The Appropriations Act, Public Chapter 453, effective July 1, 2013, requires the Bureau of TennCare to reduce expenditures for generic prescription drugs. The reduction will be accomplished by implementing a copay of \$1.50 per generic prescription. This change to the TennCare Program required an amendment to the TennCare II section 1115 Medicaid demonstration waiver, which was approved July 16, 2013, by the Centers for Medicare and Medicaid Services (CMS) with an effective date of October 1, 2013.

The TennCare population affected by this change is currently subject to \$3.00 copays for brand name prescription drugs and consists of Medicaid adults who do not qualify for federal exemption from copays, Standard enrollees under age 21 with incomes at or above 100% of the poverty level or age 21 and older in the Spend Down program, and CHOICES 3 enrollees.

T.C.A. § 4-5-208 permits an agency to adopt an emergency rule when it is required by enactment of the general assembly to implement rules within a prescribed period of time that precludes utilization of rulemaking procedures for promulgation of permanent rules. It further permits adoption of an emergency rule when it is required by an agency of the federal government and adoption of the rule through ordinary rulemaking procedures might jeopardize the loss of federal funds.

Based upon the above information, I have made the finding that the emergency adoption of this rule is required in order to achieve implementation by October 1, 2013.

For a copy of this emergency rule contact: George Woods at the Bureau of TennCare by mail at 310 Great Circle Road, Nashville, Tennessee 37243 or by telephone at (615) 507-6446.
