisite time period by an enrollee pursuant to the Request for Information and/or Verification Request to determine whether the enrollee is eligible for any open Medicaid categories. If DHS makes a determination that the enrollee is eligible for an open Medicaid category, DHS will so notify the enrollee and the enrollee will be enrolled in the appropriate Medicaid category. When the enrollee is enrolled in the appropriate TennCare Medicaid category, his eligibility in the discontinued Medicaid category shall be terminated without additional notice. If DHS makes a determination that the enrollee is not eligible for any open Medicaid categories or if an enrollee does not respond to the Request for Information within the requisite thirty (30) day time period or any extension of such period granted by DHS, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

8. Enrollees who respond to the Request for Information or the Verification Request after the requisite time period specified in those notices or after any extension of such time period granted by DHS but before the date of termination shall retain their eligibility for TennCare Medicaid (subject to any changes in covered services generally applicable to enrollees in their Medicaid category) while DHS reviews their eligibility for open Medicaid categories. If DHS makes a determination that the enrollee is eligible for an open Medicaid category, DHS will so notify the enrollee, and the enrollee will be enrolled in the appropriate TennCare Medicaid category, and his eligibility in the discontinued Medicaid category shall be terminated without additional notice. If DHS makes a determination that the enrollee is not eligible for any open Medicaid categories, the TennCare Bureau will send the enrollee a twenty-(20) day advance Termination Notice.

9. Individuals may provide information and verifications specified in the Request for Information after termination of eligibility. DHS shall review all such information pursuant to the rules, policies and procedures of DHS and the Bureau of TennCare applicable to new applicants for TennCare coverage. The individual shall not be entitled to be reinstated into TennCare pending this review. If the individual is subsequently determined to be eligible for an open Medicaid category, he shall be granted retroactive coverage to the date of application, or in the case of spend down eligibility for Medically Needy pregnant women and children, to the latter of (a) the date of application, or (b) the date spend down eligibility is met.

If no MCO is available to enroll new members in the enrollee’s Grand Division, the enrollee will be assigned to TennCare Select until such time as another MCO becomes available. The Bureau may also assign TennCare children with special health care needs to TennCare Select.

Individuals enrolled as a result of being eligible for SSI benefits will be assigned to an MCO as they do not have the opportunity to select a health plan prior to the effective date of coverage, since they are enrolled through the Social Security Administration.

2. Except as provided in subparagraph (c), a TennCare enrollee may change MCOs one (1) time within the initial ninety (90) calendar days (inclusive of mail time) from the date of the letter informing him of his MCO assignment, if there is another MCO in the enrollee’s Grand Division that is currently permitted by the Bureau to accept new enrollees. No additional changes will be allowed except as otherwise specified in these rules. An enrollee shall remain a member of the designated plan until he is given an opportunity to change once each year during an annual change period. The annual change period will occur each year in March for enrollees in West Tennessee, in May for enrollees in Middle Tennessee, and in July for enrollees in East Tennessee. Thereafter, an MCO change is permitted only during an annual change period, unless the Bureau authorizes a change as the result of the resolution of an appeal requesting a “hardship” reassignment as specified in paragraph (2)(b) below. When an enrollee changes MCOs, the enrollee’s medical care will be the responsibility of the current MCO until he is enrolled in the requested MCO.

3. Each MCO shall offer its enrollees, to the extent possible, freedom of choice among participating providers. If after notification of enrollment the enrollee has not chosen a primary care provider, one will be selected for him by the MCO. The period during which an enrollee may choose his primary care provider shall not be less than fifteen (15) calendar days.

4. In the event a pregnant woman entering an MCO’s plan is receiving medically necessary prenatal care the day before enrollment, the MCO shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the MCO’s provider network until such time as the MCO can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee’s health.

In the event a pregnant woman entering the MCO’s plan is in her second or third trimester of pregnancy and is receiving medically necessary prenatal care services the day before enrollment, the MCO shall be responsible for providing continued access to the provider (regardless of network affiliation) through the postpartum period. Reimbursement to an out-of-network provider shall be as set out in Rule 1200-13-13-.08.

(b) TennCare Select.

TennCare Select is a prepaid inpatient health plan (PIHP), as defined in 42 C.F.R. § 438.2, which operates in all areas of the State and covers the same services as the MCOs. The State’s TennCare Select contractor is reimbursed on a non-risk, non-
capitated basis for services rendered to covered populations, and in addition receives fees from the State to offset administrative costs.

1. The TennCare populations included in the TennCare Select delivery system are as follows:

   (i) Children under the age of twenty-one (21) years who are eligible for Supplemental Security Income.

   (ii) Children in state custody and children leaving state custody for six (6) months post-custody as long as the child remains eligible.

   (iii) Children under the age of twenty-one (21) years in an institutional eligibility category who are receiving care in a Nursing Facility or an Intermediate Care Facility for persons with Mental Retardation (or pursuant to federal law, Intermediate Care Facility for the Mentally Retarded) (ICF/MR), and children and adults in a Home and Community Based Services 1915(c) waiver for individuals with mental retardation.

   (iv) Enrollees living in areas where there is insufficient MCO capacity to serve them.

After being assigned to TennCare Select, persons in categories (i) and (iii) above may choose to disenroll from TennCare Select and enroll in another MCO if one is available. Persons in categories (ii) and (iv) must remain in TennCare Select. TennCare Select is not open to voluntary selection by TennCare enrollees.

2. TennCare Select also provides the following functions:

   (i) It is the back-up plan should one of the MCOs leave the TennCare program unexpectedly. For TennCare enrollees previously enrolled with the MCO, TennCare Select provides medical case management and all MCO covered services.

   (ii) It is the only entity responsible for payment of the services described in 42 C.F.R. § 431.52, services provided to residents temporarily absent from the State, and provides all MCO covered services (primarily emergency services).

   (iii) It is the only entity responsible for payment of the services described in 42 C.F.R. § 440.255, limited services for certain aliens.

(c) TennCare Managed Care Organizations (MCOs) for ECF CHOICES. Individuals enrolled in ECF CHOICES may select from only the MCOs participating in ECF CHOICES.

1. If an individual enrolled in an MCO other than an ECF CHOICES participating MCO wants to enroll in the ECF CHOICES program, the individual must choose to enroll in an ECF CHOICES participating MCO in order to enroll in ECF CHOICES.

2. If an individual enrolled in the ECF CHOICES program elects to transition to an MCO that is not participating in ECF CHOICES, the individual is choosing to voluntarily disenroll from ECF CHOICES. Because this is a voluntary decision, advance notice and the right to a fair hearing shall not be provided. However, the
individual may elect to transition back to an ECF CHOICES participating MCO in order to resume enrollment in ECF CHOICES.

(d) TennCare Dental Benefits Manager (DBM).

TennCare children shall be assigned to the Dental Benefits Manager (DBM) under contract with the Bureau to provide dental benefits through the TennCare Program. Pregnant and postpartum TennCare adults age 21 and older shall be assigned to the DBM under contract with the Bureau to provide dental benefits as set out in Rule .04, Dental Services. TennCare adults age 21 and older enrolled in ECF CHOICES shall be assigned to the DBM under contract with the Bureau to provide Adult Dental Services through the ECF CHOICES program as defined in 1200-13-01-.02.

(e) TennCare Pharmacy Benefits Manager (PBM).

TennCare enrollees who are eligible to receive pharmacy services shall be assigned to the Pharmacy Benefits Manager (PBM) under contract with the Bureau to provide pharmacy benefits for both medical and behavioral health services through the TennCare Program.

(2) Reassignment.

(a) Reassignment to an MCO other than the current MCO in which the TennCare enrollee is enrolled is subject to another MCO’s capacity to accept new enrollees and must be approved by the Bureau of TennCare in accordance with one of the following:

1. During the initial ninety (90) day period following notification of MCO assignment as described at Rule 1200-13-13-.03, a TennCare enrollee may request a change of MCOs.

2. A TennCare enrollee must change MCOs if he moves outside the MCO’s Grand Division, and that MCO is not authorized to operate in the enrollee’s new place of residence. Until the TennCare enrollee selects or is assigned to a new MCO and his enrollment is deemed complete, his medical care will remain the responsibility of the original MCO.

3. If an enrollee’s MCO withdraws from participation in the TennCare Program, TennCare will assign him to an MCO operating in his Grand Division, if one is available. The enrollee will be provided notice of the change and will have ninety (90) days to select another MCO in his Grand Division. If no MCO is available to accept enrollees from an exiting plan, the enrollees will be assigned to TennCare Select until such time as another MCO becomes available.

4. An enrollee shall be given an opportunity to change MCOs once each year during an annual change period. Only one (1) MCO change is permitted every twelve (12) months, unless the Bureau authorizes a change as the result of the resolution of an appeal requesting a “hardship” reassignment. When an enrollee changes MCOs, the enrollee’s medical care will be the responsibility of the current MCO until enrolled in the requested MCO. If an enrollee changes MCOs during an annual change period, all family members living in the same household and enrolled in TennCare shall also be changed except children enrolled in TennCare Select.

(b) A TennCare enrollee may change MCOs if the TennCare Bureau has granted a request for a change in MCOs or an appeal of a denial of a request for a change in MCOs has been resolved in his favor based on hardship criteria.
1. The following situations will not be determined to be “hardships”:
   (i) The enrollee is unhappy with the current MCO or primary care provider (PCP), but there is no hardship medical situation (as stated in Part 2. below);
   (ii) The enrollee claims lack of access to services but the plan meets the state’s access standard;
   (iii) The enrollee is unhappy with a current PCP or other providers, and has refused alternative PCP or provider choices offered by the MCO;
   (iv) The enrollee is concerned that a current provider might drop out of the plan in the future;
   (v) The enrollee is a Medicare beneficiary who (with the exception of pharmacy) may utilize choice of providers, regardless of network affiliation; or
   (vi) The enrollee’s PCP is no longer in the MCO’s network, the enrollee wants to continue to see the current PCP and has refused alternative PCP or provider choices offered by the MCO.

2. Requests for hardship MCO reassignments must meet all of the following six (6) hardship criteria for reassignment. Determinations will be made on an individual basis.
   (i) A member has a medical condition that requires complex, extensive, and ongoing care; and
   (ii) The member’s specialist has stopped participating in the member’s current MCO network and has refused continuation of care to the member in his current MCO assignment; and
   (iii) The ongoing medical condition of the member is such that another physician or provider with appropriate expertise would be unable to take over his care without significant and negative impact on his care; and
   (iv) The current MCO has been unable to negotiate continued care for this member with the current specialist; and
   (v) The current provider of services is in the network of one or more alternative MCOs; and
   (vi) An alternative MCO is available to enrolled members (i.e., has not given notice of withdrawal from the TennCare Program, is not in receivership, and is not at member capacity for the member’s region).

Requests to change MCOs submitted by TennCare enrollees shall be evaluated in accordance with the hardship criteria referenced above. If an enrollee’s request to change MCOs is granted due to hardship, all family members living in the same household and enrolled in TennCare will be assigned to the new MCO except children determined by the Bureau to be eligible to enroll in TennCare Select. Upon denial of a request to change MCOs, enrollees shall be provided notice and appeal rights as described in applicable provisions of Rule 1200-13-13-.11.
(Rule 1200-13-13-.03, continued)

(c) Members receiving long-term services and supports.

1. In the event that a CHOICES member is determined, based on an assessment of needs, to require a long-term care service that is not currently available under the MCO in which he is currently enrolled, but that is available through another MCO, the Bureau shall work with the current MCO to arrange for provision of the required service, which may involve providing such service out-of-network. It shall be considered to be a hardship reason to change MCO assignment only if the current MCO, after working with the Bureau, is unable to provide the required service. In such cases, the MCO that is unable to provide the required service after working with the Bureau may be subject to sanctions.

2. A CHOICES or ECF CHOICES member may request and shall have cause to change MCO assignment if all of the following are met:

(i) The member receives institutional, residential, or employment support services in the MLTSS program in which he is enrolled;

(ii) The member’s institutional, residential, or employment support services provider has stopped participating in the member’s MCO network and has refused continuation of care to the member in his current MCO assignment;

(iii) The member’s current MCO has been unable to negotiate continued services for the member with the current provider;

(iv) The member would have to change his residential, institutional, or employment supports provider based on that provider’s change in status from an in-network to an out-of-network provider with the MCO;

(v) As a result, the member would experience a disruption in his residence or employment;

(vi) The current institutional, residential, or employment support services provider is in the network of one or more alternative MCOs; and

(vii) The alternative MCO the member has selected is available to enroll members (i.e., has not given notice of withdrawal from the TennCare Program, is not in receivership, and is not at member capacity for the member’s region).

(d) Enrollees who are out-of-state on a temporary basis, but maintain their status as Tennessee residents under federal and state laws, shall be reassigned to TennCare Select for the period they are out-of-state.

(e) TennCare shall only accept a request to change MCO assignment from the affected enrollee, his parent, guardian, spouse, child over age eighteen (18), or responsible party as defined in Rule 1200-13-13-.01.

(3) Disenrollment.

(a) When it has been determined that an individual no longer meets the criteria for TennCare eligibility, that individual shall be disenrolled from the TennCare Program, including the CHOICES and ECF CHOICES program, as applicable. Services provided by the TennCare MCO in which the individual has been enrolled, as well as the PBM
and DBM, if applicable, shall be terminated upon disenrollment. Such disenrollment action will be accompanied by appropriate due process procedures as described elsewhere in this Chapter. Disenrollment from the CHOICES program shall proceed as described in Rule 1200-13-01-.05. Disenrollment from the ECF CHOICES program shall proceed as described in Rule 1200-13-01-.31.

(b) Coverage shall cease at 12:00 midnight, local time, on the date that an individual is disenrolled from TennCare.

(c) TennCare may reassign individuals from a designated MCO and place them in another MCO as described elsewhere in these rules. A TennCare MCO may not reassign an enrollee without the permission of TennCare. A TennCare MCO shall not request the reassignment of a TennCare enrollee for any of the following reasons:

1. Adverse changes in the enrollee’s health;
2. Pre-existing medical conditions; or
3. High cost medical bills.

Coverage by a particular MCO shall cease at 12:00 midnight local time on the date that an individual has been reassigned by TennCare from one MCO and placed in another plan. Coverage by the new MCO will begin when coverage by the old MCO ends.

1200-13-13-.04 COVERED SERVICES.

(1) Benefits Covered Under the Managed Care Program.

(a) TennCare MCCs shall cover the following services and benefits subject to any applicable limitations described in this Chapter. TennCare MCCs shall cover TennCare CHOICES services and benefits for individuals enrolled in the TennCare CHOICES program in accordance with Rule 1200-13-01-.05 and ECF CHOICES services and benefits for individuals enrolled in the ECF CHOICES program in accordance with Rule 1200-13-01-.31.

1. Any and all medically necessary services may require prior authorization or approval by the MCC, except where prohibited by law.
(Rule 1200-13-13-.04, continued)

2. An MCC shall not refuse to pay for a service solely because of a lack of prior authorization as follows:
   (i) EPSDT services. MCCs shall provide all medically necessary, covered services regardless of whether the need for such services was identified by a provider whose services had received prior authorization from the MCC or by an in-network provider.
   (ii) Emergency services. MCCs shall not require prior authorization or approval for covered services rendered in the event of an emergency, as defined in these rules. Such emergency services may be reviewed on the basis of medical necessity or other MCC administrator requirements, but cannot be denied solely because the provider did not obtain prior authorization or approval from the enrollee’s MCC.

3. MCCs shall not impose any service limitations that are more restrictive than those described herein; however, this shall not limit the MCC’s ability to establish procedures for the determination of medical necessity.

4. Services for which there is no federal financial participation (FFP) are not covered.

5. Non-covered services are non-covered regardless of medical necessity.

(b) The following physical health and mental health benefits are covered under the TennCare managed care program. Benefits offered under the TennCare CHOICES program are also covered under the TennCare managed care program, as described in Rule 1200-13-01-.05. Benefits offered under the ECF CHOICES program are also covered under the TennCare managed care program, as described in Rule 1200-13-01-.31. There are some exclusions to the benefits listed below. The exclusions are listed in this rule and in Rule 1200-13-13-.10.

Orthodontic services must be prior authorized by the Dental Benefits Manager (DBM). Orthodontic services are only covered for individuals under age 21. Effective October 1, 2013, TennCare reimbursement for orthodontic treatment approved and begun before age 21 will end on the individual’s 21st birthday. For individuals receiving treatment prior to October 1, 2013, such treatment may continue until completion as long as the enrollee remains eligible for TennCare.

Orthodontic treatment is not covered unless it is medically necessary to treat a handicapping malocclusion. Cleft palate, hemifacial microsomia, or mandibulofacial dysostosis shall be considered handicapping malocclusions.

A TennCare-approved Malocclusion Severity Assessment (MSA) will be conducted to measure the severity of the malocclusion. An MSA score of 28 or higher, as determined by the DBM’s dentist reviewer(s), will be used for making orthodontic treatment determinations of medical necessity. However, an MSA score alone cannot be used to deny orthodontic treatment.

Orthodontic treatment will not be authorized for cosmetic purposes. Orthodontic treatment will be paid for by TennCare only as long as the individual remains eligible for TennCare.

Tennessee recognizes the “mature minor exception” to permission for medical treatment. The provision of transportation to and from covered dental services is the responsibility of the MCO. For persons dually eligible for Medicare and Medicaid, non-emergency transportation to access medical services covered by Medicare is provided, as long as these services would be covered by TennCare for the enrollee if he did not have Medicare. The Medicare provider of the medical service does not have to participate in TennCare.       (I) A TennCare enrollee whose TennCare paid claims data demonstrates that he has received at least a ninety (90) day quantity of prescribed opioids in the one hundred eighty (180) day period immediately preceding the opioid’s prescription date.
(Rule 1200-13-13-.04, continued)

(ii) For a TennCare enrollee who has not been enrolled in TennCare long enough to demonstrate that he is a chronic opioid user as defined in Item (I), the enrollee may demonstrate that he has received at least a ninety (90) day quantity of prescribed opioids in the one hundred eighty (180) day period immediately preceding the opioid’s prescription date by supplying paid claims data and medical records from his previous healthcare provider(s) or health insurer(s).

(ii) “Non-chronic opioid user” means a TennCare enrollee whose TennCare paid claims data demonstrates he has received less than a ninety (90) day quantity of prescribed opioids in the one hundred eighty (180) day period immediately preceding the opioid’s prescription date.

(iii) Non-chronic opioid users shall be eligible to receive covered prescription opioid products as follows:

(I) A maximum of fifteen (15) dosage days in any six (6) month period; and

(II) Daily dosage shall not exceed sixty (60) morphine milligram equivalents (MME) per day.

(iv) The restrictions in Subpart (iii) do not apply for enrollees with severe cancer pain undergoing active or palliative cancer treatment and enrollees in hospice and palliative care.

(v) The following considerations apply for enrollees who experience more frequent or aggressive pain episodes due to these specific clinical disease states:

(I) Enrollees with Sickle Cell may receive up to forty-five (45) days of sixty (60) MME per day in any ninety (90) day period; and

(II) Severe burn victims may receive up to forty-five (45) days of sixty (60) MME per day in any ninety (90) day period.

(vii) Opioid prescriptions are subject to prior authorization following the first fill of a new opioid prescription.

(viii) For women of child-bearing age (between the ages of fifteen (15) and forty-four (44)) and ability, when prior authorization is required for an opioid prescription, the prescribing provider must submit information to the enrollee’s PBM regarding the enrollee’s pregnancy status and use of contraception or family planning methods, and the provision of counseling regarding the risks of becoming pregnant while receiving opioid medication. The information regarding pregnancy status and contraceptive use may, when appropriate, be based on self-reporting by the patient.

(d) The MCC shall be allowed to provide cost effective alternative services as defined in paragraph 1200-13-13-.01(30). Cost effective alternative services are not reimbursable in any circumstances other than those described in that paragraph.
(2) Use of Cost Effective Alternative Services.

(a) MCCs shall be allowed, but are not required, to use cost effective alternative services if and only if:

1. These services are listed in the MCC contract and/or in Policy BEN 08-001; or

2. These services are provided under the CHOICES program for individuals enrolled in the CHOICES program in accordance with Rule 1200-13-01-.05 or the ECF CHOICES program for individuals enrolled in the ECF CHOICES program in accordance with Rule 1200-13-01-.31; and

3. They are medically appropriate and cost effective.

(b) Use of approved cost effective alternative services is made at the sole discretion of the MCC.

(3) Emergency Medical Services.

Emergency Medical Services shall be available twenty-four (24) hours per day, seven (7) days per week. Coverage of emergency medical services shall not be subject to prior authorization by the managed care organization but may include a requirement that notice be given to the MCC of use of out-of-plan emergency services. However, such notice requirements shall provide at least a 24-hour time frame after the emergency for notice to be given to the MCC.

(4) Hospital Discharges.

Hospital discharges of mothers and newborn babies following delivery shall take into consideration the following guidelines:

(a) The decision to discharge postpartum mothers and newborns less than 24-48 hours after delivery should be made based upon discharge criteria collaboratively developed and adopted by obstetricians, pediatricians, family practitioners, delivery hospitals, and health plans. The criteria must be contingent upon appropriate preparation, meeting in hospital criteria for both mother and baby, and the planning and implementation of appropriate follow-up. An individualized plan of care must include identification of a primary care provider for both mother and baby and arrangements for follow-up evaluation of the newborn.

Length of hospital stay is only one factor to consider when attempting to optimize patient outcomes for postpartum women and newborns. Excellent outcomes are possible even when length of stay is very brief (less than 24 hours) if perinatal health care is well planned, allows for continuity of care, and patients are well chosen. Some postpartum patients and/or newborns may require extended hospitalization (greater than 48-72 hours) despite meticulous care due to medical, obstetric, or neonatal complications. The decision for time of discharge must be individualized and made by the physicians caring for the mother-baby pair. The following guidelines have been developed to aid in the identification of postpartum mothers and newborns who may be candidates for discharge prior to 24-48 hours. The guidelines also provide examples where discharge is inappropriate.

Principles of patient care should be based upon data obtained by clinical research. Regarding the question of postpartum and newborn length of hospitalization, there are inadequate studies available to provide clear direction for clinical decision-making. Clinical guidelines represent an attempt to conceptualize what is, in reality, a dynamic
process of health care refinement. Review of these guidelines is desirable and expected.

No provider shall be denied participation, reimbursement or reduction in reimbursement within a network solely related to his/her compliance with the “Guidelines for Discharge of Postpartum Mothers and Newborns.”

(b) Guidelines for Discharge of Postpartum Mothers and Newborns.

1. Discharge Planning.

(i) Discharge planning should occur in a planned and systematic fashion for all postpartum women and newborns in order to enhance care, prevent complications and minimize the need for rehospitalization. Prior to discharge a discussion should be held between the physician or another health care provider and the mother (and father if possible) about any expected perinatal problems and ways to cope with them. Plans for future and immediate care as well as instructions to follow in the event of an emergency or complication should be discussed.

(ii) Follow-up care must be planned for both mother and baby at the time of discharge. For patients leaving the hospital prior to 24-48 hours, contact within 48-72 hours of discharge is recommended and may include appropriate follow-up within 48-72 hours as deemed necessary by the attending provider, depending upon individual patient need. This follow-up visit will be acknowledged as a provider encounter.

(I) Maternal Considerations:

I. Prior to discharge, the patient should be informed of normal postpartum events including but not limited to:

A. Lochial patterns;
B. Range of activity and exercise;
C. Breast care;
D. Bladder care;
E. Dietary needs;
F. Perineal care;
G. Emotional responses;
H. What to report to physician or other health care provider including:

(A) Elevation of temperature,
(B) Chills,
(C) Leg pains, and
(D) Increased vaginal bleeding.
I. Method of contraception;
J. Coitus resumption; and
K. Specific instructions for follow-up (routine and emergent).

(II) Neonatal Considerations:

I. Prior to discharge, the following points should be reviewed with the mother or, preferably, with both parents:

A. Condition of the neonate;
B. Immediate needs of the neonate, (e.g., feeding methods and environmental supports);
C. Instructions to follow in the event of a newborn complication or emergency;
D. Feeding techniques;
E. Skin care, including cord care and genital care;
F. Temperature assessment and measurement with the thermometer; and
G. Assessment of neonatal well-being;
H. Recognition of illness including jaundice;
I. Proper infant safety including use of car seat and sleeping position;
J. Reasonable expectations for the future; and
K. Importance of maintaining immunization begun with initial dose of hepatitis B vaccine.

2. Criteria for Maternal Discharge Less Than 24-48 Hours Following Delivery.

(i) Prior to discharge of the mother, the following should occur:

(I) The mother should have been observed after delivery for a sufficient time to ensure that her condition is stable, that she has sufficiently recovered and may be safely transferred to outpatient care.

(II) Laboratory evaluations should be obtained and include ABO blood group and Rh typing with appropriate use of Rh immune globulin; and hematocrit or hemoglobin.

(III) The mother should have received adequate preparation for and be able to assume self and immediate neonatal care.
(Rule 1200-13-13-.04, continued)

(ii) Factors which may exclude maternal discharge prior to 24-48 hours include:

(I) Abnormal bleeding.

(II) Fever equal to or greater than 100.4 degrees.

(III) Inadequate or no prenatal care.

(IV) Cesarean section.

(V) Untreated or unstable maternal medical condition.

(VI) Uncontrolled hypertension.

(VII) Inability to void.

(VIII) Inability to tolerate solid foods.

(IX) Adolescent mother without adequate support and where appropriate follow-up has not been established. A nurse home visit within 24-48 hours of discharge would act as appropriate follow-up.

(X) All efforts should be made to keep mother and infant together to ensure simultaneous discharge.

(XI) Psychosocial problems (maternal or family) which have been identified prenatally or in hospital. Where appropriate follow-up has not been established, a nurse home visit within 24-48 hours of discharge would act as appropriate follow-up.

The nursery stay is planned to allow the identification of early problems and to reinforce instruction in preparation for care of the infant at home. Complications often are not predictable by prenatal and intrapartum events. Because many neonatal problems do not become apparent until several days after birth there is an element of medical risk in early neonatal discharge. Most problems are manifest during the first 12 hours, and discharge at or prior to 24 hours is appropriate for many newborns.

(i) Prior to discharge of the newborn at 24-48 hours, the following should have occurred:

(I) The course of antepartum, intrapartum, and postpartum care for both mother and fetus should be without problems, which may lead to newborn complications.

(II) The baby is a single birth at 37 to 42 weeks’ gestation and the birth weight is appropriate for gestational age according to appropriate intrauterine growth curves.

(III) The baby’s vital signs are documented as being normal and stable for the 12 hours preceding discharge, including a respiratory rate below 60/minute, a heart rate of 100 to 160 beats per minute, and an
axillary temperature of 36.1 degrees C in an open crib with appropriate clothing.

(IV) The baby has urinated and passed at least one stool.

(V) No evidence of excessive bleeding after circumcision greater than 2 hours.

(VI) The baby has completed at least two successful feedings, with documentation that the baby is able to coordinate sucking, swallowing, and breathing while feeding.

(VII) No evidence of significant jaundice in the first 24 hours of life.

(VIII) The parent’s or caretaker’s knowledge, ability, and confidence to provide adequate care for her baby are documented.

(IX) Laboratory data are available and reviewed including:

I. Maternal syphilis and hepatitis B surface antigen status.

II. Cord or infant blood type and direct Coomb’s test result as clinically indicated.

(X) Screening tests are performed in accordance with state regulations. If the test is performed before 24 hours of milk feeding, a system for repeating the test must be assured during the follow-up visit.

(XI) Initial hepatitis B vaccine is administered or a scheduled appointment for its administration has been made.

(XII) A physician-directed source of continuing medical care for both the mother and the baby is identified. For newborns discharged less than 24-48 hours after delivery, a definitive plan for contact within 48-72 hours after discharge has been made. A nurse home visit within 24-48 hours would be considered appropriate follow-up.

(ii) Maternal factors which may exclude discharge of the newborn prior to 24-48 hours include:

(I) Inadequate or no prenatal care,

(II) Medical conditions that pose a significant risk to the infant,

(III) Group B streptococcus colonization,

(IV) Untreated syphilis,

(V) Suspected active genital herpes,

(VI) HIV,

(VII) Adolescent without adequate support and where appropriate follow-up has not been established (a nurse home visit within 24-48 hours of discharge will act as appropriate follow-up),
(Rule 1200-13-13-.04, continued)

(VIII) Mental retardation or psychiatric illness, and

(IX) Requirements for continued maternal hospitalization.

(iii) Newborn factors which may exclude discharge of the newborn prior to 24-48 hours include:

(I) Preterm gestation (less than 37 weeks);

(II) Small for gestational age;

(III) Large for gestational age;

(IV) Abnormal physical exam, vital signs, colors, activity, feeding or stooling;

(V) Significant congenital malformations; and

(VI) Abnormal laboratory finding:

I. Hypoglycemia,

II. Hyperbilirubinemia,

III. Polycythemia,

IV. Anemia, and

V. Rapid plasma reagin positive.

(5) Early and Periodic Screening, Diagnostic and Treatment (EPSDT) Services for TennCare Medicaid Enrollees under the Age of Twenty-One (21).

The Bureau of TennCare, through its contracts with Managed Care Organizations (MCOs) and other contractors (also referred to collectively as Contractors), operates an EPSDT program to provide health care services as required by 42 C.F.R. Part 441, Subpart B and the "Omnibus Budget Reconciliation Act of 1989" to TennCare Medicaid-eligible enrollees under the age of twenty-one (21).

(a) Responsibilities of the Bureau of TennCare.

1. The Bureau will:

   (i) Keep Contractors informed as to changes to the requirements for the operation of the EPSDT program;

   (ii) Make changes to TennCare policy when necessary to keep the EPSDT program in compliance with federal and state requirements;

   (iii) Provide policy clarification when needed; and

   (iv) Oversee the activities of the Contractors to assure compliance with all aspects of the EPSDT program.

2. The Bureau, through local health departments, shall provide information on covered services to adolescent prenatal patients who enter TennCare Medicaid
through presumptive eligibility. Assistance will be offered to presumptive eligibles on the day eligibility is determined in making a timely first prenatal appointment. For a woman past her first trimester, this appointment should occur within fifteen (15) days.

3. The Bureau, through the Department of Children’s Services, shall inform foster parents and institutions or other residential treatment settings with a number of eligible children, annually or more often when the need arises, including when a change of administrators, social workers, or foster parents occur, of the availability of EPSDT services.

(b) Responsibilities of Contractors.

1. Contractors shall aggressively and effectively inform TennCare Medicaid enrollees of the existence of the EPSDT program, including the availability of specific EPSDT screening and treatment services. Such informing shall occur in a timely manner, generally within sixty (60) days of the MCC’s receipt of notification of the child’s enrollment in its plan and if no one eligible in the family has utilized EPSDT services, at least annually thereafter.

Contractors shall document to the Bureau the contractor’s outreach activities and what efforts were made to inform TennCare Medicaid enrollees and/or the enrollee’s responsible party about the availability of EPSDT services and how to access such services. All children, particularly those who have not received complete screenings timely, shall be the target of outreach efforts by the MCOs which are reasonably calculated to insure the child’s participation in EPSDT. Failure to timely submit the requested data may result in liquidated damages as described in the contracts between the Bureau of TennCare and the Contractors.

2. Contractors shall use clear and non-technical terms to provide a combination of written and oral information so that the program is clearly and easily understandable.

3. Contractors shall use effective methods (developed through collaboration with agencies which have established procedures for working with such individuals) to inform TennCare Medicaid individuals who are illiterate, blind, deaf, or cannot understand English, about the availability of EPSDT services.

4. Contractors shall design and conduct outreach to inform all TennCare Medicaid-eligible individuals about what services are available under EPSDT, the benefits of preventive health care, where services are available, and how to obtain them; and that necessary transportation and scheduling assistance is available.

5. Contractors shall create a system so that TennCare Medicaid families can readily access an accurate list of names and phone numbers of contract providers who are currently accepting TennCare.

6. Contractors shall make known and offer to a TennCare Medicaid-covered child and the child’s responsible party of the availability for both transportation and scheduling assistance prior to the due date of the TennCare Medicaid child’s periodic examination.

7. Contractors shall provide TennCare Medicaid enrollees assistance in scheduling appointments, and obtaining transportation prior to the date of each periodic examination as requested and necessary.
8. Contractors shall document services declined by a parent or guardian of a TennCare Medicaid-eligible child or a mature competent child, specifying the particular service declined so that outreach and education for other EPSDT services continues.

9. Contractors shall maintain records of the efforts taken to outreach TennCare Medicaid children who have missed screening appointments when scheduled or who have failed to schedule regular check-ups. These records shall be made available to the Bureau and other parties as directed.

10. Contractors shall treat a TennCare Medicaid-eligible woman’s request for EPSDT services during pregnancy as a request for EPSDT services for the child at birth. If the pregnant woman is under age twenty-one (21), she may request EPSDT services for herself.

(c) Compliance.

Contractors must document and maintain records of all outreach efforts made to inform TennCare Medicaid enrollees about the availability of EPSDT services.

(6) Prior Authorization for Home Health Nurse, Home Health Aide, and Private Duty Nursing Services. Prior authorization by the MCC must be obtained in order to establish the medical necessity of all requested home health nurse, home health aide, and private duty nursing services.

(a) The following information must be provided when seeking prior authorization for home health nurse, home health aide, and private duty nursing services:

1. Name of physician prescribing the service(s);

2. Specific information regarding the patient’s medical condition and any associated disability that creates the need for the requested service(s); and

3. Specific information regarding the service(s) the nurse or aide is expected to perform, including the frequency with which each service must be performed (e.g., tube feeding patient 7:00 a.m., 12:00 p.m., and 5:00 p.m. daily; bathe patient once per day; administer medications three (3) times per day; catheterize patient as needed from 8:00 a.m. to 5:00 p.m. Monday through Friday; change dressing on wound three (3) times per week). Such information should also include the total period of time that the services are anticipated to be medically necessary by the treating physician (e.g., total number of weeks or months).

(b) Home health nurses and aides and private duty nurses will never be authorized to personally transport a TennCare enrollee. Home health nurses and aides delivering prior approved home health care services may accompany an enrollee outside the home in accordance with T.C.A. § 71-5-107(a)(12).

(c) Private duty nursing services are limited to services provided in the recipient’s own home, with the following two exceptions:

1. A recipient age twenty-one (21) or older who requires eight (8) or more hours of skilled nursing care in a 24-hour period and is authorized to receive private duty nursing services in the home setting may make use of the approved hours outside of that setting in order for the nurse to accompany the recipient to:
(Rule 1200-13-13-.04, continued)

(i) Outpatient health care services (including services delivered through a TennCare home and community based services waiver program);

(ii) Public or private secondary school or credit classes at an accredited vocational or technical school or institute of higher education; or,

(iii) Work at his place of employment.

2. A recipient under the age of twenty-one (21) who requires eight (8) or more hours of continuous skilled nursing care in a 24-hour period and is authorized to receive those services in the home setting may make use of the approved hours outside of that setting when normal life activities temporarily take him outside of that setting. Normal life activity for a child under the age of twenty-one (21) means routine work (including work in supported or sheltered work settings); licensed child care; school and school-related activities; religious services and related activities; and outpatient health care services (including services delivered through a TennCare home and community based services waiver program). Normal life activities do not include non-routine or extended home absences.

(d) A private duty nurse may accompany a recipient in the circumstances outlined in subparagraph (c) immediately above, but may not drive.

(e) Private duty nursing services will only be authorized when there are competent family members or caregivers as indicated below:

1. Private duty nursing services include services to teach and train the recipient and the recipient’s family or other caregivers how to manage the treatment regimen. Having a caregiver willing to learn the tasks necessary to provide a safe environment and quality in home care is essential to assuring the recipient is properly attended to when a nurse or other paid caregiver is not present, including those times when the recipient chooses to attend community activities to which these rules do not specifically permit the private duty nurse or other paid caregiver to accompany the patient.

2. To ensure the health, safety, and welfare of the individual, in order to receive private duty nursing services, the recipient must have family or caregivers who:

   (i) Have a demonstrated understanding, ability, and commitment in the care of the individual related to ventilator management, support of other life-sustaining technology, medication administration and feeding, or in the case of children, other medically necessary skilled nursing functions, as applicable; and

   (ii) Are trained and willing to meet the recipient’s nursing needs during the hours when paid nursing care is not provided, and to provide backup in the event of an emergency; and

   (iii) Are willing and available as needed to meet the recipient’s non-nursing support needs.

   (iv) In the case of children under the age of 18, the parent or guardian will be expected to fill this role. In the case of an adult age 18 and older, if the health, safety, and welfare of the individual cannot be assured because the recipient does not have such family or caregiver, private duty nursing
services may be denied, subject to items (I) and (II) below. However, it shall be the responsibility of the MCO to:

(I) Arrange for the appropriate level of care, which may include nursing facility care, if applicable; and

(II) In the case of a person currently receiving private duty nursing services, facilitate transition to such appropriate level of care prior to termination of the private duty nursing service.

(f) Nursing services (provided as part of home health services or by a private duty nurse) will be approved only if the requested service(s) is of the type that must be provided by a nurse as opposed to an aide, except that the MCO may elect to have a nurse perform home health aide services in addition to nursing services if the MCO determines that this is a less costly alternative than providing the services of both a nurse and an aide. Examples of appropriate nursing services include, but are not limited to, management of ventilator equipment or other life-sustaining medical technology, medication management, and tube feedings.

(g) Home health aide services will only be approved if the requested service(s) meet all medical necessity requirements including the requirements of 1200-13-16-.05(4)(d). Thus, home health aide services will not be approved to provide child care services, prepare meals, perform housework, or generally supervise patients. Examples of appropriate home health aide services include, but are not limited to, patient transfers and bathing.

ENROLLEE COST SHARING.

(1) TennCare Medicaid enrollees do not have cost sharing responsibilities for TennCare coverage and covered services, except TennCare Medicaid adults (age 21 and older) who receive pharmacy services have nominal copays for the pharmacy services. The copays are $3.00 (three dollars) for each covered branded drug and $1.50 (one dollar and fifty cents) for each covered generic drug. Branded drugs which exceed the limit of two (2) prescriptions or refills per enrollee per month are not covered. Generic drugs and covered branded drugs which exceed the limit of five (5) prescriptions or refills per enrollee per month are not covered. Family planning drugs and emergency services are exempt from copay. Enrollees may not be denied a service for inability to pay a copay. There is no Out-of-Pocket Maximum on copays.

(2) The following adult groups are exempt from copay:

(a) Individuals receiving hospice services who provide verbal notification of such to the pharmacy provider at the point of service;

(b) Individuals who are pregnant who provide verbal notification of such to the pharmacy provider at the point of service; and

(c) Individuals who are receiving services in a Nursing Facility, an Intermediate Care Facility for Individuals with Intellectual Disabilities, CHOICES Group 2, or a Home and Community Based Services waiver for individuals with intellectual disabilities.

(d) Adults age 21 and older enrolled in ECF CHOICES who meet nursing facility level of care or transitioned from a Section 1915(c) waiver into ECF CHOICES and granted an exception by TennCare based on ICF/IID level of care.
1200-13-13-.06 MANAGED CARE ORGANIZATIONS.

Managed Care Organizations participating in TennCare will be limited to Health Maintenance Organizations that are appropriately licensed to operate within the state of Tennessee to provide medical, behavioral, and long-term care services in the TennCare program. Managed Care Organizations shall have a fully executed contract with the Tennessee Department of Finance and Administration. MCOs, DBMs and PBMs shall agree to comply with all applicable rules, policies, and contract requirements as specified by the Tennessee Department of Finance and Administration as applicable. Managed Care Organizations must continually demonstrate a sufficient provider network based on the standards set by the Bureau of TennCare to remain in the program and must reasonably meet all quality of care requirements established by the Bureau of TennCare.

1200-13-13-.07 MANAGED CARE ORGANIZATION PAYMENT.

Managed care organizations will be paid pursuant to the contract the MCO has fully executed with the Tennessee Department of Finance and Administration.

1200-13-13-.08 PROVIDERS.

(1) Payment in full.
   (a) All Participating Providers, as defined in this Chapter, must accept as payment in full for provision of covered services to TennCare enrollees, the amounts paid by the MCC plus any copayment required by the TennCare Program to be paid by the individual.
   (b) Any Non-Participating Providers who provide TennCare Program covered services by authorization from an MCC must accept as payment in full for provision of covered services to TennCare enrollees, the amounts paid by the MCC plus any copayment required by the TennCare Program to be paid by the individual.
   (c) Any Non-Participating Provider, as defined in this Chapter, who provides TennCare Program covered non-emergency services to TennCare enrollees without authorization from the enrollee’s MCC does so at his own risk. He may not bill the patient for such services except as provided for in Rule 1200-13-13-.08(5).
   (d) Any Out-of-State Emergency Provider, as defined in this Chapter, who provides covered emergency services to TennCare enrollees in accordance with this Chapter must accept as payment in full the amounts paid by the MCC plus any copayment required by the TennCare Program.

(2) Non-Participating Providers.
(Rule 1200-13-13-.08, continued)

(a) In situations where an MCC authorizes a service to be rendered by a provider who is not a Participating Provider with the MCC, as defined in this Chapter, payment to the provider shall be no less than eighty percent (80%) of the lowest rate paid by the MCC to equivalent participating network providers for the same service.

(b) Covered medically necessary outpatient emergency services, when provided to Medicaid managed care enrollees by non-contract hospitals in accordance with Section 1932(b)(2)(D) of the Social Security Act (42 U.S.C.A. § 1396u-2(b)(2)(D)), shall be reimbursed at seventy-four percent (74%) of the 2006 Medicare rates for these services. Emergency care to enrollees shall not require preauthorization.

(c) Covered medically necessary inpatient hospital admissions required as the result of emergency outpatient services, when provided to Medicaid managed care enrollees by non-contract hospitals in accordance with Section 1932(b)(2)(B) of the Social Security Act (42 U.S.C.A. § 1396u-2(b)(2)(B)), shall be reimbursed at 57 percent of the 2008 Medicare Diagnostic Related Groups (DRG) rates (excluding Medical Education and Disproportionate Share components) determined in accordance with 42 C.F.R. § 412 for those services. For DRG codes that are adopted after 2008, 57 percent of the rate from the year of adoption will apply. Such an inpatient stay will continue until no longer medically necessary or until the patient can be safely transported to a contract hospital or to another contract service, whichever comes first.

(d) Non-Participating Providers who furnish covered CHOICES services are reimbursed in accordance with Rule 1200-13-01-.05.

(e) Non-Participating Providers who furnish covered ECF CHOICES services are reimbursed in accordance with Rule 1200-13-01-.31.

(3) Participation in the TennCare program will be limited to providers who:

(a) Accept, as payment in full, the amounts paid by the managed care contractor, including copays from the enrollee, or the amounts paid in lieu of the managed care contractor by a third party (Medicare, insurance, etc.);

(b) Maintain Tennessee, or the State in which they practice, medical licenses and/or certifications as required by their practice, or licensure by the TDMHDD, if appropriate;

(c) Are not under a federal Drug Enforcement Agency (DEA) restriction of their prescribing and/or dispensing certification for scheduled drugs (relative to physicians, osteopaths, dentists and pharmacists);

(d) Agree to maintain and provide access to TennCare and/or its agent all TennCare enrollee medical records for five (5) years from the date of service or upon written authorization from TennCare following an audit, whichever is shorter;

(e) Provide medical assistance at or above recognized standards of practice; and

(f) Comply with all contractual terms between the provider and the managed care contractor and TennCare policies as outlined in federal and state rules and regulations and TennCare provider manuals and bulletins.

(g) Failure to comply with any of the above provisions (a) through (f) may subject a provider to the following actions:
1. Sanctions set out in T.C.A. § 71-5-118. In addition, the provider may be subject to stringent review/audit procedures, which may include clinical evaluation of services and a prepayment requirement for documentation and justification for each claim.

2. The Bureau of TennCare may withhold or recover payments to managed care contractors in cases of provider fraud, willful misrepresentation, or flagrant non-compliance with contractual requirements and/or TennCare policies.

3. The Bureau of TennCare may refuse to approve or may suspend provider participation with a provider if any person who has an ownership or controlling interest in the provider, or who is an agent or managing employee of the provider, has been convicted of a criminal offense related to that person’s involvement in any program established under Medicare, Medicaid or the U.S. Title XX Services Program.

4. The Bureau of TennCare may refuse to approve or may suspend provider participation if it determines that the provider did not fully and accurately make any disclosure of any person who has ownership or controlling interest in the provider, or is an agent or managing employee of the provider and has been convicted of a criminal offense related to that person’s involvement in any program under Medicare, Medicaid or the U.S. Title XX Services Program since the inception of these programs.

5. The Bureau of TennCare shall refuse to approve or shall suspend provider participation if the appropriate State Board of Licensing or Certification fails to license or certify the provider at any time for any reason or suspends or revokes a license or certification.

6. The Bureau of TennCare shall refuse to approve or shall suspend provider participation upon notification by the U.S. Office of Inspector General Department of Health and Human Services that the provider is not eligible under Medicare or Medicaid for federal financial participation.

7. The Bureau of TennCare may recover from a managed care contractor any payments made by an enrollee and/or his family for a covered service, in total or in part, except as permitted. If a provider knowingly bills an enrollee and/or his family for a covered service, in total or in part, except as permitted, the Bureau of TennCare may terminate the provider’s participation in TennCare.

4) Solicitations and Referrals.

   (a) Managed care contractors and providers shall not solicit TennCare enrollees by any method offering as enticements other goods and services (free or otherwise) for the opportunity of providing the enrollee with TennCare covered services that are not medically necessary and/or that overutilize the TennCare program.

   (b) A managed care contractor may request a waiver from this restriction in writing to TennCare. TennCare shall determine the value of a waiver request based upon the medical necessity and need for the solicitation. The managed care contractor may implement the solicitation only upon receipt of a written waiver approval from TennCare. This waiver is not transferable and may be canceled by TennCare upon written notice.

   (c) TennCare payments for services related to a non-waivered solicitation enticement shall be considered by TennCare as a non-covered service and recouped. Neither the
managed care contractor nor the provider may bill the enrollee for non-covered services recouped under this authority.

(d) A provider shall not offer or receive remuneration in any form related to the volume or value of referrals made or received from or to another provider.

(5) Providers may seek payment from a TennCare enrollee only under the following circumstances. These circumstances apply to all TennCare providers, as defined in this Chapter, including those who are Out-of-Network Providers in a particular enrollee’s MCC. These circumstances include situations where the enrollee may choose to seek an out-of-network provider for a specific covered service.

(a) If the services are not covered by the TennCare program and, prior to providing the services, the provider informed the enrollee that the services were not covered; or

(b) If the services are not covered because they are in excess of an enrollee’s benefit limit and one of the following circumstances applies:

1. The provider determines effective on the date of service that the enrollee has reached his/her benefit limit for the particular service being requested and, prior to providing the service, informs the enrollee that the service is not covered and the service will not be paid for by TennCare. The source of the provider’s information must be a database listed on the TennCare website as approved by TennCare on the date of the provider’s inquiry.

2. The provider has information in his/her own records to support the fact that the enrollee has reached his/her benefit limit for the particular service being requested and, prior to providing the service, informs the enrollee that the service is not covered and will not be paid for by TennCare. This information may include:

   (i) A previous written denial of a claim on the basis that the service was in excess of the enrollee’s benefit limit for a service within the same benefit category as the service being requested, if the time period applicable to the benefit limit is still in effect; or

   (ii) That the provider had previously examined the database referenced in part 1. above and determined that the enrollee had reached his/her benefit limit for the particular service being requested, if the time period applicable to that benefit limit is still in effect; or

   (iii) That the provider had personally provided services to the enrollee in excess of his/her benefit limit within the same benefit category as the service being requested, if the time period applicable to that benefit period is still in effect; or

   (iv) The enrollee’s MCO has provided confirmation to the provider that the enrollee has reached his/her benefit limit for the applicable service.

3. The provider submits a claim for service to the appropriate managed care contractor (MCC) and receives a written denial of that claim on the basis that the service exceeds the enrollee’s benefit limit. Thereafter, following informing the enrollee and within the remainder of the period applicable to that benefit limit, the provider may bill the enrollee for services within that same exhausted benefit category without having to submit, for repeated MCC denial, claims for those subsequent services. If the provider informed the enrollee prior to providing the
(Rule 1200-13-13-.08, continued)

service for which the claim was denied that the service would exceed the enrollee’s benefit limit and would not be paid for by TennCare, the provider may bill the enrollee for that service.

4. The provider had previously taken the steps in parts 1., 2. or 3. above and determined that the enrollee had reached his/her benefit limit for the particular service being requested, if the time period applicable to the benefit limit is still in effect, and informs the enrollee, prior to providing the service, that the service is not covered and will not be paid for by TennCare.

(c) If the services are covered only with prior authorization and prior authorization has been requested but denied, or is requested and a specified lesser level of care is approved, and the provider has given prior notice to the enrollee that the services are not covered, the enrollee may elect to receive those services for which prior authorization has been denied or which exceed the authorized level of care and be billed by the provider for such services.

(6) Providers may not seek payment from a TennCare enrollee under the following conditions:

(a) The provider knew or should have known about the patient’s TennCare eligibility or pending eligibility prior to providing services.

(b) The claim(s) submitted to TennCare or the enrollee’s managed care contractor for payment was/were denied due to provider billing error or a TennCare claim processing error.

(c) The provider accepted TennCare assignment on a claim and it is determined that another payer paid an amount equal to or greater than the TennCare allowable amount.

(d) The provider failed to comply with TennCare policies and procedures or provided a service which lacks medical necessity or justification.

(e) The provider failed to submit or resubmit claims for payment within the time periods required by the managed care contractor or TennCare.

(f) The provider failed to ascertain the existence of TennCare eligibility or pending eligibility prior to providing non-emergency services. Even if the enrollee presents another form of insurance, the provider must determine whether the patient is covered under TennCare.

(g) The provider failed to inform the enrollee prior to providing a service not covered by TennCare that the service was not covered and the enrollee may be responsible for the cost of the service. Services which are non-covered by virtue of exceeding limitations are exempt from this requirement. Notwithstanding this exemption, providers shall remain obligated to provide notice to enrollees who have exceeded benefit limits in accordance with Rule 1200-13-13-.11.

(h) The enrollee failed to keep a scheduled appointment(s).

(i) The provider is a TennCare Provider, as defined in this Chapter, but is not participating with a particular enrollee’s MCC and is seeking to bill the enrollee as though the provider were a Non-TennCare Provider, as defined in this Chapter.
(7) Providers may seek payment from a person whose TennCare eligibility is pending at the time services are provided if the provider informs the person that TennCare assignment will not be accepted whether or not eligibility is established retroactively.

(8) Providers may seek payment from a person whose TennCare eligibility is pending at the time services are provided. Providers may bill such persons at the provider’s usual and customary rate for the services rendered. However, all monies collected for TennCare-covered services rendered during a period of TennCare eligibility must be refunded when a claim is submitted to TennCare if the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established.

(9) Providers of inpatient hospital services, outpatient hospital services, skilled nursing facility services, independent laboratory and x-ray services, hospice services, and home health agencies must be approved for Title XVIII-Medicare in order to be certified as providers under the TennCare Program; in the case of hospitals, the hospital must meet state licensure requirements and be approved by TennCare as an acute care hospital as of the date of enrollment in TennCare. Children’s hospitals and State mental hospitals may participate in TennCare without having been Medicare approved; however, the hospital must be approved by the Joint Commission for Accreditation of Health Care Organizations as a condition of participation.

(10) Pharmacy providers may not waive pharmacy copayments for TennCare Standard enrollees as a means of attracting business to their establishments. This does not prohibit a pharmacy from exercising professional judgment in cases where an enrollee may have a temporary or acute need for a prescribed drug, but is unable, at that moment, to pay the required copayment.

(11) Providers shall not deny services for a Medicaid enrollee’s failure to make copayments.

(12) All claims must be filed in accordance with the following:

(a) Claims filed with an MCC must be submitted in accordance with the requirements and timeframes set forth in the MCC’s contract.

(b) All other fee-for-service claims for services delivered outside of the TennCare managed care program must be filed with the Bureau of TennCare as follows:

1. All claims must be filed within one (1) year of the date of service except in the following circumstances:

   (i) Recipient eligibility was determined retroactively to the extent that filing within one (1) year was not possible. In such situations, claims must be filed within one (1) year after final determination of eligibility.

   (ii) If a claim filed with Medicare on a timely basis does not automatically cross over from the Medicare carrier to the Bureau, a TennCare claim may be filed within six (6) months of notification of payment or denial from Medicare.

2. Should an original claim be denied, any resubmission or follow-up of the initial claim must be received within six (6) months from the date the original claim was filed. The Bureau will not process submissions received after the six (6) month time limit. The one exception is those claims returned due to available third party coverage. These claims must be submitted within sixty (60) days of notice from the third party resource.
3. Should a correction document involving a suspended claim be sent to the provider, the claim will be denied if the correction document is not completed by the provider and returned to the Bureau within ninety (90) days from the date on the document.

4. If claim is not filed within the above timeframes, no reimbursement may be made.

5. Claims will be paid on a first claim approved - first claim paid basis.

6. The Bureau will not reimburse providers for services for which there is no Federal Financial Participation.

1200-13-13-.09 THIRD PARTY RESOURCES.

(1) Individuals applying for TennCare Medicaid or TennCare Standard coverage shall disclose the availability of any third party health care coverage to the agency responsible for determining the individual’s eligibility for TennCare.

(2) An individual enrolled in TennCare Medicaid or TennCare Standard shall disclose access to third party resources to his/her specified Managed Care Contractors as soon as s/he becomes aware of the existence of any third party resources.

(3) Managed Care Contractors under contract with the Tennessee Departments of Finance and Administration or Mental Health and Developmental Disabilities shall provide all third party resource information obtained from the plan’s enrollees to the Bureau of TennCare on a regular basis as required by their contracts.

(4) Managed Care Contractors shall enforce TennCare subrogation rights pursuant to T.C.A. § 71-5-117.

(5) Managed Care Contractors may pay health insurance premiums for their enrollees if such payments are determined by the Bureau to be cost effective.

(6) TennCare shall be the payor of last resort, except where contrary to federal or state law.

(7) Asset Disregards for Qualifying Long Term Care Insurance Policies:
(Rule 1200-13-13-.09, continued)

(a) Individuals who purchase a qualified long term care insurance policy may have certain
assets disregarded in the determination of eligibility for TennCare Medicaid. The
Department of Human Services (DHS) shall disregard an individual’s assets up to the
amount of payments made by the individual’s qualifying long-term care insurance
policy for services covered under the policy at the time of TennCare application.

(b) The amount of the individual’s assets properly disregarded under these provisions shall
continue to be disregarded through the lifetime of the individual.

(c) Assets which were disregarded for purposes of Medicaid eligibility determination during
the person’s lifetime are also protected from estate recovery. When the amount of
assets disregarded during the person’s lifetime was less than total benefits paid by the
qualified long term care insurance policy, additional assets may be protected in the
estate recovery process up to the amount of payments made by the individual’s
qualifying long term care policy for services covered under the policy. If no assets were
disregarded during the person’s lifetime, the personal representative may designate
assets to protect from estate recovery up to the lesser of the two options specified
above, even if a qualified long term care policy’s benefits were not completely
exhausted.

(8) Upon enrollment in TennCare Medicaid or TennCare Standard an individual assigns to the
Bureau any rights to third party insurance benefits to which the individual may be entitled.

(9) Upon accepting medical assistance, an enrollee in TennCare Medicaid or TennCare
Standard shall be deemed to have made an assignment to the Bureau of the right to third
party insurance benefits to which the enrollee may be entitled.

(10) The Bureau shall utilize direct billing when it is determined that a previously paid service may
have been covered by a third party.

Administrative History: Public necessity rule filed July 1, 2002; effective through December 13, 2002.
Original rule filed September 30, 2002; to be effective December 14, 2002; however, on December 9,
2002, the House Government Operations Committee of the General Assembly stayed Rule 1200-13-13-
.09; new effective date February 12, 2003. Emergency rule filed December 13, 2002; effective through
2013; effective April 15, 2013.

1200-13-13-.10 EXCLUSIONS.

(1) General exclusions. The following items and services shall not be considered covered
services by TennCare:

(a) Provision of medical assistance which is outside the scope of benefits as defined in
these rules.

(b) Provision of services to persons who are not enrolled in TennCare, either on the date
the services are delivered or retroactively to the date the services are delivered.

(c) Services for which there is no Federal Financial Participation (FFP).

(d) Services provided outside the United States or its territories.

(e) Services provided outside the geographic borders of Tennessee, including
transportation to return to Tennessee to receive medical care except in the following
circumstances:
1. Emergency medical services are needed because of an emergency medical condition;

2. Non-emergency urgent care services are requested because the recipient’s health would be endangered if he were required to travel, but only upon the explicit prior authorization of the MCC;

3. The covered medical service would not be readily available within Tennessee if the enrollee was physically located in Tennessee at the time of need and the covered service is explicitly prior authorized by the enrollee’s TennCare MCC; or

4. The out-of-state provider is participating in the enrollee’s MCC network.

(f) Investigative or experimental services or procedures including, but not limited to:

1. Drug or device that lacks FDA approval except when medically necessary as defined by TennCare;

2. Drug or device that lacks approval of facility’s Institutional Review Board;

3. Requested treatment that is the subject of Phase I or Phase II clinical trials or the investigational arm of Phase III clinical trials; or

4. A requested service about which prevailing opinion among experts is that further study is required to determine safety, efficacy, or long-term clinical outcomes of requested service.

(g) Services which are delivered in connection with, or required by, an item or service not covered by TennCare, including the transportation to receive such non-covered services, except that treatment of conditions resulting from the provision of non-covered services may be covered if medically necessary, notwithstanding the exclusions set out herein.

(h) Items or services furnished to provide a safe surrounding, including the charges for providing a surrounding free from exposure that can worsen the disease or injury.

(i) Non-emergency services that are ordered or furnished by an out-of-network provider and that have not been approved by the enrollee’s MCC. An exception exists for dually eligible enrollees. In-network care ordered by out-of-network providers is covered for dually eligible enrollees unless the MCO has informed such enrollee in advance of a request for a service that the specific service requires prior authorization and an order from an in-network provider.

(j) Services that are free to the public, with the exception of services delivered in the schools pursuant to the Individuals with Disabilities in Education Act (IDEA).

(k) Items or services ordered, prescribed, administered, supplied, or provided by an individual or entity that has been excluded from participation in the Medicaid program under the authority of the United States Department of Health and Human Services or the Bureau of TennCare.

(l) Items or services ordered, prescribed, administered, supplied, or provided by an individual or entity that is not licensed by the appropriate licensing board.
(Rule 1200-13-13-.10, continued)

(m) Items or services outside the scope and/or authority of a provider’s specialty and/or area of practice.

(n) Items or services to the extent that Medicare or a third party payer is legally responsible to pay or would have been legally responsible to pay except for the enrollee’s or the treating provider’s failure to comply with the requirements for coverage of such services.

3. A written notice shall be given to an enrollee of any provider-initiated reduction, termination or suspension.

Such notice shall not be subject to the requirements of Rule 1200-13-13-.11(1)(c)1. During the applicable time period for each benefit limit, such notice shall only be provided the first time a claim is denied because an enrollee has exceeded a benefit limit. The State or MCC will not be required to provide any notice when an enrollee is approaching or reaches a benefit limit.
5. Appropriate notice shall be given to an enrollee by a provider when an enrollee exceeds a non-pharmacy benefit limit in the following circumstances:

   1. An MCC’s failure to inform an enrollee of the availability of such continued
services;

   2. An MCC’s failure to reimburse providers for delivering services pending appeal;
or

   3. An MCC’s failure to provide such services when timely requested.

   (g) To an appeals process. But for initial reconsideration by an MCC as permitted by this
rule, no person who is an employee, agent or representative of an MCC may
participate in deciding the outcome of a SFH. No state official who was directly involved
in the initial determination of the action in question may participate in deciding the
outcome of an enrollee’s appeal.

(3) Special Provisions Relating to Appeals.
(Rule 1200-13-13-.11, continued)

(a) Individualized Decisions Required. Neither the TennCare program nor its MCCs may employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his or her medical history.

(b) Medical Evidence.

1. Appeal decisions must be based on an evaluation of pertinent medical evidence. TennCare and the MCCs shall elicit from enrollees and their treating providers all pertinent medical records that support an appeal; and

2. Medical opinions shall be evaluated pursuant to TennCare Medical Necessity Rule 1200-13-16. Reliance upon insurance industry guidelines or utilization control criteria of general application, without consideration of the individual enrollee’s medical history, does not satisfy this requirement and cannot be relied upon to support an adverse benefit determination.

(c) Record on Review. When TennCare receives an appeal from an enrollee regarding an adverse benefit determination, TennCare is responsible for obtaining from the MCC any and all records or documents pertaining to the MCC’s decision to take the contested action. TennCare shall correct any violation of this rule that is evident from a review of those records.

(d) Valid Factual Disputes. When TennCare receives an appeal from an enrollee, TennCare will dismiss this appeal unless the enrollee has established a valid factual dispute relating to an adverse benefit determination.

1. Processing of Appeals. TennCare shall screen all appeals submitted by TennCare enrollees to determine if the enrollees have presented a valid factual dispute. If TennCare determines that an enrollee failed to present a valid factual dispute, TennCare will immediately provide the enrollee with a notice, informing him/her that the enrollee must provide additional information as identified in the notice. If the enrollee does not provide this information, the appeal shall be dismissed without the opportunity for a state fair hearing within ten (10) days of the date of the notice. If the enrollee adequately responds to this notice, TennCare shall inform the enrollee that the appeal will proceed to a hearing. If the enrollee responds but fails to provide adequate information, TennCare will provide a notice to the enrollee, informing him/her that the appeal is dismissed without the opportunity for a state fair hearing. If the enrollee does not respond, the appeal will be dismissed without the opportunity for a state fair hearing, without further notice to the enrollee.

2. Information Required to Establish Valid Factual Disputes. In order to establish a valid factual dispute, TennCare enrollees must provide the following information:
   - Enrollee’s name; member SSN or TennCare ID#; address and phone;
   - identification of the service or item that is the subject of the adverse benefit determination;
   - and the reason for the appeal, including any factual error the enrollee believes TennCare or the MCC has made. For reimbursement and billing appeals, enrollees must also provide the date the service was provided, the name of the provider, copies of receipts which prove that the enrollee paid for the services or copies of a bill for the services, whichever is applicable.

(e) Appeals When Enrollees Lack a Prescription. When a TennCare enrollee attempts to lodge an appeal for a benefit for which the enrollee lacks a prescription, TennCare may
require the enrollee to exhaust the following administrative process before an appeal can proceed:

1. TennCare will provide appropriate notice to the enrollee informing him/her that he/she will be required to complete an administrative process. Such administrative process requires the enrollee to contact the MCC to make an appointment with a provider to evaluate the request for the service. The MCC shall be required to make such appointment for the enrollee within a 3-week period or forty-eight (48) hours for urgent care from the date the enrollee contacts the MCC. Appeal timeframes will be tolled during this administrative process.

2. In order for this appeal to continue, the enrollee shall be required to contact TennCare after attending the appointment with a physician and demonstrate that he/she remains without a prescription for the service. If the enrollee fails to contact TennCare within sixty (60) days from the date of the notice described in subparagraph (e)1., TennCare will dismiss the appeal without providing an opportunity for a hearing for the enrollee.

(f) Appeals When No Adverse Benefit Determination Has Been Made. Enrollees shall not possess the right to appeal when no adverse benefit determination has been made. If enrollees request a hearing in this circumstance, their request shall be denied by the TennCare bureau without the opportunity for a hearing. Such circumstances include but are not limited to when enrollees appeal and no request for services had previously been denied.

(4) Hearing Rights of Enrollees.

(a) TennCare shall inform enrollees of their state fair hearing rights;

(b) Enrollees shall be entitled to a hearing before a hearing officer that affords each enrollee the right to:

1. Representation at the hearing by anyone of his/her choice, including a lawyer;

2. Review information and facts relied on for the decisions by the MCC and the TennCare Bureau before the hearing;

3. Cross-examine adverse witnesses;

4. Present evidence, including the right to compel attendance of witnesses at hearings;

5. Review and present information from his/her medical records;

6. Present evidence at the hearing challenging the adverse decision by his/her MCC;

7. Ask for an independent medical opinion, at no expense to the enrollee;

8. Continue or reinstate ongoing services pending a hearing decision, as specified in this rule;

9. A written decision setting out the hearing officer's rulings on findings of fact and conclusions of law; and
(Rule 1200-13-13-.11, continued)

10. Resolution, including a hearing before a hearing officer if the case has not been previously resolved in favor of the enrollee, pursuant to 42 C.F.R. § 431.244.

(c) TennCare shall not impair the ability of an enrollee to appeal an adverse hearing decision by requiring that the enrollee bear the expense of purchasing a hearing transcript when such purchase would be a financial hardship for the enrollee.

(d) Parties to an Appeal. Under this rule, the parties to a state fair hearing are limited to the enrollee and TennCare, permitted by federal regulations as modified by CMS letter dated June 5, 2017. The purpose of the hearing is to focus on the enrollee’s medical needs.

(e) Consistent with the Code of Judicial Conduct, hearing officers shall assist pro se enrollees in developing the factual record and shall have authority to order second medical opinions at no expense to the enrollee.

(f) Review of Hearing Decisions.

1. Hearing officers shall promptly issue an Order of their decision. Any Order delivered orally from the bench in an expedited hearing by a hearing officer shall be effective immediately as to the provision or denial of benefits. In accordance with 42 C.F.R. Part 431 Subpart E and 42 C.F.R. Part 438 Subpart F, the hearing officer shall enter a written order as soon as practicable and shall provide the parties with copies of such Orders. The time for appealing any oral Order shall not begin to run until entry of the written Order.

2. The TennCare Bureau shall have the opportunity to review all decisions of hearing officers, in accordance with T.C.A. §§ 4-5-314 and 4-5-315, to determine whether such decisions are contrary to applicable law, regulations or policy interpretations, which shall include but not be limited to decisions regarding the defined package of covered benefits, determinations of medical necessity and decisions based on the application of this chapter and 42 C.F.R. Part 431 Subpart E and 42 C.F.R. Part 438 Subpart F.

   (i) If TennCare modifies or overturns the decision of the hearing officer, TennCare shall issue a written decision that will be provided to the enrollee and the hearing officer. TennCare’s decision shall constitute final agency action.

   (ii) If TennCare does not modify or overturn the decision of the hearing officer, the hearing officer’s decision shall constitute final agency action without additional notice to the enrollee.

   (iii) Review of final agency action shall be available to enrollees pursuant to T.C.A. § 4-5-322.

   (iv) A hearing officer’s decision in an enrollee’s appeal shall not be deemed precedent for future appeals.

(g) Continuation or Reinstatement of TennCare Services.

1. As permitted under 42 C.F.R. §§ 431.230, 431.231 and 438.420, if required or if the enrollee requests, TennCare services shall continue or be reinstated until the earlier of dismissal of the appeal through the valid factual dispute process, enrollee’s withdrawal of the appeal, or an initial hearing decision adverse to the enrollee.
2. In the case of a timely request for continuation or reinstatement of the TennCare services described in paragraph (4)(g)(1) above, the services shall continue or be reinstated only if and to the extent prescribed by the enrollee’s treating clinician.

3. Notwithstanding the requirements of this part, TennCare enrollees are not entitled to continuation or reinstatement of services pending an appeal related to the following:

   (i) When a service is denied because the enrollee has exceeded the benefit limit applicable to that service;

   (ii) When a request for prior authorization is denied for a prescription drug, with the exception of:

       (I) Pharmacists shall provide a single 72-hour interim supply in emergency situations for the non-authorized drug, unless such supply would exceed applicable pharmacy benefit limits; or

       (II) When the drug has been prescribed on an ongoing basis or with unlimited refills and becomes subject to prior authorization requirements.

   (iii) When coverage of a prescription drug or service is denied because the requested drug or service is not a category or class of drugs or services covered by TennCare;

   (iv) When coverage for a prescription drug is denied because the enrollee has been locked into one pharmacy and the enrollee seeks to fill a prescription at another pharmacy;

   (v) When a request for reimbursement is denied and the enrollee appeals this denial;

   (vi) When a physician has failed to prescribe or order the service or level of service for which continuation or reinstatement is requested; or

   (vii) If TennCare had not paid for the type and amount of service for which continuation or reinstatement is requested prior to the appeal.

   (h) Reserved.

(5) Reserved.

(6) Release of Enrollees’ Medical Records.

(a) When a request is made, by or on behalf of a TennCare enrollee, for approval of a TennCare service or for an appeal of an adverse benefit determination, the enrollee is deemed to have consented to release of his/her relevant medical records to his/her MCC and the TennCare Bureau for the purposes of acting upon the enrollee’s request.

(b) Providers shall promptly provide copies of an enrollee’s medical records to the enrollee’s MCC(s) and to the TennCare Bureau upon being informed by the MCC(s) or TennCare Bureau that the records have been requested for the purpose of acting upon an enrollee’s request for approval of a TennCare service or an enrollee’s appeal of an adverse benefit determination.
(c) An enrollee’s consent to release of his/her medical records may be evidenced by his signature (or his provider’s or authorized representative’s signature) upon the enrollee’s initial application for TennCare, upon his TennCare appeal form or other written request for authorization or appeal, or, in the event of an appeal by telephone, by a TennCare Bureau employee’s signing of an appeal form on behalf of an enrollee with documentation of consent to do so.

(d) The medical records obtained by MCCs and the TennCare Bureau under this rule remain confidential. MCCs and the TennCare Bureau may use and disclose the records only as necessary in their consideration of the enrollee’s request for approval of a TennCare service or the enrollee’s appeal of an adverse benefit determination.

(7) Time Requirements.

(a) MCCs must act upon a request for prior authorization as provided in 42 C.F.R. § 438.210.

(b) MCCs must complete reconsideration of standard appeals within fourteen (14) calendar days of the request from TennCare. MCCs must complete reconsideration of expedited appeals within seventy-two (72) hours of the request for SFH.

(c) All standard and expedited appeals not previously resolved in favor of the enrollee during reconsideration, shall be set for hearing before a hearing officer, and shall be resolved pursuant to the timeframes set forth in 42 C.F.R. § 431.244. In accordance with 42 C.F.R. § 438.410(a) and 42 C.F.R. § 431.244(f)(2), SFH requests which are approved for expedited resolution and which are not resolved in the enrollee’s favor during MCC’s reconsideration, shall be resolved by TennCare within three (3) working days from the date of the MCC’s reconsideration determination. TennCare is not charged with any delays attributable to the enrollee.

(d) In no circumstance will a directive be issued by the TennCare Bureau or a hearing officer to provide a service to an enrollee if, when the appeal is resolved, the service is no longer covered by TennCare for the enrollee. A directive also will not be issued by the TennCare Bureau if the service cannot reasonably be provided to the enrollee before the date when the service is no longer covered by TennCare for the enrollee.

(8) Reserved.

(9) Special Provisions Relating to Children in State Custody. Children in the custody of the State have the rights and protections established by 42 C.F.R. Part 431, Subpart E regarding TennCare services and benefits.

(Rule 1200-13-13-.11, continued)

1200-13-13-.12 OTHER APPEALS BY TENNCARE APPLICANTS AND ENROLLEES.

Notwithstanding Rule 1200-13-19-.01, or any rule to the contrary, appeals by applicants and enrollees of all non-medical eligibility matters are removed to Rule Chapter 1200-13-19, effective upon expiration of the TDHS contract to determine eligibility matters.

1200-13-13-.13 MEMBER ABUSE OR OVERUTILIZATION OF THE TENNCARE PHARMACY PROGRAM.

(1) The Bureau is authorized to implement and maintain a pharmacy lock-in program designed to address member abuse or overutilization. Activities which may indicate abuse or overutilization justifying placement on lock-in or prior approval status include but are not limited to the following:

(a) Forging or altering a prescription for drugs.
(b) Selling TennCare paid prescription drugs.
(c) Failing to control pharmacy overutilization activity while on lock-in status.
(d) Visiting multiple prescribers or pharmacies to obtain controlled substances.
(e) Trading, swapping or selling a TennCare card.
(f) Failing to promptly report the loss or theft of a TennCare card.

(i) Permitting the use of a TennCare card by anyone other than the member to whom the card is assigned in order to receive or attempt to receive services.

(2) The TennCare pharmacy lock-in program shall be administered by the Bureau. Monitoring of enrollee activities listed in Paragraph (1) shall be conducted by the Bureau, the MCCs, including the PBM, and the TennCare Office of Inspector General (OIG). When an enrollee has been identified as having participated in any abuse or overutilization activities, including
but not limited to the activities listed in Paragraph (1), the enrollee’s name shall be referred to
the Bureau as appropriate or potentially appropriate for the lock-in program as follows:

(a) Appropriate for the lock-in program:

1. Any enrollee who has been identified by the OIG as having been convicted of
   TennCare fraud or a drug-related offense.

2. Any enrollee who has used buprenorphine-containing products for office based
   opioid addiction treatment within the previous six (6) months.

(b) Potentially appropriate for the lock-in program:

1. Any enrollee who has been arrested for TennCare fraud.

2. Any enrollee who has been arrested for a drug-related offense.

3. Any enrollee who has obtained multiple controlled substance prescriptions over a
   90-day period that meet one of the following conditions:

(a) A determination to place an enrollee who has been referred as appropriate or
    potentially appropriate for the lock-in program on lock-in status shall be made by the
    TennCare Pharmacy Director or designee after the enrollee’s relevant pharmacy claims
    data has been reviewed by clinical staff.

(b) Any enrollee determined to be appropriate for the lock-in program shall be notified by
    the Bureau or the MCC prior to the imposition of lock-in status. The notice shall include
    a brief explanation of the lock-in program, the reason for the determination to place the
    enrollee on lock-in status, the date the lock-in will become effective, and the
    information necessary for the enrollee to appeal the decision of the Bureau, pursuant to
    Rule 1200-13-13-.11.

(c) If an enrollee fails to appeal placement in the lock-in program or an appeal is not
    resolved in his favor, the enrollee will be provided TennCare pharmacy services only at
    the lock-in provider to which the enrollee is assigned.

(4) Lock-in provider selection. A pharmacy will qualify for and may be selected by the enrollee as
    a lock-in provider only if it meets all the following criteria:
(Rule 1200-13-13-.13, continued)

(a) It is enrolled in the TennCare Pharmacy Network;

(b) It is within the State of Tennessee;

(c) It is a full-service pharmacy that carries all medications normally carried by pharmacies;

(d) It is not a mail order or specialty pharmacy;

(e) It is not a targeted pharmacy;

(f) It is a single pharmacy location at a specific address. A chain pharmacy may be selected but only the specific named location may be used, not multiple locations or outlets of the chain; and

(g) It is in proximity to the enrollee’s residence, which must be the current address on file with the Bureau.

(5) After twelve (12) months a member may request a change of lock-in provider once each year. Additional changes are limited to the following reasons:

(a) The member has moved and his new address is at least fifteen (15) miles from the lock-in pharmacy and he has updated his address with the Bureau.

(b) The member’s lock-in pharmacy has permanently closed.

(c) The member’s lock-in pharmacy has voluntarily dismissed the enrollee from its practice and has notified the Bureau and the PBM.

(d) The Bureau may, at its sole discretion, determine that there is a compelling need to change the member’s lock-in pharmacy.

(6) Review of lock-in status. The Bureau or the MCC shall periodically review the claims information of members on lock-in status to determine the need for continued lock-in or escalation to prior approval status.

(a) Lock-in status will be discontinued if the Bureau determines that a member has met all of the following criteria for at least six (6) consecutive months:

1. Has not paid cash for any controlled substance prescriptions covered by TennCare.

2. Has not received any narcotic medications while on buprenorphine-containing products for addiction.

3. Has received TennCare reimbursed controlled substance prescriptions from only one (1) provider.

4. Has received TennCare reimbursed prescriptions from only one (1) pharmacy.

(a) A member against whom criminal process alleging TennCare fraud has been issued or who has been convicted of TennCare fraud shall automatically be placed on prior approval status.

(b) Lock-in status shall be escalated to prior approval status if a member on lock-in status meets three (3) of the following criteria over a 90 day period:

1. Has paid cash for three (3) or more controlled substance prescriptions covered by TennCare.
2. Has filled prescriptions for controlled substances at two (2) or more pharmacies.
3. Has received controlled substance prescriptions from two (2) or more prescribers.
4. Has received a narcotic prescription while receiving buprenorphine-containing products for addiction.

(c) A member who has been treated in a hospital emergency department for an overdose of a controlled substance (as identified in the most recently available TennCare data) or an illicit substance identified by toxicology shall automatically be placed on prior approval status.

(8) Emergency pharmacy services may be obtained with a TennCare or MCC override of a member’s lock-in status. The PBM has clinical staff available at all times to respond to emergency situations. The PBM must verify that a genuine emergency exists, such as documented proof from the lock-in pharmacy that it is temporarily out of stock of a needed medication. A lock-in override will not be provided simply because a pharmacy is closed for the day unless a true medical emergency exists.

Authority: T.C.A. §§ 4-5-202, 71-5-105, 71-5-109, and 71-5-146 and Executive Order No. 23.

(3) To be reimbursed for a BESMART covered service, treating providers must demonstrate an ability to provide all BESMART services in a coordinated, person-centric way, including the
ability to facilitate access to all related treatment modalities and provider types, and must participate in at least one (1) MCO’s network of BESMART providers.

(4) Prescriptions of buprenorphine containing products to TennCare enrollees by nurse practitioners and physician assistants for the treatment of OUD will not be reimbursed unless the nurse practitioner or physician assistant participates in at least one (1) MCO’s network of BESMART providers.

   health provider is present in the home without the presence of another responsi-
   ble adult; and
4. No other children requiring adult care or supervision shall be present in the home

(110) PRIVATE DUTY NURSING SERVICES shall mean nursing services for recipients who require eight (8) or more hours of continuous skilled nursing care during a 24-hour period.

(a) A person who needs intermittent skilled nursing functions at specified intervals, but who does not require continuous skilled nursing care throughout the period between each interval, shall not be determined to need continuous skilled nursing care. Skilled nursing care is provided by a registered nurse or licensed practical nurse under the direction of the recipient’s physician to the recipient and not to other household members. If there is more than one person in a household who is determined to require TennCare-reimbursed private duty nursing services, it is not necessary to have multiple nurses providing the services. A single nurse may provide services to multiple enrollees in the same home and during the same hours, as long as he can provide these services safely and appropriately to each enrollee.

(b) If it is determined by the MCO to be cost-effective, non-skilled services may be provided by a nurse rather than a home health aide. However, it is the total number of hours of skilled nursing services, not the number of hours that the nurse is in the home, that determines whether the nursing services are continuous or intermittent.

(c) Private duty nursing services are covered for adults aged 21 and older only when medically necessary to support the use of ventilator equipment or other life-sustaining medical technology when constant nursing supervision, visual assessment, and monitoring of both equipment and patient are required. For purposes of this rule, an adult is considered to be using ventilator equipment or other life-sustaining medical technology if he:

1. Is ventilator dependent for at least 12 hours each day with an invasive patient end of the circuit (i.e., tracheostomy cannula); or

2. Is ventilator dependent with a progressive neuromuscular disorder or spinal cord injury, and is ventilated using noninvasive positive pressure ventilation (NIPPV) by mask or mouthpiece for at least 12 hours each day in order to avoid or delay tracheostomy (requires medical review); or

3. Has a functioning tracheostomy:

   (i) Requiring suctioning; and

   (ii) Oxygen supplementation; and
(iii) Receiving nebulizer treatments or requiring the use of Cough Assist/in-
exsufflator devices; and

(iv) In addition, at least one subitem from each of the following items [(I) and (II)] must be met:

(I) Medication:

I. Receiving medication via a gastrostomy tube (G-tube); or

II. Receiving medication via a Peripherally Inserted Central Cath-
ether (PICC) line or central port; and

(II) Nutrition:

I. Receiving bolus or continuous feedings via a permanent ac-
cess such as a G-tube, Mickey Button, or Gastrojejunostomy

II. Receiving total parenteral nutrition.

(d) Private duty nursing services are covered as medically necessary for children under the age of 21 in accordance with EPSDT requirements. As a general rule, only a child who is dependent upon technology-based medical equipment requiring constant nurs-
ing supervision, visual assessment, and monitoring of both equipment and child will be
determined to need private duty nursing services. However, determinations of medical
necessity will continue to be made on an individualized basis.

(e) A child who needs less than eight (8) hours of continuous skilled nursing care during a
24-hour period or an adult who needs nursing care but does not qualify for private duty
nursing care per the requirements of these rules may receive medically necessary
nursing care as an intermittent service under home health.

(f) General childcare services and other non-hands-on assistance such as cleaning and
meal preparation shall not be provided by a private duty nurse. Because children typi-
cally have non-medical care needs which must be met, to the extent that private duty
nursing services are provided to a person or persons under 18 years of age, a respon-
sible adult (other than the private duty nurse) must be present at all times in the home
during the provision of private duty nursing services unless all of the following criteria
are met:

1. The child is non-ambulatory; and

2. The child has no or extremely limited ability to interact with caregivers; and

3. The child shall not reasonably be expected to have needs that fall outside the
scope of medically necessary TennCare covered benefits (e.g., the child has no
need for general supervision or meal preparation) during the time the private duty
nurse is present in the home without the presence of another responsible adult; and

4. No other children shall be present in the home during the time the private duty
nurse is present in the home without the presence of another responsible adult, unless these children meet all of the criteria stated above and are also receiving
TennCare-reimbursed private duty nursing services.

This is a “grandfathered” eligibility category. At such time as a person loses eligibility in this category, he will not be able to re-enroll in it.

(c) Application procedures:

1. Uninsured children.
An individual who is losing eligibility for TennCare Medicaid and who is under the age of nineteen (19) may be approved for TennCare Standard as a Medicaid “Rollover” Enrollee according to the following process:

(i) At least thirty (30) days prior to the expiration of their current eligibility period, the Bureau of TennCare will send the enrollee a Request for Information in accordance with Rule 1200-13-13-.02(6)(b). The Request for Information will include a form to be completed with information needed to determine eligibility.

(ii) Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to DHS and to provide DHS with the necessary verifications to determine eligibility. When the individual returns a completed Request for Information form, he will first be screened for TennCare Medicaid eligibility. If the individual is no longer TennCare Medicaid eligible, he will be screened for eligibility as a Medicaid “Rollover” Enrollee in accordance with TennCare Standard eligibility criteria under Rule 1200-13-14-.02.

(iii) If DHS makes a determination that the enrollee is not eligible for any open Medicaid or Standard categories, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

(i) Applicants have two (2) options for proving medical eligibility:

(I) Option 1: A completed medical eligibility application and medical records to support any medical condition listed on the application, with a signed release for medical records in the event additional medical records are needed.

(II) Option 2: Have a current CRG 1, 2, 3/TPG 2 assessment on file with the Bureau.

(ii) If a Medicaid enrollee under age nineteen (19) whose Medicaid eligibility is ending is determined to otherwise meet technical eligibility requirements for TennCare Standard, but is not eligible as uninsured because his income is above two hundred percent (200%) of poverty, he will be sent a letter denying TennCare Standard coverage as uninsured and notifying the enrollee that he may qualify as medically eligible. The enrollee will have forty (40) days (inclusive of mail time) to appeal the denial of TennCare Standard as uninsured.

(iii) When DHS makes the determination that the enrollee does not qualify for TennCare Standard as uninsured, TennCare will be notified and will send the enrollee a medical eligibility packet with an explanation regarding how to apply for TennCare Standard as a medically eligible person. The enrollee will have sixty (60) days from the date of the letter (inclusive of mail time) to submit his medical eligibility packet. If the individual is determined to qualify as medically eligible, coverage will be provided throughout the eligibility determination period and will continue with no break.

(iv) The required medical eligibility application information must be returned to the address specified within sixty (60) days from the date of the letter in-
cluded in the packet. A medical eligibility form and documentation received after that time will not be processed as it exceeds the timely filing requirement. Packets which are not completed by the sixtieth (60th) day will be denied with a notice of appeal rights and the "good cause" reasons for not completing the process timely, which include:

(I) The applicant was sick.

(II) A member of the applicant's immediate family was very sick.

(III) The applicant had a family emergency or tragedy.

(IV) The applicant could not get the medical records he needed from a provider. It was not his fault.

(V) The applicant asked for help because he had a disability. Neither the Bureau nor DHS gave the help the applicant needed.

(VI) The applicant asked for help because he does not speak English. Neither the Bureau nor DHS gave the help the applicant needed.

(v) The Bureau of TennCare will review the completed medical eligibility packet. Evaluation of completed packets will be made within thirty (30) days of receipt from the applicant. Medical Reviewers will assess the records submitted against TennCare medical insurance underwriting guidelines. Applicants who are not determined to be medically eligible by the Bureau will not be eligible for TennCare Standard. They will receive a termination notice which contains appeal rights including the right to appeal within forty (40) days from the receipt of the termination notice. Appeals received by the Bureau after forty (40) days will be considered untimely and will not be forwarded to hearing.

(vi) Applicants deemed medically eligible by the Bureau of TennCare will be approved for TennCare Standard. The Bureau will send the applicant an approval notice of coverage. The eligibility period for medically eligible individuals is twelve (12) months. At the end of twelve (12) months, the enrollee must complete the redetermination/reapplication process.

(vii) The effective date of coverage will be the date of application.

(6) TennCare Standard: Standard Spend Down (SSD) Program.

(a) Coverage group.

Non pregnant adults, age 21 and older, who have been determined to meet criteria patterned after the Medically Needy requirements, as outlined in DHS Rule 1240-03-02-.03 and who are age 65 or older, blind, disabled, or caretaker relatives of Medicaid-eligible children.

(b) Eligibility criteria:

1. Must be age twenty-one (21) or older.

2. Must not be pregnant.

3. Must meet one of the following criteria:
(Rule 1200-13-14-.02, continued)

(i) Be sixty-five (65) years of age or older; or

(ii) Be blind, as defined in DHS Rule 1240-03-03-.02; or

(iii) Be disabled, as defined in DHS Rule 1240-03-03-.02; or

(iv) Be a caretaker relative, as defined at T.C.A. § 71-3-153.

4. Must meet the financial eligibility criteria, including income and resource limitations that apply to Medically Needy pregnant women and children eligible under the State plan. These criteria are found at DHS rules 1240-03-03-.05 and 1240-03-03-.06.

5. Must be enrolled in accordance with an enrollment target of 100,000 Tennessee residents who have been determined to be eligible for the Standard Spend Down (SSD) Program; with a maximum of 105,000 persons to be enrolled at any given time.

(c) Application procedures:

1. SSD categories.

   (i) Category 1. Individuals who are not eligible for Medicaid at the time the SSD program is implemented and who meet the criteria for the new SSD program.

      Category 1 applicants will be processed for eligibility only through a single toll-free telephone point of entry (the Call-in Line) initiated in periods of open enrollment. In each such period, the State will determine a specified number of calls that it will accept through the Call-in Line based on the number of Category 1 applications that the State estimates it can process within Federal timeliness standards. The number of calls to be accepted in these periods will be based on the number of remaining slots available under the enrollment target of 100,000 persons. The State will not accept or track calls received outside of these periods.

   (ii) Category 2. Individuals in the Transition Group who, at the time the SSD program is implemented, are eligible for Medicaid in a non-pregnant adult Medically Needy category, who have completed their twelve (12) months of Medicaid eligibility, have been found to be ineligible for any other Medicaid category, and have been determined to meet the criteria of the SSD program.

      For Category 2 individuals, the State will determine their SSD eligibility on a rolling basis in conjunction with their termination from Medicaid, and shall reserve sufficient slots within the enrollment target to ensure that all such persons who are eligible may be accepted in the SSD category.

      Termination procedures for Category 2 individuals who are not eligible for Medicaid or for SSD will be conducted in accordance with those outlined in Paragraph (7)(b) of this rule.

      Upon implementation of the SSD program, the State will review all Category 2 individuals for either eligibility in a new Medicaid category or approval as a Standard Spend Down eligible. After the review of all Category 2 individuals is
complete and it is determined how many additional enrollees can be added to the SSD program without exceeding the enrollment cap, the State will begin enrolling persons in Category 1.

2. Initial application period for Category 1.

The State will establish an initial target enrollment figure based on its determination of the minimum number of applications the State estimates it can process in a timely manner in accordance with Federal standards. The State’s decision to open or close enrollment is a policy decision that is within the State’s discretion and the State is not required to provide fair hearings for challenges to these decisions. A toll-free Call-in Line to receive requests for applications will be established and requests will be processed as follows:

(i) Callers to the Call-in Line will be asked for basic demographic information and will be assigned a unique identifier.

(ii) A match will be conducted to verify that callers are not already eligible in a TennCare Medicaid category. Those callers who are already eligible in a TennCare Medicaid category will be sent letters advising them that they currently have benefits and need not apply for Standard Spend Down.

(iii) For those callers who are not Medicaid eligible, the State will send a written application form, accompanied by a letter advising the individual of the requirement to complete, sign, and return the application within thirty (30) days.

(iv) Completed, signed applications received by the State by the thirty (30)-day deadline will be evaluated for Medicaid eligibility and SSD eligibility. Applications received after the deadline will not be reviewed for SSD eligibility but will be processed for Medicaid eligibility. There will be no “good cause” exception to the written application deadline set by the State. If the State does not receive an application by the deadline, the State will send the individual a letter advising him that since no application was received, the State will not make an eligibility determination for him, but the individual is free to apply for SSD during any subsequent open application period and to apply for Medicaid at any time. No hearings will be granted to individuals concerning this process who have not timely submitted signed applications unless the individual alleges a valid factual dispute that he did submit a signed, written application within the deadline.

(v) Since all SSD applications received during an open application period will be processed and either approved or denied, there is no requirement for the State to maintain a “waiting list” of potential SSD applicants. No applications submitted in one open application period will be carried forward to future open application periods. The State will determine SSD eligibility within the timeframes specified by Federal regulations at 42 C.F.R. § 435.911; such time frames will begin on the date a signed written application is received by the State.

3. New application periods after the SSD enrollment target has been reached.

Once the State has reached its targeted enrollment of 100,000 persons, new application periods will be scheduled when the number of approved eligibles in the SSD program drops to ninety percent (90%) of target enrollment, or 90,000 persons. Any subsequent application periods will remain open until a pre-
(Rule 1200-13-14-.02, continued)
determined number of calls to the Call-in Line have been received. The number of
calls to be received will be based on the State’s determination of the minimum
number of applications necessary to fill open slots in the program and the num-
ber of applications the state estimates it can process in a timely manner in ac-
cordance with Federal standards. The State’s decision to open or close enroll-
ment is a policy decision that is within the State’s discretion and the State is not
required to provide fair hearings for challenges to these decisions.

4. Period of eligibility.

All enrollees in the SSD demonstration category will have an eligibility period of
twelve (12) months from the effective date of eligibility. At the end of the twelve
(12)-month period each enrollee must have his eligibility redetermined in order to
establish SSD or Medicaid eligibility. The duration of the eligibility period for SSD
eligibility is the same as that used for Medically Needy pregnant women and
children in TennCare Medicaid.

5. Effective date of eligibility for SSD enrollees.

The effective date of SSD eligibility for an individual whose application for SSD
eligibility is initiated through the Call-in Line and who submits a timely signed ap-
application will be the later of:

(i) The date his call was received by the Call-in Line; or

(ii) The date spend-down is met (which must be no later than the end of the
one (1)-month budget period—in this case, the end of the month of the
original call to the Call-in Line).

(iii) The effective date of SSD eligibility for an individual whose eligibility is be-
ing redetermined is the application date.

(iv) For Category 2 individuals the effective date will be determined in accord-
ance with DHS Rule 1240-03-02-.04.

for CHOICES Group 2.

6. Would be eligible in the same manner as specified under 42 C.F.R. §§ 435.217, 435.236, and 435.726 and section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-d), if the Home and Community Based Services (HCBS) were provided under a section 1915(c) waiver.

(8) TennCare Standard: ECF CHOICES 217-Like Group.

(a) Coverage group. Individuals with I/DD of all ages who meet the NF LOC criteria who need and are receiving HCBS, and who would be eligible in the same manner as specified under Section 1902(a) of the Social Security Act and 42 C.F.R. § 435.217, if the HCBS were provided under a Section 1915(c) waiver. Enrollment in this group shall be subject to the enrollment targets established for each applicable ECF CHOICES benefit group. An Applicant may qualify in the ECF CHOICES 217-Like Group only when there is an available slot for enrollment into an ECF CHOICES benefit group for which the Applicant meets all eligibility and enrollment criteria, including prioritization criteria for enrollment into ECF CHOICES as established in these Rules, and when the Applicant upon approval of financial eligibility, will be enrolled by TennCare into such ECF CHOICES group.

6. Would be eligible in the same manner as specified under Section 1902(a) of the Social Security Act and 42 C.F.R. § 435.217, if the Home and Community Based Services (HCBS) were provided under a section 1915(c) waiver.

(a) Coverage group. Individuals who have an intellectual or developmental disability as defined in Rule 1200-13-01-.02 who meet the financial eligibility standards for the ECF CHOICES 217-Like Group; do not meet the Nursing Facility (NF) level of care criteria, but in the absence of ECF CHOICES HCBS, are At Risk for Institutionalization as defined in Rule 1200-13-01-.02; and who need and are receiving ECF CHOICES HCBS. The Interim ECF CHOICES At-Risk Demonstration Group will open to new enrollment only until such time that the Employment and Community First CHOICES At-Risk Demonstration Group (with income up to one hundred and fifty percent (150%) of the FPL) and the Employment and Community First CHOICES Working Disabled Demonstration Groups can be established. Persons enrolled in the Interim ECF CHOICES At-Risk Demonstration Group as of the date new enrollment into the group closes may continue to qualify in the group as long as they continue to meet nursing facility financial eligibility standards and are At-Risk for Institutionalization as defined in Rule 1200-13-01-.02, and remain continuously eligible and enrolled in the Interim ECF CHOICES At-Risk Demonstration Group. Enrollment in this group shall be subject to the enrollment targets established for each applicable ECF CHOICES benefit group. An Applicant may qualify in the Interim ECF CHOICES At-Risk Group only when there is an available slot for enrollment into an ECF CHOICES benefit group for which the Applicant meets all eligibility and enrollment criteria, including prioritization criteria for enrollment into ECF CHOICES as established in Rule 1200-13-01-.31, and when the Applicant, upon approval of financial eligibility, will be enrolled by TennCare into such ECF CHOICES group.

4. Must have a current determination by the TennCare MCO to which the individual is assigned, that he is able to be safely and appropriately served in the community and within his expenditure cap as defined in Rule 1200-13-01-.31, except in instances where the Applicant is not eligible for TennCare at the time of ECF CHOICES application, in which case, such determination shall be made by the MCO upon enrollment into ECF CHOICES; and

5. May be enrolled in accordance with requirements pertaining to the enrollment target for each ECF CHOICES Group, including prioritization criteria for enrollment into ECF CHOICES as described in Rule 1200-13-01-.31; and

6. Will be enrolled and begin receiving Home and Community Based Services (HCBS) upon determination of financial eligibility by TennCare and continue to receive HCBS as an ECF CHOICES participant. Qualifying for enrollment into ECF CHOICES is not sufficient to establish eligibility in the Interim ECF CHOICES At-Risk Group if the person will not actually be enrolled and receiving ECF CHOICES HCBS.

(c) Application procedures:

1. To be eligible for the Interim ECF CHOICES At-Risk Group, each individual must meet all technical and financial requirements applicable to this category as described in Rule Chapter 1200-13-20.

2. The effective date of eligibility in the Interim ECF CHOICES At-Risk Group shall be the date the application is approved by TennCare. In no instance shall the effective date of eligibility precede the date the application was filed with TennCare.

(10) Redetermination of eligibility in TennCare Standard (other than CHOICES 217-Like Group, ECF CHOICES 217-Like Group, and Interim ECF CHOICES At-Risk Group).

(a) All enrollees must reapply and have their TennCare coverage redetermined based on the approved policies and procedures in effect at the time of their next scheduled redetermination/reapplication process. TennCare Standard enrollees shall have their eligibility redetermined in accordance with the following process:

1. Ex Parte Review.

DHS will conduct an ex parte review of eligibility for open Medicaid and Standard categories for all TennCare Standard enrollees due for redetermination. Such ex parte reviews shall be conducted in accordance with federal requirements set forth by CMS in the Special Terms and Conditions of the TennCare demonstration project.

2. Request for Information.

(i) At least thirty (30) days prior to the expiration of their current eligibility period, the Bureau of TennCare will send a Request for Information to all TennCare Standard enrollees. The Request for Information will include a form to be completed with the information needed to determine eligibility
(Rule 1200-13-14-.02, continued)

for open Medicaid and Standard categories, as well as a list of the types of proof needed to verify certain information.

(ii) Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to DHS and provide DHS with the necessary verifications to determine eligibility for open Medicaid and Standard categories.

(iii) Enrollees with a health problem, mental health problem, learning problem, or a disability will be given the opportunity to request assistance in responding to the Request for Information. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for responding to the Request for Information.

(iv) Enrollees will be given an opportunity until the date of termination to request one (1) extension for good cause of the thirty (30) day time frame for responding to the Request for Information. The good cause extension is intended to allow a limited avenue for possible relief for certain enrollees who face significant unforeseen circumstances, or who, as a result of a health problem, mental health problem, learning problem, disability, or limited English proficiency, are unable to respond timely. The good cause exception does not confer entitlement upon enrollees and the application of this exception will be within the discretion of DHS. Only one (1) thirty (30) day good cause extension can be granted to each enrollee. Good cause is determined by DHS eligibility staff. Good cause is not requested nor determined through filing an appeal. Requests for an extension of the thirty (30) day time frame to respond to the Request for Information must be initiated by the enrollee. However, the enrollee may receive assistance in initiating such request. DHS will not accept a request for extension of the thirty (30) day time frame submitted by a family member, advocate, provider, or CMHC, acting on the enrollee’s behalf without the involvement and knowledge of the enrollee, for example, to allow time for such entity to locate the enrollee if his whereabouts are unknown. All such requests for good cause extension must be made prior to termination of TennCare eligibility. A good cause extension will be granted if DHS determines that a health problem, mental health problem, learning problem, disability, or limited English proficiency prevented an enrollee from understanding or responding timely to the Request for Information. Except in the aforementioned circumstances, a good cause extension will only be granted if such request is submitted in writing to DHS prior to termination of TennCare eligibility and DHS determines that serious personal circumstances such as illness or death prevent an enrollee from responding to the Request for Information for an extended period of time. Proof of the serious personal circumstances is required with the submission of the written request in order for a good cause extension to be granted. Good cause extensions will be granted at the sole discretion of DHS and if granted shall provide the enrollee with an additional thirty (30) days inclusive of mail time from the date of DHS’s decision to grant the good cause extension. DHS will send the enrollee a letter granting or denying the request for good cause extension. DHS’s decisions with respect to good cause extensions shall not be appealable.

(v) If an enrollee provides some but not all of the necessary information to DHS to determine his eligibility for open Medicaid categories or continuation in TennCare Standard during the thirty (30) day period following the Request for Information, DHS will send the enrollee a Verification Request.
The Verification Request will provide the enrollee ten (10) days inclusive of mail time to submit any missing information as identified in the Verification Request. Enrollees will not have the opportunity to request an extension for good cause of the ten (10) day timeframe for responding to the Verification Request.

(vi) Enrollees who respond to the Request for Information within the thirty (30) day period or within any extension of such period granted by DHS shall retain their eligibility for TennCare Standard (subject to any changes in covered services generally applicable to enrollees in their TennCare Standard category) while DHS reviews their eligibility.

(vii) DHS shall review all information and verifications provided within the requisite time period by an enrollee pursuant to the Request for Information and/or Verification Request to determine whether the enrollee is eligible for any open Medicaid categories or whether the enrollee is eligible to remain in TennCare Standard. If DHS makes a determination that the enrollee is eligible for an open Medicaid category or to remain in TennCare Standard, DHS will so notify the enrollee and the enrollee will be enrolled in the appropriate TennCare category. When the enrollee is enrolled in TennCare Medicaid, his TennCare Standard eligibility shall be terminated without additional notice. If DHS makes a determination that the enrollee is not eligible for any TennCare category or if the enrollee does not respond to the Request for Information within the requisite thirty (30) day timeframe or any extension of such period granted by DHS, the TennCare Bureau will send the enrollee a twenty-(20) day advance Termination Notice.

(viii) DHS shall, pursuant to the rules, policies, and procedures of DHS and the Bureau of TennCare applicable to new applicants for TennCare coverage, review all information and verifications provided by an enrollee after the thirty (30) day period following the Request for Information or after any extension of such period granted by DHS, but the enrollee shall not be entitled to retain eligibility for TennCare Standard pending this review. If the individual is subsequently determined to be eligible for an open Medicaid category, he shall be granted retroactive coverage to the date of application, or in the case of spend down eligibility for Medically Needy pregnant women and children, to the latter of (a) the date of his application, or (b) the date spend down eligibility is met as defined in Department of Human Services Rule 1240-03-02-.04.

3. Notice of termination.

(i) The TennCare Bureau will send Termination Notices to all TennCare Standard enrollees being terminated who are not determined to be eligible for open Medicaid or Standard categories pursuant to the Ex Parte Review or Request for Information processes described in this subparagraph.

(ii) Termination Notices will be sent twenty (20) days in advance of the date upon which the coverage will be terminated.

(iii) Termination Notices will provide enrollees with forty (40) days from the date of the notice to appeal valid factual disputes related to the disenrollment and will inform enrollees how they may request a hearing.

(iv) Enrollees with a health problem, mental health problem, learning problem, or a disability will be given the opportunity to request additional assistance
Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for their appeal.

(v) Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day time frame in which to request a hearing.

(b) A TennCare Standard enrollee shall be required to have his eligibility redetermined for TennCare Standard prior to the expiration date of the current period of coverage as instructed by the DHS. The enrollee's continued eligibility for TennCare Standard is determined as of the date of the redetermination appointment or a later date if the enrollee does not submit all required documentation at the initial appointment. (The later date must be before the date of expiration of coverage.)

(c) Information to be recertified includes changes in address, income, employment, family size, and access to health insurance (access to insurance is not considered in determining eligibility in the Standard Spend Down category). Redetermination appointments must be scheduled and kept regardless of whether any changes have occurred. It is the responsibility of the enrollee to furnish all information requested. The notice reminding the enrollee that he must have his eligibility redetermined will inform the enrollee of the documentation to be brought to the appointment.

(d) The enrollee must complete the entire redetermination process prior to the expiration date of his coverage. Failure to do so will result in coverage lapsing as of the expiration date. The enrollee will not be permitted to appeal the expiration of his coverage in this situation. However, he may appeal on the grounds that:

1. He did, in fact, complete the redetermination process but an administrative error on the part of the State resulted in his coverage expiring; or

2. He was prevented from completing the redetermination process by specific acts or omissions of state employees. However, this ground for appeal does not include challenges to relevant TennCare rules, policies or timeframes.

The individual will receive a notice of the expiration of his coverage and his right to appeal, as set out above, within ten (10) days. There will be no continuation or reinstatement of coverage pending appeal.

(e) Enrollees approved for TennCare Standard as medically eligible persons may also be required to submit proof of continued medical eligibility. Documentation shall be that as required elsewhere in these rules. If as a result of the redetermination appointment it is determined that any enrollee no longer meets the technical eligibility requirements set out at Rule 1200-13-14-.02, the enrollee will be disenrolled from TennCare Standard. The enrollee will be sent a notice of termination, and the enrollee has the right to appeal the decision within forty (40) calendar days of the receipt of the letter informing the enrollee of the loss of eligibility. The enrollee’s right to appeal is set out at Rule 1200-13-14-.12.

(11) Redetermination of eligibility in the CHOICES 217-Like Group.

An enrollee who qualifies for TennCare through DHS shall have his TennCare eligibility redetermined by DHS as required by the appropriate category of medical assistance. Prior to termination, eligibility will be reviewed in accordance with the following process:

(a) At least thirty (30) days prior to the expiration of his current eligibility period, the Bureau of TennCare will send a Request for Information to the enrollee. The Request for In-
formation will include a form to be completed with information needed to verify continued eligibility in the CHOICES 217-Like Group.

(b) Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to DHS and to provide DHS with the necessary verifications to determine continued eligibility for the CHOICES 217-Like Group.

(c) Enrollees with a health problem, mental health problem, learning problem or a disability will be given the opportunity to request assistance in responding to the Request for Information. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for responding to the Request for Information.

(d) If an enrollee provides some but not all of the necessary information to DHS to verify his continued eligibility for the CHOICES 217-Like Group during the thirty (30) day period following the Request for Information, DHS will send the enrollee a Verification Request. The Verification Request will provide the enrollee with ten (10) days inclusive of mail time to submit any missing information as identified in the Verification Request.

(e) Enrollees who respond to the Request for Information within the thirty (30) day period shall retain their eligibility for TennCare (subject to any changes in covered services generally applicable to enrollees in their eligibility category) while DHS reviews their eligibility in the CHOICES 217-Like Group.

(f) Enrollees who respond to the Request for Information or the Verification Request after the requisite time period specified in those notices but before the date of termination shall retain their eligibility for TennCare while DHS reviews their eligibility in the CHOICES 217-Like Group. If DHS determines that the enrollee remains eligible for his current CHOICES 217-Like category, the enrollee will remain enrolled in such category. If DHS makes a determination that the enrollee is not eligible for continued enrollment in the CHOICES 217-Like Group, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

(g) Individuals may provide the information and verifications specified in the Request for Information after termination of eligibility. DHS shall review all such information pursuant to the rules, policies and procedures of DHS and the Bureau of TennCare applicable to new applicants for TennCare coverage.

(12) Losing eligibility for TennCare Standard.

(a) Eligibility for TennCare Standard shall cease when it has been determined that the enrollee, as the result of one of the following events, no longer meets the criteria for the program. Eligibility for TennCare Standard shall end if:

1. The enrollee becomes eligible for participation in a group health insurance plan, as defined in this Chapter, either directly or indirectly through a family member. (Access to insurance is not considered in determining eligibility in the Standard Spend Down category or any CHOICES or ECF CHOICES demonstration category);

2. The enrollee becomes eligible for Medicare. (Access to insurance is not considered in determining eligibility in the Standard Spend Down category or any CHOICES or ECF CHOICES demonstration category);

3. The enrollee is determined eligible for Medicaid (this does not apply to the CHOICES 1 and 2 Carryover Group or the PACE Carryover Group; does not app-
(Rule 1200-13-14-.02, continued)

4. The enrollee purchases an individual health insurance plan as defined by this Chapter. (Access to insurance is not considered in determining eligibility in the Standard Spend Down category or any CHOICES or ECF CHOICES demonstration category);

5. The enrollee fails to comply with TennCare Program requirements, subject to federal and state laws and regulations;

6. The enrollee dies;

7. It is determined that any of the technical eligibility requirements found in this Rule are no longer met;

8. The enrollee has failed to respond to a redetermination process requirement, as described in this Rule, to assure that the enrollee and other family members, as appropriate, remain eligible for TennCare Standard;

9. The enrollee sends a voluntary written request for termination of eligibility for TennCare Standard to the DHS county office in the county in which he resides;

10. The enrollee no longer qualifies as a resident of Tennessee under federal and state law;

11. The enrollee fails to complete the redetermination process within the timeframes specified within this Rule;

12. The enrollee becomes incarcerated as an inmate;

13. The Bureau determines that the enrollee does not actually have the medical condition(s) which rendered him “medically eligible” for TennCare Standard;

14. The enrollee attains the age of nineteen (19) and has not been determined eligible in an open Medicaid category; or

15. An enrollee in any CHOICES or ECF CHOICES demonstration category no longer satisfies one or more of the eligibility criteria applicable for the category as specified in this Rule.

(b) TennCare Standard enrollees who are disenrolled from TennCare pursuant to this Rule shall be allowed to re-enroll in the TennCare program at any time if they become TennCare Medicaid-eligible or eligible in a CHOICES or ECF CHOICES demonstration category for which enrollment remains open, in accordance with this Rule, and shall not be required to pay arrearages as a condition of re-enrollment. However, nothing in this provision shall eliminate the enrollee’s responsibility for unpaid premiums or copayments incurred under any previous period of eligibility.

Authority: T.C.A. §§ 4-5-202, 4-5-208, 4-5-209, 71-5-105, and 71-5-109 and Executive Order No. 23.
(Rule 1200-13-14-.02, continued)

1200-13-14-.03 ENROLLMENT, REASSIGNMENT, AND DISENROLLMENT WITH MANAGED CARE CONTRACTORS (MCCS).

(1) Enrollment.

There are three (3) different types of managed care entities that provide services to TennCare enrollees. Enrollment procedures differ according to the type of managed care entity, the geographic area, and the number of managed care entities operating in each geographic area. Enrollment procedures also differ for ECF CHOICES, as described in subparagraph (c) below.

(a) TennCare Managed Care Organizations (MCOs) other than TennCare Select.

1. Except as provided in subparagraph (c), individuals or families determined eligible for TennCare shall select a health plan (Managed Care Organization/MCO) at the time of application. The health plan must be available in the Grand Division of the State in which the enrollee lives. All family members living in the same household and enrolled in TennCare must be assigned to the same MCO except children determined by the Bureau to be eligible to enroll in TennCare Select. An enrollee is given his choice of MCOs when possible. If the requested MCO cannot accept new enrollees, the Bureau will assign each enrollee to an MCO that is accepting new enrollees. If no MCO is available to enroll new members in the enrollee’s Grand Division, the enrollee will be assigned to TennCare Select until such time as another MCO becomes available. The Bureau may also assign TennCare children with special health care needs to TennCare Select.

2. Except as provided in subparagraph (c), a TennCare enrollee may change MCOs one (1) time within the initial ninety (90) calendar days (inclusive of mail time) from the date of the letter informing him of his MCO assignment, if there is another MCO in the enrollee’s Grand Division that is currently permitted by the Bureau to accept new enrollees. No additional changes will be allowed except as otherwise specified in these rules. An enrollee shall remain a member of the designated plan until he is given an opportunity to change once each year during an annual change period. The annual change period will occur each year in March for enrollees in West Tennessee, in May for enrollees in Middle Tennessee, and in July for enrollees in East Tennessee. Thereafter, an MCO change is permitted only during an annual change period, unless the Bureau authorizes a change as the result of the resolution of an appeal requesting a “hardship” reassignment as specified in paragraph (2)(b) below. When an enrollee changes MCOs, the enrollee’s medical care will be the responsibility of the current MCO until he is enrolled in the requested MCO.

3. Each MCO shall offer its enrollees, to the extent possible, freedom of choice among participating providers. If after notification of enrollment the enrollee has not chosen a primary care provider, one will be selected for him by the MCO. The period during which an enrollee may choose his primary care provider shall not be less than fifteen (15) calendar days.
4. In the event a pregnant woman entering an MCO’s plan is receiving medically necessary prenatal care the day before enrollment, the MCO shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the MCO’s provider network until such time as the MCO can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee’s health.

In the event a pregnant woman entering the MCO’s plan is in her second or third trimester of pregnancy and is receiving medically necessary prenatal care services the day before enrollment, the MCO shall be responsible for providing continued access to the provider (regardless of network affiliation) through the postpartum period. Reimbursement to an out-of-network provider shall be as set out in Rule 1200-13-14-.08.

(b) TennCare Select.

TennCare Select is a prepaid inpatient health plan (PIHP), as defined in 42 C.F.R. § 438.2, which operates in all areas of the State and covers the same services as the MCOs. The State’s TennCare Select contractor is reimbursed on a non-risk, non-capitated basis for services rendered to covered populations, and in addition receives fees from the State to offset administrative costs.

1. The TennCare populations included in the TennCare Select delivery system are as follows:

   (i) Children under the age of twenty-one (21) years who are eligible for Supplemental Security Income.

   (ii) Children in state custody and children leaving state custody for six (6) months post-custody as long as the child remains eligible.

   (iii) Children under the age of twenty-one (21) years in an institutional eligibility category who are receiving care in a Nursing Facility or an Intermediate Care Facility for persons with Mental Retardation (or pursuant to federal law, Intermediate Care Facility for the Mentally Retarded) (ICF/MR), and children and adults in a Home and Community Based Services 1915(c) waiver for individuals with mental retardation.

   (iv) Enrollees living in areas where there is insufficient MCO capacity to serve them.

After being assigned to TennCare Select, persons in categories (i) and (iii) above may choose to disenroll from TennCare Select and enroll in another MCO if one is available. Persons in categories (ii) and (iv) must remain in TennCare Select. TennCare Select is not open to voluntary selection by TennCare enrollees.

2. TennCare Select also provides the following functions:

   (i) It is the back-up plan should one of the MCOs leave the TennCare program unexpectedly. For TennCare enrollees previously enrolled with the MCO, TennCare Select provides medical case management and all MCO covered services.
(Rule 1200-13-14-.03, continued)

(ii) It is the only entity responsible for payment of the services described in 42 C.F.R. § 431.52, services provided to residents temporarily absent from the State, and provides all MCO covered services (primarily emergency services).

(iii) It is also the only entity responsible for payment of the services described in 42 C.F.R. § 440.255, emergency services for certain aliens.

(c) TennCare Managed Care Organizations (MCOs) for ECF CHOICES. Individuals enrolled in ECF CHOICES may select from only the MCOs participating in ECF CHOICES.

1. If an individual enrolled in an MCO other than an ECF CHOICES participating MCO wants to enroll in the ECF CHOICES program, the individual must choose to enroll in an ECF CHOICES participating MCO in order to enroll in ECF CHOICES.

2. If an individual enrolled in the ECF CHOICES program elects to transition to an MCO that is not participating in ECF CHOICES, the individual is choosing to voluntarily disenroll from ECF CHOICES. Because this is a voluntary decision, advance notice and the right to a fair hearing shall not be provided. However, the individual may elect to transition back to an ECF CHOICES participating MCO in order to resume enrollment in ECF CHOICES.

(d) TennCare Dental Benefits Manager (DBM).

TennCare children shall be assigned to the Dental Benefits Manager (DBM) under contract with the Bureau to provide dental benefits through the TennCare Program. Pregnant and postpartum TennCare adults age 21 and older shall be assigned to the DBM under contract with the Bureau to provide dental benefits as set out in Rule .04, Dental Services. TennCare adults age 21 and older enrolled in ECF CHOICES shall be assigned to the DBM under contract with the Bureau to provide Adult Dental Services through the ECF CHOICES program as defined in 1200-13-01-.02.

(e) TennCare Pharmacy Benefits Manager (PBM).

TennCare enrollees who are eligible to receive pharmacy services shall be assigned to the Pharmacy Benefits Manager (PBM) under contract with the Bureau to provide pharmacy benefits for both medical and behavioral health services through the TennCare Program.

(2) Reassignment.

(a) Reassignment to an MCO other than the current MCO in which the TennCare enrollee is enrolled is subject to another MCO’s capacity to accept new enrollees and must be approved by the Bureau of TennCare in accordance with one of the following:

1. During the initial ninety (90) day period following notification of MCO assignment as described at Rule 1200-13-14-.03, a TennCare Standard enrollee may request a change of MCOs.

2. A TennCare enrollee must change MCOs if he moves outside the MCO’s Grand Division, and that MCO is not authorized to operate in the enrollee’s new place of residence. Until the TennCare enrollee selects or is assigned to a new MCO and his enrollment is deemed complete, his medical care will remain the responsibility of the original MCO.
3. If an enrollee’s MCO withdraws from participation in the TennCare Program, TennCare will assign him to a MCO operating in his Grand Division, if one is available. The enrollee will be provided notice of the change and will have ninety (90) days to select another MCO in his Grand Division. If no MCO is available to accept enrollees from an exiting plan, the enrollees will be assigned to TennCare Select until such time as another MCO becomes available.

4. An enrollee shall be given an opportunity to change MCOs once each year during an annual change period. Only one (1) MCO change is permitted every twelve (12) months, unless the Bureau authorizes a change as the result of the resolution of an appeal requesting a “hardship” reassignment. When an enrollee changes MCOs, the enrollee’s medical care will be the responsibility of the current MCO until enrolled in the requested MCO. If an enrollee changes MCOs during an annual change period, all family members living in the same household and enrolled in TennCare shall also be changed except children enrolled in TennCare Select.

(b) A TennCare enrollee may change MCOs if the TennCare Bureau has granted a request for a change in MCOs or an appeal of a denial of a request for a change in MCOs has been resolved in his favor based on hardship criteria.

1. The following situations will not be determined to be “hardships”:

   (i) The enrollee is unhappy with the current MCO or primary care provider (PCP), but there is no hardship medical situation (as stated in Part 2. below);

   (ii) The enrollee claims lack of access to services but the plan meets the state’s access standard;

   (iii) The enrollee is unhappy with a current PCP or other providers, and has refused alternative PCP or provider choices offered by the MCO;

   (iv) The enrollee is concerned that a current provider might drop out of the plan in the future;

   (v) The enrollee is a Medicare beneficiary who (with the exception of pharmacy) may utilize choice of providers, regardless of network affiliation; or

   (vi) The enrollee’s PCP is no longer in the MCO’s network, the enrollee wants to continue to see the current PCP and has refused alternative PCP or provider choices offered by the MCO.

2. Requests for hardship MCO reassignments must meet all of the following six (6) hardship criteria for reassignment. Determinations will be made on an individual basis.

   (i) A member has a medical condition that requires complex, extensive, and ongoing care; and

   (ii) The member’s specialist has stopped participating in the member’s current MCO network and has refused continuation of care to the member in his current MCO assignment; and
(Rule 1200-13-14-.03, continued)

(iii) The ongoing medical condition of the member is such that another physi-
cian or provider with appropriate expertise would be unable to take over his
care without significant and negative impact on his care; and

(iv) The current MCO has been unable to negotiate continued care for this
member with the current specialist; and

(v) The current provider of services is in the network of one or more alternative
MCOs; and

(vi) An alternative MCO is available to enrolled members (i.e., has not given
notice of withdrawal from the TennCare Program, is not in receivership,
and is not at member capacity for the member’s region).

Requests to change MCOs submitted by TennCare enrollees shall be evaluated in ac-
cordance with the hardship criteria referenced above. If an enrollee’s request to change
MCOs is granted due to hardship, all family members living in the same household and
enrolled in TennCare will be assigned to the new MCO except children determined by
the Bureau to be eligible to enroll in TennCare Select. Upon denial of a request to
change MCOs, enrollees shall be provided notice and appeal rights as described in
applicable provisions of Rule 1200-13-14-.11.

(c) Members receiving long-term services and supports.

1. In the event that a CHOICES member is determined, based on an assessment of
needs, to require a long-term care service that is not currently available under
the MCO in which he is currently enrolled, but that is available through another
MCO, the Bureau shall work with the current MCO to arrange for provision of the
required service, which may involve providing such service out-of-network. It
shall be considered to be a hardship reason to change MCO assignment only if
the current MCO, after working with the Bureau, is unable to provide the required
service. In such cases, the MCO that is unable to provide the required service af-
after working with the Bureau may be subject to sanctions.

2. A CHOICES or ECF CHOICES member may request and shall have cause to
change MCO assignment if all of the following are met:

(i) The member receives institutional, residential, or employment support ser-
vices in the MLTSS program in which he is enrolled;

(ii) The member’s institutional, residential, or employment support services
provider has stopped participating in the member’s MCO network and has
refused continuation of care to the member in his current MCO assign-
ment;

(iii) The member’s current MCO has been unable to negotiate continued ser-
VICES for the member with the current provider;

(iv) The member would have to change his residential, institutional, or em-
ployment supports provider based on that provider’s change in status from
an in-network to an out-of-network provider with the MCO;

(v) As a result, the member would experience a disruption in his residence or
employment;
(vi) The current institutional, residential, or employment support services provider is in the network of one or more alternative MCOs; and

(vii) The alternative MCO the member has selected is available to enroll members (i.e., has not given notice of withdrawal from the TennCare Program, is not in receivership, and is not at member capacity for the member’s region).

(d) Enrollees who are out-of-state on a temporary basis, but maintain their status as a Tennessee resident under federal and state laws, shall be reassigned to TennCare Select for the period they are out-of-state.

(e) TennCare shall only accept a request to change MCO assignment from the affected enrollee, his parent, guardian, spouse, child over age eighteen (18) or responsible party as defined in Rule 1200-13-14-.01.

(3) Disenrollment.

(a) When it has been determined that an individual no longer meets the criteria for TennCare eligibility, that individual shall be disenrolled from the TennCare Program, including the CHOICES and ECF CHOICES program, as applicable. Services provided by the TennCare MCO in which the individual has been enrolled, as well as the PBM and DBM, if applicable, shall be terminated upon disenrollment. Such disenrollment action will be accompanied by appropriate due process procedures as described elsewhere in this Chapter. Disenrollment from the CHOICES program shall proceed as described in Rule 1200-13-01-.05. Disenrollment from the ECF CHOICES program shall proceed as described in Rule 1200-13-01-.31.

(b) Coverage shall cease at 12:00 midnight, local time, on the date that an individual is disenrolled from TennCare.

(c) TennCare may reassign individuals from a designated MCO and place them in another MCO as described elsewhere in these rules. A TennCare MCO may not reassign an enrollee without the permission of TennCare. A TennCare MCO shall not request the reassignment of a TennCare enrollee for any of the following reasons:

1. Adverse changes in the enrollee’s health;
2. Pre-existing medical conditions; or
3. High cost medical bills.

Coverage by a particular MCO shall cease at 12:00 midnight local time on the date that an individual has been reassigned by TennCare from one MCO and placed in another plan. Coverage by the new MCO will begin when coverage by the old MCO ends.

1200-13-14-.04 COVERED SERVICES.

(1) Benefits covered under the managed care program

(a) TennCare MCCs shall cover the following services and benefits subject to any applicable limitations described in this Chapter. TennCare MCCs shall cover TennCare CHOICES services and benefits for individuals enrolled in the TennCare CHOICES program in accordance with Rule 1200-13-01-.05 and ECF CHOICES services and benefits for individuals enrolled in the ECF CHOICES program in accordance with Rule 1200-13-01-.31.

1. Any and all medically necessary services may require prior authorization or approval by the MCC, except where prohibited by law.

2. An MCC shall not refuse to pay for a service solely because of a lack of prior authorization as follows:

   (i) Preventive, diagnostic, and treatment services for persons under age 21. MCCs shall provide all medically necessary, covered services regardless of whether the need for such services was identified by a provider whose services had received prior authorization from the MCC or by an in-network provider.

   (ii) Emergency services. MCCs shall not require prior authorization or approval for covered services rendered in the event of an emergency, as defined in these rules. Such emergency services may be reviewed on the basis of medical necessity or other MCC administrator requirements, but cannot be denied solely because the provider did not obtain prior authorization or approval from the enrollee’s MCC.

3. MCCs shall not impose any service limitations that are more restrictive than those described herein; however, this shall not limit the MCC’s ability to establish procedures for the determination of medical necessity.

4. Services for which there is no federal financial participation (FFP) are not covered.

5. Non-covered services are non-covered regardless of medical necessity.

(b) The following physical health and mental health benefits are covered under the TennCare managed care program. Benefits offered under the TennCare CHOICES program are also covered under the TennCare managed care program, as described in Rule 1200-13-01-.05. Benefits offered under the ECF CHOICES program are also covered under the TennCare managed care program, as described in Rule 1200-13-01-.31. There are some exclusions to the benefits listed below. The exclusions are listed in this rule and in Rule 1200-13-14-.10.

- Adult. However, transportation for a minor child shall not be denied pursuant to any policy which poses a blanket restriction due to enrollee’s age or lack of parental accompaniment. Any decision to deny transportation of a minor child due to an enrollee’s age or lack of parental accompaniment must be made on a case-by-case basis and must be based on the individual facts surrounding the request. As with any denial, all notices and actions must be in accordance with the appeals process.

- Tennessee recognizes the “mature minor exception” to permission for medical treatment.

- The provision of transportation to and from covered dental services is the responsibility of the MCO.

- For persons dually eligible for Medicare and Medicaid, non-emergency transportation to access medical services covered by Medicare is provided, as long as these services would be covered by TennCare for the enrollee if he did not have Medicare. The Medicare provider of the medical services does not have to participate in TennCare. Transportation to these medical services is covered within the same access standards as those applicable for TennCare enrollees who are not also Medicare beneficiaries.

- One escort is allowed per enrollee if the enrollee requires assistance. Assistance is defined for purposes of this rule as help provided to the enrollee that enables the enrollee to receive a medically necessary service. Examples of assistance are: physical assistance such as holding doors or pushing wheelchairs; language assistance such as interpreter services or reading for someone who is illiterate; or decision making assistance. See Rule 1200-13-14-.01 for a definition of who may be an escort.

### Benefit for Persons Aged 21 and Older

- Medicare. The Medicare provider of the medical service does not have to participate in TennCare. Transportation to these medical services is covered within the same access standards as those applicable for TennCare enrollees who are not also Medicare beneficiaries.

Drugs on the Prescriber Attestation List may be approved for enrollees who have already met an applicable benefit limit only if the prescribing professional seeks and obtains a special exemption. In order to obtain a special exemption, the prescribing provider must submit an attestation as directed by TennCare regarding the urgent need for the drug. TennCare will approve the prescribing provider’s determination that the criteria for the special exemption are met, without further review, within 24 hours of receipt. Enrollees will not be entitled to a hearing regarding their eligibility for a special exemption if (i) the prescribing provider has not submitted the required attestation, or (ii) the requested drug is not on the Prescriber Attestation List.

(I) Pharmacy services in excess of five (5) prescriptions and/or refills per enrollee per month, of which no more than two (2) are brand name drugs, are non-covered services, unless: (a) each excess drug is specified on the current version of the Prescriber Attestation List and a completed Prescriber Attestation is on file for each listed drug as of the date of the pharmacy service; or (b) the excess drug is specified on the Automatic Exception List of medications which shall not count against such limit.

(J) Over-the-counter (OTC) drugs for TennCare adults are not covered even if the enrollee has a prescription for such service, unless the drug is listed on the “Covered OTC Drug List” that is available on the TennCare website located at www.tn.gov/tenncare on the date of service.

(c) Pharmacy

TennCare is permitted under the terms and conditions of the demonstration project approved by the federal government to restrict coverage of prescription and non-prescription drugs to a TennCare-approved list of drugs known as a drug formulary. TennCare must make this list of covered drugs available to the public. Through the use of a formulary, the following drugs or classes of drugs, or their medical uses, shall be excluded from coverage or otherwise restricted by TennCare as described in Section 1927 of the Social Security Act [42 U.S.C. § 1396r-8]:

1. Agents for weight loss or weight gain.
2. Agents to promote fertility or for the treatment of impotence or infertility or for the reversal of sterilization.
3. Agents for cosmetic purposes or hair growth.
4. Agents for symptomatic relief of coughs and colds.
5. Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations.
7. Covered outpatient drugs, which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or his designee.
8. TennCare shall not cover drugs considered by the FDA to be Less Than Effective (LTE) and DESI drugs, or drugs considered to be Identical, Related and Similar (IRS) to DESI and LTE drugs or any other pharmacy services for which federal financial participation (FFP) is not available. The exclusion of drugs for which no FFP is available extends to all TennCare enrollees regardless of the enrollee’s age. TennCare shall not cover experimental or investigational drugs which have not received final approval from the FDA.
9. Buprenorphine products for opiate addiction treatment for persons aged 21 and older are restricted as follows:
   (i) Dosage shall not exceed sixteen milligrams (16 mg) per day for a period of up to six (6) months from the initiation of therapy.
   (ii) For enrollees who are pregnant while receiving the sixteen milligrams (16 mg) per day dosage, the six-month period does not begin until the enrollee is no longer pregnant.
   (iii) At the end of the six-month period described in subparts (i) and (ii), the covered dosage amount shall not exceed eight milligrams (8 mg) per day.

10. Sedative hypnotic medications for persons aged 21 and older shall not exceed fourteen (14) pills per month for sedative hypnotic formulations in pill form such as Ambien and Lunesta, one hundred forty milliliters (140 ml) per month of chloral hydrate, or one (1) bottle every sixty (60) days of Zolpimist.

11. Allergy medications.

12. Opioid products for persons aged twenty-one (21) and older are restricted as follows:
   (i) “Chronic opioid user” means:
      (I) A TennCare enrollee whose TennCare paid claims data demonstrates that he has received at least a ninety (90) day quantity of prescribed opioids in the one hundred eighty (180) day period immediately preceding the opioid’s prescription date.
      (II) For a TennCare enrollee who has not been enrolled in TennCare long enough to demonstrate that he is a chronic opioid user as defined in Item (I), the enrollee may demonstrate that he has received at least a ninety (90) day quantity of prescribed opioids in the one hundred eighty (180) day period immediately preceding the opioid’s prescription date by supplying paid claims data and medical records from his previous healthcare provider(s) or health insurer(s).
   (ii) “Non-chronic opioid user” means a TennCare enrollee whose TennCare paid claims data demonstrates he has received less than a ninety (90) day quantity of prescribed opioids in the one hundred eighty (180) day period immediately preceding the opioid’s prescription date.
   (iii) Non-chronic opioid users shall be eligible to receive covered prescription opioid products as follows:
      (I) A maximum of fifteen (15) dosage days in any six (6) month period; and
      (II) Daily dosage shall not exceed sixty (60) morphine milligram equivalents (MME) per day.
   (iv) The restrictions in Subpart (iii) do not apply for enrollees with severe cancer pain undergoing active or palliative cancer treatment and enrollees in hospice and palliative care.
(v) The following considerations apply for enrollees who experience more frequent or aggressive pain episodes due to these specific clinical disease states:

(I) Enrollees with Sickle Cell may receive up to forty-five (45) days of sixty (60) MME per day in any ninety (90) day period; and

(vii) Opioid prescriptions are subject to prior authorization following the first fill of a new opioid prescription.

(viii) For women of child-bearing age (between the ages of fifteen (15) and forty-four (44)) and ability, when prior authorization is required for an opioid prescription, the prescribing provider must submit information to the enrollee’s PBM regarding the enrollee’s pregnancy status and use of contraception or family planning methods, and the provision of counseling regarding the risks of becoming pregnant while receiving opioid medication. The information regarding pregnancy status and contraceptive use may, when appropriate, be based on self-reporting by the patient.

(d) The MCC shall be allowed to provide cost effective alternative services as defined in paragraph 1200-13-14-.01(34). Cost effective alternative services are not reimbursable in any circumstances other than those described in that paragraph.

(2) Use of Cost Effective Alternative Services.

(a) MCCs shall be allowed, but are not required, to use cost effective alternative services if and only if:

1. These services are listed in the MCC contract and/or in Policy BEN 08-001; or

2. These services are provided under the CHOICES program for individuals enrolled in the CHOICES program in accordance with Rule 1200-13-01-.05 or the ECF CHOICES program for individuals enrolled in the ECF CHOICES program in accordance with Rule 1200-13-01-.31; and

3. They are medically appropriate and cost effective.

(b) Use of approved cost effective alternative services is made at the sole discretion of the MCC.

(3) Emergency Medical Services.

Emergency medical services shall be available twenty-four (24) hours per day, seven (7) days per week. Coverage of emergency medical services shall not be subject to prior authorization by the MCC but may include a requirement that notice be given to the MCC of use of out-of-plan emergency services. However, such requirements shall provide at least a twenty-four (24) hour time frame after the emergency for notice to be given to the MCC.
(4) Preventive, Diagnostic and Treatment Services for Individuals Under Twenty-One (21).

The Bureau of TennCare, through its contracts with Managed Care Organizations (MCOs) and other contractors (also referred to collectively as Contractors), operates an EPSDT program to provide health care services as required by 42 C.F.R. Part 441, Subpart B and the “Omnibus Budget Reconciliation Act of 1989” to eligible enrollees under the age of 21.

(a) Responsibilities of the Bureau of TennCare

1. The Bureau will:
   (i) Keep Contractors informed as to changes to the requirements for the operation of the EPSDT program;
   (ii) Make changes to the rules of TennCare when necessary to keep the EPSDT program in compliance with federal and state requirements;
   (iii) Provide policy clarification when needed; and
   (iv) Oversee the activities of the Contractors to assure compliance with all aspects of the EPSDT program.

2. The Bureau, through local health departments, shall inform families of uninsured children who are enrolled in TennCare, of the benefits covered under TennCare and the importance of accessing preventive services.

3. The Bureau, through local health departments, shall provide information on covered services to adolescent prenatal patients who enter TennCare through presumptive eligibility. Assistance will be offered to presumptive eligibles on the day eligibility is determined in making a timely first prenatal appointment; for a woman past her first trimester, this appointment should occur within fifteen (15) days.

4. The Bureau, through the Department of Children’s Services, shall inform foster parents and institutions or other residential treatment settings with a number of eligible children, annually or more often when the need arises, including when a change of administrators, social workers, or foster parents occur, of the availability of EPSDT services.

(b) Responsibilities of Contractors

1. Contractors shall aggressively and effectively inform enrollees of the existence of the EPSDT program, including the availability of specific EPSDT screening and treatment services. Such informing shall occur in a timely manner, generally within sixty (60) days of the MCO’s receipt of notification of the child’s enrollment in its plan and if no one eligible in the family has utilized EPSDT services, at least annually thereafter.

   Contractors shall document to the Bureau the contractor’s outreach activities and what efforts were made to inform enrollees and/or the enrollee’s responsible party about the availability of EPSDT services and how to access such services. Failure to timely submit the requested data may result in liquidated damages as described in the contracts between the Bureau of TennCare and the Contractors.

2. Contractors shall use clear and non-technical terms to provide a combination of written and oral information so that the program is clearly and easily understandable.
3. Contractors shall use effective methods (developed through collaboration with agencies which have established procedures for working with such individuals) to inform individuals who are illiterate, blind, deaf, or cannot understand English, about the availability of EPSDT services.

4. Contractors shall design and conduct outreach to inform all eligible individuals about what services are available under EPSDT, the benefits of preventive health care, where services are available, and how to obtain them; and that necessary transportation and scheduling assistance is available.

5. Contractors shall create a system so that families can readily access an accurate list of names and phone numbers of contract providers who are currently accepting TennCare.

6. Contractors shall offer both transportation and scheduling assistance prior to the due date of the child’s periodic examination.

7. Contractors shall provide enrollees assistance in scheduling appointments and obtaining transportation prior to the date of each periodic examination as requested and necessary.

8. Contractors shall document services declined by a parent or guardian or a mature competent child, specifying the particular service declined so that outreach and education for other EPSDT services continues.

9. Contractors shall maintain records of the efforts taken to outreach children who have missed screening appointments when scheduled or who have failed to schedule regular check-ups. These records shall be made available to the Bureau and other parties as directed by TennCare.

10. Contractors shall inform families of the costs, if any, of EPSDT services.

11. Contractors shall treat a TennCare-eligible woman’s request for EPSDT services during pregnancy as a request for EPSDT services for the child at birth.

(c) Compliance

Contractors must document and maintain records of all outreach efforts made to inform enrollees about the availability of EPSDT services.

(5) Preventive Medical Services. The following services (identified by applicable CPT procedure codes) shall be covered subject to any limitations described herein, within the scope of standard medical practice, without copay.

(f) Any other covered service assigned a rating of A or B by the US Preventative Services Task Force (USPSTF).

(6) Hospital Discharges.

Hospital discharges of mothers and newborn babies following delivery shall take into consideration the following guidelines:
The decision to discharge postpartum mothers and newborns less than 24-48 hours after delivery should be made based upon discharge criteria collaboratively developed and adopted by obstetricians, pediatricians, family practitioners, delivery hospitals, and health plans. The criteria must be contingent upon appropriate preparation, meeting in hospital criteria for both mother and baby, and the planning and implementation of appropriate follow-up. An individualized plan of care must include identification of a primary care provider for both mother and baby and arrangements for follow-up evaluation of the newborn.

Length of hospital stay is only one factor to consider when attempting to optimize patient outcomes for postpartum women and newborns. Excellent outcomes are possible even when length of stay is very brief (less than 24 hours) if perinatal health care is well planned, allows for continuity of care, and patients are well chosen. Some postpartum patients and/or newborns may require extended hospitalization (greater than 48-72 hours) despite meticulous care due to medical, obstetric, or neonatal complications. The decision for time of discharge must be individualized and made by the physicians caring for the mother-baby pair. The following guidelines have been developed to aid in the identification of postpartum mothers and newborns who may be candidates for discharge prior to 24-48 hours. The guidelines also provide examples where discharge is inappropriate.

Principles of patient care should be based upon data obtained by clinical research. Regarding the question of postpartum and newborn length of hospitalization, there are inadequate studies available to provide clear direction for clinical decision-making. Clinical guidelines represent an attempt to conceptualize what is, in reality, a dynamic process of health care refinement. Review of these guidelines is desirable and expected.

No provider shall be denied participation, reimbursement or reduction in reimbursement within a network solely related to his/her compliance with the “Guidelines for Discharge of Postpartum Mothers and Newborns.”

Guidelines for Discharge of Postpartum Mothers and Newborns

1. Discharge Planning.

(i) Discharge planning should occur in a planned and systematic fashion for all postpartum women and newborns in order to enhance care, prevent complications and minimize the need for rehospitalization. Prior to discharge a discussion should be held between the physician or another health care provider and the mother (and father if possible) about any expected perinatal problems and ways to cope with them. Plans for future and immediate care as well as instructions to follow in the event of an emergency or complication should be discussed.

Follow-up care must be planned for both mother and baby at the time of discharge. For patients leaving the hospital prior to 24-48 hours, contact within 48-72 hours of discharge is recommended and may include appropriate follow-up within 48-72 hours as deemed necessary by the attending provider, depending upon individual patient need. This follow-up visit will be acknowledged as a provider encounter.

(l) Maternal Considerations:

I. Prior to discharge, the patient should be informed of normal postpartum events including but not limited to:
A. Lochial patterns;
B. Range of activity and exercise;
C. Breast care;
D. Bladder care;
E. Dietary needs;
F. Perineal care;
G. Emotional responses;
H. What to report to physician or other health care provider including:
   (A) Elevation of temperature,
   (B) Chills,
   (C) Leg pains, and
   (D) Increased vaginal bleeding.
I. Method of contraception;
J. Coitus resumption; and
K. Specific instructions for follow-up (routine and emergent)

(II) Neonatal Considerations:
I. Prior to discharge, the following points should be reviewed with the mother or, preferably, with both parents:
   A. Condition of the neonate;
   B. Immediate needs of the neonate; (e.g., feeding methods and environmental supports);
   C. Instructions to follow in the event of a newborn complication or emergency;
   D. Feeding techniques: skin care, including cord care and genital care; temperature assessment and measurement with the thermometer; and assessment of neonatal well-being; recognition of illness including jaundice; proper infant safety including use of car seat and sleeping position;
   E. Reasonable expectations for the future; and
   F. Importance of maintaining immunization begun with initial dose of hepatitis B vaccine.
2. Criteria for Maternal Discharge Less Than 24-48 Hours Following Delivery.

(i) Prior to discharge of the mother, the following should occur:

(I) The mother should have been observed after delivery for a sufficient
time to ensure that her condition is stable, that she has sufficiently
recovered and may be safely transferred to outpatient care.

(II) Laboratory evaluations should be obtained and include ABO blood
group and Rh typing with appropriate use of Rh immune globulin;
and hematocrit or hemoglobin.

(III) The mother should have received adequate preparation for and be
able to assume self and immediate neonatal care.

(ii) Factors which may exclude maternal discharge prior to 24-48 hours in-
clude:

(I) Abnormal bleeding.

(II) Fever equal to or greater than 100.4 degrees.

(III) Inadequate or no prenatal care.

(IV) Cesarean section.

(V) Untreated or unstable maternal medical condition.

(VI) Uncontrolled hypertension.

(VII) Inability to void.

(VIII) Inability to tolerate solid foods.

(IX) Adolescent mother without adequate support and where appropriate
follow-up has not been established. A nurse home visit within 24-48
hours of discharge would act as appropriate follow-up.

(X) All efforts should be made to keep mother and infant together to en-
sure simultaneous discharge.

(XI) Psychosocial problems (maternal or family) which have been identi-
fied prenatally or in hospital. Where appropriate follow-up has not
been established, a nurse home visit within 24-48 hours of discharge
would act as appropriate follow-up.

(i) The nursery stay is planned to allow the identification of early problems
and to reinforce instruction in preparation for care of the infant at home.
Complications often are not predictable by prenatal and intrapartum
events. Because many neonatal problems do not become apparent until
several days after birth there is an element of medical risk in early neonatal
discharge. Most problems are manifest during the first twelve (12) hours,
and discharge at or prior to twenty-four (24) hours is appropriate for many newborns.

(I) Prior to discharge of the newborn at 24-48 hours, the following should have occurred:

I. The course of antepartum, intrapartum, and postpartum care for both mother and fetus should be without problems, which may lead to newborn complications.

II. The baby is a single birth at 37 to 42 weeks’ gestation and the birth weight is appropriate for gestational age according to appropriate intrauterine growth curves.

III. The baby’s vital signs are documented as being normal and stable for the twelve (12) hours preceding discharge, including a respiratory rate below 60/minute, a heart rate of 100 to 160 beats per minute, and an axillary temperature of 36.1 degrees C in an open crib with appropriate clothing.

IV. The baby has urinated and passed at least one stool.

V. No evidence of excessive bleeding after circumcision greater than two (2) hours.

VI. The baby has completed at least two successful feedings, with documentation that the baby is able to coordinate sucking, swallowing, and breathing while feeding.

VII. No evidence of significant jaundice in the first twenty-four (24) hours of life.

VIII. The parent’s or caretaker’s knowledge, ability, and confidence to provide adequate care for her baby are documented.

IX. Laboratory data are available and reviewed including:

   A. Maternal syphilis and hepatitis B surface antigen status.

   B. Cord or infant blood type and direct Coomb’s test result as clinically indicated.

X. Screening tests are performed in accordance with state regulations. If the test is performed before twenty-four (24) hours of milk feeding, a system for repeating the test must be assured during the follow-up visit.

XI. Initial hepatitis B vaccine is administered or a scheduled appointment for its administration has been made.

XII. A physician-directed source of continuing medical care for both the mother and the baby is identified. For newborns discharged less than 24-48 hours after delivery, a definitive plan for contact within 48-72 hours after discharge has been made. A nurse home visit within 24-48 hours would be considered appropriate follow-up.
(II) Maternal factors which may exclude discharge of the newborn prior to 24-48 hours include:

I. Inadequate or no prenatal care,

II. Medical conditions that pose a significant risk to the infant,

III. Group B streptococcus colonization,

IV. Untreated syphilis,

V. Suspected active genital herpes,

VI. HIV,

VII. Adolescent without adequate support and where appropriate follow-up has not been established (a nurse home visit within 24-48 hours of discharge will act as appropriate follow-up),

VIII. Mental retardation or psychiatric illness, and

IX. Requirements for continued maternal hospitalization.

(III) Newborn factors which may exclude discharge of the newborn prior to 24-48 hours include:

I. Preterm gestation (less than 37 weeks);

II. Small for gestational age;

III. Large for gestational age;

IV. Abnormal physical exam, vital signs, color, activity, feeding or stooling;

V. Significant congenital malformations; and

VI. Abnormal laboratory finding:

   A. Hypoglycemia,

   B. Hyperbilirubinemia,

(7) Prior Authorization for Home Health Nurse, Home Health Aide, and Private Duty Nursing Services. Prior authorization by the MCC must be obtained in order to establish the medical necessity of all requested home health nurse, home health aide, and private duty nursing services.
The following information must be provided when seeking prior authorization for home health nurse, home health aide, and private duty nursing services:

1. Name of physician prescribing the service(s);

2. Specific information regarding the patient’s medical condition and any associated disability that creates the need for the requested service(s); and

3. Specific information regarding the service(s) the nurse or aide is expected to perform, including the frequency with which each service must be performed (e.g., tube feeding patient 7:00 a.m., 12:00 p.m., and 5:00 p.m. daily; bathe patient once per day; administer medications three (3) times per day; catheterize patient as needed from 8:00 a.m. to 5:00 p.m. Monday through Friday; change dressing on wound three (3) times per week). Such information should also include the total period of time that the services are anticipated to be medically necessary by the treating physician (e.g., total number of weeks or months).

Home health nurses and aides and private duty nurses will never be authorized to personally transport a TennCare enrollee. Home health nurses and aides delivering prior approved home health care services may accompany an enrollee outside the home in accordance with T.C.A. § 71-5-107(a)(12).

Private duty nursing services are limited to services provided in the recipient’s own home, with the following two exceptions:

1. A recipient age twenty-one (21) or older who requires eight (8) or more hours of skilled nursing care in a 24-hour period and is authorized to receive private duty nursing services in the home setting may make use of the approved hours outside of that setting in order for the nurse to accompany the recipient to:
   - (i) Outpatient health care services (including services delivered through a TennCare home and community based services waiver program);
   - (ii) Public or private secondary school or credit classes at an accredited vocational or technical school or institute of higher education; or,
   - (iii) Work at his place of employment.

2. A recipient under the age of twenty-one (21) who requires eight (8) or more hours of continuous skilled nursing care in a 24-hour period and is authorized to receive those services in the home setting may make use of the approved hours outside of that setting when normal life activities temporarily take him outside of that setting. Normal life activity for a child under the age of twenty-one (21) means routine work (including work in supported or sheltered work settings); licensed child care; school and school-related activities; religious services and related activities; and outpatient health care services (including services delivered through a TennCare home and community based services waiver program). Normal life activities do not include non-routine or extended home absences.

A private duty nurse may accompany a recipient in the circumstances outlined in subparagraph (c) immediately above, but may not drive.

Private duty nursing services will only be authorized when there are competent family members or caregivers as indicated below:
1. Private duty nursing services include services to teach and train the recipient and the recipient’s family or other caregivers how to manage the treatment regimen. Having a caregiver willing to learn the tasks necessary to provide a safe environment and quality in home care is essential to assuring the recipient is properly attended to when a nurse or other paid caregiver is not present, including those times when the recipient chooses to attend community activities to which these rules do not specifically permit the private duty nurse or other paid caregiver to accompany the patient.

2. To ensure the health, safety, and welfare of the individual, in order to receive private duty nursing services, the recipient must have family or caregivers who:

   (i) Have a demonstrated understanding, ability, and commitment in the care of the individual related to ventilator management, support of other life-sustaining technology, medication administration and feeding, or in the case of children, other medically necessary skilled nursing functions, as applicable; and

   (ii) Are trained and willing to meet the recipient’s nursing needs during the hours when paid nursing care is not provided, and to provide backup in the event of an emergency; and

   (iii) Are willing and available as needed to meet the recipient’s non-nursing support needs.

   (iv) In the case of children under the age of 18, the parent or guardian will be expected to fill this role. In the case of an adult age 18 and older, if the health, safety, and welfare of the individual cannot be assured because the recipient does not have such family or caregiver, private duty nursing services may be denied, subject to items (I) and (II) below. However, it shall be the responsibility of the MCO to:

       (I) Arrange for the appropriate level of care, which may include nursing facility care, if applicable; and

       (II) In the case of a person currently receiving private duty nursing services, facilitate transition to such appropriate level of care prior to termination of the private duty nursing service.

(f) Nursing services (provided as part of home health services or by a private duty nurse) will be approved only if the requested service(s) is of the type that must be provided by a nurse as opposed to an aide, except that the MCO may elect to have a nurse perform home health aide services in addition to nursing services if the MCO determines that this is a less costly alternative than providing the services of both a nurse and an aide. Examples of appropriate nursing services include, but are not limited to, management of ventilator equipment or other life-sustaining medical technology, medication management, and tube feedings.

(g) Home health aide services will only be approved if the requested service(s) meet all medical necessity requirements including the requirements of 1200-13-16-.05(4)(d). Thus, home health aide services will not be approved to provide child care services, prepare meals, perform housework, or generally supervise patients. Examples of appropriate home health aide services include, but are not limited to, patient transfers and bathing.

(a) Enrollees are not required to pay premiums for TennCare.

(b) There are no TennCare deductibles.

(2) Copays.

(a) The following TennCare Standard enrollees are exempt from TennCare copays:

1. Enrollees who are receiving hospice services and who provide verbal notification of such to the provider at the point of service.
2. Enrollees who are pregnant and who provide verbal notification of such to the provider at the point of service.

3. Enrollees who are enrolled in any of the following CHOICES or ECF CHOICES demonstration categories:
   (i) The CHOICES 217-Like Group
   (ii) The CHOICES 1 and 2 Carryover Group
   (iii) The PACE Carryover Group
   (iv) The ECF CHOICES 217-Like Group

4. Children who are enrolled in TennCare Standard and who have family incomes below 100% of poverty.

(b) The following TennCare services are exempt from TennCare copays for all enrollees:

   2. Family planning services and supplies.
   3. Preventive services as identified in Rule 1200-13-14-.04.

(c) Pharmacy copays. The following TennCare Standard enrollees have pharmacy copays of $3.00 per covered brand name prescription and $1.50 per covered generic prescription:
   1. TennCare Standard children with family incomes that are 100% of poverty or greater.
   2. Enrollees in the Standard Spend Down program.

Copays for non-emergency services provided in an emergency department are not required unless the hospital has first provided the enrollee with assistance in gaining access to a non-emergency services provider (a physician’s office, health care clinic, community health center, hospital outpatient department, or similar provider). This requirement on the part of the hospital can be met if, before providing non-emergency care subject to copay, the emergency room staff recommends that the enrollee or the enrollee’s caretaker call the 24/7 nurse staffed call center for the enrollee’s MCO to obtain help in locating an available provider in the community, and offers to assist with placing a call to the call center.

(3) Aggregate cost-sharing cap.

(a) The aggregate cost-sharing cap is applicable only to TennCare copays incurred by TennCare Standard children with incomes at or above 100% of poverty and their TennCare family members.

(b) The aggregate cost-sharing cap is calculated by combining the TennCare cost sharing for all TennCare family members who have TennCare cost-sharing obligations, and may not exceed 5 percent of the family’s annual income, prorated to a quarterly equivalent. Family income will be calculated using the same methodology used to calculate income for the determination of eligibility, and the family will be assigned to the corresponding income band to determine the standardized aggregate cap, which is based on the lower end of the income band. The following income bands and the corresponding aggregate annual caps will be used:

(c) Families of applicable TennCare Standard children are responsible for tracking their own incurred cost sharing obligations, including keeping copies of receipts and similar documentation, and notifying the Bureau of TennCare when they believe they have reached their aggregate cost-sharing cap for a particular calendar quarter.

(d) After receiving the information described in subparagraph (c), TennCare will notify families of applicable TennCare Standard children of the date when it has been determined that the aggregate cost-sharing cap, as prorated for the quarter, has been reached. When that occurs, there are no further TennCare cost-sharing obligations required for the remainder of the calendar quarter. Any TennCare copays that are paid by the family during the quarter after the family's aggregate cost-sharing cap, as pro-rated for that quarter, has been reached will be refunded to the family by TennCare.

(4) This paragraph applies to all TennCare Managed Care Contractors and providers.

(a) In accordance with 42 C.F.R. § 447.53(e), providers may not refuse to deliver a covered service to an enrollee because of the enrollee’s inability to make his copay.

(b) Managed care contractors participating in the TennCare program shall be specifically prohibited from waiving or discouraging TennCare enrollees from paying any applicable cost-sharing amounts.

1200-13-14-.06 MANAGED CARE ORGANIZATIONS.

Managed Care Organizations participating in TennCare will be limited to Health Maintenance Organizations that are appropriately licensed to operate within the state of Tennessee to provide medical, behavioral, and long-term care services in the TennCare program. Managed Care Organizations shall have a fully executed contract with the Tennessee Department of Finance and Administration. MCOs, DBMs and PBMs shall agree to comply with all applicable rules, policies, and contract requirements as specified by the Tennessee Department of Finance and Administration as applicable. Managed Care Organizations must continually demonstrate a sufficient provider network based on the standards set by

1200-13-14-.08 PROVIDERS.

(1) Payment in full.

(a) All Participating Providers, as defined in this Chapter, must accept as payment in full
for provision of covered services to TennCare enrollees, the amounts paid by the MCC
plus any copayment required by the TennCare Program to be paid by the individual.

(b) Any Non-Participating Providers who provide TennCare Program covered services by
authorization from an MCC must accept as payment in full for provision of covered ser-
VICES to TennCare enrollees, the amounts paid by the MCC plus any copayment re-
quired by the TennCare Program to be paid by the individual.

(c) Any Non-Participating Provider, as defined in this Chapter, who provides TennCare
Program covered non-emergency services to TennCare enrollees without authorization
from the enrollee’s MCC does so at his own risk. He may not bill the patient for such
services except as provided for in Rule 1200-13-14-.08(5).

(d) Any Out-of-State Emergency Provider, as defined in this Chapter, who provides cov-
ered emergency services to TennCare enrollees in accordance with this Chapter must
accept as payment in full the amounts paid by the MCC plus any copayment required
by the TennCare Program.

(2) Non-Participating Providers.

(a) In situations where a MCC authorizes a service to be rendered by a provider who is not
a Participating Provider with the MCC, as defined in this Chapter, payment to the pro-
vider shall be no less than eighty percent (80%) of the lowest rate paid by the MCC to
equivalent participating network providers for the same service.

(b) Covered medically necessary outpatient emergency services, when provided to Medi-
caid managed care enrollees by non-contract hospitals in accordance with Section
1932(b)(2)(D) of the Social Security Act (42 U.S.C.A. § 1396u-2(b)(2)(D)), shall be re-
imbursement at seventy-four percent (74%) of the 2006 Medicare rates for these services. Emergency care to enrollees shall not require preauthorization.

(c) Covered medically necessary inpatient hospital admissions required as the result of emergency outpatient services, when provided to Medicaid managed care enrollees by non-contract hospitals in accordance with Section 1932(b)(2)(B) of the Social Security Act (42 U.S.C.A. § 1396u-2(b)(2)(B)), shall be reimbursed at 57 percent of the 2008 Medicare Diagnostic Related Groups (DRG) rates (excluding Medical Education and Disproportionate Share components) determined in accordance with 42 C.F.R. § 412 for those services. For DRG codes that are adopted after 2008, 57 percent of the rate from the year of adoption will apply. Such an inpatient stay will continue until no longer medically necessary or until the patient can be safely transported to a contract hospital or to another contract service, whichever comes first.

(d) Non-Participating Providers who furnish covered CHOICES services are reimbursed in accordance with Rule 1200-13-01-.05.

(e) Non-Participating Providers who furnish covered ECF CHOICES services are reimbursed in accordance with Rule 1200-13-01-.31.

(3) Participation in the TennCare program will be limited to providers who:

(a) Accept, as payment in full, the amounts paid by the managed care contractor, including copays from the enrollee, or the amounts paid in lieu of the managed care contractor by a third party (Medicare, insurance, etc.);

(b) Maintain Tennessee, or the State in which they practice, medical licenses and/or certifications as required by their practice, or licensure by the TDMHDD, if appropriate;

(c) Are not under a federal Drug Enforcement Agency (DEA) restriction of their prescribing and/or dispensing certification for scheduled drugs (relative to physicians, osteopaths, dentists and pharmacists);

(d) Agree to maintain and provide access to TennCare and/or its agent all TennCare enrollee medical records for five (5) years from the date of service or upon written authorization from TennCare following an audit, whichever is shorter;

(e) Provide medical assistance at or above recognized standards of practice; and

(f) Comply with all contractual terms between the provider and the managed care contractor and TennCare policies as outlined in federal and state rules and regulations and TennCare provider manuals and bulletins.

(g) Failure to comply with any of the above provisions (a) through (f) may subject a provider to the following actions:

1. Sanctions set out in T.C.A. § 71-5-118. In addition, the provider may be subject to stringent review/audit procedures, which may include clinical evaluation of services and a prepayment requirement for documentation and justification for each claim.

2. The Bureau of TennCare may withhold or recover payments to managed care contractors in cases of provider fraud, willful misrepresentation, or flagrant non-compliance with contractual requirements and/or TennCare policies.
3. The Bureau of TennCare may refuse to approve or may suspend provider participation with a provider if any person who has an ownership or controlling interest in the provider, or who is an agent or managing employee of the provider, has been convicted of a criminal offense related to that person’s involvement in any program established under Medicare, Medicaid or the U.S. Title XX Services Program.

4. The Bureau of TennCare may refuse to approve or may suspend provider participation if it determines that the provider did not fully and accurately make any disclosure of any person who has ownership or controlling interest in the provider, or is an agent or managing employee of the provider and has been convicted of a criminal offense related to that person’s involvement in any program under Medicare, Medicaid or the U.S. Title XX Services Program since the inception of these programs.

5. The Bureau of TennCare shall refuse to approve or shall suspend provider participation if the appropriate State Board of Licensing or Certification fails to license or certify the provider at any time for any reason or suspends or revokes a license or certification.

6. The Bureau of TennCare shall refuse to approve or shall suspend provider participation upon notification by the U.S. Office of Inspector General Department of Health and Human Services that the provider is not eligible under Medicare or Medicaid for federal financial participation.

7. The Bureau of TennCare may recover from a managed care contractor any payments made by an enrollee and/or his family for a covered service, in total or in part, except as permitted. If a provider knowingly bills an enrollee and/or his family for a covered service, in total or in part, except as permitted, the Bureau of TennCare may terminate the provider’s participation in TennCare.

(4) Solicitations and Referrals.

(a) Managed care contractors and providers shall not solicit TennCare enrollees by any method offering as enticements other goods and services (free or otherwise) for the opportunity of providing the enrollee with TennCare covered services that are not medically necessary and/or that overutilize the TennCare program.

(b) A managed care contractor may request a waiver from this restriction in writing to TennCare. TennCare shall determine the value of a waiver request based upon the medical necessity and need for the solicitation. The managed care contractor may implement the solicitation only upon receipt of a written waiver approval from TennCare. This waiver is not transferable and may be canceled by TennCare upon written notice.

(c) TennCare payments for services related to a non-waivered solicitation enticement shall be considered by TennCare as a non-covered service and recouped. Neither the managed care contractor nor the provider may bill the enrollee for non-covered services recouped under this authority.

(d) A provider shall not offer or receive remuneration in any form related to the volume or value of referrals made or received from or to another provider.

(5) Providers may seek payment from a TennCare enrollee only under the following circumstances. These circumstances apply to all TennCare providers, as defined in this Chapter, including those who are Out-of-Network Providers in a particular enrollee’s MCC. These cir-
cumstances include situations where the enrollee may choose to seek an out-of-network pro-

(a) If the services are not covered by the TennCare program and, prior to providing the
services, the provider informed the enrollee that the services were not covered; or

(b) If the services are not covered because they are in excess of an enrollee’s benefit limit
and one of the following circumstances applies:

1. The provider determines effective on the date of service that the enrollee has
reached his/her benefit limit for the particular service being requested and, prior
to providing the service, informs the enrollee that the service is not covered and
the service will not be paid for by TennCare. The source of the provider’s infor-
mation must be a database listed on the TennCare website as approved by
TennCare on the date of the provider’s inquiry.

2. The provider has information in his/her own records to support the fact that the
enrollee has reached his/her benefit limit for the particular service being request-
ed and, prior to providing the service, informs the enrollee that the service is not
covered and will not be paid for by TennCare. This information may include:

   (i) A previous written denial of a claim on the basis that the service was in ex-
cess of the enrollee’s benefit limit for a service within the same benefit cat-
egory as the service being requested, if the time period applicable to the
benefit limit is still in effect; or

   (ii) That the provider had previously examined the database referenced in part
1. above and determined that the enrollee had reached his/her benefit limit
for the particular service being requested, if the time period applicable to
that benefit limit is still in effect; or

   (iii) That the provider had personally provided services to the enrollee in ex-
cess of his/her benefit limit within the same benefit category as the service
being requested, if the time period applicable to that benefit period is still in
effect; or

   (iv) The enrollee’s MCO has provided confirmation to the provider that the en-
rrollee has reached his/her benefit limit for the applicable service.

3. The provider submits a claim for service to the appropriate managed care con-
tactor (MCC) and receives a written denial of that claim on the basis that the
service exceeds the enrollee’s benefit limit. Thereafter, following informing the
enrollee and within the remainder of the period applicable to that benefit limit, the
provider may bill the enrollee for services within that same exhausted benefit
category without having to submit, for repeated MCC denial, claims for those
subsequent services. If the provider informed the enrollee prior to providing the
service for which the claim was denied that the service would exceed the enrol-
lee’s benefit limit and would not be paid for by TennCare, the provider may bill
the enrollee for that service.

4. The provider had previously taken the steps in parts 1., 2. or 3. above and de-
termined that the enrollee had reached his/her benefit limit for the particular ser-
vice being requested, if the time period applicable to the benefit limit is still in ef-
fect, and informs the enrollee, prior to providing the service, that the service is
not covered and will not be paid for by TennCare.
(c) If the services are covered only with prior authorization and prior authorization has been requested but denied, or is requested and a specified lesser level of care is approved, and the provider has given prior notice to the enrollee that the services are not covered, the enrollee may elect to receive those services for which prior authorization has been denied or which exceed the authorized level of care and be billed by the provider for such services.

(6) Providers may not seek payment from a TennCare enrollee under the following conditions:

(a) The provider knew or should have known about the patient’s TennCare eligibility or pending eligibility prior to providing services.

(b) The claim(s) submitted to TennCare or the enrollee’s managed care contractor for payment was denied due to provider billing error or a TennCare claim processing error.

(c) The provider accepted TennCare assignment on a claim and it is determined that another payer paid an amount equal to or greater than the TennCare allowable amount.

(d) The provider failed to comply with TennCare policies and procedures or provided a service which lacks medical necessity or justification.

(e) The provider failed to submit or resubmit claims for payment within the time periods required by the managed care contractor or TennCare.

(f) The provider failed to ascertain the existence of TennCare eligibility or pending eligibility prior to providing non-emergency services. Even if the enrollee presents another form of insurance, the provider must determine whether the patient is covered under TennCare.

(g) The provider failed to inform the enrollee prior to providing a service not covered by TennCare that the service was not covered and the enrollee may be responsible for the cost of the service. Services which are non-covered by virtue of exceeding limitations are exempt from this requirement. Notwithstanding this exemption, providers shall remain obligated to provide notice to enrollees who have exceeded benefit limits in accordance with Rule 1200-13-14-.11.

(h) The enrollee failed to keep a scheduled appointment(s).

(i) The provider is a TennCare provider, as defined in this Chapter, but is not participating with a particular enrollee’s MCC and is seeking to bill the enrollee as though the provider were a Non-TennCare Provider, as defined in this Chapter.

(7) Providers may seek payment from a person whose TennCare eligibility is pending at the time services are provided if the provider informs the person that TennCare assignment will not be accepted whether or not eligibility is established retroactively.

(8) Providers may seek payment from a person whose TennCare eligibility is pending at the time services are provided. Providers may bill such persons at the provider’s usual and customary rate for the services rendered. However, all monies collected for TennCare-covered services rendered during a period of TennCare eligibility must be refunded when a claim is submitted to TennCare if the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established.

(9) Providers of inpatient hospital services, outpatient hospital services, skilled nursing facility services, independent laboratory and x-ray services, hospice services, and home health agencies must be approved for Title XVIII-Medicare in order to be certified as providers under
the TennCare Program; in the case of hospitals, the hospital must meet state licensure re-
quirements and be approved by TennCare as an acute care hospital as of the date of enroll-
ment in TennCare. Children’s hospitals and State mental hospitals may participate in 
TennCare without having been Medicare approved; however, the hospital must be approved 
by the Joint Commission for Accreditation of Health Care Organizations as a condition of par-
ticipation.

(10) Pharmacy providers may not waive pharmacy copayments for TennCare Medicaid or 
TennCare Standard enrollees as a means of attracting business to their establishment. This 
does not prohibit a pharmacy from exercising professional judgment in cases where an enrol-
lee may have a temporary or acute need for a prescribed drug, but is unable, at that moment, 
to pay the required copayment.

(11) Providers shall not deny services for Medicaid enrollee failure to make copayments.

(12) All claims must be filed in accordance with the following:

(a) Claims filed with an MCC must be submitted in accordance with the requirements and 
timeframes set forth in the MCC’s contract.

(b) All other fee-for-service claims for services delivered outside of the TennCare managed 
care program must be filed with the Bureau of TennCare as follows:

1. All claims must be filed within one (1) year of the date of service except in the fol-
lowing circumstances:

   (i) Recipient eligibility was determined retroactively to the extent that filing 
   within one (1) year was not possible. In such situations, claims must be 
   filed within one (1) year after final determination of eligibility.

   (ii) If a claim filed with Medicare on a timely basis does not automatically cross 
   over from the Medicare carrier to the Bureau, a TennCare claim may be 
   filed within six (6) months of notification of payment or denial from Medi-
   care.

2. Should an original claim be denied, any resubmission or follow-up of the initial 
claim must be received within six (6) months from the date the original claim was 
filed. The Bureau will not process submissions received after the six (6) month 
time limit. The one exception is those claims returned due to available third party 
coverage. These claims must be submitted within sixty (60) days of notice from 
the third party resource.

3. Should a correction document involving a suspended claim be sent to the provid-
er, the claim will be denied if the correction document is not completed by the 
provider and returned to the Bureau within ninety (90) days from the date on the 
document.

4. If claim is not filed within the above timeframes, no reimbursement may be made.

5. Claims will be paid on a first claim approved - first claim paid basis.

6. The Bureau will not reimburse providers for services for which there is no Federal 
Financial Participation.

   (i) The provider denies the request for a non-pharmacy service because an enrollee has exceeded the applicable benefit limit; or
   
   (ii) The provider informs an enrollee that the non-pharmacy service will not be covered by TennCare because he/she has exceeded the applicable benefit limit and the enrollee chooses not to receive the service.

   During the applicable time period for each non-pharmacy benefit limit, providers shall only be required to issue this notice the first time an enrollee does not receive a non-pharmacy service from the provider because he/she has exceeded the applicable benefit limit. Such notice shall not be subject to the requirements of Rule 1200-13-14-.11(1)(c)1. Providers will not be required to issue any notice when an enrollee is approaching or reaches a non-pharmacy benefit limit.

(b) Timing of Written Notice.

1. Written notice of MCC-initiated reduction, termination or suspension of medical assistance must be provided to an enrollee within the time frames required by 42 C.F.R. §§ 431.210 - 431.214 (usually ten (10) days in advance). However, in instances of MCC-initiated reduction, termination or suspension of inpatient hospital treatment, the notice may be provided to an enrollee the same day of the proposed action. Where applicable and not in conflict with this rule, the exceptions set out at 42 C.F.R. §§ 431.211 - 431.214 permit or require reduction of the time frames within which advance notice must be provided.

2. An MCC must notify an enrollee of its decision in response to a request by or on behalf of an enrollee for prior authorization for medical or related services as set out in 42 C.F.R. § 438.210(d).

3. Written notice of delay of covered medical assistance must be provided to an enrollee immediately upon an MCC’s receipt of information leading it to expect that such delay will occur.

4. Written notice of provider-initiated reduction, termination or suspension of services must be provided to an enrollee in compliance with 42 C.F.R. §§ 431.211, 431.213 and 431.214.
(Rule 1200-13-14-.11, continued)

5. Written notice is deemed to be provided to an enrollee upon deposit with the US Postal Service or other commercial mail carrier, or upon hand-delivery to an enrollee or his/her representative.

(c) Notice Contents.

1. Whenever this rule requires that a TennCare enrollee receive written notice of an adverse benefit determination, the notice must be readable and must comply with the requirements of 42 C.F.R. §§ 431.210 and 438.404.

2. Remedying of Notice. If a notice of adverse benefit determination provided to an enrollee does not meet the notice content requirements of Rule 1200-13-14-.11(1)(c)1., TennCare or the MCC may cure any such deficiencies by providing one corrected notice to enrollees. If a corrected notice is provided to an enrollee, the reviewing authority shall consider only the factual reasons and legal authorities cited in the corrected notice, except that additional evidence beneficial to the enrollee may be considered on appeal.

(2) Appeal Rights of Enrollees. Enrollees have the following rights:

(a) To appeal adverse actions benefit determinations.

(b) An enrollee’s request for appeal, including oral or written expressions by the enrollee, or on his behalf, of dissatisfaction or disagreement with adverse benefit determinations that have been made or are proposed to be made, may not be denied.

(c) To have the appeal rights that are prescribed by 42 C.F.R. Part 431, Subpart E and Tennessee Code Annotated §§ 4-5-301, et seq.

(d) To be allowed sixty (60) days from the date on the written notice or, if no notice is provided, from the time the enrollee becomes aware of an adverse benefit determination, to appeal any adverse benefit determination. To file a Request for Reimbursement for expenses incurred between the effective eligibility date and the date that notice of eligibility is provided, the enrollee must request reimbursement and provide complete information to TennCare, as prescribed by Rule .01, within sixty (60) days from the date of the written notification of the effective eligibility date or, if no written notice is provided, within sixty (60) days from the date the enrollee becomes aware of the effective eligibility date. For all other Requests for Reimbursement, the enrollee must request reimbursement and provide complete information, as prescribed by Rule .01, within sixty (60) days from the date the enrollee paid out of pocket for covered services.

(e) To appeal in person, by telephone, or in writing. Reasonable accommodations shall be made for any person with disabilities who requires assistance with his/her appeal, such as an appeal by TDD services or other communication device for people with disabilities. Written requests for appeals made at county TDHS offices shall be stamped and immediately forwarded to the TennCare Bureau for processing and entry in the central registry.

(f) For ongoing services, have the right to continuation or reinstatement of services, pursuant to 42 C.F.R. §§ 431.230 and 431.231 as modified by this rule, pending resolution of the appeal when the enrollee submits a timely appeal and timely request for COB. When an enrollee is so entitled to continuation or reinstatement of services, this right may not be denied for any reason, including:

1. An MCC’s failure to inform an enrollee of the availability of such continued services;
2. An MCC’s failure to reimburse providers for delivering services pending appeal; or

3. An MCC’s failure to provide such services when timely requested.

(g) To an appeals process. But for initial reconsideration by an MCC as permitted by this rule, no person who is an employee, agent or representative of an MCC may participate in deciding the outcome of a SFH. No state official who was directly involved in the initial determination of the action in question may participate in deciding the outcome of an enrollee’s appeal.

(3) Special Provisions Relating to Appeals.

(a) Individualized Decisions Required. Neither the TennCare program nor its MCCs may employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his or her medical history.

(b) Medical Evidence.

1. Appeal decisions must be based on an evaluation of pertinent medical evidence. TennCare and the MCCs shall elicit from enrollees and their treating providers all pertinent medical records that support an appeal; and

2. Medical opinions shall be evaluated pursuant to TennCare Medical Necessity Rule 1200-13-16. Reliance upon insurance industry guidelines or utilization control criteria of general application, without consideration of the individual enrollee’s medical history, does not satisfy this requirement and cannot be relied upon to support an adverse benefit determination.

(c) Record on Review. When TennCare receives an appeal from an enrollee regarding an adverse benefit determination, TennCare is responsible for obtaining from the MCC any and all records or documents pertaining to the MCC’s decision to take the contested action. TennCare shall correct any violation of this rule that is evident from a review of those records.

(d) Valid Factual Disputes. When TennCare receives an appeal from an enrollee, TennCare will dismiss this appeal unless the enrollee has established a valid factual dispute relating to an adverse benefit determination.

1. Processing of Appeals. TennCare shall screen all appeals submitted by TennCare enrollees to determine if the enrollees have presented a valid factual dispute. If TennCare determines that an enrollee failed to present a valid factual dispute, TennCare will immediately provide the enrollee with a notice, informing him/her that the enrollee must provide additional information as identified in the notice. If the enrollee does not provide this information, the appeal shall be dismissed without the opportunity for a state fair hearing within ten (10) days of the date of the notice. If the enrollee adequately responds to this notice, TennCare shall inform the enrollee that the appeal will proceed to a hearing. If the enrollee responds but fails to provide adequate information, TennCare will provide a notice to the enrollee, informing him/her that the appeal is dismissed without the opportunity for a state fair hearing. If the enrollee does not respond, the appeal will be dismissed without the opportunity for a state fair hearing, without further notice to the enrollee.
2. Information Required to Establish Valid Factual Disputes. In order to establish a valid factual dispute, TennCare enrollees must provide the following information: Enrollee’s name; member SSN or TennCare ID#; address and phone; identification of the service or item that is the subject of the adverse benefit determination; and the reason for the appeal, including any factual error the enrollee believes TennCare or the MCC has made. For reimbursement and billing appeals, enrollees must also provide the date the service was provided, the name of the provider, copies of receipts which prove that the enrollee paid for the services or copies of a bill for the services, whichever is applicable.

(e) Appeals When Enrollees Lack a Prescription. When a TennCare enrollee attempts to lodge an appeal for a benefit for which the enrollee lacks a prescription, TennCare may require the enrollee to exhaust the following administrative process before an appeal can proceed:

1. TennCare will provide appropriate notice to the enrollee informing him/her that he/she will be required to complete an administrative process. Such administrative process requires the enrollee to contact the MCC to make an appointment with a provider to evaluate the request for the service. The MCC shall be required to make such appointment for the enrollee within a 3-week period or forty-eight (48) hours for urgent care from the date the enrollee contacts the MCC. Appeal timeframes will be tolled during this administrative process.

2. In order for this appeal to continue, the enrollee shall be required to contact TennCare after attending the appointment with a physician and demonstrate that he/she remains without a prescription for the service. If the enrollee fails to contact TennCare within sixty (60) days from the date of the notice described in subparagraph (e)1., TennCare will dismiss the appeal without providing an opportunity for a hearing for the enrollee.

(f) Appeals When No Adverse Benefit Determination Has Been Made. Enrollees shall not possess the right to appeal when no adverse benefit determination has been made. If enrollees request a hearing in this circumstance, their request shall be denied by the TennCare bureau without the opportunity for a hearing. Such circumstances include but are not limited to when enrollees appeal and no request for services had previously been denied.

(4) Hearing Rights of Enrollees.

(a) TennCare shall inform enrollees of their state fair hearing rights;

(b) Enrollees shall be entitled to a hearing before a hearing officer that affords each enrollee the right to:

1. Representation at the hearing by anyone of his/her choice, including a lawyer;

2. Review information and facts relied on for the decisions by the MCC and the TennCare Bureau before the hearing;

3. Cross-examine adverse witnesses;

4. Present evidence, including the right to compel attendance of witnesses at hearings;

5. Review and present information from his/her medical records;
6. Present evidence at the hearing challenging the adverse decision by his/her MCC;

7. Ask for an independent medical opinion, at no expense to the enrollee;

8. Continue or reinstate ongoing services pending a hearing decision, as specified in this rule;

9. A written decision setting out the hearing officer’s rulings on findings of fact and conclusions of law; and

10. Resolution, including a hearing before a hearing officer if the case has not been previously resolved in favor of the enrollee, pursuant to 42 C.F.R. § 431.244.

(c) TennCare shall not impair the ability of an enrollee to appeal an adverse hearing decision by requiring that the enrollee bear the expense of purchasing a hearing transcript when such purchase would be a financial hardship for the enrollee.

(d) Parties to an Appeal. Under this rule, the parties to a state fair hearing are limited to the enrollee and TennCare, permitted by federal regulations as modified by CMS letter dated June 5, 2017. The purpose of the hearing is to focus on the enrollee’s medical needs.

(e) Consistent with the Code of Judicial Conduct, hearing officers shall assist pro se enrollees in developing the factual record and shall have authority to order second medical opinions at no expense to the enrollee.

(f) Review of Hearing Decisions.

1. Hearing officers shall promptly issue an Order of their decision. Any Order delivered orally from the bench in an expedited hearing by a hearing officer shall be effective immediately as to the provision or denial of benefits. In accordance with 42 C.F.R. Part 431 Subpart E and 42 C.F.R. Part 438 Subpart F, the hearing officer shall enter a written order as soon as practicable and shall provide the parties with copies of such Orders. The time for appealing any oral Order shall not begin to run until entry of the written Order.

2. The TennCare Bureau shall have the opportunity to review all decisions of hearing officers, in accordance with T.C.A. §§ 4-5-314 and 4-5-315, to determine whether such decisions are contrary to applicable law, regulations or policy interpretations, which shall include but not be limited to decisions regarding the defined package of covered benefits, determinations of medical necessity and decisions based on the application of this chapter and 42 C.F.R. Part 431 Subpart E and 42 C.F.R. Part 438 Subpart F.

(i) If TennCare modifies or overturns the decision of the hearing officer, TennCare shall issue a written decision that will be provided to the enrollee and the hearing officer. TennCare’s decision shall constitute final agency action.

(ii) If TennCare does not modify or overturn the decision of the hearing officer, the hearing officer’s decision shall constitute final agency action without additional notice to the enrollee.
(iii) Review of final agency action shall be available to enrollees pursuant to T.C.A. § 4-5-322.

(iv) A hearing officer’s decision in an enrollee’s appeal shall not be deemed precedent for future appeals.

(g) Continuation or Reinstatement of TennCare Services.

1. As permitted under 42 C.F.R. §§ 431.230, 431.231 and 438.420, if required or if the enrollee requests, TennCare services shall continue or be reinstated until the earlier of dismissal of the appeal through the valid factual dispute process, enrollee’s withdrawal of the appeal, or an initial hearing decision adverse to the enrollee.

2. In the case of a timely request for continuation or reinstatement of the TennCare services described in paragraph (4)(g)1. above, the services shall continue or be reinstated only if and to the extent prescribed by the enrollee’s treating clinician.

3. Notwithstanding the requirements of this part, TennCare enrollees are not entitled to continuation or reinstatement of services pending an appeal related to the following:

   (i) When a service is denied because the enrollee has exceeded the benefit limit applicable to that service;

   (ii) When a request for prior authorization is denied for a prescription drug, with the exception of:

       (I) Pharmacists shall provide a single 72-hour interim supply in emergency situations for the non-authorized drug unless such supply would exceed applicable pharmacy benefit limits; or

       (II) When the drug has been prescribed on an ongoing basis or with unlimited refills and becomes subject to prior authorization requirements.

   (iii) When coverage of a prescription drug or service is denied because the requested drug or service is not a category or class of drugs or services covered by TennCare;

   (iv) When coverage for a prescription drug is denied because the enrollee has been locked into one pharmacy and the enrollee seeks to fill a prescription at another pharmacy;

   (v) When a request for reimbursement is denied and the enrollee appeals this denial;

   (vi) When a physician has failed to prescribe or order the service or level of service for which continuation or reinstatement is requested; or

   (vii) If TennCare had not paid for the type and amount of service for which continuation or reinstatement is requested prior to the appeal.

(h) Reserved.

(5) Reserved.
(6) **Release of Enrollee’s Medical Records.**

   (a) When a request is made, by or on behalf of a TennCare enrollee, for approval of a TennCare service or for an appeal of an adverse benefit determination, the enrollee is deemed to have consented to release of his/her relevant medical records to his/her MCC and the TennCare Bureau for the purposes of acting upon the enrollee’s request.

   (b) Providers shall promptly provide copies of an enrollee’s medical records to the enrollee’s MCC(s) and to the TennCare Bureau upon being informed by the MCC(s) or TennCare Bureau that the records have been requested for the purpose of acting upon an enrollee’s request for approval of a TennCare service or an enrollee’s appeal of an adverse benefit determination.

   (c) An enrollee’s consent to release of his/her medical records may be evidenced by his signature (or his provider’s or authorized representative’s signature) upon the enrollee’s initial application for TennCare, upon his TennCare appeal form or other written request for authorization or appeal, or, in the event of an appeal by telephone, by a TennCare Bureau employee’s signing of an appeal form on behalf of an enrollee with documentation of consent to do so.

   (d) The medical records obtained by MCCs and the TennCare Bureau under this rule remain confidential. MCCs and the TennCare Bureau may use and disclose the records only as necessary in their consideration of the enrollee’s request for approval of a TennCare service or the enrollee’s appeal of an adverse benefit determination.

(7) **Time Requirements.**

   (a) MCCs must act upon a request for prior authorization as provided in 42 C.F.R. § 438.210.

   (b) MCCs must complete reconsideration of standard appeals within fourteen (14) calendar days of the request from TennCare. MCCs must complete reconsideration of expedited appeals within seventy-two (72) hours of the request for SFH.

   (c) All standard and expedited appeals not previously resolved in favor of the enrollee during reconsideration, shall be set for hearing before a hearing officer, and shall be resolved pursuant to the timeframes set forth in 42 C.F.R. § 431.244. In accordance with 42 C.F.R. § 438.410(a) and 42 C.F.R. § 431.244(f)(2), SFH requests which are approved for expedited resolution and which are not resolved in the enrollee’s favor during MCC’s reconsideration, shall be resolved by TennCare within three (3) working days from the date of the MCC’s reconsideration determination. TennCare is not charged with any delays attributable to the enrollee.

   (d) In no circumstance will a directive be issued by the TennCare Bureau or a hearing officer to provide a service to an enrollee if, when the appeal is resolved, the service is no longer covered by TennCare for the enrollee. A directive also will not be issued by the TennCare Bureau if the service cannot reasonably be provided to the enrollee before the date when the service is no longer covered by TennCare for the enrollee.

(8) **Reserved.**

(9) **Special Provisions Relating to Children in State Custody.** Children in the custody of the State have the rights and protections established by 42 C.F.R. Part 431, Subpart E regarding TennCare services and benefits.
TENNCARE STANDARD  
CHAPTER 1200-13-14

(Rule 1200-13-14-.11, continued)

**1200-13-14-.12 OTHER APPEALS BY TENNCARE APPLICANTS AND ENROLLEES.**

Notwithstanding Rule 1200-13-19-.01, or any rule to the contrary, appeals by applicants and enrollees of all non-medical eligibility matters are removed to Rule Chapter 1200-13-19, effective upon expiration of the TDHS contract to determine eligibility matters.

**1200-13-14-.13 MEMBER ABUSE OR OVERUTILIZATION OF THE TENNCARE PHARMACY PROGRAM.**

(1) The Bureau is authorized to implement and maintain a pharmacy lock-in program designed to address member abuse or overutilization. Activities which may indicate abuse or overutilization justifying placement on lock-in or prior approval status include but are not limited to the following:

(a) Forging or altering a prescription for drugs.

(b) Selling TennCare paid prescription drugs.

(c) Failing to control pharmacy overutilization activity while on lock-in status.

(d) Visiting multiple prescribers or pharmacies to obtain controlled substances.

(e) Trading, swapping or selling a TennCare card.

May, 2022 (Revised) 103

(g) Forging or altering a TennCare card.

(h) Knowingly providing false, incomplete, inaccurate or erroneous information to provider(s) in order to receive covered services for which the member is eligible.

(i) Permitting the use of a TennCare card by anyone other than the member to whom the card is assigned in order to receive or attempt to receive services.

(2) The TennCare pharmacy lock-in program shall be administered by the Bureau. Monitoring of enrollee activities listed in Paragraph (1) shall be conducted by the Bureau, the MCCs, including the PBM, and the TennCare Office of Inspector General (OIG). When an enrollee has been identified as having participated in any abuse or overutilization activities, including but not limited to the activities listed in Paragraph (1), the enrollee’s name shall be referred to the Bureau as appropriate or potentially appropriate for the lock-in program as follows:

(a) Appropriate for the lock-in program:
   1. Any enrollee who has been identified by the OIG as having been convicted of TennCare fraud or a drug-related offense.
   2. Any enrollee who has used buprenorphine-containing products for office based opioid addiction treatment within the previous six (6) months.

(b) Potentially appropriate for the lock-in program:
   1. Any enrollee who has been arrested for TennCare fraud.
   2. Any enrollee who has been arrested for a drug-related offense.
   3. Any enrollee who has obtained multiple controlled substance prescriptions over a 90-day period that meet one of the following conditions:
      (i) The prescriptions were filled at three (3) or more pharmacies and written by three (3) or more prescribers.
      (ii) The prescriptions were filled at one (1) or more targeted pharmacies and written by two (2) or more prescribers.
      (iii) The prescriptions were filled at two (2) or more targeted pharmacies and written by one (1) or more prescribers.
      (iv) The prescriptions were filled at one (1) or more targeted pharmacies and written by one (1) or more targeted prescribers.
      (v) The prescriptions were filled at two (2) or more pharmacies and written during three (3) or more emergency room visits.

(3) Pharmacy lock-in procedures shall include:

(a) A determination to place an enrollee who has been referred as appropriate or potentially appropriate for the lock-in program on lock-in status shall be made by the TennCare Pharmacy Director or designee after the enrollee’s relevant pharmacy claims data has been reviewed by clinical staff.
(b) Any enrollee determined to be appropriate for the lock-in program shall be notified by the Bureau or the MCC prior to the imposition of lock-in status. The notice shall include a brief explanation of the lock-in program, the reason for the determination to place the enrollee on lock-in status, the date the lock-in will become effective, and the information necessary for the enrollee to appeal the decision of the Bureau, pursuant to Rule 1200-13-13-.11.

(c) If an enrollee fails to appeal placement in the lock-in program or an appeal is not resolved in his favor, the enrollee will be provided TennCare pharmacy services only at the lock-in provider to which the enrollee is assigned.

(4) Lock-in provider selection. A pharmacy will qualify for and may be selected by the enrollee as a lock-in provider only if it meets all the following criteria:

(a) It is enrolled in the TennCare Pharmacy Network;

(b) It is within the State of Tennessee;

(c) It is a full-service pharmacy that carries all medications normally carried by pharmacies;

(d) It is not a mail order or specialty pharmacy;

(e) It is not a targeted pharmacy;

(f) It is a single pharmacy location at a specific address. A chain pharmacy may be selected but only the specific named location may be used, not multiple locations or outlets of the chain; and

(g) It is in proximity to the enrollee’s residence, which must be the current address on file with the Bureau.

(5) After twelve (12) months a member may request a change of lock-in provider once each year. Additional changes are limited to the following reasons:

(a) The member has moved and his new address is at least fifteen (15) miles from the lock-in pharmacy and he has updated his address with the Bureau.

(b) The member’s lock-in pharmacy has permanently closed.

(c) The member’s lock-in pharmacy has voluntarily dismissed the enrollee from its practice and has notified the Bureau and the PBM.

(d) The Bureau may, at its sole discretion, determine that there is a compelling need to change the member’s lock-in pharmacy.

(6) Review of lock-in status. The Bureau or the MCC shall periodically review the claims information of members on lock-in status to determine the need for continued lock-in or escalation to prior approval status.

(a) Lock-in status will be discontinued if the Bureau determines that a member has met all of the following criteria for at least six (6) consecutive months:

1. Has not paid cash for any controlled substance prescriptions covered by TennCare.
2. Has not received any narcotic medications while on buprenorphine-containing products for addiction.

3. Has received TennCare reimbursed controlled substance prescriptions from only one (1) provider.

4. Has received TennCare reimbursed prescriptions from only one (1) pharmacy.

(b) If a member is removed from lock-in status, the Bureau or the MCC will monitor the member for changes in utilization patterns and return him to lock-in status if appropriate.

(7) Prior approval status.

(a) A member against whom criminal process alleging TennCare fraud has been issued or who has been convicted of TennCare fraud shall automatically be placed on prior approval status.

(b) Lock-in status shall be escalated to prior approval status if a member on lock-in status meets three (3) of the following criteria over a 90 day period:

1. Has paid cash for three (3) or more controlled substance prescriptions covered by TennCare.

2. Has filled prescriptions for controlled substances at two (2) or more pharmacies.

3. Has received controlled substance prescriptions from two (2) or more prescribers.

4. Has received a narcotic prescription while receiving buprenorphine-containing products for addiction.

(c) A member who has been treated in a hospital emergency department for an overdose of a controlled substance (as identified in the most recently available TennCare data) or an illicit substance identified by toxicology shall automatically be placed on prior approval status.

(8) Emergency pharmacy services may be obtained with a TennCare or MCC override of a member's lock-in status. The PBM has clinical staff available at all times to respond to emergency situations. The PBM must verify that a genuine emergency exists, such as documented proof from the lock-in pharmacy that it is temporarily out of stock of a needed medication. A lock-in override will not be provided simply because a pharmacy is closed for the day unless a true medical emergency exists.

1200-13-14-.14 REPEALED.

1200-13-14-.15 BESMART. This rule supersedes any other rules related to the use of buprenorphine products for treatment of opioid use disorder (OUD) in office based opioid treatment (OBOT) or an opioid treatment program (OTP) by a treating provider participating in an MCO’s network of BESMART providers.

(v) Current users of sixteen (16) mg to twenty-four (24) mg per day of buprenorphine demonstrated by paid claims data from the participant’s previous health insurer.

(4) Prescriptions of buprenorphine containing products to TennCare enrollees by nurse practitioners and physician assistants for the treatment of OUD will not be reimbursed unless the nurse practitioner or physician assistant participates in at least one (1) MCO’s network of BESMART providers.

1200-13-16-.01 DEFINITIONS.

1. ADEQUATE when applied to a medical item or service shall mean that the item or service, considered as part of a course of diagnosis or treatment, is sufficient, but not in excess of what is needed, for diagnosis or treatment of the particular medical condition. In order for a medical item or service to be determined adequate, such item or service must also satisfy the requirements at rule 1200-13-16-.05(5) regarding “safe and effective” and the requirements at rule 1200-13-16-.05(6) regarding “not experimental or investigational.”

2. BENEFITS shall mean the defined package of health care services, including long term care services, for which an enrollee is eligible under the TennCare Program including applicable limits on such services.

3. BUREAU OF TENNCARE shall mean the single State Medicaid agency which is responsible for the administration of the TennCare program.

4. CASE-CONTROL STUDY shall mean a study in which the study and control groups are selected on the basis of whether they have the disease (cases) rather than whether they have been exposed to a risk factor or clinical intervention. The design is therefore observational (as opposed to experimental) and retrospective (as opposed to prospective), with the clinical outcome already known at the outset. Principal disadvantages of this study design are that important confounding variables may be difficult to identify and adjust for, clinical outcome is already known and may influence the measurement and interpretation of data (observer bias), and participants may have difficulty in accurately recalling past medical history and previous exposures (recall bias).

5. CASE REPORT shall mean an uncontrolled observational study (prospective or retrospective) involving an intervention and an outcome in a single patient.

6. CASE SERIES shall mean an uncontrolled study (prospective or retrospective) of a succession of consecutive patients who receive a particular intervention and are followed to observe their outcomes.

7. CLINICAL TRIAL shall mean a study that involves the administration of a test regimen to humans to evaluate its efficacy and safety.
(Rule 1200-13-16-.01, continued)

(8) CONTROL GROUP shall mean a group of patients that serves as the basis of comparison when assessing the effects of the intervention of interest that is given to the patients in the treatment group. Depending upon the circumstances of the trial, a control group may receive no treatment, a "usual" or "standard" treatment, or a placebo. To make the comparison valid, the composition of the control group should resemble that of the treatment group as closely as possible.

(9) CONTROLLED CLINICAL TRIAL shall mean a clinical trial in which a control group (which receives a standard intervention, which may be no treatment) is compared to a study group (which receives the intervention under study) in order to test a research hypothesis. A controlled clinical trial may or may not be randomized.

(10) CONTROLLED COHORT STUDY shall mean an observational study in which outcomes in a group of patients that received an intervention are compared with outcomes in a similar group i.e., the cohort, either contemporary or historical, of patients that did not receive the intervention. Cohort studies are more subject to systematic bias than randomized trials because treatments, risk factors, and other covariables may be chosen by patients or physicians on the basis of important (and often unrecognized) factors that are related to outcome. Therefore, investigators in controlled cohort studies may identify and correct for confounding variables, which are related factors that may be more directly responsible for clinical outcome than the intervention/exposure in question. For example, in an adjusted- (or matched-) cohort study, investigators identify (or make statistical adjustments to provide) a cohort group that has characteristics (e.g., age, gender, disease severity) that are as similar as possible to the group that experienced the intervention.

(11) CONVENIENCE shall mean the degree to which an item or service is designed or recommended for the personal comfort or ease of an enrollee, caregiver, or provider. Alleviation of pain is not considered a matter of convenience.

(12) COST EFFECTIVE when applied to a medical item or service shall mean that the benefits associated with the item or service, considered as part of diagnosis or treatment, outweigh the costs associated with the item or service. When appropriate, such analysis may include assessment of aggregate, population-level data related to the costs or benefits of a medical item or service.

(13) COST-EFFECTIVE ALTERNATIVE SERVICE shall mean a service that is not a covered service but that is approved by TennCare and CMS and provided at an MCC’s discretion. TennCare enrollees are not entitled to receive these services. Cost-effective alternative services may be provided because they are either (1) alternatives to covered Medicaid services that, in the MCC’s judgment, are cost-effective or (2) preventative in nature and offered to avoid the development of conditions that, in the MCC’s judgment, would require more costly treatment in the future. Cost-effective alternative services need not be determined medically necessary except to the extent that they are provided as an alternative to covered Medicaid services. Even if medically necessary, a cost effective alternative service is not a covered service and is provided only at an MCC’s discretion.

(14) COVERED SERVICES shall mean medical items and services that are within an enrollee’s scope of defined benefits, and not in excess of any applicable limits on such items or services. Covered services include long term care services for those enrollees eligible for long term care. With the exception of cost-effective alternative services and even in cases of emergency, only a covered service can be determined to be medically necessary for reimbursement purposes under the program.

(15) DIAGNOSIS shall mean the act or process of identifying or determining the nature and cause of a medical problem or condition through evaluation of patient history, examination, and review of laboratory data and other pertinent information. Diagnosis may include cost
effective screening services provided in accordance with nationally accepted standards or guidelines developed or endorsed by respected medical organizations, such as the Centers for Disease Control and Prevention.

(16) EFFECTIVE describes the use of a medical item or service that produces the intended result and where the benefit of the medical item or service outweighs the adverse medical risks or consequences.

(17) ELIGIBLE describes a person who has been determined to meet the eligibility criteria for the TennCare program.

(18) ENROLLEE shall mean an individual who is eligible for and enrolled in the TennCare program.

(19) EVIDENCE-BASED shall mean the ordered and explicit use of the best medical evidence available when making health care decisions.

(20) EXPERIMENTAL STUDY shall mean a randomized controlled clinical trial.

(21) HIERARCHY OF EVIDENCE shall mean a ranking of the weight given to medical evidence depending on objective indicators of its validity and reliability including the nature and source of the medical evidence, the empirical characteristics of the studies or trials upon which the medical evidence is based, and the consistency of the outcome with comparable studies. The hierarchy in descending order, with Type I given the greatest weight is:

(a) Type I: Meta-analysis done with multiple, well-designed controlled clinical trials;
(b) Type II: One or more well-designed experimental studies;
(c) Type III: Well-designed, quasi-experimental studies;
(d) Type IV: Well-designed, non-experimental studies; and
(e) Type V: Other medical evidence defined as evidence-based
   1. Clinical guidelines, standards or recommendations from respected medical organizations or governmental health agencies;
   2. Analyses from independent health technology assessment organizations; or
   3. Policies of other health plans.

(22) HOME HEALTH SERVICES shall mean those services as defined at 1200-13-13-.01 and 1200-13-14-.01.

(23) INSTITUTIONAL REVIEW BOARD shall mean a specifically constituted review body established or designated by an entity to protect the welfare of human subjects recruited to participate in biomedical or behavioral research.

(24) LONG TERM CARE shall mean institutional services of a nursing facility, an intermediate care facility for the mentally retarded, or services provided through a Home and Community Based Services (HCBS) waiver program.

(25) MCC (MANAGED CARE CONTRACTOR) shall mean:
A managed care organization, pharmacy benefits manager, and/or a dental benefits manager which has signed a TennCare Contract with the State and operates a provider network and provides covered health services to TennCare enrollees; or

(b) A pharmacy benefits manager, dental benefits manager, or behavioral health organization which subcontracts with a managed care organization to provide services; or

(c) A State government agency (i.e., Department of Children’s Services and Division of Mental Retardation Services) that contracts with TennCare for the provision of services.

(26) MCO (MANAGED CARE ORGANIZATION) shall mean an appropriately licensed Health Maintenance Organization (HMO) contracted with the Bureau of TennCare to manage the delivery, provide for access, contain the cost, and ensure the quality of specified covered medical and behavioral benefits to TennCare enrollee-members through a network of qualified providers.

(27) MEDICAID shall mean the federal- and state-financed, state-run program of medical assistance pursuant to Title XIX of the Social Security Act.

(28) MEDICAL CONDITION shall mean a disorder or an abnormal condition of the body and/or mind.

(29) MEDICAL EVIDENCE shall mean Type I-IV analyses and studies and/or Type V evidence defined herein at “HIERARCHY OF EVIDENCE”.

(30) MEDICAL ITEM OR SERVICE shall mean an item or service that is provided, ordered, or prescribed by a licensed health care provider and is primarily intended for a medical and/or behavioral purpose and designed to achieve that medical and/or behavioral purpose.

(31) MEDICAL NECESSITY shall mean the quality of being “medically necessary” as defined by Tennessee Code Annotated, Section 71-5-144, and applies to TennCare enrollees. Implementation of the term “medical necessity” is provided for in these rules, consistent with the statutory provisions, which control in case of ambiguity.

(32) MEDICAL NECESSITY DETERMINATION a decision made by the Chief Medical Officer of the Bureau of TennCare or his or her clinical designee or by the Medical Director of one of its Managed Care Contractors or his or her clinical designee regarding whether a requested medical item or service satisfies the definition of medical necessity contained in Tennessee Code Annotated, Section 71-5-144 and these rules as defined herein. Items or services that are not determined medically necessary shall not be paid for by TennCare.

(33) MEDICAL NECESSITY GUIDELINES shall mean evidence-based guidelines approved by the Chief Medical Officer of the Bureau of TennCare for the purpose of guiding medical necessity determinations for particular courses of diagnosis or treatment.

(34) MEDICALLY NECESSARY is defined by Tennessee Code Annotated, Section 71-5-144, and shall describe a medical item or service that meets the criteria set forth in that statute. The term “medically necessary,” as defined by Tennessee Code Annotated, Section 71-5-144, applies to TennCare enrollees. Implementation of the term “medically necessary” is provided for in these rules, consistent with the statutory provisions, which control in case of ambiguity. No enrollee shall be entitled to receive and TennCare shall not be required to pay for any items or services that fail fully to satisfy all criteria of “medically necessary” items or services, as defined either in the statute or in these rules.
(Rule 1200-13-16-.01, continued)

35. MEDICAL RECORD shall mean all medical histories; records, reports and summaries; diagnoses; prognoses; records of treatment and medication ordered and given; x-ray and radiology interpretations; physical therapy charts and notes; lab reports; other individualized medical documentation in written or electronic format; and analyses of such information.

36. META-ANALYSIS shall mean systematic methods that use statistical techniques for combining results from different studies to obtain a quantitative estimate of the overall effect of a particular intervention or variable on a defined outcome. This combination may produce a stronger conclusion than can be provided by any individual study.

37. NON-CONTROLLED COHORT STUDY shall mean a longitudinal study in which a group of people who share a common characteristic or experience are tracked over time with observation of outcomes within the group.

38. NON-COVERED SERVICE shall mean items and services that are not within the scope of defined benefits for which a beneficiary is eligible under TennCare, including cost-effective alternative services and medical items and services that are in excess of any applicable limits on such items or services that might otherwise be covered. With the exception of cost-effective alternative services, non-covered services under TennCare, including medical items and services in excess of benefit limits, are never to be paid for by TennCare, even if they otherwise would qualify as “medically necessary,” regardless of the medical circumstances involved.

39. NON-EXPERIMENTAL STUDY shall mean a study that is not randomized or controlled. Examples of non-experimental studies include non-controlled cohort studies, case series or case reports.

40. NON-RANDOMIZED CONTROLLED CLINICAL TRIAL shall mean a controlled clinical trial that assigns patients to intervention and control groups using a method that does not involve randomization, e.g., at the convenience of the investigators or some other technique such as alternate assignment. Controlled trials that are not randomized are subject to a variety of biases, including selection bias, in which persons who volunteer or are assigned by investigators to study groups may differ in characteristics other than the intervention itself.

41. OFF-LABEL USE shall mean the use of a drug or biological product that has been approved for marketing by the United States Food and Drug Administration (FDA) but is proposed to be used for other than the FDA-approved purpose.

42. PHYSICIAN shall mean a person licensed pursuant to Chapter 6 or 9 of Title 63 of the Tennessee Code Annotated.

43. QUASI-EXPERIMENTAL STUDY shall mean a study in which the investigator lacks full control over randomization of subjects (lacks full control over the allocation and/or timing of intervention) but nonetheless conducts the study as if it were an experiment, allocating subjects to groups. Examples of quasi-experimental studies include non-randomized controlled clinical trials, controlled cohort studies, or case-control studies.

44. RANDOMIZED CONTROLLED CLINICAL TRIAL shall mean a clinical trial in which participants are assigned in a randomized fashion to a study group (which receives the intervention) or a control group (which receives a standard treatment, which may be no intervention or a placebo). Randomization enhances the comparability of the groups and provides a more valid basis for measuring statistical uncertainty. In this manner, differences in outcomes can be attributed to the intervention rather than to differences between the groups. Randomized controlled trials may or may not be blinded. In a blinded trial, the investigators, the subjects, or both (double-blinded study) are not told to which group they have been assigned, so that this knowledge will not influence their assessment of outcome.
(Rule 1200-13-16-.01, continued)

(45) SCREEN shall mean to test for or examine for the presence of a medical problem or condition in the absence of signs and symptoms of disease.

(46) STUDY shall mean a careful examination or analysis applying scientific methodology and published in a peer-reviewed scientific journal or periodical.

(47) TENNCARE shall mean the TennCare waiver demonstration program(s) and/or Tennessee’s traditional Medicaid program.

(48) TREATING PHYSICIAN OR OTHER TREATING HEALTH CARE PROVIDER shall mean a licensed physician practicing within the scope of his or her license or other licensed health care provider practicing within the scope of his or her license who has personally examined a particular TennCare enrollee and who has provided diagnostic or treatment services for that particular enrollee (whether or not those services were covered by TennCare) for purposes of treating or supporting the treatment of a known or suspected medical condition of that particular enrollee. The term excludes all other providers, including those who have evaluated a particular enrollee’s medical condition primarily or exclusively for the purposes of supporting or participating in a decision regarding TennCare coverage.

(49) TREATMENT shall mean the provision of medical items or services based on the recommendation of a treating physician or other treating health care provider practicing within the scope of his or her license.

1200-13-16-.02 INTRODUCTION.

The medical necessity standard set forth at Tennessee Code Annotated Section 71-5-144 and in these rules shall govern the delivery of all medical items and services to all enrollees or classes of beneficiaries in the TennCare program. The definition of medical necessity will be implemented consistent with federal law, including Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) requirements, and within the state’s authority to define what constitutes a medically necessary Medicaid service. The state recognizes that current EPSDT requirements include coverage of “necessary health care, diagnostic services, treatment and other measures to correct or ameliorate defects and physical and mental illness and conditions discovered by screening services, whether or not such services are covered under the state plan”.

1200-13-16-.03 THE SCOPE OF TENNCARE’S PAYMENT OBLIGATION.

(1) Tennessee has an obligation to provide payment on behalf of TennCare enrollees for and only for (a) covered services (b) that are medically necessary.

(2) No TennCare enrollee is entitled to receive (a) non-covered services including cost effective alternative services or (b) covered services that are not medically necessary.

(3) In the context of prior authorization or concurrent review:
(Rule 1200-13-16-.03, continued)

(a) When a covered service has been designated by the Bureau of TennCare or a managed care contractor as requiring prior approval, no TennCare enrollee is entitled to receive the covered service until the favorable conclusion of the prior approval process.

(b) When a covered service has been designated by the Bureau of TennCare or a managed care contractor as requiring concurrent review, the enrollee may receive covered services until the expiration of any existing authorization for treatment or until a determination that such service is no longer medically necessary. No TennCare enrollee is entitled to receive covered services subject to concurrent review beyond the expiration of any existing authorization for treatment unless such authorization has been extended through the concurrent review process. For TennCare enrollees under age 21, upon receipt of a timely filed request to continue authorization of a service originally prescribed on an ongoing basis, such authorization is automatically extended pending completion of concurrent review. A request to continue authorization shall be timely if received by the MCC prior to the expiration of the current authorization.

1200-13-16-.04 PRIOR AUTHORIZATION AND CONCURRENT UTILIZATION REVIEW.

(1) The Bureau of TennCare may identify certain items or services that, for purposes of determining medical necessity, shall require prior authorization and/or concurrent review.

(a) Managed care contractors and/or a state agency performing the function of a managed care contractor shall implement prior authorization and/or concurrent review procedures for all items or services specified by the Bureau of TennCare and, at their individual discretion, may require prior authorization and/or concurrent review for additional non-emergency medical items or services not specified by the Bureau of TennCare.

(b) Managed care contractors and/or a state agency performing the function of a managed care contractor will inform their enrollees and their participating providers which medical items or services require prior authorization and/or concurrent review. Such notice need not be individualized in nature. Thus, failure to provide individualized prior authorization notices does not invalidate the requirement for prior authorization and/or concurrent review. Notice to providers shall be in writing and such notice requirement may be satisfied by publishing notice on the internet.

1200-13-16-.05 MEDICAL NECESSITY CRITERIA.

(1) To be medically necessary, a medical item or service must satisfy each of the following criteria:

(a) It must be recommended by a licensed physician who is treating the enrollee or other licensed healthcare provider practicing within the scope of his or her license who is treating the enrollee;

(b) It must be required in order to diagnose or treat an enrollee’s medical condition;
(Rule 1200-13-16-.05, continued)

(c) It must be safe and effective;

(d) It must not be experimental or investigational; and

(e) It must be the least costly alternative course of diagnosis or treatment that is adequate for the enrollee’s medical condition.

(2) The convenience of an enrollee, the enrollee’s family, the enrollee’s caregiver, or a provider, shall not be a factor or justification in determining that a medical item or service is medically necessary.

(3) Services required to diagnose an enrollee’s medical condition.

(a) Provided that all the other medical necessity criteria are satisfied, services required to diagnose an enrollee’s medical condition may include screening services, as appropriate.

(b) Screening services are “appropriate” if they meet one of the following three categories:

1. Services required to achieve compliance with federal statutory or regulatory mandates under the EPSDT program;

2. Newborn testing for metabolic/genetic defects as set forth in Tennessee Code Annotated, Section 68-5-401; or

3. Pap smears, mammograms, prostate cancer screenings, colorectal cancer screenings, and screening for tuberculosis and sexually transmitted diseases, including HIV, in accordance with nationally accepted clinical guidelines adopted by the Bureau of TennCare.

(c) Unless specifically provided for herein, other screening services are “appropriate” only if they satisfy each of the following criteria:

1. The Bureau of TennCare, a managed care contractor, or a state agency performing the functions of a managed care contractor determines that the screening services are cost effective;

2. The screening must have a significant probability of detecting the disease;

3. The disease for which the screening is conducted must have a significant detrimental effect on the health status of the affected person;

4. Tests must be available at a reasonable cost;

5. Evidence-based methods of treatment must be available for treating the disease at the disease stage which the screening is designed to detect; and

6. Treatment in the asymptomatic phase must yield a therapeutic result.

(d) Services required to diagnose an enrollee’s medical condition include diagnostic services mandated by EPSDT requirements.

(4) Services required to treat an enrollee’s medical condition. Provided that all other elements of medical necessity are satisfied, treatment of an enrollee’s medical condition may only include:
(a) Medical care that is essential in order to treat a diagnosed medical condition, the symptoms of a diagnosed medical condition, or the effects of a diagnosed medical condition and which, if not provided, would have a significant and demonstrable adverse impact on quality or length of life.

(b) Medical care that is essential in order to treat the significant side effects of another medically necessary treatment (e.g., nausea medications for side effects of chemotherapy).

(c) Medical care that is essential, based on an individualized determination of a particular patient’s medical condition, to avoid the onset of significant health problems or significant complications that, with reasonable medical probability, will arise from that medical condition in the absence of such care.

(d) Home health services.

1. Home health aide services are necessary to treat an enrollee’s medical condition only if such services;

   (i) Are of a type that the enrollee cannot perform for himself or herself;

   (ii) Are of a type for which there is no caregiver able to provide the services; and

   (iii) Consist of hands-on care of the enrollee.

2. All other home health services are necessary to treat an enrollee’s medical condition only if they are ordered by the treating physician, are pursuant to a plan of care, and meet the requirements described at subparagraph (a), (b), or (c) immediately above or (f) immediately below. Services that do not meet these requirements, such as general child care services, cleaning services or preparation of meals, are not required to treat an enrollee’s medical condition and will not be provided. Because children typically have non-medical care needs which must be met, to the extent that home health services or private duty nursing services are provided to a person under 18 years of age, a responsible adult (other than the health care provider) must be present at all times in the home during provision of home health or private duty nursing services unless all of the following criteria are met:

   (i) The child is non-ambulatory; and

   (ii) The child has no or extremely limited ability to interact with caregivers; and

   (iii) The child shall not reasonably be expected to have needs that fall outside the scope of medically necessary TennCare covered benefits (e.g., the child has no need for general supervision or meal preparation) during the time the home health provider or private duty nurse is in the home without the presence of another responsible adult; and

   (iv) No other children shall be present in the home during the time the home health provider or private duty nurse is present in the home without the presence of another responsible adult.

3. Private Duty Nursing services are separate services from home health services. When private duty nurses are authorized by the MCC to provide home health
4. Home health services may not be denied on any of the following grounds:
   (i) Because such services are medically necessary on a long term basis or are required for the treatment of a chronic condition;
   (ii) Because such services are deemed to be custodial care;
   (iii) Because the enrollee is not homebound;
   (iv) Because private insurance utilization guidelines, including but not limited to those published by Milliman & Robertson or developed in-house by TennCare managed care contractors, do not authorize such health care as referenced above;
   (v) Because the enrollee does not meet coverage criteria for Medicare or some other health insurance program, other than TennCare;
   (vi) Because the home health care that is needed does not require or involve a skilled nursing service;
   (vii) Because the care that is required involves assistance with activities of daily living;
   (viii) Because the home health service that is needed involves home health aide services; or
   (ix) Because the enrollee meets the criteria for receiving Medicaid nursing facility services.

(e) Personal Care Services.

1. Personal care services are necessary to treat an enrollee’s medical condition only if such services are ordered by the treating physician pursuant to a plan of care to address a medical condition identified as a result of an EPSDT screening. Personal care services must be supervised by a registered nurse and delivered by a home health aide. In addition the services must:
   (i) Be of a type that the enrollee cannot perform for himself or herself;
   (ii) Be of a type for which there is no caregiver able to provide the services; and
   (iii) Consist of hands-on care of the enrollee.

2. Services that do not meet these requirements, such as general child care services, cleaning services or preparation of meals, are not required to treat an enrollee’s medical condition and will not be provided. For this reason, to the extent that personal care services are provided to a person under 18 years of age, a responsible adult (other than the home health aide) must be present at all times during provision of personal care services.

(f) The following preventive services:
1. Prenatal and maternity care delivered in accordance with standards endorsed by the American College of Obstetrics and Gynecology;

2. Family planning services;

3. Age-appropriate childhood immunizations delivered according to guidelines developed by the Advisory Committee on Immunization Practices;

4. Health education services for TennCare-eligible children under age 21 in accordance with 42 U.S.C. Section 1396d;

5. Other preventive services that are required to achieve compliance with federal statutory or regulatory mandates under the EPSDT program; or

6. Other preventive services that have been endorsed by the Bureau of TennCare or a particular managed care contractor as representing a cost effective approach to meeting the medically necessary health care needs of an individual enrollee or group of enrollees.

(5) Safe and effective.

(a) To qualify as being safe and effective, the type, scope, frequency, intensity, and duration of a medical item or service must be consistent with the symptoms or confirmed diagnosis and treatment of the particular medical condition. The type, scope, frequency, intensity, and duration of a medical item or service must not be in excess of the enrollee's needs.

(b) The reasonably anticipated medical benefits of the item or service must outweigh the reasonably anticipated medical risks based on:

1. The enrollee's condition; and

2. The weight of medical evidence as ranked in the hierarchy of evidence in rule 1200-13-16-.01(21) and as applied in rule 1200-13-16-.06(6) and (7).

(6) Not experimental or investigational.

(a) A medical item or service is not experimental or investigational if the weight of medical evidence supports the safety and efficacy of the medical item or service in question as ranked in the hierarchy of evidence in rule 1200-13-16-.01(21) and as applied in rule 1200-13-16-.06(6) and (7). This standard is not satisfied by a provider's subjective clinical judgment on the safety and effectiveness of a medical item or service or by a reasonable medical or clinical hypothesis based on an extrapolation from use in diagnosing or treating another condition. However, extrapolation from one population group to another (e.g. from adults to children) may be appropriate. For example, extrapolation may be appropriate when the item or service has been proven effective, but not yet tested in the population group in question.

(b) Subject to the provisions set forth in subparagraph (c) immediately below, use of a drug or biological product that has not been approved for marketing under a new drug application or abbreviated new drug application by the United States Food and Drug Administration (FDA) is deemed experimental.

(c) Use of a drug or biological product that has been approved for marketing by the FDA but is proposed to be used for other than the FDA-approved purpose (i.e., off-label use) is experimental and not medically necessary unless the off-label use is shown to be
(Rule 1200-13-16-.05, continued)

widespread and all other medical necessity criteria as set forth in rule 1200-13-16-.05(1)(a), (b), (c) and (e) are satisfied.

(d) Items or services provided or performed for research purposes are experimental and not medically necessary. Evidence of such research purposes may include written protocols in which evaluation of the safety and efficacy of the service is a stated objective or when the ability to perform the service is contingent upon approval from an Institutional Review Board, or a similar body.

(e) Unless a proposed diagnosis or treatment independently satisfies the criteria for “not experimental or investigational”, and satisfies all other medical necessity criteria, the fact that an experimental/investigational treatment is the only available treatment for a particular medical condition or that the patient has tried other more conventional therapies without success does not qualify the service for coverage.

(7) The least costly alternative course of diagnosis or treatment that is adequate for the medical condition of the enrollee.

(a) Where there are less costly alternative courses of diagnosis or treatment that are adequate for the medical condition of the enrollee, more costly alternative courses of diagnosis or treatment are not medically necessary, even if the less costly alternative is a non-covered service under TennCare.

(b) Where there are less costly alternative settings in which a course of diagnosis or treatment can be provided that is adequate for the medical condition of the enrollee, the provision of services in a setting more costly to TennCare is not medically necessary.

(c) If a medical item or service can be safely provided to a person in an outpatient setting for the same or lesser cost than providing the same item or service in an inpatient setting, the provision of such medical item or service in an inpatient setting is not medically necessary and TennCare shall not provide payment for that inpatient service.

(d) An alternative course of diagnosis or treatment may include observation, lifestyle, or behavioral changes or, where appropriate, no treatment at all when such alternative is adequate for the medical condition of the enrollee.

(e) The following is a non-exhaustive illustrative set of circumstances that could fit within the provisions of rule 1200-13-16-.05(7)(d). These examples may or may not be appropriate, depending on an individualized medical assessment of a patient’s unique circumstances:

1. Rest, fluids and over-the-counter medication for symptomatic relief might be recommended for a viral respiratory infection, as opposed to a prescription for an antibiotic;

2. Rest, ice packs and/or heat for acute, uncomplicated, mechanical low back pain along with over-the-counter pain medicine, as opposed to x-rays and a prescription for analgesics;

3. Clear liquids and advance diet as tolerated for uncomplicated, acute gastroenteritis, as opposed to prescription antidiarrheals.

(8) The Bureau of TennCare may make limited special exceptions to the medical necessity requirements described at rule 1200-13-16-.05(1) for particular items or services, such as long term care, or such as may be required for compliance with federal law.
(9) Transportation services that meet the requirements described at rule 1200-13-13-.04 and 1200-13-14-.04 shall be deemed to be medically necessary if provided in connection with medically necessary items or services.

Authority: T.C.A. §§ 4-5-202, 4-5-209, 71-5-105, 71-5-109, 71-5-144 and Executive Order No. 23.

1200-13-16-.06 DETERMINATION OF MEDICAL NECESSITY.

(1) The Bureau of TennCare is ultimately responsible for determining whether specific medical items and/or services under TennCare (a) are covered services and (b) are medically necessary. In the vast majority of cases, medical necessity determinations will be made as part of a prior authorization or concurrent review process. However, less frequently such determinations may be made retrospectively in the course of the investigation of unusual billing or practice patterns. The Bureau of TennCare may delegate covered services and/or medical necessity decisions to managed care contractors. All medical necessity decisions must be made by licensed medical staff with appropriate clinical expertise. The Bureau may review such decisions as a part of routine monitoring or as a result of an enrollee appeal or provider complaint and may overturn such decisions if not made in accordance with these rules.

(2) Non-covered services, including medical items and services in excess of benefit limits, are never to be paid for by TennCare, even if they otherwise would qualify as “medically necessary,” regardless of the medical circumstances involved, unless an MCC, in its discretion, provides a cost effective alternative service.

(3) If, after an enrollee is provided the opportunity by the State or managed care contractor to consult with a physician, a medical item or service has not been recommended, ordered or prescribed by a treating physician or other treating health care provider practicing within the scope of his or her license, it is not medically necessary and is not covered under TennCare.

(4) In making a medical necessity determination, TennCare or its designee will consider a recommendation, order, or prescription for a covered medical item or service from a treating physician or other treating health care provider.

(a) A recommendation, order or prescription from a treating physician or other treating health care professional shall be based on a thorough, up-to-date assessment of the enrollee’s medical condition, with careful consideration of all required medical necessity criteria as defined by statute and by these rules.

(b) The managed care contractor will evaluate the information provided by the treating provider in support of a recommendation, order or prescription for a covered service. If the information or opinion of the treating provider deviates significantly from that of the MCC, the MCC will request further explanation from the treating provider. Upon request from the enrollee’s MCC or the Bureau of TennCare for purposes of making an individualized medical necessity determination, the treating physician or other treating health care provider shall provide information and/or documentation supporting the need for the recommended medical item or service in order to diagnose or treat the enrollee’s medical condition.
(Rule 1200-13-16-.06, continued)

(c) In addition, when requested, the treating physician or other treating health care provider will provide a written explanation as to why a less costly alternative proposed by the MCC is not believed to be adequate to address the enrollee’s medical condition.

(d) Information/documentation requested by the managed care contractor or the Bureau of TennCare for purposes of making a medical necessity determination will be provided free of charge.

(e) Providers who fail to provide information/documentation requested by the managed care contractor or the Bureau of TennCare for purposes of making a medical necessity determination shall not be entitled to payment for provision of the applicable medical item or service. In such instances, providers may not seek payment from patients or third parties for items or services denied payment.

(5) The treating physician’s conclusory statements, without more, are not binding on the State.

(6) In evaluating the request/recommendation of the treating physician or other treating health care provider, a managed care contractor and/or the Bureau of TennCare shall use the hierarchy of evidence to determine if the requested item or service is safe and effective, as referenced at rule1200-13-16-.05(5) and (6)(a), for the enrollee by classifying the item or service as having an A, B, C or D level of supporting evidence, as indicated below. In classifying the item or service as having A, B, C or D level of supporting evidence, extrapolation from one population group to another (e.g. from adults to children) may be appropriate. For example, extrapolation may be appropriate when the item or service has been proven effective, but not yet tested in the population group in question.

(a) “A” level evidence: Shows the requested medical item or service is a proven benefit to the enrollee’s condition as demonstrated by strong scientific literature and well-designed clinical trials such as Type I evidence or multiple Type II evidence or combinations of Type II, III, or IV evidence with consistent results. An “A” rating cannot be based on Type III, Type IV, or Type V evidence alone.

(b) “B” level evidence: Shows the requested medical item or service has some proven benefit to the enrollee’s condition as demonstrated by:

1. Multiple Type II or III evidence or combinations of Type II, III, or IV evidence with generally consistent findings of effectiveness and safety. A “B” rating cannot be based on Type IV or V evidence alone; or

2. Singular Type II, III, IV, or V evidence when consistent with Bureau of TennCare endorsed or established evidence-based clinical guidelines.

(c) “C” level evidence: Shows only weak and inconclusive evidence regarding safety and/or efficacy for the enrollee’s condition such as:

1. Type II, III, or IV evidence with inconsistent findings; or

2. Only Type V evidence is available.

(d) “D” level evidence: Is not supported by any evidence regarding safety and efficacy for the enrollee’s condition.

(7) Application of the Hierarchy of Evidence. After classifying the available evidence, the Bureau of TennCare or a managed care contractor will approve items or services in the following manner:
(Rule 1200-13-16-.06, continued)

(a) Medical items or services with supporting “A” and “B” rated evidence will be considered safe and effective if the item or service does not place the enrollee at a greater risk of morbidity and mortality than an equally effective alternative treatment.

(b) Medical items or services with “C” rated evidence or a physician’s clinical judgment that is not supported by objective evidence, will be considered safe and effective only if the provider shows that the requested service is the optimal intervention for meeting the enrollee’s specific condition or treatment needs, and:

1. Does not place the enrollee at greater risk of morbidity or mortality than an equally effective alternative treatment; and

2. Is the next reasonable step for the enrollee in light of the enrollee’s past medical treatment.

(c) Medical items or services with “D” rated evidence will not be considered safe and effective and, therefore, will not be determined medically necessary.

(8) The Bureau of TennCare or the managed care contractor’s classification of available medical evidence as defined at rule 1200-13-16-.01(21) and any resulting approval of items or services as described at rule 1200-13-16-.06(6) and (7) shall be binding on TennCare enrollees and providers.

(9) The managed care contractor or the Bureau of TennCare will rely upon all relevant information in making a medical necessity determination. Such determinations must be individualized and made in the context of medical/behavioral history information included in the enrollee’s medical record.

(10) The fact that a particular medical item or service has been covered in one instance does not make such item or service medically necessary in any other case, even if such case is similar in certain respects to the situation in which the item or service was determined to be medically necessary.

(11) Items or services that are not determined medically necessary, as defined by the statute or by these rules, shall not be paid for by TennCare.

Authority: T.C.A. §§ 4-5-202, 4-5-209, 71-5-105, 71-5-109, 71-5-144 and Executive Order No. 23.

1200-13-16-.07 DEVELOPMENT OF EVIDENCE-BASED MEDICAL NECESSITY GUIDELINES.

(1) In recognition of the ever-evolving nature of the study and practice of medicine, the growing body of evidence-based medical practice guidelines, the opportunity to achieve cost-containment objectives consistent with quality care, and the existence of practice variability among health care practitioners, the Bureau of TennCare may, on occasion, endorse or establish medical necessity guidelines that shall guide determinations of medical necessity for specific items or services across all managed care contractors and State agencies performing the function of managed care contractors.

(2) Such guidelines shall be established with input from managed care contractors, practicing physicians and other health care providers, shall be evidence-based and shall take into consideration all criteria of the statutory definition of medical necessity.
(Rule 1200-13-16-.07, continued)

(3) The Bureau of TennCare will disseminate approved evidence-based medical necessity guidelines to its contractors and the provider community.

(4) The Bureau of TennCare will implement a continuous medical review process to ensure that approved evidence-based medical necessity guidelines are responsive to advances in medical knowledge and technology.

1200-13-16-.08 RIGHT TO APPEAL A MEDICAL NECESSITY DETERMINATION.

An enrollee may appeal a determination that a medical item or service that is within the enrollee’s scope of covered benefits is not medically necessary. In all such appeals, the burden of proof will rest with the enrollee at all stages.

1200-13-17-.01 Definitions.

(1) COST EFFECTIVE ALTERNATIVE SERVICE is defined at Rule 1200-13-13-.01.

(2) DUAL ELIGIBLE shall mean a person who is a Medicare beneficiary and who is entitled to some form of assistance from TennCare Medicaid.

(3) ENHANCED PAYMENT RATE shall mean the payment rate referred to in 42 U.S.C. § 1396a(a)(13)(C). Enhanced payment rates are made only to primary care providers and to providers of vaccine administration services, as defined in these rules. These rates are applicable only for dates of service between January 1, 2013, and December 31, 2014.

(4) FULL BENEFIT DUAL ELIGIBLE (FBDE) shall mean a Medicare beneficiary who also qualifies for TennCare benefits, except that Waiver Duals are not considered FBDEs.

(5) MANAGED CARE CONTRACTOR (MCC) is defined at Rule 1200-13-13-.01.

(6) MEDICARE ALLOWED AMOUNT shall mean the amount that Medicare considers reasonable for a Medicare-covered service, as defined on the claim for that service.

(7) MEDICARE BENEFITS shall mean the health care services available to Medicare beneficiaries through the Medicare program where payment for the services is either completely the obligation of the Medicare program or in part the obligation of the Medicare program, with the remaining payment (cost sharing) obligations belonging to the beneficiary, some other third party, or TennCare.

(8) MEDICARE COINSURANCE is defined as “Coinsurance” at Rule 1240-03-01-.02(1).

(9) MEDICARE COST-SHARING shall mean TennCare’s obligation for payment of certain Medicare beneficiaries’ Medicare deductibles and coinsurance.

(10) MEDICARE CROSSOVER CLAIM shall mean a claim that has been submitted to the Bureau of TennCare for Medicare cost sharing payments after the claim has been adjudicated by Medicare and paid by Medicare and TennCare has determined the enrollee’s liability. Claims denied by Medicare or not submitted to Medicare are not considered Medicare crossover claims.

(11) MEDICARE DEDUCTIBLE is defined as “Deductible” at Rule 1240-03-01-.02(1).
(12) MEDICARE PAID AMOUNT is defined as the amount Medicare actually paid on a claim, which is generally a percentage of the Medicare allowed amount. The Medicare paid amount on a Medicare Part C claim is the amount that the Part C plan paid.

(13) MEDICARE PART A is defined at Rule 1240-03-01-.02(1).

(14) MEDICARE PART B is defined at Rule 1240-03-01-.02(1).

(15) MEDICARE PART C refers to the Medicare Advantage program authorized under Part C of Title XVIII of the Social Security Act, through which beneficiaries may choose to enroll in private managed care plans that contract with the Centers for Medicare and Medicaid Services (CMS). These plans may be HMO plans, PPO plans, or private fee-for-service plans. They offer combined coverage of Part A, Part B, and, in most cases, Part D benefits. Some Medicare Advantage plans offer additional benefits not otherwise covered by Medicare.

(16) MEDICARE PREMIUMS shall mean the Medicare Part A and/or Medicare Part B premiums for which TennCare is responsible, depending on the enrollee's eligibility group. TennCare does not pay for Medicare Part C premiums, Medicare Part D premiums, or any other Medicare premiums.

(17) PHARMACY PROVIDERS shall mean providers enrolled with the Medicare program and with Medicaid to provide Medicare Part B pharmacy services.

(18) PHARMACY SERVICES shall mean outpatient prescription drugs provided through Medicare Part B.

(19) PRIMARY CARE PROVIDERS shall mean, for purposes of the enhanced payment rate, as defined in these rules, primary care providers practicing in family medicine, general internal medicine, pediatric medicine, and related subspecialists who meet requirements as described in 42 C.F.R. § 447.400(a). In accordance with policies set forth by the Bureau of TennCare, these providers must adequately demonstrate to an MCO or the Bureau of TennCare that they meet the minimum board certification requirements and/or that 60 percent of the services they provide represent the eligible codes identified in these rules as primary care or vaccine administration services.

(20) PRIMARY CARE SERVICES are services for which enhanced payment rates, as defined in these rules, will be paid for dates of service between January 1, 2013, and December 31, 2014. The procedure codes for these services, as published in the American Medical Association's Current Procedural Terminology (2013 edition), are Evaluation and Management Codes 99201 through 99499, or their successor codes.

(21) PROFESSIONAL SERVICES shall mean the professional/technical component of Medicare services. These services are typically provided by non-institutional providers or suppliers such as physicians, outpatient clinics, and Durable Medical Equipment vendors. They are generally covered under Medicare Part B and billed on a CMS-1500 claim form. Services that are not billed on a CMS-1500 claim form or an ASC X12N 837P claim transaction are not considered part of this definition.

(22) QMB shall mean Qualified Medicare Beneficiary, as defined at Rule 1240-03-02-.02(2).
SSI shall mean the federal Supplemental Security Income program that provides monthly income to low-income aged, blind, and disabled individuals. An “active” SSI recipient is one who is receiving monthly SSI checks.

TENNCARE ALLOWABLE shall mean the lower of the TennCare maximum fee or 85% of the Medicare allowed amount on the claim.

TENNCARE COVERED SERVICE shall mean any service that is listed as “covered” in Rules 1200-13-13-.04 and 1200-13-14-.04 and that is not listed specifically as an exclusion in Rules 1200-13-13-.10 and 1200-13-14-.10.

TENNCARE MAXIMUM FEE shall mean the maximum amount considered by TennCare for reimbursement of a particular Medicare-covered service. The TennCare maximum fee is 85% of the Cigna Medicare fee schedule amount for participating providers that was in effect on January 1, 2008. For Medicare-covered services that were introduced after January 1, 2008, and that therefore had no Medicare fee schedule amount in effect on that date, the TennCare maximum fee is 85% of the Medicare fee schedule amount for the participating providers that was in effect on the date the service was introduced.

TENNCARE PAYMENT AMOUNT shall mean the net amount paid by TennCare on a Medicare crossover claim. The TennCare payment amount will be the TennCare allowable, less the amount Medicare paid on the claim, less any third party liability. The TennCare payment amount shall not exceed the enrollee’s liability on the claim.

TENNCARE PHARMACY ALLOWABLE shall mean, for Medicare Part B pharmacy services provided to FBDEs by pharmacy providers, as defined in these rules, 100% of the Medicare allowed amount on the claim.

TENNCARE PRIMARY CARE ALLOWABLE shall mean 100% of the designated Medicare Cost-Sharing amounts for primary care services provided by primary care providers as defined in these rules during Calendar Years (CY) 2013 and 2014.

TENNCARE VACCINATION ADMINISTRATION ALLOWABLE shall mean 100% of the designated Medicare Cost-Sharing amounts for vaccine administration services provided by primary care providers as defined in these rules during Calendar Years (CY) 2013 and 2014.

VACCINE ADMINISTRATION SERVICES are services for which enhanced payment rates, as defined in these rules, will be paid for dates of service between January 1, 2013, and December 31, 2014. The procedure codes for these services, as published in the American Medical Association’s Current Procedural Terminology (2013 edition), are Vaccine Administration Codes 90460, 90461, 90471, 90472, 90473, and 90474 or their successor codes.

WAIVER DUAL shall mean a person who was enrolled in TennCare as of December 31, 2001, as an Uninsured or Uninsurable and who also had Medicare. This category was closed for adults 19 and older on April 29, 2005. Waiver Duals are not considered Full Benefit Dual Eligibles.

1200-13-17-.02 ELIGIBILITY FOR CROSSOVER PAYMENTS.

   (1) The following dual eligibles are eligible for TennCare to make Medicare crossover payments on all Medicare covered services, regardless of whether or not these services are also covered by TennCare:

      (a) QMBs;

      (b) Non-QMB FBDEs who are under age 21; and

      (c) Non-QMB FBDEs who are active SSI beneficiaries.

   (2) Non-QMB FBDEs who are age 21 and older and who are not active SSI beneficiaries are eligible for TennCare to make Medicare crossover payments on all Medicare covered services that are also TennCare covered services. They are not eligible for TennCare to make Medicare crossover payments when the service on which the payment is requested is not a TennCare covered service.

1200-13-17-.03 THIRD PARTY RESOURCES.

When a TennCare enrollee is covered by other third party payers, in addition to Medicare, TennCare is the payer of last resort. Whether or not Medicare is the primary payer, providers must bill all other third party payers prior to submitting a crossover claim to the Bureau of TennCare.

1200-13-17-.04 MEDICARE CROSSOVER PAYMENT METHODOLOGY.

   (1) On crossover claims for professional services and procedures with dates of service on or after July 1, 2008, TennCare will pay the lesser of (a) billed charges or (b) the TennCare allowable, as defined in these rules, less the Medicare paid amount, less any third party liability.

   (2) On crossover claims for Medicare Part B pharmacy services provided by pharmacy providers, as defined in these rules, to non-FBDEs with dates of service on or after July 1, 2009, TennCare will pay the lesser of (a) billed charges or (b) the TennCare allowable, as defined in these rules, less the Medicare paid amount, less any third party liability.

   (3) On crossover claims for Medicare Part B pharmacy services provided by pharmacy providers, as defined in these rules, to FBDEs with dates of service on or after July 1, 2009, TennCare will pay the lesser of (a) billed charges or (b) the TennCare pharmacy allowable, as defined in these rules, less the Medicare paid amount, less any third party liability.
(Rule 1200-13-17-.04, continued)

(4) On crossover claims for primary care services, as defined in these rules, TennCare will pay an enhanced payment rate for dates of service between January 1, 2013, and December 31, 2014. The enhanced payment rate will be the lesser of (a) billed charges or (b) the TennCare primary care allowable, as defined in these rules, less the Medicare paid amount, less any third party liability.

(5) On crossover claims for vaccine administration services, as defined in these rules, TennCare will pay an enhanced payment rate for services between January 1, 2013, and December 31, 2014. The enhanced payment rate will be the lesser of (a) billed charges or (b) the TennCare vaccination administration allowable, as defined in these rules, less the Medicare paid amount, less any third party liability.

(6) In no circumstance will the TennCare payment exceed the enrollee’s liability on the Medicare crossover claim.

(7) Medicare crossover payments are normally made by the Bureau of TennCare separately from the Managed Care Contractors. Rules 1200-13-13-.08(12)(b) and 1200-13-14-.08(12)(b) set forth the guidelines for timely filing Medicare crossover claims. However, if an MCC should choose to authorize a non-covered TennCare service as a cost-effective alternative service for a non-QMB FBDE who is age 21 or older and not an SSI recipient, the MCC will be responsible for the Medicare crossover payment on that service. The calculation of this payment should be included by the MCC in its analysis of whether or not the non-covered TennCare service is a cost-effective alternative service.

1200-13-17-.05 PROVIDER ENROLLMENT AND PARTICIPATION REQUIREMENTS.

(1) Medicare providers who are licensed professionals and who wish to bill for services provided to Medicare beneficiaries must enroll with the TennCare program and obtain TennCare Medicaid identification numbers.

(2) Participation in the TennCare/Medicare crossover program is limited to providers who maintain current Tennessee medical licenses and/or current licenses in the states in which they practice.

(3) Providers must be licensed and accredited according to the specific laws and regulations that apply to their service type.

(4) Health care providers who are required under Tennessee law to render services under the supervision of other health care providers will not be assigned TennCare identification numbers. These providers’ claims must be submitted by the licensed or certified health care providers who supervise them.

(4) Any request for an appeal must be received at the address contained in the notice of action no later than 35 days following the date of the notice.
(Rule 1200-13-18-.01, continued)

(5) Provider appeals shall be conducted as contested case hearings by the Tennessee Department of State, Administrative Procedures Division, pursuant to the Tennessee Uniform Administrative Procedures Act (APA).

(6) The Uniform Rules of Procedure for Hearing Contested Cases Before State Administrative Agencies, Chapter 1360-04-01, promulgated under the APA, are adopted by the Bureau and incorporated by reference herein. The Uniform Rules shall govern the conduct of a provider appeal except where a specific contrary provision is adopted by the Bureau in this Chapter.

(7) For purposes of issuing an initial order, a contested case hearing shall be conducted by an administrative judge hearing the case alone.

1200-13-18-.02 DEFINITIONS.

(1) Administrative Judge. An employee or official of the Office of the Secretary of State who is licensed to practice law and authorized by law to conduct contested case proceedings.

(3) Approved Provider. A provider of health care services who has registered with and been approved by the Bureau and has been issued a Tennessee Medicaid Provider Number.

(4) Audit. The systematic process of objectively obtaining and evaluating evidence regarding assertions about economic actions and events to ascertain the degree of correspondence between those assertions and established criteria and communicating the results to interested parties. Audits are conducted in accordance with AICPA (American Institute of Certified Public Accountants) auditing or attestation engagement standards. For purposes of this chapter, audits are conducted of health care provider records, financial information, and statistical data according to principles of cost reimbursement to determine the reasonableness and allowance of costs reimbursable under the Program. Statistically valid random sampling is used to determine actual damages.

(5) Bureau of TennCare (Bureau). The division of the Tennessee Department of Finance and Administration, the single state Medicaid agency, that administers the TennCare Program. For purposes of this Chapter, the Bureau shall represent the State of Tennessee.

(6) Civil Penalty. A monetary penalty assessed by the Bureau against a provider in an amount of not less than $1,000 nor more than $5,000 for each violation of the Tennessee Medicaid False Claims Act. T.C.A. § 71-5-183(h)(3).

(7) Claim. Any request or demand for money, property, or services made to any employee, officer, or agent of the state, or to any contractor, grantee, or other recipient, whether under contract or not, if any portion of the money, property, or services requested or demanded was issued from, or was provided by, the State.

(8) Commissioner. The chief administrative officer of the Tennessee Department where the Bureau is administratively located.

(9) Commissioner’s Designee. A person authorized by the Commissioner to review appeals of initial orders and to enter final orders pursuant to T.C.A. § 4-5-315, or to review petitions for stay or reconsideration of final orders.
(10) Contested Case. An administrative proceeding in which the legal rights, duties or privileges of a party are required by any statute or constitutional provision to be determined by an agency after an opportunity for a hearing.

(11) Credible Allegation of Fraud. Information which has been verified by the Bureau through judicious case-by-case review and found to contain indicia of reliability. This information may be from any source, including but not limited to hotline complaints, claims data mining, patterns identified through provider audits, civil false claims cases, or law enforcement investigations.

(12) Department. The Tennessee Department of Finance and Administration.

(13) Electronic Health Record Incentive Program (EHR-IP). The provisions of the American Recovery and Reinvestment Act of 2009 (ARRA) that provide for incentive payments to eligible professionals (EPs) and eligible hospitals (EHs), including acute care, children’s and critical access hospitals (CAHs) participating in Medicare and Medicaid programs that adopt, implement or update a certified system and successfully demonstrate meaningful use of certified electronic health record (EHR) technology as required by federal regulations.

(14) Enrollee. An individual eligible for and enrolled in the TennCare program.

(15) Error Rate. The percentage of claims in a sample population that was not billed properly and is actionable. Error rates can be applied to entire populations if the sample was the result of statically valid random sampling. The use of the term “error” does not indicate the intent of the person or entity submitting the claim.

(16) Findings of Fact. The factual findings issued by the Administrative Judge or Commissioner’s Designee following an administrative hearing. The factual findings are enumerated in the initial and/or final order. An order must include a concise and explicit statement of the underlying facts of record to support the findings.

(17) Final Agency Decision. A Final Order.

(18) Final Order. An initial order becomes a final order without further notice if not timely appealed, or if the initial order is appealed pursuant to T.C.A. § 4-5-315, the Commissioner or Commissioner’s Designee may render a final order. A statement of the procedures and time limits for seeking reconsideration or judicial review shall be included with the issuance of a final order.

(19) Good Cause Not to Suspend Payment. The Bureau may determine not to suspend payment or not to continue suspension of payment to a provider being investigated due to a credible allegation of fraud if:

(a) Law enforcement officials have specifically requested that a payment suspension not be imposed because such a payment suspension may compromise or jeopardize an investigation;

(b) Other available remedies implemented by the State more effectively or quickly protect Program funds;

(c) The Bureau determines, based upon the submission of written evidence by the provider that is the subject of the payment suspension, that the suspension should be removed;
(Rule 1200-13-18-.02, continued)

(d) Enrollee access to items or services would be jeopardized by a payment suspension because the provider is the sole community physician, the sole source of essential specialized services in a community, or serves a large number of enrollees within a HRSA-designated medically underserved area;

(e) Law enforcement declines to certify that a matter continues to be under investigation; or

(f) The Bureau determines that payment suspension is not in the best interests of the Program.

(20) Good Cause to Suspend Payment Only in Part. The Bureau may determine to suspend payments in part, or to convert a payment suspension previously imposed in whole to one only in part, to a provider being investigated due to a credible allegation of fraud if:

(a) Enrollee access to items or services would be jeopardized by a payment suspension in whole or part because the provider is the sole community physician, the sole source of essential specialized services in a community, or serves a large number of recipients within a HRSA-designated medically underserved area;

(b) The Bureau determines, based upon the submission of written evidence by the provider that is the subject of a whole payment suspension, that such suspension should be imposed only in part;

(c) The credible allegation focuses solely and definitively on only a specific type of claim or arises from only a specific business unit of a provider, and the Bureau determines and documents in writing that a payment suspension in part would effectively ensure that potentially fraudulent claims were not continuing to be paid;

(d) Law enforcement declines to certify that a matter continues to be under investigation; or

(e) The Bureau determines that payment suspension only in part is in the best interests of the Program.

(21) Hearing. A contested case proceeding.

(22) Indicia of Reliability. Factors which the Bureau will examine in determining whether a credible allegation of fraud exists, requiring the suspension of payments to a provider, including but not limited to:

(a) Firsthand knowledge;

(b) Corroborating witness;

(c) Witness conflict (disgruntled employee);

(d) Prior bad acts;

(e) Pattern of bad acts;

(f) Documentary proof;

(g) Admission by provider;

(h) Expert opinion; or
(Rule 1200-13-18-.02, continued)

(i) Indictment by a court of competent jurisdiction.

(23) Initial Order. The decision issued by the administrative judge following a hearing. The initial order shall contain the decision, findings of fact, conclusions of law, the policy reasons for the decision and the remedy prescribed. It shall include a statement of the procedure for filing an appeal of the initial order as well as a statement of any circumstances under which the initial order may, without further notice, become a final order. A statement of the procedures and time limits for seeking reconsideration or other administrative relief and the time limits for seeking judicial review shall be included.

(24) Notice of Action. The document or letter sent by the Bureau to a provider detailing the action the Bureau intends to take against the provider. The notice shall include a statement of the reasons and authority for the action as well as a statement of the provider’s right to appeal the action, if applicable.

(25) Notice of Hearing. The pleading filed with the Administrative Procedures Division by the Bureau upon receipt of an appeal. It shall contain a statement of the time, place, nature of the hearing, and the right to be represented by counsel; a statement of the legal authority and jurisdiction under which the hearing is to be held, referring to the particular statutes and rules involved; and, a short and plain statement of the matters asserted, in compliance with the APA.

(26) Program. See TennCare.

(27) Provider with Prescribing Authority. A health care professional authorized by law or regulation to order prescription medications for her patients and who:

(a) Participates in the provider network of the MCC in which the beneficiary is enrolled; or

(b) Has received a referral of the beneficiary, approved by the MCC, authorizing her to treat the beneficiary; or,

(c) In the case of a TennCare beneficiary who is also enrolled in Medicare, is authorized to treat Medicare patients.

(28) RAT-STATS. A widely accepted statistical software tool designed to assist the user in conducting statistically valid random sampling and evaluating audit results.

(30) Statistically Valid Random Sampling. A method for determining error rates in healthcare billings using extrapolation. Typically used for large numbers of suspect claims or patients, a random sample of claims from a chosen population is selected using RAT-STATS or a similar program. That sample is then analyzed for errors. If the sample is the result of statistically valid random sampling, the error rate in the sample can be extrapolated to the entire population of claims.

(31) TennCare. The program administered by the Single State Agency as designated by the State and CMS pursuant to Title XIX of the Social Security Act and the Section 1115 Research and Demonstration Waiver granted to the State of Tennessee.

(32) Tennessee Medicaid Provider Number. The identifying number issued by the Bureau to an approved provider for the purpose of receiving payment in exchange for rendering services to TennCare enrollees.
(Rule 1200-13-18-.02, continued)

(34) Termination. The deactivation of a provider’s Tennessee Medicaid Provider Number and the cessation of the provider’s TennCare billing privileges.

1200-13-18-.03 ADMINISTRATIVE ACTION FOR RECOVERY UNDER THE TENNESSEE MEDICAID FALSE CLAIMS ACT.

(1) The Attorney General, following an investigation of an approved provider’s claims, may determine that certain provider actions are appropriate for administrative action by the Bureau, pursuant to the Act. The Attorney General may refer any such matters to the Bureau Director, or his designee, along with the investigative file and a recommendation for action.

(2) The Attorney General shall not refer matters originally brought under T.C.A. § 71-5-183(b) or if any person has the right to participate in or recover from the proceeding pursuant to T.C.A. § 71-5-183(c)(5).

(3) Upon receipt of a written request from the Attorney General, the Bureau may commence a contested case proceeding on behalf of the State for recovery under the Act against any person other than an enrollee, recipient or applicant.

(a) The assessment of damages, civil penalties and related costs;

(b) The name and contact information of an individual within the Bureau with knowledge of the claim(s) and the assessment who is authorized to discuss the matter with the provider; and

(c) A statement of the right of the provider to appeal the assessment and the manner in which an appeal must be filed.

(5) Any appeal of a notice of action shall be conducted according to rule .01 of this chapter.

(6) The Bureau may recover actual damages in an amount no greater than twenty-five thousand dollars ($25,000). The amount of actual damages may be based upon a statistically valid random sample utilizing a software tool such as RAT-STATS.

(7) In addition to and not limited by the amount of actual damages, the Bureau may recover:

(9) A subpoena issued by an administrative judge pursuant to the APA requiring the attendance of a witness at a hearing may be served by certified mail at any place in the United States.

Audit findings are reported to the Bureau for the purpose of recovering incorrect payments, by recoupment or withhold.

(2) The Bureau shall notify a provider of its intent to recoup or withhold based upon audit findings by issuing a notice of action. Each notice of action sent to a provider shall contain the proposed recovery action and the following information:

(a) Subject providers to stringent review and audit procedures which may include clinical evaluation of claim services and a prepayment requirement for documentation and for justification of each claim;

(b) Refuse to issue or terminate a Tennessee Medicaid Provider Number if any person who has an ownership or controlling interest in the provider, or who is an agent or managing employee of the provider, has been convicted of a criminal offense related to that person's involvement in any program established under Medicare, Medicaid or the U.S. Title XX Services Program;

(c) Refuse to issue or terminate a Tennessee Medicaid Provider Number if a determination is made that the provider did not fully and accurately make any disclosure of any person who has ownership or controlling interest in the provider, or is an agent or managing employee of the provider and has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid or the U.S. Title XX Services Program since the inception of these programs;

If a provider knowingly bills a recipient and/or family for a TennCare covered service, in total or in part, except as otherwise permitted by State rules, the Bureau may terminate the provider from participation in the program.

(2) In addition to the grounds for sanctions set out in T.C.A. § 71-5-118, activities or practices which justify sanctions against a provider and may include recoupment of monies incorrectly paid shall include but not be limited to:

1200-13-19-.01 SCOPE AND AUTHORITY. This chapter governs all administrative hearings conducted for the purpose of reviewing eligibility determinations for the following categories which use the MAGI income methodology: Children Under 19, Pregnant Women, Caretaker Relatives, CHIP – Children and Pregnancy (CoverKids/HealthyTNBabies). Eligibility determination appeals for any other eligibility category will not be governed by this chapter. This chapter will govern all delay hearings for all eligibility categories. These rules preempt any other TennCare Rules to the extent that they are in conflict with this chapter.

(1) The Tennessee Medical Assistance Act of 1968 and Executive Order Number 23, dated October 19, 1999, designate the Tennessee Department of Finance and Administration as the single state agency for purposes of administering Title XIX of the Social Security Act (Medicaid).

(2) The CoverKids Act of 2006 authorizes the Tennessee Department of Finance and Administration to establish and administer a program to provide health care coverage to uninsured children under Title XXI of the Social Security Act (State Children’s Health Insurance Program).

(3) Titles XIX and XXI of the Social Security Act, TennCare II Medicaid Section 1115 Demonstration Waiver, and 42 CFR Subpart E require the designated state agency to provide for appeals and fair hearings concerning eligibility determinations for applicants and recipients of assistance and services provided through the programs.

(4) The Commissioner of the Department of Finance and Administration has placed responsibility for eligibility determination appeal hearings in the Division of Health Care Finance and Administration (HCFA), except as specifically delegated to the Department of Human Services. HCFA employs Administrative Judges vested with full authority to conduct the hearing process, including authority to schedule and conduct a hearing; administer oaths; issue subpoenas; rule upon offers of proof; regulate the course of the hearing; set the time and place for continued hearings; enter an Initial Order; rule on petitions for reconsideration; and perform duties or actions that are necessary for the fair and timely management of the administrative hearing process.
(Rule 1200-13-19-.01, continued)

(5) Tennessee Code Annotated § 71-5-112 requires any hearing concerning matters of eligibility for medical assistance to be conducted under the Tennessee Uniform Administrative Procedures Act.

(6) Any procedural matter not specifically addressed by these rules is to be resolved by consulting the following authorities in the order listed: the Tennessee Uniform Administrative Procedures Act (UAPA), the Uniform Rules of Procedure For Hearing Contested Cases Before State Administrative Agencies (UAPA Rules), and the Tennessee Rules of Civil Procedure (TRCP).

(1) Administrative Judge. An impartial employee of the Agency who has no direct involvement in the action under consideration prior to the filing of the appeal; is licensed to practice law; is authorized to conduct administrative hearings; and, will hear contested cases and will enter Initial Orders as set out in T.C.A. §§ 4-5-301(a)(2) and 314(b).

(2) Agency. The TennCare Bureau or CoverKids, as applicable.

(3) Agency Record. The Agency record will consist solely of: notice of all proceedings; any pre-hearing order; any motions, pleadings, briefs, petitions, requests and intermediate rulings; evidence received or considered; a statement of matters officially noticed; proffers of proof and objections and rulings thereon; proposed findings, requested orders, and exceptions; the tape recording, stenographic notes or symbols, or transcript of the hearing; any Final Order, Initial Order, or order on reconsideration; staff memoranda or data submitted to the Agency unless prepared and submitted by personal assistants and not inconsistent with T.C.A. § 4-5-304(b); and matters placed on the record after an ex parte communication. The Record must be maintained for a period of time not less than three (3) years as required by T.C.A. § 4-5-319(a). This will be the official record for the purposes of T.C.A. § 4-5-322.

(Rule 1200-13-19-.02, continued)

conclusion sought by the party with the burden of proof is the more probable conclusion. The Appellant bears the burden of proof in any hearing conducted under this chapter.

An Administrative Judge, hearing officer, or Agency member may communicate with the Agency regarding any matter pending before the Agency if such persons do not receive ex parte communications of a type that the Administrative Judge, hearing officer, or Agency members would be prohibited from receiving, and do not furnish, augment, diminish, or modify the evidence in the record. The Final Order is binding upon all parties unless it is stayed, reversed or set aside according to applicable rules. A statement of the procedures and time limits for seeking reconsideration or judicial review must be included.

3. When the Agency receives an appeal from an appellant, the Agency will dismiss this appeal unless the appellant has established a valid factual dispute relating to the appeal. The Agency will screen all appeals submitted by appellants to determine if each appellant has presented a valid factual dispute. If the Agency determines that an appellant failed to present a valid factual dispute, the Agency will immediately provide the appellant with a notice informing him that he must provide additional information as identified in the notice. If the appellant does not provide this information within ten (10) days of the date of the notice, the appeal will be dismissed without the opportunity for a fair hearing. When the period of time prescribed or allowed is less than seven (7) days, intermediate Saturdays, Sundays and legal holidays are excluded in the computation. (Rule 1200-13-19-.06, continued)

section is to be construed to allow any ex parte communications concerning any issue in the proceeding that would be prohibited by T.C.A. § 4-5-304.

(3) An appeal or request for a hearing must be received by the Agency within forty (40) calendar days (inclusive of mail time) of the date of the Agency notice to the individual regarding the intended action or prior to the date of action specified in the notice, whichever is later, unless good cause can be shown as to why the appeal or request for a hearing could not be filed within the required time limit.

(4) Any communication submitted electronically must be received by midnight of the designated date.

1200-13-19-.07 DISMISSAL OF APPEAL OR REQUEST FOR HEARING.

(1) The Agency may close a request for a delay appeal upon making an eligibility determination.

(2) The Agency may dismiss a request for hearing if the appeal request has been withdrawn by the appellant in writing or through electronic or oral notification.

(3) The Agency may dismiss a previously accepted appeal upon evidence presented at a good cause hearing, pre-hearing conference, or in the pleadings that the appeal was not timely filed and that good cause for the untimely filing did not exist.

(4) Upon appropriate proof, the Agency may dismiss an appeal at any point in the hearing process for any of the reasons that the appeal might be denied by the Agency by rule or law, if such facts had been known by the Agency before the appeal was accepted for hearing.

(5) The Agency must dismiss an appeal or request for hearing if the appeal does not present a valid factual dispute and the appellant does not provide additional information or clarification to establish a valid factual dispute within fifteen (15) (inclusive of mail time) days of an Agency request. The Agency decision that an appeal does not raise a valid factual dispute is not appealable.

(6) When the Agency dismisses an appeal it must provide a timely notice of dismissal to the appellant, stating:

(a) The reason for dismissal;

(b) An explanation of the dismissal’s effect on the appellant’s eligibility; and

(c) An explanation of how the appellant may show good cause why the dismissal should be vacated.

1200-13-19-.08 FILING AND SERVICE OF PLEADINGS AND OTHER MATERIALS.

(1) After an appeal is filed, all pleadings and any other materials that are required to be filed by a time certain must be received by the Clerk’s Office by the specified time. The materials may be filed by delivering them to the Agency in person, electronically, by mail or by private carrier.

(2) Upon initiation of a contested case, all pleadings and other materials required to be filed or submitted prior to the hearing must be filed with the Clerk’s Office, where they will be stamped with the date of receipt.

(3) A petition for appeal of an Initial Order or for reconsideration or stay of an Initial or Final Order must be filed with the Agency.

(4) Discovery materials that are not actually introduced as evidence need not be filed, except as provided in this Chapter.

(5) Copies of all materials filed with the Agency in a contested case shall also be served upon all parties, or upon their counsel, and contain a statement indicating that copies have been served upon all parties. Service may be by mail or equivalent carrier, by hand delivery, or in electronic format.

1200-13-19-.09 TELEPHONIC AND ALTERNATE ELECTRONIC METHODS FOR CONDUCTING PREHEARING CONFERENCES AND HEARINGS. In the discretion of the Administrative Judge, and with the concurrence of the parties, any pre-hearing conference or hearing may be conducted by telephone or other electronic means, if each participant in the conference or hearing has an opportunity to fully participate in the entire proceeding while it is taking place.

1200-13-19-.10 COMMENCEMENT OF CONTESTED CASE PROCEEDINGS.

(1) The appellant or his representative may request an appeal or a hearing by any clear expression, oral, written, or through other commonly available electronic means.

(2) Upon determination that an appeal or a request for a hearing contains a valid factual dispute, the Agency will issue a notice of hearing as defined in this chapter. The notice of hearing must:

   (a) Contain a statement of the date, time, place, and nature of the hearing;

   (b) Inform the appellant of the right to be represented by counsel or another authorized person of his choice;

   (c) Contain a statement of the legal authority and jurisdiction under which the hearing will be held, including references to the specific statutes and rules involved;
(Rule 1200-13-19-.10, continued)

(d) Contain instructions to the appellant to notify the Agency if he requires a change in the schedule;

(e) Provide a short and plain statement of the matters asserted and define the issues and refer to detailed statements of the matters involved, if available;

(f) Provide information about hearing procedures, including the right to present written evidence and testimony and to bring witnesses and members of his family to the hearing.

(g) Inform the appellant of his right to inspect the Agency file regarding the matter under appeal and to copy from the file.

(3) Service of Notice of Hearing.

(a) The Agency will provide the appellant or his representative with a copy of the notice of hearing by delivering it to the party electronically; by U.S. Mail; by certified mail; FedEx, UPS, or equivalent carrier; or by personal service. The notice will be sent a minimum of ten (10) days in advance of the date of the hearing. Delivery is presumed within five (5) days if sent by regular mail; the day following for expedited or overnighted delivery; the same day for electronic delivery and personal service.

(b) Service of the notice of hearing will be made at the address required to be kept current by the applicant or recipient with the Agency by T.C.A. §§ 71-5-106(l) and 110(c)(1), and at the address provided with the request for hearing, if different from the address on file with the Agency. The Agency must use the best address known to it, whether provided directly by the applicant or recipient or obtained indirectly.

(c) If there is a motion for default and there is no indication of actual service on a party, in determining whether to grant the default the Administrative Judge must consider the following:

1. Whether any other attempts at actual service were made;

2. Whether and to what extent actual service is feasible in any given case;

3. What attempts were made to make contact with the party electronically, by telephone, by regular mail, or otherwise; and

4. Whether the Agency has actual knowledge or reason to know that the party may be located at an address other than the address to which the notice was mailed.

(4) Supplemented Notice. In the event it is impractical or impossible to include every element required for notice in the notice of hearing, elements such as the time and place of the hearing may be supplemented in a later written notice.

(5) Filing of Documents. When a contested case is commenced in which an Administrative Judge will be conducting the proceedings, the Agency will provide all the papers that make up the notice of hearing and all pleadings, motions, and objections, formal or otherwise, that have been provided to or generated by the Agency. Legible copies may be filed in lieu of originals.

(6) Answer. The party may respond to the issues set out in the notice or other original pleading by filing a written answer with the Agency in which the party may:
(a) Object to the notice upon the ground that it does not state acts or omissions upon which the Agency may proceed;

(b) Object on the basis of lack of jurisdiction over the subject matter;

(c) Object on the basis of lack of jurisdiction over the person;

(d) Object on the basis of insufficiency of the notice;

(e) Object on the basis of insufficiency of service of the notice;

(f) Object on the basis of failure to join an indispensable party;

(g) Generally deny all the allegations contained in the notice or state that he is without knowledge as to each and every allegation, both of which shall be deemed a general denial of all charges;

(h) Admit in part or deny in part allegations in the notice and elaborate on or explain relevant issues of fact in a manner that will simplify the ultimate issues; and

(i) Assert any available defense.

(7) Amendment to Notice. The notice or other original pleading may be amended within two (2) weeks from service of the notice and before an answer is filed, unless it is shown that undue prejudice will result from this amendment. Otherwise the notice or other original pleading may only be amended by written consent of the parties or by leave of the Administrative Judge, and leave shall be freely given when justice so requires. No amendment to the notice may introduce a new statutory or regulatory basis for denial or termination of enrollment without original service and running of times applicable to service of the original notice. The Administrative Judge shall not grant a continuance to amend the notice or original pleading if it would prejudice the right to a hearing and Initial Order within any mandatory time frames.

(8) Amendments to Conform to the Evidence. When issues not raised by the pleadings are tried by express or implied consent of the parties, they will be treated as if they had been raised in the pleadings. Such amendment of the pleadings as may be necessary to cause them to conform to the evidence and to raise these issues may be made upon motion of any party at any time; but failure to amend for this reason does not affect the result of the determination of these issues. If evidence is objected to at the hearing on the ground that it is not within the issues in the pleadings, the Administrative Judge may allow the pleadings to be amended unless the objecting party shows that the admission of such evidence would prejudice his defense. The Administrative Judge may grant a continuance to enable the objecting party to have reasonable notice of the amendments. However, when the individual is not represented by counsel, the burden is on the Administrative Judge to rule on whether to allow additional evidence and the need for continuances to enable the party additional time to address the new grounds.

(9) Pre-hearing Conference.

(a) In any action set for hearing the Administrative Judge, upon his own motion or upon motion of a party or qualified representative, may direct the parties to appear before him for a conference to consider:

1. The simplification of issues;

2. The necessity or desirability of amendments to the pleadings;
3. The possibility of obtaining admissions of fact and of documents to avoid unnecessary proof;

4. The limitation of the number of expert witnesses; or

5. Other matters that may aid in the disposition of the action.

(b) The Administrative Judge will enter an order reciting the action taken at the conference, the amendments allowed to the pleadings, the agreements made by the parties to the matters considered, and limiting the issues for hearing to those not disposed of by the admissions or agreements of the parties. When entered such order controls the subsequent course of the action, unless modified at the hearing to prevent manifest injustice.

(c) If a pre-hearing conference is not held, the Administrative Judge may issue a pre-hearing order, based on the pleadings, to regulate the conduct of the proceedings.

1200-13-19-.11 REPRESENTATION BY COUNSEL.

(1) Any party to a contested case hearing may be advised and represented, at his own expense, by an attorney in good standing and possessing a current license to practice law in the state of Tennessee.

(2) Any party to a contested case hearing may represent himself or be represented by a non-attorney of his choice, such as a relative, friend or another spokesperson. If the party is represented by a non-attorney, he must provide valid written or oral attestation on the record authorizing representation.

(3) The Agency will notify all parties in a contested case hearing of the right to be represented by counsel. An appearance by a party at a hearing without counsel may be deemed a waiver of the right to counsel.

(4) Entry of an appearance by counsel will be made by the filing of pleadings, or of a formal or informal notice of appearance, or appearance as counsel at a pre-hearing conference or a hearing.

(5) After appearance of counsel has been made, all pleadings, motions, and other documents must be served upon counsel. If appearance is by a non-attorney representative, all documents must be served on both the party and the representative.

(6) Counsel wishing to withdraw must give written notice to the Agency and the Administrative Judge.

(7) Out-of-state attorneys shall comply with T.C.A. § 23-3-103(a) and Tenn. Sup. Ct. R. 19, except that the affidavit referred to in Rule 19 and a motion requesting pro hac vice admission shall be filed with the Clerk’s Office, and served upon the Board of Professional Responsibility according to Rule 19 not later than the first occasion in which the out-of-state attorney files any pleading or paper with the Clerk’s Office or otherwise personally appears.
1200-13-19-.12 PRE-HEARING MOTIONS.

(1) Motions. Parties to a contested case are encouraged to resolve matters on an informal basis prior to a contested case hearing. If efforts at informal resolution fail, any party may request relief in the form of a motion by serving a copy on all parties and by filing the motion with the Administrative Judge. The motion must contain a request for the relief sought and the grounds which entitle the moving party to relief. A motion is considered submitted for disposition seven (7) days after it was filed, unless oral argument is requested and granted, or unless a longer or shorter time is set by the Administrative Judge.

(2) Time Limits; Oral Argument. Each opposing party may file a written response to a motion within seven (7) days of the date the motion was filed. If oral argument is requested, the motion may be argued by conference telephone call. A brief memorandum of law submitted with the motion is preferable to oral argument.

(3) Affidavits; Briefs and Supporting Statements.

(a) Motions and responses to motions must be accompanied by supporting affidavits and briefs or supporting statements. Motions and responses to motions must be supported by affidavits for facts relied upon which are not of record or the subject of official notice. Supporting affidavits must contain only facts admissible in evidence under T.C.A. § 4-5-313, and to which the affiants are competent to testify. Properly verified copies of all papers or parts of papers referred to in the affidavits may be attached.

(b) In the discretion of the Administrative Judge, a schedule may be established for submitting briefs or supporting statements.

(4) Disposition of Motions; Drafting the Order. The Administrative Judge must render a decision on a motion by issuing an order or by instructing the prevailing party to prepare and submit an order within seven (7) days of the ruling on the motion, or as otherwise ordered by the Administrative Judge. After signing an order, the Administrative Judge will cause the order to be served upon the parties.

1200-13-19-.13 CONTINUANCES.

(1) Continuances may be granted for good cause in any stage of the proceeding. The need for a continuance must be brought to the attention of the Administrative Judge as soon as practicable by the appellant, by the Agency, or by mutual consent of the parties.

(2) If an appellant requests a continuance, any mandatory time limits or deadlines for conducting hearings and issuing Initial Orders by an Administrative Judge may be extended by a like period of time. The applicable time frame will be extended only by the number of days that the appellant delays the proceedings, either by his acts or omissions.

1200-13-19-.14 DISCOVERY.

Any party to a contested case proceeding has the right to examine Agency manuals, the Agency case file regarding the matter being contested, and all documents and records used as evidence, at the Agency office during normal State office hours, except that records, the confidentiality of which is protected by law may not be inspected consistent with T.C.A. § 4-5-311. A party or his representative may copy entries or documents to be introduced at the hearing as supporting evidence.

(2) Any party to a contested case proceeding has the right to reasonable discovery under T.C.A. § 4-5-311.

(3) The Administrative Judge will issue subpoenas to require the attendance of witnesses and the production of books, records, papers, or other tangible things necessary and proper for the hearing proceeding, when requested by a party involved in the case. Subpoenas may be served at any place within the State by certified mail in addition to means of service provided by the TRCP.

(4) The Administrative Judge may at or before the time specified in the subpoena for compliance:

(a) Void or modify a subpoena if it is unreasonable and oppressive, or

(b) Tax the party making the request with reasonable costs in the production of books, papers, documents, or other tangible things.

(5) The parties should attempt to achieve discovery informally. Only if such attempts have failed or if the complexity of the case makes informal discovery impracticable shall discovery be sought and conducted under the TRCP.

(6) Upon motion of a party or upon the Administrative Judge's own motion, the Administrative Judge may order that discovery be completed by a certain date.

(7) Any motion to compel discovery, motion to quash, motion for protective order, or other discovery related motion must:

(a) Quote verbatim the interrogatory, request, question, or subpoena at issue, or be accompanied by a copy of the interrogatory, request, subpoena, or excerpt of a deposition which shows the question and objection or response if applicable;

(b) State the reason or reasons supporting the motion; and

(c) Be accompanied by a detailed statement certifying that the moving party or his counsel has made a good faith effort to resolve by agreement the issues raised and that agreement has not been achieved; such efforts must be set out with particularity in the statement.

(8) The Administrative Judge will decide any motion relating to discovery according to the UAPA, the UAPA Rules, or the TRCP.
(Rule 1200-13-19-.14, continued)

(9) Other than as provided in paragraph (7) above, discovery materials need not be filed with the Clerk’s Office.

1200-13-19-.15 ORDER OF PROCEEDINGS.

(1) Hearings of contested cases, including reconsideration hearings, will be conducted as follows:

(a) The Administrative Judge may confer with the parties prior to a hearing to explain the order of proceedings, admissibility of evidence, number of witnesses and other matters.

(b) The hearing is called to order by the Administrative Judge.

(c) The Administrative Judge introduces himself and gives a very brief statement of the nature of the proceedings, including a statement of his role in making factual and legal rulings.

(d) The Administrative Judge then calls on the petitioner to ask if the petitioner is represented by counsel, and if so, counsel is introduced. The Administrative Judge then introduces the respondent’s counsel and any other officials who may be present at the hearing.

(e) The Administrative Judge states what documents the record contains.

(f) The Administrative Judge swears the witnesses.

(g) The parties are asked whether they wish to have all witnesses excluded from the hearing room except during their testimony. If so, all witnesses are instructed not to discuss the case during the pendency of the proceeding and asked to leave the hearing room. Individual parties are permitted to stay in the hearing room, and the State may have one appropriate individual, who may also be a witness, act as its party representative.

(h) Any preliminary motions, stipulations, or agreed orders are heard by the Administrative Judge.

(i) Opening statements are allowed by both parties.

(j) The petitioner, as the moving party, has the burden of proof, calls the first witness and questioning proceeds as follows:

1. Moving party questions.

2. State cross-examines.

3. Moving party redirects.

4. State re-cross-examines.

5. Administrative Judge may ask questions.
(Rule 1200-13-19-.15, continued)

6. Further questions by parties as long as necessary to provide all pertinent testimony.

(k) State calls witnesses and questioning proceeds as follows:

1. State questions.
2. Moving party cross-examines.
4. Moving party re-cross-examines.
5. Administrative Judge may ask questions.
6. Further questions by parties as long as necessary to provide all pertinent testimony.

(l) The moving party and the other party are allowed to call appropriate rebuttal and rejoinder witnesses with examination proceeding as outlined above.

(m) Closing arguments are allowed to be presented by both parties.

(n) The Administrative Judge announces the decision or takes the case under advisement.

(2) The parties are informed that an Initial Order will be written and sent to the parties and that the Initial Order will inform the parties of their appeal rights.

(3) Paragraphs (1) and (2) of this rule are intended to be a general outline for the conduct of a contested case proceeding. A departure from the literal form or substance of this outline, in order to expedite or ensure the fairness of proceedings, is not a violation of this rule.

1200-13-19-.16 DEFAULT AND UNCONTESTED PROCEEDINGS.

(1) The failure of a party to attend or participate in a pre-hearing conference, hearing or other stage of contested case proceedings after appropriate notice of those actions is cause for holding that party in default under T.C.A. § 4-5-309. Failure to comply with any lawful order of the Administrative Judge, necessary to maintain the orderly conduct of the hearing, may be deemed a failure to participate in a stage of a contested case and is cause for a holding of default.

(2) If a party fails to attend or participate as provided in paragraph (1) above, the Administrative Judge will enter into the record evidence of service of notice to that party and determine whether the service of notice is sufficient as a matter of law, according to this chapter. If the notice is held to be sufficient, the Administrative Judge may do either of the following:

(a) Hold the party failing to attend or to participate in default and, after determining that the party in default has the burden of proof, adjourn the proceedings and enter an order of
default stating the grounds for the default that will become a Final Order without further notice as provided in this chapter, unless a petition for reconsideration is timely filed; or

(b) Hold the party failing to attend or to participate in default and, after determining that the party not in default has the burden of proof, conduct the proceedings without the participation of the defaulting party and include in the Initial Order a written notice of default stating the grounds for the default. The Initial Order will become a Final Order without further notice as provided in this chapter, unless a petition for reconsideration is timely filed.

(3) The Administrative Judge will serve the written notice of entry of default for failure to appear as provided in paragraph (2) above on all parties. The defaulting party, no later than fifteen (15) days after receipt of a notice of default, may file a petition for reconsideration as provided in this chapter and T.C.A. § 4-5-317, requesting that the default be set aside for good cause shown, and stating the grounds relied upon. The Administrative Judge may rule on the petition or take no action for twenty (20) days after which the petition is deemed denied. T.C.A. § 4-5-317.

1200-13-19-.17 EVIDENCE. The Administrative Judge will consider the information used to determine the applicant’s eligibility as well as additional relevant information presented as evidence during the course of the appeal. The standard for admissibility of evidence is set out at T.C.A. § 4-5-313.

(1) The testimony of witnesses will be taken in open hearings, except that witnesses may be excluded from the hearing prior to their testimony.

(2) The Administrative Judge will admit and give probative effect to evidence admissible in a court. When necessary to establish facts not reasonably susceptible to proof under the rules of court, evidence may be admitted if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The Administrative Judge will give effect to the rules of privilege recognized by law and to state or federal statutes or regulations protecting the confidentiality of certain records and will exclude evidence which in his judgment is irrelevant, immaterial or unduly repetitious.

(3) Documentary evidence otherwise admissible may be received in the form of copies or excerpts, or by incorporation by reference to material already on file with the Agency. Upon request, parties will be given an opportunity to compare the copy with the original, if reasonably available.

(4) Official notice may be taken of:

(a) Any fact that could be judicially noticed in the courts of Tennessee;

(b) The record of other proceedings before the Agency;

(c) Technical or scientific matters within the Administrative Judge’s specialized knowledge; and

(d) Codes or standards that have been adopted by an agency of the United States, of Tennessee or of another state, or by a nationally recognized organization or association. Parties will be notified before or during the hearing, or before the issuance
of any Initial or Final Order that is based in whole or in part on facts or material noticed, of the specific facts or material noticed and the source, including any staff memoranda and data, and be given an opportunity to contest and rebut the facts or material so noticed.

(5) Every party has the right to present evidence, to make arguments, and to confront and cross-examine witnesses.

(6) Any party intending to introduce an affidavit into evidence must deliver a copy of the affidavit along with the notice described below to the opposing party at least ten (10) days prior to a hearing or a continued hearing. The opposing party has seven (7) days after delivery of the affidavit to deliver to the proponent a request to cross-examine the affiant or the right to cross-examination is waived and the affidavit, if introduced in evidence, will be given the same effect as if the affiant had testified orally. If an opportunity to cross-examine an affiant is not provided after a proper request is made, the affidavit will not be admitted into evidence. Delivery means actual receipt, for purposes of this paragraph. The Administrative Judge may admit affidavits not submitted in compliance with this paragraph where necessary to prevent injustice.

(7) The notice required to accompany an affidavit must contain the following information and be substantially in the following form:

The accompanying affidavit of __________ (here insert name of affiant) will be introduced as evidence at the hearing in __________ (here insert title of proceeding). __________ (Here insert name of affiant) will not be called to testify orally and you will not be entitled to question such affiant unless you notify __________ (here insert name of the proponent or the proponent's attorney) at __________ (here insert address) that you wish to cross-examine such affiant. To be effective, your request must be mailed or delivered to __________ (here insert name of proponent or the proponent's attorney) on or before __________ (here insert a date seven (7) days after the date of mailing or delivering the affidavit to the opposing party).

1200-13-19-.18 INITIAL AND FINAL ORDERS.

(1) At the conclusion of the hearing, the Administrative Judge may allow the parties a designated amount of time to submit proposed findings of fact and conclusions of law.

(2) The Administrative Judge will issue an Initial Order which automatically becomes the Final Order fifteen (15) days after it is issued unless the Agency receives a timely filed petition for appeal, petition for reconsideration, or petition for a stay of effectiveness. The effective date of an Initial Order that becomes final by operation of law is its original date of entry. The Final Order is binding upon all parties unless it is stayed, reversed or set aside according to applicable rules.

(3) If the Administrative Judge becomes unavailable for any reason before issuing an Initial Order or Final Order, a substitute will be appointed as provided in T.C.A. § 4-5-302. The substitute must use the existing record and may conduct further proceedings as appropriate in the interest of justice.

(4) Contents of the Order.
(Rule 1200-13-19-.19, continued)

(a) An Initial Order or a Final Order will include findings of fact, conclusions of law, the policy reasons for the decision, the remedy prescribed and, if applicable, the action taken on a petition for stay of effectiveness. The Agency member’s experience, technical competence, and specialized knowledge may be utilized to evaluate the evidence.

(b) Findings of fact are concise and explicit statements of the underlying facts of record that support the order and must be based exclusively upon the evidence of record from the hearing and on matters officially noticed in that proceeding.

(c) The Initial Order must include a statement that it will automatically become a Final Order without further notice unless a petition for reconsideration or petition for appeal is filed.

(d) The Initial Order or Final Order must include a statement of the procedures and time limits to request an appeal, reconsideration or stay of the Initial or Final Order and the time limits for seeking judicial review of the Final Order.

(5) The Administrative Judge must cause copies of the Initial Order to be sent to each party at the time the order is entered. If an Initial Order becomes final by operation of law, no further notice shall be provided.

(6) If a Final Order is issued, the Agency must cause copies of the Final Order to be sent to each party at the time the order is entered.

1200-13-19-.19 APPEAL OF INITIAL ORDERS.

(1) Written notice of the right to petition for stay, reconsideration, or appeal must accompany the Initial Order sent to the parties.

(2) If an Initial Order is subject to both a timely petition for reconsideration and a petition for appeal, the petition for reconsideration will be disposed of first and a new fifteen (15) day period will start to run.

(3) A petition for appeal from an Initial Order must be addressed to the Commissioner’s Designee and filed with the Clerk’s Office within fifteen (15) days after entry of an Initial Order and comply with T.C.A. § 4-5-315.

(4) A petition for appeal must state its basis.

(5) The Commissioner’s Designee, on his own motion, may review an Initial Order after giving written notice to the parties within fifteen (15) days after entry of an Initial Order.

(6) On appeal the parties will be permitted an opportunity to file briefs. The Agency may provide the parties an opportunity to present oral argument.

(7) The Commissioner’s Designee may enter a Final Order disposing of the proceeding or may remand the matter for further proceedings with instructions to the Administrative Judge who
entered the Initial Order. When remanding a matter, the Commissioner's Designee may order temporary relief if authorized and appropriate.

(8) A Final Order or an order remanding the matter for further proceedings will be entered in writing within sixty (60) days after receipt of briefs and oral argument, unless that period is waived or extended with the written consent of all parties or for good cause shown. The order will identify any differences from the Initial Order and include or incorporate by express reference to the Initial Order, all information required by paragraph .18(4).

1200-13-19-.20 RECONSIDERATION.

(1) Written notice of the right to petition for stay, reconsideration, or appeal must accompany the Initial Order sent to the parties.

(2) If a separate Final Order is entered following the entry of an Initial Order, written notice of the right to petition for reconsideration of the Final Order will accompany the Final Order sent to the parties.

(3) A petition for reconsideration stating in detail the reasons for the request and the relief requested may be addressed to the Administrative Judge and filed with the Clerk's Office by any party within fifteen (15) days after entry of an Initial Order or Final Order.

(4) If an Initial Order is subject to both a timely petition for reconsideration and a petition for appeal, the petition for reconsideration will be disposed of first and a new fifteen (15) day period will start to run.

(5) Filing a petition for reconsideration of the Final Order does not supersede or delay the effective date of the Final Order. The Final Order takes effect on the date entered by the Agency and continues in effect until the petition for reconsideration is granted or until the Final Order is stayed, superseded, modified, or set aside in a manner provided by law. If a change affecting benefits or services occurs while reconsideration is pending, action to implement that change is not delayed pending the decision concerning reconsideration of the Final Order.

(6) Within twenty (20) days of receiving a petition for reconsideration of the Initial or Final Order, the Administrative Judge who entered the Initial or Final Order will enter a written order as set out at T.C.A. § 4-5-317:

Denying the petition;

(b) Granting the petition and setting the matter for further proceedings; or

(c) Granting the petition and issuing a new Initial or Final Order.

(d) If no action is taken on the petition for reconsideration within twenty (20) days, the petition is deemed to be denied.

(7) An order granting a petition for reconsideration and setting the matter for further proceedings will contain:
(Rule 1200-13-19-.20, continued)

(a) A statement of the extent and scope of the proceedings;

(b) A statement limiting the proceedings to argument upon the existing record; and

(c) State that no new evidence will be introduced, unless the party proposing new evidence shows good cause for his failure to introduce the evidence in the original proceeding.

1200-13-19-.21 STAY.

(1) Written notice of the right to petition for stay, reconsideration, or appeal must accompany the Initial Order or Final Order sent to the parties.

(2) A petition for stay of effectiveness of an Initial Order or Final Order may be submitted to the Agency within seven (7) days after entry of the order. The Agency may take action on the petition for stay before or after the effective date of the Initial or Final Order.

1200-13-19-.22 JUDICIAL REVIEW.

(1) Written notice of the right to seek judicial review of the Final Order and the time within which to file a petition for judicial review of the Final Order must be included with the Initial and Final Order sent to the parties.

(2) Judicial review is initiated by filing a petition for review in a Chancery Court of Tennessee having jurisdiction within sixty (60) days after the Final Order is entered. T.C.A. § 4-5-322 sets out the judicial review information.

1200-13-19-.23 CLERICAL MISTAKES. Prior to any appeal being perfected by either party to Chancery Court, clerical mistakes in orders or other parts of the record, and errors of oversight or omission may be corrected by the Administrative Judge or the Commissioner’s Designee at any time on his own initiative or on motion of any party and after such notice, if any, as the Administrative Judge or Commissioner’s Designee may require. The entry of a corrected order does not affect the dates of the original appeal time period.

1200-13-19-.24 AGENCY RECORD.

(1) The agency record as defined in this chapter will remain on file in the Bureau of TennCare for not less than three (3) years and be available to the appellant or his representative at any reasonable time during business hours.

(2) Public access to Final Orders. Hearing decisions will be accessible to the public for inspection and copying, subject to the requirements of safeguarding information which is confidential under any provision of law or rule. (b) All verifications must be furnished within twenty (20) days of the notice requesting additional information unless otherwise specified by federal law.

(c) Each TennCare enrollee is responsible for reporting to his provider that he is a TennCare enrollee.

Individuals applying as Caretaker Relatives under Medicaid (see Rule .07) must cooperate in establishing the paternity of dependent children and obtaining medical support. Failure to cooperate in securing or collecting third party medical insurance, benefits or support is grounds for denying or terminating TennCare eligibility.

The Bureau will assess the continuation of an individual’s temporary absence status on the anticipated date of return. A temporary absence from the State will not preclude continued eligibility under the following circumstances:

1. The absence is for a specific purpose such as a temporary work assignment, visit, hospitalization, participation in an educational or rehabilitation program not available in Tennessee; or

2. The absence is for a child receiving specialized treatment out of state; and

3. The individual indicates his intent to return to Tennessee once the purpose for his absence is accomplished.

(b) In compliance with 42 C.F.R. § 435.603(g)(1), there is no resource or asset test for individuals whose income eligibility is required to be determined using MAGI income requirements.

(c) There is no resource or asset test for pregnant women or children enrolled in CoverKids.

(d) In compliance with 42 C.F.R. § 435.603(g)(2), there are no income or expense disregards for individuals whose eligibility is determined according to MAGI requirements, with the exception of those described at 42 C.F.R. §§ 435.603(d)(1) through (4).

(e) Household composition, for financial eligibility determination purposes, for Child MAGI, Pregnancy MAGI, Caretaker Relative MAGI, TennCare Standard Uninsured, TennCare Standard Medically Eligible, and CoverKids categories will be determined using the MAGI methodology in accordance with 42 C.F.R. § 435.603(f). Household composition for all other categories will be determined according to this Chapter. MAGI household composition methodology is based on federal tax rules and the principles of tax dependency, however the MAGI rules apply to both applicants who expect to file taxes or be claimed as tax dependents, and to those applicants who do not file taxes or are not claimed as tax dependents. Each applicant has his own household size constructed under MAGI rules, and it is permissible for applicants who live in the same household to have different household sizes.

1. Tax Filers.

   (i) For applicants who expect to file taxes, the household includes the tax filer and any dependents the tax filer expects to claim.

   (ii) For applicants claimed as tax dependents, the household is the same as the tax filer claiming the tax dependent. Tax dependents may include individuals not otherwise eligible for Medical Assistance, and who are not applying for benefits. If a non-custodial parent claims a child as a dependent, the dependent child will be included in the non-custodial parent’s household size.

   (iii) For married couples who live together, each spouse will always be included in the other spouse’s household, regardless of the couple’s tax filing status.
(iv) For married couples who expect to file joint taxes but live separately, each spouse will be included in the other spouse’s household.

(v) There are three exceptions to the tax filer rule for applicants claimed as tax dependents. An applicant who meets any of the following is subject to the non-filer household composition rules:

(I) The tax filer is someone other than the applicant’s spouse, or natural, adopted or step parent; or

(II) The applicant is under age nineteen (19), or twenty-one (21) if a full-time student, and is claimed as a tax dependent by one parent, but her parents live together and do not file a joint tax return; or

(III) The applicant is under age nineteen (19), or twenty-one (21) if a full-time student, and expects to be claimed as a tax dependent by a non-custodial parent.

2. Non-Filers. Applicants who do not file taxes are subject to the non-filer household composition rules. The non-filer household includes the applicant and if living with the applicant:

(i) The applicant’s spouse;

(ii) The applicant’s natural, adopted and step children under age nineteen (19), or twenty-one (21) if a full-time student;

(iii) For applicants under age nineteen (19), or twenty-one (21) if a full-time student, the applicant’s natural, adopted or step parent; and

(iv) For applicants under age nineteen (19), or twenty-one (21) if a full-time student, the applicant’s natural, adoptive and step siblings who are under age nineteen (19), or twenty-one (21) if a full-time student.

The basic allowance for housing (BAH) counts as earned income when the payment is made to military personnel living in private housing. When the BAH is paid to service members living on base or in privatized military housing and the allowance is paid and deducted from the service member’s pay in the same month or paid directly to the housing contractor, the BAH is excluded.

46. Protective Payee Payments. Funds received by a protective payee (conservator, authorized representative or representative payee) and used for the care and maintenance of a third party beneficiary (adult or child) who may or may not be a member of the protective payee’s household are excluded as income to the protective payee. Any part of the payment that is retained by the protective payee for her own use is countable income to the protective payee. Even if the protective payee retains a fee for her services, the entire payment issued on behalf of the beneficiary is countable income to the beneficiary.

   (vi) German Reparation Payments;

   (vii) Japanese-American and Aleutian Restitution Payments;

   (viii) Payments made to individuals because of their status as victims of Nazi persecutions;

   (ix) Payments to children born of Vietnam veterans diagnosed with spina bifida; and

   (x) Revenues from the Alaska Native Fund paid under section 21(a) of the Alaska Native Claims Settlement Act.

57. Social Service Payments. Excluded.

58. SSI Payments. Excluded.
59. Supplemental Nutrition Assistance Program (SNAP). The value of a SNAP benefit is excluded. The value of free or reduced food under WIC or the National School Lunch Act is also excluded.

60. Temporary Disability Payments. Income is countable as unearned income to the extent it is not a reimbursement for specific costs and is paid directly to the applicant or any member of the applicant's household.

62. Trusts. Money withdrawn from the body of a trust or interest and dividends accrued to the trust and paid to the individual is countable.

64. U.S. Department of Veterans Affairs Payments. Educational benefits, VA Aid & Attendance, and VA payments from Unusual Medical Expenses are excluded. VA Disability and VA Pension payments made to a veteran are countable. Augmented VA, Apportioned VA, and VA Survivor (DIC) payments are countable for the dependent spouse, child or parent for whom or to whom the benefits are paid.

67. Workers' Compensation. Countable as unearned income to the extent it is not earmarked and used for the purpose for which it is paid (i.e., medical bills or legal expenses).

(c) Resource Requirements. Resources for individuals described in this paragraph are calculated according to the AFDC cash assistance program's resource definitions and policies (Rules 1240-01-04-.05, .07, .09 and .10; 42 C.F.R. §§ 435.840 and 435.845; and 45 C.F.R. § 233.20). Individuals described in this paragraph are subject to the following resource requirements:

1. ABLE Accounts. ABLE account balances and distributions from an ABLE account for a QDE are not a countable resource of the designated beneficiary. Distributions from an ABLE account are countable as a resource when:
   (i) Distributions are retained past the month of receipt for non-qualified disability expenses;
   (ii) Qualified disability expenses (QDE) are expenses related to the blindness or disability of the designated beneficiary and for the benefit of the designated beneficiary. In general, a QDE includes, but is not limited to: education, housing, transportation, employment training and support, assistive technology and personal support services, health, prevention and wellness, financial management and administrative services, legal fees, funeral and burial expenses, and basic living expenses.

2. Annuities. An annuity is a countable resource when it is revocable, assignable, or if it can be sold.
(Rule 1200-13-20-.06, continued)

(i) If an annuity is an excluded resource, payments being received from the annuity are countable unearned income. If the annuity is a countable resource, any payments being received from the annuity are excluded.

(ii) The countable resource value of an annuity is its Fair Market Value (FMV). If the applicant is able to provide the FMV of the annuity, verified by two (2) credible sources in the legitimate business of selling and purchasing annuities, accept the verified value.

(iii) If the applicant does not provide two (2) credible statements of FMV, multiply the total annual payment by the period remaining to determine the countable value. If the period of the annuity is based on an annuitant’s lifetime, the annual payments are multiplied by the annuitant’s life expectancy, according to SSA’s Period Life Table. If the annuity is a “period certain” annuity, annual payments are multiplied by the annuitant’s life expectancy or the period certain, whichever is less. The calculated value of an annuity may be rebutted by providing two (2) credible statements of FMV amounts.

3. Business or Self-Employment. Excluded as essential for the production of earned income. Such excluded resources may include:

(i) Tools/equipment;

(ii) Stock or raw materials;

(iii) Personal property essential for income production;

(iv) Real property;

(v) Office equipment;

(vi) Business loans for the purchase of capital assets;

(vii) Inventory;

(viii) Machinery and equipment;

(ix) Business/commercial checking accounts; and

(x) Life insurance.

4. Burial Contracts or Policies. Excluded. This does not include pre-paid or pre-need burial agreements.

5. Burial Plot. Exclude one burial plot per household member.

6. Prepaid Burial Agreements or Burial Trusts. Exclude one burial agreement or burial trust with equity value of $1,500.00 or less per family member.

8. Certificate of Deposit (CD). Countable if held in a personal account. The value of a CD is the net amount that could be received after penalties for early withdrawal, if applicable. Taxes are not deducted in determining value.
9. Checking Account. Personal checking accounts are countable. Other checking accounts may be excluded if designated for burial needs, educational income, Individual Development Accounts, PASS, prorated as income, proceeds from the sale of a home, disaster or settlement funds and retroactive SSA payments.

10. Contract for Deed or Mortgage. The value of a contract for deed or mortgage may be a countable asset depending on the circumstances of the loan, including the individual’s role as lender or borrower and the accessibility of the asset:

   (i) When the individual is the lender for a contract for deed, the lender may sell or transfer the instrument to have immediate access to the unpaid principal. The value of the contract is the unpaid loan principal. Any portion of a payment that represents the loan principal is a conversion of a resource. Any portion of a payment that represents interest is considered unearned income in the month of receipt and a resource thereafter. The value of the contract may be excluded from countable resources if the individual can demonstrate that the contract cannot be sold without his realizing a net loss.

   (ii) If the individual is the borrower, the property agreement is not a resource. However, the property purchased may be a countable resource following the month of transaction.

11. Educational Income. All educational income is excluded as a resource, including student financial assistance received under Title IV of the Higher Education Act and the Bureau of Indian Affairs. The individual must be enrolled in school and attending classes to be considered a student. Grants, scholarships, fellowships and gifts other than those previously listed intended to pay for tuition, fees or educational expenses are excluded as a resource.

12. Farm, Business or other Equipment. The equity value of non-self-employment income-producing real property, other than the homestead, is countable. If the property is used for self-employment, it is excluded as Business or Self-Employment.

13. Home and Lot. The entire value of the home, whether on land or water, and lot and all adjoining land not separated by property owned by others and any related outbuildings are excluded in determining resource eligibility, as long as the home is the principal place of residence for the applicant/enrollee. Temporary absences from the home do not affect the home’s exemption, as long as the individual intends to return home at a specified time.

15. Individual Development Account (IDA). Up to $5,000.00 in the account is disregarded as a resource as long as the individual complies with the IDA eligibility rules and continues to maintain or make contributions to the account.

17. Sick and Disability Insurance. Excluded.

19. Items of Unusual Value. Exclude up to $2,000.00 of all total personal items of unusual value. If the individual’s equity value in one or more than one item of
unusual value is greater than $2,000.00, the amount that exceeds $2,000.00 is countable towards the resource limit.

20. Life Estates:

(i) Property in which an individual holds a life estate is subject to the same exclusion rules as property the individual owns by title, subject to the following exceptions:

(I) A life estate will be excluded as the home when the property meets the home exemption.

(II) A life estate will be excluded when ownership is necessary for the production of earned income. See Business or Self-Employment in this Subparagraph.

(III) The terms of the life estate contract prevent the holder from selling her interest in the property.

(ii) If the life estate is not excluded based on the criteria above, the entire value of the life estate is a countable asset. The life estate value is determined by multiplying the fair market value of the property by the percentage listed in the "Life Estate Interest Table" for the age of the individual on whose lifetime the life estate is based. If more than one person owns the life estate, the value is based on the owner with the longest life expectancy.

22. Livestock. The value of livestock necessary for business or self-employment, as a tool of the trade, or raised for home/personal consumption is an excluded resource. Income received is countable as self-employment income. Livestock that is used as non-business, income-producing property is countable.

23. Oil and Mineral Rights. May be included with land ownership or owned separately. If surface rights of the same property are excluded (for example, as a home) so are oil and mineral rights. Oil and mineral rights are countable when owned for personal use, or when the surface rights of the same property are countable (non-homestead, real property).

(i) If oil or mineral rights are producing income under a lease agreement, the owner may be constrained from selling or otherwise disposing of those rights. If the land is already excluded, then oil and mineral rights are also excluded.

(ii) If oil or mineral rights are producing income to the individual, and he is not actively engaged in the production of income, the equity value of the rights is countable.

24. Personal Use Resource. Countable unless excluded based on the terms of the asset. A personal resource is typically for the use of the individual and/or his family.

25. Personal Consumption. Exclude as a resource the equity value of a non-business property used to produce goods or services essential to daily activities.
26. PASS. Income an SSI recipient places in an approved PASS account is excluded as a resource. The PASS account itself is also excluded. This exclusion expires when the PASS contract expires or ends, or when the individual is no longer an SSI recipient.

27. Proceeds from the Sale of a Home. Excluded to the extent that the funds are intended to be used to purchase another home subject to the homestead exclusion, and the funds are used for such a purpose within three (3) months of the date of receipt of the proceeds.

28. Promissory Note and Other Loans. A promissory note or other loan given by the household is considered personal property and is countable, unless the note/loan balance is inaccessible or the promissory note is held for reasons other than personal use. The lender holds legal interest and has the legal ability to make available her share in the note or loan. The equity value of the note/loan is countable.

30. Real Property. The equity value in all real property the individual owns individually or jointly is a countable asset with the following exceptions:
   (i) Property excluded as the homestead;
   (ii) The inaccessible equity value of real property;
   (iii) Equity value of income-producing property;
   (iv) Real property necessary for the production of earned income (see Business or Self-Employment in this Subparagraph); or
   (v) Real property excluded under a Conditional Assistance agreement between the individual and the State. The individual must make a bona fide effort to sell the property at its current market value, and repay the State for medical expenses covered by TennCare during the exclusion period with the proceeds of the sale. Exemption of the real property is not to exceed nine (9) months. Only one (1) parcel of property may be excluded under a Conditional Assistance agreement per period of eligibility.
      (I) Repayment of medical expenses covered by TennCare may not exceed the total of the net proceeds. Any proceeds remaining after repayment to the State are considered a resource.
      (II) If the property remains unsold after nine (9) months, the property is considered inaccessible so long as bona fide efforts to sell the property continue.

31. Rental property. Countable if the individual who owns the property is not ‘in the business of’ renting property. Someone who is in the business of renting property is someone who materially participates in the operation and decision making of the rental business for at least twenty (20) hours per week.

32. Retirement Accounts and Pension Plans. Excluded up to $20,000.00. Money held in an IRA, 401(K), or Keogh in excess of $20,000.00 is countable, minus any penalty for early withdrawal. Pension funds that are not accessible are
(Rule 1200-13-20-.06, continued)

excluded as a resource. If the pension becomes accessible due to retirement or termination it becomes a countable resource.

33. Savings Account. Countable if it is characterized by personal use. If the current month’s income has been deposited into the account, it must be excluded when determining the current value of the account. A savings account may be excluded if it is used for one of the following purposes:

(i) Burial funds;
(ii) Business or Self-Employment;
(iii) Educational Income;
(iv) Individual Development Account;
(v) PASS;
(vi) Proceeds from the Sale of a Home (subject to time limits);
(vii) Prorated as Income;
(viii) Settlement or Disaster Payment, if Excluded by Policy; or
(ix) SSI/SSA Retroactive Payment (subject to time limits).

34. Settlement or Disaster Payment. Payments or benefits provided under certain Federal statutes are excluded, if payments are not commingled with other funds. Excluded settlement and/or disaster payments include:

(i) Agent Orange Settlement Payments (and interest from payments);
(ii) Disaster Relief Assistance received under the Disaster Relief Act of 1974;
(iii) Distribution of perpetual judgment funds to Indian tribes under the following:
   (I) Indian Judgment Funds Distribution (P.L. 93-134)
   (II) Black Feet and Gros Ventre Tribes (P.L. 92-254)
   (III) Grand River Band of Ottawah Indiana in Indian Claims Commission Docket No. 40-K;
   (IV) Tribes or groups under P.L. 93-134;
   (V) Yakima Indian Nation or the Apache Tribe of the Mescalero Reservation (P.L. 95-433); and
   (VI) Receipts from land held in trust by the Federal government and distributed to certain Indian tribes under P.L. 94-114.
(iv) Factor VIII or IX Concentrate Blood Products Litigation. The settlement payments (and interest from payments) made as a result of the class action lawsuit to hemophilia patients infected with HIV through blood plasma products;
(Rule 1200-13-20-.06, continued)

(v) Filipino Veterans Compensation Fund Payments. Lump sum payments (and interest from payments) made to certain veterans and spouses of veterans who served in the military of the Government of the Commonwealth of the Philippines during WWII;

(vi) Japanese-American and Aleutian Restitution Payments (and interest from payments);

(vii) Payments made to individuals because of their status as victims of Nazi persecutions (and interest from payments);

(viii) Payments to children born of Vietnam veterans diagnosed with spina bifida (and interest from payments);

(ix) Payments made under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (interest is not excluded);

(x) Revenues from the Alaska Native Fund paid under Section 21(a) of the Alaska Native Claims Settlement Act;

(xi) Criminal Victims Compensation Funds paid to crime victims (excluded for nine (9) months); or

(xii) Energy Employees Occupational Illness Compensation Program Act (EEOICPA).

35. SSI/SSA Retroactive Payments. Excluded for nine (9) months after the payment is received and countable after the nine (9) month exclusion period.

36. Stocks, Bonds and Mutual Funds. Countable if asset is held for personal use. Stocks, bonds or mutual funds may be excluded if held for the purposes listed below:

(i) Burial;

39. Vehicles. Exclude up to $4,600.00 of the equity value of one (1) vehicle in the applicant’s household. The equity value of any other vehicle is countable, unless the vehicle can be excluded based on its use. The equity value of recreational
vehicles (boats, snowmobiles, jet skis, ATVs and aircraft) is a countable resource.

(d) Disregards and Expenses Allowed. For purposes of determining the income of individuals described in this paragraph, the following expenses will be disregarded from their income:

1. Child Support Disregard. Disregard $50.00 per month per household if a child living in the home receives child support payments (current only).

(Rule 1200-13-20-.06, continued)

6. Parents of a pregnant woman applying for TennCare Medicaid Medically Needy Qualified Pregnant Woman coverage are not included in the applicant’s household.

(f) Spenddown.

1. Applicants must produce proof of relevant medical expenses in order to “spend down” monthly income to the TennCare Medically Needy Income Standard (MNIS) to be eligible in a Medically Needy category. If income is below the MNIS, spenddown will not be necessary. Applicants may reduce available monthly income with countable expenses, as listed below, in order to qualify for eligibility in the Medically Needy categories. The income limits for the Medically Needy category are published in the State Plan.

2. Countable Expenses. The following Rules apply to the expenses that may be used to meet spenddown:

   (i) Countable expenses incurred during the month of application, whether paid or unpaid.

   (ii) Countable expenses paid during the month of application, regardless of when such expenses were incurred.

   (iii) Countable expenses incurred during the three (3) calendar months prior to the month of application, whether paid or unpaid.

   (I) Expenses paid during the three calendar months prior to the month of application will not be counted unless such expenses were also incurred during those three calendar months.
(Rule 1200-13-20-.06, continued)

(II) Any expenses incurred before the three (3) calendar months prior to the month of application will not be counted unless payment is made on those expenses during the month of application, in which case only the amount paid during the month of application is counted.

(III) When a Medically Needy enrollee has been eligible for twelve (12) months, he will be expected to meet spenddown again as described in this section, except verified expenses that are documented in the enrollee’s Medicaid record can be carried forward to the next year as long as the individual remains continuously eligible, the expenses remain unpaid, and the bills are not written off by the provider. Only the portions of expenses that were not previously used to meet spenddown can be carried forward to the next eligibility determination. If an enrollee loses eligibility at any point, the carry forward of unpaid medical expenses ends and the enrollee must meet spenddown as if he were a new applicant.

(iv) All medical expenses are considered incurred the date the service is provided with the following exception: medical expenses related to maternity care (e.g., global fee) are considered incurred the month the physician presents a bill once services have begun (i.e., initial examination by the physician at a minimum).

(v) If spenddown is not met by the medical bills incurred as of the date of application submission or as of the date of submission of a renewal application during redetermination, the daily countable medical expenses incurred during the application month will be added until spenddown liability is reached.

3. Incurred or paid expenses for the following individuals may be considered countable expenses for purposes of determining Medically Needy financial eligibility:

   (i) The applicant;

   (ii) Members of the applicant’s household;

   (iii) The applicant’s FRRs or anyone for whom the applicant is financially responsible; and

34. Jury Duty Pay. Countable unless the income is turned over to an applicant’s employer.

35. Long Term Care Insurance Payments. Countable if the payment is not assigned or provided to the nursing home, HCBS provider, or MCO.

36. Military Allowances. Countable. The basic allowance for housing (BAH) is counted as earned income when the payment is made to military personnel living in private housing. The BAH should be treated as unearned income in the form of in-kind support and maintenance (ISM) subject to the Presumed Maximum Value (PMV) rule for service members and their families who live on base or in privatized military housing.

37. Older Americans Act Payments. Count only wages or salaries.

38. PASS Payments. Any earned or unearned income received and used to fulfill an approved plan to achieve self-support is excluded.

39. Payments from FEMA. FEMA payments issued as a result of a presidentially declared emergency or major disaster are excluded. Payments made by comparable disaster assistance programs by States, local governments and disaster assistance organizations are also excluded. FEMA payments which are made to a household to pay for rent, food and utility assistance when there is no major disaster or emergency declaration are countable.

41. Protective Payee Payments. Funds received by a protective payee (conservator, authorized representative or representative payee) and used for the care and maintenance of a third party beneficiary (adult or child) who may or may not be a member of the protective payee’s household are excluded as income to the protective payee. Any part of the payment that is retained by the protective payee for her own use is countable income to the protective payee. Even if the protective payee retains a fee for her services, the entire payment issued on behalf of the beneficiary is countable income to the beneficiary.

42. Rental or Lease Income. Countable as earned income when the individual is in the business of renting or leasing property, i.e., self-employment. Countable as unearned income when the individual is not in the business of renting or leasing property. Count the amount of income remaining after expenses related to maintaining the property are applied.

43. Royalties and Honoraria. Countable.

44. Self-Employment. Net earnings are countable.

45. Settlements or Disaster Payments. The following settlements and disaster payments are excluded as unearned income:

   (i) Agent Orange Settlement Payments (and interest from payments);

   (ii) Disaster Relief Assistance received under the Disaster Relief Act of 1974;

   (iii) Distribution of perpetual judgment funds to Indian tribes under the following:
(I) Indian Judgment Funds Distribution (P.L. 93-134)

(II) Black Feet and Gros Ventre Tribes (P.L. 92-254)

(III) Grand River Band of Ottawah Indiana in Indian Claims Commission Docket No. 40-K;

(IV) Tribes or groups under P.L. 93-134;

(V) Yakima Indian Nation or the Apache Tribe of the Mescalero Reservation (P.L. 95-433); and

(VI) Receipts from land held in trust by the Federal government and distributed to certain Indian tribes under P.L. 94-114.

(iv) Factor VIII or IX Concentrate Blood Products Litigation. The settlement payments (and interest from payments) made as a result of the class action lawsuit to hemophilia patients infected with HIV through blood plasma products;

(v) Filipino Veterans Compensation Fund Payments. Lump sum payments (and interest from payments) made to certain veterans and spouses of veterans who served in the military of the Government of the Commonwealth of the Philippines during WWII;

(vi) Japanese-American and Aleutian Restitution Payments (and interest from payments);

(vii) Payments made to individuals because of their status as victims of Nazi persecutions (and interest from payments);

(ix) Payments made under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (interest is not excluded);

(x) Revenues from the Alaska Native Fund paid under section 21(a) of the Alaska Native Claims Settlement Act; and

(xi) Criminal Victims Compensation Funds paid to crime victims.

46. Severance. Countable.

47. Sheltered Workshop Payments. Countable.

50. Social Service Payments. Excluded.

51. SSI. Excluded.
52. Temporary Disability Insurance. Income is countable as unearned income to the extent it is not a reimbursement for specific costs and is paid directly to the household.

53. Tips. Tips that total more than $20.00 in a calendar month from any one employer are countable earned income. Tips totaling less than $20.00 in a calendar month are countable unearned income.

54. Trusts. Dividends, interest, rents and other income generated by a trust fund, unless otherwise excluded, that can be paid to the beneficiary or to a third party on the beneficiary’s behalf are countable income to the beneficiary for the period the fund is intended to cover, beginning the month the funds become available, regardless of whether the income is actually paid out to the beneficiary. When funds are withdrawn irregularly, the payments are countable in the month received.

(i) Monies withdrawn from the principal of an accessible (countable) trust fund are excluded as income to the beneficiary, because an accessible trust fund is a countable resource. Money cannot be considered income and a resource in the same month.

(ii) Monies disbursed from the principal of an inaccessible trust fund are counted as income because an inaccessible trust fund is an excluded resource.

(iii) Monies received by the trustee of a trust and used for the care and maintenance of a third party beneficiary (adult or child) are excluded as income for the trustee.

55. Unearned In-Kind Income or In-Kind Support and Maintenance. Unearned In-Kind income in the form of food and/or shelter may be countable or excluded depending on the source. If countable, it is subject to either the Value of the One-Third Reduction (VTR) rule or the Presumed Maximum Value (PMV) rule.

56. Unearned In-Kind Income, Not Food or Shelter. Excluded.

58. U.S. Department of Veterans Affairs Payments:

(i) Aid and Attendance and Housebound Allowances. Excluded.

(ii) Apportioned. Payments made to a dependent spouse, child, or parent are countable for the individual to whom the benefits are paid.

(iii) Augmented Benefit. Payments received on behalf of a dependent spouse, child, or parent are countable for the individual for whom the benefits are paid.

(iv) Compensation. Countable.

(v) Death Benefit. Countable as unearned income to an individual if the total amount exceeds the expense of the deceased person’s last illness and burial paid by the individual to whom the death benefit is issued.

(vi) Dependency and Indemnity Compensation (DIC). Countable.
(vii) Educational Benefits. Excluded.

(viii) Payments for Unreimbursed Medical Expenses. Excluded.

(ix) Pension. Countable. If an institutionalized veteran receives a VA improved pension limited to $90.00 per month, the VA pension is excluded.

60. Workers’ Compensation. Countable as unearned income to the extent it is not an expense attributable to obtaining the compensation.

61. WIOA Payments. Countable, unless the payments are for supportive services, such as child care, transportation, or job placement services. Wages earned by a student in the Job Corps program may be excluded under the student earned income exclusion.

(c) Resource Determinations. Resources countable for purposes of individuals described in this paragraph are defined at 20 C.F.R. §§ 416.1201, et seq. Unless otherwise specified below, individuals described in this paragraph are subject to the following resource requirements:

1. ABLE Accounts. Distributions from an ABLE account are excluded if used or intended to be used for QDEs as long as the distributions are identifiable. Distributions from an ABLE account used for non-qualified expenses are excluded if spent in the month of receipt. Distributions from an ABLE account are countable as a resource when:

   (i) Distributions are retained past the month of receipt and are used for or intended to be used for non-qualified disability expenses; or

   (ii) Distributions are retained past the month of receipt and were previously excluded because intended for a QDE, but used for a non-qualified expense. Count the amount of funds used as a resource the first of the month in which funds were spent; or

   (iii) Distributions are retained past the month of receipt, have not been spent, and the intent to use the funds for a QDE has changed. Count the retained funds as a resource the first of the following month.

   (iv) Qualified disability expenses (QDE) are expenses related to the blindness or disability of the designated beneficiary and for the benefit of the designated beneficiary. In general, a QDE includes, but is not limited to: education, housing, transportation, employment training and support, assistive technology and personal support services, health, prevention and wellness, financial management and administrative services, legal fees, funeral and burial expenses, and basic living expenses.

2. Annuities are countable resources for individuals when accessible according to 20 C.F.R. § 416.1201. An annuity is a countable resource when it is revocable, assignable, or can be sold.
If the annuity is an excluded resource, payments being received from the annuity will be countable unearned income, except as excluded at Subpart (v). If the annuity is a countable resource, any payments being received from the annuity are excluded.

Generally, annuities are revocable while in the accumulation phase though an owner will not receive a full refund, unless the annuity is cancelled during the free-look period. Once an annuity has been annuitized, the annuity is excluded as a resource if the funds are unavailable in a lump sum.

The countable value of an annuity during the free-look period is the purchase value. The countable value of an annuity during the accumulation phase is the cash value minus any withdrawals and surrender charges or penalty fees for early withdrawal. If an annuity contains a provision that allows an individual to cash in a contract after annuitization, the countable value of the annuity is the commuted cash value, i.e., the present value of all future payments.

Distributions from an annuity, such as systematic withdrawals and required minimum distributions (RMDs), are considered conversions of a resource rather than income.

Any amount of an annuity held following the month of receipt is a countable resource, except when an annuity is a state annuity for certain veterans. A state annuity is an annuity paid by a state to an individual or an individual’s spouse based on the state’s determination that the individual is a veteran who is aged, blind or disabled.

Annuities that are funded by a pension or a retirement fund held by an employer or union should not be counted as a resource, while the individual is employed, if termination of employment would be necessary to access the funds.

Individuals applying for or receiving LTSS must meet additional requirements regarding asset transfers and exclusion of annuities at Rule .06(3)(h).

3. Business or Self-Employment. Excluded as essential for the production of earned income. Resources may include:

(i) Tools/equipment;
(ii) Stock or raw materials;
(iii) Personal property essential for income production;
(iv) Real property;
(v) Office equipment;
(vi) Business loans for the purchase of capital assets;
(vii) Inventory;
(viii) Machinery and equipment;
(ix) Business/commercial checking accounts; and

(x) Life insurance.

(i) Burial funds which are not commingled are excluded resources when:

(I) The funds are used to purchase a life insurance policy which is then irrevocably assigned to a funeral provider. Either the ownership of the policy or proceeds may be assigned to the funeral provider. The purpose of the assignment is to fund a burial contract.

(II) The funds are invested in an irrevocable pre-paid or pre-need burial contract established by a funeral provider and the contract meets the following conditions:

I. Both the individual and the funeral home representative have signed the document;

II. An itemized list of the services provided under the contract is provided;

III. The total dollar amount of the agreement is specified;

IV. The individual was neither a minor nor legally declared incompetent when the agreement was signed; and

V. The agreement specifies in writing that the money is not refundable under any circumstances.

(III) The funds are invested in a burial trust established by the individual, and the total funds in the trust, including interest payments, do not exceed $6,000.00 per individual. Transport costs which cause the trust value to exceed $6,000.00 are excluded.

(ii) Burial funds are countable resources when:

(I) The funds are used to purchase a life insurance policy and a revocable assignment of the policy or proceeds is made to a funeral provider.

(II) The funds are invested in a revocable pre-paid or pre-need burial contract established by a funeral provider.

(III) Countable burial funds are eligible to be excluded as part of the individual’s burial reserve.

(iii) Burial Reserve. An individual is allowed to set aside $1,500.00 in resources to cover expenses connected to her burial, cremation or other funeral arrangements. Funds allowed to be excluded as part of the burial reserve include revocable, countable burial funds. These funds must not be commingled with other resources, and must be set aside for burial expenses. The $1,500.00 maximum amount of the burial reserve is first reduced by:
5. Burial Plots. Exclude the value of one burial space for each family member, e.g., spouse, child, parent, sibling, whether living in the home or not. Burial plots and spaces include a gravesite, crypt, mausoleum, niche or other repository for bodily remains, vaults, headstones, markers, plaques, containers and arrangement for opening and closing the gravesite.

7. Certificates of Deposit (CD). Countable if held in a personal account. The value of a CD is the net amount that could be received after penalties for early withdrawal, if applicable. Taxes are not deducted in determining net value.

8. Checking Accounts. Personal checking accounts are countable. Some checking accounts that may be excluded include those designated for burial needs, educational income, Individual Development Accounts, PASS, prorated as income, proceeds from the sale of a home, disaster or settlement funds if excluded by policy, and retroactive SSA payments.

9. CCRC Deposit or Fee. The value of an entrance fee paid to a CCRC is a countable resource when it meets the following conditions:

   (i) The entrance fee can be used to pay for care under the terms of the entrance contract should other resources of the individual be insufficient;

   (ii) The entrance fee or its remaining portion is refundable when the individual dies or terminates the contract and leaves the CCRC; and

   (iii) The entrance fee does not confer any ownership interest in the community.

10. Contracts for Deed or Mortgage. The value of a contract for deed or mortgage may be a countable asset dependent on the circumstances of the loan, including the individual’s role as lender or borrower and the accessibility of the asset.

   (i) When the individual is the lender for a contract for deed, the lender may sell or transfer the instrument to have immediate access to the unpaid principal. The value of the contract is the unpaid loan principal. Any portion of a payment that represents the loan principal is a conversion of a resource. Any portion of the payment that represents interest is considered unearned income in the month of receipt and a resource thereafter. The value of the contract may be excluded from the countable resources if the individual can demonstrate that the contract cannot be sold without his realizing a net loss.

   (ii) If the individual is the borrower the property agreement is not a resource. However, the property purchased may be a countable resource following the month of transaction.

11. Educational Income.
(Rule 1200-13-20-.06, continued)

(i) Educational income received under Title IV of the Higher Education Act or under the Bureau of Indian Affairs is excluded as a resource.

(ii) Any portion of a VA educational benefit that is a withdrawal of a veteran’s own contribution is a countable resource if retained in the month following the month of receipt.

(iii) Other grants, scholarships, fellowships and gifts intended to pay for tuition, fees or educational expenses are excluded for nine (9) months beginning the month after the funds are received. The individual must be enrolled in school and attending classes to be considered a student.

12. Farm, Business, Other Equipment. The equity value of non-self-employment income-producing real property, other than the homestead, is a countable resource. Exclude up to $6,000.00 in equity and count only the amount that exceeds the limit, if the net income totals at least six percent (6%) of the equity value. If the property is used for self-employment, it is excluded as Business or Self-Employment.

13. Rental property is countable if the individual who owns the property is not in the business of renting property. Someone who is in the business of renting property is someone who materially participates in the operation and decision making of the rental business for at least (20) hours per week.

14. Homestead Exclusion. The entire value of the home, whether on land or water, all adjoining land not separated by property owned by others and any related outbuildings are excluded in determining resource eligibility as long as:

(i) The home is the principal place of residence for the individual and/or his spouse and/or dependent relatives; and

(ii) If the individual resides in a long-term care facility, his intent to return to the home is established.

(iii) For an institutionalized individual, the home is excluded if Subparts (i) and (ii) above are true and the individual’s equity interest does not exceed the home equity limit established by CMS, with one exception: the home equity limit does not apply to an institutionalized individual if the spouse of the individual, the individual’s child under age twenty-one (21), or a blind or permanently and totally disabled child is residing in the home. An institutionalized individual whose home exceeds the home equity limit established by CMS and who does not have a spouse, a child under age twenty-one (21) or a disabled or blind child living in the home, is not eligible for payment of long term services and supports, unless it is determined undue hardship exists.

(iv) An individual must have lived in the home for it to be considered his home or principal place of residence.

(v) The value of the home and surrounding land will not be counted as a resource during the individual’s absence from an unoccupied home when he intends to return to the property. An absence from the home can be necessary to accomplish a specific purpose such as hospitalization, confinement in a nursing home or receipt of services, such as nursing or personal care services not available to the individual in his home.
An intent to return home is nullified by any efforts to sell or dispose of the property during the exemption period. The exemption based on the intent to return ends the first day of the month after the month efforts are made to sell or dispose of the homestead property.

Rental of a homestead which has been excluded because of intent to return does not nullify the exclusion. The homestead retains the exclusion as long as there is a clear, non-contradictory intent to return, and no efforts are made to sell or dispose of the property. The rent will be counted as unearned income in the month received.

The exemption based on residence of the enrollee's dependent relative ends the first day of the month after the relative last lived in the homestead, if the relative does not intend to return. Real property located outside of Tennessee can be excluded from countable resources as homestead property, if there is substantiation of the individual's intent to return to the home or the property is the principal residence of the individual's spouse or dependent relatives.

15. Individual Development Account. Funds, including accrued interest, in the account are excluded as a resource as long as the individual complies with the IDA eligibility rules and continues to maintain or make contributions into the account.

16. Income-Producing Resource. Exclude up to $6,000.00 of an individual's equity in an income-producing resource if it produces a net annual income to the individual of at least six percent (6%) of the property's equity value. If the individual's equity value is greater than $6,000.00, the amount that exceeds $6,000.00 is countable towards the resource limit.

(i) If an income-producing resource does not produce a net annual income of at least six percent (6%) of the resource's equity value, the entire equity value of the resource is countable.

(ii) If the individual owns more than one piece of income-producing resource and each produces income, each is reviewed to determine whether the six percent (6%) test is met. Then the amounts of the individual's equity in all of those properties producing six percent (6%) are totaled to determine if the total equity of all properties is $6,000.00 or less. If the total equity value in the properties that meet the six percent (6%) rule is over the $6,000.00 equity limit, the amount exceeding $6,000.00 is counted as a resource.

17. Insurance. Exclude Sick and Disability Insurance and Burial Insurance.

18. Items of Unusual Value, Household Goods, and Personal Effects. In general, an item may be considered an item of unusual value if the item is not excluded as a household good or personal effect, and the equity value of the item is greater than $500.00. An item of unusual value that generates income for the individual is countable. The countable value is determined by applying the Rate of Return test (see Income-Producing Resource above). A personal item of unusual value is excluded. Household Goods and Personal Effects are also excluded.

19. Life Estates. Property in which an individual holds a life estate is subject to the same exclusion rules as property the individual owns by title, subject to the following exceptions:
(Rule 1200-13-20-.06, continued)

(i) A life estate will be excluded as the home when the property meets the homestead exemption.

(ii) If the property is used in the passive production of income, then the life estate is subject to the Rate of Return test (see, Income-Producing Resource above).

(iii) A life estate will be excluded when ownership is necessary for the production of earned income.

(iv) The terms of the life estate contract prevent the holder from selling his interest in the property.

(v) If the life estate is not excluded based on the criteria (i)-(iv) above, the entire value of the life estate is a countable asset. The life estate value is determined by multiplying the Fair Market Value (FMV) of the property by the percentage listed in the SSA's Life Estate and Remainder Interest Tables for the age of the individual on whose lifetime the life estate is based. If more than one person owns the life estate, the value is based on the owner with the longest life expectancy.

(vi) When an individual purchases, or, in some other way receives, as compensation in a transaction, a life estate in another individual’s home, the purchase of the life estate is considered an asset transfer subject to penalty, unless the individual then lives in the home for a period of at least one year after receiving the life estate.

(vii) If the individual does live in the home for a period of one year after receiving or purchasing the life estate, then the amount of the transfer is the entire amount used to purchase the life estate.

(viii) If an individual purchases a life estate in another individual’s home and then lives there for one year after the purchase, the life estate is an excluded resource while being used as the individual’s (or the individual’s spouse’s) home. However, if payment for a life estate exceeds the FMV of the life estate the difference between the amount paid and the FMV should be treated as an asset transfer. In addition, if an individual makes a gift or transfer of a life estate interest, the value of the life estate should be treated as a transfer of assets.

20. Life Insurance. Countable or excluded based on the type of life insurance owned by the individual and its intended use. Exclude all life insurance if the total face value of all policies does not exceed $1,500.00 per owner.

21. Livestock. The value of livestock necessary for business or self-employment, as a tool of the trade, or raised for home/personal consumption is an excluded resource. Income received is countable as self-employment income. The equity value of livestock that are pets is countable. Livestock that is used as non-business income-producing property is countable, and subject to treatment as an Income-Producing Resource as described in this subparagraph.

22. Oil and Mineral Rights. May be included with land ownership or owned separately. If surface rights of the same property are excluded (for example, as a home) so are oil and mineral rights. Oil and mineral rights are countable when owned for personal use, or when the surface rights of the same property are countable (non-homestead, real property).
(Rule 1200-13-20-.06, continued)

(i) If oil or mineral rights are producing income under a lease agreement, the owner may be constrained from selling or otherwise disposing of those rights. If the land is already excluded, the oil and mineral rights are excluded.

(ii) If oil or mineral rights are producing income to the individual, and he is not actively engaged in the production of income, the equity value of the rights is subject to the Rate or Return test. See Income-Producing Resource above.

23. Patient Trust Account. The balance of the account at the time of application and redetermination is a countable resource.

24. Personal Resource. Countable unless excluded based on the terms of the asset. A personal resource is typically for the use of the individual and his family.

25. Personal Consumption. Exclude up to $6,000.00 of the equity value of non-business property currently in use to produce goods or services essential to daily activities. Any portion of the property’s equity value in excess of $6,000.00 is a countable resource.

26. PASS. Any income an SSI recipient places in an approved PASS account is excluded as a resource. The PASS account itself is also excluded. This exclusion expires when the PASS contract expires or ends, or when the individual is no longer an SSI recipient.

27. Prepayment of Rent. Countable unless the individual cannot receive the money back under any circumstances (i.e., the lease agreement includes a no refund policy, or the landlord provides a statement that the funds will not be returned to the renter). Prepayment of an applicant’s mortgage is not considered a resource.

28. Prepayment of Nursing Home Care. Prepayment for care deposited by an applicant upon his admission to a TennCare Medicaid-participating long-term care facility is a countable resource for the individual who is subsequently approved for TennCare Medicaid benefits if the deposit was paid from the individual’s own funds.

29. Proceeds from the Sale of a Home. Excluded to the extent that the funds are intended to be used to purchase another home subject to the homestead exclusion, and the funds are used for such a purpose within three (3) months of the date of receipt of the proceeds.

30. Promissory Notes and other Loans. A promissory note or other loan given by the household is considered personal property and is countable, unless the note/loan balance is inaccessible or the promissory note is held for reasons other than personal use. The lender holds legal interest and has the legal ability to make available his share in the note or loan. The equity value of the note/loan is countable.

(i) If a household makes a loan that is considered inaccessible, or is shown to have a significantly lower market value than the unpaid balance of the loan, the loan will be considered to be an uncompensated transfer of assets. The uncompensated asset transfer will be considered to be the outstanding balance due on the loan as of the date of the lender's
application for long term services and supports (nursing facility or HCBS services).

(ii) In addition, the Deficit Reduction Act of 2005 (DRA) provides that funds used to purchase a promissory note, loan or mortgage must meet the following criteria, or the purchase will be treated as a transfer of assets for less than FMV:

(I) The repayment term must be actuarially sound (as determined by SSA standards);

(II) Payments must be made in equal amounts during the term of the loan with no deferral payment and no balloon payments; and

(III) The promissory note, loan or mortgage must prohibit the cancellation of the balance upon the death of the lender.

(iii) If the above criteria are not met, the purchase of the promissory note or loan must be treated as a transfer of assets. The amount used to calculate a penalty will be the outstanding balance of the loan due as of the date of application for TennCare Medicaid.

(iv) Promissory notes that are made for purposes other than personal use are treated according to their use. Promissory notes may be made for the following purposes:

(I) Burial;

(II) Business or Self-Employment; and

(III) Proceeds from the Sale of a Home.

31. Property that represents government authority to engage in an income-producing activity. Excluded if the property is used in trade, business or non-business income-producing activity. Exclude property that is currently not in use due to circumstances beyond the individual’s control and there is a reasonable expectation that the use will resume.

32. Prorated as Income. Excluded.

33. Qualified Tuition Savings Plan (529 Plans). Countable minus any early withdrawal penalties.

34. Real Property. The equity value in all real property the individual owns individually or jointly is a countable asset with the following exceptions:

(i) Property excluded as homestead;

(ii) The inaccessible equity value of real property;

(iii) Equity value of income-producing property (subject to the Rate of Return test);

(iv) Real property necessary for the production of earned income (see Business or Self-Employment); and
(Rule 1200-13-20-.06, continued)

(v) Property excluded under a Conditional Assistance agreement between the individual and the State.

35. Retirement Funds. Retirement funds owned by an individual and held in an IRA, 401(k), or other work-related plan are resources if an individual has the option of withdrawing funds in a lump sum. The value of a retirement fund is the amount of money that the individual can currently withdraw less any penalty for early withdrawal. Retirement funds are not counted as resources if termination of employment is necessary to access the funds or an individual is eligible for and receiving periodic benefits (e.g., pension or annuity). Distributions and systematic withdrawals from a retirement account are conversions of a resource rather than income when an individual can withdraw any of the remaining account balance in a lump sum. Retirement funds are excluded from deeming if owned by an ineligible spouse or an ineligible parent (for non-institutional categories only).

(i) Funds held in a 401(k) or 403(b) retirement account are countable when an individual is no longer job-attached. Funds in a 401(k), part of a profit-sharing plan or stock bonus plan, or in a 403(b) retirement account are also countable when an individual reaches age 59 ½.

(ii) Funds held in an IRA are considered accessible any time. Count the equity value of an accessible IRA when determining eligibility. An IRA held in the form of an annuity will be evaluated as an annuity.

(iii) A Keogh plan established for a self-employed individual is considered accessible and is counted as a resource to the individual even if the household is not actually accessing the funds.

(iv) If the accessibility of a retirement fund cannot be determined based on the documentation received, the summary plan description or a written statement from the plan administrator shall be requested.

(v) Retirement funds are considered nonliquid resources unless there is evidence to suggest otherwise. An individual with excess retirement funds who is otherwise Medicaid-eligible may qualify for conditional assistance while waiting for retirement funds to become available, if the individual agrees in writing to use the funds to repay the medical assistance he received during the conditional assistance period.

36. Savings Accounts. Countable if it is characterized by personal use. If the current month’s income has been deposited into the account it must be excluded when determining the current value of the account. A savings account may be excluded if it is used for one of the following purposes:

(i) Burial funds;

(ii) Business or Self-Employment;

(iii) Educational Income;

(iv) Individual Development Account;

(v) PASS;

(vi) Proceeds from the Sale of a Home (subject to time limits);
(Rule 1200-13-20-.06, continued)

(vii) Prorated as income;

(viii) Settlement or Disaster Payment, if excluded by policy; and

(ix) SSI/SSA Retroactive Payment (subject to time limits).

37. Settlement or Disaster Payment. Payments or benefits provided under certain Federal statutes are excluded, if payments are not commingled with other funds. Excluded settlement and/or disaster payments include:

(i) Agent Orange Settlement Payments;

(ii) Disaster Relief Assistance received under the Disaster Relief Act of 1974;

(iii) Distribution of perpetual judgment funds to Indian tribes under the following:

(I) Indian Judgment Funds Distribution (P.L. 93-134);

(II) Black Feet and Gros Ventre Tribes (P.L. 92-254);

(III) Grand River Band of Ottawa Indians in Indian Claims Commission Docket No. 40-K;

(IV) Tribes or groups under P.L. 93-134;

(V) Yakima Indian Nation or the Apache Tribe of the Mescalero Reservation (P.L. 95-433); and

(VI) Receipts from land held in trust by the Federal government and distributed to certain Indian tribes under P.L. 94-114.

(iv) Factor VIII or IX Concentrate Blood Products Litigation. The settlement payments made to hemophilia patients infected with HIV through blood plasma products as a result of the class action lawsuit;

(v) Filipino Veterans Compensation Fund Payments. Lump sum payments made to certain veterans and spouses of veterans who served in the military of the Government of the Commonwealth of the Philippines during WWII;

(vi) Japanese-American and Aleutian Restitution Payments;

(vii) Payments made to individuals because of their status as victims of Nazi persecutions;

(viii) Payments to children born of Vietnam veterans diagnosed with spina bifida;

(ix) Payments made under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (State and local payments are only excluded for nine (9) months);

(x) Revenues from the Alaska Native Fund paid under section 21(a) of the Alaska Native Claims Settlement Act;
TENNCARE TECHNICAL AND FINANCIAL ELIGIBILITY

Chapter 1200-13-20

(Rule 1200-13-20-.06, continued)

(xi) Criminal Victims Compensation Funds paid to crime victims (excluded for nine (9) months); and

(xii) Energy Employees Occupational Illness Compensation Program Act (EEOICPA).

38. SSI/SSA Retroactive Payment. Excluded for nine (9) months after the payment is received and counted after that nine (9) month exclusion period.

39. Stocks/Bonds/Mutual Funds. Countable. Although personal mutual funds are countable, those held for purposes listed below are subject to different treatment:

(i) Burial;

(ii) Business or Self-Employment;

(iii) Educational Income;

(iv) Proceeds from the Sale of a Home;

(v) Prorated as Income; or

(vi) Settlement or Disaster Payment, if excluded by policy.

40. Tools of the Trade. Excluded.

41. Trusts. Countable or excluded based on the nature of the trust, the date the trust was created, the source of funds used to create the trust, plus other factors as specified in 42 U.S.C. § 1396p(d).

42. Vehicles. One car, truck, motorcycle, camper, motor home, aircraft, snowmobile, watercraft, boat, or all-terrain vehicle is excluded regardless of its value if it is used for transportation of the individual or a member of his household. If an applicant owns more than one vehicle, the equity value of that second vehicle is countable when it is owned by the applicant or a deemed filing unit member, and it cannot be excluded under another provision. Boats, motorcycles, snowmobiles, jet skis, ATVs, and aircraft are generally considered recreational vehicles. The equity value of these recreational vehicles is a countable resource unless it can be excluded under other provisions.

(d) Conditional Assistance. Nonliquid resources, which are not exempt under another resource provision, are exempt as a resource if the individual enters into a Conditional Assistance agreement with the State. Nonliquid resources include real and personal property that cannot be converted to cash within twenty (20) days. The individual must make a bona fide effort to dispose of the excess nonliquid resources at current market value, and use the proceeds to repay the State for medical expenses covered by TennCare during the period of conditional assistance.

1. The exclusion period for real property is not to exceed nine (9) months. The exclusion period for personal property is not to exceed three (3) months, however a three (3) month extension may be granted if the individual is able to show a good cause for failure to dispose of the property. Property that remains unsold at the end of the exclusion period will be considered inaccessible so long as the individual continues the bona fide effort to sell.
2. Repayment of medical expenses covered by TennCare during the period of conditional assistance may not exceed the total net proceeds of the sale. Any proceeds remaining after the repayment of medical expenses is paid are considered a resource.

(e) Disregards and Expenses Allowed. Unless otherwise specified in Subparagraph (f) below, individuals described in Subparagraph (a) are subject to the following expense requirements.

1. Child Support Disregard. One-third (1/3) of child support payments (including child support arrearages) paid by an absent parent to or for a child under age 18, or under age twenty-two (22) and a student regularly attending school, is excluded per month.

2. General Deduction. A $20.00 monthly General Deduction is allowed per household, and is applied to unearned income. If any of the $20.00 deduction is not offset by unearned income, the remainder is applied to the spouse's unearned income and then to the applicant or enrollee's earned income.

3. Student Earned Income Exclusion (SEIE). Applies to the earnings of an individual who is under age twenty-two (22) and regularly attending school. The exclusion may apply to an eligible or ineligible individual, child, spouse, or parent(s). The SEIE monthly amount is determined by the SSA. The SEIE does not apply to children attending elementary school.

4. Earned Income Deduction. The first $65.00 of the earned income of each aged, blind or disabled individual is disregarded.

5. Impairment-Related and Blind Work Expenses:

(i) The gross countable earned income of each blind or disabled individual (not living in a medical institution) may be reduced by the amount of expenses attributable to earning the income. The allowable Blind Work Expenses (BWE) and allowable Impairment-Related Work Expenses (IRWE) are not the same. BWE and IRWE apply only to earned income. In order to deduct either BWE or IRWE, the individual must be:

(I) Blind, blind and disabled, or disabled; and under age sixty-five (65), or

(II) Age sixty-five (65) and older; and received SSI payments due to blindness or disability the month before attaining age sixty-five (65).

(ii) These expenses do not apply to the Institutional Medicaid categories. Work expenses must not be payable or reimbursable by a third party, such as Medicaid, Medicare or other insurance.

6. One-Half Disregard. One-half of the remaining earned income in the month is disregarded. This disregard is deducted after Impairment-Related Work Expense (IRWE), but before deducting Blind Work Expenses (BWE).

(f) Mandatory deductions such as FICA and withholding tax on pensions and other unearned income are not included in gross income for Institutional Medicaid and the Medicare Savings Programs.
Household Composition Rules. Household composition for the ABD categories is governed by the FRR principle. Financial responsibility is limited to spouse to spouse and parent to child. Household composition not only determines which income standard to use, but also how FRR income is “deemed” available, and the amount of income “deemed” or available to an individual. See 20 C.F.R. §§ 416.1160, et seq.

1. The following individuals are included in the applicant’s household, if living in the same household:
   (i) The applicant; and
   (ii) The applicant’s eligible spouse.

2. For Medicare Savings Programs (MSPs), include dependent children under age 21 in the household.

3. Step-children are considered in household composition when they live in the home and their natural parent is the spouse of the applicant and is included in the applicant’s household.

4. Financial eligibility in the SSI-Related categories is determined based on a household size of one or two. Included household members are the applicant and if applicable, his spouse. If there are additional household members, they will be considered in deeming budgets, if appropriate.

5. Parent-to-child deeming applies when a blind or disabled child under age 18 is living with his parent(s), and a portion of the parent’s income and resources may be deemed available to the child and counted as unearned income to the child in determining his TennCare Medicaid eligibility. The parent receives income disregards and allocations in order to meet his own needs and the needs of other children that live in the household. The needs of step-parents and step-siblings are also considered when they live in the home with the applicant and natural or adopted parent, and the step-parent is married to the natural or adopted parent. Children for whom a child allocation is received must be unmarried and under age 18, or under age 22 and a student. Child and parental allocations are deducted from the parent’s income before any income is deemed to the applicant/enrollee. Parental deeming applies to the following TennCare Medicaid categories:
   (i) Medicare Savings Program (QMB, SLMB, QI1 and QDWI); and
   (ii) Pickle Passalong.

6. The countable income and resources of an applicant/enrollee’s TennCare Medicaid-ineligible spouse living in the home may be deemed available to the applicant/enrollee. Spousal deeming applies when the spouses share a living arrangement, i.e., live in the community or home together. The applicant/enrollee’s ineligible spouse is included in the household if the income of the spouse is deemed to the applicant/enrollee. Spousal deeming applies to the following TennCare Medicaid categories, which use SSI financial methodology:
   (i) Medicare Savings Program (QMB, SLMB, QI, and QDWI); and
   (ii) Pickle Passalong.
7. Financial eligibility for Institutional categories is determined based on a household size of one. The only included household member is the applicant/enrollee. However, the community spouse and dependents do impact budgeting of the post-eligibility treatment of income (i.e. patient liability), and the community spouse’s resources are considered in the resource assessment.

(h) Qualifying Income Trusts (QIT) for Institutional Applicants.

1. Individuals who are receiving or will receive nursing facility services or home and community based services (HCBS) offered either through the CHOICES program or through a Section 1915(c) HCBS waiver program and whose income exceeds the Medicaid Income Cap (MIC) may establish a QIT. Funds placed in a QIT that meets the standards set forth below are not treated as available resources or income for purposes of determining the individual’s TennCare eligibility.

2. A QIT is a trust consisting only of the individual’s pension income, SSI, and other monthly income created for the purpose of establishing income eligibility for TennCare coverage when an individual is or soon will be confined to a nursing facility, HCBS or ICF/IID waiver program offered either through the CHOICES program or through a Section 1915(c) HCBS waiver program.

3. An individual is eligible to establish a QIT if his income is above the level at which he would be financially eligible for nursing facility, HCBS offered either through the CHOICES program or through a Section 1915(c) HCBS waiver program, or ICF/IID care under Medicaid.

4. The amount of income that an applicant/recipient places in a QIT cannot be limited nor can it be counted when testing income against the MIC. However, it is used in determining patient liability during post-eligibility treatment of income. If the applicant/recipient’s income that is not placed in a QIT is over the MIC, the individual is not financially eligible for the Institutional category.

5. A valid QIT must meet the following criteria:

   (i) The trust must be irrevocable and cannot be modified or amended in whole or in part by the Grantor at any time. However, the Trustee or a court of competent jurisdiction shall have the right and jurisdiction to modify any provision of the trust to the extent necessary to maintain the eligibility of the Grantor for medical assistance.

   (ii) Each month the trustee shall distribute the entire amount of income transferred into the Trust except for an amount not to exceed $20.00, or other verified amount, for a QIT maintenance fee.

   (iii) The sole beneficiary of the Trust is the individual for whose benefit the Trust is established and the State of Tennessee. The Trust terminates upon the death of the individual, or when the Trust is no longer required to establish TennCare Medicaid eligibility in the State of Tennessee, or if nursing facility care or HCBS is no longer medically necessary for the individual, or if the individual is no longer receiving such services.

   (iv) The Trust must provide that upon the death of the individual or termination of the Trust, whichever occurs sooner, the State of Tennessee shall receive all amounts remaining in the Trust up to the total amount of medical assistance paid by the State on behalf of the individual.
(v) Amounts remaining in the Trust that are owed to the State must be paid to TennCare within three (3) months after the death of the individual or termination of the Trust, whichever is sooner, along with an accounting of the payments from the Trust. TennCare may grant an extension if a written request is submitted within two (2) months of the termination of the Trust.

(vi) This Part applies to an income trust established on or after July 1, 2005, and under the hardship provision in Section 1613(e) of the Social Security Act (42 U.S.C. § 1382b(e)). Hardship may be considered to exist when the institutionalized individual or his spouse would have resources in excess of the resource limit, is otherwise eligible, and for whom TennCare Medicaid ineligibility would result in loss of essential nursing care which is not available.

(vii) Allowable payments from the Trust include:

(I) Personal Needs Allowance (PNA). The amount the individual is allowed to retain for his personal needs under TennCare Medicaid policies. As of January 1, 2005, this amount is $50.00 for confinement in a nursing facility or ICF/IID and three hundred percent (300%) of the SSI/FBR for HCBS enrollees and Self-Determination Waiver; and two hundred percent (200%) of the SSI/FBR for the Comprehensive Aggregate Cap (CAC) and Statewide Waivers.

(II) A deduction not to exceed $20.00, or other verified amount, for expenses necessary for managing the trust (i.e. bank charges).

(III) CSIMA or DIMA, if applicable.

(IV) Health Insurance Premiums. Allowed when the individual has health insurance other than TennCare Medicaid (for example, Medicare premium or a Medicare supplement policy).

(V) Incurred Medical Expenses. Payment for types of medical or remedial care recognized under State law, but not covered as medical assistance under TennCare Medicaid.

(viii) Any countable income not placed in the QIT and any Trust income remaining after allowable deductions are made shall be paid monthly to the nursing facility, HCBS provider, or MCO by the individual or from the Trust in an amount not to exceed the Medicaid reimbursement rate. Any excess income not distributed from the Trust shall accumulate in the Trust monthly.

(ix) No other deductions or expenses may be paid from the Trust. Expenses which cannot be paid from the Trust except as specifically provided herein include, but are not limited to, trustee fees, attorney fees and costs (including attorney fees and costs incurred in establishing the trust), accountant fees, court fees and costs, fees for guardians ad litem, funeral expenses, past due medical bills and other debts.

(i) Annuities.

1. Disclosure. Disclosure of annuities is required for all applicants pursuant to 42 U.S.C. § 1396p(e). If an individual or her spouse refuses to disclose information
(Rule 1200-13-20-.06, continued)

related to an annuity, the individual will be denied Medicaid eligibility based on the individual’s failure to cooperate.

2. Annuities and Transfer of Assets. An annuity will not be treated as a transfer of assets if the annuity meets the requirements of 42 U.S.C. § 1396p(c)(1)(G).

3. Requirement to name the State as the Remainder Beneficiary. The purchase of an annuity is subject to the transfer of assets provision unless it meets the requirements of 42 U.S.C. § 1396(c)(1)(F).

   (i) Annuities purchased or converted by the individual or his spouse on or after February 8, 2006, must be changed prior to TennCare Medicaid approval or redetermination to name the State of Tennessee as the remainder beneficiary of the annuity. If the individual has a community spouse, or a minor or disabled child, the State may be named in the second position following one of these individuals. If the State is named in the second position following a community spouse or child, the annuity must also provide that the State becomes the remainder beneficiary in the first position if the community spouse, child, or their representative disposes of any of the remainder of the annuity for less than fair market value.

   (ii) As a remainder beneficiary, the State may receive up to the total amount of medical assistance paid on behalf of the individual, including both long term services and supports and home and community based services. The State must notify the issuer of the State’s right as the preferred remainder beneficiary and the issuer must notify the State if there are any changes in the amount of income or principal being withdrawn.

   (iii) An annuity may be amended to meet these criteria, so that the annuity purchase will not be treated as a transfer of assets for less than FMV.

4. Annuity Transactions. Certain annuity transactions may be treated as a transfer of assets for less than fair market value (FMV) according to 42 U.S.C. § 1396p(e).

   (i) Annuity transactions made by an individual, or by someone acting on an individual’s behalf, are considered improper transfers if any of the individual’s assets are disposed of for less than FMV.

   (ii) Transactions include any action that changes the course of payments to be made by an annuity or the treatment of the income or principal of an annuity. These actions include additions of principal, elective withdrawals, requests to change the distribution of an annuity, elections to annuitize the contract and other similar actions.

   (iii) Routine changes (e.g., notification of an address change or death or divorce of a remainder beneficiary) and changes beyond an individual’s control are not considered transfers of assets for less than FMV.

   - (c) Special Eligibility Requirements: Disabled adult children who lose SSI eligibility after July 1, 1987 because of the receipt of or increase in DAC payments under Title II of the Social Security Act will remain eligible for Medicaid if the initial entitlement or increase under Title II, whichever caused the ineligibility for SSI, and any subsequent COLA and non-COLA increases, were disregarded. Individuals must have been age 18 or older when SSI terminated.
   - (d) Income Limitations: SSI Federal Benefit Rate.
   - (e) Resource Limitations: $2,000.00 for an individual, $3,000.00 for a couple.

3. Pickle Passalong.
   - (a) Definition: See Rule .02.
   - (b) Technical Requirements: See Rule .04.
   - (c) Special Eligibility Requirements: TennCare Medicaid benefits are available to individuals who would be eligible for SSI payments if increases in their OASDI due to COLAs were disregarded. Individuals who meet all other non-financial and financial eligibility requirements remain eligible for TennCare Medicaid if they:
     1. Currently receive OASDI authorized under Title II of the Social Security Act;
     2. Are not currently receiving SSI;
3. Were entitled to both OASDI and SSI benefits in the same month after April 1977; and
4. Have countable income equal to or less than the current SSI Federal Benefit Rate after all COLAs received since the last month in which the individual was eligible for both OASDI and SSI have been deducted.

(d) Income Limitations: SSI Federal Benefit Rate.
(e) Resource Limitations: $2,000.00 for an individual, $3,000.00 for a couple.
(f) Effective Date of Eligibility: Eligibility begins on the Application File Date, according to Rule .05, or the date all eligibility requirements are met, whichever is later.

(4) Widow/Widower.

(a) Definition: See Rule .02.
(b) Technical Requirements: See Rule .04.
(c) Special Eligibility Requirements. A disabled widow/widower is eligible for TennCare Medicaid for any month in which he is entitled to a Social Security Widow/Widower benefit, but is not eligible for SSI, if he:
1. Was eligible for SSI based on his own disability;
2. Was entitled to the Social Security Widow/Widower benefit any time after the age of fifty (50);
3. Lost SSI eligibility in the first month that the Social Security Widow/Widower benefit was paid;
4. Would be eligible for SSI if the Widow/Widower entitlement and all subsequent COLAs were disregarded;
5. Is not entitled to Medicare Part A; and
6. Is at least age fifty (50) and under age sixty-five (65).

(d) Income Limitations: SSI Federal Benefit Rate.
(e) Resource Limitations: $2,000.00 for an individual, $3,000.00 for a couple.
(f) Effective Date of Eligibility: Eligibility begins on the Application File Date, according to Rule .05, or the date all eligibility requirements are met, whichever is later.

(5) Institutional Eligibility.

(a) Definition: See Rule .02.
(b) Technical Requirements: See Rule .04.
(c) Special Eligibility Requirements. To gain eligibility in this category, applicants must:
1. Be in a medical institution at least thirty (30) consecutive days or meet nursing facility level of care according to Chapter 1200-13-01; or
2. **Receive CHOICES HCBS or ECF CHOICES** and meet the medical (level of care) eligibility criteria, according to Chapter 1200-13-01, to receive payments for long term services and supports through CHOICES.

3. **An individual who receives hospice services in a nursing facility for any length of time or dies in a nursing facility or ICF/IID prior to thirty (30) days of continuous confinement meets the 30-day continuous confinement requirement.**

(d) **Household size is based upon the ABD household composition Rule .06.**

(e) **Income Limitations:** Income shall not exceed three hundred percent (300%) of the SSI Federal Benefit Rate for an individual.

(f) **Resource Limitations:** Resources shall not exceed $2,000.00 for an individual.

(g) **Effective Date of Eligibility:** Eligibility begins on the Application File Date, according to Rule .05, or the date all eligibility requirements are met, whichever is later.

(h) **Special Asset Rules:**

1. **Asset Disregards for Qualified Long-Term Care Insurance Policies.**

   (i) Individuals who purchase a qualified long term care insurance policy may have assets disregarded in the determination of eligibility for TennCare. TennCare shall disregard an individual’s assets up to the amount of payments made by the individual’s qualifying long-term care insurance policy for services covered under the policy at the time of TennCare application.

   (ii) The amount of the individual’s assets properly disregarded under these provisions shall continue to be disregarded through the lifetime of the individual.

   (iii) Assets disregarded during the TennCare Medicaid eligibility determination process because the enrollee purchased an LTCP policy are protected from estate recovery. When the amount of assets disregarded during the TennCare Medicaid eligibility determination process are less than the total benefits paid by the LTCP policy, additional assets up to the total amount of payments made by the LTCP policy may be protected during the estate recovery process.

2. **Entrance Fees:** Any contractual provision requiring the resident to deposit entrance fees must take into account the required allocation of resources or income to the community spouse before determining the resident’s cost of care. In addition, the entrance fee paid to the Continuing Care Retirement Community (CCRC) or life care community is treated as a resource to an individual for purposes of determining Medicaid eligibility. The following three (3) conditions must be met in order for the entrance fee to be considered an available resource:

   (i) Any portion of the entrance fee is refunded or used to pay for care under the terms of the entrance contract should other resources of the individual be insufficient;

   (ii) The entrance fee, or any portion thereof, is refundable under the terms of the contract when the individual dies or terminates the contract and leaves
the CCRC or life care community, whether or not any amount is actually refunded; and

(iii) The entrance fee does not confer an ownership interest in the community.

3. Funds used to purchase a loan, mortgage or promissory note after February 8, 2006 must be treated as a transfer of assets unless it has a repayment term that is actuarially sound, provides for payments to be made in equal amounts during the term of the loan with no deferral or balloon payment, and prohibits cancellation of the balance upon the death of the lender. If a nursing home applicant uses his funds to purchase a loan, mortgage or promissory note and the purchase agreement does not meet the criteria of this part, the amount of the asset transfer will be the outstanding balance due on the loan, mortgage or promissory note as of the date of the application for Medicaid.

4. A life estate interest purchased by a nursing home applicant in another individual’s home shall be treated as a transfer of assets unless the nursing home applicant resides in the home for a period of at least one (1) year after the date of the purchase.

(i) Transfer of Assets. A transfer of assets is transferring ownership of a resource for less than fair market value (FMV). An applicant requesting payment for LTSS shall not transfer assets for less than FMV on or after the look-back date. The look-back date is sixty (60) months prior to the first date an individual has both applied for Medicaid and is institutionalized or is determined to have met the requirements for HCBS. If an individual is found to have transferred an asset for less than FMV, he will be ineligible for payments for LTSS.

1. An individual shall not receive a period of ineligibility to the extent that the transfer meets the requirements of 42 U.S.C. § 1396p(c)(2).

2. An individual shall not receive a period of ineligibility to the extent that the assets:

   (i) Were transferred to a trust established solely for an individual under age 65 and that meets the requirements of 42 U.S.C. §1396p(d)(4)(A);

   (ii) Were transferred to a trust that meets the requirements of 42 U.S.C. §1396p(d)(4)(B); or

   (iii) Were transferred to a trust established solely for the benefit of an individual under the age of 65 who is disabled according to the Social Security Administration and that meets the requirements of 42 U.S.C. §1396p(d)(4)(C). Trusts created pursuant to this section shall not include language disallowing repayment to the state in the event the claim exceeds the amount remaining in the trust.

   (iv) All trusts may be subject to review annually or upon request for a full accounting by TennCare. Failure to respond to such requests or provide this information may result in the ineligibility of an individual.

3. The transfers indicated below, if occurring on or after February 8, 2006, may be considered a transfer of assets for less than FMV with respect to an individual applying for Medicaid based on institutionalization:

   (i) If the transfer of assets occurs on or after the look-back date.
(ii) If the institutionalized individual, his spouse, or any person, court or administrative body with authority to act on behalf of, or at the direction or request of, the individual or his spouse, establishes a trust or similar device, which includes the individual's assets and cannot be used by or for the individual's benefit, if it occurred on or after the look-back date.

(iii) If an asset is held jointly by the institutionalized individual with another person and the individual or other owner reduces or eliminates the institutionalized individual's ownership or control of the asset, if it occurred on or after the look-back date.

(j) Penalty for transfer of assets.

1. The institutionalized individual may be subject to penalty if the transfer was completed by the individual; the individual's spouse; a person (including a court) or administrative body with legal authority to act in place of, or on behalf of, or at the direction or request of the institutionalized individual or his spouse.

2. Assets include all income and resources, including the home, unless transferred as indicated in subparagraph (i) above, of the institutionalized individual and his spouse, (including income and/or resources the individual is entitled to, but does not receive because of any action by the individual or his spouse or a person (including a court) or administrative body with legal authority to represent the individual, his spouse, or who acts at the direction or request of the individual and his spouse).

3. Penalty period: The period of ineligibility for payments for long-term services and supports in the CHOICES Program imposed for transfers of assets within sixty (60) months prior to application for long term care nursing services.

(i) The penalty period is determined by dividing the uncompensated value of the transferred asset by the average daily nursing home private pay rate. In determining the penalty for a transfer a State may not round down or disregard any fractional period of ineligibility. There is no limit on the maximum months of ineligibility. The penalty continues until expired unless hardship is considered to exist.

(ii) The penalty period for individuals receiving nursing home care begins the date the individual is eligible for Medicaid and would otherwise be receiving LTSS through the CHOICES program but for a penalty or the first day of the month of the transfer, whichever is later. The penalty period for HCBS begins the date the individual meets all eligibility requirements and would otherwise be receiving LTSS through the CHOICES program but for a penalty or the first day of the month of the transfer, whichever is later. The penalty period runs consecutively even if the individual leaves the nursing home for a period of time and later returns. If a penalty period is imposed for new applicants, Medicaid requires a notice of penalty. If a penalty period is imposed on an individual who is already receiving Medicaid, a ten (10) day adverse action notice is required.

(iii) Applicants for, or enrollees in, nursing home coverage can still remain eligible in an Institutional Eligibility category while payments for LTSS are withheld. Applicants for, or enrollees in, HCBS cannot be eligible for an Institutional Eligibility category while subject to the period of ineligibility.
(iv) Penalty periods for more than one transferred asset will run consecutively, not concurrently. Any uncompensated value from multiple transfers is added to the initial uncompensated value if penalty periods overlap to determine the consecutive penalty period.

(k) Undue hardship.

1. Undue Hardship shall exist only when:

   (i) An application of a transfer of assets provision would deprive the individual of medical care, such that the individual’s health or life would be endangered, or of food, clothing, shelter, or other necessities of life;

   (ii) The institutionalized individual has no available resources (other than the uncompensated value) in excess of the resource limitations, and

   (iii) The necessary care is not available from any other source.

2. The individual, the individual’s responsible party, or the facility in which an institutionalized individual resides may file an undue hardship claim on behalf of the applicant/recipient. TennCare will determine whether hardship exists and notify the applicant/recipient within thirty (30) days of filing.

3. If undue hardship is determined not to exist, the denial of undue hardship may be appealed within forty (40) days.

(l) Patient Liability. Individuals determined eligible for institutional services are required to contribute to the cost of their care as a resident in a nursing facility or as a Home and Community Based Services (HCBS) recipient. Patient liability is calculated based on total income remaining after deductions in accordance with 42 C.F.R. § 435.725, 42 C.F.R. § 435.726, and the State Plan. Total income includes all amounts of income available to an individual from all sources, which are considered to be income for eligibility purposes, unless specifically excluded from post-eligibility under the State Plan or based on other Federal laws.

1. Post-Eligibility Treatment of Certain Payments from the Department of Veterans Affairs. VA improved pensions limited to $90 per month are not considered in the post-eligibility process. If an unmarried, childless veteran or the surviving, childless spouse of a veteran is in a state veterans home and receives a VA pension that exceeds $90 per month, the VA pension, including any payment made for aid and attendance or for unreimbursed medical expenses, is counted in total income and applied to the state veterans home’s cost of providing nursing home care to the veteran or surviving spouse.

2. Patient liability is determined by allowing the following deductions from an individual’s total income:

   (i) A Personal Needs Allowance (PNA) for clothing and other personal needs while receiving Institutional Eligibility. Apply the appropriate PNA based on the type of long term services and supports the individual receives, as follows:

      (I) Nursing Facility. $50.00 PNA from the gross income of an individual in a nursing facility or ICF/IID. For an individual with greater need who participates in a sheltered workshop, subtract up to $100 of earnings plus $50 for the PNA.
II) HCBS, PACE, ECF and Self-Determination ID Waivers. PNA is three hundred percent (300%) of the SSI FBR.

III) Statewide ID and Comprehensive Aggregate Cap ID Waivers. PNA is two hundred percent (200%) of the SSI FBR.

(ii) An allowance equivalent to the monthly fee for maintenance of a QIT, if applicable.

(iii) A CSIMA for institutionalized individuals with a spouse residing in the community.

(iv) A DIMA for institutionalized individuals with a dependent residing in the community.

(v) Health insurance premiums, coinsurance and deductibles.

(vi) Expenses for medical services as defined at 42 C.F.R. §§ 435.725(c)(4) and 726(c)(4).

3. Community Spouse Income Maintenance Allowance (CSIMA). When determining an institutionalized individual’s patient liability, an allowance is deducted from his income for the needs of the community spouse. The CSIMA is allowed unless specifically refused by the institutionalized spouse. Funds must actually be transferred to the community spouse in order to be deducted.

(i) CSIMA is allowed under the following conditions:

(I) CSIMA is not allowed if both spouses are receiving Institutional Eligibility, unless one spouse is receiving HCBS.

(II) If the community spouse applies for TennCare Medicaid, the CSIMA will be counted as unearned income at the time of application.

(III) A community spouse receiving need-based assistance does not have to accept the total or any of the income allocation if it will result in the termination or decrease of those benefits.

(IV) If a couple is married but living separately, and considers themselves to be separated, the CSIMA may be allowed if both individuals agree to the allocation and the community spouse is not institutionalized.

(V) If the community spouse lives out of State, the CSIMA is allowed if the community spouse can be located and the couple is still married.

(ii) CSIMA Terms and Standards:

(I) Standard Maintenance Amount (SMA): The poverty level standard used to determine the community spouse’s monthly maintenance needs. The SMA is 150% of the FPL for a household of 2. This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.

(II) Maintenance Needs Standard: The minimum amount of monthly income necessary to meet the community spouse’s maintenance
needs and prevent impoverishment. The Maintenance Needs Standard is determined by adding the SMA and the Excess Shelter Allowance (ESA). This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.

(III) Standard Utility Amount (SUA): The SUA is used when the community spouse is responsible for heating and/or cooling costs. If the SUA is used, then it is considered to cover all utilities, including garbage, water, lighting, etc. The SUA is subject to annual change by the Tennessee Department of Human Services.

(IV) Standard Housing Allowance (SHA): The SHA is used to determine whether the community spouse requires an Excess Shelter Allowance. This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.

(iii) CSIMA Calculation: The CSIMA is calculated using three steps:

(I) Determine Excess Shelter Allowance (ESA).

I. An ESA is allowed when the total shelter costs for rent, mortgage, taxes and insurance, maintenance charges and utility costs exceed the SHA. The SHA is thirty percent (30%) of the Standard Maintenance Amount.

II. The SUA is used when the community spouse is responsible for heating or cooling costs. If the SUA is used then it is considered to cover all utilities (no additional allowance for garbage, telephone, etc.). When there is no or reduced cost to the community spouse because the cost of a particular utility is paid by a third party (in cash or in-kind), reduce the amount of the SUA by the third party payment.

III. To determine the ESA, add rent, mortgages, taxes, insurance, etc., to the SUA, then subtract the SHA.

(II) Determine Community Spouse Net Income. Defined as income over which the Community Spouse has control and which is actually available to him. Child support payments and other types of court-ordered payments made by the Community Spouse are not considered income available to the Community Spouse.

(III) Calculate CSIMA: The CSIMA is calculated by adding the SMA and the ESA, and then subtracting the Community Spouse’s net income.

4. Dependent Income Maintenance Allowance (DIMA): When determining patient liability, an allowance is deducted from the individual’s income for the needs of his dependents living at home.

(i) Dependent relatives include the individual’s or the spouse’s adult dependent children, parents, siblings, and minor children who are living at home.

(ii) A DIMA is not allowed for any dependent receiving HCBS or who is institutionalized.
(iii) Pursuant to the Medicare Catastrophic Coverage Act, a dependent does not have the option of declining all or a portion of the income allocation for any reason, even if needs-based benefits may be decreased or lost because of the allocation.

(iv) The DIMA for each additional dependent family member living with the community spouse is equal to one-third of the difference between the SMA and the dependent's gross income.

(v) DIMA Calculation: The dependent allocation(s) equals the SMA for the community spouse minus the dependent's own gross countable income divided by 3.

(vi) The DIMA for dependent relatives living in the home without a community spouse is determined based on the MNIS.

(vii) DIMA Calculation: The dependent allocation is the MNIS for the household size if the total net countable income of the dependent(s) is less than the MNIS. No dependent allocation is given if the total net countable income of the dependent(s) is more than the MNIS for the household size.

5. Incurred Medical Expenses: Expenses for medical or remedial care not subject to third party payment as defined at 42 C.F.R. §§ 435.725(c)(4), 435.726(c)(4) and 435.832, and outlined in the State Plan are allowable deductions. Criteria for Deduction of an Incurred Medical Expense:

(i) The expense must not be subject to payment by a third party not expecting reimbursement, e.g., medical or health insurance, the individual’s spouse or family or medical trust fund, Medicare, etc.

(ii) The expense may be unpaid or paid by the individual during the month(s) of eligibility determination or paid by a member of the individual’s family and reimbursement is expected by the family member.

(iii) The expense must not have been allowed previously as an allowed necessary item.

(iv) If payment for the item is outstanding, it must be considered collectible by the party who provided the medical service and one for which the individual is legally liable.

(v) Medical expenses incurred during a period of ineligibility and up to three months prior to the month of application may be allowable medical expenses.

(vi) Deductions will be allowed in compliance with 42 C.F.R. §§ 435.725(c)(4), 435.726(c)(4), and 435.832, and the State Plan.

(m) Resource Assessment and CSRMA.

1. Resource Assessment: When determining eligibility for a married institutionalized applicant, a calculated amount of the couple’s assets is allocated to the community spouse in order to be used for her own needs. The resource assessment is a snapshot of all countable assets owned by the couple at the time the individual enters the nursing facility but conducted when the individual applies or when an assessment is requested prior to application, or is a snapshot
at the time of application resulting in enrollment in an HCBS waiver. All of the countable resources owned individually or jointly by both spouses are counted; resources excluded under the ABD resource rules are not counted in the resource assessment.

(i) Only one resource assessment will be completed for a married couple.

(ii) Under no circumstances can a resource assessment be completed prior to the date of admission to a long term care facility or enrollment in an HCBS waiver.

(iii) An assessment remains in effect until a TennCare application is filed, regardless of any interruptions in long-term care. If a resource assessment is completed and the individual applies for TennCare Medicaid, but is found ineligible, the original resource assessment is still valid if the individual applies again in the future.

2. Community Spouse Resource Maintenance Allowance: The CSRMA is based on the spouses’ combined countable resources documented in the Resource Assessment. The amount of the CSRMA is the greater of:

(i) One-half (1/2) of the total countable resources, but not less than the Minimum Resource Standard or greater than the Maximum Resource Standard (released in the SSI and Spousal Impoverishment Standards and subject to change annually);

(ii) The court-ordered amount; or

(iii) The amount determined by an Administrative Judge due to a hardship situation (extreme financial duress).

3. When an application is filed by or on behalf of the spouse seeking LTSS, the CSRMA amount determined in the resource assessment is the amount allocated to the community spouse. This amount is deducted from the combined resources of both spouses as of the first day of the first month for which assistance is requested. None of the community spouse’s share of the resources is considered available to the individual seeking eligibility when determining her TennCare Medicaid eligibility.

4. Refusal of CSRMA. A community spouse who receives needs-based assistance may accept or decline all, some or none of the CSRMA if the allocation would cause the loss of or decrease in those program benefits. If the community spouse accepts only a portion of the CSRMA, the unclaimed portion of the CSRMA is counted as part of the institutionalized spouse’s resources.

5. Resource Transfer as a Result of Assessment.

(i) CSRMA “Grace Period”. Following a resource assessment and initial approval of eligibility, resources must be transferred within twelve (12) months of the approval. Both spouses must agree to the transfer in order to use the institutionalized spouse’s share in determining his eligibility. The transfer may require conveyance of resources from the institutionalized individual to the community spouse, or vice versa.

(ii) Transfer Refusal. When the community spouse refuses to transfer resources to the institutionalized individual, the institutionalized spouse
may still be eligible if on appeal the State finds that undue hardship circumstances exist.

(I) If the community spouse has available assets over the CSRMA she is legally obligated to provide support.

(II) Hardship cannot be determined to exist unless assets have been reallocated as the result of an appeal decision or a court order.

(iii) CSRMA Appeals.

(I) When the Individual and/or Spouse Has Appeal Rights. Appeal rights are considered only after a TennCare application has been filed and either spouse alleges that the assessment or eligibility determination decision is not correct. An assessment completed exclusive of a filed application cannot be appealed, 42 U.S.C. § 1396r-5(e)(2)(A). Revisions to the spousal allowance of resources can be made by an Administrative Judge or by court order.

(II) CSRMA Revisions. The amount of the CSRMA may only be revised by an Administrative Judge or by court order, and only if additional verification/documentation is provided. The CSRMA may only be revised when:

I. The initial assessment was alleged to be incorrect and the Administrative Judge confirms the allegations;

II. An Administrative Judge determines a larger CSRMA is necessary to raise the community spouse's available income to the Maintenance Needs Standard or to an amount by which exceptional maintenance needs, established at a fair hearing, exceed the community spouse's income; or

III. A court order is received against an institutionalized spouse for the support of the community spouse and resources are transferred pursuant to the court order.

(III) Allocation of Additional Resources to the Community Spouse.

I. When Additional Resources May be Allocated to Community Spouse: In the event that the institutionalized spouse does not have enough income to provide the community spouse with sufficient income to meet the Maintenance Needs Standard and the CSRMA is not enough to offset the income shortfall, additional resources may be allocated to the community spouse by an Administrative Judge if the couple has additional resources above the community spouse’s protected amount (CSRMA).

II. The Deficit Reduction Act (DRA) of 2005 requires all States to allocate the maximum amount of available income of the institutionalized spouse to the community spouse before granting an increase in the CSRMA. This is referred to as the “income-first” method.
III. TennCare uses the Single Fixed Annuity model to address appeals when there is insufficient income to provide the community spouse with the Maintenance Needs Standard and the couple has additional resources. A single fixed annuity can turn a portion of an individual’s savings into income payments made for the rest of the individual’s life. The procedure for establishing a Single Fixed Annuity is listed below.

A. Additional resources may be allocated to the community spouse through the TennCare eligibility appeals process to make up any shortfall between the amount of income allocated from the institutional spouse to the community spouse and the Maintenance Needs Standard, if determined appropriate.

B. The amount of additional resources that are necessary to cover the income shortfall shall be determined in reference to the purchase of a Single Premium Annuity as follows:

   (A) By calculating the shortfall between the amount of income allocated and the Maintenance Needs Standard, and then determining the amount of additional resources that must be invested in a single premium annuity in order to generate the income necessary to cover the shortfall.

   (B) The amount of resources needed to cover the shortfall shall be determined in reference to an annuity calculator as adopted by TennCare.

   (C) Additional Resources may be allocated to the community spouse if the amount of resources needed to cover the shortfall is greater than the CSRMA.

C. The additional resource allocation to the community spouse does not require the actual purchase of a Single Premium Annuity that is used for purposes of calculating the amount of the additional resource allocation.

D. If a single premium annuity is actually purchased pursuant to these rules, the annuity must comply with all other relevant requirements of state and federal law.

E. The amount of additional resources that are necessary to cover the shortfall shall not be determined in reference to any investment which contemplates the return of the entire principal at maturity.

(iv) Transfer of Assets for Less than Fair Market Value.

   (I) A transfer of assets for less than FMV is not considered to have occurred when resources are transferred from the institutionalized individual to the community spouse or vice versa according to a completed resource assessment.
(II) Should the spouse who received the allocation according to the resource assessment then transfer the resource to someone else for less than FMV, the transfer will not be treated as a transfer of assets since the resources of a couple are treated separately after the establishment of Institutional Medicaid eligibility.

(III) Transfer of assets for less than FMV is considered part of the application process whether or not a resource assessment has been requested previously or is requested at application. Transfer of assets is not considered if a resource assessment only (no TennCare Medicaid application filed concurrently) is requested.

(6) Medicare Savings Programs.

(a) QMB.

(11) Non-CoverKids provider. A health care provider of non-emergency services that does not participate in the network of a TennCare-contracted MCO, DBM, or PPA or other entity contracted to administer CoverKids benefits.

(12) Parent. A natural or adoptive father or mother of a minor child; or, a guardian as defined by T.C.A. § 34-1-101, subject to court orders entered or recognized by the courts of the state of Tennessee.

(13) Pharmacy Plan Administrator (PPA). The entity responsible for the administrative services associated with providing pharmaceutical related covered services to CoverKids enrollees.

1200-13-21-.04 ENROLLMENT AND REASSIGNMENT.

(1) Enrollment. CoverKids enrollees are enrolled into MCOs for the provision of covered medical and behavioral health services, a DBM for provision of covered dental services, and a PPA for administration of covered pharmacy services. Enrollment procedures differ according to the type of managed care entity, the geographic area, and the number of managed care entities operating in each geographic area.

(a) Managed Care Organizations (MCOs).

1. Individuals or families determined eligible for CoverKids shall select an MCO at the time of application. The MCO must be available in the Grand Division, as defined in Rule 1200-13-13-.01, in which the enrollee lives. All family members living in the same household and enrolled in CoverKids must be assigned to the same MCO. An enrollee is given his choice of MCOs when possible. If the requested MCO cannot accept new enrollees, the Division of TennCare will assign each enrollee to an MCO that is accepting new enrollees.

2. A CoverKids enrollee may change MCOs one (1) time within the initial ninety (90) calendar days (inclusive of mail time) from the date of the letter informing the enrollee of his MCO assignment, if there is another MCO in the enrollee’s Grand Division that is currently accepting new enrollees. No additional changes will be allowed except as otherwise specified in this rule. An enrollee shall remain a member of the designated plan until he is given an opportunity to change once each year during an annual change period. The annual change period will occur each year in March for enrollees in West Tennessee, in May for enrollees in Middle Tennessee, and in July for enrollees in East Tennessee. Thereafter, an MCO change is permitted only during an annual change period, unless the Division of TennCare authorizes a change as the result of the resolution of an appeal requesting a “hardship” reassignment as specified in paragraph (2)(b) below. When an enrollee changes MCOs, the enrollee’s medical care will be the responsibility of the current MCO until he is enrolled in the requested MCO.
3. Each MCO shall offer its enrollees, to the extent possible, freedom of choice among CoverKids providers. If after notification of enrollment the enrollee has not chosen a primary care provider (PCP), one will be selected for him by the MCO. The period during which an enrollee may choose his primary care provider shall not be less than fifteen (15) calendar days.

4. In the event a pregnant woman entering an MCO’s plan is:

(i) Receiving medically necessary prenatal care the day before enrollment, the MCO shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the MCO’s provider network until such time as the MCO can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee’s health.

(ii) In her second or third trimester of pregnancy and is receiving medically necessary prenatal care services the day before enrollment, the MCO shall be responsible for providing continued access to the provider (regardless of network affiliation) through the postpartum period. Reimbursement to an out-of-network provider shall be as set out in Rule .10.

(b) Dental Benefits Manager (DBM). Children enrolled in CoverKids shall be assigned to the DBM under contract with the Division of TennCare to provide dental benefits through the CoverKids Program.

(c) Pharmacy Plan Administrator (PPA). CoverKids enrollees shall be assigned to the PPA under contract with the Division of TennCare to provide pharmacy benefits for both medical and behavioral health services through the CoverKids Program.

(2) Reassignment.

(a) Reassignment to an MCO other than the current MCO in which the CoverKids enrollee is enrolled is subject to another MCO’s capacity to accept new enrollees and must be approved by the Division of TennCare in accordance with one of the following:

1. During the initial ninety (90) day period following notification of MCO assignment as described at paragraph (1), a CoverKids enrollee may request a change of MCOs.

2. A CoverKids enrollee must change MCOs if he moves outside the MCO’s Grand Division, and that MCO is not authorized to operate in the enrollee’s new place of residence. Until the CoverKids enrollee selects or is assigned to a new MCO and his enrollment is deemed complete, his medical care will remain the responsibility of the original MCO.

3. If an enrollee’s MCO withdraws from participation in the CoverKids Program, TennCare will assign him to an MCO operating in his Grand Division, if one is available. The enrollee will be provided notice of the change and will have ninety (90) days to select another MCO in his Grand Division.

4. An enrollee shall be given an opportunity to change MCOs once each year during an annual change period. Only one (1) MCO change is permitted every twelve (12) months, unless the Division of TennCare authorizes a change as the
result of the resolution of an appeal requesting a “hardship” reassignment. When an enrollee changes MCOs, the enrollee’s medical care will be the responsibility of the current MCO until enrolled in the requested MCO. If an enrollee changes MCOs during an annual change period, all family members living in the same household and enrolled in CoverKids shall also be changed.

(b) A CoverKids enrollee may change MCOs if the Division of TennCare has granted a request for a change in MCOs or an appeal of a denial of a request for a change in MCOs has been resolved in his favor based on hardship criteria.

1. The following situations will not be determined to be “hardships”:

(i) The enrollee is unhappy with the current MCO or PCP, but there is no hardship medical situation (as stated in Part 2 below);

(ii) The enrollee claims lack of access to services but the plan meets the state’s access standard;

(iii) The enrollee is unhappy with a current PCP or other providers, and has refused alternative PCP or provider choices offered by the MCO;

(iv) The enrollee is concerned that a current provider might drop out of the plan in the future;

(v) The enrollee’s PCP is no longer in the MCO’s network, the enrollee wants to continue to see the current PCP and has refused alternative PCP or provider choices offered by the MCO.

2. Requests for hardship MCO reassignments must meet all of the following six (6) hardship criteria for reassignment. Determinations will be made on an individual basis.

(i) An enrollee has a medical condition that requires complex, extensive, and ongoing care; and

(ii) The enrollee’s specialist has stopped participating in the member’s current MCO network and has refused continuation of care to the enrollee in his current MCO assignment; and

(iii) The ongoing medical condition of the enrollee is such that another physician or provider with appropriate expertise would be unable to take over his care without significant and negative impact on his care; and

(iv) The current MCO has been unable to negotiate continued care for this enrollee with the current specialist; and

(v) The current provider of services is in the network of one or more alternative MCOs; and

(vi) An alternative MCO is available to the enrollee (i.e., has not given notice of withdrawal from the CoverKids Program, is not in receivership, and is not at member capacity for the member’s region).

(c) Requests to change MCOs submitted by CoverKids enrollees shall be evaluated in accordance with the hardship criteria referenced in Subparagraph (b) above. If an enrollee’s request to change MCOs is granted due to hardship, all family members
(Rule 1200-13-21-.04, continued)

living in the same household and enrolled in CoverKids will be assigned to the new MCO. Upon denial of a request to change MCOs, enrollees shall be provided notice and appeal rights as described in applicable provisions of Rule .09.

(d) The Division of TennCare shall only accept a request to change MCO assignment from the affected enrollee, his parent, guardian, or spouse.

(6) Pregnant enrollees are exempt from all copay requirements.

1200-13-21-.08 DISENROLLMENT.

(1) Grounds for Disenrollment from CoverKids. Children enrolled in CoverKids at or below 250% of the FPL are financially eligible for 12 months, except in the following situations which will result in disenrollment from CoverKids coverage prior to the end of the 12 month period:

(a) An enrollee, through an authorized family member, requests disenrollment.

(b) Admission of a CoverKids enrollee into a correctional facility or an institution for mental disease.

(c) A CoverKids enrollee moves from the state.

(d) Death of a CoverKids enrollee.

(e) A CoverKids enrollee is enrolled in TennCare.

(f) A CoverKids enrollee meets a TennCare Medicaid spend-down.

(g) A CoverKids enrollee turns age 19.

(h) A woman 19 or older who was enrolled because of pregnancy is no longer eligible after the last day of the month in which the sixtieth postpartum day occurs.

(i) A CoverKids enrollee is discovered not to have been eligible for CoverKids at the time of enrollment. This includes, but is not limited to, enrollees whose enrollment was obtained by fraud or misrepresentation by an enrollee, parent, guardian, or representative.

(2) Procedures. Disenrollment shall be conducted as set out in Chapter 1200-13-19.

1200-13-21-.09 REVIEW OF COVERKIDS DECISIONS.

(1) Eligibility and Enrollment Matters. Administrative review of matters related to eligibility and enrollment shall be conducted as set out in Chapter 1200-13-19.
(Rule 1200-13-21-.09, continued)

(2) Adverse Medical and Dental Benefit Determination Matters. A parent or authorized representative of a CoverKids enrollee may request review of a CoverKids action to delay, deny, reduce, suspend, or terminate medical and dental services, or a failure to approve, furnish, or provide payment for medical and dental services in a timely manner, according to Rule 1200-13-13-.11, except that enrollees shall not be entitled to continuation of benefits pursuant to 42 CFR § 457.1260.

(3) Adverse Pharmacy Benefit Determination Matters. A parent or authorized representative of a CoverKids enrollee may request review of a CoverKids action to delay, deny, reduce, suspend, or terminate pharmacy services, or a failure to approve, furnish, or provide payment for pharmacy services in a timely manner, according to the following provisions:

(a) Notice. Any decision denying or delaying a requested pharmacy service, reducing, suspending or terminating an existing pharmacy service, or failure to approve, furnish or provide payment for pharmacy services in a timely manner shall be in writing and must contain the reason for the determination, an explanation of review rights and procedures, the standard and expedited time frames for review, the manner of requesting a review, and the circumstances under which existing pharmacy services may continue pending review unless there is question that the existing pharmacy services are harmful.

(b) Pharmacy Plan Administrator (PPA) Review. A parent or authorized representative may commence the review process by submitting a written request to the PPA within 30 days of issuance of written notice of the action or, if no notice is provided, from the time the enrollee becomes aware of the action, not to exceed six (6) months from when the action occurred. The PPA will review this request and issue a written decision within 30 days of receipt of this request. Expedited reviews (within 72 hours) will be available for situations in which a benefit determination or a preauthorization denial has been made prior to services being received and the attending medical professional determines the medical situation to be life threatening or would seriously jeopardize the enrollee’s life, physical or mental health, or ability to attain, maintain or regain maximum function. This determination should be made in legible writing with an original signature.

(c) State Informal Review. After the PPA’s internal review is completed, the parent or authorized representative of an enrollee who disagrees with the decision may request further review by telephone or by submitting a letter or form to the Division of TennCare, CoverKids Appeals, which must be received within 8 days of the PPA’s decision. The Appeals Coordinator will review the matter and gather supplemental information from the family, physician, and/or insurer as needed. The Appeals Coordinator will request review by the state’s independent medical consultant and a written decision will be issued within 20 days of receipt of the request for further review.

(d) State Review Committee. If the informal review does not grant the relief requested by the parent or authorized representative, the request will be scheduled for review by the CoverKids Review Committee. The Committee will be composed of five members, including Division of TennCare staff and at least one independent licensed medical professional. The members of the Committee will not have been directly involved in the matter under review. The parent or authorized representative will be given the opportunity to review the file, be represented by a representative of the parent’s or authorized representative’s choice, and provide supplemental information. The Committee may allow the parent or authorized representative to appear in person if it finds that scheduling the appearance will not cause delay in the review process. The Review Committee is not required to provide an in-person hearing or a contested case under the Uniform Administrative Procedures Act. The parent or authorized
representative will receive written notification of the final decision stating the reasons for the decision. The decision of the CoverKids Review Committee is the final administrative recourse available to the member.

(e) Time for Reviews. Review of all non-expedited pharmacy services appeals will be completed within 90 days of receipt of the initial request for review by the PPA. Reviews by both the Appeals Coordinator and the Committee may be expedited (completed within 72 hours at each of the PPA and State levels) for situations in which a benefit determination or a preauthorization denial has been made prior to services being received and the attending medical professional determines the medical situation to be life threatening or would seriously jeopardize the enrollee’s life, physical or mental health, or ability to attain, maintain or regain maximum function. This determination should be made in legible writing with an original signature.

(3) Scope of Review. CoverKids will not provide a review process for a change in enrollment, eligibility, or coverage under the health benefits package required by a change in the State plan or Federal and State law requiring an automatic change that affects all or a group of applicants or enrollees without regard to their individual circumstances.

1200-13-21-.10 PROVIDERS.

(1) Payment in full.

(a) All CoverKids providers, as defined in this Chapter, must accept as payment in full for provision of covered services to a CoverKids enrollee, the amount paid by the MCO, DBM, or PPA, plus any copayment required by the CoverKids program to be paid by the individual.

(b) Any non-CoverKids providers who furnish CoverKids covered services by authorization from the MCO, DBM, or PPA must accept as payment in full for provision of covered services to CoverKids enrollees the amounts paid by the MCO, DBM, or PPA plus any copayment required by the CoverKids program to be paid by the individual.

(c) CoverKids will not pay for non-emergency services furnished by non-CoverKids providers unless these services are authorized by the MCO, DBM, or PPA. Any non-CoverKids provider who furnishes CoverKids Program covered non-emergency services to a CoverKids enrollee without authorization from the MCO, DBM, or PPA does so at his own risk. He may not bill the patient for such services except as provided in Paragraph (3).

(2) Non-CoverKids Providers.

(a) When the MCO, DBM, or PPA authorizes a service to be rendered by a non-CoverKids provider, payment to the provider shall be no less than 80% of the lowest rate paid by the MCO, DBM, or PPA to equivalent participating CoverKids network providers for the same service, consistent with the methodology contained in Rule 1200-13-13-.08(2)(a).

(b) Covered medically necessary outpatient emergency services, when provided to CoverKids enrollees by non-CoverKids network hospitals, shall be reimbursed at 74%
of the 2006 Medicare rates for the services, consistent with the methodology contained in Rule 1200-13-13-.08(2)(b). Emergency care to enrollees shall not require preauthorization.

(c) Covered medically necessary inpatient hospital admissions required as the result of emergency outpatient services, when provided to CoverKids enrollees by non-CoverKids network hospitals, shall be reimbursed at 57% of the 2008 Medicare DRG rates (excluding Medical Education and Disproportionate Share components) determined according to 42 CFR § 412 for the services, consistent with the methodology contained in Rule 1200-13-13-.08(2)(c). Such an inpatient stay will continue until no longer medically necessary or until the patient can be safely transported to a network hospital, whichever comes first.

(3) Participation in the CoverKids program will be limited to providers who:

(a) Accept, as payment in full, the amounts paid by the MCO, DBM, or PPA, including copays from the enrollee, or the amounts paid in lieu of the MCO, DBM, or PPA by a third party (Medicare, insurance, etc.);

(b) Maintain Tennessee, or the State in which they practice, medical licenses and/or certifications as required by their practice, or licensure by the Tennessee Department of Mental Health and Substance Abuse Services, if appropriate;

(c) Are not under a federal Drug Enforcement Agency (DEA) restriction of their prescribing and/or dispensing certification for scheduled drugs (relative to physicians, osteopaths, dentists and pharmacists);

(d) Agree to maintain and provide access to the Division of TennCare and/or its agent all CoverKids enrollee medical records for ten (10) years from the date of service or upon written authorization from TennCare following an audit, whichever is shorter;

(e) Provide medical assistance at or above recognized standards of practice; and

(f) Comply with all contractual terms between the provider and the MCO, DBM, or PPA (as appropriate) and CoverKids policies as outlined in federal and state rules and regulations and CoverKids provider manuals and bulletins.

(g) Failure to comply with any of the above provisions (a) through (f) may subject a provider to the following actions:

1. The provider may be subject to stringent review/audit procedures, which may include clinical evaluation of services and a prepayment requirement for documentation and justification for each claim.

2. The Division of TennCare may withhold or recover payments to an MCO, DBM, or PPA in cases of provider fraud, willful misrepresentation, or flagrant noncompliance with contractual requirements and/or CoverKids policies.

3. The Division of TennCare may refuse to approve or may suspend provider participation with a provider if any person who has an ownership or controlling interest in the provider, or who is an agent or managing employee of the provider, has been convicted of a criminal offense related to that person’s involvement in any program established under Medicare, Medicaid or the US Title XX Services Program.
4. The Division of TennCare may refuse to approve or may suspend provider participation if it determines that the provider did not fully and accurately make any disclosure of any person who has ownership or controlling interest in the provider, or is an agent or managing employee of the provider and has been convicted of a criminal offense related to that person’s involvement in any program under Medicare, Medicaid or the US Title XX Services Program since the inception of these programs.

5. The Division of TennCare shall refuse to approve or shall suspend provider participation if the appropriate State Board of Licensing or Certification fails to license or certify the provider at any time for any reason or suspends or revokes a license or certification.

6. The Division of TennCare shall refuse to approve or shall suspend provider participation upon notification by the US Office of Inspector General Department of Health and Human Services that the provider is not eligible under Medicare, Medicaid, or CHIP for federal financial participation.

7. The Division of TennCare may recover from an MCO, DBM, or PPA any payments made by an enrollee and/or his family for a covered service, in total or in part, except as permitted. If a provider knowingly bills an enrollee and/or his family for a covered service, in total or in part, except as permitted, the Division of TennCare may terminate the provider’s participation in CoverKids.

(4) Solicitations and Referrals

(a) MCOs, DBMs, PPAs, and providers shall not solicit CoverKids enrollees by any method offering as enticements other goods and services (free or otherwise) for the opportunity of providing the enrollee with CoverKids-covered services that are not medically necessary and/or that overutilize the CoverKids program.

(b) An MCO, DBM, or PPA may request a waiver from this restriction in writing to the Division of TennCare. TennCare shall determine the value of a waiver request based upon the medical necessity and need for the solicitation. The MCO, DBM, or PPA may implement the solicitation only upon receipt of a written waiver approval from TennCare. This waiver is not transferable and may be canceled by TennCare upon written notice.

(c) CoverKids payments for services related to a non-waivered solicitation enticement shall be considered by the Division of TennCare as a non-covered service and recouped. Neither the MCO, DBM, PPA nor the provider may bill the enrollee for non-covered services recouped under this authority.

(d) A provider shall not offer or receive remuneration in any form related to the volume or value of referrals made or received from or to another provider.

(5) Providers may seek payment from a CoverKids enrollee only under the following circumstances. These circumstances include situations where the enrollee may choose to seek a specific covered service from a non-CoverKids provider.

(a) If the services are not covered by the CoverKids program and, prior to providing the services, the provider informed the enrollee that the services were not covered.

(b) If the services are not covered because they are in excess of an enrollee’s benefit limit and one of the following circumstances applies:
1. The provider has information in her own records to support the fact that the enrollee has reached his benefit limit for the particular service being requested and, prior to providing the service, informs the enrollee that the service is not covered and will not be paid for by CoverKids. This information may include:

   (i) A previous written denial of a claim on the basis that the service was in excess of the enrollee’s benefit limit for a service within the same benefit category as the service being requested, if the time period applicable to the benefit limit is still in effect;

   (ii) That the provider had personally provided services to the enrollee in excess of his benefit limit within the same benefit category as the service being requested, if the time period applicable to that benefit period is still in effect; or

   (iii) The enrollee’s MCO, DBM, or PPA has provided confirmation to the provider that the enrollee has reached his benefit limit for the applicable service.

2. The provider submits a claim for service to the MCO, DBM, or PPA and receives a written denial of that claim on the basis that the service exceeds the enrollee’s benefit limit. After informing the enrollee and within the remainder of the period applicable to that benefit limit, the provider may bill the enrollee for services within that same exhausted benefit category without having to submit claims for those subsequent services for repeated MCO, DBM, or PPA denial. If the provider informed the enrollee prior to providing the service for which the claim was denied that the service would exceed the enrollee’s benefit limit and would not be paid for by CoverKids, the provider may bill the enrollee for that service.

3. The provider had previously taken the steps in parts 1. or 2. above and determined that the enrollee had reached his benefit limit for the particular service being requested, if the time period applicable to the benefit limit is still in effect, and informs the enrollee, prior to providing the service, that the service is not covered and will not be paid for by CoverKids.

   (c) If the services are covered only with prior authorization and prior authorization has been requested but denied, or is requested and a specified lesser level of care is approved, and the provider has given prior notice to the enrollee that the services are not covered, the enrollee may elect to receive those services for which prior authorization has been denied or which exceed the authorized level of care and be billed by the provider for such services.

(6) Providers may not seek payment from a CoverKids enrollee under the following conditions:

   (a) The provider knew or should have known about the patient’s CoverKids enrollment prior to providing services.

   (b) The claim submitted to the MCO, DBM, or PPA for payment was denied due to provider billing error or a CoverKids claim processing error.

   (c) The provider accepted CoverKids assignment on a claim and it is determined that another payer paid an amount equal to or greater than the CoverKids allowable amount.

   (d) The provider failed to comply with CoverKids policies and procedures or provided a service which lacks medical necessity or justification.
(Rule 1200-13-21-.10, continued)

(e) The provider failed to submit or resubmit claims for payment within the time periods required by the MCO, DBM, PPA, or CoverKids.

(f) The provider failed to inform the enrollee prior to providing a service not covered by CoverKids that the service was not covered and the enrollee may be responsible for the cost of the service. Services which are non-covered by virtue of exceeding limitations are exempt from this requirement if the provider has complied with paragraph (3) above.

(g) The enrollee failed to keep a scheduled appointment(s).

(7) Providers may seek payment from a person whose CoverKids eligibility is pending at the time services are provided if the provider informs the person that CoverKids assignment will not be accepted whether or not eligibility is established retroactively.

(8) Providers may seek payment from a person whose CoverKids eligibility is pending at the time services are provided. Providers may bill such persons at the provider’s usual and customary rate for the services rendered. However, all monies collected for CoverKids-covered services rendered during a period of CoverKids eligibility must be refunded when a claim is submitted to CoverKids if the provider agreed to accept CoverKids assignment once retroactive CoverKids eligibility was established.

(9) Providers of inpatient hospital services, outpatient hospital services, skilled nursing facility services, independent laboratory and x-ray services, hospice services, and home health agencies must be approved for Title XVIII Medicare in order to be certified as providers under the CoverKids program; in the case of hospitals, the hospital must meet state licensure requirements and be approved by the Division of TennCare as an acute care hospital as of the date of enrollment in CoverKids. Children’s hospitals and State mental hospitals may participate in CoverKids without having been Medicare approved; however, the hospital must be approved by the Joint Commission for Accreditation of Health Care Organizations as a condition of participation.

(10) Pharmacy providers may not waive pharmacy copayments for CoverKids enrollees as a means of attracting business to their establishments. This does not prohibit a pharmacy from exercising professional judgment in cases where an enrollee may have a temporary or acute need for a prescribed drug, but is unable, at that moment, to pay the required copayment.

(11) All claims must be filed with an MCO, DBM, or PPA and must be submitted in accordance with the requirements and timeframes set forth in the MCO, DBM, or PPA’s contract.
